TIMECODE DIALOGUE

START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

RECAP

01:00:00:20 TEYLA (V/O): Previously on *Stargate: Atlantis*...

01:00:02:15 MCKAY (V/O): Probably the Ancients' last line of defense before Atlantis.

01:00:04:28 SHEPPARD: Knocked out during the Ancients' last stand?

01:00:06:17 MCKAY: Or its power source is depleted. 10,000 years is a long time.

01:00:09:07 ZELENKA: There's an unidentified craft...

01:00:10:23 ZELENKA (CONT'D O/S): about the size of a Wraith dart...

01:00:12:15 ZELENKA (CONT'D V/O): heading for the city.

01:00:13:15 WEIR (V/O): What's it doing?

01:00:14:05 ZELENKA: It's scanning us.

01:00:15:02 FORD (O/S): What are those?

01:00:16:00 ZELENKA (O/S): Wraith hive ships.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:00:16:27 ZELENKA (CONT'D): Three of them.

01:00:17:15 WEIR (O/S): If they maintain...

01:00:18:01 WEIR (CONT'D): direction and speed, they'll be over...

01:00:19:16 WEIR (CONT'D O/S): our planet within two weeks.

01:00:22:22 WEIR (V/O): The Wraith were conducting experiments...

01:00:25:08 WEIR (CONT'D): on your ancestors.

01:00:26:21 BECKETT: You have some Wraith DNA.

01:00:27:10 SHEPPARD (V/O): She can actually...

01:00:27:26 SHEPPARD (CONT'D): see what's happening?

01:00:30:01 TEYLA: I am on a ship.

01:00:31:10 TEYLA (CONT'D V/O): I am in some sort of control room.

01:00:33:08 TEYLA: You are all so pathetic.

01:00:35:03 SHEPPARD: Something tells me that's not Teyla talking.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:00:37:18 FORD: Chances are it was Teyla who gave away the location of our Alpha site to
 the Wraith.

01:00:41:01 TEYLA: They know that Atlantis is the only way to get to a new, rich feeding...

01:00:44:07 TEYLA (CONT'D O/S): ground--Earth.

END OF RECAP

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118**TEASER**

01:00:58:04 MCKAY: Not only has Teyla been able to ascertain that the Wraith are more interested in Earth than Atlantis-- which is, you know, terrifying-- she realized that the hive ships will go right past the only surviving Lagrangian point satellite.

01:01:12:01 ZELENKA: The last of what we assume were dozens of defense satellites...

01:01:15:13 ZELENKA (CONT'D O/S): destroyed during the Ancients' last stand with the Wraith.

01:01:18:09 MCKAY: Yes, yes, yes. The point is, we think we can use it to our advantage.

01:01:21:13 SHEPPARD: I thought you said it was dead.

01:01:22:21 MCKAY (O/S): It is, but we think we've learned enough...

01:01:23:25 MCKAY (CONT'D): about how it works to bring it back.

01:01:25:17 ZELENKA: If we are right about what is wrong with it.

01:01:28:13 MCKAY: Yes, of course, if we're right about what's wrong with it, but if we're right, and it's just out of power, the Wraith have simply been ignoring it.

01:01:36:08 ZELENKA (O/S): Our preliminary estimates indicate...

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:01:38:24 ZELENKA (CONT'D): a single Naquadah generator would be enough to bring it
 back online.

01:01:41:24 FORD: Why can't we use our generators to get the weapons systems of Atlantis
 working?

01:01:45:00 ZELENKA: Because those systems were designed to be powered...

01:01:47:20 ZELENKA (CONT'D O/S): by the zero point module, and the satellite isn't.

01:01:50:18 SHEPPARD: And you think it's powerful enough to take out a Wraith hive ship?

01:01:53:09 MCKAY: Well, according to the Ancient database, it should be able to take out all
 three when fully charged.

01:01:56:15 MCKAY (CONT'D O/S): Keep in mind that the Ancient technology is far superior.

01:01:59:04 MCKAY (CONT'D): They only lost the war because they were vastly
 outnumbered.

01:02:01:19 SHEPPARD: Well, we're vastly outnumbered.

01:02:03:15 BATES: And outgunned.

01:02:04:27 ZELENKA (O/S): But they don't see...

01:02:06:16 ZELENKA (CONT'D): the satellite as a threat.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:02:08:12 MCKAY (O/S): In military parlance...

01:02:10:12 MCKAY (CONT'D): surprise... is an element on our side.

01:02:15:04 WEIR: What do you need?

01:02:17:07 MCKAY: The satellite's 15 hours away by puddle jumper. I recommend that we
put together a small crew. Say, myself, Grodin... and a pilot.

01:02:25:15 SHEPPARD: I'll go.

01:02:26:18 WEIR (O/S): No, Miller can handle it.

01:02:27:22 WEIR (CONT'D): Major, I need you to keep searching for alternate Alpha sites,
just in case this fails.

01:02:32:24 MCKAY (O/S): The hive ships will be in range of the satellite...

01:02:35:01 MCKAY (CONT'D): in 49 hours. We're going to need every last second of that
time.

01:02:39:22 WEIR: Questions?

01:02:44:22 WEIR (CONT'D): Okay, let's get on it.

01:02:46:26 WEIR (CONT'D O/S): Well, Rodney...

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:02:50:05 WEIR (CONT'D): I don't mean to put any undue pressure, but at this moment, that satellite is the only thing standing between the Wraith and Atlantis.

01:03:00:08 SHEPPARD: No undue pressure.

END OF TEASER

ACT ONE

01:04:25:18 TEYLA: I am fine.

01:04:27:01 SHEPPARD: I'm looking for something a little more enthusiastic than "fine."

01:04:30:10 TEYLA: I am ready to be put back on active duty.

01:04:32:04 SHEPPARD: I'm sure you think so, but, uh--

01:04:34:06 TEYLA: Tell him I'm fine.

01:04:35:07 BECKETT: She is, Major. I see no further reason she should be kept here under
 medical supervision.

01:04:42:07 SHEPPARD: All right. You're back on active duty.

01:04:53:16 MCKAY: I think I can handle this alone, Radek. Is there not something better you
 could be doing?

01:04:58:27 ZELENKA: I think I should go.

01:04:59:29 MCKAY: Yes, I agree. Go.

01:05:01:11 ZELENKA: I mean on the mission.

01:05:03:00 MCKAY: Why?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:06:13:00 SHEPPARD: They're a real pain in the ass, aren't they?

01:06:14:24 WEIR: Yes, they are.

01:06:16:20 SHEPPARD: How about M4H 212?

01:06:18:20 BATES: Nah, crawling with Genii spies.

01:06:20:27 SHEPPARD: Do you know that for a fact, Sergeant, or is your "Spidey sense" just tingling?

01:06:24:11 BATES: It's a fact, Sir.

01:06:26:27 WEIR: Here we go-- M1M 316. Stackhouse reported lush surroundings, and as far as his team could tell, it seemed uninhabited.

01:06:36:19 SHEPPARD: I'll get my team together and check it out.

01:06:38:13 WEIR (O/S): Okay, good. Remember, Major, we don't need ideal.

01:06:40:13 WEIR (CONT'D): I think we'd all settle for close.

01:06:42:13 SHEPPARD: I'm on it.

01:06:50:15 BATES: Major. Is Teyla coming with you?

01:06:53:22 SHEPPARD: You're not seriously asking me that.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:06:55:17 BATES: I think that's a bad call, Sir.

01:06:57:11 SHEPPARD: Here we go again.

01:06:58:20 BATES: All I'm saying is we still don't fully understand her connection to the Wraith, and in my opinion, I don't think we should expose her to information we wouldn't want the Wraith to have--not the least of which is the location of our evac site.

01:07:08:01 SHEPPARD: The doctor gave her a clean bill of health.

01:07:09:14 BATES: And that's good to hear, Sir, but if she can't control how the Wraith use her--

01:07:12:01 SHEPPARD: You don't know that.

01:07:13:10 BATES: That's right, we don't. She saw everything they saw. Who's to say they can't do the same with her, see what we see? If she's been compromised in any--

01:07:20:15 SHEPPARD: She's an integral part of my team. Period.

01:07:22:25 SHEPPARD (CONT'D O/S): End of story.

01:07:24:25 SHEPPARD (CONT'D): We're done.

01:07:30:22 ZELENKA (V/O): This simulation I've put together. It shows

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:07:34:09 ZELENKA (CONT'D): how the city will be destroyed once we trigger the self-destruct.

01:07:53:07 WEIR (O/S): So glad you felt I needed to see this.

01:07:56:15 WEIR (CONT'D): I was just thinking how my nightmares need to be more vivid.

01:08:03:03 ZELENKA: It's not going to be enough.

01:08:05:00 WEIR: What?

01:08:06:02 ZELENKA: Our self-destruct plan. It's nowhere near effective enough.

01:08:11:23 WEIR: Now, that seemed pretty effective to me.

01:08:14:05 ZELENKA: Atlantis is more than just a city. It is an intergalactic spacecraft.

01:08:18:05 WEIR: Yes?

01:08:18:25 ZELENKA: Yes, well, Teyla said the Wraith are not interested in destroying Atlantis. They're coming here to get to Earth. They can only do that by going through the stargate--

01:08:26:29 WEIR (O/S): Which means...

01:08:27:19 WEIR (CONT'D): stealing the city, which is why we have a self-destruct in place.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:08:30:17 ZELENKA (O/S): Yes, but...

01:08:31:17 ZELENKA (CONT'D): if they are even the least bit resourceful, which I must
 assume that they are, they can easily reverse engineer...

01:08:38:24 ZELENKA (CONT'D O/S): their own intergalactic engine from the wreckage on the
 sea bottom.

01:08:41:27 WEIR: So we need a bigger bang? Break into smaller pieces?

01:08:45:12 ZELENKA: Yes, well, that would certainly help, but I'm more concerned about the
 Ancient database.

01:08:50:11 ZELENKA (CONT'D O/S): Its ability to back up data...

01:08:52:29 ZELENKA (CONT'D): is incredibly redundant.

01:08:54:29 WEIR: Incredibly redundant.

01:08:56:07 ZELENKA: Yeah, that one never gets old, but, seriously, if the Wraith recover
 even the smallest part of the Ancient database...

01:09:04:10 ZELENKA (CONT'D): That is my concern exactly.

01:09:08:15 WEIR: All right, how hard would it be to destroy all the database terminals?

01:09:12:24 ZELENKA (O/S): Impossibly hard.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:09:16:10 ZELENKA (CONT'D): We need to figure out a way to delete the Ancient database.

01:09:20:15 WEIR: Well, can you do that?

01:09:21:18 ZELENKA: I can find out.

01:09:24:01 WEIR: Okay, find out, but before you wipe anything out, we're going to have to
 consider—

01:09:27:20 BATES (V/O OVER RADIO): Dr. Weir.

01:09:29:09 WEIR (INTO RADIO): Yes?

01:09:30:18 BATES (V/O OVER RADIO): We have an unscheduled off-world activation. Major
 Sheppard is coming in hot.

01:09:36:11 (ALARM SOUNDING)

01:09:39:12 WEIR: What's going on?

01:09:40:12 BATES: They ran into some sort of resistance. I'm thinking Wraith.

01:09:43:03 WEIR: Wraith? I thought you said this planet was uninhabited.

01:09:45:07 BATES: It was.

01:09:50:11 (GUNFIRE)

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118**ACT TWO**

01:10:41:00 MILLER (V/O): Dr. Weir, this is Miller. We're approaching the satellite.

01:10:45:09 WEIR (INTO RADIO): You're on the other side of the solar system, Lieutenant.

01:10:47:11 WEIR (CONT'D V/O OVER RADIO): You guys be careful out there.

01:10:49:10 MCKAY (INTO RADIO): Understood.

01:10:57:14 MCKAY (CONT'D): Okay. Close the bulkhead doors.

01:11:00:20 MILLER: Good luck.

01:11:01:21 MCKAY: Right.

01:11:02:24 GRODIN (O/S): Good luck.

01:11:18:23 TEYLA: Sergeant Bates.

01:11:22:18 BATES: What is it?

01:11:23:18 TEYLA: You just accused me of disclosing our position...

01:11:25:03 TEYLA (CONT'D O/S): to the Wraith.

01:11:26:05 BATES: Yes, I did.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:11:55:12 SHEPPARD: Yeah, and what reason would that be?

01:11:56:22 BATES: My guess would be the Wraith.

01:11:58:03 SHEPPARD: Walk away, Bates.

01:11:59:10 BATES: Sir--

01:12:00:03 SHEPPARD: Walk away!

01:12:03:17 BATES: This isn't over.

01:12:04:15 TEYLA (O/S): I would be disappointed...

01:12:05:22 TEYLA (CONT'D): if it were.

01:12:07:12 SHEPPARD: What the hell are you doing? You don't go around decking the head
of security.

01:12:11:10 TEYLA: He said I--

01:12:12:10 SHEPPARD: I don't care what he said. He says a lot of things. You just stay away
from him.

01:13:01:21 GRODIN (V/O OVER RADIO): You okay?

01:13:03:02 MCKAY (INTO RADIO): Yes, why?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:13:05:06 GRODIN (INTO RADIO): You're breathing pretty heavily.

01:13:07:03 MCKAY (V/O OVER RADIO): Yeah, well, just a little claustrophobic.

01:13:10:02 MCKAY (CONT'D INTO RADIO): How much air do these things hold, anyways?

01:13:13:00 MILLER (INTO RADIO): Eight hours.

01:13:14:08 MCKAY (V/O OVER RADIO): Well, that's enough, right? I mean...

01:13:16:05 MCKAY (CONT'D INTO RADIO): even with the heavy breathing?

01:13:18:14 MCKAY (CONT'D V/O OVER RADIO): I imagine they would calculate that in,
right?

01:13:20:24 GRODIN (INTO RADIO): You're going to be fine.

01:13:22:05 MCKAY (INTO RADIO): Yeah, that's easy for you to say. You're not the one with
the eight-hour ceiling on your breathing.

01:14:07:28 MCKAY (CONT'D INTO RADIO): It's completely dead.

01:14:10:19 GRODIN (INTO RADIO): Well, we thought as much.

01:14:12:03 MCKAY (V/O OVER RADIO): I'm going to hook up the Naquadah generator...

01:14:14:22 MCKAY (CONT'D INTO RADIO): see if I can get some life support going.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:14:42:06 WEIR: Halling, hello.

01:14:43:28 HALLING: May we speak?

01:14:45:17 WEIR: Please, have a seat.

01:14:50:07 WEIR (CONT'D): How is the evacuation on the mainland coming?

01:14:52:28 HALLING: We'll be ready.

01:14:54:06 WEIR: Good.

01:14:57:03 HALLING: Dr. Weir, the word is there is a plan in place to destroy Atlantis.

01:15:06:25 WEIR: There are concerns...

01:15:08:21 WEIR (CONT'D O/S): the Wraith would be able to make it to Earth if the city is left intact.

01:15:12:29 WEIR (CONT'D): But I assure you that plan will only be executed in a worst-case scenario.

01:15:17:25 HALLING: Such as... three hive ships...

01:15:21:00 HALLING (CONT'D O/S): flying towards Atlantis?

01:15:22:12 WEIR: We do believe we'll be able to destroy them before they arrive.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:15:25:20 HALLING: I understand you fearing for the well being of your people... but it is not reason to destroy the city of the Ancestors.

01:15:34:15 HALLING (CONT'D O/S): Atlantis is a sacred place. To even consider...

01:15:38:00 HALLING (CONT'D): destroying it merely for self-preservation--

01:15:40:16 WEIR: Merely for self-preservation?

01:15:42:12 HALLING (O/S): This place is all that remains...

01:15:44:06 HALLING (CONT'D): of the greatest race ever to inhabit the stars.

01:15:47:04 WEIR: And you would prefer it fell into the hands of the Wraith?

01:15:49:19 HALLING (O/S): I would have...

01:15:50:09 HALLING (CONT'D): faith that the Ancestors would not allow it to happen.

01:15:53:02 HALLING (CONT'D O/S): They have been able to preserve Atlantis for 10,000 years.

01:15:58:13 HALLING (CONT'D): Is it not possible--

01:16:00:06 WEIR: No, I don't think it is possible.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:16:02:06 WEIR (CONT'D O/S): Not if you're suggesting the Ancients will return in time to save their city.

01:16:06:18 HALLING: You cannot know their plans for Atlantis.

01:16:08:22 WEIR: They have made all the plans they are going to make. Now it's up to us.

01:16:16:06 WEIR (CONT'D O/S): I thank you for your thoughts, Halling, but I have to do everything I can to make sure the power and technology of Atlantis...

01:16:24:10 WEIR (CONT'D): does not fall into the hands of the Wraith, and, yes, to ensure they never make it to my galaxy.

01:16:30:23 HALLING: Even if it means sacrificing the future of this one?

01:16:46:05 ZELENKA: You know, the idea is simple enough. It's the execution that is proving to be very difficult.

01:16:51:27 WEIR: You're creating a virus?

01:16:52:27 ZELENKA: Essentially, yes, a plain old computer virus. Once introduced into the system, it will wipe the database clean. It could be downloaded as part of the self-destruct countdown. It might even affect the Wraith's systems if they try to access it.

01:17:08:29 WEIR: How much of it could we save?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:17:11:20 ZELENKA: I'm sorry?

01:17:12:19 WEIR: Of the database. We brought a lot of hard drives with us. How much could
 we transfer to our computers?

01:17:17:25 ZELENKA: You mean, like, back it up? Take a copy with us?

01:17:21:02 WEIR: Yes, exactly.

01:17:24:24 ZELENKA: Using McKay's compression code, I'd say maybe 7%, maybe 8%.

01:17:29:23 WEIR: That's it?

01:17:31:29 ZELENKA: Yes.

01:17:42:29 MCKAY: Here we go.

01:17:53:13 GRODIN: Primary power online.

01:18:04:12 GRODIN (CONT'D): Looks like life-support's now at 100%. I think I found the
 switch to initialize the gravity.

01:18:10:27 MCKAY: Great, just give me a second to-- oh!

01:18:16:22 MCKAY (CONT'D): Oh, yeah. Yep. That's permanent back damage.

01:18:22:07 GRODIN: Sorry, I... assumed it would come on more slowly.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:18:25:12 MCKAY: Well, you assumed with my life.

01:18:28:09 GRODIN: You'll be fine. It was just a little bump.

01:18:30:29 MCKAY: What do you got?

01:18:36:11 GRODIN (O/S): Looks like every system is back online...

01:18:38:06 GRODIN (CONT'D): except for the weapon.

01:18:40:06 MCKAY: Ah, details. Let's get to work. Oh, thank you. Thank you. Oh, yep. That's
vertebra damage. That's a life of pain. Oh.

01:19:01:29 SHEPPARD (V/O): What about M1K 439?

01:19:05:06 FORD: Which one's that?

01:19:06:13 SHEPPARD: The one with all the waterfalls.

01:19:09:06 FORD: Waterfalls. See, now, why don't we just call it "Planet Waterfall?" What? I
say we should just give them names. Look, we've got a list of five planets
here. That should be enough potential Alpha sites to get Stackhouse and
his team started.

01:19:25:15 AIRMAN (V/O OVER RADIO): Major Sheppard, we have a situation at generator
station one.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:19:33:19 SHEPPARD: What's the problem?

01:19:33:22 S.O.: It's Bates, sir.

01:19:34:22 SHEPPARD: What about him?

01:19:35:22 S.O.: He's been attacked.

01:19:38:16 SHEPPARD (O/S): Get a medical team down here.

END OF ACT TWO

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118**ACT THREE**

01:20:08:03 SHEPPARD: Is he going to be okay?

01:20:09:24 BECKETT: It's still hard to tell. He's got five broken ribs, a fractured collarbone,
and the concussion was quite severe.

01:20:15:29 SHEPPARD: When can we talk to him?

01:20:17:05 BECKETT: We can't. I've put him in a medically induced coma until the subdural
hematoma can be dealt with. We won't be finding out what happened
from him any time soon.

01:20:25:03 FORD: Teyla and Bates got into it pretty bad yesterday, sir.

01:20:28:02 SHEPPARD: A fistfight and a beating like this...

01:20:29:14 SHEPPARD (CONT'D O/S): are a long drive apart, Ford.

01:20:31:00 FORD (O/S): I understand that, Sir, but...

01:20:32:01 FORD (CONT'D): they were in a fight, and they were both looking to continue it.

01:20:34:11 SHEPPARD: Anything pointing to who did this?

01:20:36:29 BECKETT: I'm having a forensic exam of both his body and clothing performed
right now.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:20:41:04 SHEPPARD: Let us know what you find out. Let's go get her side of the story.

01:20:56:08 GRODIN: Well, it's not a power generation problem. The Naquadah's pumping out more than enough juice.

01:21:02:29 MCKAY: Well, then why isn't it-- Okay. All right. Let's just step back here.

01:21:09:14 MCKAY (CONT'D O/S): Think about it.

01:21:11:14 MCKAY (CONT'D): This baby is a directed energy beam weapon. Runs off a relatively low-yield charge, like our Naquadah generator.

01:21:18:09 MCKAY (CONT'D O/S): So that means it's got to be continually building up a charge...

01:21:20:20 MCKAY (CONT'D): in some kind of a buffer or a capacitor until it's discharged.

01:21:24:11 GRODIN: I think I found something like that.

01:21:31:04 GRODIN (CONT'D): Yes, here it is. Right now, the buffer's at 90%.

01:21:34:28 MCKAY: Okay, so power is getting to the buffer, it's just not getting to the actual weapon.

01:21:38:19 GRODIN: Let me see if I can find a diagnostics program. There must be one here.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:21:43:26 MCKAY: Okay, we've got 29 hours till showtime, so let's hope we don't have to order parts, huh?

01:21:51:13 TEYLA: You do not think I had anything to do with it?

01:21:53:18 SHEPPARD: Of course not.

01:21:54:25 FORD: You and Bates did get into it pretty good yesterday.

01:21:56:25 TEYLA: You know me, Aiden. I would never have taken it that far.

01:21:59:20 FORD: I know, so let's just see if we can't rule it out altogether.

01:22:08:04 FORD (CONT'D): Where were you last night?

01:22:09:13 TEYLA: I was here, in my room.

01:22:11:20 FORD: The whole night?

01:22:12:23 TEYLA: Yes.

01:22:13:18 SHEPPARD (O/S): So there's no way of knowing...

01:22:14:18 SHEPPARD (CONT'D): whether you blacked out or not.

01:22:16:05 TEYLA: I have no way of proving it, no, but I did not leave this room last night. I'm sure of it.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:22:26:05 TEYLA (CONT'D): I did not leave this room.

01:22:30:04 ZELENKA: You asked to see me?

01:22:32:05 WEIR: Stackhouse has found a suitable Alpha site, so should the need arise, we'll
 be able to evacuate.

01:22:36:16 ZELENKA: Oh, that's good.

01:22:37:16 WEIR: That's not why I wanted to see you. You have to get me more than 7% or
 8% of the database. There has got to be a way of taking more with us.

01:22:45:07 ZELENKA: Maybe 9%.

01:22:46:28 WEIR: How do I choose between zero point module research and their work on
 ascension? Between weapons schematics and their notes on space
 travel? No matter what we choose here, invaluable information is going
 to be lost, and that is just the information that we've deciphered. Now, we
 all know we have barely even begun...

01:23:04:19 WEIR (CONT'D O/S): to scratch the surface. What if we destroy the cure...

01:23:08:02 WEIR (CONT'D): for all disease? Or even some piece of information that could
 lead to the downfall...

01:23:12:19 WEIR (CONT'D O/S): of the Wraith?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:23:13:19 ZELENKA: I don't know what I can tell you. I will try to improve on McKay's...

01:23:16:02 ZELENKA (CONT'D O/S): compression ratios, but... We are at war, Elizabeth.

01:23:20:03 ZELENKA (CONT'D): In war, there are casualties.

01:23:30:18 MCKAY: Ha. Schematics, anyone?

01:23:35:17 GRODIN: Looks like power runs internally from the buffer to the weapon.

01:23:39:08 MCKAY: I guess our guy took a hit. Must have disrupted the main power conduit.

01:23:42:07 GRODIN (O/S): We need to reroute the power from our buffer...

01:23:44:04 GRODIN (CONT'D): to the actual weapon. If we can do that, it will arm.

01:23:47:04 MCKAY: You know, your masterful grip on the blatantly obvious continues to
 impress me, Peter.

01:23:52:15 GRODIN: Thank you.

01:23:53:25 MCKAY: All right. We need to...

01:23:57:21 MCKAY (CONT'D O/S): route power around these damaged circuits. We do that,
 we should be laughing.

01:24:03:14 MCKAY (CONT'D): All right, I'm disoriented. Where are these?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:24:08:23 GRODIN: They're outside.

01:24:10:07 MCKAY: What?

01:24:13:15 GRODIN: Look.

01:24:17:17 GRODIN (CONT'D O/S): See?

01:24:19:07 MCKAY: Oh, great.

01:24:21:09 GRODIN: Someone will need to EVA.

01:24:22:29 MCKAY: There's nothing to hang on to.

01:24:24:29 GRODIN: I'm not saying it would be easy or safe.

01:24:27:07 MCKAY: Okay. So who goes?

01:24:30:25 GRODIN: Well, we could draw straws.

01:24:32:13 MCKAY: Oh, brilliant. Okay, Miller, break out the straws.

01:24:34:25 GRODIN: It doesn't have to be straws.

01:24:36:24 MILLER: Hey, we could do rock, paper, scissors.

01:24:40:06 MCKAY: Okay. On three. One, two, three.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:24:48:27 MCKAY (CONT'D): Okay. Obviously rock, paper, scissors, doesn't work with three. Anyone have a pencil?

01:24:53:04 MILLER: Yeah, I think I've got one.

01:24:56:07 MCKAY: Well, get on with it.

01:25:01:19 MILLER: Okay... short piece goes.

01:25:06:04 MCKAY: You go first.

01:25:12:28 MCKAY (CONT'D): Mm. Well done. Good for you.

01:25:19:15 MCKAY (CONT'D): Miller?

01:25:22:24 MCKAY (CONT'D): Yeah.

01:25:24:17 MILLER: You're the best qualified to fix it anyway, Sir.

01:25:26:16 MCKAY: Mm, flatter the dead man. Good.

01:25:35:06 SHEPPARD: I know there's no love lost between her and Bates, but I can't see her beating the hell out of the guy.

01:25:41:14 WEIR: Ford?

01:25:43:03 FORD: Ma'am?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:25:45:11 WEIR: What do you think?

01:25:49:00 FORD: I worry about what she might have done unknowingly.

01:25:52:27 FORD (CONT'D O/S): The whole Wraith-connection thing...

01:25:54:27 FORD (CONT'D): and her nightmares make me nervous.

01:25:56:15 SHEPPARD: Yeah, well, what are we going to do about it? Stick her in the brig?
This is Teyla we're talking about.

01:26:00:16 BECKETT: We have a situation on our hands.

01:26:03:05 WEIR: What's going on?

01:26:03:29 BECKETT (O/S): I completed the tests.

01:26:04:29 BECKETT (CONT'D): I found DNA on Sergeant Bates' uniform.

01:26:07:05 SHEPPARD: And it's not Teyla's?

01:26:08:09 BECKETT: No, Major.

01:26:09:10 WEIR: Who is it?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:26:10:16

BECKETT: I ran the test twice to be certain. It's conclusive. We have a Wraith in
the city.

END OF ACT THREE

ACT FOUR

01:26:44:28 SHEPPARD: Someone tell me how this is possible. How can a Wraith get inside the city?

01:26:48:13 FORD: They didn't gate in.

01:26:50:08 ZELENKA: The dart.

01:26:51:14 SHEPPARD: What?

01:26:52:17 ZELENKA: The Wraith dart that scanned us.

01:26:54:16 ZELENKA (CONT'D V/O): It made its way through the city, scanning for data. The second it was done, it self-destructed.

01:27:04:18 SHEPPARD: So they beamed into the city?

01:27:06:20 FORD (O/S): Can they do that?

01:27:07:07 TEYLA (O/S): The same technology...

01:27:08:07 TEYLA (CONT'D): that is used to sweep people up and into their ships must work in the opposite way.

01:27:11:25 WEIR: So the pilot of the Wraith dart scanned us, transmitted his information to the hive ships, beamed down here, and destroyed his ship?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:29:10:04 MCKAY (V/O OVER RADIO): Okay. Thank you.

01:29:12:16 MCKAY (CONT'D INTO RADIO): One small step, huh?

01:29:30:14 MCKAY (CONT'D INTO RADIO): One giant leap!

01:29:35:07 GRODIN (INTO RADIO): Sorry?

01:29:36:07 MCKAY (V/O OVER RADIO): I made it.

01:29:37:19 GRODIN (INTO RADIO): Good.

01:29:40:09 MCKAY (INTO RADIO): Let's take a look at this first panel.

01:29:46:16 ZELENKA: This is a biometrics sensor we've had online for the past month or so.
It detects irregularities in biometric rhythm and reports them.

01:29:53:29 SHEPPARD: Wouldn't it have picked up on the Wraith?

01:29:55:11 ZELENKA: Well, it requires significant amounts of power, so we narrowed its field
of focus to scan solely in the gate room, figuring that was the only place
that the Wraith...

01:30:05:15 ZELENKA (CONT'D O/S): or any other alien, for that matter, would likely enter...

01:30:07:22 ZELENKA (CONT'D): the city from.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:30:08:22 SHEPPARD: Okay, so that was wrong.

01:30:10:06 ZELENKA: Yup. Now, if I could only expand...

01:30:12:14 ZELENKA (CONT'D O/S): the scanning field to--

01:30:15:01 ZELENKA (CONT'D): My God.

01:30:16:25 SHEPPARD: What?

01:30:18:00 ZELENKA: That's him. Look.

01:30:21:03 BECKETT (O/S): It works very much like a life signs detector...

01:30:24:06 BECKETT (CONT'D): but it's able to distinguish different life forms.

01:30:27:01 SHEPPARD: That's him?

01:30:28:01 ZELENKA: That's him.

01:30:28:22 SHEPPARD (O/S): You can track him in real time?

01:30:29:22 ZELENKA (O/S): Yes.

01:30:30:12 SHEPPARD: Ford, Teyla, we need two teams. Let's go get him.

01:30:35:02 FORD: Yes, sir.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:30:40:07 MCKAY (INTO RADIO): This is bad. Very bad. I'm not sure I can fix this.

01:30:45:07 GRODIN (INTO RADIO): You can fix anything.

01:30:47:04 MCKAY (V/O OVER RADIO): Who told you that?

01:30:48:06 GRODIN (INTO RADIO): You did, on several occasions.

01:30:50:11 MCKAY (INTO RADIO): Well, you're right. It's probably a good thing I drew the
short straw.

01:30:53:24 GRODIN (V/O OVER RADIO): That's more like it.

01:31:06:23 MCKAY (INTO RADIO): The main power conduit's been severed. There may be
some way for me to reroute it so it's going through secondary conduits...

01:31:14:24 MCKAY (CONT'D V/O OVER RADIO): sort of like... a quadruple bypass.

01:31:17:19 GRODIN (INTO RADIO): I should be able to help you identify potential secondary
conduits from here.

01:31:21:21 MCKAY (V/O OVER RADIO): We're only going to have time to try this once.

01:31:23:28 MCKAY (CONT'D INTO RADIO): Let's get started.

01:31:28:13 SHEPPARD (INTO RADIO): Is he still in place, Doc?

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:31:30:12 ZELENKA (INTO RADIO): Yes, he's still in the same room. Hasn't moved since we located him.

01:31:35:28 SHEPPARD (INTO RADIO): Let's hope he's still sleeping. Ford, Teyla, are you in position?

01:31:40:00 TEYLA (V/O OVER RADIO): Almost.

01:31:43:20 SHEPPARD (INTO RADIO): My team's ready.

01:31:48:03 SHEPPARD (CONT'D O/S INTO RADIO): We're going to breach the room...

01:31:50:22 SHEPPARD (CONT'D INTO RADIO): at the same time from different directions. If he tries to get out the other door, take him.

01:31:54:18 FORD (V/O OVER RADIO): Understood, sir. We shouldn't be more than a couple minutes.

01:31:57:19 SHEPPARD (INTO RADIO): All right. Stand by.

01:32:08:25 (WEAPON BLAST)

01:32:26:04 MCKAY (INTO RADIO): Okay, that's all I can do from here.

01:32:28:25 MCKAY (CONT'D V/O OVER RADIO): Is the power getting through?

01:32:31:08 GRODIN (INTO RADIO): Yes, the power is getting through.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:32:33:06 MCKAY (INTO RADIO): Oh, thank God. Okay, I'm going to end this EVA. We're coming in. We're going to pick you up and get the hell out of here.

01:32:40:03 GRODIN (V/O OVER RADIO): Sounds like a plan.

01:32:41:13 MCKAY (INTO RADIO): All right.

01:33:00:01 WRAITH (O/S): Nothing...

01:33:01:01 WRAITH (CONT'D): will keep us from our new feeding ground.

01:33:05:15 (WEAPON BLAST)

01:33:12:21 FORD (O/S): You were on VOX, Sir.

01:33:15:02 FORD (CONT'D): We heard the whole thing and double-timed it.

01:33:17:20 TEYLA: We got him, Major.

01:33:20:08 TEYLA (CONT'D): You're going to be okay.

END OF ACT FOUR

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118**ACT FIVE**

01:33:46:21 MCKAY: Peter, we're having trouble docking with the satellite. See what you can do from your side.

01:33:53:01 (ALARM SOUNDING)

01:33:54:16 GRODIN: Oh, dear.

01:33:56:24 MCKAY (V/O OVER RADIO): "Oh, dear," what?

01:33:57:13 GRODIN (INTO RADIO): When we rerouted power from the buffer to the weapon, it looks like we inadvertently routed power away from the docking station and the air lock. That's going to be a problem.

01:34:08:13 MCKAY (INTO RADIO): All right, well, we'll do it manually, like we did the first time.

01:34:11:12 GRODIN (INTO RADIO): You had a space suit the first time. I don't. The air lock isn't pressurized.

01:34:16:28 MCKAY (INTO RADIO): Then we'll... Look, I'll go back and reroute the power.

01:34:22:01 GRODIN (INTO RADIO): There isn't time for that. The Wraith ships are too close.

01:34:24:28 MCKAY (INTO RADIO): I know what I'm doing now.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:34:26:09 GRODIN (INTO RADIO): Rodney... leave me.

01:34:29:27 MCKAY (INTO RADIO): No, we're not doing that.

01:34:31:22 GRODIN (V/O OVER RADIO): Look, get to a safe distance...

01:34:33:17 GRODIN (CONT'D INTO RADIO): and then come get me once the satellite has
taken care of the Wraith ships.

01:34:36:19 MCKAY (INTO RADIO): Peter--

01:34:37:19 GRODIN (V/O OVER RADIO): It's the only option and you know it.

01:34:39:29 GRODIN (CONT'D INTO RADIO): Besides, this way, I can power down the
satellite until they're well within range. Then there'll be no way for the
Wraith to realize we've brought it back online.

01:34:50:24 MCKAY (INTO RADIO): All right, we'll cloak and come back for you after it's done.

01:34:56:01 GRODIN (INTO RADIO): After it's done, then.

01:35:23:03 FORD: Good to see you on your feet, Sir. How are you feeling?

01:35:26:26 SHEPPARD: You know, pins and needles. I hate getting stunned by those damn
things. Has he said anything yet?

01:35:32:05 FORD: No, Sir. Not yet.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:35:39:23 SHEPPARD: Have you got a name?

01:35:45:05 SHEPPARD (CONT'D): Okay, we'll go with Bob. Bob, I'm going to need to know what you've been doing here for the past two weeks, and I'm going to need to know now.

01:36:15:09 MCKAY (INTO RADIO): If you're not already powered up, now would be a good time.

01:36:23:02 GRODIN (INTO RADIO): Powering up.

01:36:33:00 GRODIN (CONT'D INTO RADIO): We should be weapons-hot in 60 seconds.

01:36:39:02 MCKAY (INTO RADIO): Dr. Weir, it's McKay. The satellite is armed and ready. It should fire within the next minute or so. Keep your fingers crossed.

01:36:46:17 WEIR (INTO RADIO): Fingers crossed. Good luck.

01:37:01:06 FORD: I don't think he's in a very talkative mood, Sir.

01:37:04:08 SHEPPARD: Yeah, I need to know what he's been doing and whether or not he's been transmitting back to the hive ships.

01:37:08:03 FORD: Wouldn't we have picked up a transmission?

01:37:10:05 SHEPPARD: We can send secure messages. There's no reason he can't.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:37:13:19 TEYLA: Maybe I can try and connect with him.

01:37:17:16 SHEPPARD: I don't think so.

01:37:21:19 TEYLA: If the Alpha site has been compromised, Major, we need to know.

01:37:34:13 SHEPPARD: Okay. See what you can do.

01:37:58:28 GRODIN (INTO RADIO): Switching over from manual to automatic firing mode.
 Stand by.

01:38:07:16 MCKAY (INTO RADIO): Standing by.

01:38:28:18 MCKAY (INTO RADIO): Yes! We have a kill!

01:38:31:20 ATLANTIS TEAM (IN UNISON): Yeah!

01:38:33:06 WEIR (INTO RADIO): We copy that, Rodney!

02:38:36:23 MCKAY (V/O OVER RADIO): One down, two to go!

01:38:44:29 WRAITH: What are you doing, human?

01:38:53:10 WRAITH (CONT'D): You're trying to get inside my mind.

01:39:01:25 WRAITH (CONT'D): Allow me.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:39:08:07 SHEPPARD: Teyla, stop it! Break it off!

01:39:11:15 (GUNSHOTS)

01:39:16:08 FORD: Are you okay?

01:39:19:15 WRAITH: My wounds will heal.

01:39:22:07 SHEPPARD: Yeah, but for how long?

01:39:23:25 (GUNSHOTS)

01:39:27:02 SHEPPARD (O/S): I need to know what you've done...

01:39:28:24 SHEPPARD (CONT'D): to this city.

01:39:30:05 (GUNSHOTS)

01:39:30:15 WRAITH: Aah!

01:39:35:02 SHEPPARD: Listen, Bob...

01:39:37:02 SHEPPARD (CONT'D): I have no problem with killing you whatsoever.

01:39:48:23 MCKAY: Come on, come on. Hit them again.

01:39:50:20 GRODIN (INTO RADIO): We have a problem.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:39:53:10 MCKAY (V/O OVER RADIO): What? What problem?

01:39:55:18 GRODIN (INTO RADIO): It looks like the circuit we rerouted has overloaded. The
weapon can't fire again. I'm trying to find another pathway.

01:40:05:02 MCKAY (INTO RADIO): We're heading back in to pick you up.

01:40:06:12 GRODIN (INTO RADIO): Stay exactly where you are.

01:40:08:02 MCKAY (INTO RADIO): Look, we're cloaked. They won't see us.

01:40:09:22 GRODIN (INTO RADIO): There's no time. Just get the hell out of here!

01:40:17:03 GRODIN (CONT'D INTO RADIO): I'm sorry.

01:40:18:22 MCKAY: Get us back to that satellite.

01:40:22:08 (DART WEAPONS FIRING)

01:40:31:12 MCKAY: Oh, God.

01:40:35:14 SHEPPARD (O/S): I'm not screwing around, Bob!

01:40:37:25 SHEPPARD (CONT'D): Did you sabotage this base or not?

01:40:40:20 (GUNSHOTS)

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118

01:40:44:23 WRAITH (O/S): Those...

01:40:45:23 WRAITH (CONT'D): who feed upon you will know what you've done to me.

01:40:53:29 SHEPPARD: Yeah. We'll see.

01:40:55:22 FORD (O/S): Sir...

01:40:56:24 FORD (CONT'D): I think maybe we've gone a bit too far.

01:40:58:22 SHEPPARD: I don't think we've gone far enough.

01:41:01:02 MCKAY (INTO RADIO): Atlantis, this is McKay. We have lost the satellite.

01:41:09:25 WEIR (INTO RADIO): Did you manage to take out any more ships?

01:41:11:20 MCKAY (V/O OVER RADIO): Negative. Two other hive ships are intact.

01:41:15:05 MCKAY (CONT'D INTO RADIO): Elizabeth... Peter Grodin was aboard the
satellite.

01:41:24:02 WEIR (INTO RADIO): Understood. What's the status of the other two?

01:41:27:20 MCKAY (V/O OVER RADIO): They're not coming any closer. It looks like they're
rethinking their plans.

01:41:31:00 MCKAY (CONT'D INTO RADIO): At the very least... he has bought us some time.

STARGATE ATLANTIS -- "SIEGE" PART ONE -- Episode #118
