STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:00:24:00 WEIR: Which means stealing the city, which is why we have a self-destruct in place.

01:00:26:18 ZELENKA: Yes.

01:00:27:08 MCKAY (INTO RADIO): We're having trouble docking with the satellite. See what you can do from your side.

01:00:29:27 GRODIN (V/O OVER RADIO): There isn't time for that.

01:00:31:03 GRODIN (INTO RADIO): Look, get to a safe distance, then come get me once the satellite has taken care...

01:00:35:01 GRODIN (CONT'D V/O OVER RADIO): of the Wraith ships.

01:00:38:29 MCKAY (INTO RADIO): We have a kill.

01:00:40:04 (CHEERING)

01:00:41:14 GRODIN (INTO RADIO): There's no time. Just get the hell out of here!

01:00:44:28 MCKAY (V/O OVER RADIO): Atlantis, this is McKay. We have lost...

01:00:47:29 MCKAY (CONT'D INTO RADIO): the satellite.

01:00:49:05 WEIR (INTO RADIO): Did you manage to take out any more ships?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:00:50:13 MCKAY (V/O OVER RADIO): Negative. The two other hive ships are intact.

01:00:53:06 WEIR (V/O OVER RADIO): You can't do any more out there, Rodney. Return to
Atlantis.

END OF RECAP

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119**TEASER**

01:01:05:06 WEIR: Welcome back, Rodney.

01:01:06:02 MCKAY: Where are we?

01:01:07:04 WEIR: Our scanners show the hive ships have started moving again, although
their pace has slowed considerably.

01:01:12:04 SHEPPARD: Obviously, you gave them something to think about.

01:01:14:18 WEIR: If they get here in two hours or two days, it doesn't change the fact that
we're out of options. We can't hope to fight them. So, unless either of you
has any more ideas...

01:01:28:00 FORD: The last group is assembled and ready for evac.

01:01:32:00 WEIR: All right, then. Let's get this done.

01:01:40:08 WEIR (CONT'D): Ready?

01:01:56:00 WEIR (CONT'D): Self-destruct is armed.

01:01:59:13 WEIR (CONT'D): Prepare to load the virus into the Ancient mainframe.

01:02:03:03 WEIR (CONT'D): Rodney, dial the Alpha site.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:02:05:03 MCKAY: Dialing.

01:02:16:15 MCKAY (CONT'D): We've got an incoming wormhole.

01:02:24:15 MCKAY (CONT'D O/S): We're receiving an IDC.

01:02:26:10 SHEPPARD: Who is it?

01:02:27:29 MCKAY: Stargate Command.

01:02:29:23 WEIR: Are you sure?

01:02:31:04 MCKAY: Positive.

01:02:32:10 WEIR: Lower the shields.

01:02:50:03 EVERETT: Dr. Weir?

01:02:51:17 WEIR: Yes.

01:02:53:00 EVERETT: Colonel Everett, United States Marine Corps.

01:02:54:14 WEIR: You should know—

01:02:55:25 EVERETT: General O'Neill sends his compliments on a job well done...

01:02:58:05 EVERETT (CONT'D O/S): under extraordinary circumstances.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:02:59:25 EVERETT (CONT'D): You are relieved.

01:03:02:07 SHEPPARD: We were about to evacuate.

01:03:03:09 EVERETT: Without a fight.

01:03:05:26 SHEPPARD: Yes, Sir.

01:03:07:00 WEIR: On my order.

01:03:08:14 EVERETT: That evacuation order is rescinded.

01:03:10:14 EVERETT (CONT'D O/S): I assume you've armed...

01:03:12:01 EVERETT (CONT'D): the self-destruct device?

01:03:13:11 SHEPPARD: Yes, Sir, we have, but as Dr. Weir was trying to tell you--

01:03:16:06 EVERETT: I am going to need you to disarm it immediately.

01:03:17:27 WEIR (O/S): Hold on a second, Colonel. I don't think you...

01:03:19:27 WEIR (CONT'D): fully grasp our situation--

01:03:21:19 EVERETT: You have three Wraith hive ships bearing down on your position and
precious little to defend yourselves with. That about sum it up?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:03:27:16 MCKAY: You got our message.

01:03:29:12 EVERETT: We got your message.

01:03:30:21 WEIR: It's down to two hive ships. We managed to destroy one.

01:03:33:12 EVERETT: Good for you. That should make my job a little easier.

01:03:36:19 SHEPPARD: What exactly is your job, Sir?

01:03:38:09 EVERETT: I should think that would be obvious to you by now, Major. We are
going to defend Atlantis at all costs.

END OF TEASER

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119**ACT ONE**

01:05:05:08 WEIR: Colonel.

01:05:06:13 EVERETT: Signed by General O'Neill.

01:05:15:12 SHEPPARD: Colonel, it's not that we don't appreciate the thought, but if you had read the report on the armada headed this way, you'd know there's not much we can do about it.

01:05:21:23 EVERETT: Oh, I read your report cover to cover, Major.

01:05:25:07 MCKAY: They must have found a ZPM. That's the only way they could have dialed in from Earth.

01:05:28:20 EVERETT (O/S): It was discovered in Egypt by a group of archaeologists.

01:05:31:11 EVERETT (CONT'D): The damn thing has been under our noses the whole time.

01:05:34:05 MCKAY: Fantastic. Wait a minute. How could you possibly bring the ZPM back here?

01:05:38:10 MCKAY (CONT'D): You need it to maintain the wormhole.

01:05:39:21 EVERETT: As we speak, it is being transported up to the Daedalus, our new battlecruiser.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:05:43:03 MCKAY: Sister ship of the Prometheus. I didn't even know it was finished.

01:05:46:01 EVERETT: With the ZPM boosting her engines, she should be here inside...

01:05:49:04 EVERETT (CONT'D O/S): of four days. That is how long we have to hold this
base.

01:05:52:13 EVERETT (CONT'D): Major Sheppard...

01:05:53:15 EVERETT (CONT'D O/S): dial Pegasus Alpha Site...

01:05:55:10 EVERETT (CONT'D): recall all military personnel. As well, any civilians who would
like to return and help take part in damage control are welcome to do so.

01:06:02:03 EVERETT (CONT'D): And when you're done with that, please join me and my
officers in the conference room. We'll discuss our tactical position.

01:06:07:10 WEIR: Colonel Everett.

01:06:08:10 WEIR (CONT'D O/S): Fine, you're in charge...

01:06:10:03 WEIR (CONT'D): but I should be at that briefing.

01:06:11:26 EVERETT (O/S): When it comes...

01:06:12:16 EVERETT (CONT'D): down to any other aspect of Atlantis, I will be happy to
include you. We're talking about our tactical position.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:06:18:11 WEIR: I understand that—

01:06:19:11 EVERETT (O/S): Good.

01:06:19:28 EVERETT (CONT'D): Somebody want to please turn off that self-destruct?

01:06:27:01 EVERETT: This schematic is based on the information we got in your message.
Can I assume it's accurate?

01:06:30:29 FORD: Yes, Sir.

01:06:32:07 EVERETT: Captain, deploy plan alpha-two.

01:06:33:13 RADNER: Yes, Sir. Sergeant, alpha-two.

01:06:36:07 FORD: If you don't mind my asking, Colonel, deploy what exactly?

01:06:38:27 EVERETT: We brought along a few rail guns. They were originally slated for
Prometheus to replace their current close-in armament on her next refit.
They will deliver an impact velocity of Mach 5 at 250 miles. A standard
magazine will hold 10,000 rounds.

01:06:51:15 FORD: Whoa.

01:06:52:23 SHEPPARD: The self-destruct has been aborted.

01:06:53:27 EVERETT: Thank you. Did you contact the Alpha Site?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:06:59:07 WEIR: I asked Major Sheppard to wait...

01:07:01:15 WEIR (CONT'D O/S): until I had a chance to talk with you.

01:07:03:07 EVERETT: Is that a fact?

01:07:04:10 SHEPPARD: Yes, Sir.

01:07:05:12 EVERETT: Major, dial the Alpha site.

01:07:08:16 WEIR (O/S): Colonel, you've been here all of five minutes.

01:07:10:19 WEIR (CONT'D): Now, I have been responsible for the lives of the people on this
base...

01:07:14:05 WEIR (CONT'D O/S): both military and civilian, for the past several months.

01:07:17:03 WEIR (CONT'D): I'm not about to put those lives in jeopardy until I at least know
how you intend to defend this city.

01:07:22:13 EVERETT: I don't need to explain myself to you, Doctor, and I don't need your
cooperation.

01:07:27:00 SHEPPARD: But you could probably use mine.

01:07:29:20 SHEPPARD (CONT'D): Sir.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:07:30:24 SHEPPARD (CONT'D O/S): So with all due respect...

01:07:32:11 SHEPPARD (CONT'D): please answer Dr. Weir's question.

01:07:34:13 EVERETT: Is that a threat, Major?

01:07:35:19 SHEPPARD: No, Sir.

01:07:36:08 SHEPPARD (CONT'D O/S): I understand you need to establish...

01:07:38:12 SHEPPARD (CONT'D): a clear chain of command, but if you cut Dr. Weir...

01:07:40:29 SHEPPARD (CONT'D O/S): out of the loop, you'll only...

01:07:42:12 SHEPPARD (CONT'D): alienate the people whose trust and respect she's
earned...

01:07:44:27 SHEPPARD (CONT'D O/S): which is everyone on the base...

01:07:47:20 SHEPPARD (CONT'D): including me.

01:07:48:28 EVERETT: Is that a fact?

01:07:56:16 EVERETT (CONT'D): Have a seat.

01:08:04:25 MCKAY: I should be in that meeting. I am the foremost expert on the defense
capabilities of this city.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:08:49:01 SHEPPARD: Yes, but I recommend keeping a couple in reserve.

01:08:51:22 EVERETT: Negative. We're only going to get one shot at this.

01:08:53:26 SHEPPARD: Well, you have to consider the possibility--

01:08:55:04 EVERETT (O/S): Four of my men are pilots.

01:08:56:14 EVERETT (CONT'D): Beckett is giving them the gene inoculation right now.

01:08:59:01 EVERETT (CONT'D O/S): Assuming it takes, you will familiarize them...

01:09:01:21 EVERETT (CONT'D): with the jumpers, and they will become our fighter screen.

01:09:03:27 SHEPPARD: Along with me.

01:09:05:03 EVERETT (O/S): I have another job for you. I understand that this base...

01:09:07:29 EVERETT (CONT'D): is equipped with a chair weapons platform, like the one we
found

01:09:11:13 EVERETT (CONT'D O/S): in Antarctica.

01:09:12:19 WEIR: Yes, but we have no way of powering it.

01:09:14:21 EVERETT: We do now. We brought a Mark II Naquadah generator.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:09:18:16 RADNER: We found a way to increase the power output by 600%.

01:09:21:21 RADNER (CONT'D O/S): It won't last nearly as long...

01:09:23:11 RADNER (CONT'D): but it should power the chair for as long as we need it to.

01:09:25:14 SHEPPARD: This is beginning to sound like a plan.

01:09:27:06 EVERETT: I'm glad you approve.

01:09:30:14 EVERETT (CONT'D): We know this is a long shot, but like I said, all we have to do is hold out until the Daedalus gets here, then we can use the ZPM to power the city shield.

01:09:39:26 EVERETT (CONT'D): Any questions?

01:09:46:18 EVERETT (CONT'D): All right, then. Now that Dr. Weir has been informed of our plans, I would greatly appreciate it...

01:09:53:08 EVERETT (CONT'D O/S): if you'd execute my order...

01:09:55:18 EVERETT (CONT'D): and contact the Alpha Site.

01:09:57:29 SHEPPARD: Yes, Sir.

01:10:03:04 EVERETT: And Major.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:10:06:04 EVERETT (CONT'D): This is last time I give you an order twice.

01:10:09:12 SHEPPARD: Understood.

01:11:50:01 EVERETT: You must be Teyla.

01:12:05:13 TEYLA: And you are Colonel Everett.

01:12:07:11 EVERETT (O/S): Major Sheppard spoke very highly of you in his report.

01:12:10:15 EVERETT (CONT'D): Of course, a more recent report has me a little concerned.

01:12:14:11 TEYLA: You think I may once again fall under the influence of the Wraith?

01:12:17:20 EVERETT (O/S): Major Sheppard assures me that won't happen...

01:12:19:23 EVERETT (CONT'D): but I do need you to stay out of the way.

01:12:22:26 TEYLA: Do you not need every able body to help defend Atlantis?

01:12:27:00 EVERETT: I think we can handle it.

01:12:35:06 MCKAY: He's not even trying.

01:12:36:29 BECKETT: We've tried this a dozen times.

01:12:38:09 ZELENKA: But never with this power source.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:12:39:27 BECKETT: I'm serious. Major Sheppard's your man.

01:12:41:25 MCKAY: Of course he is, but he's training pilots and deploying space mines right now, so we're stuck with you.

01:12:46:03 MCKAY (CONT'D O/S): Now, listen to me very carefully, do exactly what I tell you to do...

01:12:49:07 MCKAY (CONT'D): and hopefully no one will get hurt.

01:12:50:20 BECKETT (O/S): Rodney...

01:12:51:10 BECKETT (CONT'D): there must be someone else.

01:12:52:23 MCKAY: Concentrate on powering up the chair.

01:12:55:01 MCKAY (CONT'D O/S): Nothing else, nothing more...

01:12:56:07 MCKAY (CONT'D): nothing but. Don't start thinking--

01:12:57:25 BECKETT: Don't tell me what not to start thinking about, or I'll start thinking about it.

01:13:00:17 MCKAY: Please power it up.

01:13:06:22 MCKAY (O/S): Good. Good... Good.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:13:11:09 MCKAY (CONT'D): And... oh, no.

01:13:14:02 BECKETT: What? Did I do something wrong?

01:13:21:12 ZELENKA: So... See? Nothing to worry about.

01:13:25:23 MCKAY: Get him out of the chair.

01:13:34:08 MCKAY: Elizabeth. Excuse me. I've hooked up the generator, and the chair
platform is operational.

01:13:39:25 EVERETT: That's good news.

01:13:40:25 MCKAY: Not so much.

01:13:41:29 WEIR: Why? What's wrong?

01:13:43:12 MCKAY: We're down to just a few dozen drones.

01:13:45:05 EVERETT: And you're just finding this out now?

01:13:46:18 MCKAY: There was no way of determining that until the chair was initialized, and
that was only possible once the Mark II was tied in.

01:13:52:05 EVERETT: The chair in Antarctica controlled thousands...

01:13:53:14 EVERETT (CONT'D O/S): of the damn things.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:13:54:19 MCKAY: Yes. I know. They were probably used defending Atlantis the first time the Wraith attacked the Ancients.

01:13:59:19 WEIR: Even a few dozen will help us keep them at bay for a while.

01:14:03:02 (ALARM SOUNDING)

01:14:04:05 WEIR: What is it?

01:14:05:05 TECHNICIAN: We have incoming. I don't know where they came from. They just appeared all of a sudden.

01:14:08:25 SHEPPARD: What's going on?

01:14:09:24 WEIR (O/S): We've just detected a wave of...

01:14:11:11 WEIR (CONT'D): objects approaching the planet.

01:14:13:02 EVERETT: How many?

01:14:13:25 TECHNICIAN: A hundred plus.

01:14:15:08 SHEPPARD: How come they weren't detected by the long-range sensors?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:14:17:17 MCKAY: Because they're rocks... Asteroids. The Wraith must have harvested them from this system's asteroid belt and accelerated them towards us from a safe distance. The mainframe's taken this long to determine they were a threat.

01:14:28:12 WEIR: Can they do much damage?

01:14:29:08 MCKAY: Oh, yeah. Even if most of them burn off...

01:14:30:24 MCKAY (CONT'D O/S): in the atmosphere...

01:14:31:22 MCKAY (CONT'D): but that's not why they're doing it.

01:14:33:14 EVERETT: They're headed toward the mines.

01:14:34:29 SHEPPARD: Well, can they be deactivated?

01:14:37:17 EVERETT: No.

01:14:51:20 MCKAY: Well... that's that. Your mines make one hell of a bang, Colonel. I'm sure the Wraiths' ears are ringing.

01:14:59:20 SHEPPARD: What's the status of the hive ships?

01:15:01:23 MCKAY: There's no way of knowing. The mine detonations must have overloaded the sensors.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:15:04:14 EVERETT: How long till they're back up?

01:15:06:17 TECHNICIAN: There's a lot of residual radiation.

01:15:09:27 MCKAY: It'll keep us blind for hours.

01:15:11:16 SHEPPARD: Yeah, well, they're still out there, and we just lost our primary line of
defense.

END OF ACT ONE

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119**ACT TWO**

01:15:43:27 SHEPPARD: You wanted to see me, Colonel?

01:15:45:14 EVERETT: I was told I could learn a lot about the history of Atlantis in this room.

01:15:49:11 SHEPPARD: We haven't used it much because of the power requirements.

01:15:52:18 EVERETT: Still, I would like to see for myself how the Ancients lost the first time,
try to avoid their mistakes.

01:15:59:08 SHEPPARD: Yes, Sir, we could do that.

01:16:10:19 SHEPPARD (CONT'D): This is the status of the Pegasus Galaxy before the
Ancients encountered the Wraith.

01:16:17:03 SHEPPARD (CONT'D): The blue stars represent systems either inhabited by or
protected by the Ancients. Then...

01:16:24:24 SHEPPARD (CONT'D): This is how it looked after they fought for almost a
hundred years.

01:16:30:29 EVERETT: Until Atlantis was all that was left?

01:16:33:26 SHEPPARD: Yes, Sir.

01:16:35:08 SHEPPARD (CONT'D): That's when the siege began.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:16:39:15 SHEPPARD (CONT'D): For several more years, the Atlantians were able to hold off their attackers, relying on the city's shield and superior weaponry, including the weapons satellite system. No matter how many Wraith ships they destroyed, more kept coming here.

01:16:53:13 SHEPPARD (CONT'D O/S): They could win almost every battle, but they saw no way to win the war.

01:16:58:24 SHEPPARD (CONT'D): So... they submerged the city... and left.

01:17:06:20 SHEPPARD (CONT'D): That's it.

01:17:07:13 SHEPPARD (CONT'D O/S): That's the story.

01:17:08:23 SHEPPARD (CONT'D): But the picture is pretty clear.

01:17:11:26 EVERETT: So you think this is a no-win situation?

01:17:14:06 SHEPPARD: No, Sir. What I mean is, even if we beat them this time, they're going to come back.

01:17:24:15 EVERETT: Major... I think I should tell you that Colonel Marshall Sumner was a very good friend of mine.

01:17:31:15 EVERETT (CONT'D O/S): We served together a lot of years and you know...

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:17:34:10 EVERETT (CONT'D): I cannot, for the life of me, figure how it is that you could go
 as far...

01:17:38:11 EVERETT (CONT'D O/S): as you did and not save him. How you could get that
 close--

01:17:41:18 SHEPPARD: By the time I reached Colonel Sumner--

01:17:43:13 EVERETT: Worse, you admit to firing the shot that killed him.

01:17:47:01 SHEPPARD: Because I believe that's what he wanted me to do.

01:17:51:20 EVERETT: You knew him that well, did you?

01:17:54:23 SHEPPARD: You weren't there, Sir.

01:18:01:20 EVERETT: I wish, for his sake, I was.

01:18:09:16 SHEPPARD: There isn't a night that doesn't go by where that moment doesn't
 play in my head... and every time it does--

01:18:17:12 (ALARM SOUNDING)

01:18:18:17 EVERETT & SHEPPARD: (SIMULTANEOUSLY INTO RADIO): Control room—

01:18:19:26 EVERETT (INTO RADIO): This is Colonel Everett. Report.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:19:12:00 RADNER (CONT'D): Here they come!

01:19:23:29 (WEAPON FIRE)

01:20:00:14 SHEPPARD: McKay, fire it up!

01:20:01:20 MCKAY: It'll take a minute.

01:20:03:22 SHEPPARD: We don't have a minute.

01:20:05:05 MCKAY: Look, this generator can only power the chair because it operates in a
state of barely-controlled overload--

01:20:09:07 SHEPPARD: Just get the damn thing working.

01:20:11:11 MCKAY: That's what I'm trying to do.

01:20:18:17 RADNER (INTO RADIO): Colonel, it's Radner.

01:20:20:05 EVERETT (INTO RADIO): Go ahead.

01:20:21:15 RADNER (V/O OVER RADIO): It looks like some of them are starting to make
kamikaze runs.

01:20:28:11 WEIR: What happened?

01:20:31:05 TECHNICIAN: We lost primary systems.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:20:34:19 AIRMAN: Go! Go!

01:21:03:00 EVERETT (INTO RADIO): One of our gun positions is dark.

01:21:05:26 EVERETT (CONT'D V/O OVER RADIO): Ferrell, why aren't you firing?

01:21:11:00 EVERETT (CONT'D INTO RADIO): Ferrell, report.

01:21:12:29 FORD (INTO RADIO): Colonel, this is Lieutenant Ford. I'm near Ferrell's position.
I'm on it!

01:21:21:21 MCKAY: You've got power. Go!

01:23:01:08 MCKAY (V/O): Power is out in sections of the city.

01:23:03:18 MCKAY (CONT'D): The long-range scanners and the internal sensors are down,
but we're working on it.

01:23:06:19 EVERETT: I want to know the status f those hive ships ASAP.

01:23:09:00 MCKAY: They're coming. That's their status. Tomorrow, the day after, the day
after that--

01:23:13:08 MCKAY (CONT'D O/S): eventually, they'll get here.

01:23:14:25 MCKAY (CONT'D): Whether we're here to greet them or not is another matter.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:23:16:21 WEIR: Rodney.

01:23:17:21 MCKAY (O/S): Look, the chair is out of drones.

01:23:19:01 MCKAY (CONT'D): How do you expect to handle the next wave?

01:23:20:18 EVERETT: I'm open to suggestions.

01:23:22:03 MCKAY: Really?

01:23:26:10 SHEPPARD: We target the hive ships.

01:23:28:00 EVERETT: With what?

01:23:29:12 SHEPPARD: We fly the puddle jumper in stealth mode right down their throats.

01:23:31:26 EVERETT: Are you volunteering for a suicide mission?

01:23:33:17 SHEPPARD: It won't be a suicide mission if McKay and Zelenka can figure out a way to remote control the jumpers.

01:23:39:27 EVERETT: Can you do it?

01:23:40:27 MCKAY (O/S): I knew this was going to happen.

01:23:42:00 EVERETT: Is that a fact?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:23:43:00 MCKAY: Yes, it's a fact. Look, you show up here with your guns and your brush cuts...

01:23:46:22 MCKAY (CONT'D O/S): but when it comes to actually saving the city...

01:23:48:20 MCKAY (CONT'D): you turn to the scientists, and every time, what you ask is impossible.

01:23:52:01 EVERETT: When was the last time you slept, Doctor?

01:23:54:07 MCKAY: Shut up. I have an idea.

01:23:55:18 ZELENKA: The chair.

01:23:56:07 MCKAY: Of course, the chair. The problem is tying it to the jumper's systems.

01:23:59:03 ZELENKA: Without overloading the generators.

01:24:00:06 MCKAY (O/S): Possibly using the drones

01:24:01:22 MCKAY (CONT'D): on the jumpers themselves as a means of propulsion--

01:24:03:23 ZELENKA: While increasing the inertial dampening to maximum.

01:24:06:09 MCKAY: It won't be very maneuverable, but possibly, possibly...

01:24:08:24 EVERETT: Is that a "yes?"

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:24:09:25 MCKAY: No, it's a "possibly."

01:24:11:17 EVERETT: I'll take it. How much damage can one puddle jumper do?

01:24:13:29 SHEPPARD: I've got an idea about that, too. I think I know where we can get
another nuke.

01:24:21:18 WEIR: Major, I don't know how sympathetic the Genii will be to our situation.

01:24:24:22 EVERETT: The Genii?

01:24:25:23 SHEPPARD (O/S): They want to test their weapon.

01:24:27:04 SHEPPARD (CONT'D): Now's your chance.

01:24:28:13 TEYLA (O/S): Let me past!

01:24:32:07 TEYLA (CONT'D): I need to talk to Dr. Weir!

01:24:34:24 WEIR: Teyla?

01:24:37:04 WEIR (CONT'D): What's the matter?

01:24:38:05 TEYLA: The Wraith...they are in Atlantis.

END OF ACT TWO

ACT THREE

01:25:06:15 FORD: The Wraith piloting the kamikaze ships beam into the city right before they
 hit.

01:25:10:09 EVERETT: So they're trying to take the city intact. How many are we talking
 about?

01:25:13:03 SHEPPARD: How many darts crashed?

01:25:14:07 EVERETT: Between 20 and 30, and internal sensors are still down.

01:25:18:07 SHEPPARD: Well, we have this. It can't differentiate between Wraith and
 human...

01:25:22:14 SHEPPARD (CONT'D O/S): but if we confine all base personnel to the designated
 areas...

01:25:25:19 SHEPPARD (CONT'D): the blips that show up out of bounds will be the likely
 targets.

01:25:28:19 EVERETT: Let me see that.

01:25:29:14 SHEPPARD: It won't do you any good. You need the gene.

01:25:34:00 EVERETT: I got the gene therapy, too.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:25:38:00 TEYLA: We wish to help. This is quite a large city, Colonel. You need as many people searching as possible.

01:25:46:26 SHEPPARD: She is the one who sensed the Wraith presence in the first place.

01:25:51:09 EVERETT: Captain.

01:25:55:00 EVERETT (CONT'D): Get some weapons for these people.

01:25:57:12 RADNER: Yes, Sir.

01:26:09:04 BECKETT: There's other people on this base that possess the Ancient gene-- Dr. Kusanagi, for example. I'm sure she'd relish the opportunity to help.

01:26:15:13 MCKAY: I am exhausted and starving, so sit down. Carson, it's out of drones. You couldn't do any damage if you wanted to.

01:26:22:07 MCKAY: Thank you. Okay, we're in business. Head down to the jumper bay. Radio me when you get there.

01:27:48:00 (GUNFIRE)

01:28:01:12 SHEPPARD: You okay?

01:28:03:00 FORD (O/S): Yeah.

01:28:04:12 FORD (CONT'D): How about next time you can be the bait?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:28:07:13 SHEPPARD: Yeah, maybe. Next time. All right, this way.

01:28:17:11 TECHNICIAN: We just received a response from the Genii.

01:28:19:27 WEIR: Let's hear it.

01:28:24:08 PRENUM (V/O OVER RADIO): This is Prenum of the Genii. We welcome the
opportunity to open a dialogue between our two people. Send your
representative-- one person, unarmed.

01:28:33:14 WEIR: Is that all?

01:28:35:01 TECHNICIAN: Yes, ma'am.

01:28:36:09 WEIR (INTO RADIO): Colonel Everett, this is Weir.

01:28:37:27 WEIR (CONT'D V/O OVER RADIO): As we'd hoped, the Genii have asked us to
send a representative.

01:28:41:00 WEIR (CONT'D INTO RADIO): I'm set to go.

01:28:43:16 EVERETT (INTO RADIO): Good. I can't imagine anyone more qualified. Pull this
off, I'll buy you a drink.

01:28:48:17 WEIR (INTO RADIO): You've got a deal. Dial the gate.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:29:27:28 PRENUM: Dr. Weir... I am Prenum of the Genii. I'm rather surprised... no, astonished that you would have the audacity to come here.

01:29:39:02 WEIR: You heard our message. The Wraith are at our doorstep.

01:29:42:06 PRENUM: And we are understandably delighted at the prospect of your demise.

01:29:47:07 WEIR: That may be so... but, still, we have something that you want.

01:29:53:12 PRENUM: C4.

01:29:54:18 WEIR (O/S): More than that.

01:29:56:03 WEIR (CONT'D): We have an opportunity for you to test your weapon at no risk to yourselves, and a chance to strike at the Wraith.

01:30:05:17 WEIR (CONT'D): You have no idea how close they are.

01:30:07:24 PRENUM: The Wraith have come, Doctor.

01:30:16:05 PRENUM (CONT'D): Six days ago. Fortunately, we detected their approach and we were able to shut down our reactors in time. Hundreds of lives were lost on the surface, but thousands more were saved because our underground complex went undetected. So, you see, the threat to the Genii has come and gone. So far as the Wraith are concerned, this planet is no longer of interest to them. We have the design that Dr. McKay provided for us, and our prototype bombs are nearly complete.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:30:53:02 WEIR: So why would you ask me to come here?

01:30:56:10 PRENUM: So that we may trade the C4... for your life.

END OF ACT THREE

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119**ACT FOUR**

01:31:27:20 (GUNFIRE)

01:31:58:26 EVERETT: Damn it.

01:32:10:14 EVERETT (CONT'D INTO RADIO): This is Everett.

01:32:12:13 EVERETT (CONT'D V/O OVER RADIO): The Wraith just took out one of our
generators.

01:32:14:23 SHEPPARD: What's the nearest generator station?

01:32:16:23 FORD: Number three, but Teyla's group is closer.

01:32:20:07 SHEPPARD (INTO RADIO): Teyla?

01:32:21:05 TEYLA (INTO RADIO): We are already on our way, Major.

01:32:22:08 SHEPPARD (INTO RADIO): We'll meet you there.

01:32:24:02 WEIR: I have already offered you the C4.

01:32:26:11 PRENUM: And you want our prototype weapons in exchange. That's not a
bargain for the Genii.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:32:31:08 WEIR: What would you do if you had the C4 right now? Incorporate it into your weapons?

01:32:36:05 PRENUM: Yes.

01:32:36:20 WEIR: And you would test them.

01:32:37:17 PRENUM: Of course.

01:32:39:14 WEIR: I am offering you the chance to test your weapon design on a Wraith hive ship, at no risk to your own people, and still have enough to build dozens more.

01:32:50:27 WEIR (CONT'D): Now, if you are too proud or too stupid to see--

01:32:52:19 PRENUM: Be careful, Doctor.

01:32:53:17 WEIR: I am way past careful.

01:32:55:16 WEIR (CONT'D O/S): Now, you know what the deal is...

01:32:57:07 WEIR (CONT'D): and it's a damn good one, so take it or leave it.

01:33:13:00 ZELENKA (INTO RADIO): Yeah. That's it.

01:33:14:14 MCKAY (INTO RADIO): Okay... Let's give it a test.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:33:17:26 ZELENKA (V/O OVER RADIO): Standing by.

01:33:23:01 MCKAY (V/O OVER RADIO): Carson...

01:33:24:08 MCKAY (CONT'D): I need you to clear your mind and think about the puddle jumper. Think about bringing it online.

01:33:31:15 ZELENKA: Come on, come on, come on... any time now.

01:33:35:18 MCKAY: Carson... Look, I know you can do this. Just activate the puddle jumper.

01:33:49:06 ZELENKA: Yes!

01:33:50:16 ZELENKA (CONT'D V/O OVER RADIO): Yes! Yes! Rodney, Rodney...

01:33:52:23 ZELENKA (CONT'D INTO RADIO): it works!

01:33:54:01 MCKAY: Thank God.

01:34:05:08 WEIR: Give me your radio. Thank you.

01:34:10:28 WEIR (CONT'D V/O OVER RADIO): This is Weir.

01:34:13:13 WEIR (CONT'D INTO RADIO): I've got the prototypes.

01:34:15:13 MCKAY (INTO RADIO): Prototypes. Right.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:34:24:10 (GUNFIRE)

01:34:49:25 SHEPPARD: Well, that should be the last of them.

01:34:56:15 WEIR: Colonel.

01:34:57:25 EVERETT: Well done, Doctor. I--I have to admit it, I am impressed.

01:35:02:20 WEIR: Well, maybe there's hope for me yet.

01:35:06:20 EVERETT: I'm in your chair.

01:35:08:14 WEIR: I thought it was your chair.

01:35:10:05 EVERETT: Yeah, well, I... I don't sit much. I was just going over the...

01:35:16:00 MCKAY: We have a problem.

01:35:16:24 EVERETT: We have a lot of problems.

01:35:19:04 MCKAY: I just finished examining the Genii nuclear devices. They're incomplete. I
could finish it, but it's going to take time.

01:35:23:13 EVERETT: How much time?

01:35:24:10 MCKAY: About a day.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:35:25:05 EVERETT: We don't have a day, Doctor.

01:35:27:13 MCKAY: Well, like I said, we have a problem.

01:35:45:22 BECKETT: You want to see me, Rodney?

01:35:46:10 MCKAY: Yes, yes. I need something to keep me awake.

01:35:47:22 ZELENKA: Yeah, me too.

01:35:48:23 BECKETT: I've already given you something.

01:35:50:05 MCKAY: We're building nuclear bombs here. Staying awake is sort of a
prerequisite.

01:35:53:04 BECKETT: Snappy.

01:35:54:02 BECKETT (CONT'D O/S): All right.

01:35:55:09 BECKETT (CONT'D): I'll get you another stimulant. Carry on.

01:35:57:10 MCKAY: Thank you.

01:36:07:00 EVERETT: I'm sorry you lost some of your people.

01:36:09:14 TEYLA: Many have died, Colonel.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:36:11:21 AIRMAN (V/O OVER RADIO): This is Jumper Four. We have a visual on the hive ships.

01:36:14:24 EVERETT (INTO RADIO): This is Everett. Jumper Four has just informed us the Wraith hive ships are approaching the planet. Defense team, to your positions.

01:36:24:15 EVERETT (CONT'D): Doctor?

01:36:28:15 WEIR: Thank you.

01:36:32:15 WEIR (INTO RADIO): This is Weir. Now, I know how tired you all are, and how much we have asked of you these past few days.

01:36:41:19 WEIR (CONT'D V/O OVER RADIO): Hopefully, the Daedalus will arrive soon, but until that happens, our fate is in our own hands.

01:36:48:06 WEIR (CONT'D V/O OVER RADIO): If, during the course of this battle, that mission fails, I will give the order to evacuate.

01:36:55:04 WEIR (CONT'D INTO RADIO): Now, we all hope it won't come to that, but if it does... don't hesitate. That is all.

01:37:11:29 FORD: Time's up.

01:37:13:07 MCKAY: Oh, what a coincidence. We're done.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:37:16:25 MCKAY (CONT'D): Oh...

01:37:21:10 ZELENKA: So... chair room?

01:37:24:08 MCKAY: Right.

01:37:29:12 RADNER (INTO RADIO): Colonel. We're heading into the bay to load up the
jumpers.

01:37:33:23 EVERETT (V/O OVER RADIO): Understood.

01:37:41:18 EVERETT (CONT'D): Remember... I owe you that drink.

END OF ACT FOUR

ACT FIVE

01:38:13:19 ZELENKA: Slow. Slow, slow, slow, slow. Right here.

01:38:27:15 WEIR (INTO RADIO): Sheppard, are you ready?

01:38:36:19 SHEPPARD: Rodney?

01:38:38:13 MCKAY: The generator's not powering up like it should be.

01:39:10:15 (ALARM SOUNDING)

01:39:16:23 WEIR (INTO RADIO): They're sending in another wave! Major, we need to go!

01:39:53:25 SHEPPARD: McKay!

01:39:55:17 MCKAY: There's something wrong. Power levels are dropping!

01:40:02:16 ZELENKA (INTO RADIO): Rodney, nothing is happening.

01:40:12:00 WEIR (INTO RADIO): Why are there no jumpers in the air?

01:40:13:18 MCKAY (V/O OVER RADIO): We must have exhausted the Mark II's energy
output.

01:40:15:18 MCKAY (CONT'D INTO RADIO): It's dead!

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:40:16:29 SHEPPARD: So long, Rodney.

01:40:18:19 SHEPPARD (CONT'D O/S): There's got to be a way to...

01:40:21:00 MCKAY: Major!

01:40:33:20 EVERETT (INTO RADIO): Heads up, people! They're in the base.

01:40:39:06 WEIR (INTO RADIO): Colonel, we have a problem.

01:40:41:28 EVERETT (INTO RADIO): What is it?

01:40:43:05 WEIR (V/O OVER RADIO): We may need to give the order...

01:40:44:15 WEIR (CONT'D INTO RADIO): to evacuate.

01:40:46:00 SHEPPARD: Elizabeth, wait!

01:40:49:13 WEIR: You can't.

01:40:50:26 SHEPPARD: I have to, and you know it.

01:40:53:20 WEIR: John...

01:41:00:02 WEIR (CONT'D): Go.

01:41:13:00 EVERETT (INTO RADIO): What's the status on that damn jumper?

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:41:16:20 WEIR (INTO RADIO): It's on its way.

01:41:25:00 (GUNSHOTS)

01:41:33:13 (EMPTY CHAMBER CLICKS)

01:41:42:09 ZELENKA (V/O OVER RADIO): Dr. Weir, Major Sheppard is taking the jumper out.

01:41:45:06 WEIR (INTO RADIO): I'm aware of that, Dr. Zelenka. Start prepping Jumper Two.

01:41:50:15 (GUNFIRE OVER RADIO)

01:41:52:15 WEIR (INTO RADIO): Teyla, I'm hearing gunfire. What's your status?

01:41:55:15 WEIR (CONT'D V/O OVER RADIO): Teyla, do you hear me? Teyla?

01:42:20:24 SHEPPARD (INTO RADIO): Hopefully, if I take this one out, the other one will back off.

01:42:25:26 BECKETT: Go, go, go, go! We can't stay here, Elizabeth.

01:42:33:29 MCKAY (O/S): He's right, they're beaming in all over the place.

01:42:35:24 WEIR: We're not going anywhere.

01:42:39:00 WEIR (CONT'D): Not yet.

STARGATE ATLANTIS -- "SIEGE" PART TWO -- Episode #119

01:42:49:07 SHEPPARD (INTO RADIO): You know, if this works...

01:42:51:14 SHEPPARD (CONT'D V/O OVER RADIO): somebody might have to do it again.

01:42:55:00 WEIR (INTO RADIO): Understood.

01:42:56:07 FORD: Come on. Keep up!

01:43:00:25 FORD (CONT'D O/S): Over there.

01:43:18:02 MCKAY: You let Sheppard fly that jumper?

01:43:24:13 WEIR: Help me arm the self-destruct in case this fails.

01:43:51:07 SHEPPARD (INTO RADIO): They haven't detected my approach. The weapon is
armed and ready. I'm going in.
