START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

RECAP

01:00:01:13 TEYLA (V/O): Previously on Stargate Atlantis...

01:00:03:00 FORD: I'd like to report for duty, ma'am.

01:00:04:13 BECKETT (O/S): Lieutenant...

01:00:06:00 BECKETT (CONT'D): what do you think you're doing here?

01:00:07:16 FORD: Just give me something to do.

01:00:08:14 BECKETT: I don't think so.

01:00:09:09 FORD: Don't push me around!

01:00:10:05 FORD: Where's the rest of enzyme?

01:00:12:23 CALDWELL (O/S): Lieutenant Ford may have been your friend...

01:00:14:16 CALDWELL (CONT'D): but he's not anymore.

01:00:16:05 (WEAPON FIRE)

01:00:17:05 TEYLA (V/O): We are only here...

01:00:18:16 TEYLA (CONT'D): searching for a friend.

01:00:19:24 FORD (O/S): You guys all think I'm crazy...

01:00:20:23 FORD (CONT'D): or something

01:00:21:13 MCKAY (O/S): No. No one thinks that.

01:00:22:10 TEYLA (O/S): We think we can help him...

01:00:23:25 TEYLA (CONT'D): if we can find him.

01:00:25:01 MCKAY: This drug is messing with your head.

01:00:26:14 FORD: I'm not just fine. I'm better than fine.

01:00:29:05 (FIGHTING)

01:00:32:04 SHEPPARD: Lieutenant!

01:00:34:10 SHEPPARD (CONT'D O/S): Don't.

01:00:35:21 (AIRCRAFT OVERHEAD)

01:00:38:00

SHEPPARD: Ford!

TEASER

01:00:40:15 MCKAY (O/S): This is ridiculous.

01:00:42:21 SHEPPARD (O/S): Well, keep complaining about it, and we may get there faster.

01:00:45:25 MCKAY (O/S): Well, couldn't we have met these people on a tropical beach planet, populated by tall, blonde women? Hmm?

01:00:50:20 TEYLA: Whoever wants to speak with us obviously values their privacy.

01:00:54:10 MCKAY: Yes, well, I value my time, and this is a waste of it.

01:00:56:15 SHEPPARD: What's a waste of time is listening to you, Rodney. This is the mission.

01:00:59:19 MCKAY: Yeah, well, it strikes me that this is a mission better suited to one of the lower echelon teams.

01:01:03:16 RONON: "Lower echelon"?

01:01:04:25 TEYLA: He means to say "less important."

01:01:06:15 SHEPPARD: We got a tip from one of Teyla's contacts. We're following it up.

01:01:09:06 MCKAY: And this is, like, what, the umpteenth tip we've followed up in search of a ZPM?

01:01:12:28 TEYLA: Rodney--

01:01:13:20 MCKAY: Look, I just want to make it clear that every second I am out of my lab is
 a second the galaxy goes without another groundbreaking—

01:01:18:16 (WEAPON FIRE)

01:01:28:16 KANAYO: We have to get them to the gate before their people realize they're
 missing.

01:01:55:00 SHEPPARD: You guys okay?

01:01:57:23 MCKAY: Oh, yeah. Fine.

01:02:00:02 SHEPPARD (O/S): Seems like a whole lot of trouble to go through...

01:02:02:02 SHEPPARD (CONT'D): just to get us to dinner.

01:02:07:25 SHEPPARD (CONT'D): Not a talkative bunch, are you?

01:02:09:24 KANAYO: If we release you from your bindings, do you promise not to attack us?

01:02:14:15 RONON: Sure.

01:02:15:17 SHEPPARD: Yeah, we promise.

01:02:18:15 (FORD LAUGHING O/S)

01:02:25:00 FORD: Before we untie them, they have to know that they're among friends.

01:02:29:22 SHEPPARD: Ford?

01:02:32:17 FORD: You thought I was dead, didn't you, Sheppard?

ACT ONE

01:03:10:03 FORD: Guys... Guys, please, eat.

01:03:13:07 FORD (CONT'D O/S): Eat.

01:03:19:05 FORD (O/S CONT'D): Well, men, this used to be my team.

01:03:22:18 FORD (CONT'D): Well, not this one...

01:03:23:18 FORD (CONT'D O/S): but I think he's okay too.

01:03:25:19 SHEPPARD: What is all this?

01:03:27:18 FORD: Just some local vegetables, a sort of alligator thing.

01:03:31:06 FORD (CONT'D O/S): It tastes like salted meat. It's good. Try.

01:03:33:20 SHEPPARD: I'm not talking about the food. What the hell is going on?

01:03:36:21 TEYLA: Who are these men? And why bring us here like this?

01:03:39:00 FORD: Whoa. That's a lot of questions.

01:03:40:24 RONON: Pick one.

01:03:44:08 FORD: "Pick one." That's good.

01:03:46:15 FORD (CONT'D O/S): Where'd you find him, Sheppard?

01:03:48:05 MCKAY: Maybe you should start with how you managed to escape being culled
by the Wraith Dart? Hmm?

01:03:52:17 MCKAY (CONT'D O/S): What?

01:03:53:21 MCKAY (CONT'D): When I get nervous, I get hungry.

01:03:58:19 FORD: Okay. The Dart...

01:04:01:13 (DARTS FLYING OVERHEAD)

01:04:02:24 SHEPPARD: Ford!

01:04:10:06 (GUNSHOT FIRED)

01:04:14:17 SHEPPARD (O/S): You're not getting off...

01:04:15:17 SHEPPARD (CONT'D): this planet.

01:04:23:23 FORD (V/O): I have no idea how long I was in the Dart. Next thing I knew, I was
on a cruiser, and I was awake.

01:04:31:27 MCKAY: It's the enzyme. It makes you almost immune to the Wraith stunner, so
when you dematerialize from the Wraith Dart, you're awake, as opposed
to...

01:04:38:22 FORD: As opposed to dead.

01:04:43:16 (WRAITH SCREAMING)

01:04:45:26 (WEAPON FIRE)

01:04:53:13 FORD: I cut open his enzyme pouch, took my fill, and made my way off the ship.

01:04:59:06 FORD (CONT'D V/O): You can get around pretty easy on a Wraith ship. They're
not used to people making it aboard, so there's next to no security.

01:05:06:00 (WEAPON FIRE)

01:05:15:20 FORD: I walked off with enough enzyme to last me a little while...

01:05:18:13 FORD (CONT'D O/S): tracked down the stargate, dialed the first friendly...

01:05:20:28 FORD (CONT'D): address I could remember.

01:05:35:02 FORD: I need a place to stay, a hot meal.

01:05:38:27 KANAYO: And what do you got to trade?

01:05:44:23 FORD: What'll that get me?

01:05:46:18 BOUNCER: No weapons.

01:05:53:12 FORD: So? What'll that get me?

01:06:01:12 KANAYO: I still don't really understand.

01:06:02:22 FORD: Look at me. I got shot, I healed. I can see farther, clearer than I ever saw
before.

01:06:08:12 FORD (V/O): I told them about the enzyme, how it makes you stronger, more
aware, more resilient, how it would give us a fighting chance against the
Wraith...

01:06:18:29 FORD: I mean, look at me. Look at me.

01:06:25:26 FORD (CONT'D): I walked off a Wraith cruiser.

01:06:31:20 FORD (CONT'D): It works.

01:06:33:02 KANAYO: I want to try it.

01:06:36:11 RONON (V/O): Wait a second.

01:06:38:07 RONON (CONT'D): All your people here... all your men... they're on the enzyme?

01:06:46:02 FORD: Of course.

01:07:00:20 (WEAPON FIRE)

01:07:09:06 KANAYO: No. We don't do it like that anymore. Let's gate them back home.

01:07:16:15 FORD (V/O): As our numbers kept growing, we needed more and more of the enzyme.

01:07:38:16 FORD: Nice work.

01:07:39:20 KANAYO: Thank you.

01:07:41:00 FORD (O/S): That should give us a steady stream of the enzyme.

01:07:45:19 FORD (CONT'D): Time to focus on some bigger issues.

01:07:51:04 TEYLA (V/O): Aiden...

01:07:52:04 TEYLA (CONT'D): do you mean to tell us that there are live Wraith here...

01:07:55:13 TEYLA (CONT'D O/S): in this cave?

01:07:57:17 FORD: That's right.

01:07:59:14 TEYLA (O/S): The Wraith...

01:08:00:14 TEYLA (CONT'D): can communicate with each other over a distance.

01:08:03:02 FORD: But not between stars.

01:08:05:01 FORD (CONT'D O/S): They'd have to be in this solar system.

01:08:07:21 FORD (CONT'D): You taught me that.

01:08:08:29 MCKAY: Yes, well, good for me.

01:08:13:07 FORD: What's the matter? They can't communicate if they're unconscious.

01:08:16:11 SHEPPARD: Why'd you jump us?

01:08:19:15 FORD: Yeah... Yeah, I'm sorry about that. It was the only way to get you here.

01:08:23:04 SHEPPARD (O/S): Why didn't you just tell us...

01:08:24:04 SHEPPARD (CONT'D): where you were? You know we would have come.

01:08:26:04 FORD: Yeah, you and a special ops team.

01:08:27:04 SHEPPARD (O/S): No...

01:08:27:25 SHEPPARD (CONT'D): no.

01:08:28:24 FORD: I know you think I'm crazy. I brought you all here to show you that you're
wrong. I mean, do I look crazy?

01:08:38:06 FORD (CONT'D O/S): Do I seem...

01:08:39:27 FORD (CONT'D): out of control?

01:08:42:10 MCKAY: Are we speaking in relative terms, or, um...

01:08:44:03 FORD (O/S): Look...

01:08:45:16 FORD (CONT'D): Jace here has really fine-tuned the enzyme.

01:08:47:14 FORD (CONT'D O/S): We know how to administer it now, how to regulate it,
refine it...

01:08:51:22 FORD (CONT'D): We've gotten so good, we can even lace food with it.

01:08:57:25 MCKAY: Excuse me?

01:08:59:04 FORD: Congratulations. You've just had your first dose.

01:09:03:02 MCKAY: What?

01:09:05:27 FORD (O/S): I thought long and hard about how to show you that the enzyme was
safe...

01:09:10:21 FORD (CONT'D): convince you that it was the first step to defeating the Wraith, so
you'd convince Weir, convince the military.

01:09:15:29 MCKAY: Are you out of your mind?

01:09:17:01 FORD: Hey, settle down, McKay.

01:09:17:23 MCKAY: No, I will not settle down!

01:09:18:26 MCKAY (CONT'D O/S): I have been drugged against my will...

01:09:20:02 MCKAY (CONT'D): you little punk!

01:09:21:01 TEYLA: You should not have done this, Aiden.

01:09:22:19 FORD: Hey, be as mad as you want. Couple of days, you'll be thanking me. We'll
all have a good laugh about this. Now, eat up.

01:09:31:12 MCKAY (O/S): I'm itchy.

01:09:32:12 MCKAY (CONT'D): I'm itchy all over. This is exactly what happened when I toked
pot once in college.

01:09:36:07 SHEPPARD: Everyone stay put.

01:09:39:26 FORD: Let him go.

01:09:43:19 SHEPPARD: Ford... look... I know what you're trying to do-- I get it, I do-- but
you're going about this all wrong.

01:09:50:24 SHEPPARD (CONT'D O/S): Weir isn't going to listen to us...

01:09:52:16 SHEPPARD (CONT'D): if we're all hopped up on the enzyme.

01:09:54:07 FORD: Your food was clean.

01:09:58:20 SHEPPARD: Why? Why me?

01:10:00:04 FORD: You're going to be the witness.

01:10:02:12 FORD (CONT'D O/S): You're going to be the one to tell Weir that her most trusted
team...

01:10:05:07 FORD (CONT'D): has taken the enzyme and is better because of it.

01:10:08:29 SHEPPARD: Look, buddy... why don't you come back with us?

01:10:11:27 SHEPPARD (CONT'D O/S): Have Beckett look you over.

01:10:13:02 SHEPPARD (CONT'D): That's the best proof.

01:10:14:22 FORD: No. No, I've thought this through. This is the plan.

01:10:21:19 SHEPPARD: Look, I don't know what you're thinking--

01:10:22:19 FORD (O/S): You're free to roam around...

01:10:23:09 FORD (CONT'D): as much as you want.

01:10:26:14 FORD (CONT'D): You're all a part of the team now.

END OF ACT ONE

ACT TWO

01:10:51:05 RONON (O/S): Okay...

01:10:52:11 RONON (CONT'D): so why aren't these guys watching us?

01:10:53:14 TEYLA: Ronon is right. They went to great trouble to get us here. Why would they
allow us to leave?

01:10:58:03 SHEPPARD: I'm just waiting for the other shoe to drop.

01:10:59:20 MCKAY: Oh, that little bastard.

01:11:00:26 SHEPPARD: There it goes.

01:11:02:01 MCKAY: This is what I was afraid of.

01:11:02:21 SHEPPARD (O/S): What did he do?

01:11:03:23 MCKAY (O/S): He's taken all the necessary control...

01:11:05:06 MCKAY (CONT'D): crystals, something I showed him how to do on a mission, I
might add.

01:11:07:24 SHEPPARD (O/S): Well, that's not good.

01:11:09:00 MCKAY (O/S): That is the understatement...

01:11:10:09 MCKAY (CONT'D): of the year.

01:11:11:10 SHEPPARD: All right. See what you can do.

01:11:13:05 RONON: Okay, why don't we just take them? All we've got to do is get our hands
on one stunner and I can take them all.

01:11:17:15 SHEPPARD: Yeah, maybe, but if we mess it up, whatever trust we might have
been given will disappear.

01:11:21:13 TEYLA: You want to make them trust us?

01:11:23:20 SHEPPARD: We play it cool. We let them get comfortable.

01:11:26:01 SHEPPARD (CONT'D O/S): They're bound to make a mistake.

01:11:27:06 TEYLA: And in the meantime?

01:11:29:06 SHEPPARD: We play along.

01:11:34:10 SHEPPARD (CONT'D): How are you guys feeling?

01:11:37:03 RONON: I didn't eat that much. I feel fine.

01:11:38:26 TEYLA (O/S): Perhaps if we were able to fast...

01:11:40:11 TEYLA (CONT'D): they will be unable to administer the enzyme.

01:11:42:12 SHEPPARD (O/S): I doubt that.

01:11:43:16 SHEPPARD (CONT'D): I don't think they'd have a problem forcing us.

01:11:45:16 MCKAY: Okay, well, this thing is useless, and I ate my face off, and I can tell you,
I can feel it working.

01:11:48:03 SHEPPARD (O/S): There's a good possibility...

01:11:49:03 SHEPPARD (CONT'D): that everything you're feeling right now might be
psychosomatic.

01:11:52:09 MCKAY: Oh, is that right, Professor Science? Is that your expert opinion?

01:11:54:11 SHEPPARD: Yes, it is.

01:11:55:14 MCKAY (O/S): Well, I can tell you, when they up the dosage, the side effects will
be very real and very unpredictable.

01:12:02:10 WEIR (V/O): You're back early.

01:12:03:12 LORNE: Ah, Jenev's kind of a closed society. Very polite and very courteous, but
completely uninterested in having anything to do with us.

01:12:11:00 WEIR: Well, better that than hostile, I suppose. Colonel Sheppard's team is three
hours overdue.

01:12:17:08 LORNE: It wouldn't be the first time. Any radio contact?

01:12:19:28 WEIR: None since they left.

01:12:23:00 LORNE: Well, you know those guys.

01:12:24:10 WEIR: What do I know about those guys?

01:12:26:22 LORNE: Just that they tend to get all caught up in whatever it is they're doing, and
sometimes they don't check in. They forget how much you worry.

01:12:35:18 LORNE (CONT'D): That we worry.

01:12:37:20 LORNE (CONT'D O/S): Collectively, I mean.

01:12:39:05 WEIR: Yes, we do.

01:12:41:00 LORNE: Yeah...we do. Okay, guys, looks like we're heading back out.

01:12:45:02 WEIR: Thank you, Major.

01:12:46:05 LORNE: You're welcome.

01:12:47:20 MCKAY (V/O): Seriously, I'm getting, uh...

01:12:49:27 MCKAY (CONT'D): I'm getting chills and hot flashes, chills and hot flashes, again
and again. None of you are feeling that?

01:12:55:01 RONON: The enzyme side effects are going to be the least of his concerns if he keeps this up.

01:12:58:13 SHEPPARD: I know. Just be patient.

01:12:59:22 RONON: Historically, that hasn't been a strength for me.

01:13:01:09 SHEPPARD: I know.

01:13:03:00 FORD: Sheppard, Teyla.

01:13:06:17 FORD (CONT'D): Kanayo's running a mission off-world. I want you to go with him.

01:13:09:09 SHEPPARD: Why?

01:13:10:09 FORD: We're running an op. I thought you might want to see the men in action.

01:13:15:02 SHEPPARD: Sure. Wherever you need us.

01:13:17:17 TEYLA: Just give us some weapons, and--

01:13:18:17 FORD (O/S): Nice try.

01:13:19:25 FORD (CONT'D): No, you're going to hang back and watch with Kanayo. Don't worry. You won't be in any danger.

01:13:23:28 SHEPPARD: That's a load off of my mind.

01:13:25:25 MCKAY: What about us?

01:13:29:08 FORD: Jace will give you the grand tour, show you what we've done with the place.

01:13:31:13 FORD (CONT'D O/S): How does that sound?

01:13:32:22 MCKAY: It sounds delightful.

01:13:34:00 FORD: Okay, good. Then if Sheppard tries anything off-world, you'll be nice and close for me to kill you both.

01:13:39:15 MCKAY: Can't think of a better way of spending the afternoon.

01:13:41:25 KANAYO: Move.

01:13:46:00 FORD: Looks like he's itching to go.

01:14:17:08 SHEPPARD: Are those guards Genii?

01:14:18:25 KANAYO: Yes.

01:14:20:13 TEYLA: What exactly are we doing here?

01:14:22:00 KANAYO: The Genii have spies all over the galaxy. If for whatever reason one of them can't make it back to the Genii homeworld, their leaders have established safe houses.

01:14:29:02 KANAYO (CONT'D O/S): If they need a place to reload on gear or a place to hide,
they come here.

01:14:31:17 SHEPPARD (O/S): That's useful.

01:14:32:17 KANAYO: Yeah. We've found it to be an excellent source of information and...

01:14:35:01 KANAYO (CONT'D O/S): supplies.

01:14:36:01 TEYLA: How did you find them in the first place?

01:14:39:00 KANAYO: I was a Genii spy.

01:14:44:14 SHEPPARD: If you're one of them, why don't you just walk in there?

01:14:46:12 KANAYO (O/S): Well, I used to...

01:14:47:26 KANAYO (CONT'D): but eventually they realized I'd betrayed them.

01:14:49:17 SHEPPARD: I can see how they would.

01:14:52:00 KANAYO: We rely on raids now.

01:14:53:24 SHEPPARD: Why? What more do you guys want?

01:14:56:01 KANAYO: We don't have all the pieces we need for the Lieutenant's plan.

01:14:58:10 SHEPPARD: Right... and which plan would that be again?

01:15:01:14 KANAYO: All will be revealed when the time is right.

01:15:03:18 SHEPPARD (O/S): Oh, good.

01:15:05:01 SHEPPARD (CONT'D): I'd hate for things to be revealed too early.

01:15:12:01 MCKAY (O/S): How are you powering these Genii computers?

01:15:13:24 JACE: We stole a Telnorran generator. They're a pain to keep serviced, but they do the job. Actually, we just got our hands on some Pilation solar cells, but I haven't been able to figure out how to interface them yet. Have you used them before?

01:15:25:17 MCKAY: Can't say that I have. What-- what do you do here?

01:15:27:26 JACE: We study the Wraith.

01:15:29:02 MCKAY: Oh, yeah? How's that going?

01:15:30:14 JACE: Some of our discoveries have been quite exciting, actually.

01:15:33:14 MCKAY: Like what?

01:15:34:24 JACE: Well, for one, they seem to be territorial, very much so, it turns out. They're not a united foe like we once believed.

01:15:43:08 MCKAY: Hmm. Really.

01:15:44:18 JACE (O/S): Yes. In fact, I believe they're fracturing even further.

01:15:46:28 JACE (CONT'D): Now, my understanding of their language is fairly limited, but
they seem to be trying to establish a system...

01:15:53:11 JACE (CONT'D O/S): that would restrict inter-ship communications.

01:15:55:24 MCKAY: What?

01:15:56:26 MCKAY (CONT'D O/S): Why would they stop sharing information with each
other?

01:15:58:29 JACE: Ford thinks it might have to do with your friend's ability to read their minds.

01:16:01:24 JACE (CONT'D O/S): If she taps into them, only one ship would be
compromised...

01:16:04:24 JACE (CONT'D): not the whole fleet.

01:16:06:10 MCKAY: All this because of Teyla?

01:16:08:20 JACE: Well, for one, she may not be the only one that possesses that ability...

01:16:12:04 MCKAY: Huh. Fair enough.

01:16:14:03 JACE: And two, I think that the lack of food in the galaxy has created some deep divisions within the Wraith cells.

01:16:20:04 MCKAY: Huh. And you got all that from, uh... this?

01:16:25:24 JACE: Yes. To be honest, I could use some help. How's your Wraith, Doctor?

01:16:32:17 MCKAY: It's okay. Let's see what you got.

01:16:50:10 FORD: That's better.

01:16:51:16 FORD (CONT'D O/S): You guys still need to work together.

01:16:56:06 FORD (CONT'D): You're stronger as a team.

01:17:01:06 FORD (CONT'D): You want to spar a little?

01:17:07:21 FORD (CONT'D): We're cool, right? You're not holding a grudge or anything? I did save your life.

01:17:16:08 RONON: I remember.

01:17:18:17 FORD (O/S): You know, it's funny. If you asked a dozen people who they thought...

01:17:21:22 FORD (CONT'D): would win in a fight between you and me, people would choose you hands down. Hell, I'd choose you... but we went toe to toe.

01:17:31:05 RONON: Yeah, we did.

01:17:33:09 FORD: Until Sheppard showed up.

01:17:34:18 RONON: So I guess it's still undecided.

01:17:37:25 FORD: Look, all I'm saying is, why do you think I was able to fight you like that?

01:17:41:20 FORD (CONT'D O/S): It's the enzyme.

01:17:45:02 FORD (CONT'D): Look what it did for me. Imagine what it could do for you.

01:17:50:20 FORD (CONT'D O/S): I'm not the bad guy here, Ronon.

01:17:52:11 FORD (CONT'D): I'm just trying to help. You'll come around.

01:17:58:22 FORD (CONT'D O/S): I know you will.

01:18:05:27 LORNE (O/S V/O OVER MONITOR): We just finished our scans, ma'am.

01:18:07:27 LORNE (V/O OVER MONITOR CONT'D): They're not here.

01:18:09:12 WEIR: Do you think they've headed to another planet?

01:18:11:04 LORNE (O/S V/O OVER MONITOR): It's possible, but...

01:18:12:29 LORNE (V/O OVER MONITOR CONT'D): as you know it's standard procedure to check in and tell us first. They didn't do that, so...

01:18:16:19 WEIR: They might have been taken off-world against their will.

01:18:19:13 LORNE (V/O OVER MONITOR): Yeah.

01:18:22:15 WEIR: All right. Can you give me the last few addresses dialed from that DHD?

01:18:27:24 LORNE (V/O OVER MONITOR): Maybe somebody can, but that's a little out of my skill set.

01:18:31:20 WEIR: I'll send Zelenka.

01:18:33:09 LORNE (V/O OVER MONITOR): Good call. Lorne out.

01:18:40:28 SHEPPARD (O/S): So, uh, what's the plan?

01:18:42:19 KANAYO: We take them by force.

01:18:44:16 SHEPPARD: That's some groundbreaking strategy there.

01:18:46:18 TEYLA: I think the Colonel is interested in the type of attack.

01:18:49:21 KANAYO: We plan to overpower them.

01:18:52:20 SHEPPARD: I think it's best if we just watch.

01:19:01:15 KANAYO: Now.

01:19:03:05 (WEAPON FIRE)

01:19:11:09 SHEPPARD: What kind of plan is that?

01:19:12:18 KANAYO: One that works.

01:19:14:03 SHEPPARD: One of your men got hit.

01:19:15:17 KANAYO: Well, it should be safe for us now.

01:19:24:16 SHEPPARD: This guy's dead.

01:19:25:24 TEYLA: So, you see, you are not invincible.

01:19:28:07 KANAYO: We're close enough.

01:19:29:29 TEYLA: There are skills to the art of war, Kanayo.

01:19:32:10 KANAYO: Don't you tell me how to run my missions.

01:19:33:26 KANAYO (CONT'D O/S): You're just here to watch.

01:19:44:07 KANAYO (CONT'D): Look familiar?

01:19:46:15 SHEPPARD: That's our C4.

01:19:47:29 KANAYO: We're stealing it back.

01:19:49:09 TEYLA: For what purpose?

01:19:50:15 KANAYO: For the hive.

01:19:52:29 SHEPPARD: As in hive ship?

01:19:53:20 KANAYO (O/S): Yeah.

01:19:54:20 KANAYO (CONT'D): That's the Lieutenant's plan.

01:19:56:05 KANAYO (CONT'D O/S): You're going to help us...

01:19:57:24 KANAYO (CONT'D): destroy a Wraith hive ship.

END OF ACT TWO

ACT THREE

01:20:21:05 FORD: One of the added bonuses of killing the Wraith is every now and again, you get your hands on a couple of these.

01:20:27:02 FORD (CONT'D): Now, thanks to Jace and some of the computers that we borrowed from the Genii, we've been able to figure out the exact flight path of one their hive ships.

01:20:33:09 JACE: It's decimating all inhabited worlds in its path.

01:20:36:24 FORD: It has to be stopped.

01:20:38:16 JACE (O/S): I've been able to calculate that in the next...

01:20:40:27 JACE (CONT'D): several days, will be forced to make a hyperspace...

01:20:42:24 JACE (CONT'D O/S): pause very near an uninhabited planet...

01:20:45:12 JACE (CONT'D): that happens to have a stargate.

01:20:46:27 KANAYO: We gate to that planet, get on the hive ship, plant the C4 in the Dart bay, and get out.

01:20:51:22 JACE (O/S): We could save thousands, if not hundreds of thousands, of lives.

01:20:57:20 FORD: So?

01:21:01:16 SHEPPARD: Wow.

01:21:03:26 FORD: "Wow"?

01:21:05:07 SHEPPARD: You heard me.

01:21:06:13 MCKAY (O/S): Let me see if I can...

01:21:07:13 MCKAY (CONT'D): couch what Colonel Sheppard means by "wow"...

01:21:10:01 MCKAY (CONT'D O/S): in more explicit terms.

01:21:11:23 MCKAY (CONT'D): That is a terrible plan.

01:21:13:26 TEYLA: Rodney—

01:21:14:16 MCKAY (O/S): Made all the more frightening...

01:21:15:01 MCKAY (CONT'D): by the fact that you think it's a good plan.

01:21:16:29 FORD: What's wrong with it?

01:21:18:03 MCKAY: What's right with it? Look, let's, just for a second, give in to reckless
abandon and assume that it would be possible to plant a single charge
large enough to destroy an entire hive ship.

01:21:26:08 JACE: We're planning on secondary explosions in the Dart bay.

01:21:28:21 MCKAY: Regardless, the hive ship will be on a hyperspace pause, yes, but it will not enter the planet's atmosphere, nor will it take up any sort of stable orbit.

01:21:36:06 MCKAY (CONT'D O/S): It will be flying through space, which means that unless your enzyme allows you to jump a lot higher than you've let on—

01:21:40:16 FORD: We have a spaceship.

01:21:41:18 MCKAY (O/S): Oh, yeah?

01:21:42:18 MCKAY (CONT'D): Really. What's that made out of, huh? Bark?

01:21:48:04 FORD: No, it's real, McKay, and in fact, it's the only ship I'd feel comfortable using on a mission like this.

01:22:08:10 SHEPPARD: Okay, where'd you get it?

01:22:09:12 FORD: Does it matter?

01:22:10:26 KANAYO: None of us have had much success flying it. We've banged it up pretty bad on the last couple of landings.

01:22:14:24 KANAYO (CONT'D O/S): It's in need of some repairs.

01:22:15:25 FORD: And a real pilot.

01:22:16:26 SHEPPARD: This is why you brought us here.

01:22:19:00 FORD: It's the reason I waited till now, yes.

01:22:21:08 KANAYO: Assuming this guy can get it working again.

01:22:22:12 FORD (O/S): He can.

01:22:23:13 FORD (CONT'D): These people are the best at what they do.

01:22:25:13 KANAYO: Look, you fly it, you scoop us up, you take us up to the hive, you drop
us off.

01:22:28:21 KANAYO (CONT'D O/S): All we need is time to lay the charge.

01:22:30:15 KANAYO (CONT'D): We'll be in and out of there before the Wraith have any idea
what's going on.

01:22:33:03 FORD: It's perfect.

01:22:33:29 MCKAY: It is far from perfect.

01:22:35:15 SHEPPARD: But it is possible.

01:22:37:11 TEYLA: Colonel...

01:22:39:09 MCKAY: Are you honestly considering this?

01:22:40:18 SHEPPARD: It's on its way to a culling, Rodney.

01:22:42:09 MCKAY (O/S): Yeah, and I am sorry...

01:22:43:16 MCKAY (CONT'D): about that, but this is insane.

01:22:45:06 SHEPPARD: Maybe not.

01:22:46:22 FORD (O/S): Jace has been trying to get it working...

01:22:48:19 FORD (CONT'D): but he's not you, McKay. Can you fix it?

01:22:52:14 MCKAY: Probably not.

01:22:53:18 SHEPPARD: That usually means "yes."

01:22:55:03 MCKAY: Aren't you the one not taking the enzyme?

01:22:57:04 MCKAY (CONT'D O/S): You're supposed to be the clear voice of reason here.

01:22:59:10 FORD: Look, can you fix it?

01:23:00:23 MCKAY (O/S): Even if I could, I wouldn't.

01:23:02:06 MCKAY (CONT'D): I'm sorry. Drug me all you want. I'm not doing this.

01:23:07:29 SHEPPARD: Let me talk to him. He'll come around.

01:23:10:12 FORD: Okay.

01:23:13:07 SHEPPARD: Rodney...

01:23:14:23 MCKAY: Look, maybe you are on the enzyme. Maybe Ford lied, because no
rational person would think that was a good plan.

01:23:19:09 SHEPPARD: Look, a million things can go wrong. I know that, but just-- Lookit.
Stop. Shut up and listen.

01:23:25:03 SHEPPARD (CONT'D): If you fix that Dart, we all get out of here. I know it's
risky...

01:23:28:07 SHEPPARD (CONT'D O/S): but Ford's not thinking straight, so--

01:23:29:24 MCKAY: What are you talking about?

01:23:31:02 SHEPPARD: I'll insist you're all on the away team. I'll scoop you up, and instead
of flying out to the hive ship, we fly out to Atlantis.

01:23:37:11 MCKAY: How?

01:23:38:23 SHEPPARD: That Dart's got to have its own DHD, right?

01:23:41:03 MCKAY: Of course.

01:23:42:17 SHEPPARD: You get the thing flight-worthy, we all go home.

01:23:46:20 MCKAY: Right. Of course.

01:23:48:07 MCKAY (CONT'D): You know, you see... I would have thought of that myself
before I became a drug addict.

01:23:53:00 SHEPPARD: I'm sure you would have.

01:23:54:16 MCKAY: I'm sorry. All right. Okay.

01:24:01:25 ZELENKA (SPEAKING CZECH)

01:24:03:17 LORNE: That good, huh?

01:24:04:25 ZELENKA: These things are not designed to store gate addresses.

01:24:07:11 LORNE: What can you give us?

01:24:08:24 ZELENKA: Well, every time the gate is dialed, a slight residual imprint is left on
the control crystals.

01:24:13:25 LORNE: Which means...

01:24:15:28 ZELENKA: Well, I've managed to mine about 50 addresses...

01:24:18:10 ZELENKA (CONT'D O/S): but I have no idea...

01:24:20:07 ZELENKA (CONT'D): if they're correct or what order they were dialed in.

01:24:21:16 LORNE (O/S): 50?

01:24:22:19 LORNE (CONT'D): That's a lot of planets to check.

01:24:24:10 ZELENKA: Yes, and that's assuming that they're correct.

01:24:26:24 LORNE: Okay, so long story short...

01:24:29:15 ZELENKA: It's going to be next to impossible to find Colonel Sheppard and his
team...

01:24:32:29 ZELENKA (CONT'D O/S): based on what I can get from this DHD.

01:24:35:00 LORNE: Great. Okay, pack it up. Let's take what you got. We'll go over it on
Atlantis. Weir's not going to be happy about this.

01:24:44:20 FORD: How'd that go?

01:24:48:27 SHEPPARD (O/S): Well, he'll do it...

01:24:50:17 SHEPPARD (CONT'D): but we have some conditions.

01:24:55:03 FORD: What?

01:24:56:05 SHEPPARD: Dial back McKay's enzyme doses.

01:24:58:18 FORD: No.

01:24:59:15 SHEPPARD (O/S): Look...

01:25:00:05 SHEPPARD (CONT'D): we're under some time constraints here. I'm not saying
the enzyme...

01:25:02:12 SHEPPARD (CONT'D O/S): wouldn't help. I'm just saying we need him standing
still and thinking...

01:25:05:17 SHEPPARD (CONT'D): not running laps because it feels good.

01:25:11:20 FORD: Ronon and Teyla?

01:25:12:27 SHEPPARD: We stick to the plan there.

01:25:15:27 FORD: Fine. What else?

01:25:17:07 SHEPPARD: I'll fly it, that's obvious, but I want McKay, Teyla, and Ronon on the
strike team.

01:25:21:21 FORD: It's not a good mission for McKay.

01:25:23:15 FORD (CONT'D O/S): Could get rough in there.

01:25:24:24 SHEPPARD: Look, if suddenly we need a door open or a computer hacked,
McKay should be there to do it. That's why he's on my team in the first
place.

01:25:34:29 FORD: Is that it?

01:25:51:17 MCKAY: No.

01:26:14:10 FORD: So that's...

01:26:19:09 MCKAY: No, no, no, no. You fire it up now, it'll all go up in smoke.

01:27:07:20 MCKAY: Okay...

01:27:12:00 (WRAITH SHIP ENGINE STARTING)

01:27:18:00 MCKAY: We're close.

01:27:26:12 SHEPPARD: It's a good plan.

01:27:28:23 FORD: Couldn't have done it without you, sir.

01:27:30:28 SHEPPARD: Well, I'm glad you trusted me enough to bring me here.

01:27:38:25 SHEPPARD: What's wrong?

01:27:42:06 FORD: I want to go home.

01:27:46:28 SHEPPARD: Well... then let's go.

01:27:51:05 SHEPPARD (CONT'D O/S): Give McKay the DHD crystals and let's get out of here.

01:27:55:04 SHEPPARD (CONT'D): I can have you back on Earth within an hour.

01:27:59:11 FORD: No.

01:28:00:16 FORD (CONT'D O/S): We have to do this first.

01:28:04:00 FORD (CONT'D): I have to prove to them that we can do this.

01:28:06:10 SHEPPARD: You don't have to prove anything to anyone, Lieutenant.

01:28:17:29 SHEPPARD (CONT'D): I saw your cousin and your grandparents...

01:28:20:07 SHEPPARD (CONT'D O/S): while I was back there.

01:28:23:25 SHEPPARD (CONT'D): They miss you... a lot.

01:28:30:00 SHEPPARD (CONT'D): This whole M.I.A. thing is killing them.

01:28:32:07 FORD: They're strong. They can wait. If anyone's ever going to take me seriously ever again, we have to do this.

01:28:43:07 SHEPPARD: Listen, Aiden--

01:28:44:12 FORD: No.

01:28:46:17 FORD (CONT'D): I'm sorry. I don't want to talk about this.

01:28:56:10 SHEPPARD: Well... part of me thinks he brought us here 'cause he knew we'd
bring him back.

01:29:01:13 SHEPPARD (CONT'D O/S): I think...

01:29:02:13 SHEPPARD (CONT'D): subconsciously he knows what our plan is, and he's fine
with it.

01:29:12:28 TEYLA: Give it back.

01:29:16:06 RONON: Or what?

01:29:19:15 SHEPPARD: Hey.

01:29:40:14 SHEPPARD (CONT'D): Knock it off, guys. Stop--

01:29:47:10 SHEPPARD (CONT'D): What the hell's...

01:29:48:10 SHEPPARD (CONT'D O/S): gotten into you two?

01:29:52:10 SHEPPARD (CONT'D): Oh, right. Never mind.

01:29:58:17 RONON: Are we going to talk about this?

01:29:59:28 SHEPPARD: About what?

01:30:01:13 RONON (O/S): The enzyme works.

01:30:03:10 RONON (CONT'D): No one's saying it, but we're all thinking it. It works.

01:30:08:06 TEYLA (O/S): I must admit, I have noticed...

01:30:09:09 TEYLA (CONT'D): an increased amount of strength.

01:30:11:09 RONON: Maybe Ford is right. Maybe it's worth looking into, seeing what this stuff
can do.

01:30:18:00 TEYLA (O/S): They were an hour late delivering our doses yesterday...

01:30:20:22 TEYLA (CONT'D): and I felt awful. It frightens me how reliant my body has
become on the enzyme always being in my system.

01:30:27:12 TEYLA (CONT'D O/S): What would happen if we suddenly...

01:30:29:02 TEYLA (CONT'D): could not receive it?

01:30:30:04 RONON: If the only negative is that you've got to keep taking it, I'd want to stay on
it.

01:30:34:20 SHEPPARD: What about you?

01:30:38:00 TEYLA: The fact that I'm even considering it makes me feel--

01:30:40:23 MCKAY: Hey.

01:30:42:23 SHEPPARD: So?

01:30:45:25 MCKAY: It's ready.

END OF ACT THREE

ACT FOUR

01:31:07:29 MCKAY: Okay, now... Could you move? Look, this is probably going to make you a little uneasy, but when the canopy forms, it's perfectly opaque.

01:31:15:02 SHEPPARD: Then how am I going to fly this thing?

01:31:17:01 MCKAY (O/S): The whole thing is one giant...

01:31:18:09 MCKAY (CONT'D): heads-up display. It'll show you all the pertinent information...

01:31:20:04 MCKAY (CONT'D O/S): that you need.

01:31:21:05 SHEPPARD: Yeah, you mean in Wraith.

01:31:22:17 MCKAY: Yeah, which is why I've installed an interface to translate a lot of the readouts.

01:31:25:23 SHEPPARD: By "a lot" do you mean "all"? Because my Wraith's not all that good.

01:31:28:05 MCKAY: Enough to get you by.

01:31:29:06 FORD: I knew you could do it.

01:31:30:09 FORD (CONT'D O/S): Right on time.

01:31:32:12 FORD (CONT'D): Kanayo will get you suited up. You should get ready.

01:31:34:29 MCKAY: Right. Great.

01:31:45:04 FORD: He seems a little nervous.

01:31:48:13 SHEPPARD: You know McKay. He'll be fine.

01:31:49:27 FORD (O/S): You know how to dial...

01:31:50:27 FORD (CONT'D): the DHD on this thing?

01:31:52:12 SHEPPARD: Got the addresses memorized.

01:31:53:15 FORD: Good. Good.

01:31:56:26 FORD (CONT'D O/S): Listen, I should probably tell you...

01:31:58:26 FORD (CONT'D): there's been a slight change of plans.

01:32:01:04 SHEPPARD: Oh, yeah?

01:32:02:20 FORD: Kanayo!

01:32:06:29 KANAYO: Don't even think about it!

01:32:14:21 SHEPPARD: What the hell are you doing?

01:32:16:03 FORD: McKay's going to stay here while we do the op. Take him!

01:32:19:17 MCKAY: What? No!

01:32:21:18 MCKAY (CONT'D O/S): No, no, no, no, no!

01:32:22:15 SHEPPARD: That wasn't part of the plan.

01:32:23:13 FORD: Neither was you heading back to Atlantis.

01:32:25:29 FORD (CONT'D O/S): You didn't really buy the whole...

01:32:27:13 FORD (CONT'D): "I want to go home" speech, did you?

01:32:29:16 FORD (CONT'D O/S): Huh?

01:32:39:09 FORD (CONT'D O/S): You're always underestimating me, Sheppard. You need to
stop doing that.

01:32:42:08 FORD (CONT'D): Complete the mission and McKay lives.

01:32:44:22 SHEPPARD: We can't complete the mission, Ford. It's a bad plan!

01:32:47:16 FORD: You said it was a great plan.

01:32:48:24 SHEPPARD: You didn't buy the whole "it's a great plan" speech, did you?

01:32:53:18 FORD: Get this Dart in the air and come scoop us up.

01:32:57:20 FORD (CONT'D): Oh... and the Dart DHD only dials to the planet we're going to
and back here...

01:33:03:00 FORD (CONT'D O/S): just in case McKay's life isn't enough...

01:33:04:26 FORD (CONT'D): to get you to do the right thing.

01:33:07:27 TEYLA (O/S): Aiden...

01:33:08:29 TEYLA (CONT'D): what are you doing?

01:33:10:19 FORD: Just making sure you guys hold up your end of the bargain.

01:33:14:29 FORD: It's okay. Give them back their weapons.

01:33:18:03 KANAYO: Are you sure?

01:33:19:13 FORD: Yeah.

01:33:20:14 FORD (CONT'D): If we're going to do this, we've all got to work together.

01:33:36:14 FORD (CONT'D): Good luck to us all.

01:33:45:25 SHEPPARD: Stand by for pickup.

01:34:06:21 WEIR (V/O): If they were okay...

01:34:08:05 WEIR (CONT'D): they would have radioed in by now.

01:34:09:23 LORNE: I understand that, ma'am.

01:34:12:25 WEIR (O/S): I want...

01:34:13:25 WEIR (CONT'D): everyone who's cleared for off-world activity to help with the
search.

01:34:17:10 WEIR (CONT'D O/S): The Daedalus is on its way from Earth...

01:34:19:03 WEIR (CONT'D): and they'll be able to help, but until they get here, it's up to us.

01:34:21:13 LORNE (O/S): And I know that...

01:34:22:22 LORNE (CONT'D): but I need you to understand that it is going to take a very long
time to search all the planets on our list. It... it could take months.

01:34:31:22 WEIR: We can't afford months, Major.

01:34:34:01 LORNE: And I know that too.

01:34:36:27 WEIR: Good.

01:34:55:03 SHEPPARD: This is going to take some getting used to.

01:35:03:25 SHEPPARD (CONT'D O/S): Come on.

01:35:05:26 SHEPPARD (CONT'D): We were getting along so well.

01:35:10:10 SHEPPARD (CONT'D O/S): Oh, autopilot?

01:35:11:10 SHEPPARD (CONT'D): No, no, no.

01:35:15:10 SHEPPARD (CONT'D): R2, I need you to turn the autopilot off. Now.

01:35:26:00 SHEPPARD (CONT'D): Worth a try.

01:36:05:00 FORD: Jace!

01:36:09:10 FORD (CONT'D O/S): We have to...

01:36:10:10 FORD (CONT'D): go after them!

01:36:11:18 TEYLA: No one would have survived that fall.

01:36:14:05 RONON: We have to get out of the open.

01:36:20:20 SHEPPARD: You guys okay?

01:36:22:00 FORD (V/O): No, we're not okay.

01:36:24:02 FORD (CONT'D): You beamed half of us off the edge of the platform.

01:36:26:22 SHEPPARD: Teyla and Ronon?

01:36:29:00 FORD: Is that all you care about? You murdered my men.

01:36:31:11 SHEPPARD (V/O): I've lost all control of the Dart.

01:36:32:16 SHEPPARD (CONT'D): I had to release you blind.

01:36:34:02 FORD (V/O): Maintain radio...

01:36:35:02 FORD (CONT'D): silence until we lay the charge.

01:36:36:12 SHEPPARD (V/O): Negative.

01:36:37:12 SHEPPARD (CONT'D): We need to stay in contact.

01:36:38:22 SHEPPARD (CONT'D V/O): They're--

01:36:39:22 TEYLA: You should leave that radio on, Aiden.

01:36:41:15 FORD: Don't tell me what to do.

01:36:53:23 SHEPPARD: Ford? Ford? Ford! Damn it.

01:37:01:03 SHEPPARD (CONT'D): I'd prefer not to.

01:37:04:28 SHEPPARD (CONT'D O/S): Ooh, boy.

01:37:11:23 SHEPPARD (CONT'D): You mind checking the oil?

01:37:13:20 (GUNFIRE)

01:37:16:20 (WRAITH ALARM SOUNDING)

01:37:18:11 SHEPPARD: This is not good.

01:37:23:16 FORD: What is that?

01:37:24:18 RONON: It's an alarm.

01:37:26:12 FORD: That shouldn't happen.

01:37:27:23 RONON: No, it shouldn't.

01:37:30:17 FORD: Sheppard, you there?

01:37:31:17 (GUNFIRE)

01:37:33:28 FORD (V/O): Sheppard, you there?

01:37:35:12 SHEPPARD: I think I might have set the alarm off. You guys be careful, because
there's probably some guards on the way.

01:37:41:09 RONON: Too late. If you want to live, stay behind me.

ACT FIVE

01:38:05:20 MCKAY: Oh, do--

01:38:09:21 BOUNCER: Want some?

01:38:10:21 MCKAY: No, I'm good, thanks.

01:38:11:21 GUARD #2: You sure?

01:38:12:11 MCKAY: Yeah, pretty sure. Look, don't you think that they should be back by now? I mean, how long does it take to fly there and fly back, you know? I mean, I say it's a minute from here to the gate, 10 tops from their gate to the hive ship, 20 to get in and lay a charge, and, what, like 10 more to get back out and home, right? So--

01:38:27:25 BOUNCER: Worrying really isn't going to do anything.

01:38:29:23 MCKAY: Yeah, well, I subscribe to a different school of thought.

01:38:31:07 BOUNCER: They're fine.

01:38:31:23 MCKAY (O/S): You can't...

01:38:32:09 MCKAY (CONT'D): possibly know that.

01:38:36:15 BOUNCER: I got a gut feeling.

01:38:37:22 MCKAY: Yeah, well, I have a different gut... feeling.

01:38:48:15 SHEPPARD: Ford...

01:38:49:10 SHEPPARD (CONT'D V/O): what's your position?

01:38:52:21 SHEPPARD (CONT'D): Ford!

01:38:54:17 (GUNFIRE)

01:39:09:05 (WRAITH GRUNTING)

01:39:11:23 SHEPPARD: Ah, damn it.

01:39:16:28 (EXPLOSION)

01:39:20:20 (GUNFIRE)

01:39:24:23 (WEAPON FIRE)

01:39:40:09 FORD: Keep fighting!

01:39:59:24 RONON: We can't hold them!

01:40:05:02 WEIR (V/O): And thanks to several modifications...

01:40:06:14 WEIR (CONT'D): the specifics of which are encrypted in this data burst, we believe we can streamline our power consumption a further 30%.

01:40:20:15 WEIR (CONT'D): Also, at the time of this transmission, Colonel Sheppard's team is still missing, and is... is presumed... Colonel Sheppard's team is still missing. End transmission.

01:40:39:25 TEYLA: Are you all right?

01:40:42:06 SHEPPARD: We're in a holding cell?

01:40:44:00 TEYLA: Yes.

01:40:45:29 SHEPPARD: On a hive ship.

01:40:47:17 TEYLA: Uh-huh.

01:40:48:23 SHEPPARD: Well, then, no, I'm not doing so good.

01:40:52:06 FORD (O/S): I can't believe...

01:40:53:06 FORD (CONT'D): you screwed up.

01:40:54:29 SHEPPARD: I did what?

01:40:56:16 FORD: You set off the alarm. You ruined the mission.

01:40:58:17 SHEPPARD: The Dart went on autopilot the second I got close to the hive. You're
lucky...

01:41:03:11 SHEPPARD (CONT'D O/S): I was able to get you out.

01:41:04:19 FORD: Well, why would it do that? Why would it go on autopilot?

01:41:07:26 SHEPPARD: That's what Jumpers do when they gate to Atlantis.

01:41:10:17 FORD: Well, why didn't you say something?

01:41:12:02 SHEPPARD: Why didn't I say something?

01:41:14:23 FORD: You want me to fail.

01:41:15:26 FORD (CONT'D O/S): You want me to look bad.

01:41:17:09 SHEPPARD (O/S): That's right, you snot-nosed brat.

01:41:19:11 SHEPPARD (CONT'D): I'd put my team's life on the line just to prove you wrong.

01:41:23:09 (FOOTSTEPS APPROACHING)

01:41:24:19 RONON: We got company.

01:41:35:01 WRAITH: Move away.

01:41:37:18 RONON: What do you want?

01:41:41:25 WRAITH: The one who flew the ship.

01:41:46:09 RONON: Why don't you start with me?

01:41:50:14 (STAFF BLAST)

01:41:51:19 SHEPPARD (O/S): Wait, wait, wait.

01:41:52:25 SHEPPARD (CONT'D): You want me.

01:41:57:14 (SNIFFING)

01:42:12:27 FORD: It's all right. There's always a way out.

01:42:16:22 RONON: If he dies... you die.

01:43:00:12 WRAITH HIVE QUEEN: Kneel...
