TEASER

01:01:10:09 WEIR: Hello?

01:01:25:25 FLETCHER: Good morning, Dr. Weir. I'm Dr. Adam Fletcher.

01:01:29:29 WEIR: Where am I?

01:01:30:22 FLETCHER: You're in the Acute Care Unit of Willoughby State Hospital.

01:01:37:20 WEIR: Willoughby. That's, um...that's a psychiatric hospital

01:01:40:18 FLETCHER: Outside D.C. Yes.

01:01:42:28 WEIR: I'm on Earth?

01:01:45:00 FLETCHER: Yes.

01:01:47:02 WEIR: When did I get back?

01:01:50:17 FLETCHER (O/S): You mean back to Earth?

01:01:52:16 FLETCHER (CONT'D): Dr. Weir, you never left.

ACT ONE

01:03:17:00 FLETCHER (O/S): You had just begun mediating a treaty for the U.N. when you collapsed mid-speech.

01:03:26:00 FLETCHER (CONT'D): You've been under a tremendous amount of stress recently.

01:03:30:15 FLETCHER (CONT'D O/S): The treaty negotiation was the final straw that triggered what is known as...

01:03:32:29 FLETCHER (CONT'D): A brief reactive psychosis.

01:03:35:10 FLETCHER (CONT'D O/S): I know you're confused.

01:03:39:00 FLETCHER (CONT'D): This type of disorder can be very frightening, but the good news is your condition is most likely transitory.

01:03:43:24 FLETCHER (CONT'D O/S): These episodes usually pass within a number of days.

01:03:48:15 WEIR: I'm sorry, but how did I get here?

01:03:51:26 FLETCHER: You were transported by ambulance to a hospital in D.C.--

01:03:55:09 WEIR (INTERRUPTING): No, I mean from Atlantis.

01:03:58:22 WEIR (CONT'D): I don't remember coming back.

01:04:02:11 FLETCHER: Atlantis?

01:04:04:14 WEIR: What's your security clearance?

01:04:08:06 FLETCHER: Did you want to talk to someone regarding the treaty?

01:04:11:16 FLETCHER (CONT'D O/S): The U.N. accord.

01:04:14:14 FLETCHER (CONT'D): Non-nuclear proliferation in North Africa.

01:04:17:24 FLETCHER (CONT'D O/S): That's what you were mediating when you collapsed.

01:04:22:05 WEIR: I negotiated that treaty well over two years ago.

01:04:26:00 FLETCHER (O/S): No...

01:04:27:08 FLETCHER (CONT'D): Three days ago.

01:04:29:14 FLETCHER (CONT'D O/S): Since then you've been here...

01:04:32:12 FLETCHER (CONT'D): In a severely depressed and near catatonic state.

01:04:35:17 WEIR: No.

01:04:37:14 WEIR (CONT'D O/S): No, I...

01:04:39:22 WEIR (CONT'D): Was in my office, and I was reading over a mission report, and...

01:04:47:01 WEIR (CONT'D): This...this can't be real.

01:04:50:00 FLETCHER (O/S): Dr. Weir...

01:04:50:19 FLETCHER (CONT'D): I assure you...

01:04:52:04 FLETCHER (CONT'D O/S): It is real.

01:04:55:07 WEIR: Okay. Okay, then, yes...

01:04:58:16 WEIR (CONT'D O/S): There is somebody I need to speak with...

01:05:01:08 WEIR (CONT'D): Regarding the treaty...right away.

01:05:13:19 WEIR: Oh, thank God. General O'Neill.

01:05:18:08 O'NEILL: Dr. Weir.

01:05:19:29 WEIR: Thank you so much for coming. Hopefully you'll be able to help sort out this
entire mess.

01:05:24:18 O'NEILL: Anything I can do to help.

01:05:28:20 O'NEILL (CONT'D): Would you like me to--

01:05:31:29 WEIR (INTERRUPTING): Oh, please.

01:05:33:02 O'NEILL: Sit?

01:05:37:01 WEIR: It is a relief just seeing a friendly face.

01:05:40:08 O'NEILL: Yeah, I was going for friendly.

01:05:44:26 WEIR: This is all very confusing for me. The last thing I remember, I was in
Atlantis and everything was fine, and next thing I know, I wake up here.

01:05:55:25 O'NEILL: Everything was...fine in...Atlantis?

01:06:02:12 WEIR: The problem is my memory. I have no memory of coming back.

01:06:07:02 WEIR (CONT'D): I don't know if I came through the stargate, or...

01:06:10:05 WEIR (CONT'D): Aboard the Daedalus, or...

01:06:12:07 WEIR (CONT'D): What?

01:06:14:22 O'NEILL: Oh, um...Dr. Weir, I'm not quite sure I'm qualified to be in this
conversation.

01:06:21:13 WEIR: Oh, please. You ran Stargate Command.

01:06:24:12 WEIR (CONT'D): You are probably the most...

01:06:26:00 WEIR (CONT'D): Qualified person on this planet.

01:06:27:20 O'NEILL: Yeah...okay.

01:06:31:00 WEIR: Why are you doing this?

01:06:32:07 O'NEILL (O/S): What?

01:06:33:07 O'NEILL (CONT'D): I'm not trying to do anything.

01:06:36:19 WEIR: If you don't know what I'm talking about, then you're not really Jack O'Neill.

01:06:40:22 O'NEILL: Oh, I'm Jack O'Neill, all right. That's the one thing in this conversation
I'm sure about.

01:06:46:01 O'NEILL (CONT'D): I met you a few months ago...

01:06:48:16 O'NEILL (CONT'D): When we first approached you to help broker this non-
proliferation treaty.

01:06:53:05 O'NEILL (CONT'D O/S): I don't know anything about Atlantis...

01:06:56:15 O'NEILL (CONT'D): Except that it was a fairly mediocre Donovan song, not one of
my favorites.

01:07:02:02 O'NEILL (CONT'D): Now, this Stargate...

01:07:05:00 O'NEILL (CONT'D): Program I'm supposed to have run--

01:07:07:02 WEIR: It's a facility inside Cheyenne Mountain, Colorado.

01:07:09:15 O'NEILL: That would be NORAD.

01:07:10:24 WEIR: It's underneath NORAD, yes.

01:07:13:13 O'NEILL: And the Stargate?

01:07:15:03 WEIR: It's a portal that allows intergalactic travel. The program has...

01:07:20:15 WEIR (CONT'D): Been in operation over ten years.

01:07:23:00 WEIR (CONT'D): You started the whole thing when you first encountered--

01:07:31:17 O'NEILL: What?

01:07:34:25 O'NEILL: Look...

01:07:35:14 O'NEILL (CONT'D): Why don't I get Dr. Fletcher in here?

01:07:37:13 WEIR: No, just...just leave.

01:07:41:24 WEIR (CONT'D O/S): Please.

01:07:43:20 O'NEILL: All right.

01:07:45:03 O'NEILL (CONT'D): Listen, for what it's worth, I hope you get better soon.

01:07:49:29 O'NEILL (CONT'D): We need you.

01:08:20:20 (GRUNTING)

01:08:22:29 WEIR: No! Let me go. No! Please let me go!

01:08:25:00 (CRASHING SOUND)

01:08:27:20 (CRASHING SOUND)

01:08:30:19 WEIR (O/S): Let me go! No!

01:08:35:05 WEIR (CONT'D): No!

01:08:36:24 WEIR (CONT'D SCREAMING): No!

01:08:56:19 FLETCHER: I've spoken with several people at the Pentagon. They assure me...

01:09:02:09 FLETCHER (CONT'D): That there is no such thing as the Stargate program...

01:09:05:23 FLETCHER (CONT'D): No Atlantis base in another galaxy, and no Department of
Homeworld Security.

01:09:14:22 FLETCHER (CONT'D): I'm sorry.

01:09:17:09 WEIR: So you're telling me that I dreamt up the last two years of my life?

01:09:23:02 FLETCHER: Sometimes when a person experiences a significant emotional trauma, their mind just decides to shut down to escape the pain.

01:09:32:29 WEIR: I have brokered dozens of treaties, many of them very stressful, yes, but none of them bad enough to cause "significant emotional trauma."

01:09:47:00 FLETCHER: The treaty negotiation was just the trigger point.

01:09:49:21 FLETCHER (CONT'D): We believe the actual trauma you suffered occurred three weeks ago.

01:09:57:12 FLETCHER (CONT'D): You were riding in a car with a man named Simon Wallace.

01:10:05:08 FLETCHER (CONT'D O/S): You remember Simon?

01:10:06:21 WEIR: Yes, of course I do. We're no longer in a relationship, but--

01:10:10:27 FLETCHER (O/S INTERRUPTING): You were coming home from dinner. A car ran a red light and broadsided you, impacting the driver's side door.

01:10:20:15 FLETCHER (CONT'D): Simon was killed instantly.

01:10:27:03 FLETCHER (CONT'D): You suffered only minor injuries in the crash...

01:10:30:09 FLETCHER (CONT'D): Made a quick recovery, but in the days...

01:10:33:02 FLETCHER (CONT'D): Following Simon's funeral, several of your colleagues
noticed your behavior changing...

01:10:37:26 FLETCHER (CONT'D O/S): Clear signs of depression, confusion.

01:10:41:26 WEIR: No.

01:10:43:09 FLETCHER (O/S): It culminated in your collapse at the negotiation.

01:10:46:20 WEIR: No. I'm sorry, I don't believe you.

01:10:50:00 FLETCHER (O/S): Sometimes...

01:10:50:16 FLETCHER (CONT'D): The mind's only way to cope with tragedy is to completely
erase it from memory...

01:10:55:22 FLETCHER (O/S CONT'D): And on rare occasions, supplant it with something
else.

01:10:58:06 FLETCHER (O/S CONT'D): In this case, something--

01:11:06:00 FLETCHER: You all right?

01:11:28:16 KATHERINE: Hello, sweetheart.

01:11:30:05 WEIR: Mom.

01:11:34:05 WEIR: I don't understand what's happening to me, Mom. I feel as if...as if I'm
asleep or...or I'm in a dream.

01:11:47:05 KATHERINE: Look at me. Do I look like a dream?

01:11:51:10 KATHERINE (CONT'D): Hmm? My hand...

01:11:54:19 KATHERINE (CONT'D): Does it feel like a dream?

01:12:00:25 WEIR: No...

01:12:03:18 WEIR (CONT'D): But neither did the last two years of my life.

01:12:06:20 WEIR (CONT'D): I just...I can't believe it was all a figment of my imagination.

01:12:13:24 KATHERINE: Give it time. The doctors here will help you get through this.

01:12:17:23 KATHERINE (CONT'D): The accident...

01:12:22:23 KATHERINE (CONT'D): Getting that phonecall was the worst night of my life.

01:12:27:01 KATHERINE (CONT'D): We all miss Simon terribly, but...I don't know what I'd do if
I lost you.

01:12:39:23 KATHERINE (CONT'D): Oh. Oh, wait. I have something.

01:12:45:00 KATHERINE (CONT'D): Your father's watch.

01:12:46:21 KATHERINE (CONT'D O/S): I found it a few months ago.

01:12:50:22 KATHERINE (CONT'D): He'd always meant to give it to you.

01:12:52:17 WEIR: I know. I mean...I mean, I took this with me...

01:13:09:28 KATHERINE: It's all right, sweetheart. You're safe now. You'll be fine. I'll make
certain of it.

01:13:50:20 WEIR: Hello?

01:14:17:00 (DEEP MOANING)

01:14:19:00 (WEIR SCREAMING)

01:14:22:25 FLETCHER: It's all right. It's all right. What's wrong?

END OF ACT ONE

ACT TWO

01:14:47:29 FLETCHER (O/S): I'm going to prescribe some additional medications for you. A mood stabilizer, an antidepressant...

01:14:53:27 FLETCHER (CONT'D): And also stronger...

01:14:56:12 FLETCHER (CONT'D O/S): Antipsychotic medications. These should...

01:14:59:02 FLETCHER (CONT'D): Help reduce the acute symptoms you're experiencing.

01:15:02:17 WEIR: Wipe out the last two years of my life.

01:15:06:20 FLETCHER (O/S): I talked with your mother.

01:15:08:03 FLETCHER (CONT'D): She told me how, as a child, you had a brief phase where you dreamed of being an astronaut.

01:15:13:24 FLETCHER (CONT'D O/S): She and your father even bought you a telescope for your 12th birthday.

01:15:17:19 WEIR: That's true.

01:15:19:06 FLETCHER: Sometimes childhood fantasies can offer a peaceful refuge from the harsh realities...

01:15:23:26 FLETCHER (CONT'D O/S): Of adult life.

01:15:27:16 WEIR: So you're saying when Simon died, my mind shut down and went to another galaxy?

01:15:33:18 FLETCHER: It traveled as far as it could to escape the pain.

01:15:36:22 WEIR: And in a matter of three days, I managed to live out an entire two years of my life?

01:15:42:18 FLETCHER: Time is relative in a dream state.

01:15:45:26 FLETCHER (CONT'D O/S): People live out entire lifetimes in the blink of an eye.

01:15:50:06 FLETCHER (CONT'D): Imagine you were in my position, listening to your story.

01:15:53:24 FLETCHER (CONT'D O/S): Traveling to another galaxy through a stargate, leading an expedition...

01:15:58:01 FLETCHER (CONT'D): To the lost city of Atlantis...would you believe it?

01:16:26:21 NURSE (O/S): Dr. Weir?

01:16:31:29 NURSE (CONT'D): Your medications.

01:16:37:13 WEIR: Thanks.

01:16:55:18 FLETCHER: Have you gone out to the garden today?

01:16:58:16 ENID: No. I was going to, but they were out there, so I decided it would be better to wait.

01:17:06:03 FLETCHER: The others?

01:17:07:06 ENID: Yes. Four of them.

01:17:10:08 FLETCHER: Did they see you?

01:17:11:09 ENID: Of course. They were waiting for me.

01:17:14:00 FLETCHER: Did you speak to them?

01:17:15:13 ENID: Yes.

01:17:16:13 ENID (CONT'D O/S): I told them what you told me...

01:17:18:17 ENID (CONT'D): To say...that...

01:17:20:12 ENID (CONT'D): My blood isn't theirs for the taking.

01:17:23:28 FLETCHER: Good for you, Enid.

01:17:25:06 FLETCHER (CONT'D O/S): That was very brave.

01:17:27:00 WEIR: Excuse me?

01:17:29:21 WEIR (CONT'D): What others?

01:17:31:17 ENID: The invaders, dear, from one of the moons...

01:17:34:06 ENID (CONT'D O/S): Of Saturn.

01:17:36:05 ENID (CONT'D): They're cold blooded, you see...

01:17:38:05 ENID (CONT'D O/S): So they need our warm blood for theirs.

01:17:41:00 ENID (CONT'D): You have to be very careful.

01:17:43:23 ENID (CONT'D O/S): Dr. Fletcher doesn't think they're real...

01:17:47:08 ENID (O/S CONT'D): But I know the truth.

01:17:51:16 FLETCHER (O/S): Dr. Weir...

01:17:51:27 FLETCHER (CONT'D): Would you like to speak next?

01:17:53:21 FLETCHER (CONT'D): Perhaps you can tell the group about your experience in
Atlantis.

01:17:58:00 WEIR: No.

01:17:59:13 FLETCHER: Sometimes when we share these experiences--

01:18:02:03 WEIR (INTERRUPTING): I said...no.

01:18:39:24 (GASPING)

01:18:45:05 (LOW MOANING)

01:18:56:24 WEIR (WHISPERING): Go away.

01:19:02:25 (LOW MOANING)

01:19:12:26 WEIR (SCREAMING): Go away!

01:19:51:08 WEIR: Hello.

01:19:51:25 FLETCHER: Hi.

01:19:53:16 WEIR: Please. Will I ever remember the accident?

01:20:06:06 FLETCHER: I don't know.

01:20:07:06 FLETCHER (CONT'D): Often in cases like this, the memory of the trauma never returns. Maybe it's the mind protecting itself.

01:20:15:20 WEIR: I suppose that's a good thing, really. I mean, there's pain enough, even without remembering it.

01:20:25:14 WEIR (CONT'D): What?

01:20:26:29 FLETCHER: It's just you're doing great.

01:20:30:01 FLETCHER (CONT'D): I'm impressed. You're sleeping well?

01:20:35:29 WEIR: Yes. I'm sleeping better than I can remember.

01:20:39:09 FLETCHER: Good.

01:20:40:00 FLETCHER (CONT'D): I think you're ready.

01:20:42:04 WEIR: Ready?

01:20:56:12 FLETCHER: Well...

01:20:56:22 FLETCHER (CONT'D): Is it how you remember it?

01:20:58:15 WEIR: It's exactly how I remember it.

01:21:06:11 WEIR: Oh, Sedgewick. Hey, sweetie! Hey!

01:21:10:02 KATHERINE: Welcome home, sweetheart.

01:21:27:00 O'NEILL (O/S): Hello, hello.

01:21:29:19 WEIR: General.

01:21:30:29 O'NEILL (O/S): Enough with the "General," okay?

01:21:31:27 O'NEILL (CONT'D): It's Jack.

01:21:33:00 WEIR: Ah...

01:21:33:21 WEIR (CONT'D): But which Jack is it?

01:21:35:24 O'NEILL: What?

01:21:37:17 WEIR: I'm sorry. I was just trying to have some fun at my own expense.

01:21:41:09 WEIR (CONT'D): Too soon, maybe.

01:21:43:12 O'NEILL: So, are you all settled back in?

01:21:46:18 WEIR: Getting there.

01:21:48:12 O'NEILL (O/S): So I hear you're going back to teaching.

01:21:51:22 WEIR: Yeah, my poli-sci class at Georgetown. They're holding it open for me for
the fall.

01:21:56:17 O'NEILL: Have you given any thought to coming back to the negotiating table?

01:22:01:18 O'NEILL (CONT'D): That non-proliferation treaty...you kind of left us hanging mid-sentence there. It'd sure be nice to hear the punchline someday.

01:22:15:10 WEIR: And the U.N. would be okay with that?

01:22:17:15 O'NEILL (O/S): Not just okay.

01:22:18:29 O'NEILL (CONT'D): They're insisting.

01:22:22:11 WEIR: Really?

01:22:24:06 O'NEILL: When you're the best, you're the best, even if you've had a little...setback, so to speak...he said awkwardly.

01:22:40:00 O'NEILL (CONT'D O/S): It's only if you feel...

01:22:41:03 O'NEILL (CONT'D): You're ready to go back.

01:22:45:18 WEIR: Well, actually, yeah, I think I am.

01:23:06:26 WEIR (WHISPERING): Hey. It's good to be home.

01:23:56:29 SHEPPARD: What've you got, Doc?

01:23:59:25 BECKETT: It's getting worse.

01:24:01:07

BECKETT (CONT'D): It's not just her brain anymore. They're spreading
throughout her body. We're losing her.

END OF ACT TWO

01:24:55:14 BECKETT (CONT'D): I don't think there's enough of them to survive on their own.

01:24:58:22 BECKETT (CONT'D): They need Elizabeth's body as raw material.

01:25:02:08 MCKAY: So they're attempting to assimilate her, to transform her into one of them?

01:25:05:18 BECKETT: Until they can reach sufficient numbers to form a viable independent entity, I would say so, yes.

01:25:10:04 TEYLA: And this is how they replicate?

01:25:11:27 BECKETT: I doubt it's their normal way. It may well be a last-ditch attempt to survive.

01:25:15:04 RONON: How do we stop them?

01:25:16:07 SHEPPARD: EMP. Maybe we can hit 'em with the electromagnetic pulse like we did last time.

01:25:20:17 BECKETT: I'm afraid we're well beyond that possibility now...

01:25:22:12 BECKETT (CONT'D O/S): Colonel.

01:25:23:17 BECKETT (O/S CONT'D): The nanites have literally bonded to neurons and other cells...

01:25:26:19 BECKETT (CONT'D): Throughout her central nervous system. If we attempt to
disable them...

01:25:29:06 BECKETT (CONT'D): We'll likely end up killing her along with them.

01:25:32:07 TEYLA: Then how do we help her?

01:25:33:23 BECKETT (O/S): In a petri dish...

01:25:35:09 BECKETT (CONT'D): Her white blood cells attack individual nanites as though
they were a bacterium or a virus, quite successfully...

01:25:41:01 BECKETT (CONT'D): But for some reason inside her body, there's almost no
immune response whatsoever.

01:25:44:25 BECKETT (CONT'D O/S): It's as if the nanites themselves have convinced her
immune system...

01:25:47:25 BECKETT (CONT'D): That they present no threat.

01:25:49:04 SHEPPARD: How do they do that?

01:25:50:07 BECKETT: I have no idea.

01:25:51:22 BECKETT (CONT'D O/S): I've begun administering drugs...

01:25:53:25 BECKETT (CONT'D): To help boost her immunities.

01:25:56:15 SHEPPARD: Doesn't seem to be working.

01:25:57:20 BECKETT (O/S): Not yet.

01:25:58:20 BECKETT (CONT'D): I've just increased the dosage.

01:26:00:19 BECKETT (CONT'D O/S): For the moment...

01:26:02:18 BECKETT (CONT'D): We're losing this battle.

01:26:16:01 O'NEILL: Hey! Right on time. You all set?

01:26:19:14 WEIR: I think so.

01:26:20:24 O'NEILL: Did you get some sleep?

01:26:21:19 WEIR: Yes. But still, I've been really tired lately.

01:26:25:08 O'NEILL: Well, maybe you've got to work yourself back into playing shape.

01:26:28:09 O'NEILL:(CONT'D): Spend a little time...

01:26:29:19 O'NEILL:(CONT'D): Doing some short shifts before you jump...

01:26:31:09 O'NEILL:(CONT'D): Up to the first line.

01:26:33:07 WEIR: I'm sorry. I don't know a thing about football.

01:26:37:19 O'NEILL: Nor hockey, apparently. Thanks.

01:26:43:11 WEIR: It's strange, Jack. I'm...I feel kind of numb.

01:26:48:04 O'NEILL: You know, I feel like that all the time.

01:26:50:01 WEIR: I'm serious.

01:26:51:16 O'NEILL: Did you talk to Dr. Fletcher about it?

01:26:52:24 WEIR: Yes.

01:26:53:29 WEIR (CONT'D): He said it's probably just my medications. He's going to adjust
the doses, dial them back, see if that helps.

01:26:59:11 O'NEILL: Probably just a matter of balance, then, eh?

01:27:01:05 O'NEILL (CONT'D): All right.

01:27:03:05 O'NEILL (CONT'D): Now, just to be sure we're on the same page, we're against
the proliferation of nuclear weapons, right?

01:27:10:01 WEIR: Got it.

01:27:24:02 SHEPPARD: Do you think she's aware we're here?

01:27:26:15 MCKAY: How can she be? She's unconscious.

01:27:31:18 BECKETT: You may be right. You could try talking to her. Tell her to keep fighting.

01:27:37:04 MCKAY: And that will help exactly how?

01:27:39:00 BECKETT: In a coma, one's sense of hearing is the last thing to go and the first thing to return.

01:27:43:05 BECKETT (CONT'D): There are many cases where patients were actually able...

01:27:45:09 BECKETT (CONT'D O/S): To hear others talking to them in their rooms.

01:27:46:20 MCKAY: And were these comas also caused by nanites invading people's bodies? Hmm?

01:27:49:11 BECKETT (O/S): No, Rodney...

01:27:50:25 BECKETT (CONT'D): But there are indications that she's thinking.

01:27:53:00 SHEPPARD (O/S): You mean "dreaming."

01:27:53:16 BECKETT: More than that.

01:27:54:23 BECKETT (CONT'D): Her mind is extremely active for someone in a coma. Her EEG reads almost as if she were going about her daily life...

01:28:01:21 BECKETT (CONT'D O/S): Which suggests she may well be able to hear us.

01:28:04:25 SHEPPARD: What the hell are they doing to her?

01:28:07:04 BECKETT (O/S): I wish I knew.

01:28:08:16 BECKETT (CONT'D): The immune-boosting drugs are having no effect.

01:28:15:05 SHEPPARD: Aggressive little bastards.

01:28:19:10 MCKAY: What?

01:28:20:10 BECKETT: What?

01:28:21:10 MCKAY: Well, it's that look. That's the same look I get when I have a brilliant idea.

01:28:24:00 SHEPPARD (O/S): How would you know...

01:28:24:17 SHEPPARD (CONT'D): How you looked?

01:28:25:27 MCKAY: 'Cause it's happened more than once in front of a mirror, okay? Carson, what is it?

01:28:29:02 BECKETT: I don't know about "brilliant," but it just might...excuse me.

01:28:34:19 MCKAY: What are you doing?

01:28:37:20 SHEPPARD: You know, if Carson's right, and you can hear me, I suppose I
should say something profound. Okay, I'm not so good at profound, but
you should know we're doing everything we can to get you through this.

01:29:12:03 (PILLS CLATTERING TO THE FLOOR)

01:29:25:29 SHEPPARD (CONT'D): These, these nanites, I don't know what they're putting
you through, I don't know what they're doing to you, but...don't let 'em get
to you.

01:29:40:12 SHEPPARD (CONT'D): We're doing everything we can to bring you back, but
you've got to do your part. You've got to fight this.

01:29:52:28 (TOILET FLUSHING)

01:29:58:23 FLETCHER: I'm sure this is just a result of the adjustment I made to your
medications. I think I may have dialed them back too far.

01:30:06:18 FLETCHER (CONT'D): It's all a question of balance.

01:30:11:00 WEIR: That's what General O'Neill said.

01:30:13:03 FLETCHER: Hmm? Yes. Well, he's right.

01:30:17:00 FLETCHER (CONT'D O/S): Don't worry.

01:30:17:12 FLETCHER (CONT'D): We'll get you back to normal.

01:30:21:11 MALE VOICE (V/O MUTTERING): Elizabeth, Elizabeth...

01:30:27:13 (GASPING)

01:30:29:04 WEIR: What do you want?

01:31:08:12 WEIR: No! Wait! No!

01:31:11:01 WEIR (SHOUTING): Let go of me! No!

END OF ACT THREE

ACT FOUR

01:31:44:10 O'NEILL (O/S): Hey.

01:31:48:00 O'NEILL (CONT'D): How're you feeling?

01:31:53:15 WEIR: Why am I back here?

01:31:56:01 O'NEILL: They're worried.

01:31:57:12 O'NEILL (CONT'D): Frankly, so am I.

01:32:03:04 O'NEILL (CONT'D): Look, obviously, I've been pushing you a little hard on this...

01:32:06:26 O'NEILL (CONT'D O/S): Treaty thing--

01:32:08:06 WEIR (INTERRUPTING): No...I feel fine.

01:32:10:28 O'NEILL (O/S): Well, you're not.

01:32:12:24 O'NEILL (CONT'D): You're going to be here until you get better.

01:32:25:10 MCKAY (V/O): Okay...

01:32:25:28 MCKAY (CONT'D): We think we've found a way to uncouple the nanite cells from
Elizabeth's cells.

01:32:31:19 BECKETT: We?

01:32:31:10 TEYLA: How?

01:32:32:28 MCKAY: We create a distraction.

01:32:37:00 BECKETT: It finally occurred to me why I wasn't having any success--

01:32:40:14 MCKAY (INTERRUPTING): What were the nanites originally designed to do?

01:32:42:08 RONON: Fight the Wraith.

01:32:43:02 MCKAY (O/S): Exactly. So...

01:32:44:02 MCKAY (CONT'D): That's what we'll get them to do now.

01:32:45:15 BECKETT: We think by implanting a small amount of Wraith tissue into Dr. Weir's
body--

01:32:48:15 MCKAY (INTERRUPTING): Like a tumor.

01:32:49:18 BECKETT: A small tumor, yes--the nanite cells will essentially--

01:32:53:00 MCKAY (INTERRUPTING): They'll attack it--they have to--that's what they're
programmed to do, which will draw them away from Elizabeth's cells,
effectively unbinding them.

01:34:34:22 WEIR (CONT'D): From Earth to Atlantis.

01:34:36:28 O'NEILL: Dialing sequence? Like a phone number?

01:34:38:27 WEIR: Look, I know you think I'm delusional, but I can't shake the overpowering
feeling that something--or someone--is trying to communicate with me.

01:34:49:26 FLETCHER: And what are they trying to say?

01:34:52:23 WEIR: That Atlantis is real. And that I have to get back there.

01:34:59:18 O'NEILL (O/S): And...

01:34:59:28 O'NEILL (CONT'D): So...we're the fantasy?

01:35:05:24 WEIR: Yes.

01:35:07:19 O'NEILL (O/S): You know...

01:35:07:29 O'NEILL (CONT'D): I don't mind being fantasized about occasionally, but...

01:35:12:02 O'NEILL (CONT'D O/S): Come on.

01:35:13:20 O'NEILL (CONT'D): We're right here.

01:35:15:03 FLETCHER: How would you get there?

01:35:16:23 WEIR: Go to Stargate command--

01:35:21:15 O'NEILL: So now you just want to waltz into NORAD, is that it?

01:35:23:02 WEIR: I know what you told me!

01:35:25:12 WEIR (CONT'D O/S): But I also...

01:35:27:10 WEIR (CONT'D): Know what I feel. Atlantis is real. And I will get back there.

01:35:35:07 BECKETT: And it's working.

01:35:41:00 RONON (O/S): They're moving fast.

01:35:42:14 BECKETT (O/S): Aye. Get ready with the EM pulse.

01:35:44:03 MCKAY: I'm ready on your mark.

01:35:46:15 BECKETT: And...now!

01:35:50:08 (BLAST)

01:35:53:27 SHEPPARD: I thought you said--

01:35:58:09 TEYLA: It worked!

01:35:59:14 MCKAY: Carson, you might be an absolute--

01:36:01:00 BECKETT: Oh no...

01:36:01:29 BECKETT (CONT'D O/S): We didn't get them all.

01:36:04:21 TEYLA: How is that possible?

01:36:06:10 BECKETT: I don't bloody know.

01:36:09:17 MCKAY: They've been using organic material to replicate, which has rendered
them immune to the EM pulse.

01:36:13:26 RONON: So now what?

01:36:15:06 BECKETT: They've started replicating again...

01:36:23:00 FLETCHER: You spit out your pills again, didn't you?

01:36:27:07 FLETCHER (CONT'D): You disappoint me, Elizabeth.

01:36:29:12 WEIR: The pills are not going to help me.

01:36:31:10 FLETCHER: Not if you won't let them.

01:36:33:16 FLETCHER (CONT'D O/S): You leave me no other choice.

01:36:37:22 (SCREAMING)

01:36:38:11 WEIR: No!

01:36:49:27 WEIR (CONT'D): Don't do this.

01:36:54:10 FLETCHER: This will hurt.

END OF ACT FOUR

ACT FIVE

01:37:16:17 TEYLA (O/S): What do we...

01:37:16:27 TEYLA (CONT'D): Do now?

01:37:18:00 SHEPPARD: Zap her again. Keep it up until they're gone.

01:37:20:23 BECKETT (O/S): A significant number...

01:37:21:12 BECKETT (CONT'D): Of nanites have migrated into the arteries that supply blood
flow to the higher functions of her brain.

01:37:25:27 RONON: They're telling us...

01:37:26:27 RONON (CONT'D O/S): They can kill her if they want to.

01:37:28:05 BECKETT: Nurse, switch her over to 100% oxygen, stat, and start her on
norepinephrine, five mics per minute.

01:37:31:08 BECKETT (CONT'D O/S): Reducing blood flow...

01:37:33:21 BECKETT (CONT'D): To those parts of her brain will put her into a state of
cerebral hypoxia.

01:37:36:12 TEYLA: What will that do?

01:37:38:00 MCKAY: Render her essentially brain dead, which makes no sense.

01:37:41:07 SHEPPARD: Unless she's fighting it.

01:37:45:01 SHEPPARD (CONT'D): It's the only thing that makes sense. The replicators see us as organic machines. They're trying to take control of the machine they're in.

01:37:53:27 BECKETT: You mean replace Elizabeth's consciousness?

01:37:55:28 SHEPPARD (O/S): Maybe when we zapped her with the EMP...

01:37:59:00 SHEPPARD (CONT'D): We killed enough of them to even out the odds, gave her a fighting chance to stop them.

01:38:03:20 MCKAY: Whoa, reality check--there are microscopic robots in her brain. How does she fight that?

01:38:09:19 SHEPPARD: You said her mind was active, like she was thinking, reacting...

01:38:10:23 SHEPPARD (CONT'D O/S): Living her life.

01:38:12:16 SHEPPARD (CONT'D): What if this was the only way they could get to her?

01:38:16:11 SHEPPARD (CONT'D): What if they're trying to force her to give up.

01:38:18:28 TEYLA: A battle of wills?

01:38:19:28 SHEPPARD: Exactly.

01:38:23:06 BECKETT: Her neural activity supports Colonel Sheppard's hypothesis.

01:38:27:00 MCKAY: So, what, we can't do anything?

01:38:28:04 BECKETT: I can increase the oxygen levels in her blood to give her a little more
time, but yes...she's on her own.

01:38:35:13 SHEPPARD (O/S): No...

01:38:35:23 SHEPPARD (CONT'D): She's not.

01:38:41:14 SHEPPARD (CONT'D): You're not alone, Elizabeth. We're right here with you...

01:38:43:14 SHEPPARD (CONT'D): And you have to fight this.

01:38:46:21 (GASPING)

01:38:49:20 (SHOUTING)

01:39:42:21 O'NEILL: Dr. Weir.

01:39:45:06 O'NEILL (CONT'D O/S): It's okay.

01:39:47:20 O'NEILL (CONT'D): You're safe now.

01:39:49:26 WEIR: Where am I?

01:39:50:28 O'NEILL: Stargate Command.

01:39:54:20 O'NEILL (CONT'D O/S): It's okay.

01:39:56:05 O'NEILL (CONT'D): Follow me.

01:39:58:15 MALE VOICE (V/O): Elizabeth.

01:40:02:16 MALE FIGURE (CONT'D): Don't listen to him.

01:40:03:26 O'NEILL: What's wrong?

01:40:05:28 MALE FIGURE: This way.

01:40:12:16 O'NEILL: I'm not going to hurt you.

01:40:14:08 WEIR: The hell you aren't.

01:40:30:15 BECKETT: They've begun to spread faster. We're losing her.

01:40:33:05 SHEPPARD: Not yet we're not.

01:40:35:05 MCKAY: What're you doing?

01:40:36:17 MCKAY (CONT'D O/S): What are you, crazy? She could infect you!

01:40:39:13 SHEPPARD (O/S): Elizabeth.

01:40:42:22 WEIR: John!

01:40:44:26 SHEPPARD: You've been infected by nanites.

01:40:47:18 SHEPPARD (CONT'D O/S): They're trying to take control of your mind and body--

01:40:50:12 SHEPPARD (O/S CONT'D): Don't let them do it.

01:40:52:23 SHEPPARD (CONT'D): You have to fight them. So fight.

01:40:57:11 O'NEILL: Elizabeth.

01:40:59:08 O'NEILL (CONT'D): You have to come with us.

01:41:03:27 O'NEILL (CONT'D): I'm sorry.

01:41:05:15 SHEPPARD: You know which way you have to go...

01:41:08:20 SHEPPARD (CONT'D): Run.

01:41:13:05 (GUNFIRE)

01:41:17:09 BECKETT (O/S): Get him out of there!

01:41:20:16 BECKETT (CONT'D): Put him into isolation and run a scan immediately.

01:41:30:25 (STARGATE ACTIVATING)

01:41:42:01 O'NEILL: I can't let you go.

01:41:43:04 WEIR: You're not General O'Neill.

01:41:45:05 FLETCHER: Elizabeth, listen to me--

01:41:47:22 WEIR (INTERRUPTING): You see that? That's the stargate. And yes, leaving is
exactly what I plan to do.

01:41:52:24 FLETCHER: I won't let you go.

01:41:54:17 WEIR: You can't stop me.

01:41:56:10 NIAM: On the contrary. I already have.

01:42:01:20 NIAM (CONT'D): I've made your friend disappear...

01:42:01:20 NIAM (CONT'D): Haven't I?

01:42:03:11 NIAM (CONT'D O/S): That's right.

01:42:04:25 NIAM (CONT'D): He can't help you now. And you can't possibly get past me.

01:42:09:27 NIAM (CONT'D O/S): So you see...

01:42:10:27 NIAM (CONT'D): You've lost.

01:42:32:21 WEIR: Where am I?

01:42:34:12 TEYLA: The infirmary. How are you feeling?

01:42:41:24 WEIR: I'm back in Atlantis?

01:42:43:10 BECKETT: You never left.

01:43:04:20 SHEPPARD: You're still up, huh?

01:43:06:14 WEIR: Oh, hey.

01:43:07:29 WEIR (CONT'D): Yeah, I wasn't all that keen to go back to sleep just yet.

01:43:11:27 SHEPPARD: Understandable.

01:43:13:27 WEIR: I'm glad to see you've been released from quarantine.

01:43:15:22 SHEPPARD: Yeah. Well, I guess the nanites were too focused on you to spread
to me.

01:43:24:18 WEIR: I now realize just how insidious they really are...I mean, if such a small number of them could do that to me--

01:43:31:12 SHEPPARD (INTERRUPTING): Let's just take it...

01:43:31:22 SHEPPARD (CONT'D): As a win right now.

01:43:33:21 WEIR: All right.

01:43:35:02 WEIR (CONT'D): Still, I can't believe I was only out for five hours.

01:43:38:06 SHEPPARD: Felt longer, huh?

01:43:40:14 WEIR: Yes. A lifetime.

01:43:45:23 SHEPPARD: Well, it's good to have you back in the real world.

01:43:49:09 SHEPPARD (CONT'D): At least I think it's the real world...

01:43:51:28 SHEPPARD (CONT'D): I could be infected right now, which makes me the one--

01:43:54:14 WEIR (INTERRUPTING): John...

01:43:55:26 WEIR (CONT'D): Don't.

01:43:57:20

SHEPPARD: Sorry.
