TIMECODE DIALOGUE

START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

RECAP

01:00:00:20 MCKAY (V/O): Previously on Stargate Atlantis...

01:00:02:14 WEIR (V/O): Where are we going?

01:00:03:21 NIAM: Atlantis.

01:00:04:23 NIAM (CONT'D O/S): Our intention...

01:00:05:24 NIAM (CONT'D): is to destroy it.

01:00:06:23 WEIR: Why?

01:00:09:03 NIAM: Retribution.

01:00:15:29 MCKAY (V/O): It's an Ancient warship.

01:00:19:14 HELIA (V/O): The city is now under...

01:00:20:09 HELIA (CONT'D): my control.

01:00:21:11 WOOLSEY: They needed to know how much time we needed to vacate the city.

01:00:24:28 O'NEILL: I said 48 hours.

01:00:26:21 WOOLSEY (V/O OVER MONITOR): The Pegasus replicators are heading back to
Atlantis.

01:00:29:23 O'NEILL (V/O OVER MONITOR): Atlantis is under attack from replicators.

01:00:33:19 O'NEILL (V/O OVER MONITOR CONT'D O/S): Request immediate evacuation!

01:00:35:00 WOOLSEY (V/O OVER MONITOR): They're coming!

01:00:36:15 SHEPPARD (O/S): General O'Neill and Woolsey...

01:00:37:26 SHEPPARD (CONT'D): may still be alive. I know this city like the back of my
hand.

01:00:40:08 SHEPPARD (CONT'D O/S): Just give me 60 marines and some of Colonel
Carter's...

01:00:42:12 SHEPPARD (CONT'D): new, um...

01:00:43:14 MCKAY: Anti-replicator weapons.

01:00:44:16 SHEPPARD: Yeah, those things.

01:00:45:21 LANDRY (O/S): I'm sorry, Colonel.

01:00:46:24 LANDRY (CONT'D): I have standing orders.

01:00:48:00 LANDRY (CONT'D O/S): The Daedalus will be there...

01:00:49:11 LANDRY (CONT'D): in a little under four days.

01:00:51:03 MCKAY: We need one of us to be added to the authorized personnel list, and
there's only one guy who can do that.

01:00:55:03 LEE: I've got to say, I've never met a woman this into World of Warcraft.

01:00:59:18 LANDRY: Colonel Sheppard, stand down!

01:01:02:07 SHEPPARD (O/S): I'll be damned if I'm going to let a bunch of replicators...

01:01:04:28 SHEPPARD (CONT'D): take our home away from us.

END OF RECAP

TEASER

01:01:15:00 (SOUND OF METAL PIECES FALLING)

01:01:22:10 WOOLSEY: General?

01:01:27:25 WOOLSEY (CONT'D): General?

01:01:29:10 O'NEILL (O/S): And if I'm a replicator?

01:01:33:05 WOOLSEY: Then I've just exposed my position.

01:01:34:29 O'NEILL: Again.

01:01:36:21 WOOLSEY: I'm sorry. I'm not very good at this.

01:01:40:20 O'NEILL: Here.

01:01:42:00 WOOLSEY: Thank God. I'm starving.

01:01:48:15 WOOLSEY (CONT'D): Was this all you could find?

01:01:50:25 O'NEILL: No, actually, there was a lovely buffet.

01:01:53:07 WOOLSEY: How did the recon go?

01:01:56:15 O'NEILL: Well, the Stargate OPs is crawling with them. There's no way we're going to get across to the jumper bay.

01:02:02:17 WOOLSEY: Are they looking for us?

01:02:04:08 O'NEILL: I plum forgot to ask.

01:02:06:20 WOOLSEY: Well... as long as the lifesigns detectors aren't working in these damaged areas, we should be able to hold out until they rescue us.

01:02:17:08 O'NEILL: Uh, Richard... There's not going to be a rescue.

01:02:23:00 WOOLSEY: What?

01:02:24:06 O'NEILL: Landry has standing orders to nuke the city if there's any sign of a foothold situation.

01:02:29:01 WOOLSEY: What kind of a standing order is that?

01:02:31:21 O'NEILL: Mine.

01:02:33:18 (WORMHOLE OPENING)

01:02:36:14 TALUS: What's happening? Activate the shield.

01:02:39:22 CETUS: I can't.

01:02:43:18 MCKAY (V/O): That's confirmation.

01:02:44:17 MCKAY (CONT'D): The gate's shield is lowered.

01:02:45:23 SHEPPARD: I hope this little plan of ours works.

01:02:48:08 MCKAY: Yeah, you and me both.

01:03:06:25 REPLICATOR: Ah!

01:03:07:00 (WEAPON FIRE)

01:03:10:27 SHEPPARD (INTO RADIO): Authentication code-- alpha-six delta-charlie-niner.

01:03:13:27 SHEPPARD (V/O OVER RADIO): General O'Neill, Woolsey, do you copy?

01:03:15:19 O'NEILL (INTO RADIO): Sheppard? Is that you?

01:03:17:06 SHEPPARD (V/O OVER RADIO): Yes, sir.

01:03:18:11 SHEPPARD (CONT'D INTO RADIO): I need to know if you're anywhere near
Stargate operations.

01:03:21:07 O'NEILL (INTO RADIO): No, we're not.

01:03:22:12 SHEPPARD (V/O OVER RADIO): That's good.

01:03:23:16 SHEPPARD (CONT'D INTO RADIO): Can't talk right now, sir. Get back to you in a couple of hours. Sheppard out.

01:03:27:04 SHEPPARD (CONT'D): Drop the package.

01:03:29:00 MCKAY (O/S): Package is away.

01:03:30:19 SHEPPARD: Hold on!

01:03:31:25 (WEAPON FIRE)

01:03:39:09 TALUS: Follow me.

01:03:42:11 (ALARM ON PACKAGE BEEPING)

01:03:51:25 (EXPLOSION)

01:04:05:03 SHEPPARD: That went well.

END OF TEASER

ACT ONE

01:05:33:21 WOOLSEY: That sounded like an explosion.

01:05:35:19 O'NEILL: Because it was.

01:05:38:12 WOOLSEY: Is Sheppard attacking the city?

01:05:41:10 O'NEILL: He'd better be.

01:05:44:29 WOOLSEY: Why can't he get back to us for two hours?

01:05:48:20 O'NEILL: I don't know.

01:05:54:13 HARRIMAN (V/O): It's coming up on...

01:05:55:13 HARRIMAN (CONT'D): 2300 hours, sir.

01:05:56:23 LANDRY: I can see that, Chief.

01:05:58:18 HARRIMAN: Yes, sir.

01:05:59:23 LANDRY: I have to assume Sheppard heard my message and chose to ignore it.

01:06:03:10 HARRIMAN: There's no way to be 100% certain, sir, but--

01:06:04:28 LANDRY: He heard me, all right. They're already in Pegasus, doing goodness knows what... which leaves me no choice but to lock out their IDCs and invalidate their personal authentication codes.

01:06:15:17 HARRIMAN: But, sir, if they're...

01:06:16:23 HARRIMAN (CONT'D O/S): successful in rescuing--

01:06:18:06 LANDRY: We have no way of knowing whether they've been successful or if they've been...

01:06:20:23 LANDRY (CONT'D O/S): compromised. I have my standing orders...

01:06:23:07 LANDRY (CONT'D): and I'm damn well going to follow them.

01:06:25:02 LANDRY (CONT'D O/S): Now, when you're done locking out those IDCs...

01:06:28:11 LANDRY (CONT'D): have Dr. Lee report to my office.

01:06:30:26 HARRIMAN (O/S): Yes, sir.

01:06:39:06 MCKAY: It was good to be back, however briefly.

01:06:42:11 BECKETT: I feel like I'm going to be ill.

01:06:43:25 RONON: Don't be.

01:06:45:06 WEIR: Just take some deep breaths, Carson.

01:06:48:26 TEYLA: Should we not have informed General O'Neill of our plan?

01:06:51:03 SHEPPARD: He knows we're here. We'll contact him again as soon as we get closer to the city.

01:06:54:28 MCKAY: Well, that is going to be easier said than done. With all those hits we took, it's going to be impossible for me to convert the shield back into a cloak.

01:07:00:15 SHEPPARD: By "impossible" you mean?

01:07:02:08 MCKAY: I mean "not possible." What do you think I mean?

01:07:04:02 SHEPPARD: Yeah, well, hopefully we took out the sensors when we blew the tower.

01:07:08:05 WEIR: Well, you said they could rebuild remarkably fast.

01:07:10:23 WEIR (CONT'D O/S): How long before they restore critical systems?

01:07:13:01 MCKAY: A couple of hours.

01:07:14:20 SHEPPARD: Then there's the painting and redecorating.

01:07:17:02 MCKAY (O/S): If we time this...

01:07:18:18 MCKAY (CONT'D): right, this could work to our advantage.

01:07:21:28 (BEEPING)

01:07:24:16 SHEPPARD: Got him.

01:07:26:04 SHEPPARD (CONT'D O/S): Right where we left him.

01:07:27:18 MCKAY: That's him.

01:07:29:14 RONON: Who else would it be?

01:07:30:20 MCKAY: True. Power levels are barely registering. It's no wonder the replicators
didn't find him.

01:07:35:02 SHEPPARD: All right, I'll swing around and pick him up. Watch yourselves. I'm
closing the bulkhead.

01:07:50:12 TEYLA: Will we not be vulnerable to the same nanovirus with which Niam infected
Elizabeth?

01:07:55:17 BECKETT (O/S): He's been floating in space for over a month now.

01:07:57:28 BECKETT (CONT'D): Existing in such a harsh environment. Direct solar
radiation...

01:08:01:00 BECKETT (CONT'D O/S): has severely diminished his power levels.

01:08:03:11 BECKETT (CONT'D): We're fairly certain he's almost completely incapacitated.

01:08:06:11 RONON: Is he dead?

01:08:07:15 MCKAY (O/S): As in mostly dead.

01:08:09:14 MCKAY (CONT'D): Besides, we don't have a choice. He's the key to our whole
plan.

01:08:13:07 WEIR: All right, but if he even twitches...

01:08:16:07 RONON: Don't worry.

01:08:16:15 WEIR: Thank you.

01:08:18:20 SHEPPARD: Got him. Closing the rear hatch. Take the seat.

01:08:25:20 BECKETT: The compartment's repressurized.

01:08:39:06 MCKAY: Okay.

01:08:51:07 MCKAY (CONT'D): Okay...

01:08:52:12 MCKAY (CONT'D O/S): Okay, this is good. His power levels are minimal...

01:08:55:19 MCKAY (CONT'D): but not too minimal. I'm fairly sure he doesn't have the juice to
regain consciousness.

01:09:00:04 MCKAY (CONT'D): Whoa!

01:09:05:09 MCKAY (CONT'D): I was fairly sure...

01:09:06:18 SHEPPARD: Just load the program.

01:09:14:18 TALUS (V/O): Repairs are underway in Stargate operations...

01:09:17:03 TALUS (CONT'D): but we have lost all main sensors.

01:09:19:06 CETUS: We're trying to route all the telemetry through these terminals, but they
were not designed to take on so many systems.

01:09:24:26 TALUS: We have stationed several observers around the city. If the gateship
returns, we will detect it visually.

01:09:29:01 CETUS: They communicated briefly with someone within the city. We'll send
search parties here and here...

01:09:35:11 TALUS: All of the Ancients were killed. Their commander attempted to conceal
that fact as I probed her mind.

01:09:40:07 CETUS: There may have also been a small number of humans.

01:09:42:14 TALUS: We would have detected them.

01:09:44:01 CETUS (O/S): They may be hiding where the sensors...

01:09:45:12 CETUS (CONT'D): are inoperable. If we want to capture the ones who attacked us, we must first capture those they came for.

01:09:54:27 SHEPPARD: Well? Done yet?

01:09:57:00 MCKAY: I think we're good to go.

01:09:58:09 SHEPPARD: All right, I'll take us back.

01:09:59:22 WEIR: Why don't we do this from here?

01:10:01:07 MCKAY: Do what from here?

01:10:02:14 WEIR: Render the replicators helpless, Rodney? Remember the plan?

01:10:06:04 MCKAY: Of course I remember the plan. It's my plan.

01:10:07:13 SHEPPARD (O/S): Actually, using Niam...

01:10:08:23 SHEPPARD (CONT'D): was Elizabeth's plan--

01:10:10:09 WEIR: Thank you.

01:10:11:02 MCKAY (O/S): Well, it's mostly my plan...

01:10:11:26 MCKAY (CONT'D): It's my freezing program.

01:10:14:13 BECKETT: You said they'd be frozen in place six to seven hours. Why not do it
now?

01:10:17:04 MCKAY (O/S): Because I've got to keep Niam...

01:10:18:04 MCKAY (CONT'D): at nominal power levels, otherwise we risk him waking up.
Look, low power means short range, short range means we need to get
closer.

01:10:24:23 TEYLA: How much closer?

01:10:25:22 MCKAY: Much.

01:10:26:08 RONON: With no cloak.

01:10:27:03 MCKAY: No cloak.

01:10:28:03 SHEPPARD: Good to be back home, huh?

01:10:30:02 WEIR: There's no place like it.

01:10:41:28 LEE (O/S): I realize I was duped, General...

01:10:43:26 LEE (CONT'D): but they were incredible. It was like a scene out of *The Sting*--

01:10:48:06 LANDRY: Calm down, Bill. That's now why I brought you in here.

01:10:49:23 LEE: In my defense, this was obviously something they had planned for a long
time--

01:10:53:09 LANDRY: Forget about it.

01:10:54:04 LANDRY (CONT'D O/S): I'd like to know your opinion...

01:10:55:22 LANDRY (CONT'D): on the best way to disable the gate bridge between galaxies.

01:11:00:10 LEE: We just finished building that.

01:11:02:04 LANDRY: I'm aware of that.

01:11:04:20 LEE: Okay... Uh, well, um, I suppose if one were detonate a Mark IX at the
midway station, that would pretty much do it.

01:11:12:09 LANDRY (O/S): I thought so.

01:11:13:24 LANDRY (CONT'D): I'd like you to supervise the preparation of a Mark IX...

01:11:16:15 LANDRY (CONT'D O/S): to keep our options open. Ah.

01:11:19:20 LEE: You could always dismantle it. Of course, that would take a bit more time.

01:11:22:10 LANDRY: Which we may not have.

01:11:25:10 LEE: Wow, that is such a shame.

01:11:28:14 LANDRY (O/S): Doctor?

01:11:30:10 LANDRY (CONT'D): Why are you still in my office?

01:11:32:15 LEE: Right.

01:11:44:20 SHEPPARD: All right, we're about a mile out.

01:11:46:23 MCKAY (O/S): Okay, I'll start broadcasting the virus...

01:11:48:16 MCKAY (CONT'D): now, but, uh, we're going to need to get closer than that.

01:12:07:16 TEYLA: Drones!

01:12:09:08 SHEPPARD: McKay!

01:12:10:20 MCKAY: We're still not close enough!

01:12:11:28 SHEPPARD: Hang on.

01:12:32:06 (EXPLOSION IN DISTANCE)

01:12:34:08 WOOLSEY: That sounded like another explosion.

01:12:36:23 O'NEILL: Yes. Yes, it did.

01:12:40:14 WOOLSEY: What does that mean?

01:12:42:24 O'NEILL: Something exploded.

01:12:44:27 WOOLSEY: But is it Sheppard attacking the replicators or the replicators attacking
Sheppard?

01:12:49:05 O'NEILL: We'll find out.

01:12:54:00 WOOLSEY: How did they even get here?

01:12:56:17 WOOLSEY (CONT'D O/S): Through the gate?

01:12:58:08 O'NEILL: I've been sitting next to you through the whole thing. Why do you think I
have more information?

01:13:05:17 WOOLSEY: Look, I told you I wasn't good at this.

01:13:09:26 O'NEILL: He said he'd be back in a couple of hours. That gives him a good... 11
seconds.

01:13:17:15 (EXPLOSION)

01:13:19:11 WOOLSEY: What was that?

01:13:21:18 WEIR: Hey, if we keep this up, there won't be much of a city left to save.

01:13:25:09 SHEPPARD: I'll try to run the drones into your least favorite buildings. McKay!

01:13:28:18 MCKAY: It should be working!

01:13:29:20 BECKETT: Well, it's not working!

01:13:30:23 MCKAY: Look, if I give him any more...

01:13:31:10 MCKAY (CONT'D O/S): power, he'll wake up...

01:13:32:24 MCKAY (CONT'D): and kill us all!

01:13:34:00 RONON: Sheppard can't keep this up forever.

01:13:44:19 TEYLA: The shields have been damaged.

01:13:46:18 SHEPPARD: All right, I've had enough. I've got a different idea.

01:14:03:24 WOOLSEY: They're overdue.

01:14:05:20 O'NEILL: Not yet.

01:14:07:14 WOOLSEY: It's been well over 11 seconds.

01:14:09:20 O'NEILL (O/S): Yes...

01:14:10:09 O'NEILL (CONT'D): but you've been ignoring the dramatic element of...

01:14:15:09 O'NEILL (CONT'D): suspense.

01:14:16:25 SHEPPARD (V/O OVER RADIO): General O'Neill, are you there, sir?

01:14:18:13 O'NEILL: See?

01:14:20:12 WOOLSEY: Oh, thank God.

01:14:22:29 O'NEILL (INTO RADIO): Yes, we're here. You're late.

01:14:26:08 SHEPPARD (V/O OVER RADIO): Sorry, sir.

01:14:27:12 SHEPPARD (CONT'D INTO RADIO): We had to go into space and pick up some
frozen goods.

01:14:33:22 O'NEILL (INTO RADIO): Whatever. Where are you now?

01:14:36:17 SHEPPARD (INTO RADIO): We're not exactly inside the city yet. We're headed
toward an underwater jumper bay.

01:14:44:26 WEIR (INTO RADIO): Well, what we think may be an underwater jumper bay...

01:14:47:25 O'NEILL (INTO RADIO): Is that Dr. Weir I hear?

01:14:50:18 WEIR (V/O OVER RADIO): Yes, General.

01:14:52:04 WEIR (CONT'D INTO RADIO): It's good to hear your voice too.

01:14:53:22 O'NEILL (V/O OVER RADIO): I didn't say it was good, Elizabeth. Please don't be
offended as I express my surprise that Landry would send you on
mission like this.

01:15:03:05 WEIR (INTO RADIO): Well, sir, General Landry didn't sanction this mission.

01:15:06:12 O'NEILL (INTO RADIO): So, am I to assume you're not surrounded by heavily
armed SG teams...

01:15:11:17 O'NEILL (CONT'D V/O OVER RADIO): and young, strapping marines?

01:15:14:17 WEIR (INTO RADIO): You've got Colonel Sheppard, Ronon...

01:15:16:04 WEIR (CONT'D O/S INTO RADIO): Teyla, McKay, myself, and Dr. Beckett.

01:15:18:27 O'NEILL (INTO RADIO): Ooh, Dr. Beckett, is it? Well, I'm comforted.

01:15:23:17 BECKETT: What's that supposed to mean?

01:15:27:09 (BEEPING)

01:15:28:27 MCKAY: Okay. I'm ready to open the lock.

01:15:31:25 SHEPPARD (INTO RADIO): We've got a plan, sir. A good one.

01:15:34:15 O'NEILL (V/O OVER RADIO): Yes, Colonel, I'm sure you do.

01:15:37:02 O'NEILL (CONT'D INTO RADIO): But in the unlikely event that you don't fail miserably, you're fired.

01:15:42:26 SHEPPARD (INTO RADIO): Yes, sir, I look forward to that.

01:15:48:01 O'NEILL: They have a plan.

01:15:50:05 WOOLSEY: I heard.

01:16:02:29 BECKETT: Careful.

01:16:03:29 SHEPPARD: Thanks, Doc.

01:16:09:20 (CRASHING)

01:16:11:07 MCKAY (O/S): Okay, closing the outer door.

01:16:14:23 MCKAY (CONT'D): Yes... Now I just have to pressurize the compartment and we are...

01:16:20:09 MCKAY (CONT'D): Huh?

01:16:21:09 SHEPPARD: What?

01:16:23:21 MCKAY: It's not letting me do it.

01:16:28:06 BECKETT: The water's not draining out.

01:16:30:13 MCKAY: Yeah. An excellent observation. Thank you.

01:16:33:21 WEIR: It is, however, draining in.

01:16:35:09 MCKAY: Oh, not again.

01:16:39:00 MCKAY (CONT'D): Must've took some damage. I just want to point out that this
was not my idea.

01:16:42:06 SHEPPARD: You said get us close to the city. This is pretty damn close.

01:16:45:16 MCKAY: And yet no cigar.

01:16:46:16 SHEPPARD (O/S): Right.

01:16:47:08 SHEPPARD (CONT'D): Just open up the outer doors. I'll figure something else
out.

01:16:55:18 MCKAY: Oh, dear.

01:16:57:25 WEIR: What?

01:16:59:15 MCKAY: I don't think I'm going to be able to open the outer door.

01:17:01:28 WEIR: Why not?

01:17:04:02 MCKAY: I think it might be jammed.

01:17:05:27 SHEPPARD: Might?

01:17:07:15 MCKAY: Okay, is.

01:17:08:26 SHEPPARD: Well, that's unfortunate.

01:17:10:21 MCKAY: Yeah, I'd have to agree with you on that.

01:17:13:27 SHEPPARD: This part of the plan isn't going so well.

END OF ACT ONE

ACT TWO

01:17:41:18 WEIR: There must be a manual override somewhere.

01:17:43:25 MCKAY: In the bay's control room, yes.

01:17:45:07 SHEPPARD: Okay. I'll swim to it.

01:17:47:16 MCKAY: Which is sealed from the other side.

01:17:49:02 SHEPPARD: Of course it is.

01:17:50:18 TEYLA: Perhaps General O'Neill can reach it?

01:17:52:25 MCKAY: Good. Okay, give me half an hour to get Niam...

01:17:54:25 MCKAY (CONT'D O/S): to the right power levels so we can do this.

01:17:56:25 SHEPPARD: We've got more than one fracture. We don't have that kind of time.

01:18:01:17 SHEPPARD (CONT'D INTO RADIO): General O'Neill, we're going to need a
favor.

01:18:08:10 MCKAY (V/O OVER RADIO): Okay, there should be a hatch leading down to the
next level, do you see it?

01:18:12:15 O'NEILL (INTO RADIO): Yeah, sure do. I see it.

01:18:15:03 MCKAY (INTO RADIO): The control room should be almost directly below.

01:18:19:23 O'NEILL (INTO RADIO): Okay, slight problem here.

01:18:22:27 MCKAY (INTO RADIO): What's that?

01:18:24:08 O'NEILL (V/O OVER RADIO): Well...

01:18:24:28 O'NEILL (CONT'D INTO RADIO): the level below is completely flooded, too.

01:18:28:29 MCKAY (INTO RADIO): Ah. I, uh, couldn't convince you to take a swim today,
could I?

01:18:38:00 O'NEILL: All right, if you hear something, don't call out to it. Shoot it.

01:18:44:08 WOOLSEY: Understood.

01:18:46:21 O'NEILL (O/S): Anything that's not me...

01:18:47:28 O'NEILL (CONT'D): is a replicator, so don't hesitate.

01:18:52:25 WOOLSEY: You won't be gone long, will you?

01:18:55:13 O'NEILL: Uh, kind of depends on the temperature of the water.

01:19:03:28 O'NEILL (CONT'D): Not long.

01:19:08:12 O'NEILL (CONT'D INTO RADIO): McKay.

01:19:08:29 O'NEILL (CONT'D V/O OVER RADIO): What do I do once I get down there?

01:19:10:23 MCKAY (INTO RADIO): There's a manual override. It should be in the center of
the console. It'll be obvious once you get in there.

01:19:17:16 O'NEILL (INTO RADIO): All right.

01:19:18:25 WOOLSEY: Good luck.

01:19:20:17 O'NEILL: Thank you.

01:19:33:05 O'NEILL (CONT'D): All right. Here we go.

01:20:27:26 WOOLSEY: Did you do it?

01:20:28:26 O'NEILL: Radio.

01:20:34:05 O'NEILL (CONT'D INTO RADIO): McKay?

01:20:35:05 MCKAY (V/O OVER RADIO): Did you do it?

01:20:36:18 O'NEILL (INTO RADIO): You and I have very different ideas of what "obvious" is.

01:20:41:17 MCKAY (INTO RADIO): Well, I've never seen it before.

01:20:43:16 O'NEILL (V/O OVER RADIO): There are dozens of controls down there...

01:20:46:00 O'NEILL (CONT'D INTO RADIO): I wouldn't even know how to describe.

01:20:48:05 MCKAY (INTO RADIO): Well, it's an emergency control, it should be among the
most prominent.

01:20:52:15 O'NEILL: Oh, God.

01:22:10:00 WOOLSEY (O/S): God, you can hold your breath a long time!

01:22:13:03 WOOLSEY (CONT'D): You almost gave me a heart attack.

01:22:14:11 O'NEILL: Me too.

01:22:17:21 MCKAY (V/O OVER RADIO): General? It sounded like you had the right control.
Why did you stop?

01:22:21:04 O'NEILL (INTO RADIO): It's a deadman switch. I have to hold it in place.

01:22:26:19 MCKAY (INTO RADIO): I had no idea.

01:22:29:09 O'NEILL (INTO RADIO): Really?

01:22:33:01 O'NEILL (CONT'D): Oh, God.

01:23:00:27 MCKAY (O/S): He's doing it! He's almost got it.

01:23:04:23 (FOOTSTEPS APPROACHING)

01:23:14:11 MCKAY (V/O OVER RADIO): Tell him, like, 30 more seconds and we're--

01:23:18:00 WOOLSEY: I can do this!

01:23:29:20 MCKAY (INTO RADIO): Woolsey?

01:23:31:23 MCKAY (CONT'D O/S INTO RADIO): Woolsey, come in.

01:23:33:20 SHEPPARD: Something's wrong.

01:23:39:05 SHEPPARD (CONT'D): McKay, you stay here and reprogram Niam.

01:23:41:16 SHEPPARD (CONT'D O/S): We're going to go meet General O'Neill and
Woolsey...

01:23:44:01 SHEPPARD (CONT'D): all right? Wait for your okay.

01:23:48:22 O'NEILL: Whoo! Yeah!

01:23:52:27 REPLICATOR (O/S): Don't...

01:23:53:17 REPLICATOR (CONT'D): move.

END OF ACT TWO

ACT THREE

01:24:20:00 O'NEILL: Ah! Ow.

01:24:23:00 TALUS: Where are the others?

01:24:26:20 O'NEILL: What others?

01:24:38:17 TEYLA (O/S): They've been captured?

01:24:39:17 SHEPPARD: Yeah. Looks like.

01:24:40:17 WEIR: Which means their minds will be probed for information any minute now.

01:24:43:14 SHEPPARD (V/O OVER RADIO): McKay, fire up that virus.

01:24:46:16 MCKAY (INTO RADIO): I am working as fast as I can.

01:24:48:28 SHEPPARD (INTO RADIO): The replicators have O'Neill and Woolsey.

01:24:51:04 MCKAY (V/O OVER RADIO): Unfortunately, that...

01:24:51:29 MCKAY (CONT'D INTO RADIO): information can't make me work any faster.

01:24:55:05 SHEPPARD: This way.

01:25:00:26 CETUS: What were you doing in the flooded sections of the city?

01:25:03:07 O'NEILL: The backstroke. I think.

01:25:06:17 TALUS: What are you planning?

01:25:07:25 O'NEILL: Well, I was planning to retire, but, man, is that overrated.

01:25:14:01 O'NEILL (CONT'D O/S): I mean, it's not like I'm...

01:25:16:04 O'NEILL (CONT'D): a workaholic or anything, but, you know, I like to stay active...
with the community. It's a health/maintenance sort of thing. You know? I
don't like where this is going.

01:25:33:17 WOOLSEY: What are they doing?

01:25:37:26 O'NEILL: Oh!

01:25:44:01 O'NEILL (CONT'D): Whatcha doing?

01:25:46:09 TALUS: Probing your mind.

01:25:49:26 O'NEILL: Kind of roomy, ain't it?

01:25:51:11 TALUS: Your ability to resist is quite remarkable, General O'Neill.

01:25:55:25 O'NEILL: It's not the first time I've had a hand in my head, as it were.

01:26:00:09 TALUS: If you do not give me what I'm looking for, I am sure Richard Woolsey will.

01:26:05:16 O'NEILL (O/S): I'll tell you what.

01:26:06:29 O'NEILL (CONT'D): You look around, and I'll tell you if you're getting warmer or colder, all right?

01:26:12:18 TALUS: Ah. There it is.

01:26:15:26 O'NEILL: So... hot, I guess?

01:26:20:29 O'NEILL (CONT'D): Aah!

01:26:21:28 WOOLSEY: Aah!

01:26:22:21 (PANTING)

01:26:28:02 WOOLSEY: That was the worst thing I've ever experienced.

01:26:31:12 O'NEILL: Yeah. It gets worse.

01:26:40:01 MCKAY (O/S): Okay, if I...

01:26:42:07 MCKAY (CONT'D): that should...

01:26:45:10 MCKAY (CONT'D): Yeah, okay... Yes. Stand by. I've got his power levels about

as high as I'm comfortable with. I'm going to try to get him to...

01:27:00:10 NIAM: You've been warned about tampering with our base code, Doctor. You won't get a second chance.

01:27:08:10 (WEAPON BLAST, NIAM FALLING TO BITS)

01:27:10:11 SHEPPARD (V/O OVER RADIO): McKay? Come in, McKay.

01:27:13:23 MCKAY (INTO RADIO): Fall back to the jumper. We're going to need a new plan.

01:27:31:00 WEIR: He just came to life?

01:27:32:11 RONON: They must have got to O'Neill and Woolsey.

01:27:34:08 SHEPPARD: O'Neill would've never gave us away.

01:27:36:01 TEYLA (O/S): Obviously...

01:27:36:21 TEYLA (CONT'D): their minds were probed.

01:27:37:21 SHEPPARD (O/S): They know we're here...

01:27:38:15 SHEPPARD (CONT'D): and how we got here.

01:27:39:23 MCKAY: Which was how they were able to reactivate Niam, which pretty much screws plan "A".

01:27:42:25 BECKETT: Could you activate the freezing program another way?

01:27:43:28 MCKAY (O/S): No, I need to load the program...

01:27:45:15 MCKAY (CONT'D): directly into a replicator and spread it that way...

01:27:47:25 WEIR (O/S): All right, so that plan's out the window.

01:27:49:19 WEIR (CONT'D): We need another one.

01:27:52:01 RONON: These weapons blow them apart, right?

01:27:54:18 RONON (CONT'D): I say we just start killing them.

01:27:56:24 MCKAY (O/S): Well, normally I would share your run-and-gun enthusiasm...

01:27:59:20 MCKAY (CONT'D): but these weapons are only going to work for so long before
they manage to identify the frequency they use to disrupt the bonds that
hold the replicators together.

01:28:05:25 RONON: What'd he say?

01:28:07:17 SHEPPARD: They build up an immunity.

01:28:09:07 MCKAY (O/S): Exactly. Look. The freezing plan would have worked because they
would...

01:28:11:22 MCKAY (CONT'D): be unable to communicate with each other while we were
blasting them.

01:28:14:01 MCKAY (CONT'D O/S): But the more we shoot...

01:28:15:20 MCKAY (CONT'D): the greater likelihood these weapons are going to become
ineffective.

01:28:18:00 WEIR (O/S): Okay.

01:28:18:20 WEIR (CONT'D): So what are our options?

01:28:19:26 RONON: I just gave you one.

01:28:22:00 SHEPPARD: We'll call that plan "B".

01:28:24:07 WEIR: Anyone for a plan "C"?

01:28:26:23 MCKAY: C4. How much do we have?

01:28:28:04 SHEPPARD: A bunch. Why?

01:28:29:04 MCKAY: Well, it's desperate...

01:28:30:13 WEIR: Well, so are we.

01:28:31:25 MCKAY: We'll need to split into groups.

01:28:33:26 SHEPPARD: I was going to suggest that anyway. Why? What are you thinking?

01:28:36:17 CETUS: We far outnumber them. If we conduct a search--

01:28:39:05 TALUS: We will be able to locate them more effectively once repairs are complete.

01:28:42:05 CETUS: The damage was severe. We had to dismantle our ship to provide the raw materials.

01:28:46:22 TALUS: Once repaired, Atlantis will be all the ship we need.

01:28:59:00 (WEAPON FIRE)

01:29:04:00 O'NEILL (O/S): Well, it's about time.

01:29:05:14 WOOLSEY: Thank God!

01:29:06:00 SHEPPARD (O/S): All right.

01:29:06:28 SHEPPARD (CONT'D): Get them out of here. I'll stand guard.

01:29:12:00 O'NEILL (O/S): Hey!

01:29:13:08 O'NEILL (CONT'D): Thanks for the rescue.

01:29:14:02 MCKAY (O/S): Oh...

01:29:14:22 MCKAY (CONT'D): hey, no problem.

01:29:15:22 O'NEILL (O/S): No...

01:29:16:12 O'NEILL (CONT'D): you should be saying, "Thanks for the rescue."

01:29:19:14 MCKAY: Oh, uh, right... thanks. I should have you out of there in no time. This
won't take long at all.

01:29:27:04 MCKAY (CONT'D): Oh, my... They--they've changed the codes.

01:29:31:23 WOOLSEY: But you can crack it, right? You need to get us out of here.

01:29:34:13 MCKAY (O/S): Yeah, of course I can.

01:29:35:21 MCKAY (CONT'D): Just give me, like, one or two seconds.

01:29:38:15 O'NEILL (O/S): So, I guess that...

01:29:40:28 O'NEILL (CONT'D): "frozen replicator" plan didn't pan out.

01:29:43:04 MCKAY: Yeah. Not so much.

01:29:44:27 O'NEILL: How's that plan "B" working for you? Good?

01:29:48:15 MCKAY: Actually, it's more like plan "C".

01:29:52:24 MCKAY (CONT'D): "C" as in C4, if you catch my drift.

01:29:55:12 O'NEILL: No.

01:29:57:03 MCKAY: Let's just say that we're concerned the Daedalus won't be able to carry
out your standing orders.

01:30:01:22 WOOLSEY: What?

01:30:02:28 WOOLSEY (CONT'D O/S): To destroy Atlantis...

01:30:04:12 WOOLSEY (CONT'D): with nuclear weapons?

01:30:05:15 WOOLSEY (CONT'D O/S): I thought we were past that. Why are we going back to
that?

01:30:08:02 MCKAY: It's the only way.

01:30:09:05 O'NEILL: Can you do that?

01:30:10:18 MCKAY: Yeah, if we plant charges on all 10 of the shield emitters before the
Daedalus arrives, that way, when the replicators try to activate the
shield--

01:30:16:15 WOOLSEY: The C4 detonates, the Daedalus beams a warhead into the city, and we all get vaporized.

01:30:21:07 O'NEILL: That sounds more like a plan "F", doesn't it? As in we are totally--

01:30:25:14 MCKAY: If we can fight our way back to the bay, then we can fly the jumper to a safe distance.

01:30:28:22 MCKAY (CONT'D O/S): That is, if we can get...

01:30:30:05 MCKAY (CONT'D): the underwater bay door open, so...

01:30:31:20 O'NEILL: You can't even open this door!

01:30:33:04 MCKAY: I'm working on it.

01:30:34:05 O'NEILL: Yes, I see that.

01:30:35:22 SHEPPARD: We got company. Sorry, sir...

01:30:38:24 SHEPPARD (CONT'D O/S): we're going to have to come back for you.

01:30:39:22 MCKAY (O/S): No, no, no, no, no.

01:30:40:24 MCKAY (CONT'D): We can't leave them here. They know too much.

01:30:42:08 SHEPPARD: What'd you tell them?

01:30:43:15 MCKAY: W-- I mean, they guessed most of it--

01:30:45:22 SHEPPARD: What, you filled in the rest?

01:30:47:06 MCKAY: I thought I would have time to get them out of here. Look, just forget
what I said.

01:30:50:15 O'NEILL: Sheppard, get out of here while you still can. That's an order.

01:30:53:22 SHEPPARD: I'm sorry it has to be this way.

01:30:55:15 O'NEILL: Hey, I get it. Go.

01:31:00:06 WOOLSEY: So... we're back to being vaporized.

END OF ACT THREE

ACT FOUR

01:31:36:11 LANDRY: What is it, Chief?

01:31:37:20 HARRIMAN: We're receiving a subspace databurst via midway and the Alpha site.
 Daedalus is holding station at their failsafe point and awaiting your order.

01:31:47:10 LANDRY: Reply to Colonel Caldwell that General O'Neill's order stands. Atlantis is
 to be destroyed at all costs.

01:31:58:20 HARRIMAN: Yes, sir.

01:32:11:02 BECKETT (O/S): Done...

01:32:12:18 BECKETT (CONT'D): and done.

01:32:14:10 TEYLA: Good. We are well ahead of schedule...

01:32:17:19 BECKETT: Perfect. Now let's find someplace out of the way and wait for this thing
 to be over.

01:32:24:05 RONON: Come on. One more to go.

01:32:27:13 WEIR: Almost done. We haven't run into a single replicator.

01:32:31:23 RONON: I know. It's weird.

01:32:34:02 WEIR: Woolsey and O'Neill said that there were hundreds of them. Where are they?

01:32:39:13 RONON: Let's go.

01:32:41:29 MCKAY (O/S): Okay... that should do it.

01:32:44:23 SHEPPARD (O/S): One more to go.

01:32:45:25 MCKAY: Then it's all over but the crying.

01:32:47:12 SHEPPARD: Hopefully them, not us.

01:32:50:20 MCKAY: What the hell?

01:32:54:27 MCKAY (CONT'D): No wonder they weren't coming after us. They've been busy repairing the city.

01:33:00:04 SHEPPARD: What is that?

01:33:01:20 MCKAY: They brought their ZPMs to power the star drive.

01:33:04:05 SHEPPARD: So that sound is...

01:33:05:21 MCKAY: The city about to take off.

01:33:10:06 (RUMBLING INTENSIFIES)

01:33:15:16 MCKAY: It's time to start crying.

01:33:17:14 SHEPPARD: They'll still have to activate the shield to take off, won't they? We got
most of the emitters--

01:33:20:24 MCKAY: Yeah, "most" ain't going to cut it. For this plan to work, it is all or nothing.

01:33:24:00 SHEPPARD: What do they want to fly around for?

01:33:25:27 MCKAY (O/S): Well, maybe they want to fly home...

01:33:27:01 MCKAY (CONT'D): back to their homeworld.

01:33:28:10 SHEPPARD: Or take on the Daedalus.

01:33:31:09 SHEPPARD (CONT'D O/S): Well, how are we going to stop them?

01:33:32:21 MCKAY: Well, I--

01:33:33:23 SHEPPARD: Drones. They fired drones at us. That means the chair is active and
powered.

01:33:38:25 MCKAY: You want to fire drones at the city? We're nowhere near the chair.

01:33:41:12 SHEPPARD: Yeah, but Teyla and Beckett are.

01:33:50:18 BECKETT (INTO RADIO): You want me to do what?

01:33:52:10 SHEPPARD (V/O OVER RADIO): Just...

01:33:53:00 SHEPPARD (CONT'D INTO RADIO): do what I say.

01:33:54:16 BECKETT (V/O OVER RADIO): All right...

01:33:55:06 BECKETT (CONT'D INTO RADIO): I'll give it a try, but no apologies if I happen to
destroy the entire bloody city.

01:33:59:25 SHEPPARD (INTO RADIO): The star drive, Carson. Concentrate on the star
drive.

01:34:03:10 BECKETT (INTO RADIO): All right.

01:34:04:00 SHEPPARD (V/O OVER RADIO): And, Teyla...

01:34:04:17 SHEPPARD (CONT'D INTO RADIO): you may have to fight your way in.

01:34:05:26 TEYLA (INTO RADIO): I'm ready, Colonel.

01:34:07:01 SHEPPARD (V/O OVER RADIO): Use your A.R.G. sparingly. They may build up
an immunity...

01:34:10:12 SHEPPARD (CONT'D INTO RADIO): and we may have to go to plan... "B".

01:34:13:27 BECKETT (INTO RADIO): Okay. Which one's that again?

01:34:19:22 SHEPPARD (INTO RADIO): Never mind. Just go!

01:34:27:00 (WEAPON FIRE)

01:34:29:13 TEYLA: Clear.

01:34:32:05 BECKETT: Thank you, dear.

01:34:33:17 TEYLA: Hurry!

01:34:40:27 CETUS: They've taken out the guards in the chair room.

01:34:47:17 TALUS: What are they doing?

01:35:08:00 (EXPLOSION)

01:35:12:28 CETUS: They've hit the star drive.

01:35:15:06 TALUS: A search- and-destroy team is on the way to the chair room now.

01:35:17:23 CETUS: Make sure they understand we need them alive.

01:35:22:09 TEYLA (O/S): Beckett!

01:35:24:22 (WEAPON FIRE)

01:35:28:19 BECKETT: Okay, lads. Easy.

01:35:32:00 BECKETT (CONT'D): Easy. Ah-ah-ah-ah-ah. Ah!

01:35:43:20 (WEAPON FIRE)

01:35:47:29 RONON: Aah!

01:35:58:19 SHEPPARD: And I was so sure we were going to survive this one.

01:36:02:25 MCKAY: Me too.

01:36:05:29 REPLICATOR: Move.

01:36:18:00 REPLICATOR (O/S): Bring the prisoners from the other cell.

01:36:23:12 SHEPPARD: Everyone okay?

01:36:25:00 WEIR: So far.

01:36:26:06 BECKETT: I'll be fine.

01:36:27:27 RONON: Why aren't we dead yet?

01:36:29:12 SHEPPARD (O/S): Probably saving us...

01:36:31:01 SHEPPARD (CONT'D): for a little recreational mind probing.

01:36:33:06 SHEPPARD (CONT'D O/S): Did everyone

01:36:34:14 SHEPPARD (CONT'D): get the...

01:36:35:14 TEYLA: We completed our task.

01:36:36:17 WEIR: So did we, in the nick of time.

01:36:38:17 RONON: You?

01:36:39:15 MCKAY: Yeah, just under the wire.

01:36:50:21 TALUS: Did you really think you'd be able to stop us?

01:36:52:26 SHEPPARD: Well, of course we did. Why else would we be here?

01:36:56:05 O'NEILL: Colonel? Am I going to have to fire you?

01:36:59:07 SHEPPARD: No, sir. I think you'll have that to look forward to when we get back.

01:37:03:03 TALUS: I'm afraid your plan has been discovered, Colonel Sheppard. It is over.

01:37:10:19 WOOLSEY: He put his hand in my forehead. How can you resist that?

01:37:14:09 O'NEILL: Well, I like to close my eyes and think of England.

01:37:17:11 TALUS (O/S): Mr. Woolsey informed us of everything we need to know.

01:37:20:13 TALUS (CONT'D): All of your C4 has been removed from the emitters. I'm afraid
they won't be destroyed...

01:37:24:28 TALUS (CONT'D O/S): when the Daedalus arrives, which should be in any
moment.

01:37:29:16 TALUS (CONT'D): Your plan has failed.

END OF ACT FOUR

ACT FIVE

01:37:55:08 CETUS (INTO RADIO): Talus, the Daedalus...

01:37:56:19 CETUS (CONT'D V/O OVER RADIO): is approaching the planet.

01:37:57:22 TALUS: As expected.

01:38:00:09 TALUS (INTO RADIO): Activate the shield.

01:38:12:10 MCKAY: C4. How much do we have?

01:38:14:00 SHEPPARD: A bunch, why?

01:38:15:07 MCKAY: Well, it's desperate.

01:38:16:09 WEIR: Well, so are we.

01:38:17:20 MCKAY: We'll need to split into groups.

01:38:19:21 SHEPPARD: I was going to suggest that anyway. What? What are you thinking?

01:38:22:00 MCKAY: If we're going to destroy these guys using replicator disrupters, we have
 to hit them all at once. We'll probably only get a dozen or so shots off...

01:38:27:24 MCKAY (CONT'D O/S): before they manage to figure out the frequency.

01:38:29:14 SHEPPARD: So, what, are you going to get them all to stand in one place at the same time?

01:38:31:25 MCKAY: Clever, yes, or... we could figure out a way to send one massive blast through the city. Follow me.

01:38:39:04 MCKAY (CONT'D): Atlantis has 10 of these emitters, with which it creates the city's shield. So...

01:38:43:15 MCKAY (CONT'D O/S): if we can interface...

01:38:45:26 MCKAY (CONT'D): the crystals from the disrupter weapons...

01:38:48:01 MCKAY (CONT'D O/S): with those in the...

01:38:49:21 MCKAY (CONT'D): shield emitters, we should...

01:38:51:00 MCKAY (CONT'D O/S): be able to trigger a massive anti-

01:38:52:16 MCKAY (CONT'D): replicator wave throughout the city.

01:38:54:14 SHEPPARD: Okay, that's where splitting into teams comes in.

01:38:56:23 MCKAY: Exactly. Now, I need to show you how to do this, so listen carefully.

01:39:00:03 MCKAY (CONT'D O/S): Slide out the crystal tray. Take the crystal...

01:39:02:03 MCKAY (CONT'D): from the replicator weapon, you place it in the third...

01:39:03:23 MCKAY (CONT'D O/S): slot from the right.

01:39:04:27 MCKAY (CONT'D): Third symbol from the left activates...

01:39:06:20 MCKAY (CONT'D O/S): the crystal tray. Clear on that? Great.

01:39:13:00 TEYLA: They are bound to find one of our groups working on the shield emitters.

01:39:15:13 MCKAY: I already thought of that. That's what the C4 is for.

01:39:17:16 RONON: We blow them up?

01:39:18:20 MCKAY: No, we feed them misinformation.

01:39:20:01 SHEPPARD: All right. Once you guys have made all your alterations, avoid using
your shiny new toys...

01:39:24:12 SHEPPARD (CONT'D O/S): even if that means getting caught, okay?

01:39:29:05 MCKAY: If we plant charges on all 10 of the shield emitters before the Daedalus
arrives, that way, when the replicators try to activate the shield--

01:39:34:26 WOOLSEY: The C4 detonates, the Daedalus beams a warhead into the city, and
we all get vaporized?

01:39:39:17 O'NEILL: That sounds more like a plan "F", doesn't it?

01:39:42:13 SHEPPARD: General O'Neill didn't buy it, but I think Woolsey did.

01:39:45:10 MCKAY: Well, I did win a Sears Drama Festival award when I was a kid. Could've
made it a career if I had wanted to.

01:39:49:26 SHEPPARD: Wish you would've.

01:39:53:05 O'NEILL: Aah!

01:39:54:23 WOOLSEY: Aah!

01:39:57:10 CETUS (O/S): We need to get to the...

01:39:58:10 CETUS (CONT'D): shield emitter stations. Remove the C4 explosive you find
there.

01:40:02:03 O'NEILL: Way to resist.

01:40:04:25 WOOLSEY: I said I wasn't good at this.

01:40:07:01 CETUS (INTO RADIO): Talus, the Daedalus...

01:40:09:15 CETUS (CONT'D V/O OVER RADIO): is approaching the planet.

01:40:10:20 TALUS (INTO RADIO): As expected.

01:40:13:05 TALUS (CONT'D INTO RADIO): Activate the shield.

01:40:34:27 MCKAY (O/S): Ha!

01:40:36:16 MCKAY (CONT'D): It worked! I can't believe it worked.

01:40:38:07 WEIR: Rodney, amazing!

01:40:40:13 MCKAY: Well, it was a group effort.

01:40:41:22 SHEPPARD: Good old plan "D".

01:40:43:10 SHEPPARD (CONT'D O/S): Works every time.

01:40:44:06 SHEPPARD (CONT'D): You guys stay here a sec.

01:40:45:08 WOOLSEY (O/S): Excuse me...

01:40:45:28 WOOLSEY (CONT'D): but what just happened?

01:40:47:00 MCKAY: We turned the shield into a giant replicator weapon.

01:40:50:00 O'NEILL: I knew that!

01:40:51:01 WOOLSEY: You knew?

01:40:52:26 O'NEILL: Well, I've seen Carter crack enough codes to know that McKay...

01:40:55:12 O'NEILL (CONT'D O/S): was faking the door thing.

01:40:56:22 WOOLSEY (O/S): He was?

01:40:57:23 WOOLSEY (CONT'D): I bought it completely.

01:40:58:23 TEYLA: I believe that was the point.

01:41:00:23 WOOLSEY: Wait a minute. You--you used me?

01:41:03:12 BECKETT: You're alive, and you're welcome.

01:41:05:12 RONON: We're clear.

01:41:07:05 WEIR: We've got to get to the control room and contact the Daedalus.

01:41:12:05 O'NEILL: You see, Richard? You were good for something.

01:41:15:29 WOOLSEY: Thanks.

01:41:26:05 DAEDALUS TECH: Sir. I have an incoming message from Atlantis.

01:41:29:10 CALDWELL: Atlantis? Is it replicators?

01:41:31:15 DAEDALUS TECH: No, sir. It has Colonel Sheppard's authentication code.

01:41:34:01 CALDWELL: Open a channel.

01:41:35:27 CALDWELL (CONT'D INTO RADIO): Colonel, I'd like to believe this is you.

01:41:38:15 SHEPPARD (V/O OVER RADIO): Oh, it is. Authentication code alpha-delta-charlie-niner-six.

01:41:41:28 CALDWELL (INTO RADIO): That code is no longer valid, Colonel.

01:41:44:29 O'NEILL (O/S INTO RADIO): Hey, Caldwell.

01:41:46:12 O'NEILL (CONT'D INTO RADIO): General Jack O'Neill here. That valid enough for you?

01:41:51:15 CALDWELL (INTO RADIO): You may have been compromised, sir.

01:41:55:15 WEIR (O/S INTO RADIO): We're lowering the city's...

01:41:56:23 WEIR (CONT'D INTO RADIO): shield, Steven. You can send a team...

01:42:00:12 WEIR (CONT'D O/S INTO RADIO): to come check us out if you need to.

01:42:02:12 WEIR (CONT'D INTO RADIO): We'll explain everything.

01:42:05:01 CALDWELL: I need a team of marines ready to beam down.

01:42:06:01 DAEDALUS TECH: Sir.

01:42:07:11 CALDWELL: This should be an interesting explanation.

01:42:23:24 O'NEILL (O/S): Getting all settled in?

01:42:26:15 WEIR: Easily. Although their decorating-- a little bit Spartan for my liking, but the replicators did do a fine job on rebuilding stargate operations back to its original state. How about yourself? Did you check out okay?

01:42:41:20 O'NEILL: Apparently I don't have any little tiny robots floating in my bloodstream, which is always nice to hear.

01:42:48:06 WEIR: Hmm. That it is. So what now?

01:42:53:06 O'NEILL: Oh, a jumper ride home to the SGC, followed by a hot shower, followed by a hot toddy, followed by--

01:42:58:16 WEIR: I was thinking a little more selfishly.

01:43:02:17 WEIR (CONT'D O/S): What are the chances of my team staying here in Atlantis?

01:43:05:16 O'NEILL: Oh... Elizabeth, if it were up to me--

01:43:09:07 WEIR: It is up to you.

01:43:11:11 O'NEILL: Right.

01:43:13:17 O'NEILL (CONT'D): You can stay.

01:43:16:16 WEIR: Really?

01:43:17:24 O'NEILL: You're probably still going to have to get the rubber stamp from the
IOA...

01:43:20:14 O'NEILL (CONT'D O/S): but since you saved Woolsey's ass...

01:43:22:14 O'NEILL (CONT'D): and you did a fair job on mine, I don't think that'll be a
problem.

01:43:25:26 WEIR: Well, I think I speak for all of us when I say thank you very much.

01:43:31:16 O'NEILL: Hey, you came back to rescue me.

01:43:33:12 WEIR: Hmm. Yes, we did.

01:43:36:27 O'NEILL: Of course, next time, consider bringing Carter with you.

01:43:43:25 O'NEILL (CONT'D): Welcome home.
