DIALOGUE

START MEASURING 00.00.00 AT FIRST FRAME PICTURE

00.31.10 O'NEILL-Good morning, campers.

00.46.23 TEAL'C (OS)-There is damage here.

00.48.12 TEAL'C (CONT)-It appears to have been done by Goa'uld
weaponry. I do not believe this battle took place
recently.

00.54.28 DANIEL-No bodies.

00.56.03 CARTER (OS)-Daniel...

00.57.12 CARTER (CONT)-You recognize any of these symbols?

01.15.09 DANIEL-No. This place is definitely alien. (beat)
Wonder what's behind curtain number two.

01.16.10 O'NEILL (OS)-Take Carter...

01.16.17 O'NEILL (CONT)-and check it out. Whoa... Teal'c, you
ever see anything like this before?

01.37.09 TEAL'C-We must return to Earth as quickly as possible.

01.40.20 O'NEILL-Why? What is that?

01.42.21 TEAL'C-It is the symbol of Korosh-ni. It is for any
Goa'uld or Jaffa who may pass through the gate.
Loosely translated, it means "Turn back".

01.52.15 O'NEILL-Does it elaborate?

01.55.28 TEAL'C (OS)-It is placed on worlds Goa'uld destroyers...

01.57.23 TEAL'C (CONT)-have wiped out and left contaminated. This
planet's entire surface will be, in your terms,
radioactive.

01.06.11 O'NEILL-Ah...

02.07.02 TEAL'C-No one will be left alive. This place is not
safe.

02.20.27 DANIEL-I think this is a lab.

02.22.14 CARTER-How do you know?

02.24.12 DANIEL-These are things that they brought back through
the Stargate from other planets to study. They're
all tagged. This is a Turkanese mask, this is a
clay cone from Lagash with Cuneiform symbols on
it...

02.35.19 O'NEILL (OS)-Carter? Daniel?

02.37.18 CARTER-Found the souvenir shop, sir.

02.40.08 O'NEILL-We're outta here.

02.41.21 DANIEL-What? Why? This, this place is a treasure chest
of artifacts from diverse human cultures.

02.48.15 O'NEILL-Daniel, I don't wanna hear it. Let's go.

02.53.17 DANIEL-You don't wanna... hear it.

03.33.25 O'NEILL (OS)-Daniel? We're leaving! Let's go!

03.55.17 DANIEL (OS)-You guys! I need a hand with...

03.56.17 DANIEL (CONT)-this thing! It's too heavy for me to move,
but we have to take it... (beat) ...back. Jack...?
Sam? Teal'c? (beat) Oh, I really hate it when
this happens.

05.07.13 MARINE-Hands on your head! Now, or we will open fire!

05.12.01 DANIEL-What's going on?

05.13.02 MARINE-Identify yourself!

05.14.17 DANIEL-Daniel Jackson, SG-1. (beat) General, what's
this all about?

05.23.11 HAMMOND-General? You see stars anywhere on my uniform?

05.26.22 MARINE (OS)-Colonel, he says...

05.27.04 MARINE (CONT)-he's on SG-1.

05.28.21 DANIEL-Colonel...?

05.29.19 HAMMOND (OS)-How did you get an SG-1 remote...

05.31.02 HAMMOND (CONT)-iris deactivation device?

05.33.01 DANIEL-What are you talking about?

05.34.16 TECHNICIAN (VO ON INTERCOM FILTERED)-Unauthorized
incoming travelers!

05.39.06 HAMMOND-Who the hell are you?

05.45.12 FADE TO MAIN TITLES.

06.49.00 DANIEL (OS)-I'm Dr. Daniel Jackson,...

06.49.08 DANIEL (CONT)-SG-1! I need to see Jack O'Neill! Ask Sam
 Carter! Come on...! I don't... I am not a Goa'uld!
 Don't give me that! Where's Dr. Fraser? Don't give
 me that! Argh...! I am Dr. Daniel Jackson. I need
 to see Colonel O'Neill.

07.09.04 MARINE (OS)-You mean...

07.09.11 MARINE (CONT)-General O'Neill?

08.00.27 DANIEL-Hello!! I have to speak to someone! (beat)
 Catherine...!

08.27.17 CATHERINE-You know me?

08.29.00 DANIEL-Of course. (beat) You don't know me?

08.34.17 CATHERINE-Dr. Daniel Jackson. Linguist.

08.36.20 CATHERINE (OS CONT)-Ancient Egyptian historian. Better
 known for some of the more radical ideas.

08.40.28 CATHERINE (CONT)-At the moment, I am more interested in
 how you came through my Stargate.

08.44.21 DANIEL-How I... Your Stargate...? What the hell is going
 on...

08.48.26 DANIEL (OS CONT)-here, Catherine?

08.49.19 CATHERINE-I'd prefer you address me as Dr. Langford.

08.52.07 CATHERINE (OS CONT)-You were wearing a remote device when
you came through the gate.

08.55.01 CATHERINE (CONT)-You had SG-1's code. How did you obtain
it?

08.57.21 DANIEL-How did I... How do you think I did it? (beat) I
left from here. Stargate Command. Today. A few
hours ago.

09.05.14 DANIEL (OS CONT)-I went through on a mission...

09.06.07 DANIEL (CONT)-to, to, to P3R-233.

09.09.04 CATHERINE-What are you talking about? You've never been
in this facility until now.

09.14.19 DANIEL-Okay. Um... I figured out how to work the
Stargate. You recruited me to translate the
cartouche found at Giza. (beat) I went through on
the first mission through the Stargate to Abydos.
And unless the last two years have been some wacky,
wacky dream, I am a member of SG-1.

09.34.09 CATHERINE-Not as far as I'm concerned.

09.37.05 DANIEL-What?!

09.38.03 CATHERINE-I supervised the team that translated the
cartouche found at Giza.

09.41.16 DANIEL-You did?

09.42.12 CATHERINE-I admit, we referenced your work occasionally.

09.45.18 CATHERINE (OS CONT)-I even went to meet you at one of
your seminars to ask you to join us, but you said
no.

09.49.25 DANIEL-I did...?

09.50.26 CATHERINE-You were quite rude, actually.

09.52.04 DANIEL-Oh, I was?

09.56.09 CATHERINE-The MRI confirms you are not a Goa'uld.

09.58.23 DANIEL-Could I see Captain Carter.

10.00.27 CATHERINE-Samantha Carter?

10.01.22 DANIEL-Yes.

10.02.25 CATHERINE-She's not in the military. She's a doctor.

10.05.14 CATHERINE (OS CONT)-Ph.D., Astrophysics. She's attending
to more important business at the moment.

10.10.24 CATHERINE (CONT)-Don't you have any explanation for this?

10.13.17 DANIEL-God, no!! Catherine --

10.16.18 DANIEL (OS CONT)-I, I mean Dr. Langford -- no, this
doesn't make any sense!

10.19.27 DANIEL (CONT)-I, I know you! I belong here! You don't!

10.25.09 CATHERINE-Excuse me?

10.27.22 DANIEL-You're retired. At least, the Air Force made you
retire. You're supposed to be at home, living
happily ever after with Ernest.

10.36.25 CATHERINE-What?!

10.38.22 DANIEL-The man you were supposed to marry in 1945.

10.47.19 HAMMOND-We've only got fifty percent of the list through
to Beta site, General. Voyager is still en route.

10.55.13 CATHERINE-Excuse me. I know you're a little busy right
now...

10.57.11 O'NEILL-It's all right, Catherine. What is it?

11.00.06 CATHERINE-I think you should meet the young man who came
 through the gate, Jack.

11.02.22 O'NEILL-Now?

11.03.10 CATHERINE (OS)-How much time...

11.03.16 CATHERINE (CONT)-do we have?

11.05.08 O'NEILL-Why?

11.07.24 CATHERINE-He knows things.

11.17.17 DANIEL-Jack!

11.18.09 O'NEILL-Look, we're in the middle of a situation right
 now. I don't know who you are, but Dr. Langford
 says you might be able to help us.

11.26.10 DANIEL-Okay. This is starting to get a little bit
 spooky. Now, a few hours ago, everything about this
 place was different.

11.34.13 DANIEL (OS CONT)-I mean, well, I mean, not completely
 different. I mean, you're still you.

11.38.24 DANIEL (CONT)-Sort of...

11.44.06 O'NEILL-What can you tell me about the Goa'ulds?

11.46.01 DANIEL-What?

11.47.16 O'NEILL-The Goa'ulds. You know who they are?

11.50.01 DANIEL-Uh... yeah.

11.52.15 O'NEILL-Tell me what you know.

11.55.06 DANIEL-Okay. Now maybe I've completely lost my mind
here, but as far as I am concerned, we know each
other very well. You know everything that I know.
(beat) Look, I am a member of SG-1 with you,
Captain Carter and Teal'c! Where, where is Teal'c?
(beat) Uh, big guy, gold emblem on his head,
Goa'uld in his stomach, you can't miss him.

12.19.00 O'NEILL-A Jaffa?

12.19.24 DANIEL-Yes. He's our, our friend.

12.23.13 O'NEILL-Get this man outta here. Now.

12.26.09 CATHERINE-How'd he come through the gate?

12.28.00 CATHERINE (OS CONT)-How does he know the things he knows?

12.29.18 DANIEL (OS)-According to Dr. Langford, you...

12.30.10 DANIEL (CONT)-solved the gate without me. Did you still go to Abydos with the intention of blowing up a nuclear device?

12.39.07 O'NEILL-How did you know that?

12.41.18 DANIEL-You were willing to commit suicide because your son had recently died. He shot himself with your gun, right?

12.49.14 CATHERINE-I swear I didn't tell him anything.

12.54.01 DANIEL (OS)-So did you still go to Chulak?

12.56.03 CATHERINE (OS)-What is Chulak?

12.58.24 DANIEL-The Jaffa home world.

13.00.10 CATHERINE-You know the symbols?

13.02.04 DANIEL-Yes. Would you want me to write it down?

13.07.00 CATHERINE (overlapping)-Yes.

13.12.09 DANIEL-So if you've never been to Chulak, you've probably never even met Teal'c.

13.19.15 O'NEILL-Teal'c?

13.20.15 DANIEL-No, Teal'c! Oh, everything's screwed up. Why?
(beat) Sam!

13.32.26 CARTER-Who is this?

13.33.23 CATHERINE (OS)-Dr. Jackson. The young man who came...

13.35.24 CATHERINE (CONT)-through the Stargate with an SG-1 remote
code.

13.35.04 DANIEL (overlapping)-Of course.

13.37.28 O'NEILL-Report, Doctor?

13.41.00 CARTER-We've lost Washington and Philadelphia, sir.

13.48.11 DANIEL-I'm sorry. What do you mean by "lost"?

13.54.00 O'NEILL-Show him.

14.15.00 CATHERINE-Every one of those red dots is a destroyed
city.

14.23.12 TECHNICIAN (OS)-Dr. Carter, there's another report coming
on.

14.25.18 NEWS ANCHOR (VO ON TV FILTERED)-All military efforts to engage the alien ships have proven inconsequential.

14.30.21 DANIEL-The Goa'ulds?

14.32.09 CARTER-The ships appeared four days ago.

14.34.13 NEWS ANCHOR (ON TV FILTERED)-They have slowly begun systematically annihilating...

14.37.04 NEWS ANCHOR (VO CONT ON TV FILTERED)-all signs of civilization, starting on the East Coast, and moving West with frightening inevitability. There has been...

14.44.24 NEWS ANCHOR (CONT ON TV FILTERED)-no response to attempted communications with the aliens.

14.50.06 NEWS ANCHOR (VO CONT ON TV FILTERED)-Thus far, they have left no survivors in the wake of their seemingly unstoppable wave of destruction...

14.59.28 DANIEL (OS)-I-I feel like the victim of the...

15.00.29 DANIEL (CONT)-biggest practical joke ever.

15.03.14 CATHERINE (OS)-You got all this on the...

15.04.11 CATHERINE (CONT)-alien planet you talked about?

15.06.00 DANIEL (OS)-Uh... Yeah. With the exception of the...

15.08.12 DANIEL (CONT)-gun and the grenade.

15.11.06 DANIEL (OS CONT)-I found this lab.

15.12.17 DANIEL (CONT)-They obviously collected things that they
found on other planets. There was this mirror, like
a slab of rock. Could have been made of Naquadah,
the gate element. I don't know. Jack called to me,
said we were leaving... I touched the mirror...

15.24.08 CATHERINE-Interesting. What is it?

15.27.05 DANIEL-I have no idea.

15.30.19 CATHERINE-You said you touched a mirror.

15.32.18 DANIEL-Well, actually, I touched that thing first.

15.34.14 DANIEL (OS CONT)-It turned on. I heard a noise. That's
when I noticed the shimmering.

15.38.08 CATHERINE-Maybe this is what controls it.

15.40.08 DANIEL (OS)-When I touched the mirror, there was this...

15.42.07 DANIEL (CONT)-this surge... It was like getting an
electrical shock. Just for a second. And, and then
I went to find Jack, Sam and Teal'c...

15.48.25 CATHERINE-He's the Jaffa you say is on SG-1 with you?

15.51.00 DANIEL (OS)-Yes. But...

15.51.11 DANIEL (CONT)-I, I, I couldn't find them. It was like they were just gone. So, I, I figured that maybe they left without me, so I, I dialed in Earth's address, I came through, and I -- What the hell are they doing down there?

16.15.11 GUY ON PHONE (INTO PHONE)-Yes, sir...

16.17.10 TECHNICIAN (VO ON INTERCOM FILTERED)-Chevron two encoded... Chevron three encoded...

16.23.24 CARTER-Sir, isn't our mission to get the genesis list through to the beta site?

16.27.13 O'NEILL-I think we'll try to stop the attack on Earth first.

16.30.11 DANIEL-What is this genesis list, beta site...? What does she mean?

16.32.12 TECHNICIAN (VO ON INTERCOM FILTERED)-Chevron four encoded...

16.33.12 CATHERINE (overlapping)-We're evacuating everyone we can to another planet. World leaders, scientists, doctors...

16.39.20 TECHNICIAN (VO ON INTERCOM FILTERED)-Chevron five
 encoded...

16.45.05 DANIEL-You're sending a nuclear weapon to Chulak?

16.48.20 O'NEILL-You got a problem with that?

16.49.20 DANIEL-The Jaffa aren't your enemy. They're just slaves.

16.52.17 O'NEILL-All right. Try to comprehend what's going on
 here. We estimate the death toll to Earth as one
 point five billion.

16.59.00 TECHNICIAN (VO ON INTERCOM FILTERED) (overlapping)-
 Chevron six engaged...

17.00.13 O'NEILL-Who do you think is flying those ships, trying to
 blow up our world? You give me one good reason why
 I shouldn't be striking back.

17.08.00 TECHNICIAN-Chevron seven locked...

17.13.10 DANIEL-They have no choice.

17.16.18 O'NEILL-Send the bomb.

17.17.26 TECHNICIAN-Proceed with deployment...

17.30.28 O'NEILL-Proceed with evacuation until that next warhead
 is ready.

17.35.06 DANIEL-You know that there are innocent human beings on
 most of the Goa'uld planets, don't you?

17.40.23 O'NEILL-Unless this man has more information we can use,
 I don't want to see him again.

17.51.23 DANIEL-This isn't happening... This is nuts... This isn't
 happening... This is nuts... Is it, is it possible
 that the, the Stargate malfunctioned or went
 haywire, and, and, and I came through into a totally
 screwed-up, different version of Earth?

18.13.12 CARTER-No. I doubt that. The, the Stargate uses
 space/time to create a wormhole that allows us to
 travel across great distances, but it, it doesn't
 take you to an alternate reality.

18.21.28 DANIEL-Alternate reality?

18.23.14 CARTER-We-well, basically scientists have theorized that
there are an infinite number of dimensions, each
containing a different possible version of reality.

18.30.21 DANIEL-Well, it sounds like I theoretically, possibly,
actually found one.

18.35.00 CATHERINE-One what?

18.35.24 DANIEL (OS)-What Sam said. A-a-a...

18.36.21 DANIEL (CONT)-alternate reality. A parallel plane. I
mean,...

18.40.18 DANIEL (OS CONT)-wouldn't that explain why everything
here is the same...

18.43.01 DANIEL (CONT)-but different...

18.44.27 CARTER-Okay. The theory is...

18.46.02 CARTER (OS CONT)-that there are an infinite number...

18.47.06 CARTER (CONT)-of alternate realities. Some of them are
very different, and some are almost identical.

18.52.00 DANIEL (OS)-That has to be...

18.52.11 DANIEL (CONT)-what this is. (beat) So this, this isn't
my world at all. This is some sort of...
(chuckles)... other dimension?

19.05.22 CARTER-Yeah, but the Stargate wouldn't cause that.

19.08.05 CATHERINE-Maybe it wasn't the Stargate that caused it.

19.10.09 CARTER-What are you suggesting?

19.12.00 CATHERINE-He found a mirror possibly made of Naquadah on
P3R-233.

19.15.21 DANIEL (OS) (overlapping)-All this started...

19.15.27 DANIEL (CONT)-to happen after I touched it.

19.18.06 CARTER-P3R-233?

19.20.04 DANIEL-What, have you been there?

19.21.00 CARTER-Yes!

19.21.23 TECHNICIAN-Off world activation!

19.26.12 CARTER-Close the blast doors and keep the iris sealed!

19.28.26 FEMALE TECHNICIAN-Receiving coded transmission from Air
Force One.

19.30.26 CARTER-Notify General O'Neill. Catherine, the rest of the genesis travelers will have to be briefed and ready to go.

19.35.00 CATHERINE-Right.

20.25.14 DANIEL-Uh oh.

20.26.26 CARTER-What?

20.29.16 DANIEL-I think I'm dead.

20.31.02 CARTER-What?

20.32.14 DANIEL-The me in this reality.

20.35.10 HAMMOND-What is Voyager's status, Doctor?

20.37.00 CARTER-The President's plane is ten minutes from Peterson
Air Force Base.

20.40.04 FEMALE TECHNICIAN (OS)-Another coded...

20.40.13 FEMALE TECHNICIAN (CONT)-transmission in progress.

20.42.05 CARTER-Relay it through...

20.42.13 CARTER (OS CONT)-the decoder, and patch it through the

20.46.25 AFO PILOT (VO ON RADIO FILTERED)-Enemy craft...

20.52.00 TECHNICIAN-Surface radar is tracking.

20.59.04 O'NEILL-That's one of their big ones.

21.18.06 CARTER (OS)-It's heading straight for us.

21.19.26 O'NEILL-Confirm, airman.

21.20.24 TECHNICIAN (OS)-Trajectory confirmed.

21.21.20 TECHNICIAN (CONT)-ETA, one minute.

21.23.02 O'NEILL (OS)-Dammit!

21.24.11 O'NEILL (CONT)-Evacuation gave us away.

21.26.27 CARTER-Intelligence has confirmed that the enemy ships have the firepower to reach us even this far underground.

21.31.00 HAMMOND-And we're stuck here as long as the gate's under attack.

21.33.12 TECHNICIAN-Enemy ship is slowing down. Visual tracking in ten seconds.

21.55.18 CARTER-Once they fire on us, chances are we won't even feel it. The blasts on the East Coast were the equivalent of two hundred megaton nuclear warheads.

22.03.04 DANIEL-It's not gonna fire.

22.04.13 CARTER-What?

22.12.23 DANIEL-It's landing.

22.25.01 HAMMOND-The surveillance cameras outside the main tunnel entrance show Jaffa assembling what appears to be a weapon. Looks like they're coming in the front door, sir.

22.32.03 O'NEILL-All right. Position automatic weapons here, here, and men in all these halls. Cut off every access to this level. Blow the secondary elevator shaft now.

22.40.04 HAMMOND (OS)-If the men at the surface have to fall back...

22.42.17 O'NEILL-There's only gonna be one way down. I want all non-essential personnel through the gate to the beta site ASAP. Dr. Langford, that...

22.51.06 O'NEILL (OS CONT)-includes you and our guest.

22.53.10 CARTER-Sir, the Goa'ulds have been keeping a wormhole established from off world.

22.57.12 DANIEL-That's probably because you sent that bomb through to Chulak.

22.59.26 CARTER-The point is, unless we get another window of opportunity to open the gate from here, we're all stuck.

23.06.00 O'NEILL-Recommendations?

23.07.05 CARTER-Well, under normal circumstances, when we have full power, we can only keep a wormhole established for about a half hour. There may be a restriction on how long the Goa'ulds can keep theirs active from off world.

23.17.07 O'NEILL-So there's a time limit?

23.18.21 CARTER-Right.

23.31.16 O'NEILL-Start it up, give it a count of five, and then blow it.

23.33.23 SOLDIER (OS)-Yes, sir.

23.44.28 O'NEILL-Good luck. (beat) Let's go. Take it up.

23.48.01 SOLDIER-Yes, sir.

23.54.00 DANIEL-The first part sounds like a derivation of ancient Egyptian.

23.56.19 CATHERINE (OS)-We couldn't recognize it.

23.59.06 DANIEL-Oh. You didn't learn to speak it aloud on Abydos.
(beat) Where did this come from?

24.09.26 CATHERINE (OS)-It's a deep space transmission...

24.11.03 CATHERINE (CONT)-our receivers picked up about three
months ago.

24.13.22 DANIEL-So why are you showing this to me now?

24.16.08 CARTER (OS)-Because the transmission...

24.17.06 CARTER (CONT)-originated from the same quadrant of space
as P3R-233.

24.20.14 CATHERINE-Where your mirror is.

24.24.06 CARTER-We went to 233 after we received the transmission,
but the civilization had been destroyed by the
Goa'ulds. We didn't find any mirror, though.

24.35.20 DANIEL WRITES:
Beware the destr...

24.38.27 CARTER-(reading) "Beware the destroyers..."

24.41.22 CATHERINE-Some of the 233 aliens must have sent out the
warning before the civilization was destroyed by the
Goa'ulds.

24.49.24 CARTER-What does the rest say?

24.50.24 DANIEL (OS)-It just says...

24.51.01 DANIEL (CONT)-"They come from", but then the sentence
isn't complete. There's just more sounds -- pulses
or beats of some kind.

24.58.10 CARTER-Yeah. We've analyzed them. (beat) They're
divided into groups. 3, 32, 16, 8, 10, and 12.

25.12.03 PAPER READS:

Beware the destroyers

They come from

3, 32, 16, 8, 10, 12

25.14.23 DANIEL-That's six numbers.

25.15.24 CARTER-Yeah.

25.19.12 DANIEL-That's a Stargate address, just without the point
of origin.

25.24.10 DANIEL (OS CONT)-Beware the destroyers.

25.25.16 DANIEL (CONT)-They come from 3, 32, 16, 8, 10, and 12.

25.30.01 CATHERINE (OS)-Could the aliens who lived...

25.30.15 CATHERINE (CONT)-on 233 have found out where the Goa'uld
attack originated?

25.33.12 CARTER-What, like a Goa'uld home world?

25.34.18 DANIEL (OS)-Or at least a, a...

25.35.17 DANIEL (CONT)-military base. They must've assigned a
number to each symbol on the Stargate. It's a code.

25.41.07 DANIEL (OS CONT)-All we need to do is figure out which
symbol the aliens used to represent the...

25.42.27 DANIEL (CONT)-number one, and start counting from there.

25.46.08 CARTER-Well, the only unique symbol they would have is
point of origin for 233.

25.49.27 CATHERINE-But that symbol may not even be on our
Stargate.

25.52.07 DANIEL-Except I have the alien gate on tape.

25.55.00 CARTER-What?

26.01.10 CATHERINE-The gate is off.

26.05.28 CARTER-Start dialing the gate for the beta site!

26.08.00 TECHNICIAN (OS)-Chevron one's already encoded!

26.09.23 CARTER-If we can dial in before the Goa'ulds can re-establish a wormhole, we'll be able to get out of here.

26.15.12 TECHNICIAN-Chevron two encoded!

26.16.19 DANIEL-Can they dial in here once we've started dialing out?

26.18.09 CARTER-Yes. We have to get the seventh chevron locked in order to stop an incoming wormhole.

26.23.00 TECHNICIAN-Chevron three encoded!

26.26.16 O'NEILL-Okay, ready...?

26.27.11 SOLDIERS (OS)-Yes, sir! Do it, boys! Yes, sir! Yes, sir! Etc.

26.48.01 TECHNICIAN-Chevron five encoded!

26.56.00 DANIEL-Come on, come on, come on...

27.03.21 CARTER-No!!

27.04.21 TECHNICIAN-Off-world activation!

27.08.14 CATHERINE-You're gonna have to make the computer dial in
 faster for the next time.

27.10.22 CARTER-I'll see what I can do.

27.11.20 CATHERINE-How long can the Goa'uld keep the wormhole
 active?

27.13.25 CARTER-Well, based on the start and end of their last
 activation, it looks like they can keep one
 established from off-world for... thirty eight
 minutes.

27.21.21 DANIEL (OS)-We may not have...

27.21.29 DANIEL (CONT)-that much time.

27.27.15 O'NEILL-Fall back!!

27.29.08 SOLDIERS (OS)-Fall back! Go, go!

27.36.14 O'NEILL-Seal it off and move down!

28.01.21 DANIEL (OS)-This symbol has to be the point of origin.

28.06.15 HAMMOND (OS)-How's it going up there, General?

28.08.07 O'NEILL-We're getting the crap beat out of us. How's it going here?

28.10.18 CARTER-I'm estimating it'll be twenty-five before we can try opening the gate again.

28.13.18 HAMMOND-And when we do, Dr. Langford here has presented us with an interesting dilemma. She seems to think we've been handed the address to a Goa'uld home world. Possibly where this attack originated.

28.23.19 O'NEILL-We'll send a bomb through.

28.25.25 DANIEL-Excuse me... (beat) I'm sorry. I know you all think of me as an outsider here, but what good will that do?

28.32.21 DANIEL (OS CONT)-I mean, forget the fact that it...

28.33.07 DANIEL (CONT)-won't change what's happening here, how do you know they don't have some sort of iris, like yours? I mean, this could all be for nothing.

28.39.15 CARTER-Yeah. We probably only have one shot at dialing out.

28.43.12 CARTER (OS CONT)-If we use that one opportunity...

28.44.20 CARTER (CONT)-to dial a Goa'uld world, we'll never get out of here ourselves.

28.54.16 CATHERINE-My God...

28.56.01 O'NEILL-What the hell's that?

28.59.11 DANIEL-My reality.

29.06.25 CARTER-We are actually looking at ourselves in a parallel universe. A-another version of our lives that, that actually exists. (beat) It's incredible.

29.23.02 O'NEILL-It's supposed to be theoretical.

29.25.28 CARTER-Not any more. What first began with Einstein's theories about relativity --

29.31.01 HAMMOND-Who is this?

29.33.18 DANIEL (OS)-That is Teal'c.

29.34.27 DANIEL (CONT)-Big guy, gold emblem on his head, and Goa'uld in his stomach.

29.38.19 CATHERINE-We just saw him on the security camera. He's the Jaffa that led the invasion into the base.

29.43.17 DANIEL-Well, he was -- a probably still is -- the first prime of Apophis. He would be charged with the most important mission. Look, this is gonna sound pretty selfish, but where I come from, none of this has happened yet. In my reality, the Earth that I know still has a chance.

29.56.19 O'NEILL-You want to explain that.

29.58.18 DANIEL-If this address really does lead to the Goa'uld world where this attack originated, and I can get this information back to my world, then maybe I can stop this before it...

30.06.17 DANIEL (OS CONT)-starts there.

30.07.11 CARTER-Wh-what makes you think the Goa'ulds are even gonna try attacking Earth in your universe?

30.11.07 DANIEL-Oh, I'd say we've pissed the Goa'uld off just as much as you have, probably even more.

30.14.07 O'NEILL-All right. Wait, Wait a minute. Let me get this straight. You want us to give up what might be our last chance to strike back at the Goa'uld so we can save ourselves in a, in a... what, what...?

30.23.09 CARTER-Alternate reality.

30.24.15 DANIEL-Not just yourselves. Everyone on Earth.

30.26.15 O'NEILL-Your Earth.

30.27.14 DANIEL-The Jack O'Neill that I know would do it.

30.29.19 O'NEILL-Well, apparently, you and I have never met.

30.32.12 DANIEL-No. I guess not. Look, all I know is because I came here, I have seen what can happen. Now, I have a chance to keep this from happening to the Earth that I come from if you help me.

30.54.24 O'NEILL-How much time, Doctor?

30.58.12 CARTER-Twenty two minutes.

31.00.00 O'NEILL (OS)-All right. So...

31.00.05 O'NEILL (CONT)-the argument is academic. We can never hold them that long anyway.

31.06.02 DANIEL-Well, maybe we can buy some time.

31.08.07 O'NEILL-How?

31.09.07 DANIEL-Now how. Who.

31.32.20 O'NEILL-Whoa. You're kidding, right?

31.38.20 DANIEL-You saw the videotape. In my reality, Jack O'Neill convinced Teal'c to betray Apophis to save our lives. Teal'c gave up everything for the slim chance that we could help free his people from slavery.

31.49.09 O'NEILL-It doesn't exactly look like we could help him do anything right now. Keep in mind that we just sent a bomb off to his planet. There might not be anything left for him to save.

31.56.24 DANIEL-Not in this universe.

32.10.03 O'NEILL-You expect me to explain all this to him, don't you?

32.12.03 DANIEL (overlapping)-He's very smart. I bet he'll understand.

32.14.17 CARTER (OS)-How do you know that he's even remotely the...

32.15.27 CARTER (CONT)-same Jaffa that you know in your universe?

32.18.09 CATHERINE-Not everything's the same here.

32.20.24 DANIEL-No, it-it's not. But it is close.

32.23.12 DANIEL (OS CONT)-Look, I know what I'm asking here. It's insane.

32.30.12 DANIEL (CONT)-Look, if you don't want to help me, I understand. It's your lives, and it's your world.

32.46.00 O'NEILL-All I really have to do is buy a little time. A few minutes to get the gate open, right?

32.52.04 CATHERINE-The videotape of that Jaffa and you together should catch his attention.

32.57.20 HAMMOND (OS)-You're going to talk to this...

32.58.10 HAMMOND (CONT)-guy about alternate realities?

33.03.27 CARTER-Do you really think he's right about this Jaffa?

33.07.07 O'NEILL-He was right about my son.

33.20.06 DANIEL-Thank you.

33.28.00 O'NEILL-I think this is where you all wish me good luck.

33.35.12 CARTER-Jack...

33.53.24 CATHERINE-I take it they're not engaged in your reality.

33.56.23 DANIEL-No.

34.06.26 HAMMOND (OS)-The enemy will most likely penetrate this
level any time now. But...

34.11.07 HAMMOND (CONT)-every minute counts. If and when we get
the Stargate open from our end, we will retreat
through it.

34.17.13 HAMMOND (OS CONT)-But until then, we must keep them away
from the control room and the Stargate at any cost.

34.22.25 HAMMOND (CONT)-Understood?

34.23.20 COLLECTIVE RANKS (OS)-Yes, sir!

34.26.03 HAMMOND-Your efforts and your dedication have always made
me proud to serve with all of you.

34.32.17 SERGEANT-Bravo Company, move out! (unintelligible)

34.44.27 TEAL'C-Cree shac!

34.46.13 O'NEILL-Don't shoot!

34.48.00 O'NEILL (OS CONT)-I'm unarmed.

34.52.00 O'NEILL (CONT)-I surrender.

35.02.25 TEAL'C-And you are...?

35.04.13 O'NEILL-General Jack O'Neill. Commander of this base.
You're Teal'c, right?

35.11.19 JAFFA-Hakka sha!

35.12.14 TEAL'C-Arik Cree!

35.15.18 O'NEILL-You'll be wondering how I know your name. I've
got quite a story to tell you.

35.23.22 CARTER-Okay. I've got the dial-in time down another five
seconds. Now all we need is that wormhole to
destabilize.

35.31.28 HAMMOND-Airman, we're going to need all the help we can get out there. We should set the base auto-destruct sequence to go off two minutes past the estimated window of opportunity for us to open the Stargate. If the Goa'ulds want this place in one piece, I intend to disappoint them.

36.17.09 TEAL'C-I do not.

36.19.17 O'NEILL-Well, then, how did this Daniel guy know your
name? He says the guy in this video -- you I guess,
in his world -- hates being a slave to the Goa'ulds.

36.33.11 TEAL'C-Lies.

36.38.15 O'NEILL-Look... I know this sounds insane, but you have a
chance to change things in his world.

36.48.24 O'NEILL (OS CONT)-We just need a little time, that's all.

36.57.18 O'NEILL (CONT)-This guy Daniel says the Teal'c in his

for a chance to free his people, to free his family.
Your wife...

37.09.26 O'NEILL (OS CONT)-Your son, Ryac...

37.16.20 TEAL'C-We received word from my home world. You sent a
weapon of destruction there through your Stargate.

37.24.28 TEAL'C (OS CONT)-My people...

37.26.19 TEAL'C (CONT)-my family are dead.

38.17.17 CATHERINE (CONT)-device you brought is a remote control

38.21.00 CARTER-Go ahead. I'll get it.

38.26.10 DANIEL-Thank you.

38.29.23 CATHERINE-You helped reunite me with Ernest in the other

things, we're even.

39.14.13 TECHNICIAN-Fall back! We have to fall back!

39.35.12 CATHERINE (ON INTERCOM FILTERED)-Two minutes!

39.38.16 CARTER-I surrender. I have information that will help
Apophis. There is technology he will want to know
about. This is the remote control to an inter-
dimensional portal. I can tell Apophis how to find
it.

39.51.19 JAFFA-Ashac tree-ac!

39.55.07 CARTER-Thank you. Oh yeah.
