DIALOGUE

START MEASURING 00.00.00 AT FIRST FRAME PICTURE

00.22.00 TECHNICIAN (VO OVER LOUD SPEAKER FILTERED)-Unauthorized
 traveler...!

00.39.22 GENERAL HAMMOND-Who is it?

00.40.13 TECHNICIAN-I have no idea, sir. SG-5 and SG-14 are out,
 but neither are due back until tomorrow.

00.45.00 GENERAL HAMMOND-No iris code?

00.46.00 TECHNICIAN-No, sir.

00.47.21 GENERAL HAMMOND-I did not give the order to open the
 iris, mister!

00.50.09 TECHNICIAN-I did not open it, sir.

00.51.16 GENERAL HAMMOND-Well, close it! (beat) Now, get that
 iris closed, Sergeant!

00.59.16 TECHNICIAN (OS)-I'm trying, but the computer keeps
 overriding it.

01.09.03 DANIEL-General...

01.49.10 GENERAL HAMMOND-Search him.

01.50.14 O'NEILL-General... If I may suggest allowing Carter to...

O'NEILL (OS CONT)-...do it. She can...

O'NEILL (CONT)-...detect other stuff.

02.06.00 CARTER-Hello. What's your name? Okay. My name is Sam.

I have to check you for... for things you probably
know nothing about. But just in case... (TO OTHERS)

Well, he's not Goa'uld or Jaffa. I can't sense any
Naquada.

CARTER (OS CONT)-As far as I can tell, he's clean.

02.54.18 O'NEILL-What's he doing here?

03.02.23 BOY-I am here to warn you.

04.21.11 DR. FRAISER-Well, as far as I can tell, he's human.

04.25.11 O'NEILL (OS)-No bomb in the chest, little bio-hazard in
the tooth, maybe...?

04.28.21 DR. FRAISER-Checked for both. He's no threat to us, as far as I'm able to tell. But...

DR. FRAISER (OS CONT)-...he's pretty weak. I'm guessing he's malnourished.

04.39.10 CARTER-What's your name?

04.41.27 BOY-Your name is Colonel O'Neill.

04.48.10 O'NEILL-How'd you know that?

04.50.05 BOY-My mother told me.

04.56.15 O'NEILL-Your mother?

04.57.24 BOY-Yes. She says I am to speak only with you.

05.04.24 O'NEILL-Well, these people are my friends.

O'NEILL (OS CONT)-You can trust them.

05.10.05 BOY-Mother says to speak only to you.

05.13.08 O'NEILL-Okay. Why me?

05.59.15 BOY-Because you are the leader.
BOY (OS CONT)-Mother insists I speak no further, unless
 it is with you alone.

06.08.04 GENERAL HAMMOND-Let's step into the corridor for a few
 moments, folks.

06.24.04 O'NEILL-So what do I call you?

06.25.27 BOY-I do not have a name.

06.28.05 O'NEILL-What does your mom call you?

06.30.04 BOY-Son.

06.32.17 O'NEILL-That's not much of a name.

06.34.05 BOY-No. It's more of a description.

06.38.04 O'NEILL-Yes, it is.

06.40.01 BOY-Mother says you too have a son.

06.45.05 O'NEILL-I had one. He's gone now.

06.49.00 BOY-What was his name?

06.51.19 O'NEILL-Charlie.

06.52.26 BOY (OS)-Charlie.

BOY (CONT)-I like Charlie. It's a good name. Can I be called Charlie?

07.02.13 O'NEILL-Yeah... sure... If that's what you want.

07.07.00 CHARLIE-Okay, Colonel O'Neill. I'm Charlie.

07.13.18 O'NEILL-Hi, Charlie. (beat) Call me Jack.

07.21.21 CHARLIE-Jack...

07.34.23 O'NEILL-So where you from?

07.36.19 CHARLIE-A planet called Reetalia.

07.39.00 O'NEILL-Nice place?

07.40.16 CHARLIE-Used to be. Until most of the Reetou were destroyed by mean creatures...

CHARLIE (OS CONT)-...with glowing eyes.

07.47.08 O'NEILL-Well, that's the Goa'uld. I'm sorry to hear that.

07.51.14 CHARLIE-That's why I'm here. To warn you.

07.54.15 O'NEILL-Well, thank you, Charlie. But we already knew
about the Goa'uld.

07.59.04 CHARLIE-Not the Goa'uld. It's the Reetou rebels who
intend to eliminate you.

08.07.27 CARTER (OS)-We did a level one analysis on the iris
mechanism. It behaved as if...

CARTER (CONT)-...control was being commandeered from the
main computer by...

CARTER (OS CONT)-...an override -- like it was being...

CARTER (CONT)-...controlled by another keyboard
somewhere. We have software specialists picking it
apart right now.

08.21.09 GENERAL HAMMOND (OS)-Colonel O'Neill, any more...

GENERAL HAMMOND (CONT)-...insight into the boy?

08.24.10 O'NEILL-The best I can tell, sir, the kid survived a
Goa'uld massacre.

- 08.28.11 DR. FRAISER (OS)-Well, that would explain "Mom".
DR. FRAISER (CONT)-See, it would be a natural
psychological defense mechanism. He's convinced
himself that she never left him. That her spirit,
for lack of a better word,...
- DR. FRAISER (OS CONT)-...is always with him.
- 08.37.18 DANIEL-Well, how did he know about the Salish?
- 08.39.09 O'NEILL-How did he know about my kid?
- 08.41.18 DANIEL-Uh, is it possible that he's some sort of psychic?
- 08.44.24 DR. FRAISER-Maybe we'll turn something up in our
examinations.
- 08.47.11 TEAL'C-For the immediate, should not our concern be the
threat of the planned Reetou attack?
- 08.51.02 CARTER-That doesn't make much sense. I mean, the Goa'uld
attack the Reetou, so the Reetou rebels attack us?

08.55.07 GENERAL HAMMOND-We need to determine the validity of what little information the boy's given us. Teal'c,...

GENERAL HAMMOND (OS CONT)-I'd like you to accompany Colonel O'Neill to see him. Listen to his description of the attack on the Reetou, and let me know if it appears to follow normal Goa'uld tactics.

09.19.19 DR. FRAISER (OS)-There you go.

DR. FRAISER (CONT)-See, that didn't hurt at all, did it?

09.26.20 CHARLIE-Jaffa!

09.32.24 O'NEILL-Get that a lot?

O'NEILL (OS CONT)-Charlie Charlie Charlie...

O'NEILL (CONT)-...Charlie! It's okay.

09.37.00 CHARLIE-He's a Jaffa! He wants to kill me,...

CHARLIE (OS CONT)-...just like he killed the Reetou!

09.40.04 O'NEILL-No no... no no no... He's a good Jaffa. In fact, he saved my life one time. He hates the Goa'uld as much as you do.

09.49.15 CHARLIE (overlapping)-No!

09.57.16 O'NEILL-Oh, for crying out loud... Look, Mom... You said you trust me, right? Well, I'm telling you, Teal'c is okay.

O'NEILL (OS CONT)-In fact, all my friends here at the base...

O'NEILL (CONT)-...are okay. Okay?

10.15.01 CHARLIE-She's over there.

10.23.02 O'NEILL-Okay...

10.25.20 CHARLIE-Mother says to trust only you... and the other members of your team.

10.29.27 O'NEILL-Good. Thank you. (beat) Charlie... Teal'c.

O'NEILL (OS CONT)-Teal'c... Charlie.

10.42.05 TEAL'C-I am pleased to meet you.

10.48.05 O'NEILL (OS)-Listen, Charlie...

O'NEILL (CONT)-We have to ask you some questions about the attack on your people. Can you...

O'NEILL (OS CONT)-...talk about that?

10.56.27 TEAL'C-I-I-I am sorry, O'Neill. (beat) I-I must leave this room.

- 11.04.02 O'NEILL-Excuse me, Charlie. Um, Mother...
- 11.12.18 O'NEILL-What's the matter?
- 11.15.04 TEAL'C-My symbiote became agitated when I entered the room.
- 11.20.14 O'NEILL-Any idea why?
- 11.22.01 TEAL'C-I can tell you only this, O'Neill. In all of my years, I have never experienced a symbiote so disturbed. There is something unusual about this child, O'Neill. I advise you to use extreme caution in his handling.
- 11.37.01 O'NEILL-I was planning on it.
- 11.39.03 TEAL'C-You have seen it yourself. In the hands of the Goa'uld, a child is nothing more than a potent weapon.
- 11.45.10 O'NEILL-Carter and Fraiser checked him out for all the threats we encountered from the other kids.

11.49.13 DR. FRAISER (OS)-I didn't find any apparent threat to us.
DR. FRAISER (CONT)-But he's in worse shape than I
thought, the...
DR. FRAISER (OS CONT)-...poor kid. Several of his...
DR. FRAISER (CONT)-...major organs have congenital
defects.

11.57.09 O'NEILL-Oh, God...

11.59.09 DR. FRAISER-It's like Mother Nature put him together in a
hurry, and got everything just a little wrong.
DR. FRAISER (OS CONT)-His heart valves are defective, his
renal function is a mess, and I have serious
questions about his lungs. I'm afraid without some
very aggressive medical intervention, he...
DR. FRAISER (CONT)-...won't live to be much older than he
is.

12.14.24 O'NEILL-Can you help him?

12.17.00 DR. FRAISER-Maybe. But he may be beyond anything our
medicine can do. There's something else.

DR. FRAISER (OS CONT)-Charlie's CAT scan. Now, if you
look along the lower part of the brainstem, this is
the...

DR. FRAISER (CONT)-...part where normal humans have what
is called the reticular formation.

DR. FRAISER (OS CONT)-It's the part of the brain that
determines alertness, our...

DR. FRAISER (CONT)-...perception of things.

DR. FRAISER (OS CONT)-Charlie's is twice the size of
ours. And that could explain why he knew you had a
son. It may also explain...

DR. FRAISER (CONT)-...why he had such an effect on
Teal'c's symbiote.

12.45.03 O'NEILL (OS)-So, what, he's got ESP?

O'NEILL (CONT)-Some telekinetic thing going on?

12.49.00 DR. FRAISER-I don't know. I am a skeptic on such things,
but...

12.55.23 O'NEILL-...It would explain a lot.

13.00.26 O'NEILL (OS)-So, Charlie...

O'NEILL (CONT)-Tell us why the Reetou want to attack us.

- 13.05.16 CHARLIE-It's not the central authority of the Reetou.
It's only the Reetou Rebel faction.
- 13.10.07 O'NEILL-All right. Why do the rebels want to attack us?
- 13.12.23 CHARLIE-Because the glowing eye people attacked the
Reetou.
- 13.15.09 DANIEL-The Goa'uld?
- 13.22.03 CHARLIE (OS)-The rebels believe that the glowing eye
people are too powerful to destroy directly.
CHARLIE (CONT)-They believe they can only be destroyed
by... attrition.
- 13.31.13 O'NEILL-Attrition? What does that mean?
- 13.33.07 DANIEL-Uh, attrition is the gradual diminution of...
DANIEL (OS CONT)-...strength or number by time --
- 13.36.10 O'NEILL (overlapping)-I know what the word means. I
meant in context...

- 13.40.11 CARTER-My God! Th-they must want to kill all possible hosts.
- CARTER (OS CONT)-They must think that if...
- CARTER (CONT)-...the Goa'uld have no new hosts to infest, that they'll eventually die out.
- 13.49.22 DANIEL-...by attrition.
- 13.51.01 CHARLIE-Yes.
- 13.52.00 CARTER (OS)-Well, that's insane.
- CARTER (CONT)-There are billions of possible Goa'uld hosts all throughout the galaxy.
- 13.56.22 TEAL'C-And they are not all human.
- 13.59.12 CHARLIE-Mother agrees. That is why the central authority of the Reetou sent us here.
- 14.07.22 DANIEL-Charlie... I'm curious. Are you a Reetou?
- 14.13.15 CHARLIE-No. I am of your species.
- 14.16.00 DANIEL-Is your mother a Reetou?
- 14.17.23 CHARLIE (OS)-Of course.

14.19.05 DANIEL-And is that why we can't see her?

14.21.15 CHARLIE-Yes.

14.22.10 DANIEL (OS)-Well, if you're one...
DANIEL (CONT)-...of us, why can you see her?

14.29.06 CHARLIE-Because I'm special.

14.31.08 DANIEL-You're special... How?

14.32.28 CHARLIE-Mother created me to serve as an intermediary.

14.36.00 DANIEL-She created you?

14.37.12 CHARLIE (OS)-Yes.
CHARLIE (CONT)-She hoped I would be older before we came,
but my accelerated growth caused my body to begin
failing,...

CHARLIE (OS CONT)-...so we had to come sooner.

14.45.26 GENERAL HAMMOND-Captain, you're our physics expert here.
Is it possible there's a creature standing here that
we can't perceive?

- 14.54.07 CARTER-Theoretically, it is possible, sir, yes. I mean,
 a-a-according to quantum...
- CARTER (OS CONT)-...physics, matter exists, both in
 particles and waves.
- CARTER (CONT)-If the Reetou waves are exactly 180 degrees
 out of phase with ours -- right down to the
 subatomic level -- then their light and sound waves
 would be undetectable by us.
- 15.11.27 O'NEILL (OS)-So what? Prepare...
- O'NEILL (CONT)-...for an attack by an invisible army?
- 15.14.26 TEAL'C-If there is a Reetou in this room, it came through
 the Stargate. And it is capable of controlling the
 iris.
- 15.21.00 GENERAL HAMMOND-Son, how did your mother do that?
- 15.25.00 CHARLIE-I am no longer called "son".
- CHARLIE (OS CONT)-Call me Charlie.
- 15.32.10 GENERAL HAMMOND-Charlie... How did your mother control
 the iris?

15.39.13 CHARLIE-Mother came ahead of me weeks ago. She observed you and how you operate the iris. Then, when the time came, she opened it for me,...

CHARLIE (OS CONT)-...just as you do.

15.48.05 GENERAL HAMMOND-She just typed it into the computer?

15.49.26 CARTER-That is how the computer behaved, sir.

CARTER (OS CONT)-As if it was being overridden by another console.

15.54.28 DANIEL-So the Reetou can operate things in our phase?

16.00.09 CHARLIE-Yes.

16.05.09 O'NEILL-Carter?

16.07.15 CARTER-It is possible, sir. But it doesn't seem...

CARTER (OS CONT)-...very likely.

16.11.05 CHARLIE (OS)-Mother is growing...

CHARLIE (CONT)-...impatient with your narrow-mindedness.

16.18.19 GENERAL HAMMOND-Stand down!

16.26.26 O'NEILL-I assume that came from...

16.28.14 CHARLIE-Mother.

16.30.17 O'NEILL-Mother.

16.38.12 GENERAL HAMMOND-Theories? Suggestions?

16.43..05 CARTER-It seems obvious that this Reetou exists.

16.45.19 O'NEILL-Well, here's a question -- how do we deal with an
invisible threat?

16.50.01 CARTER-We need a way to detect them.

16.52.21 O'NEILL-That would be helpful.

16.54.15 TEAL'C (OS)-I have that way.
TEAL'C (CONT)-It seems my symbiote can sense this
creature.

16.59.26 O'NEILL-Okay. Limited helpfulness right there...

17.03.10 TEAL'C-Explain.

- 17.04.24 O'NEILL-Can it tell us where exactly in the room a Reetou...
- O'NEILL (OS CONT)-...is? How many there are...? What they're doing...? Etcetera...
- 17.10.05 TEAL'C-It was not that specific. It only detected a presence.
- 17.13.26 O'NEILL-So... limited.
- 17.16.08 TEAL'C-Perhaps if my symbiote can detect this creature, the Goa'uld can also sense them.
- 17.20.21 DANIEL-That's a good point. They had to see them to wipe them out.
- 17.24.16 TEAL'C (OS)-Perhaps the Tok'ra...
TEAL'C (CONT)-...can be of assistance.
- 17.26.16 GENERAL HAMMOND (OS)-It could be our best hope.
GENERAL HAMMOND (CONT)-Captain Carter, Dr. Jackson...
signal the Tok'ra.
- 17.32.11 CARTER-Yes, sir.
- 18.02.23 JACOB (AS HUMAN)-Hello, Sam.

- 18.04.28 CARTER-Dad, we have a little bit of a situation, and we may need Selmak's help.
- 18.08.12 JACOB (AS HUMAN)-Selmak, Selmak, Selmak. I thought maybe you just wanted to see your old man.
- 18.12.20 CARTER-I do, Dad.
- 18.13.23 GENERAL HAMMOND-But this time we do need your symbiote, Jacob.
- 18.16.14 JACOB (AS HUMAN)-Nice to see you too, George.
- 18.18.19 GENERAL HAMMOND-No offense, old friend.
- 18.26.28 JACOB (AS GOA'ULD DISTORTED)-It is an honor to once again return to your planet, General.
JACOB (AS GOA'ULD DISTORTED) (OS CONT)-What can we do for you?
- 18.32.18 GENERAL HAMMOND-Have you ever heard of something called a Reetou?
- 18.35.28 JACOB (AS GOA'ULD DISTORTED)-Yes. Why?
- 18.37.09 GENERAL HAMMOND-We may have one here.

18.39.05 JACOB (AS GOA'ULD DISTORTED)-Tok'ra kree.
JACOB (AS GOA'ULD DISTORTED) (OS CONT)-Tak lan onobi lon.
JACOB (AS GOA'ULD DISTORTED) (CONT)-Please send him back
to where we came from.
JACOB (AS GOA'ULD DISTORTED) (OS CONT)-In the
meantime,...

JACOB (AS GOA'ULD DISTORTED) (CONT)-...take me to this
Reetou.

19.11.07 O'NEILL-Hey, Charlie. How you feelin'?

19.15.00 CHARLIE-Tired. Really tired. (beat) For cryin' out
loud...

19.28.28 O'NEILL-Charlie... it's all right, it's okay...
O'NEILL (OS CONT)-It's all right, he's not a Goa'uld.
O'NEILL (CONT)-He's a Tok'ra. They're okay.

19.39.19 CARTER-Dad...?

19.48.03 JACOB (AS HUMAN)-Oh... You are correct.
JACOB (AS HUMAN) (OS CONT)-There is a Reetou in that
room.
JACOB (AS GOA'ULD DISTORTED) (CONT)-Taka ram.
JACOB (AS HUMAN) (OS CONT)-This will eliminate the
Reetou, if it is there.
JACOB (AS HUMAN) (CONT)-Follow me.

20.15.24 O'NEILL-Jacob...?

20.20.05 CHARLIE-Please don't hurt her!

20.22.18 O'NEILL-My God...

20.24.00 GENERAL HAMMOND-Hold your fire.

20.25.19 CARTER (OS)-She could've hurt us...
CARTER (CONT)-...a long time ago, if that's what she
intended.

20.30.08 JACOB (AS HUMAN)-Tok'ra kree.

20.37.17 O'NEILL-Whoa. (TO CHARLIE) I owe you an apology.

20.46.01 CHARLIE-I wouldn't lie to you, Jack.

20.47.10 O'NEILL-I know that. I'm sorry. (beat) Charlie, I want
you to do me a favor.

20.55.20 CHARLIE-What?

20.57.05 O'NEILL-You and your mom stay in this room until I get
back. Nobody's gonna hurt you. I promise. Neither
one of you. Okay?

21.11.24 CHARLIE-Okay.

21.14.20 O'NEILL-Okay.

21.19.16 O'NEILL-Will somebody please explain to me how that thing
could be the kid's mother?

21.25.16 DANIEL (OS)-He said their leaders created...

DANIEL (CONT)-...him to communicate with us. They
must've cloned him or engineered him somehow.

- 21.31.11 DR. FRAISER (OS)-Well, all they'd need is some human DNA...
- DR. FRAISER (CONT)-...and it would be possible to construct him in a lab.
- DR. FRAISER (OS CONT)-It would also explain the extra reticular formation in his brain.
- DR. FRAISER (CONT)-Could have been genetically engineered to allow him to perceive this Reetou "Mother".
- 21.43.11 O'NEILL-But how do they do something that advanced, and leave the kid so screwed up?
- 21.47.12 DR. FRAISER-Genetically engineering a human child would be a very precise exercise, Colonel.
- DR. FRAISER (OS CONT)-Changing one set of genes to alter the reticular formation could have numerous additional ramifications.
- 21.56.26 CARTER-Even though we can't see them, these Reetou can definitely see us.
- 22.00.01 TEAL'C-Which puts us at a great strategic disadvantage. I understand why the Goa'uld would want to eliminate them.
- 22.06.00 O'NEILL-They're Goa'uld, Teal'c. That's their job.

- 22.10.12 JACOB (AS HUMAN) (OS)-The Reetou are a pretty peaceful race.
- JACOB (AS HUMAN) (CONT)-The Goa'uld wiped most of them out just because they were a possible threat.
- 22.16.14 DANIEL-Okay. But how did the Goa'uld wipe them out?
- 22.19.13 JACOB (AS HUMAN) (OS)-They were able to isolate the emissions that we are...
- JACOB (AS HUMAN) (CONT)-...sensitive to, and develop a device that would expose the creatures.
- JACOB (AS HUMAN) (OS CONT)-This is a Transphase Eradication Rod.
- JACOB (AS HUMAN) (CONT)-The Tok'ra have managed to rip off several versions...
- JACOB (AS HUMAN) (OS CONT)-...of this device. It's also capable of terminating a Reetou.
- 22.36.12 O'NEILL (OS)-Now, do me a favor, will you?
- O'NEILL (CONT)-Don't terminate this Reetou. I promised the kid.
- 22.43.23 GENERAL HAMMOND (OS)-It appears this Reetou...
- GENERAL HAMMOND (CONT)-...came to warn us of an impending rebel attack.

22.49.28 JACOB (AS HUMAN)-Yeah. The Reetou rebel are, uh... kind of like terrorists are...
JACOB (AS HUMAN) (OS CONT)-...here on Earth. Nasty guys.
JACOB (AS HUMAN) (CONT)-They could do a lot of damage here, folks.
JACOB (AS HUMAN) (OS CONT)-Kill a lot of people.

23.02.04 O'NEILL-How many are there?

23.03.12 JACOB (AS HUMAN)-Don't know. But I do know their M.O. They work in small groups of five suicide infiltrators. They sneak in,...
JACOB (AS HUMAN) (OS CONT)-...they split up, plant destructive devices, and try to maximize the damage before they've even been detected.
JACOB (AS HUMAN) (CONT)-But they usually attack Goa'uld planets. Any idea why they want to attack...
JACOB (AS HUMAN) (OS CONT)-...here on Earth?

23.22.26 CARTER (OS)-Apparently...
CARTER (CONT)-...to destroy all possible hosts.

23.28.03 DANIEL (OS)-Is it....
DANIEL (CONT)-...possible that they can get through our iris?

- 23.30.28 JACOB (AS HUMAN)-No. Their molecules wouldn't
reintegrate any more than yours or mine.
- 23.34.23 CARTER-Can our weapons even touch them?
- 23.38.05 JACOB (AS HUMAN)-Earth weapons will not be as effective
as a T.E.R. But since the, uh, Reetou are somewhat
affected by solid matter in our phase, your weapons
might at least slow them down.
- 23.49.05 O'NEILL-But essentially, we'd be shooting at... nothing.
- 23.54.24 JACOB (AS HUMAN)-You bet. Pretty tough to shoot at a
moving target that you can't see.
JACOB (AS HUMAN) (OS CONT)-Even with T.E.R.'s it's tough.
JACOB (AS HUMAN) (CONT)-Best weapon is advance intel.
Knowing where they'll come...
JACOB (AS HUMAN) (OS CONT)-...from, and how.
- 24.07.19 O'NEILL-Well, I should talk to "Mom". She might know
where this rebel staging planet is.

- 24.13.27 DANIEL-Wait a minute. Say she does give us the address where they're coming from. Isn't it kind of risky to go looking for them?
- DANIEL (OS CONT)-I mean, it's possible we may let more of them through to Earth...
- DANIEL (CONT)-...and not even know it.
- 24.24.09 JACOB (AS HUMAN)-If we've got T.E.R.'s, we'll be able to see them.
- 24.27.10 GENERAL HAMMOND-We need some intelligence, Dr. Jackson.
GENERAL HAMMOND (OS CONT)-It's the only way we'll know what we're up against.
- 24.40.10 CHARLIE-Mother says not to cry.
- 24.48.22 O'NEILL-Crying's okay.
- 24.53.04 CHARLIE-She says the boys of your culture do not cry.
- 24.56.14 O'NEILL-Not true. In fact, there's an official list of reasons for which crying is a good thing.
- 25.02.09 CHARLIE-Mother is leaving.

- 25.08.21 O'NEILL-Now, see, that's a good reason. "Mom leaving", I believe, is number six on the list of good reasons. Actually, six is "Mom says she's leaving in a couple of days." Five is "Mom leaving immediately." Four, of course, is "Mom already left". Now, three, three is huge, one of the bigger ones on the list...
- 25.29.09 CHARLIE-She's still here.
CHARLIE (OS CONT)-She's leaving as...
CHARLIE (CONT)-...soon as she has told you everything that can help.
- 25.39.02 O'NEILL-She's not taking you with her?
- 25.41.16 CHARLIE-She wants to leave me here with my own kind.
- 25.45.21 O'NEILL-Well, for what it's worth, I think she's right.
I think you should stay here. You'd be better off.
- 25.55.16 CHARLIE-I think I belong with you, Jack.
- 26.01.24 O'NEILL-Look, Charlie, um... Before she leaves, do you think she could tell us where we can find these rebel Reetous?

26.13.01 CHARLIE (OS)-She says...
CHARLIE (CONT)-...she'll show me the address.

26.15.16 O'NEILL-That'd be great.

26.17.26 CHARLIE (OS)-Jack...
CHARLIE (CONT)-Could I be your son for a while?

26.34.01 O'NEILL-I don't know, Charlie. I don't think you'd want
that.

26.37.03 CHARLIE-Yes, I do. You'd be great. I can tell.

26.45.06 O'NEILL-I'll tell you what; Let's deal with these
Reetou. Then we'll talk about it, okay?

26.55.10 CHARLIE-Okay.

26.57.20 O'NEILL-Okay.

MOLECULAR
DECONSTRUCTION
IN PROGRESS

27.20.18 TECHNICIAN (OS)-The M.A.L.P. is in route.

- 27.26.02 JACOB (AS HUMAN)-This is a bit of overkill, George. I told you, these rebels work in five man squads. There'll only be five, maybe ten of them there.
- 27.32.18 GENERAL HAMMOND-I don't want to take any chances, Jacob. (TO MEN) Okay, listen up. Colonel O'Neill is in charge of this operation...
- 27.41.04 TECHNICIAN (THROUGH LOUD SPEAKER FILTERED)-The M.A.L.P. has reached destination. Scanning with T.E.R.
- 27.47.00 GENERAL HAMMOND-Colonel, I want to remind you that this is a recon mission only. Do not engage the enemy unless you have no choice.
- 27.54.14 O'NEILL-Can't engage what you can't see, sir.
- 27.57.02 GENERAL HAMMOND (OS)-Do your best for them not to see you, Colonel.
- 28.00.09 TECHNICIAN-M.A.L.P. T.E.R. shows immediate gate vicinity clear.
- 28.03.10 O'NEILL (OS)-All right...
O'NEILL (CONT)-Here we go, kids. (beat) Move out!

28.36.21 JACOB (AS GOA'ULD DISTORTED)-Looks clear.

28.39.14 O'NEILL-Clear! (beat) Let's do some snooping around,
what do you say? You stay with SG-12. Watch our
six. Back sides.

28.59.15 JACOB (AS GOA'ULD DISTORTED)-Colonel...! The Reetou are
present in that direction.

29.07.05 O'NEILL-How many?

29.08.24 JACOB (AS GOA'ULD DISTORTED)-I don't know.

29.28.23 O'NEILL-Whoa... (beat) Five or ten...?

29.47.26 GENERAL HAMMOND-So you would say threat assessment is
high?

29.51.14 O'NEILL-Oh, yeah.

29.53.12 CARTER-There were a lot of them, sir.

29.56.04 TEAL'C-They are indeed invisible.

29.59.08 GENERAL HAMMOND-You sure none of them came through with
you?

30.01.26 JACOB (AS HUMAN) (OS)-Can't be sure, but I don't think
so.
JACOB (AS HUMAN) (CONT)-Selmak's tremors stopped a few
seconds after we got through the gate. And my guard
did a T.E.R. sweep of the room.

30.08.24 O'NEILL-'Course it would only take one to open the iris.
Correct?

30.12.19 CARTER-Well, we could put palm scanners into the iris
control system to prevent that. I mean, I assume
they don't have palms.

30.19.21 GENERAL HAMMOND-Take who you need and do it now, Captain.

30.21.27 CARTER-Yes, sir.

30.24.19 GENERAL HAMMOND (OS)-Colonel...
GENERAL HAMMOND (CONT)-Let's go see the boy.

30.33.26 SCREEN READS:
ACCEPTED

30.36.28 CARTER-Okay. That should...
CARTER (OS CONT)-Teal'c...? (INTO PHONE) Colonel
O'Neill... Are you with Charlie now?
CARTER (CONT INTO PHONE)-And Mom's there? I think we may
have a stowaway Reetou who came back with us. Yeah.

BASE
ALERT
CODE 9

30.59.14 VOICE (OVER INTERCOM FILTERED)-Lock down base
(unintelligible) and stand clear (unintelligible)...

31.56.25 O'NEILL-You all right?

31.57.25 JACOB (AS GOA'ULD DISTORTED)-Strong... Reetou...

32.09.10 O'NEILL-Damn it...

32.11.24 GENERAL HAMMOND-Anyone get a count?

32.13.15 O'NEILL-Well, we had four here, plus that one in the
control room.

- 32.16.05 JACOB (AS HUMAN)-Yeah, it's one of their terrorist teams.
They didn't want to be seen until their destruction
had already started.
- 32.21.22 O'NEILL-So what will they do?
- 32.23.14 JACOB (AS HUMAN)-Well, some of them will try to get out
of the base and start making a mess of things.
- 32.28.03 O'NEILL-How?
- 32.28.28 JACOB (AS HUMAN) (OS)-They have cross-phasal...
JACOB (AS HUMAN) (CONT)-...explosives, each one as
powerful as a small nuke.
JACOB (AS HUMAN) (OS CONT)-I hate to tell you this, but
those four Reetou rebels could...
JACOB (AS HUMAN) (CONT)-...level a couple of cities, and
take a lot of people with them.
- 32.39.20 O'NEILL-Sweet.
- 32.44.07 VOICE (OVER INTERCOM FILTERED)-Emergency lighting
enabled.

- 32.46.27 CARTER-We've dimmed the lights to get a better contrast on the T.E.R.'s, and we've shut down all access to this floor and sub 27.
- CARTER (OS CONT)-So, hopefully, they're trapped in here with us.
- 32.54.14 O'NEILL-Well, assume they are. We'll do a sweep of all three access...
- O'NEILL (OS CONT)-...corridors, sealing as we go --
- O'NEILL (CONT)- -- try to corral them. Jacob, Carter, Chu... C8. Teal'c, Rothman, Brecker... C3. Daniel, Plunkett, you're with me. Let's move out.
- 33.17.02 TEAL'C-Seal blast door C3 East.
- 33.37.21 JACOB (AS HUMAN)-Reetou!
- 33.42.15 CARTER-Come on...
- 33.51.23 O'NEILL-Seal blast A7 West.
- 34.12.08 DANIEL (OS)-Jack...
- DANIEL (CONT)-What happens if they come through the door behind us?
- 34.16.06 O'NEILL-Why? (beat) Don't do that!

34.34.09 O'NEILL-Dammit...

34.54.23 CARTER-Dad...! (beat) You okay?

35.01.05 JACOB (AS HUMAN)-Not really.

JACOB (AS HUMAN) (OS CONT)-Get the damn thing.

JACOB (AS HUMAN) (CONT)-Selmak can take care of me. (AS
GOA'ULD DISTORTED) Go!

36.50.01 O'NEILL-Hit the deck!

37.08.28 CHARLIE-Mother!

37.10.12 DANIEL-Don't shoot!

37.13.15 CHARLIE-MOTHER!!

37.28.12 DR. FRAISER-Easy, sir...

37.31.02 O'NEILL-All right, that hurts... (beat) Gimme a count.

37.41.16 CARTER-I got one.

37.42.27 TEAL'C-I also eliminated one.

- 37.44.11 DANIEL-I only got two, and Mother got one. I guess that makes five.
- 37.48.26 CARTER-So that should be all of them, right?
- 37.50.15 O'NEILL (OS)-Well, let's make sure.
O'NEILL (CONT)-Take a team and do a sweep of the base, Captain.
- 37.53.23 CARTER-Yes, sir.
- 38.06.24 O'NEILL-I'm sorry. (beat) Doc... Doc.
- 38.27.19 DR. FRAISER (OS)-Give me a hand over here! Let's go!
Put him up on the bed.
- 38.45.24 O'NEILL-What?
- 38.47.22 DR. FRAISER-I don't know. His pulse is very weak. I may be able to stabilize him for now. But you have to remember, sir... He has two major organs about to fail.
- 39.04.06 O'NEILL-Oh, come on. He's just a kid. You got all this fancy...
O'NEILL (OS CONT)-...equipment around here --

39.09.14 DR. FRAISER (overlapping)-Colonel... I'm sorry, but I
don't think so.

39.13.28 JACOB (AS GOA'ULD DISTORTED) (OS)-Let us take him.
(beat) He will be in good hands.

39.21.03 O'NEILL-Can the Tok'ra help him?

39.22.27 JACOB (AS GOA'ULD DISTORTED)-Yes.

39.24.05 DANIEL-Excuse me. Isn't he a little young to be a host?

39.26.23 JACOB (AS GOA'ULD DISTORTED)-He is young. But the Tok'ra
sybiote that we introduce to his mind can teach
him. He will grow up with the advantages...
JACOB (AS GOA'ULD DISTORTED) (OS CONT)-that great wisdom
brings.

39.36.26 O'NEILL-The two key words there -- "grow up".

39.41.09 DR. FRAISER (OS)-The Tok'ra are probably...
DR. FRAISER (CONT)-...the only way that'll happen, sir.

39.48.02 O'NEILL-Do it.

- 40.05.20 JACOB (AS HUMAN)-Keep the T.E.R.'s. We'll get you more as soon as they become available.
- 40.34.03 O'NEILL-You know, there's another rule that says it's okay to be sad when you're saying goodbye to a new friend.
- 40.43.16 CHARLIE-I want to stay with you, Jack.
- 40.49.26 O'NEILL-Well, Jacob's gonna take you to a place where you can get well. I can't do that. But you know what?
- 40.59.09 CHARLIE-What?
- 41.01.00 O'NEILL-I'll come visit. You'll come visit. Okay?
- 41.10.24 CHARLIE-I guess.
- 41.32.18 JACOB (AS GOA'ULD DISTORTED)-I warn you... The Reetou are guileful creatures. And you are at the disadvantage of not being able to sense them, as my Jaffa friend and I can.
- 41.41.25 CARTER (OS)-Well, we've...
CARTER (CONT)-...installed the hand scanners, so they can't open the iris, at least.

41.51.14 JACOB (AS GOA'ULD DISTORTED)-You are only one, Teal'c.
Please be dilligent. They will not give up. They
will attempt to send more infiltrators. (beat)
George...

42.21.15 CARTER-Bye, Dad.

42.23.00 JACOB (AS GOA'ULD DISTORTED)-You take care.

42.23.20 CARTER-You, too.

43.01.27 FADE TO END CREDITS.
