00.48.12 DR. CARTER (OS)- Major! Come on!

00.53.13 KAWALSKY (OS)- We've gotta go back for the General!

00.55.12 DR. CARTER- I can't shut it...

DR. CARTER (OS CONT)- down. I won't find this window again.

DR. CARTER (CONT)- We have to go now!

01.11.07 KAWALSKY- You sure this is the right one to go to?

01.14.08 DR. CARTER- Anywhere's better than the alternative.

01.17.16 KAWALSKY- I guess we'll see about that.

01.26.02 SOLDIER (OS)- Drop your weapons. Do it now!

01.38.14 DR. CARTER (OS)- I'm Doctor...
DR. CARTER (CONT)- Samantha Carter from the SGA. This...
DR. CARTER (OS CONT)- is Major Kawalsky.
DR. CARTER (CONT)- We need to speak to your commander.

02.54.15 O'NEILL- So what's the big emer...whoah! What happened to you?

03.04.02 DR. CARTER- Jack.

03.06.21 O'NEILL- Jack?

03.08.23 DR. CARTER- It's me—it's Sam.

03.14.10 O'NEILL- Uhhh...yeah.

03.20.07 DR. CARTER- I never expected this variation. You're alive.

- 03.25.14 KAWALSKY (OS)- Don't feel so bad, Colonel.
 KAWALSKY (CONT)- Everybody around here's telling me the same thing.
- 03.30.28 O'NEILL- Kawalsky?
- 03.32.17 HAMMOND (OS)- In a manner...
 HAMMOND (CONT)- of speaking.
- 03.34.00 FRAISER (OS)- Actually...
 FRAISER (CONT)- in a manner of fact, sir. This is Major Charles...
 FRAISER (OS CONT)- Kawalsky. In almost every physical respect: his
 blood work, his dental records.
- 03.42.00 KAWALSKY (OS)- Except I'm not supposed...
 KAWALSKY (CONT)- to be alive in this reality anymore than you are in
 mine. Sorry, Sam.
- 03.53.05 DR. CARTER- It's not the same with us here, is it?

- 03.56.24 O'NEILL- Does...anyone want to let me know what the hell's goin' on here? Anyone?
- 04.02.10 HAMMOND- They appeared a few hours ago in a Nellis high security lock-up.
- 04.06.07 KAWALSKY-That quantum mirror you've got locked up at Area Fifty-One? You guys never figured out how to use it?
- 04.15.02 O'NEILL- Is he talking about that...alternate reality thing Daniel futzed with on 233?
- 04.20.15 KAWALSKY- Who is Daniel?
- 04.21.18 DR. CARTER (OS)- We can't be followed if that's what you're worried about.
DR. CARTER- We brought the remote through with us.

- 04.25.18 HAMMOND (OS)- I've...
 HAMMOND (CONT)- ordered the device sent here under heavy guard.
- 04.28.25 KAWALSKY- Where we come from, the Goa'ulds just took over the world,
 Colonel.
- 04.38.10 DR. CARTER (VO MONITOR FILTERED)- Look...
 DR. CARTER (MONITOR FILTERED CONT)- I've told you this. Now let
 me talk to someone from the SGA.
- 04.42.11 INQUISITOR (VO MONITOR FILTERED)- SGA? There is no such
 organization.
- 04.45.06 DR. CARTER (MONITOR FILTERED)- Well then you call it something
 else. The Stargate Project. Stargate Command.
- 04.48.26 INQUISITOR (VO MONITOR FILTERED)- Stargate. What do you know
 about the Stargate?

04.51.24 DR. CARTER (VO MONITOR FILTERED)- What do I know?!

DR. CARTER (MONITOR FILTERED) Everything! We've been through
this.

04.56.19 INQUISITOR (VO MONITOR FILTERED)- Well let's go through it again.

04.58.19 DR. CARTER (MONITOR FILTERED)- Oh for crying out loud.

DR. CARTER (VO MONITOR FILTERED)- It's a big, round thing. It takes
you to other planets. I made it work four years ago and we've been
exploring the galaxy ever since.

DR. CARTER (MONITOR FILETERED CONT)- That is...until yesterday
when the Goa'uld came and started taking over every major city
from orbit and making slaves of the population.

05.18.18 CARTER- Oh my God. This is too weird.

05.22.03 O'NEILL- Yeah. How 'bout that hair?

- 05.24.16 HAMMOND (OS)- She claims...
HAMMOND (CONT)- to have traveled from an alternate universe in the same manner Doctor Jackson experienced a year ago.
- 05.31.00 DANIEL (OS)- Well...
DANIEL (CONT)- this can't be the Doctor Carter I met in the alternate reality, she's... dead.
- 05.35.21 O'NEILL- All right. Umm. Just too clarify. *This* Carter is from an alternate... *alternate* reality?
- 05.44.06 DANIEL- Apparently.
- 05.47.14 O'NEILL- Anybody else have a problem with that?
- 05.50.05 TEAL'C- Which reality is actually real?

05.52.15 O'NEILL- Thank you, Teal'C.

05.55.18 HAMMOND- She explains it.

05.59.15 DR. CARTER (VO MONITOR FILTERED)- Look...

DR. CARTER (MONITOR FILTERED CONT)- I know this is hard for you
to understand. But according to quantum theory...

DR> CARTER (VO MONITOR FILTERED)- for every possible universe
there is an infinite number of variations...

DR. CARTER (MONITOR FILTERED CONT)- diverging at every choice
we make, like forks in the road.

06.12.04 INQUISITOR (VO MONITOR FILTERED)- A ha.

06.14.29 CARTER- She's right.

06.16.24 O'NEILL- You just agreed with yourself.

- 06.19.19 DANIEL (OS)- No, actually...
DANIEL (CONT)- Major Carter just agreed with Doctor Carter. She never
joined the military in her reality.
- 06.26.03 O'NEILL- Fork in the road stuff?
- 06.28.07 DANIEL- Apparently.
- 06.29.22 O'NEILL- All right, so it's possible there's an alternate version of myself
out there that actually understands what the hell you're talking
about?
- 06.37.14 HAMMOND (OS)- They've asked...
HAMMOND (CONT)- to be debriefed.
HAMMOND (OS CONT)- I'd like you all to participate.
HAMMOND (CONT)- Show them in.

- 06.53.27 KOWALSKY- What the hell...
 KOWALSKY (OS CONT)- is he doing here?
- 06.55.22 O'NEILL- Kawalsky!
- 06.58.09 DANIEL (OS)- He's a member of...
 DANIEL (CONT)- SG-1.
- 07.00.12 KAWALKSKY- Who the hell are you?
- 07.02.19 DANIEL- Oh, I'm umm, umm, Daniel Jackson. Also a member of SG-1.
- 07.08.17 HAMMOND- Have a seat, Major.
- 07.26.25 DR. CARTER- Nice...hair.

07.29.09 CARTER- Uhh...Air Force.

07.31.20 DR. CARTER- I can't imagine that going military.

07.35.20 CARTER- Wow. I can't imagine not.

07.42.16 HAMMOND (OS)- First of all...I would like to say we know what you've
been through. Doctor Jackson experienced a similar alternate
reality...

HAMMOND (CONT)- some time ago on a mission to P3X233.

07.54.00 DR. CARTER (OS)- Well that's where we found our...

DR. CARTER (CONT)- quantum mirror as well.

07.57.02 HAMMOND (OS)- Fortunately for us, Doctor Jackson...

HAMMOND (CONT)- was able to return with intelligence that enabled
SG-1...

HAMMOND (OS CONT)- to stop the Goa'uld attack here on Earth.

- 08.06.25 DR. CARTER (OS)- Nice.
- DR. CARTER- That goes a long way to explain why yours was one of only a handful of alternate realities that looked like it hadn't been overrun by the Goa'uld.
- 08.13.22 CARTER- Actually, it's probably the very differences that set our universe apart...
- CARTER (OS CONT)- from yours that have contributed to our survival: Daniel's participation in the Stargate program; Teal'C's change of heart;
- CARTER (CONT)- the fact that I joined the military.
- 08.25.17 DR. CARTER- (gasps) You think your being in the Air Force could have made that big a difference?
- 08.29.25 CARTER- No, I uhhh, just said it made a contribution.
- 08.32.03 DR. CARTER- And therefore I didn't.

- 08.33.23 O'NEILL (OS) Ladies.
ONEILL (CONT)- Sams. We're all in this reality together.
- 08.40.01 HAMMOND (OS)- What we need to know is where you intend to go from
here.
- 08.46.21 DR. CARTER (OS)- Our Beta site...
DR. CARTER (CONT)- was instructed to bury their Stargate the moment
the last man stepped through.
DR. CARTER (OS CONT)- And our own world is under Goa'uld control...
DR. CARTER (CONT)- so we can't go back.
- 08.54.21 KAWALSKY- We want to stay.
- 08.56.23 DR. CARTER (OS)- That is...
DR. CARTER (CONT)- if...we're wanted. We just left behind everyone we
know, everyone we ever cared about. If you're not going to give us
a second chance, I don't know any of you.

09.13.13 O'NEILL- Well exactly. You *don't* know any of us. And we don't know you. For all we know, you could be her evil twin, but, and...we'd be dealing with cliches and...you know how I feel about those, no, actually, *you* know how I feel about those.

09.29.15 HAMMOND- Okay. I'll speak to my superiors and make a determination.
For now, you'll be assigned temporary accommodations.
HAMMOND (OS CONT)- Take them to A3 quarters.

09.48.25 CARTER (OS)- Listen. I didn't mean...
CARTER (CONT)- to offend you back there.

09.51.02 DR. CARTER- Look Major, I'm the one dealing with the inadequacy issues here, so just forget about it.

09.55.13 CARTER- What?

- 09.57.07 DR. CARTER- We knew the Goa'uld were coming for six months. But I
couldn't think of a way to stop them. You did.
- 10.11.02 SF - I'll be just outside if you need me, ma'am.
- 10.12.28 DR. CARTER- Of course you will.
- 10.55.21 HAMMOND- Yes. I understand, sir. Thank you, sir. They can stay.
- 11.06.18 O'NEILL- That was quick.
- 11.07.29 HAMMOND- Too quick. God knows what we're getting into.
- 11.12.07 O'NEILL- Well, the combined IQ of Earth might go up a few points having
two Carters around.

11.17.12 HAMMOND (sighs)

11.20.24 O'NEILL- I take it you figure there's a down side.

11.23.25 HAMMOND- It just doesn't sit right.

HAMMOND (OS CONT)- Some lines aren't meant to be crossed.

Nonetheless...

HAMMOND (CONT)- I've been encouraged to find a way to incorporate
them into this command.

11.36.08 O'NEILL- Okay. Umm, in the meantime, you want me to tell 'em?

11.40.15 HAMMOND- Very well.

11.51.09 DR. CARTER- Just put it on the table and close the door on your way out.

11.55.28 O'NEILL- I'm sorry. Put what on the table?

- 11.59.03 DR. CARTER- Jack. I'm sorry, come in. Your, uhh, your Doctor Frasier keeps on insisting that I eat something.
- 12.10.06 O'NEILL- Ah. Well she's your Doc Frasier now, too. You're in. They said yes.
- 12.20.21 DR. CARTER- That's good.
- 12.23.23 O'NEILL (OS)- Yeah...
O'NEILL (CONT)- I, uh, can see you're overjoyed.
- 12.30.14 DR. CARTER- I just never expected this, it's...it's so hard.
- 12.37.12 O'NEILL (OS)- Uh...ummm...
O'NEILL (CONT)- I can't even begin to know what you've been through, I, uhh, I know you've lost a lot.

- 12.50.21 DR. CARTER- I lost you.
DR. CARTER (OS CONT)- I watched you die, Jack.
DR. CARTER (CONT)- Three days ago, trying to defend the mountain.
And here you are alive and safe in this perfect world and you don't
even know me.
- 13.09.28 O'NEILL- Well, I...I ssssorta know you.
- 13.18.03 DR. CARTER- You know her. You don't even see her that way, do you?
- 13.31.09 O'NEILL- I take it where you're from, we were...
- 13.35.09 DR. CARTER- Married.
- 13.37.27 O'NEILL- Ah.
- 13.43.05 DR. CARTER- This makes you uncomfortable.

13.45.04 O'NEILL- No, no, not at all, I just...I get confused.

13.52.15 SF (OS)- Ma'am?

SF (CONT)- Sorry, Colonel, I, I didn't realize.

13.56.02 O'NEILL- Just...put it on the table, Airman.

13.58.20 SF (OS)- Yes Sir.

14.01.05 O'NEILL- Close the door on your way out.

- 14.10.06 DR. CARTER- Haven't had a hot meal...
DR. CARTER (OS CONT)- in forever. It was a couple of weeks...
DR. CARTER (CONT)- ago. We were celebrating our first anniversary.
DR. CARTER (OS CONT)- We got the call the Goa'uld ships were spotted
entering our solar system.
DR. CARTER (CONT)- We just left everything. You blew out the candles
and I turned off the oven and we just left.
DR. CARTER (OS CONT)- They didn't hit Colorado Springs from orbit like
most of the big cities...
DR. CARTER (CONT) so the table must still be set.
- 14.53.02 O'NEILL- Cold by now.
- 14.55.19 DR. CARTER- Yeah.
- 14.57.18 O'NEILL- Listen, umm, I should probably be...
- 15.02.03 DR. CARTER- Stay!

15.04.06 O'NEILL- Sam.

15.04.21 DR. CARTER (OS)- Please.

15.07.20 O'NEILL (OS)- Look...

O'NEILL (CONT)- You're dealing with a loss right now that I can't even begin to...what I mean is: maybe I'm not the right person to help you.

15.18.27 DR. CARTER- Yes, you are. You're the only one who can. Look, I know you well enough to know that you don't have a clue what to say...

DR. CARTER (OS CONT)- but you...

DR. CARTER (CONT)- don't have to say anything.

15.43.02 O'NEILL- Come here.

15.51.02 DR. CARTER- Oh, I miss him.

16.11.27 CARTER- Sir. General Hammond told me the news. I took the liberty of informing Major Kawalsky.

16.16.29 O'NEILL- Thank you. I was just on my way to do that.

16.22.05 CARTER- I thought I'd drop in on...Samantha. See how she's doing.

16.26.13 O'NEILL- She's fine. I think she'd rather be left alone for the moment.
Stop in tomorrow.

16.33.12 CARTER. Oh. All right. Good night, sir.

16.36.09 O'NEILL (OS)- Carter?

16.37.18 CARTER- Yes, sir?

16.41.07 O'NEILL- How are you doing with this...twin thing?

16.47.03 CARTER- Do you have a couple of hours?

16.51.08 O'NEILL- Ah, okay.

16.53.16 CARTER- Ah, it, that was the answer.

16.57.09 O'NEILL- Oh, oh.

17.02.06 CARTER- Good night, Sir.

17.09.11 O' NEILL- Good night, Major.

17.43.09 CARTER- What is it? What's happening?

- 17.47.05 FRASIER (OS)- Doctor Carter's gone into...
FRASIER (CONT)- some sort of convulsive shock. I don't know the cause
 and I don't know how to stop it. Easy.
- 18.03.13 DR. CARTER (OS)- Not medical. Temporal.
DR. CARTER (CONT)- Entropic cascade failure.
- 18.06.04 CARTER- On the cellular level?
- 18.07.02 DR. CARTER- Yes.
DR. CARTER (OS)- I thought it would take years, not days.
- 18.09.13 CARTER (OS)- So...
CARTER (CONT)- it's a side-effect of traveling through the quantum
 mirror.

- 18.11.19 KAWALSKY- Then why don't I have it?
- 18.13.20 CARTER – I'm guessing Doctor Carter has it because I'm here. The
 increased entropy generated by both of us existing in the same
 reality might theoretically be causing a temporal...
- 18.20.20 DR. CARTER (OVERLAPPING)- Not theoretical anymore.
- 18.20.20 CARTER- distortion.
- 18.22.19 FRASIER- Okay, so then how do I treat this?
- 18.24.18 DR. CARTER- You can't.
- 18.25.24 CARTER- The more time passes, the worse it should get.

- 18.29.02 DR. CARTER- So, I'm gonna die here.
- 18.30.18 O'NEILL- You're not gonna die.
- 18.32.16 CARTER- Actually, Sir...
- 18.33.07 O'NEILL- Carter.
- 18.34.13 CARTER (OS)- Well the only way she...
CARTER (CONT)- won't is if we send her back.
- 18.36.16 KAWALSKY- If she goes back, the Goa'uld will kill her.
- 18.43.14 DANIEL (OS)- Think about it: Billions of people enslaved. I can't help but
feel that in the grand scheme of things, we owe them.
DANIEL (CONT)- Besides, the only way to really help Doctor Carter is to
stop the Goa'uld in her reality and...save whatever's left.

- 18.56.23 HAMMOND (OS)- How do you suggest we do that, Doctor Jackson?
HAMMOND (CONT)- The resources of their entire world couldn't defend
 against the Goa'uld.
- 19.03.15 DANIEL (OS)- What about the resources of our world?
- 19.06.19 CARTER- Wha...what do we have that they don't?
- 19.08.17 DANIEL- Our fate. We made contact with the Asgard.
- 19.14.09 O'NEILL- So?
- 19.14.29 DANIEL (OS)- So...
DANIEL (CONT)- if Doctor Carter can make contact with the Asgard in her
 reality, maybe their Asgard will be willing to help them.

- 19.21.03 HAMMOND (OS)- Defend their world...
 HAMMOND (CONT)- against the Goa'uld.
- 19.22.22 DANIEL (OS)- Yes.
- 19.23.12 O'NEILL- And just how do you propose we raise the Asgard? In their
 reality?
- 19.28.22 DANIEL- Okay, we still have the dialing program that took you to the
 Asgard home planet, right?
- 19.32.24 CARTER (OS)- Which we could download...
 CARTER (CONT)- to a removable hard drive. But that still won't do it.
 Remember, in order to dial the Asgard home world, they had to
 provide us with a generator that transferred extra energy to the...
 CARTER (OS CONT)- gate's capacitors. I can't get it to work again.
 CARTER (CONT)- Apparently, it was designed to work only once.

- 19.50.15 TEAL'C (OS)- Assuming Major Carter can figure it out...
- TEAL'C (CONT)- Once in her reality, it will be difficult to get Doctor
 Carter...
- TEAL'C (OS CONT)- to the Stargate without the Goa'uld detecting and
 stopping her.
-
- 19.58.05 KAWALSKY- That's where I come in. Permission to join the briefing, Sir?
 I'll get her to the Stargate. What? You think I'm going to let her go
 alone? She's my best friend's wife.
-
- 20.31.10 O'NEILL- You'll need someone to help hook up the power generator.
-
- 20.35.08 CARTER (OS)- And...
- CARTER (CONT)- download the dialing program.
-
- 20.38.27 TEAL'C (OS)- You will also require...
- TEAL'C (CONT)- my assistance.

20.41.27 KAWALSKY- We can handle this.

20.43.20 DANIEL (OS)- No...

DANIEL (CONT)- Teal'C has a point. You said yourself that...

DANIEL (OS CONT)- Teal'C led the assault on the mountain in your
reality.

DANIEL (CONT)- Now, couldn't we use something like that to our
advantage?

20.54.25 O'NEILL- Quite the military mind... Daniel Jackson.

20.58.04 CARTER (OS)- No, Sir, I'm sorry...

CARTER (CONT)- Teal'C can't go anymore than I can. Entropic cascade
failure. If I go, there will still be two of me in one reality and the
same will be true of Teal'C.

21.09.25 TEAL'C (OS)- Doctor Carter did not become ill during her first 48 hours.

TEAL'C (CONT)- If our mission is not complete within that time, it is most
likely that we will be dead.

- 21.18.20 O'NEILL- Good point. Are you okay with all this, Sir?
- 21.23.26 HAMMOND- If you feel confident that you can pull this off, I have no objection. However, upon your return, I want that quantum mirror destroyed.
- 21.30.29 DANIEL- Okay, this is all well and good, but none of us are going anywhere unless we get that Asgard generator working again.
- 21.36.13 O'NEILL- Okay. Carter. Download the program to the removable whatever-it-is and meet me and yourself in the lab.
- 21.45.12 CARTER- Yes, Sir.
- 21.53.23 DOCTOR CARTER- This is incredible. If the Asgard could design this to give the gate extra juice, then they're just the little, green men we're looking for.

22.00.05 O'NEILL- They're gray, actually. Roswell Grey to be exact.

22.05.00 CARTER (OS)- Y'know, I had a hard time...

CARTER (CONT)- trying to figure out how it worked the first time, let alone
make it work again.

22.09.15 DOCTOR CARTER- Wait, if it's powered by the energy module of a staff
weapon, why doesn't it...

22.13.00 CARTER (OVERLAPPING)- Blow up?

22.13.00 DOCTOR CARTER- (OS OVERLAPPING)- Blow up?

22.13.28 CARTER- My best guess is that the device...

CARTER (OS CONT)- creates a modulated dampening field around the
liquefied Naquadah cell ...

22.18.06 DOCTOR CARTER (OVERLAPPING)- Which controls the energy transfer
to the capacitors.

DOCTOR CARTER (OS CONT)- So maybe the modulation is thrown out
of whack each time it's activated.

22.23.25 CARTER- That's exactly what I thought, but how do you even...
CARTER (OS CONT)- begin to recalibrate a field that you can't...
CARTER (CONT)- generate in the first place?

22.28.19 O'NEILL (OVERLAPPING)- Hey, hey, hey, hey. Are you Carters gonna
be able to figure this thing out?

22.35.21 CARTER/ DOCTOR CARTER (SIMULTANEOUS)- We'll figure it out.

22.49.01 CARTER- We have to figure it out.

22.51.09 KAWALSKY (OS)- Okay...

KAWALSKY (CONT)- the way Doctor C. explained it, the controller is kinda not what you'd call an exacting science. You can't just dial up an address like you would on a Stargate. You have to kind of figure out where you are.

23.01.17 DANIEL- That doesn't sound like a very expedient way to get home.

23.04.18 KAWALSKY- As long as you don't turn it off, it's always connected to the same reality.

23.08.05 DANIEL- So when you turn it on again, it, it won't be connected to the reality you came from?

23.11.15 KAWALSKY- Right. We'd have to find it again.
KAWALSKY (OS)- Now this thing...
KAWALSKY (CONT)- switches to the various realities...
KAWALSKY (OS CONT)- If I turn it on now, it should come up somewhere
 near the reality...
KAWALSKY (CONT)- it was last on. There. See. That's not it. No
 grenade damage. I...tossed a grenade down the hall...
KAWALSKY (OS CONT)- to slow them down so they wouldn't see...
KAWALSKY (CONT)- us go through the mirror.

23.36.22 DANIEL- So we need to find a reality that's just right. You mind if I...

23.41.13 KAWALSKY- Oh.
KAWALSKY (OS CONT)- There. See? You probably turned it the wrong
 way.
KAWALSKY (CONT)- Now since this device should be in a storage closet
 in my reality, dial it the other way.
KAWALSKY (OS CONT)- Change it!
KAWALSKY (CONT)- Change it! Change it! Okay. Closer.
KAWALSKY (OS CONT)- Whatcha wanna do is dial it in smaller
 increments.

- 24.06.10 O'NEILL (OS)- Daniel?
O'NEILL (CONT)- You understand this thing?
- 24.09.22 DANIEL- I think so.
- 24.10.28 O'NEILL- Good.
- 24.12.14 DOCTOR CARTER- Colonel. We did it.
- 24.15.24 O'NEILL- Already?
- 24.16.14 DOCTOR CARTER- All we needed was the ratio of the decay rate of
Naquadah relative to the energy output.
- 24.20.17 CARTER- Which I learned how to calculate when I learned about our new
Naquadah generator. It's just the ratio of...

24.24.17 O'NEILL- Ah! It works, right?

24.30.06 CARTER- It works.

24.31.27 O'NEILL- Good.

24.33.09 KAWALSKY- I guess we'd better go do this.

24.42.13 DOCTOR CARTER (OS)- Yep. That's right. Looks like him.

24.45.24 TEAL'C- I am not fond of wearing this uniform again.

24.48.18 KAWALSKY- Yeah, well I'm not too fond of seeing you wear it.

- 24.51.05 DANIEL (OS)- I've searched through all...
DANIEL (CONT)- the descriptions of realities close to ours. This has to be
it. It's the only one that's...matching your description.
- 24.57.15 KAWALSKY- Yeah.
- 25.02.09 CARTER (OS)- Wish I could go.
- 25.03.06 DOCTOR CARTER- Same here. But you don't want to go through a
cascade...
DOCTOR CARTER (OS CONT)- tremor, believe me.
DOCTOR CARTER (CONT)- We made a good team, Major.
- 25.09.19 CARTER- Yeah, we did, Doctor.
- 25.11.05 DOCTOR CARTER- Plus, your hair's kinda grown on me. Pardon the
pun.

25.17.08 CARTER- You better go. I'll be here in case you need anything from this side, Sir.

25.25.20 O'NEILL- Yup. All right. On three. One. Two. Three.

26.57.14 ALTERNATE TEAL'C- Jaffa!

27.24.17 ALTERNATE TEAL'C (CONT)- Jaffa! Kree!

27.50.18 ALTERNATE TEAL'C (CONT)- Lonok. Kronok Jaffa. Jaffa! Kree! Jaffa!

28.16.10 TEAL'C- Kel Nok, Teal'C.

28.18.20 ALTERNATE TEAL'C- Kel shak?

28.20.04 TEAL'C- Renounce Apophis as a false god and join us in our deliverance
 of this world and I will spare you.

28.25.19 ALTERNATE TEAL'C- Sholva.

28.39.04 O'NEILL- The idea was to zat him.

28.44.29 TEAL'C- As I said O'Neill. Ours is the only reality of consequence.
 TEAL'C (OS CONT)- Jaffa, kree. Tel lock nee.

29.17.07 O'NEILL- All right, I gotta know.

29.18.17 DANIEL- Yes. I'm about to activate it.

29.19.22 O'NEILL- No, no, no. Not that. What the hell does "Kree" mean?

29.25.18 DANIEL- Well, actually, it means a lot of things.
 DANIEL (OS CONT)- Umm. Loosely translated it means, ahh...
 DANIEL (CONT) " attention "; "listen up"; "concentrate".

29.33.04 O'NEILL- "Yoo hoo?"

29.34.20 DANIEL- Yes, in a manner of speaking.

29.36.04 O'NEILL- Huh.

29.37.12 DANIEL- Okay.
 DANIEL (OS CONT)- Here goes. That's what I was afraid of.
 DANIEL (CONT)- When I turned off the device, it lost its place. I have to
 find our reality all over again.

29.50.18 O'NEILL- All right. It's okay. We knew that might happen. Stay with it.

30.42.22 APOPHIS- I will ask you this one more time, human. What is the address of the planet to which your leaders have fled? The place you call "Beta Site".

30.54.09 ALTERNATE HAMMOND- (screams)

30.59.11 APOPHIS- Where have your leaders gone?

31.04.00 TEAL'C (OS)- Teal'C, Apophis.

31.08.20 APOPHIS- Teal'C. Who is this?

31.12.00 TEAL'C- She was captured attempting to escape, my Lord.

31.17.07 APOPHIS- This one will not tell us the glyphs for the planet.
APOPHIS (OS CONT)- Where they have sent their leaders.
APOPHIS (CONT)- Get it out of him. Or get it out of her.

31.25.27 TEAL'C- Yes, my Lord. Attend to our Lord. I will take care of these. Kree
 Jaffa!

31.42.23 ALTERNATE HAMMOND- You might as well kill me.

31.47.09 TEAL'C- I would never do such a thing, General Hammond.

31.50.12 DOCTOR CARTER (OS)- It's okay.

 DOCTOR CARTER (CONT)- You're not hallucinating. He's from an
 alternate reality.

31.54.20 ALTERNATE HAMMOND- That mirror thing worked?

31.56.29 DOCTOR CARTER-Yeah. But don't worry. I won't say "I told you so."

32.00.14 ALTERNATE HAMMOND- We should have tried it a long time ago,
 Doctor.

32.09.28 TEAL'C- They have landed on the mountain.

32.11.18 DOCTOR CARTER- There's still a chance that we can stop them, Sir.
 We're gonna attempt contact with a race of aliens that hey have in
 their reality. Enemies of the Goa'uld.

32.52.05 DANIEL- Whoops. Too far. Come on, please.

33.17.24 KAWALSKY- The Carters are pretty smart figuring that thing out, huh?
 KAWALSKY (OS CONT)- So you and Sam...
 KAWALSKY (CONT)- you never had a thing in your world, huh?

33.25.00 O'NEILL- "Sam" is a "Major" in my world.

33.27.19 KAWALSKY (OS)- Yeah, I know.
 KAWALSKY (CONT)- it's against regulations, right? You two look pretty
 good together, let me tell ya.

33.33.09 O'NEILL- Kawalsky? In your Special Ops training, in your world, did they cover silence?

33.48.21 DANIEL- Yes. You're a Captain. Close.

34.16.24 DOCTOR CARTER- Okay. Now. I hope your Jack is good enough to get the transformer on line.

34.44.16 TEAL'C- It appears that he is. You must prepare to go through the gate, Doctor Carter.

34.59.08 DOCTOR CARTER- Thank you, Teal'C.

35.13.13 TEAL'C (OS)- Jaffa! Kree hol! Hol Mol, Jaffa!

35.42.16 APOPHIS- Teal'C. Why do you betray me?

- 36.11.25 JAFFA #1- Lower your weapons or we will kill him.
- 36.15.06 KAWALSKY- Colonel?
- 36.20.29 O'NEILL- Yeah, we should do that.
- 36.39.18 DANIEL- Déjà vu.
- 36.50.22 APOPHIS- Who are you? My First Prime killed you before my very eyes.
- 36.59.09 O'NEILL- I'm feeling much better, thank you.
- 37.03.06 APOPHIS- Then who are you? What magic is this?

37.07.15 DANIEL (OS)- Well, you should...

DANIEL (CONT)- know better than anyone, there's no such thing as
magic.

37.11.11 APOPHIS- Trey lan tonik. I will ask you one more time:

APOPHIS (OS CONT)- How could you have risen from the dead without a
sarcophagus?

37.27.00 O'NEILL- All right, I'm guessing the second shot kills in this world too,
huh?

37.30.18 APOPHIS (OS)- Tell...

APOPHIS (CONT)- me what I want to know!

37.32.05 O'NEILL- Hey. I'd love to. But I don't understand it myself. He does.

37.43.09 DANIEL- Okay. I'll, uh, I'll give it a try. Umm. You see at every point in time, there are infinite possibilities.

DANIEL (OS CONT)- And, a, a parallel reality...

DANIEL (CONT)- exists for each possibility, so there are...

DANIEL (OS CONT)- literally infinite branches...

37.59.19 KAWALSKY- No! You...

38.03.13 O'NEILL- Kawalsky!

38.07.12 APOPHIS- Tell me where you come from.

38.09.07 DANIEL- From an alternate reality.

38.10.24 O'NEILL- One in which, by the way, you're dead. Oh come on!

38.17.06 KAWALSKY- Aw! He told you everything he knows!

38.18.26 O'NEILL (OVERLAPPING)- What is that?!

38.25.05 JAFFA #2- My Lord. Tel Kol Apophis. Kree Hol no tel, Reenlokia.

38.37.28 APOPHIS- Mel Nok Tee!

38.53.17 O'NEILL- Okay, I'm guessing...

38.56.09 DANIEL- Asgard.

38.57.13 O'NEILL- All right.

39.04.27 JAFFA GROUP (OS)- (unintelligible)

39.52.25 TEAL'C- It appears Doctor Carter was successful.

- 39.53.15 O'NEILL- Aw, come on, ya gotta love those guys.
- 40.07.13 DOCTOR CARTER- I met the Asgard.
- 40.09.04 O'NEILL- We guessed that.
- 40.30.12 O'NEILL (CONT)- Love those guys.
- 40.35.09 KAWALSKY- Colonel. It's been a pleasure to serve with you...again.
- 40.41.11 O'NEILL- Likewise.
- 40.42.27 KAWALSKY- Right, right.
- 41.02.05 DOCTOR CARTER- This is hard. Goodbye for a second time.

- 41.05.29 O'NEILL- It's the first time.
- 41.08.16 DOCTOR CARTER- It doesn't feel that way to me. You have to understand. My Jack had the same...face, same voice. Same hands.
- 41.18.08 O'NEILL- Which brings to mind an obvious question. How could you marry such a loser?
- 41.33.19 DOCTOR CARTER- Thank you.
- 41.34.29 DANIEL- You're welcome.
- 42.21.28 DOCTOR CARTER- You're really not him, are you?
- 42.26.08 O'NEILL- No.

42.30.16 DOCTOR CARTER- I just wish...

42.35.23 O'NEILL- Yeah.
