TIMECODE DIALOGUE

START TIMECODE 00.00.00 AT FIRST FRAME OF PICTURE

00.12.10 TECHNICIAN (VO FILTERED)-Incoming traveler.

00.38.00 HAMMOND-Welcome back, SG-1.

00.39.12 CARTER (OS)-Thank you, sir.

CARTER (CONT)-It's good to be back.

00.41.25 HAMMOND (OS)-You're overdue.

00.42.25 O'NEILL-Bit of a wild goose chase, sir.

00.45.07 DANIEL-The remnants of a temple we discovered led me to believe we'd found Kheb.
 The planet Sha're told me about.

00.53.17 TEAL'C (OS)-However, there was no...

TEAL'C (CONT)-sign of Amaunet's Harsesis child.

00.57.18 O'NEILL-Just rain. Much rain. Wind, lightning, hail. Did I mention the rain, sir?

01.07.23 HAMMOND-Report to the Infirmary.

- 01.10.00 O'NEILL-Well, I think we'd all like to change first, General. I personally have
musrooms growing out my –
- 01.14.16 TECHNICIAN (VO FILTERED OVERLAPPING)-Attention all levels! Stand by for
contaminated materials transfer.
- 01.19.06 O'NEILL-Infirmery. Yes, sir.
- 01.43.02 SGT. WARREN-Infirmery?
- 01.45.11 O'NEILL-What?
- 01.46.17 SGT. WARREN-Oh, I'm just escorting you up as a safety precaution, sir. There's a
big chemical spill on level twenty-three.
- 01.51.26 CARTER-What kind of chemical?
- 01.53.02 SGT. WARREN-Tetrachloro-ethylene ruptured.
- 01.55.11 DANIEL-Ruptured?
- 01.56.05 SGT. WARREN (OS)-The entire...
SGT. WARREN (CONT)-level's been sealed off. Hazmat team's cleaning it up now.

02.01.27 O'NEILL-What?

02.02.19 SGT. WARREN-There's no danger, sir.

02.05.16 O'NEILL-Thank you.

02.11.29 DR. FRAISER-Loosen your belt please, Colonel.

02.16.07 O'NEILL-How is a needle in my butt...

O'NEILL (OS CONT)-gonna get water out of my ears?

02.19.10 DR. FRAISER-It isn't. Come on, sir, you know this is standard procedure.

02.23.24 O'NEILL-We should rethink this procedure.

02.30.24 So, Daniel, in our galactic meanderings, if we happen to stumble across this
Narcissus child –

02.37.27 DANIEL-Harsesis.

02.38.22 O'NEILL (OS)-You're still talking about a baby, right?

O'NEILL (CONT)-What?

02.42.08 DANIEL-What?

- 02.43.07 TECHNICIAN (VO FILTERED)-Attention all levels. Contaminated material transfer in progress. Please remain at your post until notified.
- 02.54.08 O'NEILL-Listen, really jam it in this time, okay?
- 03.03.24 CARTER (OS)-So, if Sha're's child is...
CARTER (CONT)-already born with all the knowledge of the Goa'uld, it should be able to communicate at a much younger age, right? Colonel? Daniel?
- 03.15.19 DR. FRAISER-Just relax.
- 03.24.27 Let's begin.
- 03.36.20 FADE TO BLACK:
BEGIN OPENING CREDIT SEQUENCE.
- 05.03.02 DR. FRAISER (OS)-It must have something to do with the alien symbiote within him.
It took an extremely large dose just to sedate him in the first place
- 05.10.06 HAMMOND-What is the problem with the human?
- 05.12.02 DR. FRAISER (OS)-Her body chemistry has been altered.
DR. FRAISER (CONT)-It is related to her...
DR. FRAISER (OS CONT)-prior infestation by the dominant parasitical species of this galaxy.

- 05.18.17 HAMMOND (OS)-Is there a way to compensate?
- 05.20.05 DR. FRAISER-I have not found it yet.
- 05.22.23 HAMMOND (OS)-Place them in a holding cell.
HAMMOND (CONT)-Once the invasion is complete...
HAMMOND (OS CONT)-you may study them further. Only then will we know if this is
 a viable new home. Come with me.
- 05.34.20 DR. FRAISER (OS)-Take that one first.
- 05.43.14 TECHNICIAN (VO FILTERED)-Attention all levels. Contaminated material transfer in
 progress. Please remain at your post until notified. Repeat, contaminated
 material transfer in progress.
- 05.59.18 SGT. WARREN-Twenty three?
- 06.00.11 SGT. SILER-No, this one's going to sixteen.
- 07.56.29 CARTER-Teal'c.
- 07.59.05 TEAL'C-Major Carter... there is little time. Are you capable of standing?
- 08.09.17 CARTER-Oh. I feel sick.

- 08.12.13 TEAL'C-You are suffering from the effects of the sedative.
- 08.15.00 CARTER-What? What's going on?
- 08.20.29 What the hell happened to them?
- 08.22.19 TEAL'C-They are not who they appear to be? There's been an alien incursion within
 the SGC.
- 08.30.25 CARTER-A what?
- 08.32.08 TEAL'C-In the Infirmary I witnessed Dr. Fraiser and General Hammond speaking of a
 procedure which had failed to work upon both of us. They spoke of invasion.
- 08.40.22 CARTER-Wha--? How does that add up to aliens?
- 08.43.11 TEAL'C (OS)-I saw two of them in their natural form.
 TEAL'C (CONT)-Truly, they are alien.
- 08.48.23 CARTER-Well, what about the Colonel, and Daniel? We have to know what's
 happened to them.
- 08.59.27 SF-Come in.
- 09.02.03 CARTER (OS MUFFLED)-It's locked.

- 09.03.14 SF-It's not locked.
- 09.17.09 CARTER-Okay, what about this chemical spill?
- 09.19.04 TEAL'C-I believe it to be a subterfuge.
- 09.22.17 CARTER (OS)-Not a single camera's operating on level 23.
- 09.24.27 TECHNICIAN (VO FILTERED)-Incoming traveler.
- 09.26.23 CARTER-Try punching up the Gate room.
- 09.32.17 TEAL'C-There.
- 09.52.00 TEAL'C-The Colonel O'Neill and Daniel Jackson we know would not welcome aliens
so blithely.
- 09.56.23 CARTER-Imposters?
- 10.02.05 CARTER-How do we know we're the only ones who haven't been replaced?
- 10.04.26 TEAL'C-There is no way of knowing for certain, but if General Hammond has been
compromised...

- 10.08.24 CARTER-Then we can't trust anyone in the mountain.
- 10.24.28 COLONEL BROGAN-Alert General Hammond.
- 10.36.09 CARTER-The base was designed to keep people out, not in. If we can make it to the
South gate –
- 10.43.21 TEAL'C-Our escape has been detected.
- 10.45.17 CARTER-Well, we won't make it out this way now.
- 10.47.10 TEAL'C (OS)-You are correct.
TEAL'C (CONT)-I will purchase time for you to depart this mountain.
- 10.50.08 CARTER-Keep 'em busy as long as you can. I'll come back for you.
- 10.53.02 TEAL'C-Of that I am certain.
- 12.46.28 AIRPORT VOICE (VO FILTERED)-Airport shuttles are located in the blue zone, hotel
shuttles in the green zone.
- 12.54.18 MALE VOICE (OS)-Yeah?
- 12.59.12 MAYBOURNE (INTO PHONE)-Maybourne.

- 13.01.12 CARTER (INTO PHONE)-This is Major Samantha Carter. We have a foothold situation.
- 13.04.19 MAYBOURNE (INTO PHONE)-Major Carter? Where are you?
- 13.08.14 CARTER (INTO PHONE)-I can't tell you that, sir. If memory serves there's an outdoor café...
- CARTER (VO THRU PHONE FILTERED)-outside N.I.D headquarters.
- 13.15.11 MAYBOURNE (INTO PHONE)-In D.C?
- 13.16.22 CARTER (INTO PHONE)-Four o'clock.
- 13.18.06 MAYBOURNE (INTO PHONE)-Uh, I'm gonna need a little more than that.
- 13.21.17 CARTER (INTO PHONE)-I repeat, we have a foothold situation.
- 13.24.06 MAYBOURNE (INTO PHONE)-Major, you're way outside your appropriate chain of command.
- 13.27.12 CARTER (INTO PHONE)-I have reason to believe that may be compromised, sir.
- 13.31.06 MAYBOURNE (INTO PHONE)-Understood.

- 14.09.06 DR. FRAISER-Hey, Teal’c, how are you feeling?
- 14.15.29 You, uh, went a little crazy on us so we had to sedate you. You remember what happened?
- 14.23.03 TEAL’C-I do not.
- 14.24.24 DR. FRAISER (OS)-SG-1 was exposed...
DR. FRAISER (OS CONT)-to chemical fumes from the spill. You became delusional and attacked several people trying to escape from the base.
- 14.33.00 HAMMOND-Teal’c – glad you’re awake. Has Dr. Fraiser explained the situation?
- 14.40.00 TEAL’C-She has.
- 14.41.27 HAMMOND-Good. We’re hoping you can tell us where Major Carter is.
- 14.46.22 DR. FRAISER-She also had an adverse reaction to the chemical.
DR. FRAISER (OS CONT)-One of the side effects is hallucinations, paranoia.
DR. FRAISER (CONT)-Your symbiote protects you from a lot of things, Teal’c, but apparently not Tetrachloro-ethelyne.
- 15.00.20 HAMMOND-Where is she?
- 15.02.24 TEAL’C-I do not know.

- 15.05.23 DR. FRAISER-Teal'c, if she doesn't receive medical attention soon, she's just going to get worse. I won't lie to you – she could die.
- 15.42.07 WAITRESS (OS)-Hi, can I get you some coffee?
- 15.44.22 CARTER-Please.
- 15.51.14 Thank you.
- 15.54.06 MAYBOURNE (OS)-So, you came to the...
MAYBOURNE (CONT)-one person you don't trust.
- 15.57.16 CARTER-I don't know how far up the chain of command the infiltration goes. It may well be contained within the SGC, but if General Hammond was compromised...
- 16.04.25 MAYBOURNE-He sounded fine to me on the phone.
- 16.07.26 CARTER-What?
- 16.08.17 MAYBOURNE-He called me,...
MAYBOURNE (OS CONT)-Major. Calm down. He's concerned for you,...
MAYBOURNE (CONT)-that's all.
- 16.12.20 CARTER-I told you we had a foothold situation.

- 16.15.08 MAYBOURNE-Major, a chemical spill causing paranoid delusion...
MAYBOURNE (OS CONT)-is infinitely more plausible to me than...
MAYBOURNE (CONT)-aliens taking over the SGC.
- 16.22.09 CARTER-My God. You don't think I can tell the difference between the two? What
 was I...
CARTER (OS CONT)-thinking.
- 16.29.10 O'NEILL (OS)-Oh, hi, Carter.
- 16.35.10 CARTER-Maybourne, you are an idiot every day of the week! Why couldn't you have
 just taken one day off?
- 16.42.01 MAYBOURNE (OS)-That's insubordination,...
MAYBOURNE (CONT)-Major.
- 16.46.20 O'NEILL-For crying out loud, Maybourne,...
O'NEILL (OS CONT)-cut her some slack.
O'NEILL (CONT)-She's not exactly herself.
- 16.53.25 DANIEL (OS)-And neither...
DANIEL (CONT)-were we.
- 16.59.12 DANIEL (OS)-Sam, believe me, I know what you're feeling. It's the chemical.

17.03.01 CARTER-I don't believe that.

17.07.01 O'NEILL (OS)-Alright, exactly what are the side effects of this...

O'NEILL (CONT)-tetrachloro...ethel -- mermaline stuff?

17.22.09 CARTER-Halucination, delusion.

17.24.02 O'NEILL-Paranoid delusion, I think it was, but go on.

17.26.16 CARTER-Look, I know what I saw.

17.28.26 DANIEL-We were effected by the fumes the moment we got in the elevator.

17.34.06 O'NEILL (OS)-Didn't even realize it was happening.

O'NEILL (CONT)-I vaguely remember having some water in my ear and that's it.

17.40.28 CARTER-Dr. Fraiser injected me with something.

17.43.11 O'NEILL-She was trying to sedate you.

O'NEILL (OS CONT)-She didn't give enough to Teal'c, he sprung you and off you
went.

O'NEILL (CONT)-He's fine, by the way. Beat the crap out of a couple of SFs, but he's
fine.

- 17.55.26 DANIEL-We're telling you the truth, Sam.
- 18.06.07 CARTER-You should have followed procedure.
- 18.08.29 MAYBOURNE-I fully intend to return with you just to make sure everything's alright.
- 18.13.01 CARTER-And you agreed to that? Shouldn't that tell you something?
- 18.16.16 MAYBOURNE (OS)-I wouldn't tell them...
MAYBOURNE (CONT)-where we were meeting until they agreed to my inspection...
MAYBOURNE (OS CONT)-of the SGC.
- 18.20.07 CARTER-You have no idea what you're walking into.
- 18.22.11 MAYBOURNE (OS)-I can take care of myself, Major.
MAYBOURNE (CONT)-If I don't report back in a few hours you can rest assured that
action will be taken.
- 18.31.15 O'NEILL-We just want you to come back so Frasier can check you out.
- 18.35.20 CARTER-You're asking?
- 18.37.04 O'NEILL-We're asking.

- 18.43.29 CARTER-So, I have a choice. I can walk away right now.
- 18.46.13 O'NEILL AND DANIEL (SIMULTANEOUS)-Yes.
- 18.46.27 MAYBOURNE (OS)-No!
- 18.47.14 O'NEILL-Maybourne.
- 18.48.06 MAYBOURNE (OS)-Major...
MAYBOURNE (CONT)-Cater, you will accompany us back to the base. If you resist,
you will be handcuffed.
- 18.53.12 O'NEILL-No she won't.
- 18.55.05 MAYBOURNE-Oh, this is all very touching, but I think this very conversation in this
very public place is evidence that Major Carter, in her current state, is
something of a security risk.
- 19.02.22 O'NEILL-What's the matter with you?
- 19.08.09 DANIEL-It's starting to wear off, isn't it?
DANIEL (OS CONT)-You're starting to think straight.
DANIEL (CONT)-That's exactly what happened to me.

- 19.16.06 CARTER-I'm so tired.
- 19.21.20 O'NEILL-We're gonna go now. I'd like you to come with – but it's up to you.
- 19.37.07 CARTER-Alright.
- 19.39.22 O'NEILL-You sure?
- 19.42.11 O'NEILL (OS CONT)-Good.
O'NEILL (CONT)-Plane's waiting.
- 19.55.22 MAYBOURNE-After you, Major.
- 20.05.17 HAMMOND (VO)-Maybe...
HAMMOND (CONT)-you'll remember something later, son.
- 20.10.05 TEAL'C-Please release me from these restraints.
- 20.12.26 DR. FRAISER-I'm sorry, Teal'c. There's still a chance you could relapse.
DR. FRAISER (OS CONT)-Three of the men you attacked have concussions.
- 20.25.06 HAMMOND (INTO PHONE)-Yes? You're certain she's been located?
HAMMOND (OS CONT)-Very well.
- 20.34.18 DR. FRAISER-Then we may begin experimenting immediately.

- 20.49.18 O'NEILL (OS)-You're tax dollars at work. Cozy little jet you got here, Maybourne.
- 20.53.14 MAYBOURNE (OVERLAPPING)-You've alerted General Hammond to expect me?
- 20.56.26 O'NEILL-Oh, yes. He's awaiting your thoughts.
- 21.02.13 CARTER-So how, exactly, is Teal'c?
- 21.04.10 DANIEL (OS)-Oh, well,...
- DANIEL (CONT)-you know Teal'c.
- 21.06.25 MAYBOURNE (OS)-Is the chemical spill...
- MAYBOURNE (CONT)-completely cleaned up?
- 21.09.16 O'NEILL (OS)-As of this morning the Hazmat team had gotten the last of it.
- O'NEILL (CONT)-But they're still gonna keep level 23 sealed...
- O'NEILL (OS CONT)-off until they can figure out what happened in the first place.
- 21.22.14 O'NEILL-Carter?
- O'NEILL (OS CONT)-What are you doing?
- 21.26.22 CARTER-Don't move.
- 21.30.26 O'NEILL-Put the gun down.

21.32.21 DANIEL-She’s hallucinating again.

21.51.02 DANIEL-What the hell is that?

22.09.14 CARTER-Sit down.

22.17.01 MAYBOURNE (OS)-Look out!

22.32.02 MAYBOURNE-Go check the pilot. He’s one of mine.

22.33.20 CARTER-You first.

22.50.24 MAYBOURNE-Good enough? I’ll keep an eye on him. Go.

23.22.10 O’NEILL (OS)-General.

23.50.24 MAYBOURNE-What is that?

23.52.17 CARTER-I don’t know.

23.58.03 MAYBOURNE-What is that damn thing?

24.00.26 DANIEL-I already told you I didn’t know that Jack was –

24.03.06 MAYBOURNE (OS)-Tell us...
MAYBOURNE (CONT)-how that thing works.

24.21.27 DANIEL-Sam.

24.26.27 CARTER-Hold on a second.

24.46.12 CARTER-So this is how they look like us. Where’s the real Daniel? Is he still alive?

24.53.28 MAYBOURNE (OS)-You can talk to us now, or you can talk to my colleagues later.
MAYBOURNE (CONT)-Either way, we’ll find out the information we need.

25.14.14 MAYBOURNE-Sit down!

25.27.29 DANIEL (OS)-It works.

25.46.20 CARTER-It only creates an image. I couldn’t hear Daniel’s...
CARTER (OS CONT)-thoughts or anything. That must be what this one does.

25.52.17 MAYBOURNE (OS)-Put that thing down, Major.

25.57.24 CARTER-But what caused their images to blink out?

25.57.08 MAYBOURNE-They were just sitting there. Now put it down.

25.59.14 CARTER-Sometihng interrupted both signals at the same time, Colonel. We should figure out what it is.

26.04.09 MAYBOURNE-We were leveling off. Uh, cabin pressure.

26.07.06 CARTER-This is electronic. It was more like interference. Noise from the engines, maybe.

CARTER (OS CONT)-If we can replicate...

CARTER (CONT)-the conditions, sir, we can find it.

26.19.02 MAYBOURNE-Alright.

26.43.15 O'NEILL-Sorry, sir.

26.49.28 MAJOR DAVIS-What the...?

26.52.02 O'NEILL-Who's that?

26.54.23 MAJOR DAVIS-Major Davis.

26.57.10 O'NEILL-Colonel O'Neill.

27.03.03 MAJOR DAVIS (OS)-What's going on?

MAJOR DAVIS (CONT)-How'd we get like this?

27.07.09 O'NEILL-You're asking me?

28.09.15 DR. FRAISER-Hook him up.

28.53.01 HAMMOND-Report.

28.54.20 DR. FRAISER-I thought the sedative might be interfering. The symbiote is quite resilient. So is he.

29.04.13 HAMMOND-Put him back in the holding cell. Major Carter is on her way back. She may be less resistant.

29.41.18 O'NEILL (OS)-Davis,...
O'NEILL (CONT)-the latch for that thing is – You found it.

29.51.25 MAJOR DAVIS-Yes, sir. If there's another Fraiser, my guess is there's another you and me walking around...
MAJOR DAVIS (OS CONT)-too.

29.58.15 O'NEILL-Why are we the only ones awake.

30.01.19 MAJOR DAVIS-Maybe, uh, maybe a malfunction.

30.08.17 Colonel, what are you doing?

30.10.02 O'NEILL-I'm gonna wake her up.

30.16.27 MAJOR DAVIS-Do you think that's such a good idea, sir?

30.19.09 O'NEILL-It's an idea.

30.37.20 O'NEILL-Maybe they didn't hear that.

30.50.13 O'NEILL-Excuse me.

30.58.23 That was weird.

31.47.04 O'NEILL-A nice alien like you has got to carry a... Hello.

30.56.10 MAJOR DAVIS-What about the other thing?

32.00.04 O'NEILL-The other thing.
O'NEILL (OS CONT)-Okay,...
O'NEILL (CONT)-she's just an alien. Just an alien.

32.30.25 Whoa, whoa! Yeah, that's an alien alright. Why don't you find something to tie
it up?

32.51.13 O'NEILL-Hello.

32.54.05 DANIEL-Colonel?

32.57.26 O'NEILL-Yes?

33.00.22 DANIEL-It's you?

33.04.09 O'NEILL-Yes.

33.09.00 DANIEL-It's good to see you. Oh my God. I figured they had to be keeping you alive
in order to access your mind –

33.15.03 O'NEILL (INTERRUPTING)-Whoa!
O'NEILL (OS CONT)-Hey.
O'NEILL (CONT)-Who are you?

33.20.02 DANIEL-Sir? Oh, sorry.

33.27.09 MAJOR DAVIS-Major Carter.

33.30.01 O'NEILL-Oh. Well, in that case, it's good to see you, too.

33.35.01 CARTER-Every one of the people in this room has been duplicated by the aliens, sir.

33.39.07 O'NEILL (OS)-I, uh,...
O'NEILL (CONT)-noticed that.

33.41.21 CARTER (OS)-The procedure didn't work on me or Teal'c.
CARTER (CONT)-We escaped, but Teal'c's been captured.

33.47.24 O'NEILL-Where's he?

33.48.09 CARTER (OS)-I don't know. I haven't had time to find him, sir.
CARTER (CONT)-Look, Colonel Maybourne's forces are moving in soon.

33.52.28 O'NEILL-Maybourne? How'd he get –

33.54.10 CARTER (INTERRUPTING)-I called him.

33.56.13 O'NEILL-Willingly?

33.57.07 CARTER (OS)-Colonel,...
CARTER (CONT)-in twenty nine minutes those forces are going to break down the
 front door and shoot anything that resists. We need to get our people
 disconnected.

34.04.20 O'NEILL-Yeah. I pulled that headband thing off of Fraiser. Her evil twin came
 running.

34.10.27 CARTER-Well, how did you two get free?

- 34.12.12 MAJOR DAVIS-We just woke up.
- 34.15.25 CARTER-That must have happened when I killed you.
- 34.18.18 O'NEILL-I'm sorry?
- 34.20.15 CARTER-I, uh, killed the aliens impersonating both of you on the plane.
- 34.23.21 O'NEILL-And they don't know you did this.
- 34.25.28 CARTER-I don't know, sir. There's a specific tone that, if sustained, will disrupt these devices. The machine's in my lab.
- 34.33.09 O'NEILL-Go.
- 34.40.18 MAJOR DAVIS-Sir, we're going to need more weapons.
- 34.41.15 O'NEILL (OVERLAPPING)-Armory.
- 35.23.05 O'NEILL-Head on back to twenty-three, keep an eye on our people.
- 35.26.05 MAJOR DAVIS-Yes, sir.
- 35.34.19 O'NEILL-I have come for the bald prisoner.

- 35.45.28 O'NEILL-Come with me.
- 35.48.11 TEAL'C-I will submit to no further experiments.
- 35.51.22 O'NEILL-Oh, but you will.
- 36.02.04 O'NEILL-I'll take it from here.
- 36.04.02 SF GUARD-I can't allow that, sir.
- 36.05.23 O'NEILL-Oh, but you can.
- 36.14.00 TEAL'C-Colonel O'Neill, I presume.
- 36.16.24 O'NEILL-What gave it away?
- 36.32.04 DANIEL-That's it.
- 36.57.28 CARTER-General Hammond.
- 37.06.19 TECHNICIAN (VO FILTERED)-General Hammond to the control room.
- 37.29.17 O'NEILL-You sure you're up to this?

37.31.00 TEAL'C-As always.

37.32.08 O'NEILL-You're an animal.

38.28.02 O'NEILL-What the hell was that?

38.29.16 CARTER (OS)-Colonel, on your six.
CARTER (CONT)-What's going on?

38.35.24 O'NEILL-I don't know. They just ran.

38.38.04 TEAL'C-Perhaps it is an evacuation.

38.39.21 CARTER-Well, we can't let that happen, sir.

38.42.00 O'NEILL-Why not?

38.42.24 CARTER-They've had access to our minds. They know everything about us.

38.46.20 O'NEILL-Everything?

38.47.18 CARTER-Everything.

39.35.13 O'NEILL (OS)-Close that iris.

- 39.38.02 CARTER-I can't sir. It's overridden. I'm shutting down the gate.
- 39.53.02 MAYBOURNE-Everyone freeze!
- 40.55.25 MAYBOURNE (OS)-What happened?
- 40.57.18 CARTER (OS)-They self-destructed.
- 40.59.03 TEAL'C (OS)-They're destruction appears to be complete.
- 41.02.20 CARTER-That's a lot of damage.
- 41.05.25 O'NEILL-Coat of paint... a little touch up. It'll be fine.
- 41.15.22 HAMMOND (OS)-I've ordered P3X118 locked out of our dialing program.
- 41.19.25 CARTER (OS)-The human counterparts of those aliens woke up spontaneously.
CARTER (CONT)-We're assuming the signal stopped when they went through the
Stargate.
- 41.26.11 TEAL'C-Those who escaped still possess all the knowledge obtained from being
linked to your minds.
- 41.31.16 O'NEILL-That's creepy.

- 41.33.18 HAMMOND (OS)-We've changed all our...
 HAMMOND (CONT)-codes. That's all we can do.
- 41.36.27 DANIEL (OS)-So, how did this...
 DANIEL (CONT)-happen, exactly? The aliens came through the gate already
 impersonating SG-6?
- 41.42.06 DR. FRAISER (OS)-We rushed them to the infirmary.
 DR. FRAISER (CONT)-We don't remember anything after that.
- 41.46.05 MAJOR DAVIS-General Hammond asked me to come here but wouldn't say why.
 Presumable their next step after the SGC was the Pentagon.
- 41.53.01 CARTER (OS)-Well, a high frequency...
 CARTER (CONT)-blast from the harmonic generator every time a team returns should
 prevent it from ever happening again.
- 42.04.04 O'NEILL-Colonel Maybourne.
- 42.09.21 Good save.
- 42.12.27 MAYBOURNE-I thought you'd like to know the alien posing as Dr. Jackson expired.
- 42.17.27 TEAL'C-What of the aliens that were not caught in the gate room explosion?

- 42.20.20 MAYBOURNE-We're guessing they were linked to their leader in some form or another, uh, when he self-destructed.
- 42.25.25 CARTER-Well, what about the aliens that escaped through the gate?
- 42.28.07 MAYBOURNE-I guess we'll never know. We'll have to hope the same thing happened to them.
- 42.34.02 HAMMOND-We appreciate your help on this matter, Colonel Maybourne.
- 42.37.08 MAYBOURNE-Credit Major Carter. I do. Well, I'm, uh, sure we'll see each other again.
- 42.47.02 O'NEILL-That'd be nice, Harry.
