TIMECODE DIALOGUE

START TIMECODE 00.00.00 AT FIRST FRAME OF PICTURE

00.25.00 CARTER- This is well over a thousand meters high.

00.26.23 O'NEILL- And as pyramids go, that's... big?

00.30.27 TEAL'C- I know of no Goa'uld structure of this magnitude.

00.33.20 DANIEL- Definitely Mayan. This is a major find. I have to see this.

00.37.00 O'NEILL- Any signs of life there?

00.38.11 CARTER- There is a breathable atmosphere, sir, but no complex lifesigns.

01.13.01 CARTER- This is a major find. I have to see this --

01.15.25 O'NEILL- You, too?

01.17.06 CARTER- Well, look at these readings,...

 CARTER (OS CONT)- sir. These are leptons...!

01.19.26 O'NEILL- Get out.

CARTER (CONT)- matter, no matter how dense. I mean, something like five hundred million billion just passed through you.

CARTER (OS CONT)- neutrinos could change everything we know about physics,
the formation of the universe --

01.58.16 CARTER- How do you know?

01.59.27 DANIEL- Because it's exactly like the one found in 1971 in Belize... by my grandfather.

03.14.04 EPISODE TITLE:
CRYSTAL SKULL

03.20.12 DANIEL- I could name at least a dozen different crystal skulls from various parts of the world, but the skull that Nick discovered in Belize was unique.

03.27.08 O'NEILL- Nick?

03.28.18 DANIEL- Uh, yeah... The, uh... The great explorer, the not so great grandfather, Nicholas Ballard. He preferred being called Nick, even when I was a kid. It was a...

DANIEL (OS CONT)- Anyway, uh, the point is that no one can explain...

DANIEL (CONT)- how the skull that Nick discovered was carved from a single piece of crystal against the grain, given the technology of the day.

DANIEL (OS CONT)- He claimed that it possessed a certain...

DANIEL (CONT)- power.

03.52.11 HAMMOND- What kind of power?

03.55.17 DANIEL- That if one were to look into the eyes of the skull, one would be teleported to see aliens.

04.06.04 **TEAL'C- Your grandfather saw these aliens.**

04.08.10 DANIEL- So he insisted, to the entire academic community.

04.12.09 FRAISER- I take it his claim didn't go over very well.

04.14.14 DANIEL- As you might imagine, no. Um, he tried for years under controlled conditions to make the skull “teleport” him again to where the aliens lived, but he never could.

04.24.16 O'NEILL- Doesn't mean he wasn't right.

04.26.21 CARTER (OS)- The academic...

CARTER (CONT)- community didn't believe your theory that the pyramids were landing sites for alien spaceships either.

04.31.22 O'NEILL- We have to see this.

04.33.25 HAMMOND- I'll authorize a standard recon mission.

04.36.27 FRAISER (OS)- Colonel, I can only guess...

FRAISER (CONT)- the effect this type of radiation may have on the human body. I recommend limited exposure – ten, fifteen...

FRAISER (OS CONT)- minutes at most.

04.44.26 DANIEL- Wait a minute. That's, that's not enough time. I mean, there has to be
 some sort of radiation suit or, uh --

04.49.14 O'NEILL (overlapping) (OS)- Hey! If you'd been...
 O'NEILL (CONT)- listening, you'd know that Nintendos pass through everything.

04.54.02 DANIEL- I heard.

04.57.18 O'NEILL- Everything.

05.12.28 CARTER- Muon radiation is increasing.

05.15.28 O'NEILL- Unhealthy?

05.17.11 CARTER- I don't think so, sir. Not if it stays at these levels.

05.42.23 TEAL'C- Whomever the builders are, they would appear to be a formidable race.

05.46.01 DANIEL- You could fit ever pyramid on Earth inside this thing, and still have room to
 spare.

05.50.00 O'NEILL- Yeah. Could you imagine heating this place?

06.31.23 O'NEILL- Major, start the clock.

CARTER (OS CONT)- three hundred percent!

07.35.24 O'NEILL- What?

07.36.24 CARTER- Four hundred!

07.38.00 O'NEILL- All right, that's it! We're outta here. Daniel...?

07.52.23 O'NEILL- Where'd he go?

08.02.04 TEAL'C- He seemed to disappear.

08.05.25 CARTER (OS)- Sir, these readings are off the scale now.

CARTER (CONT)- If we don't leave here soon, we'll...

08.13.13 O'NEILL- Teal'c! Get outta there!

08.25.00 TECHNICIAN- Incoming traveler, sir. It's SG-1!

08.28.08 HAMMOND- Open the iris!

08.40.17 HAMMOND- Get a medical team in here!

08.45.28 O'NEILL- God...

08.49.04 HAMMOND- Where's Dr. Jackson?

09.03.19 FRAISER- He's coming to, sir.

09.12.12 O'NEILL- Carter... Daniel...?

09.14.23 FRAISER- She's still unconscious. (beat) Teal'c is better off than both of you.
FRAISER (OS CONT)- His symbiote was helping him.
FRAISER (CONT)- It was close, Colonel. If you hadn't left when you did --

09.27.21 O'NEILL- Hot...

09.24.02 FRAISER- Yes. I know. We're trying to keep your temperature down. The muon
 radiation affected your hypothalamus. (beat) Essentially your internal
 thermostat went haywire. Your respiration, heartbeat, and your temperature
 have been fluctuating wildly...

09.46.16 O'NEILL- No kidding...

09.47.25 HAMMOND- As for Dr. Jackson, Colonel, he never returned with you.

09.51.13 TEAL'C- He is no longer there, General Hammond. The skull enveloped him in an
 energy field.
TEAL'C (OS CONT)- I fired my Zatnukatel, but it was too late.
TEAL'C (CONT)- He seemed to disappear.

10.05.15 HAMMOND- What?

10.26.18 HAMMOND- Pan the camera left again... (beat) Do the infrared sensors detect any sign of Dr. Jackson?

10.40.13 TECHNICIAN- No, sir.

10.43.06 HAMMOND- You should be in the infirmary.

10.45.05 TEAL'C- I am well again, General Hammond.

10.47.06 HAMMOND- Not according to Dr. Fraiser.

10.49.12 TEAL'C- Nicholas Ballard believed the crystal skull to be a teleportation device.

Recovering the skull may help us to determine the location to which he was teleported.

10.57.17 HAMMOND- The MALP telemetry suggests radiation levels are still too high.

11.01.15 **TEAL'C- My symbiote provides me with a greater tolerance against the effects of radiation.**

11.05.04 HAMMOND- And if that thing zaps you to wherever it sent Dr. Jackson...?

11.09.00 TEAL'C- Then I will have succeeded in locating him.

11.35.13 DANIEL- Teal'c! (beat) What happened? Where is everybody? (beat) You just ran
 through me. Teal'c! (beat) What the hell is going on?

12.36.20 DANIEL- Hey!

12.38.19 HAMMOND- Well done, Teal'c.

12.40.21 TEAL'C- Regrettably there was no sign of Daniel Jackson.

12.44.08 DANIEL- So I take it nobody can see me either?

12.47.02 HAMMOND- Doctor Rothman's awaiting the artifact in Lab 3C.

12.49.24 SILER- Yes, sir.

12.50.20 TEAL'C- Major Carter will also want to study it.

12.52.26 HAMMOND- As soon as she's fully recovered.

12.56.09 DANIEL- Recovered from what? What happened?

- 13.11.10 FRAISER- She's going to be fine, Teal'c. Their exposure wasn't long enough to
 cause any permanent damage.
- 13.17.21 O'NEILL (OS)- Doc!
- 13.20.01 FRAISER- You can protest all you want, Colonel,...
 FRAISER (OS CONT)- but it'll be a while before you get your strength back. So
 relax.
- 13.25.11 O'NEILL (OS)- Oh, come on...
- 13.25.21 FRAISER- Ach. Doctor's orders.
- 13.30.18 O'NEILL- Napoleonic power monger... News?
- 13.36.25 TEAL'C- Daniel Jackson was nowhere in the vicinity of the pyramid.
- 13.40.05 O'NEILL- What the hell happened to him?
- 13.41.25 TEAL'C- I do not believe the skull is a weapon, O'Neill.
- 13.44.02 DANIEL- Well, you're right about that. It's not a weapon.

13.45.25 TEAL'C (overlapping)- If it is indeed a teleportation device, I believe the artifact itself may provide evidence to that end.

13.48.24 DANIEL (overlapping)- No. Something else happened.

13.51.02 **TEAL'C- Doctor Rothman is now studying it.**

13.52.25 O'NEILL- Rothman couldn't figure out an ashtray... Guy we need working on that skull is Daniel.

14.00.07 TEAL'C- It is he whom we endeavor to locate, O'Neill.

14.05.00 O'NEILL- Look, I'm sick of laying around. Help me up.

14.08.02 TEAL'C- Dr. Fraiser believes you are not strong enough to undertake such a mission.

14.11.18 O'NEILL- Yeah... Whatever...

14.16.09 TEAL'C- Dr. Fraiser is usually correct in such matters.

14.24.10 O'NEILL- Thank you.

14.25.11 TEAL'C- You are welcome, O'Neill.

- 14.36.28 DANIEL- Okay, you can do this, Robert. I know you can. Focus on the Mayan legends; the lost pyramids of Belize, the Ballard skull, that's where the answer is --
- 14.45.20 ROTHMAN- Well, it-it's a crystal... skull...
- 14.50.17 HAMMOND- We knew that, Doctor.
- 14.53.25 ROTHMAN- Almost identical to the Nicholas Ballard skull in the Smithsonian.
- 14.58.14 DANIEL- He doesn't know it was found on P7X377.
- 15.01.02 ROTHMAN- Actually the craftsmanship is very impressive. It's probably made in Germany... early 1800's... What I don't understand is what it has to do with Daniel being missing...
- 15.11.07 TEAL'C- We believe it to be a teleportation device.
- 15.13.21 ROTHMAN- Are you serious?
- 15.15.00 DANIEL- That's good, Robert. Be skeptical.
- 15.16.26 HAMMOND- We were hoping your archaeological expertise could help provide insight into where he may have been sent.

15.21.20 ROTHMAN- It's a skull.

15.23.09 DANIEL- Not that skeptical.

15.24.26 TEAL'C- I myself witnessed the artifact create a tremendous field of energy which engulfed Daniel Jackson.

15.29.08 ROTHMAN- It's made of crystal, not plutonium. I don't see how –

15.33.00 HAMMOND- Humor me, doctor. I want a full report within twelve hours.

15.39.02 ROTHMAN- Yes, sir. I was –

15.40.04 TEAL'C- Do not look directly into its eyes.

15.43.03 ROTHMAN- Okay.

15.44.15 DANIEL- Don't let me down, Robert.

15.50.12 ROTHMAN- Teleportation device...? I... What do you think?

15.55.12 SILER- I think you're gonna get fired.

16.18.14 DANIEL- Teal'c... In case I don't ever get the chance to say this: If you hadn't come back for me, I might have been stuck in that place forever, so... thank you.

16.45.13 TEAL'C- Is there someone present?

16.46.21 DANIEL- Yes!

DANIEL (OS CONT)- Yes, it's, it's me. It's Daniel.

DANIEL (CONT)- I'm, I'm right here. (beat) I'm right here. Just don't walk through me. It's very disconcerting. (beat) You sensed I was in the room. You just can't see or hear me. (beat) Which is a little frustrating, as you may imagine.

17.34.23 CARTER (OS)- Stop!

CARTER (CONT)- That is exactly what Daniel was doing when he was absorbed by the energy field.

17.39.25 DANIEL- That's what I've been trying to tell him.

17.41.14 ROTHMAN (OS)- I, I know that.

ROTHMAN (CONT)- I was trying to prove something.

17.45.00 FRAISER- Prove what?

17.46.00 DANIEL- That the skull didn't do this.

17.47.10 CARTER- You don't think the skull is responsible for what happened to Daniel, do you?

17.51.04 ROTHMAN- I'm still here.

17.52.06 CARTER- There was intense muon radiation at the time the energy field --

17.54.27 ROTHMAN- There's no residual radiation.

17.57.02 CARTER- Look, I saw what that thing is capable of.

17.58.27 ROTHMAN- (overlapping)- Hey, I wish it was a teleportation device. I could use it go find Daniel.

ROTHMAN (OS CONT)- He's my friend too, you know. I don't think that's what we've got here.

ROTHMAN (CONT)- I think what we've got here is... a paperweight. (beat) I'm sorry. That's my opinion.

18.21.25 CARTER- It's all right. I'll take over from here. (beat) There may be properties within the crystalline structure which are invisible to the naked eye. We should run some diagnostic tests.

18.36.02 DANIEL- Wait a minute. I'm not hungry or thirsty. Why not?

18.39.13 CARTER- Thank you.

18.46.06 DANIEL- Because I'm dead...?

18.51.18 ROTHMAN- What?

18.53.10 CARTER- Did anybody else feel that?

18.55.20 FRAISER- What?

18.59.00 DANIEL- What if I'm a ghost?

19.02.20 CARTER- I just got a shiver...

19.04.12 FRAISER- Well, you're still feeling the after effects of the radiation.

19.08.04 DANIEL- No. I think that was me.

19.14.22 TECHNICIAN (OVER MIC FILTERED)- Chevron four encoded...

19.18.00 CARTER- Sir, we've subjected the skull to every piece of diagnostic equipment we
 have.

19.23.02 TECHNICIAN- Chevron five encoded...

19.25.00 HAMMOND- What have you found out?

19.26.16 CARTER- Nothing.

19.29.17 O'NEILL- We could take another look at that planet, sir.

19.31.23 FRAISER- I'd strongly recommend against it.

FRAISER (OS CONT)- We're still getting readings periodically from the MALP. The radiation levels have dropped...

FRAISER (CONT)- slightly, but they're still elevated.

19.38.22 TECHNICIAN- Chevron six encoded...

19.40.15 HAMMOND- We're preparing a UAV for a long range search...

HAMMOND (OS CONT)- around the pyramid. I don't see the point in risking another SG team unless that...

HAMMOND (CONT)- search turns up something.

19.49.04 **TECHNICIAN (OS)- Chevron seven locked.**

19.56.05 HAMMOND- Launch when ready, Sergeant.

19.58.02 TECHNICIAN- Launching UAV in five...

TECHNICIAN (OS CONT)- four... three... two... one...

TECHNICIAN (CONT)- mark!

20.08.00 CARTER (OS)- I can't believe I'm gonna suggest this, but...

CARTER (CONT)- what about Daniel's grandfather?

20.12.27 O'NEILL- Nick?

20.14.16 CARTER- Well, he claimed that the skull teleported him somewhere. He may be the
only person who actually knows where Daniel is.

20.20.08 FRAISER- I'm not so sure, Major. I've already taken the liberty of looking him up.

20.24.05 DANIEL (overlapping)- Oh, you didn't.

20.25.15 FRAISER- His current address is a psychiatric institute...

FRAISER (OS CONT)- in Oregon.

20.29.06 O'NEILL- Psychiatric?

- 20.30.11 FRAISER (OS)- Apparently his failure to prove the crystal skull...
- FRAISER (CONT)- was more than just a curiosity caused a severe mental
breakdown...
- FRAISER (OS CONT)- from which he's never been able to fully recover.
- FRAISER (CONT)- Nick checked himself in.
- 20.38.22 CARTER- Why wouldn't Daniel have told us that?
- 20.40.17 DANIEL- Oh, yes, by the way... he's insane.
- 20.43.11 FRAISER- Daniel was a regular visitor there up until four years ago, right before he
joined the Stargate program.
- 20.48.00 DANIEL- Oh, please. He kicked me out. We had a huge fight.
- 20.50.11 FRAISER (OS)- Apparently Nick still talks about him all the time.
- 20.52.27 DANIEL- He doesn't want anything to do with me.
- 20.54.15 FRAISER- The doctor I spoke to says any friends of Doctor Jackson's are welcome.
- 20.59.08 DANIEL- What?
- 21.00.22 CARTER- We don't have much else to go on.

21.04.08 HAMMOND- Find out what you can.

HAMMOND (OS CONT)- But I needn't remind you the details of this matter will have
to remain classified. That means you won't be able to tell him...

HAMMOND (CONT)- what happened to Dr. Jackson or where the skull was found.

21.22.10 FEMALE VOICE (V.O. ON P.A. FILTERED)- Dr. Harvey Fisk, call local one three...

Dr. Harvey Fisk, call local one three... (beat) Dr. Nelson, please report to
ward 2-B... Dr. Nelson, please report to ward 2-B...

21.52.19 NURSE- Sorry for the wait. (beat) Is there anything I can do for you?

21.58.15 TEAL'C- You may take us to Nicholas Ballard immediately.

22.02.15 O'NEILL- He's just a little anxious to see ol' Nick.

22.04.21 NURSE- Oh, are you close?

22.06.01 DANIEL- No.

22.06.01 TEAL'C (overlapping)- No.

22.06.01 O'NEILL (overlapping)- Yes.

22.08.26 TEAL'C- Yes. Extremely.

22.12.00 NURSE- Well, I'll just check and see if he's ready for you.

22.18.00 DANIEL- What am I waiting for?

22.24.14 NURSE (OS)- Colonel O'Neill and his party are here.

22.27.08 PSYCHIATRIST- The friends of Daniel I told you about are here. Just outside.
 Would you like to see them now?

22.34.13 NICK- I miss him.

22.39.03 DANIEL- Hi, Nick. Long time no see.

22.41.23 PSYCHIATRIST- Would you show them in, please?

22.53.14 DANIEL- Nick, I need your help.

DANIEL (OS CONT)- Friends of mine want to ask you about the skull you found in
 Belize. Tell them everything.

DANIEL (CONT)- Just trust them.

23.07.16 PSYCHIATRIST- Nick, this is Colonel Jack O'Neill. He's a friend of Daniel's.

23.11.08 O'NEILL- Doctor, would you mind if we....?

23.16.14 NICK- Nick.

23.17.28 O'NEILL- Jack. (beat) O'Neill. Colonel.

23.26.20 NICK- Daniel followed in my footsteps.

23.29.19 O'NEILL- You must be very proud.

23.31.26 NICK- He made a fool of himself.

23.33.27 DANIEL- Oh, yeah... Here we go...

23.35.01 NICK- He staked his entire academic career...

NICK (OS CONT)- on his belief that the great pyramids of Egypt...

NICK (CONT)- were made by aliens.

23.46.02 O'NEILL- Yes, well, that's --

23.47.18 NICK- He was more insane than I was.

NICK (OS CONT)- I told him so. I told him to forget all that nonsense.

23.54.23 DANIEL- Uh, it wasn't nonsense. I was right..

23.57.00 NICK (OS)- He lost...

NICK (CONT)- his apartment, his research grant... He hasn't published a paper in two years.

NICK (OS CONT)- Now where is he? Hmm?

NICK (CONT)- Where is he now?

24.09.04 CARTER (OS)- In a way, that's what this is all about. We wanted to hear exactly...

CARTER (CONT)- what happened to you back in '71 when you first found the skull.

24.18.27 NICK- Nothing happened. There were no aliens.

24.23.18 DANIEL- Trust them, Nick.

24.25.13 NICK- No one believed me.

24.26.26 O'NEILL- Daniel believed you.

24.28.14 DANIEL- Oh no no no no no...

DANIEL (OS CONT)- No, don't... don't...

24.31.13 NICK- He didn't. He wanted to. He did listen. In the end, he did not...

NICK (OS CONT)- believe in my theory of the skull,...

NICK (CONT)- just as I did not believe his theories of the pyramids and the aliens...

24.49.02 DANIEL- I guess we both were right.

24.53.09 O'NEILL- Nick... Can you tell us what happened when you found that skull?

24.59.06 NICK- Why?

25.01.27 O'NEILL- Because we found another skull. Identical to the one you found in Belize.

25.10.05 NICK- Show me.

25.11.25 / CARTER- It's in a high security facility at the moment. But if you'd tell us about your experiences, we'd --

25.16.22 NICK- Then take me there.

25.18.05 O'NEILL- We can't do that. It's classified.

25.20.18 DANIEL- You have to.

25.22.16 NICK- If you don't, then I won't tell you anything. (beat) It is up to you.

25.40.23 HAMMOND (OS)- Colonel, there is no greater secret in this...

HAMMOND (CONT)- nation than the Stargate.

25.45.02 O'NEILL- So we keep him away from level 28.

25.47.23 HAMMOND- A civilian? Who spent the last 20 years of his life...

HAMMOND (OS CONT)- in a psychiatric institution?

25.53.13 O'NEILL (OS)- Exactly.

O'NEILL (CONT)- Who's gonna believe him if he says anything?

25.57.28 HAMMOND- Colonel, you walk a fine line.

26.00.13 O'NEILL- Thank you, sir.

26.08.09 HAMMOND (INTO PHONE)- Hammond?

26.10.10 DANIEL- General, I know you can't hear me, but thank you.

26.12.17 HAMMOND (OS INTO PHONE)- Absolutely. Put her through. Kayla, sweetheart,
this is grandpa. Isn't this past your bedtime?

HAMMOND (CONT INTO PHONE)- (laughs) You lost another tooth?

HAMMOND (OS CONT INTO PHONE)- Well, you put it under your pillow tonight.
I'll bet your big sister Tessa wishes she lost a tooth.

HAMMOND (CONT INTO PHONE)- I'd love to come see you in your school play tomorrow night, sweetheart, but can't. Well, a very close friend of mine is lost, and he needs my help.

HAMMOND (OS CONT INTO PHONE)- Yes, he's a very close friend.

HAMMOND (CONT INTO PHONE)- I hope so too...

27.13.18 SILER (OS)- I don't think you should touch that, sir.

27.15.17 CARTER- It's all right, Sergeant. Thank you. Nick, this is Doctor Robert Rothman.

27.20.07 ROTHMAN- It's, it's a pleasure to meet you --

27.21.17 NICK- It's exactly the same...

NICK (OS CONT)- as the one I found in Belize.

NICK (CONT)- Where did you find it?

27.27.25 O'NEILL (OS)- We can't tell you that.

27.31.11 DANIEL- You're gonna have to tell him eventually, Jack.

27.33.05 NICK- The skull stood on a stone pedestal... (beat) You have been there, haven't you?

27.42.00 CARTER- You mean Belize...?

27.43.07 NICK- No no no no no...

NICK (OS CONT)- That was the ruins of the temple where I found the skull. That is all gone, collapsed...

NICK (CONT)- I am talking about a cavern.

28.00.02 TEAL'C- Do you know the location of this cavern?

28.02.13 NICK- Nowhere on this earth. It was so enormous that, that the light of my torch never...

NICK (OS CONT)- reached the bottom...

28.12.03 DANIEL- Yes, but how did you get there?

28.13.18 NICK (OS)- I don't know how I got there. A field of...

NICK (CONT)- energy surrounded me, and suddenly I was simply... there. And then they came.

28.27.07 CARTER- "They"?

28.29.13 NICK- The giants.

28.32.22 CARTER- Giants... ?

28.33.21 NICK- The giant aliens.

NICK (OS CONT)- They rose up as it they were...

NICK (CONT)- made of mist... They flew around...

NICK (OS CONT)- me like specters...

28.44.07 DANIEL (overlapping)- Now you know why no one believed him.

28.45.24 NICK (OS)- Then they spoke:

NICK (CONT)- Uy ah ual ing...

NICK (OS CONT)- ual ing wetail.

28.52.12 ROTHMAN- Th-that's Mayan. “The enemy of my enemy is my friend. “

28.55.09 DANIEL (overlapping)- “ The enemy of my enemy is my friend.” Yes. But what does
it mean?

28.58.21 NICK (OS)- I was afraid to...

NICK (CONT)- answer. I just closed my eyes. Then suddenly I found myself back
again under the temple in Belize. And...

NICK (OS CONT)- the ground was shaking as in an earthquake. And I just grabbed
the skull and...

NICK (CONT)- and climbed out and everything collapsed.

29.22.20 O'NEILL- Wow. That's, uh... giants.

29.29.23 CARTER- So, you were sent to this cavern and back...

CARTER (OS CONT)- again without ever knowing where it was.

CARTER (CONT)- And the ruins where you found the skull...?

29.36.22 NICK (OS)- I spent years...

NICK (CONT)- trying to find it again, but it was as if the temple never existed.

29.44.06 CARTER- So I guess you couldn't take us there either?

29.46.20 NICK- Can you imagine what it feels like to go on the most incredible journey of your
life and have no one believe you?

30.04.22 O'NEILL- Uh, Teal'c... You wanna escort Nick down to the V.I.P. room?

30.18.04 TEAL'C- Nicholas Ballard, would you come with me, please?

30.30.13 O'NEILL- So... tell you anything?

30.34.19 ROTHMAN- Oh, maybe... I mean, I, uh... no.

30.40.14 O'NEILL- Work on it.

30.46.14 CARTER- He described the cavern perfectly, sir. He had to have been there.

30.49.25 O'NEILL- Uh, giants...?

30.51.18 DANIEL- Yes, that's weird, I admit.

30.52.28 CARTER- Somebody built that place.

30.55.00 O'NEILL- Doesn't help us.

30.56.02 DANIEL- But if he really was transported to P7X 377, maybe the skull was trying to
send me somewhere, and something interrupted the process.

31.01.20 CARTER- Do you get the feeling that Daniel's still around?

31.03.18 DANIEL- We have to go back there.

31.06.13 O'NEILL- Kind of...

STARGATE: SG-1 – "The Crystal Skull" (# 6523)**Page 32**

31.07.28 CARTER- I guess it's 'cause we miss him.

31.10.06 DANIEL- And we have to talk to those giant aliens.

31.17.00 O'NEILL- Or radiation sickness...

31.19.26 CARTER- Good night, sir.

31.24.24 DANIEL- What? Wha... That's it? Whatever happened to working through the
night? I'd do it for you.

31.38.19 TEAL'C- There will be a guard posted outside your door should you require
assistance.

31.42.21 NICK- Uh, when you see Daniel, would you tell him I... Oh, never, never mind. It's
something I should tell him myself.

31.50.21 TEAL'C- Very well.

32.03.27 NICK- I am sorry...

32.08.18 DANIEL- For what?

32.10.16 NICK- For not adopting you when your parents died.

32.14.02 DANIEL- You were traveling all over the world.

32.17.05 NICK- It wasn't your fault.

32.20.02 DANIEL- I was eight years old. How could it be my fault?

32.21.28 NICK (OS) (overlapping)- I am sorry for allowing my...
NICK (CONT)- obsession to drive me to madness. Would you forgive me?

32.43.26 DANIEL- You can see me?

32.47.00 NICK- Yes, Daniel. I can see you.

32.50.08 DANIEL- Why didn't you say something?!

32.52.02 NICK- You're not real, so it doesn't mean anything –

32.54.18 DANIEL- No no no no! Nick, I'm real!
DANIEL (OS CONT)- I'm real!
DANIEL (CONT)- You're not hallucinating...

32.59.22 NICK- Hallucinations always say that.

33.02.26 DANIEL- Not this time, Nick. The skull, the skull did this to me. I'm, I'm trapped. I'm
 in another dimension or out of phase – something. Look, all I know is I need
 your help. (beat) If you don't help me, I don't know how I'm gonna get home.

33.22.07 NICK- So what do you want me to do?

33.29.08 MP (OS)- Sirs, Mr. Ballard insisted on seeing both of you immediately.

33.33.13 NICK- Forgive me. He insisted. Daniel is here.

33.40.23 HAMMOND- Here?

33.42.00 DANIEL- Repeat what I'm saying: I'm standing right beside you.

33.45.10 NICK- He is standing right beside me.

33.48.02 O'NEILL- He's lost a few pounds.

33.49.17 DANIEL- Jack, don't be an ass.

33.51.00 NICK- Jack, don't be an ass.

33.54.24 O'NEILL- Daniel...?

33.56.03 DANIEL- Yes. We have to go back to the planet and we have to let the skull finish
 what it started.

34.01.22 NICK- We must go back to the planet...

34.04.00 HAMMOND- Planet?

34.06.06 O'NEILL- Uh, not a word, sir. I swear...

34.08.11 NICK- Daniel told me all about the Stargate.
 NICK (OS CONT)- We must replace the skull on the pedestal...
 NICK (CONT)- so that the giant aliens will come.
 NICK (OS CONT)- Something must have interrupted this process.

34.22.09 O'NEILL- Uh... Teal'c fired his zat. That's all I can imagine it could be, sir.

34.26.20 DANIEL- That's it. That's what interrupted the process. We have to, we have to let
 it happen. We have to trust it.

34.33.23 HAMMOND- Why didn't you say something sooner?

34.35.15 NICK- I thought I was, I was hearing voices. It wouldn't have been for the first time.

34.42.12 FRAISER- Forgive me, but why are you the only person who can see him?

34.47.01 NICK- Perhaps because I went through the...

NICK (OS CONT)- same experience...

34.52.24 DANIEL- Tell General Hammond that if we go back right now, he might be able to
see his granddaughter's school play after all.

34.56.26 NICK General Hammond, if you let us go now, you may be able to see your
granddaughter's play.

35.04.00 HAMMOND- I was alone in my office when Kayla phoned. (beat) Uh, Dr. Jackson...

HAMMOND (OS CONT)- Are you absolutely certain...

HAMMOND (CONT)- you and SG-1 can safely return to the planet?

35.20.15 DANIEL- Say yes.

35.22.11 NICK- Yes.

35.26.21 O'NEILL- That's good enough for me, sir.

35.32.01 O'NEILL- So it wasn't the skull alone that did this. It was its connection to the
cavern?

35.36.28 DANIEL- Yes. I think the skull is just the icon that represents the human form.

35.40.03 NICK- Yes.

35.41.26 O'NEILL- And Daniel said you should come along to make it work?

35.44.05 DANIEL- Wait. I never said that. You're taking advantage of me –

35.47.13 NICK- Yes.

36.04.24 NICK- So this is what you have been doing these past few years?

36.08.19 DANIEL- Exploring planets...

36.10.16 HAMMOND (VO ON MIC FILTERED)- SG-1,...
 HAMMOND (CONT INTO MIC)- you have a go. Maintain radio contact.

36.17.28 NICK- Then behind that,...
 NICK (OS CONT)- there is another world?
 NICK (CONT)- You must tell me everything.

36.27.25 DANIEL- As soon as we get back, I promise.

36.31.12 TEAL'C- After you, Nicholas Ballard.

37.13.24 NICK- It's just as I remembered it! (beat) This is where they live!

38.27.04 NICK- Now we must wait for the giant aliens.

38.31.06 O'NEILL- That just has a nice ring to it.

38.41.26 O'NEILL (INTO RADIO)- General Hammond...
O'NEILL (VO CONT ON RADIO FILTERED)- We're in position.

38.44.17 HAMMOND (INTO RADIO)- Understood, Colonel. Proceed.

39.06.11 CARTER (OS)- Sir, radiation is climbing again.

39.08.16 NICK- This is incredible!

39.10.13 O'NEILL- Daniel said to let it happen.

39.28.25 CARTER- Daniel!

39.31.20 DANIEL- Sam. (beat) It worked.

39.38.08 TEAL'C- O'Neill...? Major Carter...?

39.50.09 O'NEILL- Carter...?

39.51.26 CARTER- It appears that we're out of phase like Daniel, but Teal'c isn't.

39.55.03 DANIEL- Why?

39.57.07 O'NEILL- You're asking me?

40.00.00 TEAL'C (INTO RADIO)- General Hammond... (beat) I was not teleported with the
 others.

40.04.28 HAMMOND (INTO RADIO)- Return to base immediately.

40.30.24 O'NEILL- Holy smoke... Bullwinkle...! (beat) Hello...! What's your name?

40.44.01 ALIEN (DISTORTED)- Quetzilcoatl. Uy ah ual ing ual ing wetail?

40.50.21 O'NEILL- Daniel?

40.52.12 DANIEL- The enemy of my enemy is my friend.

40.54.11 O'NEILL- I know what it's saying. Why is it saying that?

40.58.00 DANIEL- It didn't affect Teal'c. Why?

41.00.25 CARTER- Because he's Jaffa.

41.03.11 DANIEL- He's carrying a symbiote. The Goa'uld... We are enemies of the Goa'uld!

41.12.04 ALIEN (DISTORTED)- Then you are welcome here.

41.14.09 O'NEILL- Keep talking.

41.15.26 DANIEL- We're, we're travelers. We come in search of friendship. We'd like to
 exchange our knowledge and culture.

41.24.20 ALIEN (DISTORTED)- We accept your proposition. You may remain.

41.32.01 NICK- Me?

41.33.19 O'NEILL- Him?

41.35.04 ALIEN (DISTORTED)- This is not the first time you have journeyed here.

41.37.23 NICK- You remember...?

41.39.24 DANIEL- There are others among our people who would gladly return.

41.43.14 NICK- No, Daniel. Let me.

41.46.07 DANIEL- Nick...

41.47.05 NICK- This was my life's work. I've been hoping for another chance at this for 29 years! Please...?

41.59.03 DANIEL- You just came back into my life...

42.02.02 NICK- I'll be back again. Please...

42.07.19 ALIEN (DISTORTED)- Look again into the eyes of the skull.

42.14.15 O'NEILL- Well, Nick... take notes.

42.20.04 NICK- I will.

42.30.16 DANIEL- You have to tell me everything.

42.33.07 NICK- I promise. Daniel, I am proud of you.

42.45.21 DANIEL- Goodbye, Grandpa.

43.01.27 FADE TO END CREDITS.
