START TIMECODE 00.00.00 AT FIRST FRAME OF PICTURE

**TEASER**

- 00.14.19            O'NEILL (OS) – Tuesday doesn't work for the President.
- 00.17.09            MARTOUF (OS) – The High Council of the Tok'ra is making his first journey to Earth  
                          to sign an official treaty that outlines our new alliance in the fight against the  
                          Goa'uld...
- MARTOUF (CONT) – What could possibly be more important than that?
- 00.26.09            GRAHAM – Keeping that treaty a secret from the general population of our planet.
- 00.31.18            O'NEILL – It's a tricky proposition, where we're from.
- 00.34.17            DANIEL – The President means no disrespect, but he has to appear before Congress  
                          on Tuesday...
- DANIEL (OS CONT) – and there's no way to make up an excuse to get...
- DANIEL (CONT) – out of that.
- 00.42.16            O'NEILL – Wednesday. How's Wednesday?
- 00.44.05            PER'SUS (OS) – Wednesday will be fine.

- 03.34.26            CARTER – And he pulled a weapon.
- 03.35.27            MARTOUF (OS) – It seems to be of...  
MARTOUF (CONT) - Goa'uld origin.
- 03.38.18            O'NEILL – Look, Martouf—
- 03.39.15            MARTOUF (OS) – Obviously I do not believe...  
MARTOUF (CONT) – you were complicit with Major Graham's actions.
- 03.43.13            DANIEL (OS) – We weren't, but just...  
DANIEL (CONT) – out of curiosity, how can you be sure we weren't?
- 03.48.03            MARTOUF – I cannot.
- 03.54.02            FREYA/ANISE – I can. Major Graham was a Zatarc.
- 03.55.00            O'NEILL – A what?
- 03.56.11            FREYA/ANISE – The victim of Goa'uld mind control technology.
- 03.59.22            DANIEL – A what?

- 04.00.13           FREYA/ANISE (OS) – I believe a...  
FREYA/ANISE (CONT) – mission is programmed into the victim’s subconscious. That programming is covered with a false memory.
- 04.06.17           O’NEILL – You knew this threat was out there?
- 04.08.17           MARTOUF (OS) – Freya has presented her theory to the...  
MARTOUF (CONT) – High Council. But it was only conjecture. The existence of this technology is thus far unconfirmed.
- 04.15.08           O’NEILL – Now you see, this is just the kind of irresponsible, uncooperative bull—
- 04.18.28           FREYA/ANISE (OS OVERLAPPING INTERRUPTING) – I agree, Colonel...  
FREYA/ANISE (CONT) – Unfortunately the High Council did not, despite the fact that I documented three incidents within the last two months. Otherwise healthy Tok’ra operatives suffered sudden extreme behavioral episodes, each ending in suicide.
- 04.32.21           O’NEILL (OS) – And...  
O’NEILL (CONT) - no red flags went up for anyone?
- 04.34.13           MARTOUF (OS) – A weapon...  
MARTOUF (CONT) – like this has not been used before.

04.36.17 CARTER – So the person in question doesn't know what's gonna happen.

04.38.29 FREYA/ANISE – No. They are apparently unaware their minds have been tampered  
with...

FREYA/ANISE (OS CONT) – The instructions seem to be triggered by...

FREYA/ANISE (CONT) – a visual or auditory signal.

04.46.16 DANIEL – Obviously the High Councilor was the target.

04.49.01 FREYA/ANISE (OS) – Apparently when Ma—

FREYA/ANISE (CONT) –jor Graham was introduced to Per'sus the programming took  
over. He would have been unable to control his actions after that.

04.56.14 CARTER – But this is theoretical.

04.57.26 FREYA/ANISE (OS) – It is difficult...

FREYA/ANISE (CONT) – to prove because of the lack of evidence...

FREYA/ANISE (OS CONT) – I believe the violent, self-destructive behavior...

FREYA/ANISE (CONT) – is an integral part of the programming meant to insure that  
result.

05.07.15 DANIEL – How exactly does one get turned into a, a Zatarc?

- 05.10.02           FREYA/ANISE (OS) – The programming only...  
FREYA/ANISE (CONT) – seems to require moments of access with the victim.
- 05.14.11           O'NEILL – Alright, had we known any of this, we might've been able to take a few  
more precautions.
- 05.19.04           MARTOUF (OS) – You could...  
MARTOUF (CONT) – not have taken any more precautions than we did...  
MARTOUF (OS CONT) – Colonel.
- 05.21.12           DANIEL (OS) – So we could have more of these...  
DANIEL (CONT) – preprogrammed timebombs out there waiting to go off.
- 05.24.23           MARTOUF (OS) - It is...  
MARTOUF (CONT) – likely that if the Goa'uld knew that Major Graham was going to  
be here to meet the High Councilor—
- 05.28.24           CARTER – Then they know about the treaty summit.
- 05.30.15           MARTOUF – Their goal was undoubtedly to sabotage our alliance.
- 05.33.20           DANIEL – Then the President could also be a target.

- 05.36.07           MARTOUF (OS) – It is the High Councilor’s wish to continue with...  
MARTOUF (CONT) – the treaty summit.
- 05.39.17           O’NEILL – Oh, I don’t think so.
- 05.41.03           MARTOUF – In two thousand years the Tok’ra have never bowed to Goa’uld terrorism.  
We will not start now.
- 05.45.21           FREYA/ANISE (OS) – Either way...  
FREYA/ANISE (CONT) – it is true that any of your personnel who may have  
encountered the Goa’uld in the last two months may have fallen victim.
- 05.51.22           MARTOUF – The problem is, Zatarc programming is virtually impossible to detect.
- 05.55.13           FREYA/ANISE (OS) – That is not true.
- 05.56.06           MARTOUF (OS) – Your method is unproven.
- 05.57.06           FREYA/ANISE (OS) – It...  
FREYA/ANISE (CONT) - worked on one previous occasion.
- 05.58.22           MARTOUF (OS) – Even...  
MARTOUF (CONT) - that is in question.

- 06.00.02           FREYA/ANISE (OS) – It...  
FREYA/ANISE (CONT) - is all we have right now.
- 06.01.12           O'NEILL – Excuse me. Do we or do we not have a Zanex detector?
- 06.14.15           HAMMOND (OS) – Colonel. Martouf...  
HAMMOND (CONT) – Anise, on behalf of...  
HAMMOND (OS CONT) – the SGC I want to offer my sincerest...  
HAMMOND (CONT) – apologies and condolences for the lives of the lost Tok'ra.
- 06.27.25           MARTOUF – High Councilor Per'sus also sends regrets for the men of the SGC that  
                          were lost. We consider Major Graham as much a victim as anyone.
- 06.33.27           HAMMOND – All outstanding SG teams are being recalled for screening and placed  
                          on a twenty-four hour watch.
- 06.39.02           FREYA/ANISE – I would like to begin with the remaining members of Major Graham's  
                          team. There was obviously opportunity to program him on a recent mission.
- 06.46.14           HAMMOND – This way...  
HAMMOND (OS CONT) – Major Carter?
- 06.57.18           O'NEILL - They're at it again.

- 07.04.03 FRASIER (OS) – I completed my autopsy on Major Graham. There was an ...  
FRASIER (CONT) – unidentifiable residue from the explosion but no indication he was  
under any kind of chemical influence. To be honest, sir, if the Goa'uld were  
trying to cover up their work, they did a good job.
- 07.15.15 HAMMOND – What about the information about the Zatarcs provided by the Tok'ra?
- 07.18.19 FRASIER – Pretty limited to speculation sir. I did a full examination of Major Graham  
before he went to Vorash and he seemed to be in perfect health. His blood-  
work was clean. Last psyche evaluation was normal. If his brain was altered in  
any way, it was done by technology far beyond my understanding.
- 07.32.09 HAMMOND – Will this Zatarc detector actually work?
- 07.34.13 FRASIER – Well it's alien technology. I have no way of knowing.
- 07.36.14 HAMMOND – Then we're completely in the hands of the Tok'ra on this one.
- 07.38.16 FRASIER – The Colonel must be happy about that.
- 07.40.14 HAMMOND – I'm not thrilled about it myself, Doctor.

- 07.56.17           FREYA/ANISE – Hello, Lieutenant Astor. Please have a seat. Try to stay calm.  
                          Direct your vision here...
- FREYA/ANISE (OS CONT) – I will ask you some questions to...
- FREYA/ANISE (CONT) – lead your thoughts. Please answer as completely and  
                          truthfully as possible...
- FREYA/ANISE (OS CONT) – Describe for me your...
- FREYA/ANISE (CONT) – recent mission to P6Y325.
- 
- 08.55.00           ASTOR – Well it, it seemed to be a routine meet and greet. At least at first...
- ASTOR (OS CONT) – The Lasarians were a fairly primitive people.
- 
- 09.06.25           O'NEILL – So it's a lie detector.
- 
- 09.09.01           MARTOUF – It's even more. It can detect whether a person is being truthful, even if  
                          they are not aware they are lying.
- 
- 09.14.21           DANIEL (OS) – So it raids...
- DANIEL (CONT) – the subconscious?
- 
- 09.16.16           MARTOUF (OS) – And compares it to the conscious memory. It was originally...
- MARTOUF (CONT) – created to verify information retrieved through the torture of  
                          captured Goa'uld.

- 09.24.09 CARTER (OS) – That thing on her forehead looks like a...  
CARTER (CONT) - Tok'ra memory recall device.
- 09.28.00 MARTOUF (OS) – Yes. A modified version...  
MARTOUF (CONT) – It is able to decipher whether the memory being recalled by the  
subject is true or false.
- 09.34.10 DANIEL – So it indicates a Zatarc because the Goa'uld use false memories to cover  
the programming?
- 09.39.02 MARTOUF – That is Anise's theory, yes.
- 09.40.28 TEAL'C – Can you identify the Zatarc's mission?
- 09.42.29 MARTOUF – Unfortunately no. It will only tell us if a person is a Zatarc. Not what he's  
programmed to do.
- 09.48.12 DANIEL – Hello.
- 09.48.13 ASTOR (OS FILTERED) – Major Graham and I got separated from Captain  
Blasdale...  
ASTOR (OS CONT) – and Sergeant Lewis. I thought we were lost...  
ASTOR (OS CONT FILTERED) – We heard the...

- 09.54.06           MARTOUF (OVERLAPPING) – It could mean the Lieutenant just reiterated something out of order.
- 09.57.11           FREYA/ANISE – Lieutenant, please repeat the last sequence, and remember to be specific about every detail, even your feelings at the time.
- 10.04.00           ASTOR – Okay. I really don't know exactly what happened...  
ASTOR (OS CONT FILTERED) – There wasn't much time to stick around hypothesizing...  
ASTOR (CONT) – Just after the sun went down, the gliders attacked the village...  
ASTOR (OS CONT FILTERED) – We booked for the Stargate, but...  
ASTOR (CONT) – the clearing was filled with Jaffa...  
ASTOR (OS CONT) – SG-15 was already under fire...  
ASTOR (CONT) – I felt like they were comin' at us from all sides.
- 10.44.23           GRAHAM – Don't stop. Keep movin'!
- 10.46.28           ASTOR – Captain Blasdale radioed from behind. He and Sergeant Lewis were pinned down.
- 10.51.20           GRAHAM (OS) - Get...  
GRAHAM (CONT) - to the gate...  
GRAHAM (OS CONT) – Sarge!

- 10.54.23           ASTOR – Major!
- 10.58.23           FREYA/ANISE – How did you feel?
- 11.00.13           ASTOR – Are you kidding? I was scared out of my mind.
- 11.09.20           FREYA/ANISE – Are you certain you shot the Jeffa?
- 11.21.07           ASTOR – Positive.
- 11.39.12           FREYA/ANISE (OS) – She is a Zatarc. Lieutenant...  
FREYA/ANISE (CONT) – Astor’s mind has been altered.
- 11.42.26           O’NEILL – You think so?
- 11.45.02           HAMMOND – What do we do?
- 11.48.08           FREYA/ANISE – There is a procedure we could try.
- 11.50.14           HAMMOND – Is it safe?
- 11.51.12           FREYA/ANISE (OS) – It is...  
FREYA/ANISE (CONT) – experimental at best.

- 11.54.11 O'NEILL – General, need I remind what happened the last time we trusted this woman?
- 12.00.14 FREYA/ANISE – You are referring to my symbiote Anise, Colonel. And I would not suggest this if I thought there was a better alternative.
- 12.07.08 HAMMOND – What's the worst-case scenario?
- 12.08.23 MARTOUF (OS) – The procedure actually damages...  
MARTOUF (CONT) – the portion of the brain that has been effected by the Zatarc technology.
- 12.13.19 FREYA/ANISE – Lieutenant Astor could lose more than just her false memory.
- 12.17.00 O'NEILL – How much more?
- 12.18.12 FREYA/ANISE – It won't be clear until after the procedure.
- 12.20.06 HAMMOND (OS) – I hate the idea...  
HAMMOND (CONT) – of sitting here deciding the fate of one of our officers, but what choice do we have?
- 12.24.29 O'NEILL – General—

- 12.25.07           HAMMOND (OS) – The security of this base and this planet...  
                      HAMMOND (CONT) – cannot be compromised.
- 12.28.16           FREYA/ANISE – Furthermore, when her programming is triggered she will inevitably  
                      become self-destructive.
- 12.36.21           HAMMOND – Let’s give Lieutenant Astor the choice.
- 12.41.09           O’NEILL – Some choice.
- 12.55.16           ASTOR – I have to admit, I’m a little scared. Actually that’s not true. I’m terrified.
- 13.02.07           FREYA/ANISE – I understand. Please try to stay calm.
- 13.06.01           ASTOR – I swear I shot that Jaffa...  
                      ASTOR (OS CONT) – Major Graham returned with...  
                      ASTOR (CONT) – Captain Blasdale and Sergeant Louis.
- 13.13.00           FREYA/ANISE – You said you were surrounded. Jaffa were everywhere. Six other  
                      SG team members died that night...  
                      FREYA/ANISE (OS CONT) – yet you and your team managed to get through the...  
                      FREYA/ANISE (CONT) – stargate unharmed.
- 13.23.29           ASTOR – I thought we were just that good.

13.29.20 FREYA/ANISE (OS) – I...  
FREYA/ANISE (CONT) – am going to begin.

13.46.17 ASTOR – It hurts. Stop, please!...  
ASTOR (OS CONT) – Stop.

13.57.18 MARTOUF – Stop the procedure.

14.17.02 O'NEILL – Astor!

14.28.18 FREYA/ANISE – No!

## ACT TWO

14.46.20 HAMMOND – Thank you, Doctor. Both SFs suffered serious injuries but...  
HAMMOND (OS CONT) – they're going to be okay.

14.52.03 FREYA/ANISE - The Goa'uld programming must have an embedded failsafe that  
prevents it from being tampered with. I am sorry you have lost another member  
of your team. I hold myself accountable.

15.02.23 HAMMOND (OS) – The Goa'uld...  
HAMMOND (CONT) – are ultimately accountable.

- 15.05.05            FREYA/ANISE – Unfortunately we cannot analyze the effected area of the victim’s  
                               brain, post-mortem, due to the self-inflicted damage.
- 15.11.01            O’NEILL – Would that really make a difference?
- 15.12.28            FREYA/ANISE – I believe it would, yes.
- 15.15.00            HAMMOND (OS) – There will be no summit unless we can be...  
                               HAMMOND (CONT) – sure there’s no threat to the President.
- 15.18.18            FREYA/ANISE – We can complete the Zatarc testing in time.
- 15.21.14            O’NEILL – And if we find more?
- 15.23.27            HAMMOND (OS) – Greater things...  
                               HAMMOND (CONT) – than the summit will be in jeopardy, Colonel. Proceed.  
                               Dismissed.
- 15.28.13            O’NEILL – Well this is fun. Who’s next?
- 15.30.22            FREYA/ANISE – SG-1.
- 16.32.25            O’NEILL – Oh.

- 15.39.25 FREYA/ANISE (OS) – Good, Colonel. Now let’s move to your mission on PX9757.
- 15.47.06 O’NEILL – Drawin’ a blank.
- 15.48.28 FREYA/ANISE – Your mission was to destroy a new ship being built by Apophis.
- 15.53.17 O’NEILL – You know all about that.
- 15.54.21 FREYA/ANISE (OS) – But the device...  
FREYA/ANISE (CONT) – only works if you recount your exact memory of the events.
- 15.59.10 DANIEL – At that point we realized they wouldn’t come off.
- 16.01.12 FREYA/ANISE (OS) – You can jump...  
FREYA/ANISE (CONT) – ahead to the part where you went through the gate.
- 16.04.14 CARTER – We were so strong and fast the Jaffa on the other side didn’t stand a  
chance.
- 16.18.21 TEAL’C – General Hammond ordered me to follow. I went through the gate and  
proceeded to the facility.
- 16.23.14 FREYA/ANISE – So you were alone for some time before you met up with the rest of  
SG-1?

16.27.11           TEAL’C – Yes.

16.32.29           DANIEL – Uhmm, I went after the Naquadah.

16.45.00           JAFFA (OS) - Don’t move.

16.51.04           FREYA/ANISE – After that?

16.51.28           DANIEL (OS) – I headed back to...

DANIEL (CONT) – meet Jack and Sam.

16.57.07           O’NEILL – When I realized Carter wasn’t with me, I stopped. I went back for her.

17.11.14           FREYA/ANISE – What happened next?

17.12.27           O’NEILL – That’s when your genius armband stopped workin’.

17.29.15           FREYA/ANISE – You couldn’t get through the shield again.

17.31.26           O’NEILL – No.

17.33.14           CARTER (OS) – When I woke up, I saw Colonel O’Neill unconscious...

CARTER (CONT) – on the other side of the force shield. I called his name and he  
woke up.

17.39.22 FREYA/ANISE – Then what?

17.40.24 CARTER (OS) – I realized...

CARTER (CONT) – that there was no way I was gonna get through that force shield. I  
told the Colonel to try and get out without me.

17.46.07 FREYA/ANISE – To leave you behind.

17.47.23 CARTER – Yes. The timer on the C-4 was counting down...

CARTER (OS CONT) – Now I knew that without the advantage of the armbands it was  
gonna be tight getting back to the...

CARTER (CONT) – stargate before the ship’s power core exploded.

17.57.27 FREYA/ANISE – What did Colonel O’Neill do?

18.03.09 CARTER – Sir, there’s no time.

18.10.13 O’NEILL – A couple of Jaffa came around the corner.

18.12.17 FREYA/ANISE – And then?

18.15.02 CARTER – We got lucky.

18.16.23 FREYA/ANISE – That’s it?

18.18.08 CARTER – Yeah. The C-4 explosion must’ve taken out the shield generator...

CARTER (OS CONT) – Did you see that?...

CARTER (CONT) – The force shield disappeared and we ran.

18.31.17 FREYA/ANISE – Sounds easy.

18.33.13 CARTER – Well, I wouldn’t say that.

18.37.06 FREYA/ANISE – Are you sure you’re telling me everything?

18.41.22 CARTER – Oh. I, I tried to go for the Naquadah.

18.45.11 O’NEILL (OS) – Carter, forget that. Leave it.

18.47.19 CARTER – But Colonel O’Neill ordered me to leave it.

18.49.29 FREYA/ANISE – That’s everything?

18.53.20 CARTER – Yeah. You’re not serious?

19.21.28 O’NEILL – What?

19.24.02           HAMMOND – We still don't know anything about the targets involved. In the event that we do proceed, I'm forwarding a new plan for your arrival. Yessir. Both Colonel O'Neill and Major Carter. I'll pass that along. Thank you, Mr. President.

**ACT THREE**

19.46.07           O'NEILL (OS) – Give us a second, huh?

19.50.12           CARTER – Sir, this has to be a mistake.

19.52.13           O'NEILL – Tell me about it.

19.53.20           CARTER (OS) – Can you talk to...

CARTER (CONT) – General Hammond about getting me retested...

CARTER (OS CONT) – I mean there must be—

19.56.16           O'NEILL (INTERRUPTING) – Us.

19.58.20           CARTER – What?

19.59.27           O'NEILL – Us retested...

O'NEILL (OS CONT) – Apparently I'm one of those...

O'NEILL (CONT) – Zark things too. I'm across the hall.

- 20.03.08 CARTER – That can't be.
- 20.07.09 O'NEILL – I know.
- 20.09.08 CARTER – Although we were both unconscious at the same time.
- 20.11.29 O'NEILL – Apparently.
- 20.15.08 CARTER – Sir, are you worried that it's at least possible?
- 20.19.21 O'NEILL – A little.
- 20.27.28 TEAL'C – I do not believe that Colonel O'Neill and Major Carter are Zatarcs.
- 20.31.15 DANIEL – We can't prove they aren't.
- 20.33.04 MARTOUF (OS) – We must continue to keep them isolated in order to prevent them  
from being exposed to their programming triggers.
- 20.38.19 HAMMOND – We don't know for sure it's the President.
- 20.40.06 FREYA/ANISE – No.

- 20.40.29           HAMMOND (OS) – Then we’re talking...  
                          HAMMOND (CONT) – about keeping them confined indefinitely.
- 20.43.17           FRASIER – At least until we can come up with another course of action.
- 20.46.12           FREYA/ANISE (OS) – The good news is that we have found...  
                          FREYA/ANISE (CONT) – no more Zatarcs among SGC personnel. The High  
                                  Councilor and his advisors have also been tested back on Vorash. There  
                                  should be no danger to the summit meeting.
- 20.57.07           HAMMOND – I want good news regarding Colonel O’Neill and Major Carter.
- 21.00.21           FRASIER (OS) – We’ll keep working on it, sir.
- 21.02.07           MARTOUF – What shall I tell the High Councilor regarding the meeting with the  
                                  President?
- 21.05.08           HAMMOND – It’s on.
- 21.24.29           O’NEILL – Yeah...  
                          O’NEILL (OS CONT) – Oh. You.
- 21.34.10           FREYA/ANISE – You are probably not happy to see me.

- 21.37.10 O'NEILL – Well if you're not here to tell me it's all a big mistake I might be a little glum.
- 21.42.29 FREYA/ANISE – I have come to apologize...
- FREYA/ANISE (OS CONT) – It is sort of our fault you are a...
- FREYA/ANISE (CONT) – Zatarc. Maybe a little more Anise than me.
- 21.50.10 O'NEILL – I knew that. I just don't know why, yet.
- 21.54.00 FREYA/ANISE – The experiment with the armbands was the reason you went on the mission to destroy Apophis's new ship.
- 22.03.23 O'NEILL – Hey listen. What if you're wrong...
- O'NEILL (OS CONT) – and Carter and I aren't really, uh—
- 22.10.05 FREYA/ANISE – Zatarcs?
- 22.10.25 O'NEILL (OS) – Zatarcs.
- 22.11.28 FREYA/ANISE – I do not believe that is possible.
- 22.16.00 O'NEILL – Swell. Is there something else?

- 22.24.26        FREYA/ANISE – I have not thanked you for saving my life on Vorash...
- FREYA/ANISE (OS CONT) – when you saved me for a second time during the situation with Lieutenant Astor.
- 22.32.24        O'NEILL – No offense, but I'd've done it for anyone. Uh, whatcha doin'?
- 22.51.13        FREYA/ANISE – I originally came from a planet where the people were not afraid to show their affection for someone. When we wanted to Lama—
- FREYA/ANISE (OS CONT) –shem—
- 22.58.04        O'NEILL – Excuse me?
- 23.00.06        FREYA/ANISE – I believe you call it—
- 23.01.07        O'NEILL – Something else.
- 23.03.21        FREYA/ANISE – Anise, my symbiote, is far more interested in Dr. Jackson on an intellectual level, but she would have to suffer.
- 23.13.07        O'NEILL – Uh look, there's so many reasons why this is wrong...
- O'NEILL (OS CONT) – and...
- O'NEILL (CONT) – weird and wrong. Did I mention wrong?
- 23.24.07        FREYA/ANISE – Is it because I share my body with Anise?

23.27.03 O'NEILL – For starters.

23.28.00 FREYA/ANISE (OS) – Do you not...

FREYA/ANISE (CONT) – find me attractive?

23.32.02 O'NEILL – Oh, you're...

O'NEILL (OS CONT) – Hey...

O'NEILL (CONT) – I could blow here any minute.

23.45.22 FREYA/ANISE (OS) – If I was a target...

FREYA/ANISE (CONT) – your Zatarc programming would have triggered long ago.

23.52.11 O'NEILL – Good point.

23.54.07 FREYA/ANISE – Is there someone else to whom you are loyal?

23.58.24 O'NEILL – Uh, that's not really the point here, is it?

24.03.03 FREYA/ANISE – I sense that you have been made uncomfortable by my offer.

24.05.25 O'NEILL – No. No. It's just-- Well, yeah.

24.10.16 FREYA/ANISE – I had heard that the humans of Earth had many inhibitions and  
stigmas surrounding intimacy.

- 24.15.09 O'NEILL – Yes. Yes, I've heard that, too. There's also the matter of timing.
- 24.22.27 FREYA/ANISE – I am still quite hopeful we will find a way to help both you and Major  
Carter.
- 24.29.00 O'NEILL – Then maybe you should be out doin' that. Whaddayou think?
- 24.34.04 FREYA/ANISE (OS) – Once again I find myself feeling the need to apologize.
- 24.37.15 O'NEILL (OS) – Oh, no need...  
O'NEILL (CONT) – We're adults.
- 24.41.14 FREYA/ANISE (OS) – I will make an effort to learn more...  
FREYA/ANISE (CONT) – about your customs so I will not make you so uncomfortable  
again.
- 24.46.07 O'NEILL (OS) – Yes. Very good idea. Thank you. Bye.
- 25.09.18 DANIEL – The President is still uncomfortable with the phrase “for the common  
interests of the Tok'ra and the humans of Earth.” Uh, I'm recommending “in  
pursuit of freedom for all individuals”.
- 25.19.24 MARTOUF – The High Councilor does not like to generalize.

- 25.25.26        FREYA/ANISE (OS) – Excuse me. I have been reviewing my notes on...  
FREYA/ANISE (CONT) – prior incidents with Zatarcs. I'm concerned that we are  
                         endangering Major Carter and Colonel O'Neill...  
FREYA/ANISE (OS CONT) – by keeping them confined.
- 25.34.21        DANIEL – Why?
- 25.35.06        FREYA/ANISE (OS) – In at least...  
FREYA/ANISE (CONT) – one case I think the Zatarc lost control when it became  
                         evident that they could no longer achieve their objective.
- 25.42.08        DANIEL – So by keeping them confined...
- 25.43.21        MARTOUF (OS) – They won't be able...  
MARTOUF (CONT) – to fulfill their programming and they will become self-destructive.
- 25.46.24        HAMMOND – Why hasn't that happened yet?
- 25.48.09        FREYA/ANISE – The triggering event hasn't occurred yet. However, if that passes—
- 25.51.27        DANIEL – The meeting between the High Councilor and the President.
- 25.54.11        HAMMOND – What if we postpone?

- 25.55.22           FREYA/ANISE – That could have the same effect, if the programmed part of their minds believes they are no longer able to fulfill the goal.
- 26.05.04           DANIEL – So what do we do?
- 26.12.12           CARTER (OS) – Martouf.
- 26.13.16           MARTOUF – How are you?
- 26.15.11           CARTER – I was just writing a letter to my Dad.
- 26.17.03           MARTOUF – I have sent word to him. I am sure he will come as soon as he can.
- 26.20.20           CARTER – Thank you.
- 26.23.01           MARTOUF – I have come to present an option to you.
- 26.25.02           CARTER – Not what Freya tried on Lieutenant Astor?
- 26.27.01           MARTOUF (OS) – She...  
MARTOUF (CONT) – thinks that the procedure failed because she stopped before it was finished.
- 26.30.10           CARTER – Because Astor went crazy.

26.32.15           MARTOUF – Freya thinks that the failsafe protecting the Zatarc programming can be overcome if the procedure is given a fair chance to...

MARTOUF (OS CONT) – work.

26.38.22           CARTER – What’s the rush?

26.40.15           MARTOUF – Freya has seen prior evidence to suggest that if the Zatarc is prevented from a—

MARTOUF (OS CONT) –chieving their objective—

26.44.14           CARTER – And...

26.44.28           MARTOUF (OS) – If your object—

MARTOUF (CONT) –ive is to target the President—

26.46.25           CARTER – You’re saying I would try and kill myself.

26.50.06           MARTOUF – Yes.

26.52.00           CARTER – Two days, right? I guess we wait and see.

26.58.01           MARTOUF – Or you could go through with the pro—

MARTOUF (OS CONT) –cedure.

27.01.20 CARTER – Which could cause me to lose my mind anyway, just like Astor...  
CARTER (OS CONT) – did.

27.04.24 MARTOUF – Yes.

27.05.08 CARTER (OS) – Or the pro—  
CARTER (CONT) –cedure could work and I could still end up with serious brain  
damage.

27.10.13 MARTOUF – Yes, I know...  
MARTOUF (OS CONT) – Not only do I know what a risk...  
MARTOUF (CONT) – losing what you still carry of Jolinar, but I’ve grown quite fond of  
you as well, Sam.

27.29.08 CARTER – It’s all based on assumptions, right?...  
CARTER (OS CONT) – I mean we don’t know that...  
CARTER (CONT) – the President is the target. We don’t even know if I’ll lose my  
mind because the summit’s going on and I’m stuck in here.

27.37.10 MARTOUF (OS) – And...  
MARTOUF (CONT) – we don’t know for sure that you will suffer any ill effects from the  
procedure.

27.44.11 CARTER – Some choice.

**ACT FOUR**

27.52.23 O'NEILL – Come again?

27.54.24 DANIEL – Bottom line, there's a chance that you could come out completely intact.

27.59.08 O'NEILL (OS) – Or not.

28.01.07 DANIEL – Or not.

28.06.03 O'NEILL – What's Carter say?

28.07.22 DANIEL – Uh, I don't know. Martouf is explaining it to her now.

28.12.21 O'NEILL – What would you do?

28.16.27 DANIEL – I honestly don't know.

28.24.13 O'NEILL – She made a pass at me.

28.27.27 DANIEL – Sam?

28.29.06 O'NEILL – Anise. Freya. One of 'em.

28.33.26 DANIEL – Really?

28.34.20 O'NEILL – The host half.

28.36.02 DANIEL – Uh, that's odd.

28.39.10 O'NEILL – You're tellin' me. Odd timing, too. Don't you think?

28.43.07 DANIEL – Yes.

28.47.20 O'NEILL – Apparently the snake likes you.

28.51.17 DANIEL – Really? Yep, I think that these are the Jack O'Neill moments I'll probably miss the most.

29.08.21 O'NEILL (OS) – What?

29.09.10 DANIEL – What?

29.10.11 FREYA/ANISE – I understand why they wouldn't trust me.

29.13.03 DANIEL – Oh I think it's more that they would rather risk dying than lose who they are.

- 29.18.02 HAMMOND – We can be sure they won't threaten the President but how do we keep them from harming themselves during the summit?
- 29.23.08 FRASIER – We plan to sedate them and put them in restraints.
- 29.26.15 DANIEL – Until when?
- 29.35.15 FRASIER – It's the only way we can be absolutely...  
FRASIER (OS CONT) – sure you won't try and hurt yourself.
- 29.40.17 O'NEILL – No choice?
- 29.42.19 FRASIER – No...  
FRASIER (OS CONT) – You won't feel anything...  
FRASIER (CONT) – It'll be like falling asleep.
- 29.47.20 O'NEILL – For how long?
- 29.49.08 FRASIER – As long as it takes to find a treatment with better odds...  
FRASIER (OS CONT) – than the one we have available.
- 29.53.24 DANIEL – The President is due to arrive in less than an hour.
- 30.04.25 O'NEILL – Come to say your good-byes?

- 30.09.03           TEAL’C – If there is anything that you require, O’Neill...
- 30.11.18           O’NEILL – Another option.
- 30.13.05           FREYA/ANISE – There is still time to try the procedure.
- 30.20.20           O’NEILL – You said if you could’ve done a proper autopsy on Astor, you might’ve  
                          been able to solve this thing?
- 30.26.07           FREYA/ANISE – It would’ve provided much more information.
- 30.32.16           O’NEILL – Do it.
- 30.33.29           DANIEL – What?
- 30.36.11           O’NEILL – Hey, I’ve done the drugged-out strapped to the bed thing.
- 30.39.27           DANIEL (OS) – And if what happened to Lieut—  
                          DANIEL (CONT) –enant Astor happens to you?
- 30.46.13           O’NEILL – Maybe it’ll help Carter. Her brain’s worth a lot more than mine.
- 31.02.06           CARTER – What? He can’t.

- 31.03.27 DANIEL (OS) – He’s on his way down now.
- 31.05.16 CARTER – Well why is he doing this?
- 31.07.00 DANIEL (OS) – He said he’d rather...  
DANIEL (CONT) – take the risk instead of being put to sleep indefinitely.
- 31.10.09 CARTER – But Astor—
- 31.10.18 FRASIER (OS OVERLAPPING INTERRUPTING) – If it happens...  
FRASIER (CONT) – he thinks Anise can use what she would learn to save you.
- 31.17.09 DANIEL – Sam.
- 31.19.13 CARTER – Colonel! You have to stop him.
- 31.33.00 DANIEL (OS) – It’s his...  
DANIEL (CONT) – choice.
- 31.35.17 FRASIER (OS) – Sam, please...  
FRASIER (CONT) – I have to do this.
- 31.57.00 TECHNICIAN – Incoming traveler.

32.24.25 DANIEL – Jack’s going through with the procedure and they’re sedating Sam now.

32.28.15 TECHNICIAN (OS FILTERED) – Receiving Tok’ra IDC.

32.32.01 HAMMOND – Open the Iris. Welcome to Earth.

32.59.29 PER’SUS – It’s an important occasion for us all.

33.02.09 HAMMOND – Indeed it is.

33.16.20 CARTER – Janet?

33.46.00 O’NEILL – Right.

#### ACT FIVE

33.57.18 PER’SUS (OS) – I was most impressed by the revisions...

PER’SUS (CONT) – you made to the treaty.

34.00.18 MARTOUF – The credit goes to Dr. Jackson.

34.03.09 PER’SUS – Inspiring document. I only hope both parties can live up to it.

34.10.07 HAMMOND – Dr. Jackson?

34.12.11 DANIEL – Yes. Yes of course.

34.14.26 TECHNICIAN – Sir, Air Force One has just landed.

34.17.19 HAMMOND – It will take fifteen minutes for the President’s motorcade to arrive. If  
you’ll excuse me, I’ll meet him at the surface and then be back soon.

34.31.11 CARTER – Colonel.

34.41.07 CARTER – Sir, there’s no time.

34.46.11 FRASIER – We may have to increase the dose.

34.49.25 CARTER – C-4’s gonna go, you have to get out of here.

34.52.12 O’NEILL – No!

34.55.07 CARTER – The machine is wrong. You don’t understand. We lied. We didn’t even  
know we lied. Please.

35.11.24 FREYA/ANISE – If you are ready, we will begin.

35.19.15 FRASIER – Stop.

35.35.12 O'NEILL – Carter, what's up?

35.38.00 CARTER – Can we have a moment alone, please? Thanks.

35.46.24 O'NEILL – Carter. Undo this thing.

35.48.29 CARTER (OVERLAPPING) – Yeah.

35.51.22 O'NEILL – Ahh. What's goin' on?

35.56.17 CARTER – We're not Zatarcs.

36.00.10 O'NEILL – How do you know?

36.02.10 CARTER – The machine thinks that we have false memories, but we don't. We were  
lying.

36.07.08 O'NEILL – I was lying?

36.08.28 CARTER – Okay. You left something out.

36.11.01 O'NEILL – No I didn't.

- 36.13.08           CARTER – Sir, when you wouldn't leave me...  
CARTER (OS CONT) – are you sure there wasn't something else that you're not  
                          admitting?
- 36.25.03           O'NEILL – What're you talk—  
O'NEILL (OS CONT) –in' about?
- 36.27.17           CARTER – Something neither one of us can admit given our working relationship or  
                          military ranks?
- 36.32.20           O'NEILL – Oh. Oh, well.
- 36.37.00           CARTER (OS) – Sir, we weren't telling the whole truth...  
CARTER (CONT) – and that's why the machine thinks the memories are false.
- 36.44.16           O'NEILL – Really?
- 36.54.26           CARTER – Retest him.
- 37.05.00           HAMMOND – Mr. President.
- 37.06.06           PRESIDENT (OS) – General, nice to see you.
- 37.07.24           HAMMOND (OS) – Good to see you, sir.

37.09.15           FREYA/ANISE – Major Carter was trapped behind the force shield.

37.14.01           O'NEILL – That's right.

37.21.22           CARTER – Sir, there's no time.

37.29.09           O'NEILL – There were sounds.

37.31.00           FREYA/ANISE – You did everything you could.

37.33.18           O'NEILL – Yes.

37.34.25           FREYA/ANISE – You couldn't save her.

37.37.27           O'NEILL – No.

37.38.28           FREYA/ANISE (OS) – But you still could've saved yourself.

37.42.18           O'NEILL – I guess.

37.46.14           CARTER – Sir.

37.47.08           O'NEILL (OS) – I know...

O'NEILL (CONT) – I know.

- 37.49.25           FREYA/ANISE – What happened next?
- 37.54.27           CARTER – Sir, just go.
- 37.56.18           O'NEILL – No!
- 38.14.07           FREYA/ANISE – What were you feeling?
- 38.16.02           O'NEILL – Like someone who was about to die.
- 38.23.08           CARTER – Sir.
- 38.37.17           O'NEILL – I didn't leave because I'd've rather died myself than lose Carter.
- 38.51.23           FREYA/ANISE (OS) – Why?
- 38.53.15           O'NEILL – Because I care about her, a lot more than I'm supposed to.
- 39.07.14           FREYA/ANISE – You are not a Zatarc.
- 39.17.16           CARTER – Now retest me.
- 39.23.13           FREYA/ANISE (OS) – You are also not a Zatarc.

39.27.11 CARTER – Thank you.

39.35.25 O'NEILL – Carter.

39.37.11 CARTER (OS) – Sir...

CARTER (CONT) – None of this has to leave this room.

39.43.13 O'NEILL – We're okay with that?

39.44.20 CARTER – Yessir.

39.49.05 FRASIER (OS) – Alright, so if they're not Zatarc's then they're...

FRASIER (CONT) – no threat to the President.

39.52.29 O'NEILL – Oh, I have some questions for him.

39.54.19 FREYA/ANISE (OS) – Every SGC personnel has been tested...

FREYA/ANISE (CONT) – Even the High Councilor and his personal guard were tested  
on Vorash before they came.

40.02.29 O'NEILL – Hey, what about you? You ever been tested on that thing?

40.06.18 FREYA/ANISE – I have not been in any situations where I would be vulnerable to the  
Goa'uld Zatarc technology.

40.12.23 CARTER – What about Martouf?

40.11.10 DANIEL (OS) - Excuse me...

DANIEL (CONT) - Martouf, can I talk to you outside for a second?

40.54.29 HAMMOND – Supreme High Councilor Per’sus of the Tok’ra, may I introduce the  
President of the United States of America.

41.00.22 DANIEL (OS) – Look out!

41.28.17 CARTER (OS) – Hold your fire.

41.39.15 MARTOUF – Samantha.

41.56.15 O’NEILL – We’re all clear.

42.00.26 HAMMOND – Is everyone okay?...

HAMMOND (OS CONT) – Per’sus?

42.04.07 PER’SUS – Yes. Is the President alright?

42.08.16 HAMMOND – He’s okay, but I’m afraid this man isn’t the President. The real  
President is still waiting for our signal in Air Force One. We had to be absolutely  
sure.

42.18.23            PER'SUS – I see. May that be the last time such a deception is required by either of  
                              us.

42.28.20            FREYA/ANISE – I promise you his death will ultimately prove to be a noble sacrifice.
