TEASER

00.19.11 DANIEL (OS) – Look at this.

ROTHMAN (OS) – I know.

DANIEL (OS) – It's beautiful.

ROTHMAN – Female? Queen.

DANIEL (OS) – I think so. Look at the dorsal structure...

00.29.18 DANIEL (OS CONT) – Uh, SG-11, archaeological survey, uh, P3X888...

00.32.28 DANIEL (CONT) – dig-site four.

ROTHMAN – Five.

DANIEL – Five. Uh, subject Queen. Primordial Goa'uld, as evidenced by the
enlarged pectoral musculature and dorsal structure. This Goa'uld ancestor
appears to have been a—

ROTHMAN (INTERRUPTING) – Cleopatra. Well I found her, I get to name her...

00.47.07 ROTHMAN (OS CONT) – No...

00.48.07 ROTHMAN (CONT) – Cleo.

00.51.03 DANIEL – Cleo, as she has been so colorfully named by Robert Rothman, appears to have been a predator. Not parasitical...

00.57.01 DANIEL (OS CONT) – confirming my theory that the Goa'uld evolved for millions of years, in the prehistoric...

01.00.12 DANIEL (CONT) – oceans of this planet before ever taking on hosts.

ROTHMAN (OS) – Get a...

01.02.24 ROTHMAN (CONT) -sedimentary time-line before we jump to conclusions here, please?

01.06.01 DANIEL – Uh, testing for Naquada levels. Wow. Nothing, not even trace amounts.

ROTHMAN (OS) – We didn't...

01.14.25 ROTHMAN (CONT) – find any Naquada in Brutus or Julius either.

01.17.04 DANIEL – Must become part of the Goa'uld make-up later in their evolution. That's significant.

01.21.01 ROTHMAN – How so?

01.22.00 DANIEL – I have no idea...

01.23.08 DANIEL (CONT) – Uh, let's crate this one...

DANIEL (OS CONT) – Uh, Loder!

01.34.01 ROTHMAN (OS) – Have some.

DANIEL (OS) – No.

01.35.08 ROTHMAN – Go ahead. Hawkins can make a water run. I love ordering those
military types around...

ROTHMAN (OS CONT) – Hawkins?

01.46.13 DANIEL (OS) – Um...

DANIEL (CONT) – Mark this one

01.48.03 DANIEL (OS CONT) – Cleo and, and...

01.49.17 DANIEL (CONT) – Don't ask.

02.34.11 ROTHMAN (OS) – Daniel!

ACT ONE

03.39.15 TECHNICIAN (OS) – Unscheduled off-world activation!...

03.44.07 TECHNICIAN (OS CONT) - It's SG-11, sir.

HAMMOND – Open the Iris.

TECHNICIAN – Yes sir.

03.51.09 CARTER – Daniel's with them, isn't he?

HAMMOND – They're not due to check in for two more days...

04.04.07 HAMMOND (CONT) – Dr. Rothman, what is it? What happened?

ROTHMAN (OS) – Woooh!

O'NEILL – Where's the rest of your team?

04.12.10 ROTHMAN – Loder's dead. Some sort of indigenous life form. It killed Loder...

04.19.01 ROTHMAN (OS CONT) – The rest of my team went after it.

O'NEILL – Daniel?

ROTHMAN (OS) – No, no...

04.21.02 ROTHMAN (CONT) – no. It took Daniel. That's why the others went after it.

04.24.07 CARTER – How long ago?

04.26.15 ROTHMAN – I don't—maybe three hours. I—Daniel was still alive. The thing was
draggin' him.

04.33.13 O'NEILL – You saw it?

04.34.01 ROTHMAN – Just for a second.

04.35.03 O'NEILL – Request permission to lead search and rescue, sir.

04.37.05 ROTHMAN (OS) – If I hadda guess, I'd say...

04.38.19 ROTHMAN (CONT) – it was an Unas.

04.41.25 O'NEILL – A what?

04.43.04 ROTHMAN – It was like that, that thing that you described in your mission report from
Cimeria.

04.48.00 O'NEIL (OS) – Bas--

04.48.08 O'NEILL (OS CONT) --ically we're talking about a Goa'uld...

04.49.14 O'NEILL (CONT) – with teeth and claws, sir.

TEAL'C – Not necessarily, O'Neill.

HAMMOND – What...

04.52.17 HAMMOND (CONT) – do you mean?

CARTER (OS) – Daniel believed that eight--

04.54.01 CARTER (CONT) – eight-eight was the planet from which all Goa'uld symbiotes originated..

04.57.16 TEAL'C – It may be that there are Unas there who have never been taken as hosts.

05.00.10 O'NEILL – We're still talkin' about a big, stinky monster. Makes no difference.

05.04.25 TEAL'C – Indeed it does. These Unas will be far more primitive and lack the regenerative powers of Unas we have previously encountered.

05.10.29 CARTER – So what would a primitive Unas want with Daniel?

05.14.18 O'NEILL – Recommend Units One and Two, P-90s. I also recommend we take off right now, sir.

05.19.24 HAMMOND – You have a go.

O'NEIL (OS) – Thank...

05.20.25 O'NEILL (CONT) - you.

06.13.12 O'NEILL – Alright, listen up. We're pressed for time here so this is gonna have to serve...

06.17.09 O'NEILL (OS CONT) – as your mission briefing...

06.19.10 O'NEILL (CONT) – Daniel Jackson has been dragged off by a creature called an
Unas. This is search and rescue. Any questions?

06.27.23 ROTHMAN (OS) – Uh...

ROTHMAN (CONT) - yes, I have one. When exactly were you gonna tell me when we
were leavin'?

06.33.20 O'NEILL – I wasn't.

06.36.22 ROTHMAN – Oh.

06.38.11 O'NEILL – Move out.

ACT TWO

06.54.05 COBURN (OS) – Stargate is secure, sir.

06.57.22 O'NEILL – Make sure it stays that way, Sergeant.

06.59.12 COBURN – Yes sir.

07.02.13 O'NEILL – Sierra Golf one-one-niner this is Sierra Golf one-niner, come in...

07.08.12 O'NEILL (OS CONT) – Sierra Gulf leader, do you read?

- 07.10.22 CARTER – Sir, the UAV is switched to automatic and is flying a search pattern.
Nothing yet.
- 07.18.04 TEAL'C – Daniel Jackson would have contacted us by radio by now if he were able.
- 07.21.14 CARTER – What about SG-11?
- 07.23.02 O'NEILL – Well they could all be out of range.
- TEAL'C (OS) – The Units would be...
- 07.25.10 TEAL'C (CONT) – incapable of traversing great distances in a short time.
- 07.28.04 O'NEILL – Well, we know they're not here. Teal'c, take point. Pierce, you got our six.
- 07.34.28 PIERCE – Yes sir.
- 07.36.22 O'NEILL – Rothman...
- 07.38.11 O'NEILL (OS CONT) – you're with me.
- 07.56.27 DANIEL (OS) – Okay...
- DANIEL (CONT) – I know it seems completely unlikely that you understand a word I'm
saying but, uh, I've gone about as far as I can go at this particular pace, so with
your permission, I'm gonna fall down now...
- 08.12.02 DANIEL (OS CONT) – Rest...
- 08.13.17 DANIEL (CONT) – This is, uh, a thing you should become familiar with. Rest...

08.19.07 DANIEL (OS CONT) – It means, uh...

08.21.10 DANIEL (CONT) – Rest.

08.22.10 CHAKA – (growls)

08.25.18 DANIEL – Close. Try again. Uh. Grrrest...

08.34.15 DANIEL (OS CONT) - This...

08.36.16 DANIEL (OS CONT) – This is uh...
DANIEL (CONT) – nothing that...

08.39.26 DANIEL (OS CONT) – you need to be worried about. This is a...

08.42.25 DANIEL (CONT) – radio. It’s, uh, so my friends can find me and shoot you. Uh, this is

09.10.27 DANIEL (OS CONT) – I mean you must be intelligent, I mean...

09.12.23 DANIEL (CONT) – you made that necklace...

09.16.12 DANIEL (OS CONT) – and...

09.18.00 DANIEL (CONT) – those clothes.

09.21.04 CHAKA – (growls)

09.21.25 DANIEL - Oh yeah, yeah. That was refreshing. Thank you. Uh, I'm good for another ten miles.

09.32.07 CARTER – Sir?

O'NEILL – Yeah?

CARTER – Fairly strong RDF signal. It's gone now, not long enough to triangulate.

ROTHMAN (OS) – So what, what, what, what does that mean?

CARTER (OS) – Daniel may have tried to use...

CARTER (CONT) – his radio.

GRIFF – It could be SG-11.

CARTER – UAV picked up something. I can't explain why it died out.

O'NEILL – Alright, let's pick it up.

10.14.12 DANIEL – Yes. Rest. This is, uh, this is good, this is rest.

- 10.40.28 DANIEL – This some sort of meditation or...?
- 11.11.12 DANIEL – This is Doctor Daniel Jackson. Uh, in case anybody finds this, I met a wonderful new friend...
- 11.21.01 DANIEL (OS CONT) – and he’s taken me on a long journey to see his planet.
- CHAKA – (growls)
- 11.25.26 DANIEL (CONT) – I’m just making notes. At the moment my main concern is that my new friend is an aboriginal Unas...
- 11.39.23 DANIEL (OS CONT) – in it’s un-Goa’ulded state and...
- 11.42.26 DANIEL (CONT) – and I’m the evening meal. It, uh, rather, he appears to have an underdeveloped...
- 11.54.18 DANIEL (OS CONT) – chin and facial horns, uh, which indicate he...
- 11.58.14 DANIEL (CONT) – could be, uh, subspecies, possibly...
- 12.01.01 DANIEL (OS CONT) – a juvenile.
- 12.08.22 CHAKA – (growls)
- 12.12.26 DANIEL (CONT) - Shut up?
- 12.13.27 CHAKA – (grunts)
- 12.15.15 DANIEL - I understood that. We’re communicating. Chaka. Chaka. Is that what you call yourself?...

12.44.19 DANIEL (OS CONT) – Chaka...

12.46.25 DANIEL (CONT) – Daniel...

12.48.21 DANIEL (OS CONT) – I’m Daniel...

12.51.07 DANIEL (CONT) – Chaka’s something else? Chaka is the moon?...

13.02.07 DANIEL (OS CONT) – This is some sort of...

13.02.29 DANIEL (CONT) – moon chant? The moon’s coming into alignment.

13.08.28 CHAKA – (growls)

13.13.27 DANIEL - Moon chant. What was I thinking?

13.18.04 CHAKA – Sheshesh. Shesh!

DANIEL (OS) – Shesh. Shesh. What is that?

CHAKA – Cha--

13.51.23 DANIEL (CONT) – It won't hurt you.

14.09.14 O'NEILL (OS) - Sierra Golf one-one-niner, this is Sierra Golf one-niner. Come in.

We're somewhere on your six, joining the search. Do you read?...

O'NEILL (CONT) – Where's the hell's Hawkins?

CARTER – UAV will have run out of fuel by now.

ROTHMAN – Maybe an Unas got 'em.

14.37.27 DANIEL (OS) – Hey...

DANIEL (CONT) – Water. Need water.

17.12.15 CHAKA – Ke ka...

17.17.25 CHAKA (OS CONT) – Ke ka...

17.20.02 CHAKA (CONT) – Ke ka.

17.31.24 DANIEL (CONT) – Danger?

17.32.12 CHAKA – (growls)

17.40.04 DANIEL - Okay, Ka means no.

17.42.00 CHAKA – (growls)

17.47.26 DANIEL - Right. I won't do that again.

ACT THREE

17.54.10 ROTHMAN (OS) – Loder was killed over there.

18.10.27 TEAL'C – He appears to have been killed by a being of great strength.

18.16.09 O'NEILL – What was Loder doing?

ROTHMAN – Packing up fossilized Goa'uld for transport back to Earth.

- 18.23.04 O'NEILL (OS) – You guys weren't doing anything that would've provoked an attack?
- 18.26.18 ROTHMAN – I, I, I don't know.
- 18.29.09 O'NEILL (OS) – You know, Rothman, I'm...
- 18.30.06 O'NEILL (CONT) – so glad you came.

- 18.46.27 TEAL'C (CONT) – The stride, width and shape of these footprints appears to be
consistent with that of an Unas.

- 18.52.14 TEAL'C – Indeed.
- 18.53.11 PIERCE (OS) – Colonel O'Neill...

19.58.12 O'NEILL – Let's move out.

20.23.05 CARTER (OS) – Sir...
CARTER (CONT) – I think we should rest.

22.49.25 DANIEL (CONT) – very, very popular.

CHAKA (OS) – Nan.

DANIEL – Very, very interesting...

22.54.08 DANIEL (CONT) – Yes, all the kids are doing this. Uh oh, look out. In the fire. But.

24.19.18 CHAKA – Urrghghghg.

24.22.05 DANIEL – It's uh, it's funny. I met my father-in-law like this.

CHAKA – Unnnn.

DANIEL – Yeah. It uh...

24.50.03 O'NEILL – Rothman.

ROTHMAN (OS) - Unnn. What?...

24.59.10 ROTHMAN (CONT) – Colonel?

25.01.16 O’NEILL – You notice anything weird about Hawkins?

25.05.05 ROTHMAN – Weird?

25.06.06 O’NEILL – Different.

25.08.07 ROTHMAN – Different.

25.09.08 O’NEILL – Odd.

25.11.24 ROTHMAN – Odd?

25.12.12 O’NEILL – Rothman!

25.13.18 ROTHMAN – Well I’m still not awake yet, Colonel. I’m sorry.

O’NEILL (OS) – Well you work with him...

25.18.12 O’NEILL (CONT) – Just tell me if you notice anything out of the ordinary.

25.29.23 ROTHMAN (OS) – He seems like...

25.31.26 ROTHMAN (CONT) – Hawkins. I, I, that’s the way he is.

- 25.35.11 O'NEILL – You sure?
- 25.36.25 ROTHMAN – No. It's not my thing.
- 25.40.17 O'NEILL – What isn't?
- 25.41.19 ROTHMAN – People. I mean you give me a million-year-old fossil and I'll tell you what it had for breakfast but I, I'm not too good at people. They're too recent.
- 26.10.09 DANIEL – I'm in a cave...
- 26.13.04 DANIEL (OS CONT) – There are crude drawings. Pictographs. The Unas seems to have comprehension of Goa'uld symbiote species structure as well as their ability to blend...
- 26.23.22 DANIEL (OS CONT) - Obviously the Unas who were taken over must have figured out how to work the...
- DANIEL (CONT) - Stargate and left, but why not all of them?...
- 26.34.11 DANIEL (CONT) – This Unas wears a, a strange, bony neck piece...

- 26.41.26 DANIEL (CONT) – safeguard to protect against symbiotes penetrating the neck...
- 26.53.09 DANIEL (CONT) – Some of the aboriginal Unas must have realized their kind were being taken over and, and taken refuge in these caves...
- 27.14.25 DANIEL (CONT) – This is a rite of passage. There are parallels in Earth culture, um, for example the Masai warriors of Africa kill lions in order to be recognized as adult warriors...

27.31.00 DANIEL (CONT) – I think I understand what it is you're doing.

27.36.08 CHAKA – Wok Tah.

27.39.27 DANIEL (OS) – Agghhhhh...

27.46.06 DANIEL (CONT) – Ke ka...

28.13.23 DANIEL (CONT) – I think I've just been marked for death.

ACT FOUR

28.23.23 CARTER (OS) - Teal'c! We're movin' out.

28.52.21 TEAL'C – Come no closer.

28.53.24 O'NEILL (OS) – What was that?

28.55.26 TEAL'C – Lower your weapons.

28.58.02 O'NEILL – What?

29.01.21 TEAL'C – One or more of you may have become host to a Goa'uld during your watch.

29.09.20 CARTER - Teal'c, that doesn't make any sense. I don't sense—

TEAL'C (OS INTERRUPTING OVERLAPPING) – Since you yourself may have...

29.12.03 TEAL'C (CONT) – been compromised.

29.14.16 O'NEILL – Well what makes you think there are Goa'uld around here?

29.16.20 TEAL'C – These waters abound with them...

29.20.04 TEAL'C (OS CONT) – Anyone who has ventured near the edge...

29.21.06 TEAL'C (CONT) – has put themselves at risk.

ROTHMAN (OS) – No, the...

29.22.24 ROTHMAN (CONT) - Goa'uld fossils we found were millions of years old. I've been
 on this planet for weeks.

TEAL'C (OS) – Then...

29.26.25 TEAL'C (CONT) – perhaps you maintain the pretense of being human.

29.30.00 ROTHMAN – I think I would know if there was a snake in my head.

29.34.19 O'NEILL – Carter?

29.36.09 CARTER – I can't explain it, sir. I don't even sense the ones that are in the water.

29.39.19 ROTHMAN – Daniel and I found no traces of Naquadah in the symbiote fossil. Maybe
 that's why—

TEAL'C (OS INTERRUPTING) – Enough...

- 29.44.25 TEAL'C (CONT) – Relinquish your weapons immediately.
- GRIFF (OS) – Hold on...
- 29.47.03 GRIFF (CONT) – How do we know you're not one of them?
- 29.49.01 CARTER – Symbiotes can't blend with a Jaffa.
- 29.51.04 GRIFF – Yeah? Well look at my neck. Do you see a scar?
- TEAL'C (OS) – The...
- 29.53.20 TEAL'C (CONT) - Goa'uld may enter through the mouth, leaving no visible scar...
- 29.57.01 TEAL'C (OS CONT) – Therefore it may be im--
- 29.57.24 TEAL'C (CONT) –possible to tell who among you has been taken and who has not.
- 30.01.28 CARTER (OS) – Sir, Teal'c is right...
- 30.03.08 CARTER (CONT) – He's the only one we can be sure of, including you and me.
- 31.13.25 O'NEILL – Do as he says.
- 30.31.03 CARTER – What about Daniel?
- 30.32.04 TEAL'C – None of you can be trusted to proceed.
- 30.34.10 GRIFF (OS) – Do you think you can bring D--

30.35.05 GRIFF (CONT) – aniel back alone?

TEAL'C (OS) – I do...

30.37.12 TEAL'C (CONT) – And I will. Sergeant Coburn.

30.43.23 COBURN – Coburn.

TEAL'C (OS FILTERED) – One or more of our team may have...

30.45.11 TEAL'C (OS CONT FILTERED) – been compromised by a Goa'uld parasite.

30.48.23 COBURN – How many?

TEAL'C (OS FILTERED) – That may be impossible to determine until we return with
them to Earth...

30.52.18 TEAL'C (CONT) – I intend to restrain them at this location...

30.54.23 TEAL'C (OS CONT) – to proceed alone

O'NEILL – What?

TEAL'C (OS) – I will leave this...

30.56.14 TEAL'C (OS CONT) – frequency open so that you may locate them...

30.58.01 TEAL'C (OS CONT) – and return to the SGC...
