00.15.08 HAMMOND (OS)- Report.

00.16.00 TECHNICIAN- It's SG-1, sir. They're under fire.

00.22.25 HAMMOND- Colonel O'Neill, this is General Hammond. Report status.

00.25.14 O'NEILL (VO FILTERED THRU RADIO)- We're pinned down. Carter was able to dial
the gate. We're trying to get clear to come through.

00.32.25 HAMMOND- Open the iris. Evacuate the gate room! Colonel O'Neill, we're taking fire.
Report. Colonel O'Neill?

00.59.15 TECHNICIAN (OS) Sir?

01.02.09 HAMMOND- Give them some more time.

01.26.20 O'NEILL (OS)-So, essentially...

O'NEILL (CONT) we were ambushed on the way back to the gate.

01.31.16 CARTER- We almost didn't make it out.

01.33.04 HAMMOND- If you delayed much longer, you wouldn't have. I was about to close the iris.

01.36.22 O'NEILL-Well, considering the SGC was taking fire, I'm kinda glad you waited as long as you did, sir.

01.42.22 HAMMOND- Strictly speaking, if I had followed procedure, you'd all be dead right now.

01.47.28 CARTER (OS)- Well, sir...

CARTER (CONT)- every time we go through the Stargate, it's a calculated risk.

01.51.02 HAMMOND- I realize that, Major. But frankly, I'm getting tired of sending good people out there never knowing if they're going to come back. I've had enough.

02.03.20 JACKSON- I'm sorry, sir, what are you saying?

02.07.03 HAMMOND- I wanted you all to be the first to know. Effective immediately, I'm stepping down as commander of the SGC.

OPENING CREDITS

ACT ONE

03.34.25 HAMMOND (OS)- Come to see me off, Colonel?

03.37.17 O'NEILL- Nope. I've come to talk you out of this.

03.41.10 HAMMOND- Thank you. You can finish later.

03.42.24 AIDE- Yes, sir.

03.48.20 HAMMOND (OS)-Jack, weren't you there for my good-bye speech?

03.52.14 O'NEILL-Yes, I was. Of course. You know that. And it was lovely, General.

O'NEILL (OS CONT) But do you really think I believe...

O'NEILL (CONT)- you're quitting because we ran into a little trouble out there? Hell,
we've been presumed dead before.

04.08.25 HAMMOND- I don't have to explain myself to you, Colonel.

04.13.11 O'NEILL-No, sir, you don't. You're my commanding officer. But could you throw me a
bone?

- 04.18.28 HAMMOND- Jack, this has been a long time coming. I'm asking you to respect my
 decision and accept it.
- HAMMOND (OS CONT)- When I took over this command, the Stargate was inactive.
- HAMMOND (CONT)- This was supposed to be a quick and easy assignment on my
 way to retiring.
- 04.31.13 O'NEILL-General, may I remind you that I was retired?
- O'NEILL (OS CONT)- Some things are worth...
- O'NEILL (CONT)- changing your plans for.
- 04.40.09 HAMMOND- I've had enough. Let me just say it's been a pleasure serving with all of
 you.
- 04.57.09 CARTER- We'll miss you, sir.
- 05.06.04 JACKSON- It won't be the same without you, sir.
- 05.13.19 TEAL'C (OS)- On Chulak, when...
- TEAL'C (CONT)- a great warrior retires from the field of battle, it is customary to sing a
 song of lament. Fortunately, we are not on Chulak.
- 05.30.23 HAMMOND- Take care of yourselves.
- 05.45.04 CARTER (OS)- So what do we know about this new guy?

05.47.27 O'NEILL-Not much.

05.49.09 JACKSON- Let's hope he's not some spit and polish, brass tacks...

05.52.03 O'NEILL-Hard ass?

05.53.18 JACKSON- I was building up to that.

05.54.18 O'NEILL-Ten hut!

06.01.20 BAUER- My name is Major General Bauer. I'll be your new commanding officer. I'd
just like to say I look forward to working with all of you. Thank you.

06.23.10 O'NEILL- Squadron at ease. Always leave them wanting more, I guess.

06.35.24 JACKSON- I don't know. I guess I just was expecting something a little more inspiring.

06.39.13 CARTER- I guess when you spend that much time at the Pentagon, it's easy to
become a bureaucrat.

06.42.24 BAUER (OS)- Or a politician.
BAUER (CONT)- Depends on where your interests lie.

06.49.10 CARTER- General...

- 06.49.26 BAUER (OS)- At ease, Major Carter. At ease.
BAUER (CONT)- I've been going over your...
BAUER (OS CONT)- research into naquadah...
BAUER (CONT)- reactors. Very impressive.
- 07.00.05 CARTER- Well, large scale application is mostly theoretical right now. But the mineral
 does show incredible potential as an alternative power source.
- 07.06.27 BAUER- It also demonstrates some interesting properties when used in conjunction
 with nuclear ordinance.
- 07.13.25 CARTER- Well, it does tend to increase the explosive effect, yes sir.
- 07.18.22 BAUER-The Pentagon feels that the Stargate project, while exposing Earth to
 considerable danger, has yet to produce any practical returns.
BAUER (OS CONT)- Now, we've been working on a device designed specifically to
 take advantage of this...
BAUER (CONT)- naquadah enhancing effect. I'd like you to take part in the operation.
- 07.36.05 CARTER- What about my duties with SG-1?
- 07.37.27 BAUER-You've been reassigned.
- 07.39.10 JACKSON- What?

- 07.40.21 BAUER-As have you, Dr. Jackson. As archeologist has no place on a front line unit.
 From now on, you'll work as a consultant going off-world only as required.
- 07.48.28 CARTER- But, General Bauer...
- 07.49.24 BAUER (OS)- The decision...
 BAUER (CONT)- has been made, Major. Now I suggest you get to work.
- 08.10.13 BAUER (OS)- Come.
 BAUER (CONT)- Colonel, O'Neill.
- 08.16.08 O'NEILL-General.
- 08.18.04 BAUER-Thank you, Captain. I've just been going through your mission reports.
- 08.27.20 O'NEILL-Yes, sir.
- 08.28.16 BAUER (OS)- They're satisfactory, although in the future, you might want to include...
 BAUER (CONT)- bullet-point summaries with each section. Makes for an easier read.
- 08.38.21 O'NEILL- Bullet-point summaries?
- 08.41.23 BAUER-Is there a problem with that?

- 08.45.08 O'NEILL- General, I realize the format of my reports is of vital importance, and, if you like, someday we can get together and talk about fonts...
- O'NEILL (OS CONT)- and margins. But right now I'd like to discuss...
- O'NEILL (CONT)- the fact that you're dismantling my team without discussion.
- 09.01.06 BAUER-General Hammond may have allowed you a certain latitude in his presence, Colonel, but you'd do well to watch your tone with me.
- 09.10.12 O'NEILL-You know, General Hammond kept us together for a reason.
- O'NEILL (OS CONT)- The fact is, if it wasn't for SG-1...
- O'NEILL (CONT)- right now, you'd be sitting there with a snake in your head, instead of your head up your ass.
- 09.21.00 BAUER-Colonel! No one around here is above reproach.
- BAUER (OS CONT)- If it continues, your long history of insubordination...
- BAUER (CONT)- will come to a swift and completely unspectacular end under my command. That I can assure you. Now I suggest you take some time to think things over.
- BAUER (OS CONT)- Decide if you still want to be a part of this operation.
- BAUER (CONT)- Dismissed, Colonel.
- 10.17.07 HAMMOND (OS)- Hello, Jack. Come on in.
- 10.19.11 O'NEILL-General. Good to see you're keeping busy.

10.26.14

HAMMOND- Have a seat.

HAMMOND (OS CONT)- What are you doing?

10.31.28

O'NEILL- I'm taking a little vacation.

10.34.22

HAMMOND- Didn't you just...

HAMMOND (OS CONT)- take some time off?

10.36.27

O'NEILL- Yeah, this one wasn't by choice.

10.40.23

HAMMOND- Not everyone is going to be as patient with you as I was.

10.47.11

O'NEILL-That's why I'm here, sir.

10.50.18

HAMMOND- Bit of a rough adjustment?

10.52.08

O'NEILL-Oh, no. No, everything's fine. Um, SG-1's been dismantled.

O'NEILL (OS CONT)- Ah, Daniel's got a desk job...

O'NEILL (CONT)- Teal'c's with SG-3 and Carter's working on some kind of doomsday machine. You know, same old same old.

11.07.00

HAMMOND- Are you serious?

11.08.10 O'NEILL (OS) For once.

O'NEILL (CONT)- Yes.

11.11.22 HAMMOND- It's just going to take some time to get used to the man. I'm sure he's
very competent.

11.15.18 O'NEILL- Oh, come on, General. I've never met anyone who liked doing what they do
more than you. And you were good at it. Great. You'll never convince me you
just got fed up. I'll never buy that.

11.30.16 HAMMOND- I'm sorry. It's out of my hands, Jack.

11.35.23 O'NEILL- What does that mean?

11.37.07 HAMMOND- I can't discuss it.

11.40.25 O'NEILL- General?

11.45.02 HAMMOND- You don't understand.

11.47.09 O'NEILL- And I won't unless you explain it to me.

11.57.19 HAMMOND- Two weeks ago, I was contacted by a representative of the N.I.D. He
suggested I should become more aggressive in my policies.

12.06.17 O'NEILL-They have no jurisdiction over you.

12.08.10 HAMMOND (OS)- They wanted me to help them gain access to...

HAMMOND (CONT)- off-world technology, which they're unable to do since we shut
down their little side operation.

12.15.20 O'NEILL- You told them to go to hell.

12.17.13 HAMMOND (OS)- Of course. And then he told me that...

HAMMOND (CONT)- that if I didn't cooperate, there would be consequences.

HAMMOND (OS CONT)- The next day, two men in plain clothes...

HAMMOND (CONT)- driving a black, unmarked car picked up my granddaughters at
school.

12.32.21 O'NEILL- I don't believe it.

12.33.23 HAMMOND (OS)- They took them for a little ride...

HAMMOND (CONT)- then brought them home. The girls were fine, but I got the
message.

HAMMOND (OS CONT)- We're talking about an organization...

HAMMOND (CONT)- as powerful as the CIA. These people are above the law. I can't
protect my family twenty-four hours a day. I had no choice.

12.53.09 O'NEILL-Of course not.

12.59.11 HAMMOND- Don't get yourself into trouble over this, Jack.

13.06.12 O'NEILL-You know me, sir.

13.35.20 MAYBOURNE- Jack O'Neill. What a pleasant surprise.

END OF ACT ONE

ACT TWO

13.55.09 BAUER- At ease. How are things progressing, Major?

13.59.24 CARTER- Well, the hardware's almost ready. But the problem is the ratio of naquadah
to lithium hydride.

CARTER (OS CONT)- According to my calculations...

CARTER (CONT)- we don't have enough weapons-grade material to complete the
bomb.

14.09.27 BAUER- Then we'll just have to get some more.

14.11.15 CARTER (OS)- Sir, we're talking about...

CARTER (CONT)- refined naquadah. It's extremely rare.

14.14.25 BAUER- Not on P3S-452.

- 14.17.15 CARTER- General, that planet is a Goa'uld stronghold.
- 14.20.00 BAUER (OS)- I realize that.
BAUER (CONT)- But I'm confident a well-armed strike force can get the job done.
- 14.32.04 MAYBOURNE- Nice of you to come by. I don't get a lot of visitors.
- 14.36.07 O'NEILL- I find that hard to believe.
- 14.38.03 MAYBOURNE- In my line of work, people don't exactly stick by you through thick and thin. Most of my associates are busy trying to forget that they ever knew me.
- 14.48.05 O'NEILL- Your former associates are why I'm here. They're causing some problems for a friend of mine.
- 14.56.21 MAYBOURNE- General Hammond.
- 14.59.10 O'NEILL- What do you know?
- 15.01.12 MAYBOURNE- Why should I tell you?
- 15.03.09 O'NEILL- Because I can help you.
- 15.05.18 MAYBOURNE- I've been convicted of treason. What can you do?

- 15.10.03 O'NEILL- Air Force One and I go way back.
- 15.16.10 MAYBOURNE- I suppose I'll have to trust you.
- 15.18.10 O'NEILL- I wasn't going to say it.
- 15.20.14 MAYBOURNE- It's really very simple. When you shut down the off-world operation
with the second gate, you cut off the N.I.D.'s access to alien technology.
- 15.29.01 O'NEILL- That's when they sent you to work for the Russians.
- 15.31.02 MAYBOURNE- The Pentagon forced the Russians to deep-six their gate in exchange
for continued sharing of information and technology.
- 15.37.19 O'NEILL- We have the only operational gate.
- 15.39.16 MAYBOURNE (OS)- Exactly.
MAYBOURNE (CONT)- The N.I.D. thinks Hammond and the policies that govern the
Stargate program are too soft.
- 15.46.09 O'NEILL- So this Bauer guy is part of it?

15.49.06 MAYBOURNE- Truth is, I don't know. I've been out of the loop for a little while. But it's possible he's just a patsy, unwittingly maneuvered into position because he's got the right mentality.

16.01.23 O'NEILL- All sounds so cloak and daggery.

16.04.08 MAYBOURNE- You're a special-ops, Colonel Jack. Why do you always pretend to smell like roses?

16.09.00 O'NEILL- Hey! I never threatened a two-star General by kidnapping his grandkids.

16.14.02 MAYBOURNE- Don't pretend to be so naïve, either.

16.22.03 O'NEILL- How do I get them to back off?

16.24.09 MAYBOURNE- You really want to play in my sandbox, Jack?

16.27.09 O'NEILL- Tell me what I have to do.

16.29.00 MAYBOURNE- Quid pro quo, Jack.

16.33.25 O'NEILL- You're facing the death penalty. The best I can do is put in a good word. Maybe recommend they commute your sentence to life.

- 17.56.23 TEAL'C- Dead.
- 17.58.20 BAUER- What happened?
- 18.00.03 TEAL'C (OS)- We encountered heavy resistance.
TEAL'C (CONT)- Lieutenant Morrison was providing cover fire.
- 18.03.08 BAUER (OS)- What about...
BAUER (CONT)- the naquadah?
- 18.05.25 TEAL'C- I believe I secured a sufficient amount.
- 18.08.07 BAUER- Excellent. You can give me your full briefing later.
- 18.14.08 MEDIC (OS)- We stopped the bleeding. Let's get him to the infirmary.
- 18.34.04 O'NEILL- Have you heard of Ikea?
- 18.36.12 MAYBOURNE- You oughta feel privileged, Jack. No one, not even the N.I.D., knows
 about this place.
- 18.44.21 O'NEILL- Charles Bliss?

- 18.47.02 MAYBOURNE (OS)- Now you know one of...
MAYBOURNE (CONT)- a hundred names I go by.
- 18.52.23 O'NEILL (OS)- Oh, I see you're on that famous beer and mustard diet. How's that
working out for you? No thanks.
- 19.09.08 MAYBOURNE (OS) If anyone tries to boot the computer up...
MAYBOURNE (CONT)- without this disc, the whole thing fries.
- 19.21.18 O'NEILL- What are you doing?
- 19.23.01 MAYBOURNE- Accessing N.I.D. files on the Internet.
- 19.26.15 O'NEILL- On the Internet?
- 19.28.01 MAYBOURNE- The organization is made up of cells. They communicate with each
other by accessing bulletin boards on-line. Information is deposited on any
number of firewall-protected floating servers, then accessed using decoding
software and passwords.
- 19.42.09 O'NEILL (OS)- Yadda yadda. Blah blah.
O'NEILL (CONT)- Why did we have to come here to do this?

- 20.45.12 BAUER- Major, the whole point of the experiment is to determine how destructive the device will be. Request denied.
- 20.56.14 CARTER- But, sir?
- 20.57.15 BAUER- Proceed with the preparations.
- 21.00.24 CARTER- Yes, sir.
- 21.03.24 MAYBOURNE- Jack, once you get the information that links the key names to the N.I.D., what are you going to do with it?
- 21.11.10 O'NEILL- What do you think?
- 21.12.25 MAYBOURNE- I think you're gonna turn it over to the Pentagon and hope that the proper chain of command leads to justice.
- 21.20.21 O'NEILL- You trying to say something to me, Harry?
- 21.23.20 MAYBOURNE- You can't take down the entire N.I.D. And they'll kill you for trying.
- 21.29.12 O'NEILL- That wouldn't be very nice.

21.31.02 MAYBOURNE (OS)- But you might be able to hold the incriminating...
MAYBOURNE (CONT)- evidence over them and get Hammond reinstated.

21.38.17 O'NEILL- So I should sit on this?

21.40.21 MAYBOURNE- It's your play. Damn!

21.55.15 O'NEILL- I thought you said nobody knew about this place.

22.00.00 MAYBOURNE- They've probably been tracing me since I went on-line.

22.03.15 O'NEILL- You got a way out of here?

22.05.00 MAYBOURNE- Just give me a second.

22.06.20 O'NEILL- What are you doing?

22.08.17 MAYBOURNE- Burning the hard drive.

22.55.25 MAYBOURNE- Nice!

22.58.12 O'NEILL- Nice try to you.

END OF ACT TWO

ACT THREE

23.08.04 CARTER- We're ready, sir.

23.13.29 BAUER- First observation MALP is in position. Prepare to send the bomb through.

23.21.19 CARTER- Seal it up.

23.26.23 O'NEILL- Yeah, Daniel...

O'NEILL (CONT)- How are things at camp?

23.29.09 JACKSON- Um, not good. General Bauer's testing his new naquadah bomb. He's taking short cuts which Sam thinks could be disastrous.

23.38.20 O'NEILL- Well, Maybourne claims he doesn't know whether Bauer's in with N.I.D., or just a gung-ho patsy.

23.44.15 JACKSON- Yeah, well, either way, he's dangerous.

23.26.08 O'NEILL- Well, hang in there and do what you can. I'll check back.

23.57.07 MAYBOURNE (OS)- You want one?

24.00.08 O'NEILL- No. You know, there's still something about you that puts me off my feet.

- 24.04.12 MAYBOURNE (OS)- I know you've got a...
MAYBOURNE (CONT)- strong stomach, Jack. I read your file.
- 24.09.04 O'NEILL- Now what does that have to do with anything?
- 24.11.22 MAYBOURNE- You want to help General Hammond, you're going to have to get your
 hands dirty. I need to know you're willing to see this thing through.
- 24.18.02 O'NEILL- Under no other circumstances would I sit here and watch you eat.
- 24.21.24 MAYBOURNE- Yeah, well, things are about to get a lot more dicey. They're on to us.
 Our only chance now is a more direct approach.
- 24.30.04 O'NEILL- Such as?
- 24.31.03 MAYBOURNE- We have to connect someone with significant influence to the on-line
 website. The only way to do that now is straight through one of the high profile
 associates.
- 24.40.13 O'NEILL- Who are we talking about here?
- 24.42.14 MAYBOURNE- An old friend.
- 24.52.22 SILER- Fifteen minutes to target locations.

24.58.08 JACKSON- We have to stop the test.

25.01.02 BAUER- Why is that, Doctor?

25.02.05 JACKSON (OS)- The aerial survey shows evidence...

JACKSON (CONT)- of an old Goa'uld mining operation. Now even though it's probably been shut down for several thousand years, there could still be significant amounts of naquadah present on the planet.

25.10.15 BAUER (OS)- Our soil samples...

BAUER (CONT)- indicate only minute traces.

25.13.12 CARTER- The geological survey I read said there was none.

25.16.09 BAUER- We're not stopping the test.

25.18.08 CARTER (OS)- I don't think you realize...

CARTER (CONT)- the implications of this. Or maybe you do.

25.17.22 BAUER- Are you making an accusation, Major?

25.30.02 CARTER- You knew all along, didn't you? You were hoping for a chain reaction with the naquadah in the soil. Sir, that entire planet could be destroyed.

- 25.40.04 BAUER-The possibility has been considered. Most of the worlds occupied by the Goa'uld do have a high incidence of naquadah. This could be a very effective weapon against them.
- 25.51.18 CARTER (OS)- There's only one problem, sir.
CARTER (CONT)- When that bomb goes off, we'll still be connected to that planet by an active Stargate. And we've seen radiation, gravitational effects, even time distortion translated back through an outgoing wormhole.
- 26.03.07 BAUER- According to my intelligence, we should be able to get just enough data before the Stargate is destroyed and the wormhole disconnected.
- 26.09.20 CARTER- Who provided this intelligence?
- 26.12.00 BAUER- That is not your concern.
- 26.13.14 CARTER (OS)- Sir...
CARTER (CONT)- we've seen the Stargate survive a direct hit from a meteorite. The truth is we have no way of knowing what might happen.
- 26.19.26 BAUER (OS)- A risk assessment has been...
BAUER (CONT)- made. It was deemed acceptable. End of discussion.
- 26.38.08 O'NEILL- How long you known the guy?

- 26.40.13 MAYBOURNE- We go way back.
MAYBOURNE (OS CONT)- Looks like a party.
- 26.59.04 MAID- Yes?
- 27.00.02 MAYBOURNE (OS)- Would you please tell the Senator...
MAYBOURNE (CONT)- that Colonel Maybourne and Colonel O'Neill would like to see
 him.
- 27.04.24 MAID- He has guests.
- 27.06.08 MAYBOURNE- Tell him he has two more.
- 27.11.11 KINSEY- What the hell are you doing here?
- 27.12.24 MAYBOURNE (OS)- Our invitations must have got...
MAYBOURNE (CONT)- lost in the mail.
- 27.16.25 KINSEY- This is not a good time.
- 27.18.16 KINSEY'S WIFE- Who is it?
- 27.19.20 KINSEY- Ah, a couple of old friends.

27.21.15 O'NEILL (OS)- Afternoon, ma'am.
O'NEILL (CONT)- I'm Mr. Starsky. This is Hutch.

27.26.17 KINSEY'S WIFE- Well, come in. Come in.
KINSEY'S WIFE (OS CONT)- We're just having a...
KINSEY'S WIFE (CONT)- little get together. Oscar, down.

27.49.11 O'NEILL- It's all right.

27.52.26 KINSEY'S WIFE- He seems to like you, Mr. Starsky.

27.55.01 O'NEILL- Birds of a feather, ma'am.

27.57.04 KINSEY- Dear, Starsky and Hutch is an old TV show.

28.01.00 KINSEY'S WIFE- Oh! You're actors then?

28.06.22 KINSEY (OS)- Ah, maybe we better...
KINSEY (CONT)- go up to my study? This won't take long.

28.25.12 SILER- The weapon is in position.

28.42.26 JACKSON- What happened?

- 28.44.02 SILER- We've lost transmission.
- 28.46.03 CARTER (OS) The observation MALP...
CARTER (CONT)- was destroyed.
- 28.50.20 TEAL'C- The wormhole did not disconnect.
- 28.53.06 TECHNICIAN- Sir, I'm picking up increasing levels of radiation in the gate room.
- 28.58.13 CARTER- They're gamma rays. Ultra high frequency.
- 29.01.00 BAUER- Shut down the gate.
- 29.05.14 TECHNICIAN- No response.
TECHNICIAN (OS CONT)- Radiation levels approaching critical.
- 29.09.10 CARTER- Close the iris.
- 29.15.16 TECHNICIAN- Radiation levels decreasing.
- 29.17.09 CARTER (OS)- Sir, if that iris succumbs to the heat and loses integrity, there will be...
CARTER (CONT)- no way to stop the radiation from bombarding the base. We have
to evacuate.

29.25.01 BAUER- We were positive the other gate would be destroyed.

29.27.10 CARTER (OS)- Sir...

CARTER (CONT)- we have to act now! Attention all personnel. By order of General

Bauer, commence immediate evacuation of the base. Repeat: immediate...

CARTER (OS CONT)- evacuation. This is not a drill.

CARTER (CONT)- We can monitor the gate from a security station on level 16.

29.53.08 BAUER- What's going to happen, Major?

29.54.21 CARTER- I have no way of knowing that, sir.

29.59.15 JACKSON- I guess your risk assessment didn't cover this.

END OF ACT THREE

ACT FOUR

30.12.15 KINSEY- Gentleman, I have the Under secretary of State...

KINSEY (OS CONT)- the Governor of Maryland, and half the United States congress
waiting for me...

KINSEY (CONT)- in my living room, so let's make this quick.

KINSEY (OS CONT)- What in God's name could I possibly do for you?

- 30.25.14 O'NEILL- We need some information on the N.I.D.
- 30.28.28 KINSEY- The N.I.D.?
- 30.31.22 O'NEILL- Snaky government agency involved in all sorts of illegal covert operations.
Like blackmailing Air Force Generals.
- 30.42.22 KINSEY- You are making less and less sense to me as the seconds are passing
away, along with my patience.
- 30.49.02 MAYBOURNE- Don't tell me you're not aware of all the money they funneled into your
re-election campaign.
- 30.53.09 KINSEY (OS)- If you have a problem with my campaign finances...
KINSEY (CONT)- why don't you take it up with the Federal Elections Commission.
- 30.58.10 MAYBOURNE- That's just the tip of the iceberg.
- 31.00.05 KINSEY- And aren't you supposed to be in a federal prison, Colonel?
- 31.03.07 MAYBOURNE- Colonel O'Neill graciously asked the President to help me dig up some
information about my former associates.
- 31.11.10 KINSEY- And you trust this man?

- 31.15.23 O'NEILL- No.
- 31.17.28 KINSEY- I'm sorry, gentlemen, but this conversation has lost all amusement for me. I
have a party to get back to.
- 31.25.06 O'NEILL- We're not going anywhere.
- 31.28.21 KINSEY- Excuse me?
- 31.30.01 O'NEILL- I'm not leaving till I get what I came for.
- 31.32.17 KINSEY- Oh, and what are you going to do?
- 31.37.19 O'NEILL- Well, I was thinking about shooting you.
- 31.42.12 MAYBOURNE- Jack, what are you doing?
- 31.46.05 O'NEILL- Getting a little dirty for you, Maybourne?
- 31.57.09 CARTER (OS)- Bringing the gate room on-line.
CARTER (CONT)- The iris is still holding, but it's starting to heat up.
- 32.05.07 BAUER-How long before it loses integrity?

32.07.01 CARTER (OS)- I'm not sure.

CARTER (CONT)- It's possible that we turned that planet into a giant ball of super heated plasma. It could power the gate for months.

32.15.01 BAUER- We'll have to set the auto destruct.

32.17.02 TEAL'C (OS)- The gate on the other...

TEAL'C (CONT)- side survived the explosion. Would not ours as well?

32.20.01 BAUER-But at least it would be buried under a million tons of rock.

32.22.18 CARTER (OS)- That wouldn't stop it from pumping out radiation.

CARTER (CONT)- Eventually the heat is going to melt through that iris.

32.27.09 BAUER-Then what do we do, Major?

32.30.26 CARTER- There is a chance that the gate will shut down on it's own.

32.35.03 BAUER-The thirty-eight minute window.

32.36.18 CARTER- There's no way to know for sure, sir. These are untested circumstances.

32.42.12 BAUER- How long has the gate been open?

32.46.25 CARTER- Coming up on twenty-one minutes.

32.54.03 KINSEY- Colonel, have you completely taken leave of your senses?

32.56.21 O'NEILL- I'm hanging around Maybourne. What does that say?

32.59.00 KINSEY- How dare you come into my house waving a gun!

33.01.16 O'NEILL- Not waving. Pointing. Sit down.

33.09.16 KINSEY (OS)- I hope you realize, Colonel, you're making the biggest mistake of your
life.

KINSEY (CONT)- When this is over, I promise you'll regret the day we ever met.

33.16.11 O'NEILL- Oh, that day has come and gone, Senator.

33.18.21 KINSEY- If you don't care about your own career, maybe you should think about your
friends.

33.22.11 O'NEILL- What's that mean?

- 33.23.13 KINSEY (OS)- You mess with me...
- KINSEY (CONT)- Dr. Jackson will be out of the SGC permanently. And Major Carter will be scrubbing toilets in some Air Force weather station in Alaska.
- KINSEY (OS CONT)- And as for the alien, Teal'c...
- KINSEY (CONT)- well, let's just say I know some bio-engineers in the Department of Defense who'd love to get their hands on his symbiote.
- 33.42.26 MAYBOURNE (OS)- Okay, I'm...
- MAYBOURNE (CONT)- in. I need the password.
- 33.48.24 O'NEILL- I'll give you a choice. White meat or dark meat.
- 33.53.00 KINSEY- You wouldn't dare.
- 33.54.10 MAYBOURNE- It's usually something familiar.
- MAYBOURNE (OS CONT)- Like a wife's maiden name.
- 33.59.26 KINSEY- I have a wife, three children...
- KINSEY (OS CONT)- seven grandchildren, and various nieces...
- KINSEY (CONT)- and nephews. Good luck.
- 34.17.16 O'NEILL- Try Oscar.

- 34.24.17 MAYBOURNE (OS)- That's it. We're in. I'm downloading now.
- MAYBOURNE (CONT)- Kinsey's on-line activities connect him to N.I.D. actions over the last year and a half...
- MAYBOURNE (OS CONT)- including the secret operation I ran out of Area 51, the involvement with the Russians...
- MAYBOURNE (CONT)- and the threats to Hammond.
- 34.48.20 O'NEILL (OS)- You're a piece of work, Kinsey.
- O'NEILL (CONT)- You try to shut down the SGC. You make this big speech about how much you hate secret organizations, and then you jump in bed with the N.I.D. What is that?
- 34.59.13 KINSEY (OS)- Oh, I still think the gate's a Pandora's box, and I still think...
- KINSEY (CONT)- it should be buried forever. But as long as it's open, and as long as it's a threat to this planet, then I'm damn well going to make sure it's used the way it should be used to defend God's creation.
- 35.12.19 O'NEILL- Oh, blow the rhetoric up somebody else's nose. You're nothing but a power hungry hypocrite.
- 35.18.26 KINSEY- The only currency in this town is power. So if I have to shake hands with the devil in order to do the Lord's work, then so be it.
- 35.29.02 O'NEILL- You self-righteous son of a bitch. Where do you get off?

36.35.14 O'NEILL- Well, I really don't think you'll see the light of day if your secret friends find out you were the weak link.

36.43.18 KINSEY- You learned to play hard ball pretty fast, didn't you, Colonel?

36.47.01 O'NEILL- I had a good teacher.

36.49.14 MAYBOURNE (OS)- Trouble, Jack.

37.09.07 CARTER- Approaching thirty-eight minutes.

END OF ACT FOUR

ACT FIVE

37.21.28 MAYBOURNE- Who made the call? Your wife?

37.26.00 KINSEY- Give me the disk, and you might just get out of here alive.

37.32.08 O'NEILL- They won't come in here with the group he's got downstairs.

37.35.22 MAYBOURNE- But we still got to get out.

37.59.16 BAUER- It's still open?

38.00.23 CARTER- Yes, sir.

38.07.08 BAUER- Well, there's no point staying here. I'll inform the President from the surface.

38.15.05 CARTER- Yes, sir, I'm sure it will be much safer up there.

38.29.26 TEAL'C (OS)- Major Carter.

38.44.17 BAUER- What happened?

38.45.27 CARTER- The gate shut itself off.

38.48.26 BAUER- Are you sure?

38.50.29 CARTER- It's over.

38.57.25 BAUER- For what's it's worth, Major, I'm sorry.

39.22.10 O'NEILL- Great party, Mrs. K. Thank you.

39.36.06 REPORTER- Senator Kinsey! Senator Kinsey!

REPORTER (OS CONT)- We have heard you are planning...

REPORTER (CONT)- to run for the White House.

35.31.15 KINSEY- Judge not lest ye be judged! I read the mission reports that come out of that mountain. You play with the fate of this planet on a daily basis!

35.40.18 O'NEILL- I'm doing the job I was asked to do. I doubt very much your constituents could say the same about you.

35.47.15 KINSEY- Oh, please. Given the chance, half of all American citizens won't even vote. And the half that do vote, are too stupid to know what they're doing.

35.56.27 O'NEILL- Which explains how you got elected.

35.59.17 KINSEY- In order to expose me, you're going to have to compromise the secrecy of the SGC. Are you really willing to do that?

36.09.00 MAYBOURNE (OS)- I'm done.

36.18.22 KINSEY- What are you going to do? Take down the whole N.I.D.?

36.23.13 O'NEILL- Nope. Here's the deal. Get them to re-instate Hammond or this disk goes to the press.

36.33.05 KINSEY- It'll never see the light of day.

39.43.24 KINSEY- White House?

39.44.22 FEMALE REPORTER (OS)- Are you...

FEMALE REPORTER (CONT)- officially declaring your candidacy?

39.49.25 KINSEY- Diane, this is really not how I intended this to come out.

39.54.11 REPORTER (OS)- So it's true, then, Senator?

39.57.07 KINSEY- Well, now that you're all here, um, we've often talked about my goals.

KINSEY (OS CONT)- Do I think I would make a good President? You're damn right I would. You know how I feel about things. You know how hard I've worked. The potential I see in the people of this great nation...

KINSEY (CONT)- and the way so many of it's leaders have let them down, it's enough to bring tears to your eyes.

KINSEY (OS CONT)- The solutions to the problems faced by our government are so simple. Listen to the people.

40.58.10 HAMMOND- Jack, come in.

41.00.00 O'NEILL (OS)- General.

O'NEILL (CONT)- It's good to have you back.

41.03.17 HAMMOND (OS)- Thank you.

HAMMOND (CONT)- I hear I missed quite a bit of excitement while I was gone.

41.08.00 O'NEILL- You'll have to ask Carter about that, sir.

41.10.02 HAMMOND- I'm looking forward to the debriefing.

41.12.14 O'NEILL- As am I.

41.15.00 HAMMOND- Jack. What do I owe you for this?

41.20.04 O'NEILL- Continued latitude, patience and understanding.

O'NEILL (OS CONT)- So...

O'NEILL (CONT)- just be yourself, sir.

41.30.14 HAMMOND- Hammond. It's for you.

41.39.25 O'NEILL- Hello?

41.41.00 MAYBOURNE- Hello, Jack.

41.42.28 O'NEILL-Maybourne, where are you?

41.46.24 MAYBOURNE- Well, not in jail, if that's what you think. I e-mailed myself a copy of the incriminating evidence when I saved it to disk for you.

41.59.15 O'NEILL- I know.

42.00.14 MAYBOURNE (OS)- Kinsey felt obligated to get me transferred to a nicer facility...
MAYBOURNE (CONT)- while I awaited my execution. Made things simple after that.

42.07.25 O'NEILL- Why didn't you try and escape when you were with me?

42.10.13 MAYBOURNE (OS)- Oh, come on, Jack.
MAYBOURNE (CONT)- You trusted me. I didn't want you to look bad for the President. Besides you're too good to have let it happen.

42.20.24 O'NEILL- So what are you gonna do now?

42.22.01 MAYBOURNE- Well, short term, I think I'll have a few margaritas. And after that, who knows?

42.28.06 O'NEILL- Yeah, right.

42.30.07 MAYBOURNE- Thanks for all your help.

42.37.20 O'NEILL- General, about what you owe me?

42.41.24 HAMMOND- Anything I can do.

42.44.04 O'NEILL (OS)- Well, nothing right now, but...

O'NEILL (CONT)- one day I may ask you to buy back my soul.
