DIALOGUE

START TIMECODE 00.00.00 AT FIRST FRAME OF PICTURE

TEASER

00.23.18 O'NEILL- Hey. I thought you said this was the main entrance.

00.27.08 DANIEL- It is. We just need to find a way to open this.

00.31.14 TEAL'C- I do not recognize the symbols.

00.32.24 DANIEL- It's Babylonian. Cuneiform. It's...it's incredible.

00.36.27 O'NEILL- What is?

00.38.16 DANIEL- Well, unlike Phoenician Ugarite cuneiform, these characters are pictograms
rather than representations of unique...
DANIEL (OS CONT)- sound symbols.

00.45.03 O'NEILL- Does it say how to open the pyramid?

00.47.09 DANIEL- Ziggurat.

00.48.26 O'NEILL- Huh?

00.49.18 DANIEL- You said pyramid, it's a, a ziggurat.

00.53.21 O'NEILL- Yeah, open the door.

00.55.18 DANIEL- Well, it might not be so easy. I'm going to have to go back to Earth for a reference.

01.01.26 O'NEILL- How hard could it be?

01.03.09 DANIEL (OS)- Very.

DANIEL (CONT)- It's a, a dead language.

DANIEL (OS CONT)- I mean I doubt anyone's even stood here for three thousand years.

01.09.18 CARTER- Oh, I wouldn't be so sure about that.

01.14.21 O'NEILL- What you got there?

01.16.14 CARTER- An empty pack of cigarettes. They're Russian.

END OF TEASER

ACT ONE

02.32.17 GEN. HAMMOND (OS)- Major.

02.33.08 CARTER (OS)- The Russian Stargate program was only up for thirty-seven days.

CARTER (CONT)- We've seen their logs and the list of planets they visited, and P2X
338 was not one of them.

02.42.01 TEAL'C- Perhaps they deceived us.

02.43.17 GEN. HAMMOND- At the moment all they're admitting to is that there may have been
some unauthorized use of their gate.

02.49.16 O'NEILL- What's that supposed to mean?

02.52.11 GEN. HAMMOND- This is Major Valentine Kirensky.

GEN. HAMMOND (OS CONT)- He was serving under Colonel Sakolov at the base in
Siberia.

GEN. HAMMOND (CONT)- It now appears that he was also taking secret orders from
certain hardline elements in Russian Army Intelligence. He disappeared six
days before we were called in to deactivate the Russian gate.

03.13.18 CARTER- And they think he went offworld?

- 03.15.09 GEN. HAMMOND- Along with two other officers...
GEN. HAMMOND (OS CONT)- and an archeologist named Alexander Britski.
- 03.22.00 DANIEL- I know his work. He's an expert on ancient Mesopotamia.
- 03.25.08 O'NEILL- Why would they go behind Sakolov's back?
- 03.27.15 TEAL'C (OS)- Perhaps for the same reason the N.I.D. conducted...
TEAL'C (CONT)- offworld operations without the knowledge of Stargate Command.
- 03.32.08 DANIEL- To steal alien technology at any cost.
- 03.34.13 CARTER- Why 338 as opposed to any other planet?
- 03.37.06 GEN. HAMMOND- That has yet to be determined.
- 03.40.23 DANIEL- If they went through the gate before everyone at the Russian base was
killed, they could still be out there.
- 03.44.15 CARTER- It's doubtful they would've survived this long. The planet's surface
temperature averages 135 degrees Fahrenheit in the shade.
- 03.51.12 O'NEILL- Shade? I don't remember shade.

- 03.55.04 DANIEL- They could've taken shelter in the temple.
- 03.57.05 O'NEILL- Oh, so they figured out how to open the door?
- 04.00.08 DANIEL- I'll figure out the door.
- 04.04.10 TEAL'C- Should they not have attempted to return by now?
- 04.06.13 CARTER- Not without exposing their operation. I mean they could still be waiting for
some kind of signal.
- 04.10.17 O'NEILL- She's got a point, sir. Russian commandos can be pretty hardcore. They'd
wait forever before they'd violate mission protocol.
- 04.16.27 GEN. HAMMOND- I'm aware of that, Colonel. That's why we're going to allow a
second Russian team to accompany you back to the planet.
- 04.24.29 O'NEILL- Excuse me?
- 04.26.10 GEN. HAMMOND- It's going to be a joint mission. Full disclosure, full cooperation.
- 04.31.12 O'NEILL- May I ask why, sir?

- 04.35.01 GEN. HAMMOND- In fact, the Russians have been pushing for more direct involvement in the Stargate program for quite...
- GEN. HAMMOND (OS CONT)- some time. We've been resisting, but in this particular case, it might be useful to have them onboard.
- 04.46.08 O'NEILL- Yes, well, General, you know, I'm a big fan of the Russians and international relations are a bit of a hobby of mine, however, I do believe that SG-1 should handle this one alone.
- 04.59.24 GEN. HAMMOND- The decision's been made, Colonel. They're on their way.
- 05.09.13 O'NEILL- Yessir.
- 05.15.14 CARTER (OS)- Because we have an...
- CARTER (CONT)- agreement, sir.
- 05.17.05 O'NEILL- Yeah, did you see them hold up their end of it?
- 05.19.11 CARTER- Well, have we?
- 05.22.18 O'NEILL- No.

05.23.14 CARTER (OS)- If Thor's ship...
CARTER (CONT)- hadn't have crashed into the ocean, we would never even have told them about the Stargate.

05.27.25 O'NEILL- Hey! Whose side are you on?

05.30.06 CARTER (OS)- I'm just saying...
CARTER (CONT)- that we should at least try to work together.

05.33.08 O'NEILL (OS)- Carter...
O'NEILL (CONT)- when you go through that gate, you gotta know your team members are watching your six.

05.37.13 DANIEL- Actually in Russian, they'd be watching your *Shest*.

05.40.08 O'NEILL- Huh?

05.41.16 DANIEL- Which I suppose is neither here nor there.

05.43.29 O'NEILL- Have you figured out how to open that pyramid yet?

05.46.00 DANIEL- Ziggurat. And yes, I think I have. In order to expedite matters, the Russians e-mailed me the entire report of their archeologist Dr. Britski. The temple is dedicated to the Babylonian god, Marduk.

05.58.07 CARTER- And Marduk was a goa'uld?

06.00.26 DANIEL (OS)- Well, it seems likely.

DANIEL (CONT)- The word Babylon literally means “gate of the gods,” so if there is a connection, it wouldn't surprise me. Hello?

DANIEL (OS CONT)- Yeah, okay.

DANIEL (CONT)- The Russians are coming.

06.23.11 MAJOR VALLARIN (SPEAKING IN RUSSIAN)- Ugh. The greatest superpower on Earth, and they can't make a decent cup of coffee.

06.30.03 COLONEL ZUKHOV- Nice view.

06.31.22 MAJOR VALLARIN- Oh, yeah. Colonel.

06.35.20 GEN. HAMMOND- Good morning, gentlemen.

06.38.07 O'NEILL- And ma'am. There's a ma'am, sir.

06.40.18 GEN. HAMMOND (OS)- At ease.

GEN. HAMMOND (CONT)- You must be Colonel Zukhov.

- 06.44.00 COLONEL ZUKHOV- It's a pleasure to meet you, General Hammond. Allow me to introduce Major...
- COLONEL ZUKHOV (OS CONT)- Vallarin, and Lieutenants Marchenko and Tolinev.
- 06.52.21 GEN. HAMMOND- Welcome to Stargate Command. This is Colonel Jack...
- GEN. HAMMOND (OS CONT)- O'Neill. Major Samantha Carter, Dr. Daniel Jackson, and Teal'c.
- 07.01.01 COLONEL ZUKHOV- The famous Colonel O'Neill. I believe we have a mutual friend.
- 07.03.23 O'NEILL- Mm-hmm.
- 07.05.05 COLONEL ZUKHOV- I believe we have a mutual friend.
- 07.08.15 O'NEILL- We do?
- 07.09.07 COLONEL ZUKHOV- Doctor Svetlana Markov.
- 07.11.02 O'NEILL- Ah.
- 07.12.17 COLONEL ZUKHOV- She spoke very highly of all of you.
- 07.17.17 GEN. HAMMOND- Before we proceed, perhaps you would like to get some rest, and maybe something to eat.

- 07.22.09 COLONEL ZUKHOV- We took the precaution of eating before we came.
- 07.25.00 MAJOR VALLARIN- What Colonel Zukhov means is that we'd like to get to work as quickly as possible.
- 07.32.00 GEN. HAMMOND- Very well.
GEN. HAMMOND (OS CONT)- Dr. Jackson?
- 07.46.09 DANIEL- Two years ago Dr. Alexander Britski began an excavation near Rafha...
DANIEL (OS CONT)- in Southern Iraq. He found several stone tablets engraved with Babylonian...
DANIEL (CONT)- cuneiform, and one with a set of symbols he didn't recognize.
- 08.00.11 CARTER- Gate co-ordinates.
- 08.01.15 DANIEL- In fact, the co-ordinates for P2X 338.
DANIEL (OS CONT)- Dr. Britski had no idea of their significance, but someone must have recognized something because...
DANIEL (CONT)- *the results of the dig were never published, and the whole thing became classified.*
- 08.11.10 O'NEILL- Wait a minute. Two years ago the Russians hadn't even seen a Stargate.

08.16.22 DANIEL- But they did have a DHD – the one discovered by the Germans in 1906 and taken by the Red Army...

DANIEL (OS CONT)- at the end of the second World War.

08.23.02 CARTER (OS)- So when they finally got their...

CARTER (CONT)- program up and running, they must've added P2X 338 to the list of addresses supplied by Colonel Maybourne.

08.31.28 O'NEILL- That doesn't explain why they didn't just send a regular team.

08.36.15 GEN. HAMMOND- Did Dr. Britski discover anything that might suggest why they singled this planet out?

08.40.27 DANIEL- Along with the co-ordinates, the tablet included a reference to something called the Eye of Tiamat....

DANIEL (OS CONT)- It was a large jewel of some kind, which supposedly endowed Marduk with great magical abilities.

08.50.11 O'NEILL- That wouldn't be why you folks wanted to keep this quiet?

08.54.23 COLONEL ZUKHOV (OS)- Need I remind you...

COLONEL ZUKHOV (CONT)- Colonel, that the United States has operated a Stargate in secret for years with the express...

COLONEL ZUKHOV (OS CONT)- purpose of obtaining alien technology.

- 09.04.03 O'NEILL- That was before we had an agreement to share information.
- 09.07.17 COLONEL ZUKHOV- You took it upon yourselves to represent the interests of the...
COLONEL ZUKHOV (OS CONT)- entire planet without consulting anyone.
COLONEL ZUKHOV (CONT)- You exposed the world to countless dangers.
- 09.16.03 O'NEILL- At least we dealt with them. It only took you folks, what, a month to find
something you couldn't handle.
- 09.23.14 GEN. HAMMOND- Gentlemen, please. We seem to have gone...
GEN. HAMMOND (OS CONT)- a little bit off topic here.
- 09.30.00 MAJOR VALLARIN- Dr. Jackson, what about the entrance?
MAJOR VALLARIN (OS CONT)- Can you get us inside?
- 09.34.09 DANIEL- Uh, yeah. Um, the engravings on the entrance...
DANIEL (OS CONT)- way are a kind of code. It's like a...
DANIEL (CONT)- a giant combination lock. It's a just a matter of activating the correct
symbols in the proper sequence.
- 09.45.02 GEN. HAMMOND- I have the utmost confidence in your abilities, Doctor. You have a
go.
- 09.57.12 O'NEILL- Swell.

- 10.01.14 COLONEL ZUKHOV- Is that a P-90, Colonel?
- 10.03.26 O'NEILL- Fifty round horizontal clip, 900 armor piercing rounds per minute. Feel the weight of that sucker.
- 10.13.15 COLONEL ZUKHOV- Impressive, though I prefer the Russian Zastava M85.
- 10.18.09 O'NEILL- Those are made in Yugoslavia, aren't they?
- 10.22.22 INTERCOM VOICE (VO)- Chevron 7 locked.
- 10.20.20 O'NEILL- SG-1, move out.
- 10.35.23 COLONEL ZUKHOV (IN RUSSIAN)- Stay in close formation. If you get separated, maintain contact on channel three.
- 10.40.20 RUSSIAN TROOP- (SALUTES IN RUSSIAN)
- 10.46.29 O'NEILL- What was that all about?
- 10.48.25 COLONEL ZUKHOV- I was just wishing them the best of luck.
- 10.54.05 O'NEILL- Right. Look, Zukhov, let's get something straight here. I'm the ranking senior officer in this mission.

11.00.04 COLONEL ZUKHOV- This is a joint operation – and we are of equal rank.

11.05.03 O'NEILL- Which means you should appreciate the need for a clear chain of command.

11.08.24 COLONEL ZUKHOV- Of course.

11.10.08 GEN. HAMMOND (FILTERED THROUGH CONTROL ROOM MIC)- Colonel? Is there
a problem?

11.15.16 O'NEILL AND COLONEL ZUKHOV- (SIMULTANEOUSLY)- No, sir.

11.29.26 O'NEILL- After you.

END OF ACT ONE

ACT TWO

12.06.15 O'NEILL- Daniel--

12.07.26 DANIEL (OS)- Just about there.

12.09.28 O'NEILL- You said that an hour ago.

12.12.04 DANIEL (OS)- Look, if you want to give this a try, be my guest.

- 12.15.07 O'NEILL- Carter, break out the C4.
- 12.16.15 DANIEL (OS)- Wait, wait, wait, wait, wait, wait, wait, wait ...
DANIEL (CONT)- Okay, I got it. It's a...it's a standard retelling of the Babylonian
creation myth. Marduk slays the winged serpent Tiamat. He cuts her in two.
He uses half of her to create the sky, and the other half to create the earth.
- 12.34.23 MAJOR VALLARIN- How does that help us, Dr. Jackson?
- 12.36.28 DANIEL (OS)- Well, you see...
DANIEL (CONT)- some of the text has been deliberately placed out of order. Only a
priest of Marduk would be able to spot the discrepancies. Here. Here.
DANIEL (OS CONT)- And here.
- 13.36.01 O'NEILL- Nice job.
- 13.57.12 CARTER (OS)- This doesn't seem very stable.
- 13.59.05 DANIEL (OS)- It's over four thousand years old.
- 14.05.29 O'NEILL- Which way?
- 14.06.27 DANIEL- I don't know.

- 14.09.03 COLONEL ZUKHOV- We should split up. You take your team down here, and we'll go down there.
- 14.16.02 O'NEILL- All right, but Teal'c goes with you. For your own protection.
- 14.21.24 COLONEL ZUKHOV- And perhaps you should take Lieutenant Marchenko. For the same reason.
- 14.28.09 O'NEILL- Fine. Move out.
- 14.31.07 COLONEL ZUKHOV (IN RUSSIAN ORDERS MARCHENKO TO MOVE OUT)-
Marchenko, da...
- 14.48.10 CARTER- Colonel.
- 15.00.06 O'NEILL- Identify yourself.
- 15.02.22 MARCHENKO (IN RUSSIAN)- Identify yourself.
- 15.12.24 O'NEILL- Oh. One of yours?
- 15.23.22 MARCHENKO- Da.

- 15.26.03 DANIEL- If these men disappeared ten months ago...
DANIEL (OS CONT)- how could one of their bodies completely decompose that fast?
- 15.32.03 CARTER- It didn't decompose. This skeleton's covered in tiny teeth marks.
- 15.38.04 O'NEILL- Something ate this guy?
- 15.40.14 CARTER- Stripped the flesh right from his bones.
- 15.44.04 MARCHENKO (IN RUSSIAN)- Holy shit.
- 15.45.29 O'NEILL- You can say that again.
- 16.29.19 TEAL'C- It appears to be a sarcophagus.
- 16.37.02 O'NEILL- Zukhov, this is O'Neill.
- 16.39.04 COLONEL ZUKHOV (OS FILTERED THROUGH RADIO)- What is it, Colonel?
- 16.41.24 O'NEILL- We found one of Kirensky's men. He's dead. Exercise extreme caution.
- 16.50.21 COLONEL ZUKHOV- Understood. We found a sarcophagus.
COLONEL ZUKHOV (OS CONT FILTERED THROUGH RADIO)- We're investigating.

- 16.56.11 O'NEILL- Negative. Hold your positions till we get there.
O'NEILL (OS CONT FILTERED THROUGH RADIO)- Zukhov, respond. Zukhov!
- 17.05.07 COLONEL ZUKHOV- (SPEAKS ORDERS IN RUSSIAN TO TEAM)
- 17.12.16 O'NEILL- Dammit. Fall back.
- 17.17.26 TEAL'C- You are disobeying a direct order.
- 17.20.04 COLONEL ZUKHOV- I trust Colonel O'Neill won't take it personally.
COLONEL ZUKHOV (IN RUSSIAN)- Shit. Let's get out of here!
- 17.45.20 RUSSIAN TEAM- (CALLING OUT IN RUSSIAN)
- 17.49.14 O'NEILL (OVERLAPPING)- Come on!
- 17.50.06 RUSSIAN TEAM (OVERLAPPING)- (CALLING OUT IN RUSSIAN)
- 18.09.16 O'NEILL- Hey! Get outta there!
- 18.11.11 TOLINEV (OVERLAPPING)- Marchenko!
- 18.12.16 MARCHENKO- (SCREAMS)

END OF ACT TWO

ACT THREE

- 18.34.22 DANIEL- Interesting trap. It doesn't really protect the sarcophagus, but it does lock you in with it.
- 18.39.02 O'NEILL- I told you to hold your position.
- 18.41.03 COLONEL ZUKHOV- The mission requires that we thoroughly explore the area.
- 18.43.20 O'NEILL- I gave you an order.
- 18.47.13 COLONEL ZUKHOV- Someone would have set off this trap eventually. It is just as well.
- 18.53.02 O'NEILL- One of your own men is dead. Where I come from that tends to make a commander just a little upset!
- 18.59.14 COLONEL ZUKHOV- Where I come from, casualties are to be expected.
- 19.04.03 O'NEILL- What?
- 19.06.05 CARTER- Colonel, we still need to find a way out of here.

19.11.26 DANIEL- Shouldn't we open this first, make sure there's no one home?

19.15.10 CARTER- Teal'c, have you ever seen anything like this?

19.17.15 TEAL'C- Indeed I have not.

19.19.15 CARTER- It's like someone tried to seal...

CARTER (OS CONT)- the sarcophagus from the outside.

19.23.15 DANIEL- Kirensky's team must've cut it open with a blowtorch.

19.26.19 O'NEILL- Open it up.

19.33.00 DANIEL- There's no crystal. There's no, uh, button to open it.

19.37.25 O'NEILL (OS)- Oh, for crying out loud.

O'NEILL (CONT)- I'll do it myself. Pull.

19.46.25 COLONEL ZUKHOV (OS)- (GROANING)

COLONEL ZUKHOV (CONT)- (GROANING)

20.01.01 O'NEILL- So much for **Marduk**.

- 20.09.10 COLONEL ZUKHOV- I thought a sarcophagus could keep one alive...
COLONEL ZUKHOV (OS CONT)- indefinitely.
- 20.12.25 TEAL'C- Perhaps it malfunctioned.
- 20.14.16 CARTER- Yeah, but I don't think that's what killed him.
CARTER (OS CONT)- These bones exhibit the same...
CARTER (CONT)- markings as the skeleton we found.
CARTER (OS CONT)- Whatever killed the Russian...
CARTER (CONT)- soldier, killed the Goa'uld as well.
- 20.25.20 O'NEILL- How'd it get in there?
- 20.28.03 CARTER- I don't know.
- 20.31.15 DANIEL- Better question is – where is it now?
- 21.06.27 CARTER- Sir, we've got a problem.
- 21.08.14 O'NEILL- We've got a lot of problems, Carter. Can you be a little more specific?
- 21.11.09 CARTER- We can stretch out our food rations, but our water's limited to five days.
- 21.15.27 O'NEILL- We won't be here that long.

- 21.18.13 TOLINEV- So now what do we do?
- 21.21.19 MAJOR VALLARIN- We can use plastic explosive to blast a hole in the entrance.
- 21.27.22 O'NEILL- Yeah, that might work. It might also bury us under a ton of ziggurat.
- 21.34.00 COLONEL ZUKHOV (OS)- The Colonel is right, Major.
COLONEL ZUKHOV (CONT)- The time has not yet come for such desperate
measures.
- 21.43.02 O'NEILL- What about this writing? Any mention of a back door?
- 21.47.04 DANIEL- No. This portion of the text deals mostly with the final fate of Marduk.
- 21.50.24 O'NEILL- I think we know the final fate of Marduk.
- 21.53.28 DANIEL- Well, apparently he was such an evil tyrant that his own priests rebelled
against him. They sealed him in the sarcophagus and placed some thing in
there with him. There's no direct translation for the word, but I'm assuming it's a
reference to the creature that ate him.
- 22.08.02 CARTER- Are you saying he was eaten alive?

- 22.10.10 DANIEL- The sarcophagus would've done his best to continually keep him alive so...it probably would've taken a while.
- 22.17.13 TOLINEV (IN RUSSIAN)- My god.
- 22.19.14 O'NEILL (OS)- Okay...
O'NEILL (CONT)- that's officially the worst way to go.
- 22.23.00 TEAL'C- It would seem his fate is very well deserved.
- 22.26.01 DANIEL- Marduk would've died eventually, but the creature must've stayed alive in the sarcophagus until Major Kirensky and his...
DANIEL (OS CONT)- men came along.
- 22.34.06 CARTER- They let it out; it killed them.
- 22.36.28 COLONEL ZUKHOV- We've only found one body.
- 22.40.18 O'NEILL- All right, here's the deal. We're gonna search this place top to bottom.
We're looking for a way out and the rest of Kirensky's team. Everybody got that?
- 22.52.05 DANIEL- I'd like to, uh, stay and finish this translation. It might be useful.

- 22.56.04 O'NEILL- Fine. The rest of us'll pair off. Teal'c, you're with Zukhov, Carter with Tolinev. Major, you're with me.
- 23.03.17 MAJOR VALLARIN- Yessir.
- 23.34.01 CARTER- Hold it. Got something
- 23.37.02 TOLINEV- What is it?
- 23.47.15 CARTER (OS)- It looks like some sort of cocoon.
CARTER (CONT)- It's empty.
CARTER (OS CONT)- What is it?
- 23.57.22 TOLINEV- I thought I heard something.
- 24.13.14 COLONEL ZUKHOV- It's Britski.
- 24.18.26 TEAL'C- O'Neill.
- 24.21.27 O'NEILL- Yeah, go ahead.
- 24.23.06 TEAL'C- Colonel Zukhov and I have found additional skeletal...
TEAL'C (OS CONT)- remains, along with equipment...
TEAL'C (OS CONT FILTERED THROUGH RADIO)- and personal items.

- 24.30.19 O'NEILL- Any sign of...a creature?
- 24.35.24 TEAL'C- Negative.
- 24.36.24 COLONEL ZUKHOV (OS)- Colonel O'Neill...
COLONEL ZUKHOV (CONT)- this is Zukhov. I have what appears to be Britski's
personal log.
- 24.42.03 O'NEILL- All right, take it back to Daniel. Have him take a look at it.
- 24.45.13 COLONEL ZUKHOV (OS FILTERED THROUGH RADIO)- Very well.
- 25.05.11 TEAL'C (OS)- Colonel Zukhov.
- 25.07.12 COLONEL ZUKHOV- Coming.
- 25.23.19 TOLINEV- There it is again.
- 25.26.05 CARTER (OS)- I don't see anything.
- 25.30.18 TOLINEV (OS)- It's around here somewhere.
- 25.43.25 O'NEILL- Daniel, report.

25.46.16 DANIEL- It's not me.

25.49.16 O'NEILL- Carter?! What's your situation? Carter!

26.04.06 CARTER- I'm all right.

26.04.29 MAJOR VALLARIN (OS)- What happened?

26.06.06 CARTER (OS)- *The creature attacked us.*

26.09.10 MAJOR VALLARIN- I think she's going into...
MAJOR VALLARIN (OS CONT)- shock.

26.11.10 O'NEILL- Get her back to the main chamber. Teal'c.

26.17.24 CARTER- Sir, it's still alive.

26.20.22 O'NEILL- Well, we'll kill it.

26.23.05 CARTER- No, that's not what I mean. I sensed a presence.

26.28.05 O'NEILL- What are you talking about?

26.29.19 CARTER- The symbiote. The Goa'uld symbiote. It's still alive. It's inside that thing.

END OF ACT THREE

ACT FOUR

- 26.44.19 CARTER (OS)- The creature must've injected her with some kind of...
CARTER (CONT)- venom. Her body's shutting down.
- 26.48.12 MAJOR VALLARIN- What can we do?
- 26.49.22 CARTER- Well, I've given her a shot of epinephrine. That should buy us some time,
but if we don't get her back to the SGC soon, she's not gonna make it.
- 26.55.26 DANIEL (OS)- She's...
DANIEL (CONT)- right. The same thing happened to the other team according to Dr.
Britski's journal. The creature escaped when they opened the sarcophagus. It
attacked Major Kirensky. He was dead within two hours.
- 27.10.20 O'NEILL- Any mention of what happened to the others?
- 27.12.18 DANIEL (OS)- Two people died...
DANIEL (CONT)- when a passageway collapsed. And...the last entry reads: "I'm all
alone now. There is no escape. Only one course of action remains."

- 27.25.23 MAJOR VALLARIN- A cyanide pill. They were given to all Russian Stargate personnel.
- 27.33.07 COLONEL ZUKHOV- Colonel, we no longer have a choice. We must use the C4.
- 27.38.08 O'NEILL- We're not done searching yet, Colonel.
- 27.41.02 COLONEL ZUKHOV- Lieutenant Tolinev is running out of time.
- 27.43.10 O'NEILL- I'm well aware of that, Colonel. But we're not gonna risk any more lives until we've exhausted our options.
- 27.48.26 DANIEL- Hey...
DANIEL (OS CONT)- Take a look at this.
DANIEL (CONT)- It's a sketch of an artifact Dr. Britski found inside the sarcophagus.
He thought it might be...
DANIEL (OS CONT)- the Eye of Tiamat.
- 28.03.21 O'NEILL- You guys find anything like this with the journal?
- 28.06.20 COLONEL ZUKHOV- There was nothing but old equipment and spoiled rations.
- 28.10.16 DANIEL- Then where is it?

- 28.11.15 MAJOR VALLARIN (OS)- Colonel...
MAJOR VALLARIN (CONT)- surely the recovery of this artifact is no longer a priority.
- 28.16.11 O'NEILL- It never was a priority. This was supposed to be a rescue mission.
- 28.22.24 TEAL'C- It would appear there is no one left to rescue.
- 28.26.11 DANIEL- Well, I wouldn't say that.
- 28.46.09 CARTER- Looks like blood.
- 28.48.07 TEAL'C- Indeed.
- 28.51.11 CARTER- Colonel O'Neill, this is Carter.
- 28.54.04 O'NEILL- Yeah, go ahead.
- 28.56.18 CARTER (OS FILTERED THROUGH RADIO)- Sir, Teal'c and I found traces of blood.
I think I may have wounded the creature.
- 29.01.25 O'NEILL- Well, won't it's snake fix it?
- 29.06.07 CARTER- Depends on how bad the injury is, sir.

29.09.16 O'NEILL- All right. Stay sharp.

29.20.23 DANIEL- How is she?

29.23.00 MAJOR VALLARIN- Her pulse is getting weak.

MAJOR VALLARIN (OS CONT)- Did you hear that?

29.36.01 DANIEL- What?

29.43.23 MAJOR VALLARIN- Wait here.

29.48.08 DANIEL- Yes, you go down the dark hallway alone and I'll wait here in a dark room
alone.

30.03.07 MAJOR VALLARIN- (GASPS)

30.43.09 COLONEL ZUKHOV- A dead end.

30.45.17 O'NEILL- Yeah. I guess we should've considered taking that left.

30.50.09 COLONEL ZUKHOV- Colonel, we both know there's only one way out of here.

30.54.04 O'NEILL- Any blast big enough to put a hole in that door is gonna bring the whole thing
down on top of us.

- 30.58.25 COLONEL ZUKHOV- I'm willing to take the chance.
- 31.00.17 O'NEILL- Yeah, well, I'm not.
- 31.02.29 COLONEL ZUKHOV- What about Lieutenant Tolinev?
- 31.06.23 O'NEILL- I thought casualties were to be expected.
- 31.09.06 COLONEL ZUKHOV- It's obvious you're not capable of taking the necessary risks.
- 31.12.26 O'NEILL- No, we take risks. But we don't hand out cyanide pills, and we don't leave
our people behind.
- 31.48.18 CARTER- Is it just me, or have we been down this passageway before?
- 31.52.20 TEAL'C- Indeed we have.
- 31.56.24 CARTER- This place is like a maze.
- 31.59.18 TEAL'C- Perhaps we should return.
- 32.05.04 CARTER- It's not moving.
CARTER (OS CONT)- I'm not sensing anything.

- 32.08.09 TEAL'C- Nor am I. There is no symbiote inside this creature.
- 32.43.06 CARTER- It could've left the body when it realized it couldn't heal the wound.
- 32.49.15 TEAL'C- A symbiote would not survive for very long under those circumstances.
- 32.52.29 CARTER- Unless it found a new host.
CARTER (OS CONT FILTERED THROUGH RADIO)- Colonel O'Neill.
- 33.30.19 O'NEILL- Go ahead.
- 33.32.27 CARTER- Sir, we found the creature. It's dead.
- 33.37.10 O'NEILL- That's good news.
- 33.38.24 CARTER- The only problem is the symbiote's no longer inside it.
- 33.43.00 O'NEILL- That's a bit disconcerting.

- 33.45.07 CARTER (OS FILTERED THROUGH RADIO)- Sir, as you know...
CARTER (CONT)- Teal'c's body is incapable of sustaining a symbiote as long as he carries a larval Goa'uld. And he doesn't sense the presence of a Goa'uld in me, so...
- CARTER (OS CONT FILTERED THROUGH RADIO)- that leaves Daniel, Major Vallarin and...well, the two of you, sir.
- 34.04.10 O'NEILL- Drop the weapon.
- 34.05.24 COLONEL ZUKHOV- I don't think so.
- 34.08.22 O'NEILL- I know it's not me.
- 34.10.25 COLONEL ZUKHOV- And I know it's not me.
- 34.19.18 CARTER- Colonel, please respond.
- 34.26.16 O'NEILL- Get back to the main chamber.
O'NEILL (OS CONT)- Check on Daniel and Vallarin.
O'NEILL (CONT)- I'll see you there in a bit.
- 34.33.20 CARTER (OS FILTERED THROUGH RADIO)- Roger that, sir.
- 34.37.29 O'NEILL- I'm not kidding, Zuhov. I'll shoot ya.

34.41.17 COLONEL ZUKHOV- This is beginning to make sense.

34.44.05 O'NEILL- Is it?

34.45.06 COLONEL ZUKHOV (OS)- If you were the Goa'uld...

COLONEL ZUKHOV (CONT)- you might not want to leave until you found the Eye of Tiamat. It would explain your reluctance to use explosives.

34.55.00 O'NEILL- And if you were the Goa'uld, and you'd been stuck in this dump for two thousand years, you might not think about anything except getting out of here. Which would explain why you're willing to take such an insane risk.

35.09.21 COLONEL ZUKHOV- Then it would seem we have a problem.

END OF ACT FOUR

ACT FIVE

35.44.27 CARTER (OS)- Daniel.

35.45.28 DANIEL- Hey guys, I just finished translating this section—whoa! Hey, what's up?

35.54.19 TEAL'C- I do not sense the presence of a Goa'uld.

35.57.04 CARTER- Me neither.

35.58.28 DANIEL- Well, thank you.

36.01.13 CARTER- So what were you gonna to say?

36.03.20 DANIEL- I was gonna say that I just finished translating a, a section of the text. It says
that Marduk used to emerge from his temple and appear amongst his people,
riding a beam of white light.

36.16.09 CARTER- A ring transporter?

36.17.20 DANIEL (OS)- Yeah.
DANIEL (CONT)- There's a good chance it might be right here in this room.

36.30.13 MAJOR VALLARIN- Colonel Zukhov?

36.31.25 COLONEL ZUKHOV (OS)- In here.

36.39.28 MAJOR VALLARIN- What is this?

36.42.08 COLONEL ZUKHOV (IN RUSSIAN)- I believe O'Neill may be the Goa'uld,

36.44.18 O'NEILL- Don't be an idiot, Zukhov. It could just as well be him.

- 36.47.25 MAJOR VALLARIN/MARDUK- Very true, Colonel.
- 36.58.22 O'NEILL- Oh,man.
- 37.09.20 MAJOR VALLARIN/MARDUK- Where is the Eye of Tiamat?
- 37.13.13 COLONEL ZUKHOV- I don't know what you're talking about.
- 37.15.24 MAJOR VALLARIN/MARDUK- You forget, Colonel, that I retain all the knowledge of
my host...
MAJOR VALLARIN/MARDUK (OS CONT)- and he was well aware of your secret
orders to obtain alien technology.
MAJOR VALLARIN/MARDUK (CONT)- You wish to bring the Eye back to your
superiors.
- 37.31.18 COLONEL ZUKHOV- I have no secret orders.
COLONEL ZUKHOV- (GROANS IN PAIN)
- 37.44.09 MAJOR VALLARIN/MARDUK- You lie.
- 37.50.18 DANIEL- Yep. It's here.
- 37.52.25 CARTER- We gotta tell the Colonel.

- 37.54.10 DANIEL- No, not until we're sure he's not a Goa'uld.
- 37.58.04 CARTER- Teal'c, what are you doing?
- 38.00.01 TEAL'C- We must find the means by which to engage the rings.
- 38.02.21 DANIEL- Right...
- 38.18.01 MAJOR VALLARIN/MARDUK- An interesting weapon. It's obviously capable of inflicting severe pain as well as death. Shall I test it on your new friend?
- 38.34.26 COLONEL ZUKHOV- Stop. I have the Eye.
- 38.41.28 MAJOR VALLARIN/MARDUK- Give it to me and I will spare you.
- 38.45.05 O'NEILL- What are you doing?
- 38.47.19 COLONEL ZUKHOV- I'm sorry, Colonel. I was acting under orders.
- 38.51.14 O'NEILL- Don't give it to him. Don't.
- 38.54.25 COLONEL ZUKHOV- No one else will die because of me.
- 38.57.21 MAJOR VALLARIN/MARDUK- Give me the Eye.

- 39.05.07 COLONEL ZUKHOV- Take it!
- 39.12.00 O'NEILL (OS)- Geez!
- 39.17.03 DANIEL- What's that?
- 39.19.21 CARTER- Colonel O'Neill? Colonel O'Neill?
- 39.39.17 O'NEILL- Yeah, I'm okay.
- 39.40.29 CARTER (OS FILTERED THROUGH RADIO)- What happened?
- 39.43.16 O'NEILL- The Goa'uld was in Vallarin.
O'NEILL (OS CONT FILTERED THROUGH RADIO)- Zuhov just took him out with a
grenade.
- 39.49.28 CARTER- Sir, we found a ring transporter. Daniel says it'll take us to another temple a
few miles from here.
- 39.55.24 O'NEILL- All right. I'll be there in a minute.
- 40.11.27 TEAL'C- I do not sense the presence of a goa'uld.
- 40.15.08 O'NEILL- Well, good. And I'm fine, by the way, thanks. How's Tolinev?

- 40.19.26 DANIEL- She'll be okay if we get out of here soon. Zukhov?
- 40.23.28 O'NEILL- He didn't make it. One thing left to do here. All set. Let's go!
- 40.49.13 MAJOR VALLARIN/MARDUK (OS)- Colonel O'Neill!
MAJOR VALLARIN/MARDUK (CONT)- I will have my revenge.
- 40.53.17 O'NEILL- You know, you guys always say that.
- 41.16.15 RUSSIAN COLONEL (OS)- (SPEAKING IN RUSSIAN)
RUSSIAN COLONEL (CONT)- (SPEAKING IN RUSSIAN)
- 41.20.27 TOLINEV- Yes. Colonel.
- 41.34.26 RUSSIAN COLONEL- Lieutenant Tolinev corroborates your story.
- 41.38.21 O'NEILL- So, she was telling the truth.
- 41.40.22 RUSSIAN COLONEL- She will be debriefed again, of course, once we're back in
Moscow, where she can speak more freely.
- 41.45.23 O'NEILL- Yeah. I'm sure you'll be able to get her to say whatever you want...
- 41.48.16 GEN. HAMMOND (INTERRUPTING)- Colonel, this isn't the time.

- 41.50.01 O'NEILL- General. Zukhov's secret orders put us all in jeopardy. I want that on the record.
- 41.55.08 RUSSIAN COLONEL- Your opinion is already a matter of public...
RUSSIAN COLONEL (OS CONT)- record, Colonel. So is the fact that every member of your team survived, yet only one Russian soldier made it back alive. Barely.
- 42.05.02 O'NEILL- Yeah, if your people understood the concept of chain of command, none of this--
- 42.09.00 RUSSIAN COLONEL (INTERRUPTING)- We are agreed. You were in command. We also know which lives you were willing to sacrifice.
- 42.15.08 GEN. HAMMOND (OS)- We regret the loss of...
GEN. HAMMOND (CONT)- life and offer our condolences to the families of your officers.
- 42.20.10 RUSSIAN COLONEL- And I'm sure you also regret this Eye of Tiamat was buried along with Colonel Zukhov, never to be recovered.
- 42.27.15 GEN. HAMMOND- Yes, we do.
- 42.33.20 RUSSIAN COLONEL- Perhaps it is best to admit we both made mistakes, huh?
- 42.38.08 O'NEILL- It'd be better if you just admitted you screwed up.

42.40.29 RUSSIAN COLONEL- I will pass that sentiment along, Colonel.

42.42.27 O'NEILL- Yeah, please do.

42.45.16 RUSSIAN COLONEL- I'm sure this will have no bearing on our future participation.

42.49.08 O'NEILL- I wouldn't count on future participation if I were you.

42.52.26 RUSSIAN COLONEL- No? I would.

FADE TO BLACK. BEGIN END CREDITS.
