TIMECODE DIALOGUE

START TIMECODE 00.00.00 AT FIRST FRAME OF PICTURE

00.10.02 NARRATOR (VO)- Previously on Stargate SG-1...

00.12.21 MANSFIELD- Every system lord in attendance will be permitted to bring one human
 slave.

MANSFIELD (OS CONT)- We need someone who speaks fluent Goa'uld. Some one
 who is not Jaffa.

MANSFIELD (CONT)- You'll wait until all the system lords have arrived. And then you
 will use this.

MANSFIELD (OS CONT)- These two liquids mixed together form a most virulent
 poison.

00.29.27 JACOB (OS CONT)-All you have to do is prick him, once.

JACOB (CONT)- He'll believe you to be his loyal slave Jarren.

00.35.25 MANSFIELD- All that is left of Martouf now lives on in Lantash.

00.51.24 LORD YU- This has gone on long enough. We must determine who's responsible...

LORD YU- (OS CONT)- for these attacks.

01.00.20 CARTER- Lieutenant? (beat) Oh, my God.

01.05.20 DANIEL- Sarah's here.

01.07.02 JACOB- Sarah? You mean Osiris? Did she recognize you?

01.14.21 DANIEL- I don't know. I think so, but she didn't tip her hand, and I don't know why.

01.22.14 OSIRIS- Daniel Jackson? You're a rather long way from home, aren't you?

01.35.07 NARRATOR (VO)- And now the conclusion.

01.41.01 OSIRIS- What are you doing here?

01.43.26 DANIEL- What me? Right now? Nothing. Why? You have something in mind?

01.47.23 OSIRIS- Hmm, insolence. Tell me what...
OSIRIS (OS CONT)- subversions you are a part of, or I will bleed you dry.

02.10.05 DANIEL- May I help you?

02.12.28 OSIRIS- Who are you?

02.15.11 DANIEL- I am Lord Yu's servant. This is my master's quarters. You must have the wrong room. I've gotten lost a few times myself. These quarters all seem to look the same.

DANIEL (OS CONT)- If you don't mind my asking.

DANIEL (CONT)- Isn't it forbidden to bring weapons to the summit?

02.37.01 OSIRIS- You speak of it again, I promise, they will be your last words.

02.53.28 DANIEL- Jacob, you still there?

02.56.08 JACOB- Yeah. What happened?

02.59.00 DANIEL- Ah, Osiris and I kind of got into it. The chemical worked.

03.03.00 JACOB- Why didn't you just release the poison?

JACOB- (VO CONT)- Daniel?

03.10.19 DANIEL- Because that would have killed Sarah.

DANIEL (VO CONT)- There's got to be a way we can save her, right? You've taken symbiotes out of hosts without killing them before.

03.16.27 JACOB- We'd have to get her out of there first.

03.19.05 DANIEL- So?

03.20.07 JACOB (VO)- Daniel. There's a bigger picture here. You have to release the poison.

Do it now.

JACOB (CONT)- You know what's at stake, Daniel. No single person's life is more important.

JACOB (OS CONT)- Complete your mission.

04.55.08 ELLIOT/LANTASH- Crystals.

04.56.07 CARTER- What?

04.57.14 ELLIOT/LANTASH- The Tok'ra use crystals to form the tunnels.

05.59.22 CARTER- Yeah, we know that.

06.01.02 ELLIOT/LANTASH- And we can use them to make more.

05.03.20 O'NEILL- Where are they?

05.05.23 ELLIOT- The lab.

05.05.17 O'NEILL- All right, you wait here. Teal'c, with me.

05.10.05 CARTER- Sir, see if you can find one of those Tok'ra...

CARTER (OS CONT)- communicators. We may need it.

- 05.18.08 OSIRIS (OS)- Weakness is befalling the system lords. If this tenuous alliance crumbles,...
- OSIRIS (CONT)- it will leave the Goa'uld vulnerable to threats that exist...
- OSIRIS (OS CONT)- outside this galaxy.
- OSIRIS (CONT)- We must put aside our differences,...
- OSIRIS (OS CONT)- and individual struggles for power,...
- OSIRIS (CONT)- to strengthen the Goa'uld, and insure our supremacy over those who threaten our domination.
- 05.46.07 YU (OS)- You speak of grand principle, but you have no official seat here.
- 05.51.00 OSIRIS- Then I ask you to officially recognize my status here.
- 05.59.00 BAAL- What do you offer as support for your claim for position of System Lord?
- 06.04.14 OSIRIS- Nothing. (beat) I am here to represent the vote of another.
- 06.18.19 YU- Whom do you serve?
- 06.20.29 OSIRIS- Anubis.
- 06.22.04 BASTET- What?
- 06.23.09 BAAL- You lie.

06.24.00 YU- He is dead.

06.25.26 OSIRIS- That is what you assumed after you attempted to murder him. Was it not
enough that he was banished from the System...

OSIRIS (OS CONT)- Lords?

06.36.17 YU- Never to be allowed to return.

06.38.24 OSIRIS- That was a long ago. And only one System Lord remains from that time.

OSIRIS (CONT)- He has sent me to ask that you accept him back, or place yourselves
at his mercy.

07.19.05 O'NEILL- The bodies are gone. (beat) We got company.

08.18.05 DANIEL- Jacob.

08.18.25 JACOB (VO)- Yeah. Are you ready?

08.20.23 DANIEL- Ah, not exactly.

08.23.05 JACOB- (VO)- Damnit, Daniel.

08.24.05 DANIEL- Look, I was gonna do it, and then Osiris said she was here representing
another Goa'uld name Anubis.

- 08.29.05 JACOB- He is dead.
- 08.30.28 DANIEL- Apparently not. He wants to rejoin the System Lords.
- 08.34.02 JACOB- Why now? Where has he been for the last thousand years?
- 08.38.02 DANIEL- I don't know. But we suspected there was a new Goa'uld out there on the rise, we just didn't know which one. Just turns out he's not so new.
- 08.43.15 JACOB- If it is really Anubis...
- 08.45.14 DANIEL-Then killing all the system lords here would just open the door for him to take over completely. You always said yourself that a, a bunch of warring System Lords is better than one all powerful one so...
- 08.53.10 JACOB (VO)- You do not understand how bad Anubis is.
JACOB (CONT)- He was banished by the System Lords because his crimes were unspeakable even to the Goa'uld.
- 09.02.07 DANIEL- Yeah. So, guess what, mission's off.
- 09.04.28 JACOB- Anubis has not waited this long just to return to the System Lords. There must be more going on.
- 09.11.11 DANIEL- So...

09.12.25 JACOB- You must stay and find out what it is. If you can.

09.34.00 ELLIOT- They should have been back by now.

09.36.06 CARTER- I'm sure they're okay. They'll be back soon. How you doing?

09.41.27 ELLIOT- It's very strange.

09.43.06 CARTER- I know.

09.44.25 ELLIOT- It's like I suddenly know everything about someone else's life. Two other
people actually.

ELLIOT (OS CONT)- I hear his thoughts every now and then.

ELLIOT (CONT)- But he's using all his strength to try and save me.

10.08.01 CARTER- It sounds like they're coming around for another run.

10.20.18 ELLIOT- What a joke.

10.22.06 CARTER- What?

10.25.24 ELLIOT- I can't believe I'm actually going to die on my first mission.

10.28.07 CARTER- You're not.

- 10.30.22 ELLIOT- Come on, Major. Even if this symbiote can fix what's wrong with me. We're never getting out of here.
- 10.36.20 CARTER- Sure we are. You've read our mission files. We go through the gate, get into trouble, get out of it and go home.
- 10.44.10 ELLIOT- Tell that to Major Mansfield.
- 10.50.04 CARTER- Okay, forget the pep talk. You knew what you were signing up for.
- 10.55.15 ELLIOT- Yeah.
- 10.56.27 CARTER (OS)- You got this assignment because you were strong, both physically and mentally.
CARTE (CONT)- Now give the symbiote inside you a chance. He needs you as much as you need him right now. Do not...
- 11.43.02 ZIPACNA'S JAFFA- The base has been infiltrated. Many dead Tok'ra were found,...
ZIPACNA'S JAFFA (OS CONT)- as well as three humans of the Tauri.
- 11.48.19 ZIPACNA- Allies of the Tok'ra.

- 11.50.20 ZIPACNA'S JAFFA (OS)- The few Tok'ra we captured died before we could extract any information.
- ZIPACNA'S JAFFA (CONT)- However, moments ago, six Jaffa were found dead outside what we believe to be a lab.
- ZIPACNA'S JAFFA (OS CONT)- Three had obviously been killed by weapons of the Tauri.
- 12.02.18 ZIPACNA- Then there are survivors still free.
- 12.05.01 ZIPACNA'S JAFFA- It would seem so.
- 12.08.00 ZIPACNA- What about the chemical weapon?
- 12.10.18 ZIPACNA'S JAFFA- No evidence of it has been found.
- ZIPACNA'S JAFFA (OS CONT)- The Tok'ra computers were sabotaged...
- ZIPACNA'S JAFFA (CONT)- before our ground troops arrived.
- 12.16.28 ZIPACNA- Then find the missing survivors.
- 12.19.23 ZIPACNA'S JAFFA- The tunnels are extensive, my Lord. But we will not fail you.
- 12.46.21 ELLIOT- He loves you, Major. It was one of the only reasons he was fighting to live.
- He just wanted you to know.

- 12.58.14 CARTER- The symbiote I carried was Martouf’s mate. Martouf and I became close friends because of it.
- 13.07.21 ELLIOT- I’m telling you, he loves you.
ELLIOT (OS CONT)- As much as he once loved Jolinar. He regrets what happened.
 How the host ultimately died.
ELLIOT (CONT)- He doesn’t want you to feel responsible.
- 13.27.20 CARTER- It’s okay.
- 13.35.09 ELLIOT- It’s getting hard to breath.
- 13.38.07 CARTER- Yeah. Hang on.
- 14.34.21 O’NEILL (VO)- Carter. Carter. If you hear me, respond.
- 14.39.22 CARTER- Sir, we’re here. The tunnel collapsed. We’re trapped.
- 14.43.29 O’NEILL (VO)- Yeah, we noticed that.
O’NEILL (CONT)- Listen, how do we use these crystals to move the walls?
- 14.56.05 ELLIOT- Each crystal is designed to create a different section of tunnel. (beat) The small square ones will create short straight openings.
- 15.09.04 CARTER- Sir, use the small square one if you’ve got it.

- 15.15.04 O'NEILL- Roger that. Got a small square one there?
- 15.22.10 TEAL'C- There are several of both a square and rectangular design.
- 15.27.04 O'NEILL- Small?
- 15.29.25 ELLIOT- If they choose the wrong one, they could collapse the tunnel in on us.
- 15.34.29 CARTER- Sir, make sure you use the right crystal.
CARTER (VO CONT)- It's perfectly square.
- 15.42.14 O'NEILL - Looks square to me. Sweet.
- 16.04.29 CARTER (OS)- Thank you.
- 16.05.24 O'NEILL- You bet. Anytime.
- 16.07.20 CARTER- Did you find a Tok'ra Communicator?
- 16.09.12 O'NEILL- No. No we didn't.
- 16.11.20 TEAL'C- Many Jaffa troops search the tunnels.
TEAL'C (OS CONT)- They will be here soon.
- 16.16.02 ELLIOT- Use the long rectangle.

- 16.37.00 O'NEILL- Nice.
- 16.38.26 ELLIOT- You should seal the tunnel behind us.
- 17.01.07 OSIRIS- Time has taught him humility and respect for the union of the System Lords.
- 17.09.02 YU- Do not take me for a fool.
- 17.10.24 OSIRIS- Please. The Goa'uld have warred with each other since the beginning of time.
OSIRIS (OS CONT)- Anubis has been amassing power so that he may win back your...
OSIRIS (CONT)- respect. He is also no fool. He knows that you would not accept I'm back without need.
- 17.26.00 YU- We do not need Anibus.
- 17.28.08 OSIRIS- Dissent and disbelief previously unseen in the ranks of the Jaffa, infiltration and subversion...
OSIRIS (OS CONT)- by the Tok'ra, and you cannot continue to...
OSIRIS (CONT)- ignore the threat of the humans of Earth. How many must die?
OSIRIS (OS CONT)- How many dominions must fall?
OSIRIS (CONT)- And how can we continue to claim to be gods if we cannot act like them. The Tauri cannot be allowed to triumph again and again.

- 18.03.28 YU- The treaty with the Asgard protect their planet.
- 18.06.25 OSIRIS- From the System Lords?
- 18.08.17 YU- Who must enforce the treaty upon all Goa'uld.
- 18.12.10 OSIRIS- But not from one who's been dead for a thousand yeas.
- 18.16.00 YU- What do you propose?
- 18.23.04 OSIRIS- Accept my vote on behalf of Anubis.
OSIRIS (OS CONT)- And before he resumes his position amongst you,...
OSIRIS (CONT)- he will destroy Earth.
- 18.45.01 O'NEILL- How many more of those things do we have?
- 18.47.07 TEAL'C- Six.
- 18.48.26 CARTER- We can't stay down here forever. We're out of water.
- 18.51.23 TEAL'C- The Jaffa will not rest until they have found us.
- 18.55.12 O'NEILL- Why do you say that?

- 18.58.11 TEAL’C- If their intent was to simply kill the Tok’ra they have weapons that could have destroyed this facility from space. Their tactics of using ground troops suggest they are looking for something.
- 19.09.03 CARTER- The poison.
- 19.10.06 ELLIOT- We can’t let them have it. If it comes down to it, we’ll have to destroy the crystal that contains the formula.
- 19.19.27 O’NEILL- Come on, they gotta stop looking for us eventually.
- 19.22.12 TEAL’C- Even if they do stop searching, they will never leave the Stargate unguarded.
- 19.26.25 O’NEILL- Well, Jacob and Daniel will be back sooner or later.
- 19.30.00 ELLIOT (OS)- The Tok’ra will have broadcast an alert telling them to stay away.
ELLIOT (CONT)- They will assume we died along with the other Tok’ra.
- 19.42.00 O’NEILL- Maybe.
- 19.43.12 CARTER- Well, without any way of communicating with them, how will they find us?
- 19.49.22 O’NEILL- Let’s keep moving.
- 20.01.18 DANIEL- Jacob?

20.02.11 JACOB (VO)- Yeah.

20.05.07 DANIEL- They're gonna vote on whether to accept Anubis back. Apparently he has a plan to attack Earth.

20.09.18 JACOB- Did you get any details?

20.11.17 DANIEL (VO)- Osiris didn't say. Hey, here's a question for ya.

DANIEL (CONT)- Why do you think the Goa'uld are allowing their human slaves to hear everything that's going on?

20.21.06 JACOB (VO)- I'm not sure.

JACOB (CONT)- The truth is, we suspected they were going to kill the slaves when the summit was done.

20.26.12 DANIEL- And you didn't think that was important enough to tell me?

20.28.16 JACOB- Not considering that you were going to kill all the Goa'ulds.

20.32.23 DANIEL- I'm not doing that...

DANIEL (VO CONT)- anymore.

20.34.15 JACOB- True. What's your point?

20.36.16 DANIEL (VO)- There's a big vat of live symbiotes here.

20.41.27 JACOB- So they're not planning on killing the slaves after all.

20.44.06 DANIEL (VO)- Not by the looks of it.

20.46.18 JACOB- Get t the shied generator and shut it down. I'll get you out of there.

20.49.13 DANIEL- Not yet.

20.50.03 JACOB (VO)- Daniel, if you get caught and that poison falls into the wrong hands...

20.53.13 DANIEL- I won't get caught.

21.04.00 BAAL- Who among us accepts the return of Anubis to the System Lords? (beat) The
vote need not be unanimous.

BAAL (OS CONT)- By a count of six to one, Anubis is awarded to stay the System
Lord, and welcomed back among those that...

BAAL (CONT)- lead the Goa'uld. Osiris will be allowed to vote in his behalf.

21.45.18 OSIRIS- You shall not regret this.

21.49.20 BAAL- May we rule forever.

21.52.20 OLOKUN- There is much to discuss in that regard.

21.55.22 KALI- But first...

21.58.19 BAAL- Lo ko harak sha Mel.

23.12.03 TEAL'C- There does not appear to be any Jaffa currently pursuing us.

23.15.00 O'NEILL- Good. We haven't heard bombers in a while. Let's try the surface.

23.21.00 CARTER- Elliot. Can you hear me? How do we use the crystals to tunnel up to the surface?

23.27.27 ELLIOT- Surface.

23.31.00 CARTER- Yeah. We wanna get up there and get some water.

23.35.22 ELLIOT- Diamond.

23.40.12 CARTER- You said the Tok'ra are probably transmitting an alert to warn others away.

23.45.20 ELLIOT (OS)- Long range sensors. Detect incoming ships.
ELLIOT (CONT)- Transmit signals to deep space.

23.53.14 CARTER- Could we re-program one to signal Jacob and Daniel?

24.00.15 ELLIOT- It's possible.

24.02.17 TEAL’C- Where are they?

24.05.01 ELLIOT- Four of them. Twenty-five miles from the gate.

ELLIOT (OS CONT)- Each is due North, South, East and West.

24.15.13 O’NEILL- I figure we’re three miles from the gate.

24.17.04 CARTER- Give or take. Either way, we have to get to one of those sensors.

24.38.17 O’NEILL- Let’s go.

24.48.06 DANIEL- You knew they were going to eat them.

24.50.15 SLAVE 1- Yes. They do that every night for as long as the summit continues.

24.55.14 DANIEL- What do you think happens when this is over? To us, I mean?

25.58.24 SLAVE 1- That is between you and your master.

25.01.03 DANIEL (OS)- Don’t you think it’s strange that the Goa’uld are letting us see their
sacred rituals?

DANIEL (CONT)- Hear their most secret conversations?

25.07.26 SLAVE 1 (OS)- I've been in the service of my master for twenty-four years.
SLAVE 1 (CONT)- In that time I've seen and heard many, many things. Have you
not?

25.20.02 DANIEL- My master's regular Lo'Tar could not be present. I took his place on short
notice.

25.24.24 SLAVE 1- I see.

25.29.14 DANIEL- May I speak honestly with you?

25.31.16 SLAVE 1- Have you not been honest prior to...
SLAVE (OS CONT)- now?

25.34.16 DANIEL- Yes, of course. What I mean is, can I trust you that no matter what I say, this
conversation will remain between us? I believe the Goa'uld are powerful
beings. That use humans like us as hosts.
DANIEL (OS CONT)- I believe they use their power to portray gods...
DANIEL (CONT)- so that the masses will follow and serve them.

25.57.19 SLAVE 1- I agree.

26.01.00 DANIEL- You know this to be true?

26.02.19 SLAVE 1- Yes.

- 26.03.17 DANIEL- And yet you still serve?
- 26.04.27 SLAVE 1- As do you.
- 26.08.13 DANIEL- Yes. But my fear is that when this is over my master will not wish me to spread the secrets that I have learned and will kill me to prevent it.
- 26.17.17 SLAVE 1- You would not be here if your master did not trust you.
- 26.21.18 DANIEL- True. But what if they do not care what we have seen and heard because when they are done eating the symbiotes, they plan to put the left-overs in us?
- 26.31.22 SLAVE 1- You should only be so fortunate.
- 26.34.16 DANIEL- Excuse me?
- 26.36.19 SLAVE 1- I have served my master so well, for so long, in the hope that one day he would grant me the honor of implantation.
- 26.44.14 DANIEL- The honor?
- 26.46.07 SLAVE 1- Yes. Endless pleasure.
SLAVE 1 (OS CONT)- And the power of the Goa'uld.
SLAVE 1 (CONT)- A chance to one day ascend to the rank of System Lord.

- 27.05.13 KALI- I lost two motherships in that battle.
- 27.09.04 OSIRIS- Your strategy was obviously...
OSIRIS (OS CONT)- weak.
- 27.17.05 YU- Your master has exacted tolls from each of us.
- 27.21.10 OSIRIS- Yet you all voted to welcome him back into the fold.
- 27.25.18 BAAL- The power he has regained so quickly is worthy of respect.
- 27.28.18 OLOKUN- But what does he offer now to repay the damage he has done in...
OLOKUN (OS CONT)- garnering his forces?
- 27.33.05 OSIRIS- Anubis owes the System Lords nothing. He joins you for the greater good of
all Goa'uld.
- 27.40.13 BAAL- Anubis may have grown strong, but he does not outweigh the collective power
of the System Lords. What deed does Anubis offer as evidence for the
dedication you claim on his behalf?
- 27.54.12 YU- Speak now or leave us.

28.00.07 OSIRIS- As I have said before, Anubis believes that the greatest threat to the Goa'uld is that from within.

OSIRIS (OS CONT)- As we meet here,...

OSIRIS (CONT)- that threat is being weakened. Over the years, we have all lost a great deal to the infiltrations, subversions, and rebellious acts of the Tok'ra. Today will henceforth be known as the day the blood of the Tok'ra ran free, and their rebellion...

OSIRIS (OS CONT)- ended for good.

29.05.17 TEAL'C- There are gliders scouting the area.

29.07.05 O'NEILL- We figure we have twenty to twenty-five miles to go in that direction.

29.10.21 CARTER- With this terrain, I figure we can make a mile every fifteen minutes. That should hopefully put us at the sensors in under nine hours.

29.24.26 DANIEL (OS)- I wish to pass on a message from my master,...

DANIEL (CONT)- Yu, to Osiris. He wishes to meet.

29.39.16 DANIEL (VO)- Jacob?

29.41.03 JACOB- What the hell's going on, Daniel?

- 29.42.24 DANIEL (VO)- Anubis knows the location of the Tok'ra base. Osiris says he's attacking right now.
- 29.48.01 JACOB- Get to the shield, Daniel. Shut it down. I'm coming in.
- 29.50.13 DANIEL (VO)- Forget that. I have a new plan.
- 29.58.20 JACOB (VO)- What are you doing?
- 30.00.06 DANIEL- I'm stealing Yu's cargo ship. I can fly out from inside the shield...
DANIEL (VO CONT)- without shutting it down, right?
- 30.06.04 JACOB- Yes. Why?
- 30.07.08 DANIEL- Ah, because I'm taking Osiris with me.
- 30.11.09 JACOB- Do you have her now?
- 30.12.08 DANIEL- No. But I'm working on it.
- 3.13.17 JACOB (VO)- Daniel, the chemical weapon you're carrying could be the only way we can stop the attack on Revanna.

- 30.18.27 DANIEL- Yeah, and ah, Osiris could eventually lead us to Anubis. Then you and
your...
DANIEL (VO CONT)- buddies can do your best to take the snake out and save Sarah,
right?
- 30.26.02 JACOB- How are you gonna fly that ship?
- 30.27.13 DANIEL- Well, I've flown a mothership, how hard can this be?
- 30.41.00 YU- Where is my lo'taur, Jarren?
- 30.42.20 SLAVE 1- I have not seen him, your lordship. (beat) My lord?
SLAVE 1 (OS CONT)- Forgive me.
SLAVE 1 (CONT)- While you know I faithfully serve my master Baal, and therefore
hear whatever I say with certain suspicion, I believe it is my duty to tell you
that your new lo'taur cannot be trusted.
- 31.27.19 OSIRIS- Stop! How unfortunate that Lord Yu...
OSIRIS (OS CONT)- cannot trust his slave.
OSIRIS (CONT)- Each was mortally wounded in the fight, as the slave attempted to
kill...
OSIRIS (OS CONT)- his master.
- 32.00.15 DANIEL- Sarah. It's me, Daniel.

32.20.03 OSIRIS- Go!

32.30.27 JACOB- That better be you, Daniel.

32.33.00 DANIEL (VO)- Get me outa this thing.

32.35.10 JACOB- I'm on my way.

32.47.17 ELLIOT- Major.

32.48.12 CARTER- Hold up. Yeah?

32.56.00 ELLIOT- I better tell you how to re-program the sensor.

33.20.22 JACOB- Are you okay?

33.21.12 DANIEL- Oh, yeah. Thanks.

33.24.09 JACOB- What happened?

33.24.26 DANIEL- I had her, then Yu had me, and and I had to get out of there while they were
fighting it out.

33.29.09 JACOB (OVERLAPPING)- The poison?

- 33.29.10 DANIEL- It's right here. How long is it gonna take us to get there?
- 33.40.28 JACOB- Pushing the hyperdrive engines full power, six hours. But we may already be too late.
- 33.46.00 DANIEL- I know this may seem unimportant right now but I might as well tell you anyway, I think I figured out why the Goa'uld population hasn't been growing much lately.
- 34.04.14 CARTER- Colonel.
- 34.16.10 O'NEILL- Nice.
- 34.20.14 ZIPACNA'S JAFFA- My Lord, a cargo ship was detected exiting hyper space. But it cloaked immediately. Its current location is unknown.
- 34.29.26 ZIPACNA- Deploy a squadron of gliders and have them scan the atmosphere for disturbances, and if the ship even attempts to land on the planet, shoot it down. What about the survivors?
- 34.46.28 ZIPACNA'S JAFFA- They have not been found as yet, my Lord. The search continues.

- 34.50.11 ZIPACNA-Then join the search yourself.
ZIPACNA (OS CONT)- And if you do not find...
ZIPACNA (CONT)- either the formula, or a living Tok'ra that could tell me of it, do not
bother to return.
- 35.09.16 JACOB- We're getting an alert from the surface.
- 35.11.17 DANIEL- What's it say?
- 35.13.04 JACOB- The base has been compromised. Assume no survivors. We should go.
- 35.47.07 CARTER- That's it, I'm done.
- 35.40.26 O'NEILL- How do we know if it's working?
- 35.43.20 CARTER- I guess if someone comes to rescue us.
- 35.51.18 JACOB- We're getting another signal.
- 35.43.23 DANIEL- What is it?
- 35.56.12 JACOB- It's an S.O.S.
- 35.59.04 DANIEL- Well, it has to be Jack or Sam.

36.00.25 JACOB- Hopefully both, and more. Let's ride.

36.15.09 DANIEL- What the hell?

36.21.01 JACOB- We've been hit.

JACOB (OS CONT)- Our cloaking mechanism has failed.

JACOB (CONT)- They must have locked on to our heat signature as we passed through the atmosphere. I can't shake 'em.

JACOB (OS CONT)- I'm diverting power to the shields. We're losing altitude fast! Hang on, Danny, we're going in.

36.51.12 TEAL'C- There.

36.58.02 JACOB- This is gonna be rough.

37.27.08 O'NEILL- Stay with Elliot.

37.47.13 DANIEL- Hey, you okay?

37.53.13 JACOB- Oh, not really.

37.55.09 DANIEL- Ah, yeah, you'd think a race advanced enough to fly around in spaceships would be smart enough to have seat belts, huh.

38.03.04 JACOB- Ah, we'd just prefer not to crash.

38.06.06 DANIEL- Come on. Let me get you outa here.

38.22.22 TEAL’C (OS)- Are you injured?

28.23.26 JACOB- I’ll live.

28.25.26 O’NEILL- How’s our ride?

38.27.04 JACOB- It’s not going anywhere fast.

38.38.06 CARTER- Dad. You all right?

38.42.13 JACOB- Yeah. It looks worse than it is. Are you all right?

38.44.16 CARTER- Yeah, I’m fine.

38.47.10 DANIEL- How’s Elliot?

38.48.21 CARTER (OS)- He’s in rough shape. He got injured during a...

CARTER (CONT)- cave in. Lantash went into him to try and save him. But it’s not working.

38.56.18 JACOB- There’s a chance we might be able to save the cargo ship before this whole area is swarming with Jaffa. Those gliders definitely made our position.

- 39.05.10 TEAL'C- We cannot escape through the Stargate.
- 39.07.22 DANIEL- We still have this.
- 39.09.18 JACOB (OS)- As much area as that will cover, I don't think the chemical will spread...
JACOB (CONT)- from here to the Stargate.
- 39.13.27 CARTER- Well, we can't release it here. It would kill you, Elliot, and Teal'c.
- 39.17.14 O'NEILL- Then I guess I gotta figure out a way to get it to the gate.
- 39.20.21 JACOB- It's suicide. You're assuming the Jaffa...
JACOB (OS CONT)- won't shoot you on sight.
- 39.24.19 TEAL'C (OS)- Given the lack of cover, and the size of the...
TEAL'C (CONT)- Jaffa army, I do not believe even I could make it to the Stargate
undetected.
- 39.30.26 ELLIOT- Leave it here with me.
- 39.38.07 O'NEILL- What good's that gonna do?
- 39.40.03 ELLIOT- Leave here and hide the, the Jaffa will find me. I'll tell them I know the
formula.
ELLIOT (OS CONT)- They'll take me to the gate.

- 39.55.11 TEAL’C- He is correct. He will be taken to the base camp by the Stargate before
 being sent to the mothership.
- 40.00.26 O’NEILL- Won’t they search him first?
- 40.04.27 ELLIOT- Then I’ll, then I’ll set off the weapon. Take out as many as I can. Please.
 We’re both gonna die. I cannot save us. But there’s a chance that we can
 save you.
- 40.41.23 O’NEILL- What about Elliot?
- 40.44.04 ELLIOT- It doesn’t make sense for any of you to try and risk your lives to try and save
 me. Give me the device. (beat) Now, now go, they’ll be here soon. He’s
 happy now. He just wanted you to know how he felt.
- 41.55.00 CARTER- I do. And I’ll never forget him. Or you.
- 42.07.05 TEAL’C- Ground forces will not be far behind.
- 42.11.00 JACOB- Sam, we gotta go.
