01:00:21:04	(DIALING CELLPHONE)
01:00:24:01	(TELEPHONE RINGING)
01:00:31:25	CARTER: Hello?
01:00:33:10	DR. FLEMMING (O/S FILTERED): Is this Major Samantha Carter?
01:00:35:00	CARTER: Who is this?
01:00:36:18	DR. FLEMMING: My name is Richard Flemming. You don't know me, but I need your help.
01:00:40:15	CARTER: It's 2:00 in the morning.
01:00:42:29	DR. FLEMMING: I know what happened to you. I know about Adrian Conrad.
01:00:48:28	CARTER: Who are you?
01:00:50:14	DR. FLEMMING: They never shut the project down, Major...

01:00:52:25 DR. FLEMMING (CONT'D O/S FILTERED): and now it's out of control.

01:00:54:17 CARTER: What project?

01:00:55:08 DR. FLEMMING: You have to protect me. They know that I--

01:00:57:17 (SCREECHING AND CRASHING)

01:01:00:03 (LINE GOES DEAD)

01:01:01:18 CARTER: Hello? Hello?

ACT ONE

01:02:37:19 CARTER: His name is Dr. Richard Flemming. He's a biologist, formerly a professor of advanced genetics at Stanford.

01:02:44:04 JONAS: Sure. He's famous for developing hybrid strains of disease-resistant corn and cotton.

01:02:52:29 JONAS: I read an article about him in *The American Journal for Evolutionary Science*.

01:03:00:03 JONAS (CONT'D): The Base library has a subscription.

01:03:02:13 CARTER: Well, what the article didn't say is that two years ago, he accepted a position with a company called Immunitech Research, which, it turns out, is a wholly-owned subsidiary of Zetatron Industries.

01:03:15:00 TEAL'C: Adrian Conrad.

01:03:18:00 JONAS: Who?

01:03:19:15 CARTER: You don't know?

01:03:23:17 HAMMOND (O/S): Adrian Conrad was a man who had himself...

01:03:26:15 HAMMOND (CONT'D): implanted with a stolen symbiote in order to cure himself of a deadly disease.

01:03:30:10 CARTER: That was 10 months ago. At the time, Immuntech was located in Phoenix. One week after we took Adrian Conrad into custody, their operations were scaled back, and they moved to a small town on the coast of Oregon called...Steveston.

01:03:44:18 HAMMOND (O/S): We need to talk to...

01:03:47:08 HAMMOND (CONT'D): this Dr. Flemming.

01:03:48:18 CARTER: He was reported missing this morning, sir. They found his car totaled, but there was no body.

01:03:53:10 HAMMOND (O/S): This obviously warrants...

01:03:55:11 HAMMOND (CONT'D): further investigation. I'll have transportation arranged for the three of you.

01:04:00:17 JONAS: Colonel O'Neill won't be joining us?

01:04:02:17 CARTER: The Tok'ra are still looking for a suitable host for his symbiote.

01:04:06:09 HAMMOND: You'll have to do your best without him. Dismissed.

01:04:17:16 CARTER: You knew who Adrian Conrad was, didn't you?

01:04:19:13 JONAS: Well, I've memorized all of your mission reports. I just don't want people around here to start thinking I'm strange.

01:04:26:17 CARTER: People don't think you're strange.

01:04:31:10 JONAS: What about Colonel O'Neill?

01:04:35:04 CARTER: Let's get some lunch.

01:05:01:28 CARTER: What are you doing?

01:05:03:04 JONAS: Keeping a visual record. I'll catalog all the images when we get back to
the base.

01:05:07:00 JONAS (CALLING OUT): Teal'c...

01:05:10:13 JONAS: See, the image appears right there on the back.

01:05:14:09 CARTER: I'm going to go talk to the sheriff. Keep an eye on Teal'c.

01:05:17:01 JONAS: Sure.

01:05:18:21 CARTER (WHISPERING): Keep an eye on Jonas.

01:05:31:05 CARTER: Excuse me. Hi.

01:05:32:21 DEPUTY: Hi. Can I help you?

01:05:36:02 CARTER: I'm Major Samantha Carter with the Air Force. I'm looking for Sheriff
Knox.

01:05:39:04 SHERIFF KNOX (O/S): I'm Sheriff Knox.

01:05:42:01 SHERIFF KNOX (CONT'D): Welcome to Steveston, Major.

01:05:43:15 CARTER: Thank you, sir.

01:05:44:04 SHERIFF KNOX: Hey, those doughnuts? Do you want anything, Major?

01:05:45:29 CARTER: Oh, no, thank you.

01:05:48:27 DEPUTY: Sure thing.

01:05:52:07 SHERIFF KNOX: Have a seat, Major.

01:05:56:26 SHERIFF KNOX: So, uh, you're looking for information about Dr. Richard
 Flemming?

01:06:01:16 CARTER: That's right. I understand he's missing.

01:06:04:14 SHERIFF KNOX: We found his car in a ditch outside of town. It was pretty badly
 smashed up, but there was no sign of him.

01:06:10:23 CARTER: Can I see the car?

01:06:22:12 CARTER: You think he walked away from this?

01:06:25:02 SHERIFF KNOX: Look, Major, no offense, but this is my problem. The Air Force
 has no jurisdiction here.

01:06:35:11 CARTER: I know I can't force you to tell me anything, but Dr. Flemming may have
 had information pertaining to a matter of national security.

01:06:45:18 CARTER (CONT'D): I'm asking for your help.

01:06:52:00 SHERIFF KNOX: We haven't had a murder in this county in eight years.

01:06:55:18 CARTER: So you don't think it was an accident?

01:06:57:29 SHERIFF KNOX: Well, at the very least, someone didn't want us to find the body.

01:07:04:05 CARTER: Did you know him?

01:07:05:28 SHERIFF KNOX: The people at Immunitech didn't mix too much with the locals,
 but according to his co-workers, he was acting a little strange lately.

01:07:16:15 CARTER: Strange how?

01:07:17:28 SHERIFF KNOX: Nervous, agitated.

01:07:22:02 SHERIFF KNOX (CONT'D O/S): We found these in his glove compartment.

01:07:26:10 CARTER: Amphetamines.

01:07:27:23 SHERIFF KNOX: He had no history of drug use.

01:07:30:03 CARTER: I'd like to see his lab, if I may.

01:07:32:25 SHERIFF KNOX: There was a fire last night at Immuntech. The place was gutted.

01:07:45:15 CARTER: Flemming's lab was destroyed in a fire.

01:07:48:00 JONAS: So what now?

01:07:49:23 CARTER: Check out his house.

01:08:13:17 (LOCK UNLATCHING)

01:09:02:19 CARTER: Find anything?

01:09:04:26 TEAL'C: Nothing of interest.

01:09:06:24 CARTER: Me neither. There's nothing on the hard drive, there's no disks, no
notes, no papers. There's not even a credit card bill. This place has been
cleaned.

01:09:20:16 TEAL'C: Major Carter...

01:09:39:24 COURIER: Can you sign for this?

01:09:41:15 CARTER: Uh, sure.

01:09:45:15 COURIER: Thanks.

01:09:46:27 CARTER: Thank you.

01:09:55:27 CARTER: Well, this is odd.

01:09:57:13 JONAS: What is it?

01:09:59:00 CARTER: This package to Dr. Richard Flemming was sent from Dr. Richard
 Flemming.

01:10:03:22 JONAS: Why would he send something to himself?

01:10:05:25 CARTER: Maybe he knew they were going to search the house. It's a good way to
 hide something for a couple of days.

01:10:49:16 CARTER: The police found amphetamines. We found a syringe. I think we need
 to at least admit there's a possibility that Dr. Flemming was suffering
 from some kind of drug-induced paranoia.

00:01:11:05 TEAL'C: Perhaps his paranoia was well founded--he is missing, his place of work
 was destroyed, and all evidence was removed from his home.

01:11:07:19 CARTER: Well, the scientists working for Adrian Conrad were studying this
 sybiote in order to create some kind of superdrug. Maybe this is what
 they came up with.

01:11:16:10 JONAS: Well, if that's true, then a lot of people would kill to get their hands on it.

01:11:22:07 CARTER (O/S): Well, we won't know anything for sure until we send a sample of
this back to the base for analysis.

01:11:27:09 CARTER (CONT'D): I think tomorrow we should talk to other people who worked
at Immunitech. We need to figure out what was going on at that lab.

01:11:53:20 (CAR ARRIVING)

01:11:57:09 (DOORS OPEN, THEN CLOSE)

01:12:17:15 TOWNSPERSON (O/S): As some of you may already know, we have three
uninvited guests in town. They are asking questions. The chances are
they won't find anything...

01:12:30:23 TOWNSPERSON (CONT'D): but if they do, then we will have to deal with them.

END OF ACT ONE

ACT TWO

01:13:22:15 CARTER: Hey.

01:13:31:00 JONAS: Mm.

01:13:32:15 CARTER: Nice lunch.

01:13:35:08 JONAS: I'm really starting to enjoy this traditional American food.

01:13:40:10 CARTER: We have another tradition. It's called hardened arteries.

01:13:46:16 TEAL'C: Were you able to learn anything?

01:13:47:29 CARTER: No one who worked at Immunitech wants to talk.

01:13:50:28 TEAL'C: Our attempts to gather information from the local townsfolk proved
equally fruitless.

01:13:54:19 JONAS: I wouldn't say that.

01:14:01:07 JONAS: Don't tell me you haven't noticed how strangely people have been acting
around here.

01:14:05:05 CARTER: What are you talking about?

01:14:07:23 JONAS: Well, for instance, that man there, right behind Teal'c...

01:14:11:11 JONAS (CONT'D O/S): He doesn't realize it, but he just put eight cubes of sugar into his coffee...

01:14:16:08 JONAS (CONT'D): and that lady over at the counter, she's been reading the same article for a half an hour. Since we sat down, that waitress has dropped her tray twice...

01:14:25:24 JONAS (CONT'D): the cook has gotten three orders wrong, including my hamburger, which I ordered medium rare, but is in fact well done.

01:14:31:08 JONAS (CONT'D O/S): I've been noticing similar behavior all morning.

01:14:34:16 JONAS (CONT'D): It's like the entire town's half asleep.

01:14:37:10 DEPUTY: Major Carter?

01:14:39:16 DEPUTY (CONT'D O/S): Sorry to bother you. Sheriff Knox would like to see you.

01:14:49:18 SHERIFF KNOX: I understand you and your colleagues have been asking a lot of questions around town.

01:14:54:06 CARTER: Yeah. Is that a problem?

01:14:58:00 SHERIFF KNOX: We found gasoline residue

01:15:00:10 SHERIFF KNOX (CONT'D O/S): at the lab, a lot of it.

01:15:02:23 CARTER: So the fire was deliberate.

01:15:03:29 SHERIFF KNOX: Which means the stakes have gotten a lot higher. Major, if you know something...

01:15:08:10 CARTER (INTERRUPTING): Sheriff, I already told you my investigation pertains to

01:15:11:25 CARTER (CONT'D O/S): a matter of--

01:15:13:20 SHERIFF KNOX (INTERRUPTING): National security. I know.

01:15:16:14 CARTER (O/S): The truth is, I didn't get...

01:15:17:29 CARTER (CONT'D): any useful information this morning.

01:15:20:03 SHERIFF KNOX: I'm not surprised.

01:15:21:12 SHERIFF KNOX (CONT'D): Everyone who worked at the lab had a confidentiality agreement. Nobody wants to get sued.

01:15:26:25 CARTER: Well, now that we know it was arson, maybe the company will be willing to cooperate.

01:15:29:27 SHERIFF KNOX: I wouldn't be too sure about that.

01:15:33:05 CARTER: Well, they're going to want to know who burned their lab down.

01:15:37:08 SHERIFF KNOX: There's something you don't know.

01:15:42:18 SHERIFF KNOX (CONT'D): Two months ago, another Immunitech researcher
 named Peter Stofer disappeared. The case was never solved.

01:15:49:21 CARTER: Why didn't you tell me this?

01:15:51:03 SHERIFF KNOX: The town's been through some rough times, Major. The
 shipyard shut down two years ago, put everybody out of work.

01:15:57:16 SHERIFF KNOX (CONT'D O/S): When Immunitech came along...

01:15:59:12 SHERIFF KNOX (CONT'D): they brought a lot of money to the area.

01:16:01:12 CARTER: So nobody wants to hear anything bad about them.

01:16:03:14 SHERIFF KNOX: There was no solid evidence of foul play in the Stofer case. He
 just didn't show up for work one day, and hasn't been seen since...

01:16:11:03 SHERIFF KNOX (CONT'D O/S): but I did get the feeling...

01:16:13:03 SHERIFF KNOX (CONT'D): the company had something to hide.

01:16:15:13 CARTER: What do you mean?

01:16:22:00 SHERIFF KNOX: We subpoenaed documents from them.

01:16:27:14 SHERIFF KNOX: This is what we got.

01:16:41:03 CARTER: Did Stofer work with Dr. Flemming?

01:16:43:06 SHERIFF KNOX: They were partners.

01:16:48:05 CARTER: I'm going to need to borrow these.

01:16:53:11 CARTER (V/O): Well, this is interesting. It's a shipping invoice.

01:16:56:26 CARTER (CONT'D): Flemming and Stofer ordered all the latest material on stem
 cell research.

01:17:01:28 JONAS: Really? Hmm...and there's no record of Immuntech doing research in
 that area. It's...

01:17:08:29 CARTER: I know.

01:17:09:07 TEAL'C: Why would they keep that a secret?

01:17:12:18 CARTER: Well, stem cells can be used to create skin grafts or replacement
 organs, but theoretically, they can also be used to create human
 clones...

01:17:20:17 JONAS: Which is illegal.

01:17:22:05 CARTER (O/S): So if they were doing some kind of...

01:17:24:09 CARTER (CONT'D): cloning research, and Flemming decided to blow the whistle-

-

01:17:26:20 TEAL'C (INTERRUPTING): He would have to be silenced.

01:17:30:20 JONAS: But why would he call you?

01:17:32:13 CARTER: Well, it must have something to do with Adrian Conrad.

01:17:37:05 CARTER: We should go through the rest of this stuff, see if anything turns up.

01:17:51:20 JONAS: This town certainly does get quiet at night.

01:18:00:23 (CONVERSATIONS END SUDDENLY)

01:18:10:15 JONAS: Evening.

01:18:31:18 BARTENDER: What can I get you?

01:18:34:00 TEAL'C: Ginger ale.

01:18:37:02 JONAS: I'll have the same.

01:18:46:20 TEAL'C: It does not appear we are welcome here.

01:18:48:27 JONAS: Well, it's natural for small-town people to be suspicious of strangers,
right? We just have to give it more of an effort.

01:18:59:11 JONAS (CALLING OUT): Hey, guys.

01:19:16:04 TEAL'C: You have much to learn about humans.

01:19:18:07 JONAS: That's kind of my point. How are we supposed to fit in when we spend all
our time on base?

01:19:28:05 JONAS: Thanks.

01:19:34:20 TEAL'C: I have a sufficient understanding of Earth culture.

01:19:38:03 JONAS: But you'll never really be one of them.

01:19:40:20 TEAL'C (O/S): This is not my home. When my time...

01:19:43:01 TEAL'C (CONT'D): with SG-1 is done, I will return to Chulak with my son.

01:19:47:21 JONAS: I guess that's the difference between us.

01:19:52:28 JONAS (CONT'D): I don't think I'll be able to go back.

01:20:04:20 GUY #1: You're in our seats.

01:20:07:02 TEAL'C: There are many empty seats.

01:20:08:27 GUY #1: But these are ours.

01:20:24:18 (DOOR OPENING)

01:20:26:21 SHERIFF KNOX (O/S): Is there a problem here?

01:20:32:24 JONAS: No. Apparently, we were in their seats.

01:20:59:28 SHERIFF KNOX: What was that?

01:21:01:24 GUY #1: They're not fit to be in our presence.

01:21:04:27 SHERIFF KNOX: If you do anything to jeopardize this operation, I will kill you
myself.

END OF ACT TWO

ACT THREE

01:21:52:23 CARTER (O/S): I spoke with Janet this morning. She did a preliminary...

01:21:55:06 CARTER (CONT'D): analysis on the sample I sent her. She thinks the liquid in the
syringe might be some sort of sulfa-based antibiotic.

01:22:02:14 JONAS: So, some kind of miracle drug?

01:22:05:16 CARTER: We won't know anything for sure until we get more test results back.

01:22:15:17 JONAS: That's the guy from the bar.

01:22:20:05 JONAS: Hi.

01:22:21:15 GUY #1: Hello.

01:22:22:22 JONAS: Sorry about our...misunderstanding last night.

01:22:28:01 GUY #1: Excuse me?

01:22:29:16 JONAS: At the bar, our little confrontation. My friend and I were in your seats.

01:22:36:28 GUY #1: I'm afraid you've got me mistaken for someone else.

01:22:41:13 JONAS: I don't think so.

01:22:45:03 GUY #1: Last night, I was home in bed.

01:22:49:28 JONAS (O/S): That's a little strange.

01:22:52:15 JONAS (CONT'D): He didn't seem to remember us.

01:22:54:28 TEAL'C: Perhaps he had consumed too much alcohol.

01:22:56:17 JONAS: I thought of that, but he wasn't showing any of the signs of a hangover.

01:22:59:23 CARTER: Maybe he didn't want his wife to know he was in the bar.

01:23:02:04 JONAS: He didn't have a wedding ring.

01:23:05:13 TEAL'C: We are being watched. The silver car...

01:23:12:00 JONAS: That's the guy from the sheriff's office. He was outside when we first got
in town. He was in the restaurant yesterday.

01:23:47:12 DARK-HAIRED MAN: Okay, take it easy.

01:23:49:25 CARTER: Why are you following us?

01:23:52:21 DARK-HAIRED MAN: I don't know what you're talking about.

01:23:54:22 CARTER: Teal'c...

01:23:55:23 DARK-HAIRED MAN: All right, all right, all right. I wasn't sure if you could be trusted.

01:23:59:21 CARTER: With what?

01:24:03:15 DARK-HAIRED MAN: I was a security guard at Immunitech.

01:24:09:00 DARK-HAIRED MAN (CONT'D): I think Dr. Flemming was murdered.

01:24:12:16 JONAS: Why would you say that?

01:24:13:21 DARK-HAIRED MAN (O/S): Well, about a week ago, he came to me. He wanted to know...

01:24:16:03 DARK-HAIRED MAN (CONT'D): if I could get him a gun, said his life was in danger, and that I was the only one who could help him.

01:24:20:06 CARTER: Why you?

01:24:21:25 DARK-HAIRED MAN: Well, that's the weird part. He said that the people who were after him only come out during the night while everyone's asleep.

01:24:28:16 DARK-HAIRED MAN (CONT'D): Since I work the graveyard shift and sleep during the day, I guess he figured I wasn't one of them.

01:24:34:19 DARK-HAIRED MAN (CONT'D O/S): First, I thought he was crazy...

01:25:27:03 JONAS: But why didn't the man from the restaurant remember me?

01:25:30:11 CARTER: Are you sure it was the same guy?

01:25:31:29 JONAS: Positive.

01:25:33:05 TEAL'C: Jonas Quinn is correct. It was the same man.

01:25:35:26 JONAS (O/S): Yesterday, you said that there was evidence...

01:25:39:00 JONAS (CONT'D): that Flemming and Stofer were conducting research into
cloning.

01:25:41:08 CARTER: No, I said there was evidence they were reading up on stem cells.

01:25:44:17 JONAS: Which can be used to create human clones.

01:25:47:23 JONAS (CONT'D O/S): What if the man from the restaurant...

01:25:49:16 JONAS (CONT'D): doesn't remember because the man in the bar wasn't really
him?

01:25:55:25 JONAS (CONT'D): He was a clone.

01:25:57:10 CARTER: No, no, no, Jonas, you can't create replicas of fully-grown people.
They'd be infants.

01:26:02:15 TEAL'C (O/S): Still, the people...

01:26:04:22 TEAL'C (CONT'D): of this town are behaving strangely...

01:26:08:16 TEAL'C (CONT'D): even for humans.

01:26:12:00 CARTER: The town's been through a lot. First, the shipyard was shut down...

01:26:16:05 CARTER (CONT'D O/S): then the lab was destroyed. The entire future of the town
 is in jeopardy.

01:26:22:03 CARTER: What?

01:26:31:19 CARTER: You noticed these tire marks from the road?

01:26:34:18 JONAS: I didn't think much of them at the time.

01:26:36:20 TEAL'C: This area has been well traveled, and recently. There are many footprints
 as well as tire tracks.

01:26:42:26 CARTER: Let's check it out.

01:26:59:15 JONAS: You have got to teach me how to do that.

01:27:03:08 CARTER: Wormhole theory, motorcycle riding, and lock-picking.

01:27:05:26 JONAS: Not necessarily in that order.

01:27:19:20 CARTER: In there.

01:27:46:10 CARTER: Somebody's been busy.

01:27:58:00 TEAL'C: These appear to be schematics.

01:28:03:15 CARTER: Yeah, but for what?

01:28:07:21 JONAS: I've got a pretty good idea.

01:28:23:10 (WHISTLES)

END OF ACT THREE

ACT FOUR

01:29:06:15 CARTER: Near as we can tell, sir, it's some kind of alien ship, partially constructed.

01:29:11:13 CARTER: No, sir, I don't think we should do anything drastic until we have more information.

01:29:17:02 CARTER: Yes, sir. Understood.

01:29:20:24 CARTER: General Hammond's going to hold off calling in the troops until we can figure out who built this thing and why.

01:29:26:01 JONAS: Well, all the disks we got from the shipyards are encoded. I can't read any of them.

01:29:30:09 CARTER: Let me try.

01:29:31:19 JONAS: Yeah.

01:29:37:19 TEAL'C: Adrian Conrad illegally acquired a symbiote from Colonel Maybourne. It is possible he also acquired alien technology.

01:29:44:13 CARTER: I don't know. I mean, this is unlike anything...

01:29:46:24 CARTER (CONT'D O/S): the Russians or the N.I.D. ever had.

01:29:48:09 JONAS: Then there must be some kind of alien presence here in town.

01:29:51:02 CARTER: It looks that way, but how did they get here?

01:29:54:26 TEAL'C: It is not probable they arrived through the Stargate.

01:29:57:16 JONAS: If they came by ship, why would they be building another one?

01:29:59:22 TEAL'C: Perhaps an accident or a malfunction.

01:30:03:03 CARTER (O/S): Well, either way, they're not finished...

01:30:05:29 CARTER (CONT'D): which means they'll be back. My guess is they work under
the cover of darkness.

01:30:11:07 JONAS: They only come out at night.

01:30:14:26 CARTER: Okay. I think I can break this code, but it's going to take a while.

01:30:38:26 CARTER (O/S FILTERED): Teal'c, is there any activity?

01:30:41:12 TEAL'C: Negative. How is the decryption progressing?

01:30:46:11 CARTER: Slowly.

01:31:28:27 JONAS: Something's happening.

01:31:45:19 CARTER: Here we go.

01:31:56:25 CARTER: Oh, my God.

01:32:02:25 CARTER (O/S FILTERED): Teal'c, come in.

01:32:05:08 TEAL'C: Major Carter, many of the townspeople have arrived at the shipyard.

01:32:10:02 CARTER (O/S FILTERED): They're Goa'uld. Repeat--the people building the ship
are Goa'uld.

01:32:14:05 TEAL'C: How is that possible?

01:32:16:14 CARTER: Flemming and Stofer really were doing cloning research, only it was
Adrian Conrad's symbiote that they cloned.

01:32:22:03 TEAL'C: Why did we not sense their presence?

01:32:23:13 CARTER: There's no Naquadah in their blood.

01:32:26:25 JONAS (O/S): There's way too many of them.

01:32:31:05 CARTER: You guys had better get back here. I'll see if I can translate more of this
text.

01:32:33:29 TEAL'C: Affirmative.

01:32:37:14 DEPUTY: Hold it. Keep the weapons on the dash.

01:32:40:04 DEPUTY (CONT'D O/S): Put your hands in the air and get out of the car.

01:32:54:23 JONAS: What is this?

01:32:56:06 DEPUTY (O/S): Get in the van.

01:33:41:06 (POUNDING)

01:34:01:13 JONAS: Where are you taking us?

01:34:03:07 DEPUTY: Back to the motel. We want you out of town by daybreak.

01:34:13:26 DEPUTY: I'm Agent Cross, that's Agent Singer, N.I.D.

01:34:24:05 JONAS: So you know what's going on here?

01:34:25:28 DEPUTY: Of course. We've been monitoring the situation for the last three
 months.

01:34:29:11 TEAL'C: They are waiting for the symbiotes to complete the ship.

01:34:32:06 DEPUTY: It's going to be the first line of our new planetary defense system.

01:34:35:08 JONAS: You set this whole thing up?

01:34:36:21 DEPUTY: No, we just took advantage of the situation. Immuntech cloned the
symbiotes, then there was some kind of an accident. We figure
Flemming was the first to be infected, and then he went after...

01:34:46:19 DEPUTY (CONT'D O/S): the other townspeople.

01:34:47:27 JONAS: No. Flemming is the one who tipped us off.

01:34:49:15 TEAL'C: The symbiotes are immature. They are too weak to assert permanent
control.

01:34:54:14 DEPUTY: But when the hosts go to sleep, they take over. When people wake up
the next morning, they're a little tired, but none the wiser.

01:35:00:24 JONAS: That's why Flemming was on amphetamines.

01:35:04:09 TEAL'C: You may acquire a ship, but what of the townspeople?

01:35:06:05 DEPUTY: Oh, don't worry about them. We have ways of dealing with that
situation.

01:35:09:06 TEAL'C: We will report this to Stargate Command.

01:35:11:12

DEPUTY: Go ahead. This isn't some rogue operation. We have the full support of our superiors, and when this mission is completed, we will have succeeded where the SGC failed for five years. We have all the angles covered.

END OF ACT FOUR

ACT FIVE

01:36:50:00 JONAS (CALLING OUT): Sam?

01:36:52:22 JONAS (CALLING OUT): Sam?

01:37:00:05 JONAS: They took her.

01:37:07:05 JONAS: You have to do something.

01:37:10:07 DEPUTY: Relax. We have a containment team on standby for emergencies. We
can have this whole town locked down and quarantined in 45 minutes.

01:37:16:03 TEAL'C: Then do so.

01:37:19:17 JONAS: Your operation is blown, Agent Cross. The symbiotes know we're on to
them.

01:37:25:00 DEPUTY: This is Cross. We have a code six.

01:37:28:01 DEPUTY (CONT'D O/S): I repeat, code six. This is not a drill.

01:37:34:08 DEPUTY: We just lost 500 years of technical advancement.

01:37:39:00 BARTENDER (O/S): It's much worse than that.

01:37:56:02 JONAS: Sam...are you all right?

01:38:05:21 JONAS: What's going on?

01:38:10:08 CARTER: You should only speak when spoken to.

01:38:15:08 JONAS: Okay...

01:38:26:08 (OPENING COOLER)

01:38:45:19 SHERIFF KNOX: Welcome, brother. Do you know where you are?

01:38:49:17 DEPUTY: I have the memories of my host.

01:38:52:16 SHERIFF KNOX: Good. When the containment team gets here, you and Agent
Singer will take the symbiotes...

01:38:59:00 SHERIFF KNOX (CONT'D O/S): and report back to N.I.D. headquarters.

01:39:01:28 TOWNSPERSON: What about the rest of us?

01:39:04:00 SHERIFF KNOX: We'll be detained.

01:39:05:17 BARTENDER (O/S): It'll only be a matter of days...

01:39:07:06 BARTENDER (CONT'D): before we've taken control of the organization.

01:39:09:15 JONAS: That's an ambitious plan.

01:39:13:01 JONAS: Easy, okay? Sorry.

01:39:18:07 SHERIFF KNOX (O/S): The irony is we only wanted to get off this pathetic planet...

01:39:22:24 SHERIFF KNOX (CONT'D): but when we realized they were watching us, we came up with a new plan.

01:39:35:25 CARTER (O/S): Wait.

01:39:37:14 CARTER (CONT'D): Major Carter was writing a report on her computer. It would be better if the containment team didn't find it.

01:39:48:05 SHERIFF KNOX: Get the computer first.

01:39:57:15 TOWNSPERSON: Should we use these two as hosts?

01:40:01:13 CARTER: No. This one is Jaffa.

01:40:08:28 SHERIFF KNOX: Sholva. You should be serving your god.

01:40:13:26 TEAL'C: Apophis, the false god, is dead.

01:40:16:27 SHERIFF KNOX: Really?

01:40:21:09 SHERIFF KNOX: What about this one?

01:40:23:11 CARTER: He's an alien. Humans don't really trust him.

01:40:34:00 CARTER: We'll have to kill them.

01:41:10:23 (HELICOPTER OVERHEAD)

01:41:38:22 DEPUTY (O/S): Sergeant Krieger...

01:41:41:06 SERGEANT: Agent Cross...

01:41:42:14 DEPUTY: What's our status?

01:41:44:04 SERGEANT: Perimeter is in place. We're ready to begin rounding up the citizens.

01:41:47:17 DEPUTY: Excellent. Agent Singer and I are going to need transport immediately
to headquarters.

01:41:51:15 SERGEANT: I'll call in the chopper.

01:42:06:10 SERGEANT (YELLING): Get out of the car! Keep your hands where we can see
them.

01:42:15:19 CARTER: I'm Major Carter, United States Air Force. I have important information
for Agent Cross.

01:42:22:24 DEPUTY: Let her through.

01:42:45:00 DEPUTY: What are you doing here?

01:42:46:24 DEPUTY (CONT'D O/S): You were supposed to be detained with the others.

01:42:49:10 CARTER: Major Carter is far more valuable to you if she hasn't been exposed.

01:42:52:16 DEPUTY: That wasn't part of the plan.

01:42:54:20 BARTENDER: No, she's right. While we're taking over the N.I.D., she can infiltrate
Stargate Command.

01:43:00:17 DEPUTY: It's too risky.

01:43:02:08 BARTENDER: You worry too much.

01:43:08:02 BARTENDER (CONT'D): The humans have no idea what's going on here.

01:43:09:25 CARTER: Oh, I wouldn't exactly say that.

01:43:20:10 CARTER: You guys aren't nearly as smart as you think you are.

01:43:27:23 CARTER: I translated enough of the Goa'uld writing to know that Immunitech had
engineered the symbiotes with a built-in kill switch, a susceptibility to a
particular antibiotic.

01:43:37:05 JONAS: The syringe...so we had it all along.

01:43:39:19 CARTER: When I saw the Goa'uld coming, I figured I had nothing to lose, so I injected myself, and it acted like a vaccine. It took only a few minutes to kill the symbiote, and then I just played along.

01:43:49:23 HAMMOND (O/S): We had similar results with the townspeople.

01:43:52:17 HAMMOND (CONT'D): They all responded positively to the treatment.

01:43:54:24 CARTER: Each dead symbiote will slowly break down and be absorbed into the host body.

01:43:58:20 TEAL'C: Do the townspeople have any recollection of these events?

01:44:01:17 HAMMOND: As far as they know, they were all inoculated against an outbreak of meningitis.

01:44:07:11 JONAS: So what about the ship?

01:44:09:10 CARTER: It's been transferred to Area 51. Even though it's not complete, it may still prove valuable.

01:44:14:03 HAMMOND (O/S): All right.

01:44:15:17 HAMMOND (CONT'D): Dismissed.

01:44:21:00 JONAS: So when we were in the sheriff's office...

01:44:24:16 JONAS (CONT'D): you were in complete control.

01:44:26:20 CARTER: That's right.

01:44:29:26 JONAS: And you felt it absolutely necessary to really slap me.

01:44:34:13 CARTER: I had to make it look good.

01:44:40:15 CARTER: Let's get some lunch.
