RECAP

01:00:00:20	TEAL'C AS NARRATOR: Previously on Stargate SG-1...
01:00:02:27	FRAISER: Cassandra, what are you doing?
01:00:06:28	CASSANDRA: It helps to do this.
01:00:08:24	DANIEL JACKSON: "Hok'tar" is actually a hybrid of two Goa'uld words, "Hok," which means advanced, and "tar," which I believe is a sort of slang.
01:00:16:02	O'NEILL: For?
01:00:17:09	TEAL'C: Human.
01:00:18:14	DANIEL JACKSON: So essentially it's "advanced human," "Hok Tauri."
01:00:22:10	TEAL'C: Such an advanced human will represent a powerful host for the Goa'uld.
01:00:24:28	CARTER: Which explains why Nirrti was performing the experiments.
01:00:48:03	NIRRTI: Those few thousand years on another world have changed you more than you know.

01:00:53:07 NIRRTI: I can make you more powerful than you could imagine.

01:00:58:14 NIRRTI (CONT'D): Powers you've seen in Wodan and the others are only a
fraction of what I could give you.

TEASER

01:01:07:01 ELLORI (V/O): I must apologize, Colonel.

01:01:08:29 ELLORI (CONT'D): This is a meager feast to offer visitors from another world.

01:01:14:29 O'NEILL: No need to apologize. It appears delicious.

01:01:19:14 ELLORI (O/S): We are a poor people.

01:01:20:29 ELLORI (CONT'D): We are forced to spend most of our time in the mines.

01:01:24:18 CHAZEN: For the greater glory of Baal.

01:01:26:07 ELLORI (O/S): Of course.

01:01:30:00 CARTER: That's interesting, because according to our information, Baal
abandoned this planet over a hundred years...

01:01:35:01 CARTER (CONT'D O/S): ago when the Naquadah mines went dry.

01:01:36:25 ELLORI (O/S): The Naquadah is scarce...

01:01:38:05 ELLORI (CONT'D): and difficult to extract, but there are still deposits.

01:01:41:11 TEAL'C: Are you feeling unwell, Jonas Quinn?

01:01:43:02 JONAS: I'm fine. It's just, uh, it's hot.

01:01:48:17 CHAZEN (O/S): It is true we have not seen Lord Baal

01:01:50:09 CHAZEN (CONT'D): for many generations, but we continue to offer him tribute
through his emissary, Lord Mot.

01:01:55:05 O'NEILL: Are you expecting this guy any time soon?

01:01:57:17 ELLORI: He will arrive in 12 days, at the rising of the full moon.

01:02:08:03 CHAZEN: Stop talking like an old fool. It would be madness to defy Lord Mot.

01:02:14:15 ELLORI (O/S): With each passing...

01:02:16:02 ELLORI (CONT'D): year, the mining grows more difficult. Soon, it may be
impossible to meet Lord Mot's demands...

01:02:22:11 ELLORI (CONT'D O/S): but we have no choice.

01:02:25:05 ELLORI (CONT'D): They are gods, after all, are they not?

01:02:31:09 CHAZEN: Well, they have great power. That is all we need to know.

01:02:33:27 ELLORI: That is true. However--

01:02:35:23 CHAZEN: Ellori.

01:02:42:02 O'NEILL: However what?

01:02:47:20 ELLORI: We have an ancient prophecy that one day, strangers would come
 through the Chappa'ai...

01:02:53:13 ELLORI (CONT'D O/S): to slay the gods and free our people.

01:02:56:14 ELLORI (CONT'D): Now, you have arrived, and you also carry weapons of great
 power.

01:03:02:26 CHAZEN: Stop talking like an old fool. It would be madness to defy Lord Mot.

01:03:14:00 O'NEILL: Jonas?

01:03:17:12 JONAS: I need some air.

01:03:21:09 CARTER (O/S): Jonas...

ACT ONE

01:04:57:00 FRAISER: Preliminary tests seem to indicate that Jonas is in perfect health, but given his history with Naquadria research, I thought it would be prudent to do an MRI.

01:05:06:15 FRAISER (CONT'D): Now, it shows an area of unusual brain activity right about here.

01:05:10:14 HAMMOND: Any explanation?

01:05:12:26 FRAISER (O/S): No, sir.

01:05:14:10 FRAISER (CONT'D): In fact, I don't even know if this has anything to do with what happened on the planet.

01:05:17:05 JONAS: I had a dizzy spell. It was probably the food.

01:05:20:08 FRAISER: Maybe, but I don't want to take any chances. I've scheduled a series of follow-up exams.

01:05:25:05 HAMMOND: Very well.

01:05:35:10 CARTER (V/O): According to Tok'ra intelligence...

01:05:37:10 CARTER (CONT'D): not only did Baal abandon P4S 237 over a hundred years ago, but to the best of their knowledge, he no longer receives any Naquadah shipments from the planet.

01:05:45:13 HAMMOND: So where's it going?

01:05:47:05 CARTER: Well, perhaps this Lord Mot is keeping it for himself.

01:05:50:01 HAMMOND: What do we know about him?

01:05:51:16 JONAS: He was the Caananite god of death. According to mythology, he was defeated by Baal and then forced to live in the underworld.

01:06:00:19 TEAL'C: In all likelihood, there was a power struggle. Baal defeated Mot and forced him into servitude.

01:06:07:07 O'NEILL: Maybe he doesn't want to serve anymore.

01:06:09:25 TEAL'C (O/S): If he is stockpiling Naquadah without Baal's...

01:06:12:03 TEAL'C (CONT'D): knowledge, he may well be planning to move against him.

01:06:14:29 CARTER: Sir, if we're right about this, and Baal no longer has any knowledge of what's happening on the planet, it's possible we could free these people.

01:06:20:27 CARTER (CONT'D O/S): If the System Lords think...

01:06:23:03 CARTER (CONT'D): the planet's worthless, then we wouldn't have to worry about somebody coming in to take his place.

01:06:26:15 HAMMOND: Did they ask for our help?

01:06:28:09 O'NEILL: Not exactly.

01:06:31:15 CARTER (O/S): I think they were afraid to come out and ask...

01:06:33:00 CARTER (CONT'D): directly, but they did hint that they no longer believe the Goa'uld are gods.

01:06:36:27 HAMMOND: What do you think, Colonel?

01:06:38:14 O'NEILL: I think we're going to need a lot more intel.

01:06:46:15 CARTER (O/S): Hey...

01:06:48:15 CARTER (CONT'D): do you want to get some lunch? It's Mexican today.

01:06:52:17 CARTER (O/S): According to Ellori, Mot isn't due...

01:06:54:27 CARTER (CONT'D): to return for another 12 days. That gives us plenty of time.

01:06:57:21 HAMMOND: I'll contact the Pentagon.

01:07:12:05 CARTER (O/S): Hey...

01:07:13:05 CARTER (CONT'D): do you want to get some lunch? It's Mexican today.

01:07:18:02 CARTER (CONT'D): What?

01:07:20:17 JONAS: I knew you were going to say that.

01:07:22:27 CARTER: What are you talking about?

01:07:25:11 JONAS: Before, when we were in the briefing room. I had a... I don't know. It was
like a vision.

01:07:31:24 JONAS (CONT'D): I was standing here holding this notebook. You came in and
said what you said.

01:07:36:22 CARTER: When you think you're reliving a moment, it's called deja vu. It's normal.
It's said to be caused by a split-second delay in sense perception.

01:07:44:28 JONAS: This was different.

01:07:48:10 JONAS (CONT'D): It was the same on the planet-- I saw something, and then it
happened.

01:07:53:21 CARTER: When?

01:07:55:10 JONAS: Just before I passed out. I didn't say anything because I didn't think
anything of it at the time, but now it's happened twice.

01:08:11:24 FRAISER: Sir, we just completed a second MRI. There's still nothing to suggest that Jonas' previous exposure to Naquadria has anything to do with this.

01:08:20:09 HAMMOND: According to Major Carter, he claims to be having visions.

01:08:23:09 FRAISER: Mm-hmm. He's also beginning to suffer from headaches. I know the symptoms appear to be similar to what happened to those scientists on Kelowna...

01:08:30:19 FRAISER (CONT'D): but there are no indications of schizophrenia. There is, however, a small spot on this MRI that has me worried.

01:08:38:18 HAMMOND: Do you know what it is?

01:08:40:03 FRAISER: I'm not sure, but it could be a tumor.

01:08:43:06 HAMMOND: Is this what caused him to pass out?

01:08:45:08 FRAISER: It's possible.

01:08:49:19 FRAISER (CONT'D): Sir, I think it would be best if you took Jonas off of active duty.

01:08:55:20 JONAS: This is ridiculous.

01:08:57:21 O'NEILL: Fraiser's just covering all the bases.

01:09:00:06 JONAS: Something else has to be going on here. Whatever she saw in that MRI has to have something to do with these visions I'm having. I mean, it can't be just coincidence.

01:09:12:20 JONAS (CONT'D): What, you guys didn't believe me when I was seeing those alien creatures. They turned out to be real.

01:09:20:04 O'NEILL: So you're seeing things before they happen.

01:09:26:16 JONAS: That's right.

01:09:28:01 O'NEILL: Like what's for lunch...

01:09:33:21 JONAS: I can't control it. They're just flashes.

01:09:38:18 TEAL'C: We have encountered many strange phenomena, Jonas Quinn, but we have yet to meet anyone that can see the future.

01:09:45:26 CARTER: It goes against all the laws of physics...

01:09:47:24 CARTER (CONT'D O/S): as we understand them. Have you had any more?

01:09:55:23 O'NEILL: Jonas?

01:10:00:20 JONAS: The Tok'ra are coming.

01:10:07:28 TECHNICIAN (O/S OVER INTERCOM): Unscheduled offworld activation.

01:10:18:20 JONAS: Her name is Sina.

01:10:25:20 HAMMOND: SG-1, this is Sina, of the Tok'ra.

01:10:29:13 SINA: We have further information about the System...

01:10:31:08 SINA (CONT'D O/S): Lord Baal.

01:10:34:22 HAMMOND: Is there a problem?

01:10:36:06 O'NEILL: No, sir.

01:10:40:18 HAMMOND: Please...

01:10:51:05 SINA: Baal has suffered a recent military defeat at the hands of Lord Yu. Anubis is
said to be very disappointed.

01:10:56:22 CARTER: It's hard to believe that Yu hasn't been destroyed yet.

01:10:59:12 SINA: Given that he is the only System Lord still in opposition to Anubis, his
persistence is remarkable.

01:11:05:09 O'NEILL: You go, Yu.

01:11:11:09 SINA: Baal's recent campaign was meant to be a final crushing blow, but he
allowed Yu to escape his grasp and suffered heavy losses in the
process.

01:11:19:16 O'NEILL: So he screwed up and his boss is pissed at him now, huh?

01:11:25:07 SINA: If I understand you correctly, yes, that would be a fair assessment.

01:11:30:26 TEAL'C: Clearly, Baal is in a vulnerable position. This may be an ideal time for
Mot to move against him.

01:11:36:11 CARTER: If he moves up to the rank of System Lord, he won't have to keep his
operation on 237 secret anymore. He could garrison the planet.

01:11:42:20 JONAS: So if we're going to help them, we'd better do it soon.

01:11:55:17 CARTER: Another headache?

01:11:58:00 JONAS: Yeah.

01:12:02:14 CARTER: Jonas, none of us had ever met that Tok'ra before. There's no way you
could have known her name.

01:12:07:17 JONAS: I can't explain it. I saw her in the briefing room, General Hammond said
her name, and then a few minutes later, it happened.

01:12:14:22 JONAS (CONT'D O/S): Teal'c said that you've never encountered...

01:12:18:01 JONAS (CONT'D): aliens with precognitive abilities, right?

01:12:20:12 CARTER: Yeah, we haven't.

01:12:22:02 JONAS: But we have come across other psychic powers.

01:12:28:01 CARTER: On P3X 367.

01:12:29:15 JONAS: Wodan was telekinetic, Eggar was telepathic...

01:12:34:24 JONAS (CONT'D): and then there was Cassandra.

01:12:36:15 CARTER: You think Nirrti has something to do with this.

01:12:38:12 JONAS: It's very possible. She had me in that gene splicing machine for over an hour. What if she did something to me?

01:12:52:10 FRAISER (O/S): It's hard to say without a biopsy...

01:12:54:00 FRAISER (CONT'D): but all of my tests seem to indicate that the tumor is not made up of cancer cells.

01:12:58:26 HAMMOND: Then what is it?

01:13:00:09 FRAISER: I'm not sure, but I do know that it's grown by over 50% since the last test.

01:13:06:10 FRAISER (CONT'D O/S): I've never seen anything like it.

01:13:08:05 HAMMOND (O/S): What can we do?

01:13:09:20

FRAISER: I recommend immediate surgery. If we don't get it out of him soon, the
intra-cranial pressure is going to kill him.

END OF ACT ONE

ACT TWO

01:13:46:29 FRAISER: I've called in a neurosurgeon. Her name is Dr. Sandy Van Densen.

She's the best there is.

01:13:51:29 JONAS: I'm not completely convinced that surgery is the right way to deal with this.

01:13:56:28 FRAISER: Jonas, it's going to kill you.

01:13:58:20 JONAS: You don't know that. We don't even know what it is.

01:14:02:13 CARTER: Jonas and I have been discussing the possibility that this has something to do with Nirrti...

01:14:06:21 CARTER (CONT'D O/S): that it's another step towards the creation of a Hok'tar.

01:14:10:01 FRAISER: So you think this is the result of genetic manipulation?

01:14:13:18 CARTER: Jonas thinks the new tissue in his brain is somehow giving him precognitive abilities.

01:14:19:21 FRAISER: Well, for all I know, you may be right, but that doesn't change the fact that if this tumor continues to grow at its current rate...

01:14:27:03 FRAISER (CONT'D O/S): it is still going to kill you.

01:14:28:14 JONAS: It may stabilize.

01:14:29:15 O'NEILL: Nirrti never did anything to anyone that didn't turn out badly.

01:14:33:28 JONAS: Colonel, you of all people should realize what an advantage...

01:14:38:15 JONAS (CONT'D O/S): this could be.

01:14:40:05 JONAS (CONT'D): Imagine if we could know in advance when and where the next
Goa'uld attack would come from.

01:14:44:03 TEAL'C: You have yet to provide such valuable information.

01:14:47:12 JONAS (O/S): All I'm saying

01:14:47:28 JONAS (CONT'D): is just give me some more time, at least 48 hours.

01:14:53:17 HAMMOND: Make it 24, and you'll remain on base for observation.

01:14:57:01 JONAS: What about the mission?

01:14:58:10 HAMMOND: You're going to sit this one out. Colonel, I want you to take...

01:15:02:06 HAMMOND (CONT'D O/S): the rest of SG-1 and SG-15 back to the planet for a
full tactical assessment.

01:15:07:11 HAMMOND (CONT'D): If there's a real chance we can free these people from the
Goa'uld, I want to know about it.

01:15:11:19 O'NEILL: Yes, sir.

01:15:16:02 HAMMOND: Dismissed.

01:15:25:12 FRAISER: Blood pressure's a little high. How are the headaches?

01:15:31:11 JONAS: Not good.

01:15:32:09 FRAISER: Jonas, why are you doing this?

01:15:34:14 JONAS: Even limited precognitive abilities would be invaluable to our work.

01:15:40:02 FRAISER: Mm. You still think you have to keep proving yourself, don't you?

01:15:47:18 FRAISER (CONT'D): You know, you might want to consider the possibility that
you're valuable enough already.

01:15:57:20 FRAISER (CONT'D): Let's run another EEG.

01:15:59:10 NURSE: Yes, doctor.

01:16:09:24 FRAISER: Jonas?

01:16:14:07 FRAISER: How's she doing?

01:16:16:05 NURSE: Respirations are shallow. Pulse is weak.

01:16:18:07 FRAISER: Sam, can you hear me? Sam?

01:16:20:29 NURSE: I've lost the pulse.

01:16:22:03 FRAISER: She's in v-fib.

01:16:24:10 FRAISER (CONT'D O/S): Anything?

01:16:25:27 NURSE (O/S): Nothing.

01:16:26:10 FRAISER (O/S): Charge to 200.

01:16:27:15 NURSE (O/S): Charging.

01:16:29:16 FRAISER (O/S): Clear.

01:16:38:00 FRAISER: Jonas!

01:16:49:11 JONAS: Colonel! Colonel! You have to stop the mission.

01:16:53:18 O'NEILL: Why?

01:16:55:18 JONAS: Major Carter gets hurt. I saw it.

01:16:56:26 HAMMOND (O/S OVER INTERCOM): Colonel O'Neill...

01:16:59:01 HAMMOND (CONT'D): what the hell's going on down there?

01:17:04:07 JONAS (O/S): It was a medical emergency. Major Carter was being...

01:17:07:04 JONAS (CONT'D): rushed to the infirmary with what appeared to be a staff blast wound.

01:17:12:05 TEAL'C: According to the villagers, we will not encounter any Jaffa for many days.

01:17:16:23 JONAS: Maybe they were wrong, or maybe they lied. We can't know for sure.

01:17:20:24 CARTER: Well, that's just it, Jonas. There's no way we can know.

01:17:25:09 CARTER (CONT'D): Maybe it's not even supposed to happen on this mission. It could be weeks from now.

01:17:28:23 JONAS: I don't think I can see that far ahead.

01:17:31:09 CARTER (O/S): The point is...

01:17:32:08 CARTER (CONT'D): we can't start second-guessing every decision. It's a calculated risk every time we step through the gate.

01:17:36:12 HAMMOND: I agree, major. However, until we have a better understanding of what's going on, I'd prefer to err on the side of caution.

01:17:42:00 O'NEILL: Was anybody else hurt on this thing?

01:17:45:10 JONAS: I only saw Major Carter.

01:17:47:24 O'NEILL: Well, then, she can sit this one out just to be on the safe side.

01:17:54:23 HAMMOND: Agreed, but, colonel, be careful.

01:17:58:23 O'NEILL: Yes, sir.

01:18:11:07 O'NEILL: Major Pierce, report.

01:18:13:27 MAJOR PIERCE (O/S OVER RADIO): We've swept the whole village, sir. There's
no sign of any Jaffa activity.

01:18:18:03 ELLORI: As I said, Lord Mot will not arrive for many days.

01:18:21:24 O'NEILL: All right. Stay sharp. O'Neill out.

01:18:25:27 ELLORI: Have you decided to help us?

01:18:30:00 O'NEILL: Are you sure this is what you want?

01:18:31:24 ELLORI: It is as the prophecy foretold.

01:18:33:23 O'NEILL: No, screw the prophecy. I need to know your people are willing to follow
through on this.

01:18:39:13 ELLORI: Last winter, there was a terrible sickness in the village. Many could not work. When Lord Mot arrived and there was not enough Naquadah, we tried to explain. We begged his forgiveness...

01:18:53:22 ELLORI (CONT'D O/S): but he would not listen.

01:18:57:04 ELLORI (CONT'D): He took 10 of the sickest,

01:19:00:19 ELLORI (CONT'D O/S): including my daughter's husband...

01:19:03:13 ELLORI (CONT'D): and executed them in front of the whole village. We would do anything to be free of this burden.

01:20:15:27 (ALARM SOUNDING)

01:20:18:07 TECHNICIAN (O/S OVER INTERCOM): We have a medical emergency on level 25. We have a medical emergency on level 25.

01:20:30:00 JONAS: What happened?

01:20:31:15 SILER: We were doing an overhaul of the gate generators, and there was a power spike. The capacitor blew.

01:20:36:04 JONAS: Was anybody else hurt?

01:20:36:25 SILER: Major Carter.

01:20:45:02 FRAISER (O/S): How's she doing?

01:20:46:27 NURSE: Respirations are shallow. Pulse is weak.

01:20:49:00 FRAISER: Sam, can you hear me? Sam?

01:20:51:29 NURSE: I've lost the pulse.

01:20:53:03 FRAISER: She's in v-fib.

01:20:55:11 FRAISER (CONT'D): Anything?

01:20:57:06 NURSE: Nothing.

01:20:58:00 FRAISER: Charge to 200.

01:20:59:04 NURSE: Charging.

01:21:00:18 FRAISER: Clear.

01:21:02:24 NURSE: Clear.

01:21:04:26 FRAISER: What've we got?

01:21:06:14 NURSE: Pulse is back. Regular signs.

01:21:08:24

FRAISER: Okay, let's get them both into the infirmary. Let's move.

END OF ACT TWO

ACT THREE

01:21:51:20 CARTER: Thanks. Hey.

01:21:53:23 JONAS: How are you feeling?

01:21:55:03 CARTER: Slightly overcooked. Janet says I'll be fine.

01:22:00:02 JONAS: Sam, I'm sorry.

01:22:03:24 CARTER: For what?

01:22:05:09 JONAS: If I had just kept my mouth shut, you would have gone on the mission.
None of this would have happened.

01:22:08:22 CARTER: Jonas--

01:22:10:00 JONAS: I envisioned it exactly the way it happened, but I didn't understand it. I
misinterpreted the vision. I won't make that same mistake again.

01:22:17:01 CARTER: Don't do this to yourself.

01:22:18:29 JONAS: I've been thinking about this a lot. Now, I've always been hyper-
observant. I see details that other people miss. I see patterns.

01:22:28:15 JONAS (CONT'D): Maybe predicting the future is just an extension of that...

01:22:31:17 JONAS (CONT'D O/S): ability.

01:22:32:18 CARTER: It doesn't work that way.

01:22:34:24 CARTER (CONT'D): According to Newtonian physics, yes-- if you could know the position and velocity of every...

01:22:40:26 CARTER (CONT'D O/S): particle in the universe at any given moment, you could accurately predict all of their interactions for the rest of time.

01:22:46:16 JONAS: So then the future is predetermined. It's just a matter of having enough information to figure it out.

01:22:51:02 CARTER: Yes, but quantum mechanics blows that out of the water.

01:22:54:13 CARTER (CONT'D O/S): According to the Heisenberg Uncertainty Principle, it is impossible to look at a...

01:22:59:11 CARTER (CONT'D): sub-atomic particle and know both where it is and where it's going at the same time. The more accurately you fix its...

01:23:05:04 CARTER (CONT'D O/S): position, the more uncertain you make its velocity, and vice versa.

01:23:08:16 CARTER (CONT'D): The best we can do is calculate probabilities.

01:23:11:02 JONAS: So then I'm seeing probable futures.

01:23:15:23 CARTER: Maybe.

01:23:17:29 JONAS: Every vision I've had has turned out exactly the way I saw it.

01:23:22:21 CARTER: That doesn't mean they always will, Jonas.

01:23:32:25 TEAL'C: Does Mot usually arrive through the Stargate?

01:23:34:27 ELLORI: No. He usually arrives by ship.

01:23:37:08 O'NEILL: Where does he land?

01:23:39:01 ELLORI: Here.

01:23:41:04 TEAL'C: How many Jaffa?

01:23:42:19 ELLORI: Eight, maybe 10.

01:23:45:27 TEAL'C: Clearly, he is not anticipating resistance.

01:23:49:24 MAJOR PIERCE: Colonel, we can do this. There's plenty of cover...

01:23:52:07 MAJOR PIERCE (CONT'D O/S): here and here.

01:23:54:04 MAJOR PIERCE (CONT'D): They'd never know what hit them.

01:23:55:21 O'NEILL: All right. We'll do a sweep of the area tomorrow.

01:23:58:05 ELLORI: I will show you.

01:24:00:09 CHAZEN (O/S): Old fool.

01:24:02:00 ELLORI: Chazen...

01:24:03:10 CHAZEN: These outsiders have led you astray, but I have taken care of
everything.

01:24:06:21 O'NEILL: What did you do?

01:24:08:21 (SHIP PASSES OVERHEAD)

01:24:11:27 TEAL'C: A scout ship.

01:24:13:15 CHAZEN: Lord Mot is coming.

01:24:19:08 FRAISER: Jonas, we need to go over these test results.

01:24:23:07 FRAISER (CONT'D): Jonas!

01:24:32:00 FRAISER (CONT'D O/S): This is Fraiser. I need a medical team to level 18, L7.

01:24:44:15 O'NEILL: You know, every time I wake up in a Goa'uld cell, I can't help the
thought that something bad is going to happen.

01:24:56:05 MOT: You are the Tauri of Stargate Command.

01:24:59:08 O'NEILL: And you are Lord Mot, come to punish us for our insolence, et cetera, yadda, et al.

01:25:07:15 MOT: That is correct.

01:25:08:21 O'NEILL: Yeah. Well, Mr. Mot, we're onto you. We know what you've got planned...

01:25:14:27 O'NEILL (CONT'D O/S): and we've informed the Tok'ra.

01:25:17:08 O'NEILL (CONT'D): If we don't report back on schedule, they're going to rat you out. They're going to tell your boss. They'll snitch on you.

01:25:23:04 MOT: You intend to send a warning to Baal.

01:25:29:10 O'NEILL: I think that's what I said, isn't it?

01:25:32:14 O'NEILL (CONT'D): I said that.

01:25:34:00 MOT: I think this is unlikely. You would not be here if you did not wish to protect the people of this planet.

01:25:40:16 MOT (CONT'D O/S): If Baal discovers the mines are still active, he will return.

01:25:44:20 MOT (CONT'D): There will be no message.

01:25:47:08 TEAL'C: Baal is in the service of Anubis. If you kill him, you will have to answer for it.

01:25:52:04 MOT: You may be of some assistance in that regard.

01:25:54:23 O'NEILL: I don't think so.

01:25:57:15 MOT: It is well known among the System Lords that an iris protects your gate. Obviously, you must transmit some kind of code before you return to your planet.

01:26:05:18 MOT (CONT'D): I suspect you use one of these.

01:26:13:21 MOT (CONT'D): You will tell me the code, and I will use it to destroy Stargate Command.

01:26:21:03 MOT (CONT'D): Anubis will congratulate me on my initiative.

01:26:25:07 TEAL'C: We will tell you nothing.

01:26:27:13 MOT: Not at first, but eventually.

01:26:33:03 MOT (CONT'D): However, for the moment, I must deal with these villagers. I cannot let their treachery go unpunished.

01:26:40:07 O'NEILL: They had nothing to do with this.

01:26:41:29 MOT: My spy tells me otherwise.

01:26:47:11 MOT (CONT'D): Of course, I could be convinced to spare them some discomfort...

01:26:58:14 MOT (CONT'D): Very well, then. I'll leave you to think about it.

01:27:21:16 JONAS: What am I doing here?

01:27:24:11 FRAISER: You had a seizure. We can't wait any longer, Jonas.

01:27:28:16 FRAISER (CONT'D O/S): If this tumor gets much bigger, we may not be able to
remove it safely.

01:27:34:10 JONAS: Wait.

01:27:35:25 FRAISER: What is it?

01:27:40:19 TECHNICIAN: Sir, we're receiving an IDC. It's SG-15.

01:27:43:15 HAMMOND: Open the iris.

01:27:45:00 TECHNICIAN: Yes, sir.

01:27:56:17 HAMMOND: SG-15, this is Hammond. Come in. Repeat, this is General
Hammond. Please respond.

01:28:08:07 (ALARM WAILING)

01:29:16:20 JONAS: I need to talk to General Hammond.

01:29:20:21 JONAS (CONT'D): Now!

END OF ACT THREE

ACT FOUR

01:29:50:10 JONAS: By the time you closed the iris, it was too late. They set off some kind of bomb...

01:29:54:02 JONAS (CONT'D O/S): that destroyed the entire gate room, maybe even the whole mountain.

01:29:57:12 HAMMOND: You sure it was SG-15's iris code?

01:29:59:10 JONAS: Positive.

01:30:00:21 CARTER: Sir, we have to warn them.

01:30:02:03 JONAS: Yeah, but maybe sending a message is what causes this to happen.

01:30:05:10 HAMMOND: Like when you tried to warn Major Carter about her injury.

01:30:08:05 JONAS: Yeah.

01:30:08:24 CARTER (O/S): Jonas, we've been...

01:30:09:18 CARTER (CONT'D): over this. The future isn't...

01:30:12:03 CARTER (CONT'D O/S): predetermined. Now, in the absence of any other information...

01:30:14:07 CARTER (CONT'D): the best we can do is follow normal procedures.

01:30:16:24 JONAS: Yeah, but if I didn't have this vision, we wouldn't be having this conversation. We're already beyond normal procedure.

01:30:22:07 HAMMOND: What do you suggest?

01:30:23:21 JONAS: We need more information. We need to know how the Jaffa get that iris code. Maybe I can find that out.

01:30:29:15 CARTER: I thought you said you couldn't control the visions.

01:30:31:29 JONAS: I haven't been trying hard enough.

01:30:34:03 FRAISER: No. Jonas, if we don't get you into surgery right now, you could die.

01:30:39:25 JONAS: I need just a little more time.

01:30:48:25 O'NEILL (O/S): Excuse me, miss.

01:30:50:12 O'NEILL (CONT'D): How about sending a little of that our... way?

01:31:03:25 O'NEILL (CONT'D): Or not.

01:31:07:27 O'NEILL: Wow. What did you put in that?

01:31:10:07 NATANIA: Kelmina root. They will sleep for many hours. I was able to retrieve this. Chazen has the rest of your belongings. I dared not take more.

01:31:19:00 O'NEILL: Where's your father?

01:31:20:10 NATANIA: He is being held in the village. Lord Mot intends to make an example of him.

01:31:24:08 O'NEILL: All right, we can help him, but we have to get to the gate to get some reinforcements here.

01:31:28:07 NATANIA: I understand.

01:31:29:13 O'NEILL: How do we get out?

01:31:31:11 NATANIA: This way.

01:31:34:00 O'NEILL: Boys...

01:31:43:12 FRAISER: You think that'll help?

01:31:46:08 JONAS: It works for Teal'c.

01:31:51:15 FRAISER: Jonas...

01:31:53:05 JONAS: I'm okay.

01:32:56:15 MAJOR PIERCE: We're good to go.

01:33:25:08 O'NEILL: Teal'c!

01:34:03:01 FRAISER (O/S): Jonas?

01:34:05:05 JONAS: I need to get to the control room.

01:34:06:20 FRAISER: What? Jonas! I need some help in here!

01:34:10:03 FRAISER (CONT'D): Get him on the bed.

01:34:11:26 FRAISER (CONT'D O/S): We've got to get him into surgery. Grab the gurney.
Easy.

01:34:16:09 FRAISER (O/S CONT'D): Jonas? Jonas... Jonas, can you hear me?

01:34:40:00 NATANIA: This path will take you to the Chappa'ai.

01:34:43:25 NATANIA (CONT'D): Colonel, I fear Mot will execute my father. There is not much
time.

01:34:49:09 O'NEILL: Just stay out of sight until we get back.

01:34:58:28 JONAS: Not yet.

01:35:03:08 CARTER: What happened?

01:35:05:05 FRAISER: We can't wait any longer.

01:35:06:23 JONAS: Sam...Sam.

01:35:11:02 JONAS (CONT'D): I saw it. I know what's going to happen.

01:35:16:01 CARTER: Sir, they're walking into an ambush!

01:35:20:02 CARTER (CONT'D O/S): According to Jonas...

01:35:20:25 CARTER (CONT'D): the Jaffa will be waiting for them at the gate. We have to
warn them.

01:35:24:11 HAMMOND: Dial P4S 237.

01:35:26:00 TECHNICIAN: Yes, sir.

01:35:41:09 NURSE: We're ready, doctor.

01:35:48:00 FRAISER: It's okay. Just relax.

01:35:51:22 JONAS: What's happening?

01:35:52:24 FRAISER: It's okay, Jonas.

01:35:52:23 JONAS: What's going on?

01:35:54:24 FRAISER: It's okay. Get the lorazepam.

01:35:59:00 FRAISER (CONT'D): It's okay, Jonas. It's not your problem anymore.

01:36:03:21 HAMMOND (O/S OVER RADIO): Colonel O'Neill, this is Hammond. Please
respond.

01:36:10:25 HAMMOND (O/S OVER RADIO CONT'D): Major Pierce, do you read me?

01:36:17:01 HAMMOND (O/S OVER RADIO CONT'D): Jonas believes there may be a Jaffa
presence awaiting your arrival at the Stargate.

01:36:22:07 HAMMOND (CONT'D): Exercise extreme caution...

01:36:24:23 HAMMOND (CONT'D O/S): when approaching the gate. I repeat...

01:36:27:02 HAMMOND (CONT'D): Exercise extreme caution when approaching the gate.
Jonas believes you may be walking into an ambush.

01:36:33:24 HAMMOND (CONT'D O/S OVER RADIO): Do you copy?

01:36:35:07 CHAZEN: Sendear...

01:36:39:00 CHAZEN: Check on the prisoners.

01:36:40:15 SENDEAR: Yes, sir.

01:36:42:15 HAMMOND (O/S OVER RADIO): Colonel O'Neill, do you copy?

01:36:45:24 HAMMOND (CONT'D): Major Pierce, do you read me?

01:36:49:00 TECHNICIAN: They could be out of range, sir.

01:36:50:22 CARTER: Or maybe they received the message but they can't respond.

01:36:53:07 HAMMOND: What about the MALP?

01:36:56:14 TECHNICIAN: We're not receiving anything, sir.

01:36:58:05 CARTER: Sir, SG-3 is prepped and ready to go.

01:37:01:02 HAMMOND: I just can't risk it, major. I could be sending them into an ambush.

01:37:06:00 HAMMOND (CONT'D): We're just going to have to hope Colonel O'Neill gets the
message.

END OF ACT FOUR

ACT FIVE

01:37:56:02 SENDEAR: The prisoners have escaped.

01:38:00:15 CHAZEN: Sound the alarm.

01:38:12:13 (HORN BLOWING)

01:38:16:17 O'NEILL: Pierce.

01:38:29:26 MOT: Who gave the order to sound the alarm?

01:38:32:13 CHAZEN: I did. The prisoners have escaped.

01:38:33:27 MOT: Idiot. I allowed that foolish girl to help them. My Jaffa are waiting at the gate.

01:38:39:18 CHAZEN: Oh, I could not have known. You must forgive me.

01:38:41:21 MOT: You are mistaken.

01:38:54:20 VAN DENSEN: Scissors.

01:39:04:29 VAN DENSEN (CONT'D): There it is.

01:39:08:01 VAN DENSEN (CONT'D): Looks like an astrocytoma.

01:40:09:26 NURSE (O/S): Pressure's 60 on 40.

01:40:11:15 FRAISER: Doctor, we're losing him.

01:40:13:05 VAN DENSEN: Hold on. I see it.

01:40:15:25 VAN DENSEN (CONT'D O/S): Retract this flap.

01:40:25:05 VAN DENSEN (CONT'D): I think I've got it.

01:40:31:11 NURSE: Pressure's coming up. Heart rate's...

01:40:33:19 NURSE (CONT'D O/S): stabilizing.

01:40:36:00 VAN DENSEN: Okay. Let's get this thing out of him.

01:41:08:27 TECHNICIAN: Still no signal, sir.

01:41:19:00 TECHNICIAN (CONT'D): Sir, we're receiving an IDC. It's SG-15.

01:41:23:18 HAMMOND: SG-15, this is Hammond. Come in. Repeat, this is General
Hammond. Please respond.

01:41:35:15 CARTER: Sir, if we don't open the iris and it really is Colonel O'Neill, Teal'c, and
SG-15, then--

01:41:40:03 HAMMOND: The second they step through that puddle, they'll be killed. I'm aware of that. Open the iris.

01:41:45:24 TECHNICIAN: Yes, sir.

01:42:04:09 O'NEILL: We've got a wounded man here.

01:42:08:18 O'NEILL (CONT'D O/S): Clear the ramp.

01:42:15:15 HAMMOND: Colonel, it's good to see you.

01:42:17:09 O'NEILL: General, request permission to return to the planet with SGs 3 and 10.
We have some unfinished business.

01:42:22:21 HAMMOND: Permission granted.

01:42:30:19 O'NEILL: Expecting someone else, sir?

01:42:32:07 CARTER: We'll explain later.

01:42:51:20 O'NEILL (O/S): Hey!

01:42:54:10 O'NEILL: I thought you were supposed to be resting that brain.

01:42:57:09 JONAS: Ahh...

01:42:58:26 CARTER: How are you doing?

01:42:59:17 JONAS: I'm a little sick of staring at these walls all the time, but other than that, I'm fine. Dr. Fraiser thinks they got it all out.

01:43:06:11 CARTER: I read the post-op analysis. It said the tumor was similar to ordinary human brain tissue, but that the neurons were five times more densely packed.

01:43:15:15 JONAS: Nirrti definitely had to have something to do with this. I mean, this kind of thing just doesn't happen naturally.

01:43:22:03 TEAL'C: Are you still having visions, Jonas Quinn?

01:43:24:20 JONAS: Not since the surgery, no.

01:43:30:05 O'NEILL: So... no lottery numbers...

01:43:32:27 JONAS: 'Fraid not.

01:43:34:23 O'NEILL: No trip to Vegas, just you and me?

01:43:41:15 JONAS: Oh... so how's it going on 237?

01:43:43:09 TEAL'C: They are planning a large celebration in our honor.

01:43:47:00 CARTER: They want to thank us for helping them get rid of Mot.

01:43:49:13 O'NEILL: We're bringing the food this time.

01:43:51:02 JONAS: That's a good idea.

01:43:52:18 FRAISER (O/S): All right...

01:43:52:29 FRAISER (CONT'D): visiting hours are over. Jonas, you need your rest.

01:43:56:17 O'NEILL: Well... Get well soon. We need you out there.

01:44:05:20 JONAS: Yes, sir.

01:44:11:00 JONAS (CONT'D): Is he feeling all right?

01:44:13:09 CARTER: I knew he'd warm up to you eventually.

01:44:18:14 JONAS: You know, it is interesting. We changed the way things played out...

01:44:22:24 JONAS (CONT'D O/S): which would seem to indicate that the future isn't
predetermined, but by doing so...

01:44:28:29 JONAS (CONT'D): we fulfilled an ancient prophecy. A thousand years ago,
someone in that village predicted that this would happen. How do you
explain that?

01:44:39:29 CARTER: Maybe it was just a lucky guess.

01:44:41:27

JONAS: Yeah.
