TIMECODE DIALOGUE

START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

TEASER

01:00:07:12 CARTER: Sir, it's possible the beacon we detected with the MALP was activated remotely upon impact. If there was anyone left in those forward sections, I doubt they would have survived, Sir.

01:00:21:15 DANIEL: There should be an indication somewhere of how long they were crashed.

01:00:38:07 CARTER (O/S): Sir...

01:00:41:05 CARTER (CONT'D): these people are alive. At least, they're in some form of cryogenic sleep.

01:00:44:28 CARTER (CONT'D O/S): Any civilization without faster-than-light technology would have...

01:00:48:28 CARTER (CONT'D): to resort to something like this in order to cross the vast distances between stars. Otherwise, it would take an entire generation or more, and given the effects of relativity--

01:00:56:16 O'NEILL (INTERRUPTING): We've got a shipload of frozen people.

01:01:00:23 CARTER: That would be the more succinct way of putting it, yes, Sir.

01:01:03:14 TEAL'C: Their current states probably protected them from the impact.

01:01:19:23 DANIEL: How many of them do you think there are?

01:01:21:20 TEAL'C: From the configuration of the ship's exterior, I would say four
compartments of varying size.

01:01:26:02 O'NEILL: All right, we'll do a quick head count, see what we're dealing with and
call for support.

01:01:31:01 O'NEILL (CONT'D O/S): Carter, Teal'c, you pair up.

01:01:32:29 O'NEILL (CONT'D): Daniel and I will start in this compartment.

01:01:35:16 CARTER: Yes, Sir.

01:02:09:16 O'NEILL: Five, six...

01:02:15:02 O'NEILL (CONT'D): 105.

01:02:18:18 [FAINT SCREECHING O/S]

01:02:23:10 DANIEL (SHOUTING): Jack!

ACT ONE

01:04:35:08 TEAL'C: O'Neill? Major Carter?

01:04:59:04 TEAL'C (CONT'D): Daniel Jackson, respond.

01:05:39:23 TEAL'C (WHISPERING): O'Neill?

01:05:58:19 TEAL'C (WHISPERING): Major Carter?

01:06:27:05 TEAL'C (WHISPERING): Daniel Jackson?

01:06:33:16 DANIEL (SCREAMING): Aah!

01:06:36:28 TECHNICIAN: It's SG's I.D.C., Sir. They're signaling that they've got SG-1.

01:06:42:00 HAMMOND: Defense and medical teams, stand by. Open the iris.

01:06:56:19 FRAISER: What have we got?

01:07:03:18 TEAM LEADER: They're both unconscious. Vital signs are otherwise stable.

01:07:05:22 FRAISER: All right, get them to the infirmary and maintain security protocols.

01:07:07:19 TEAM LEADER: Yes, ma'am.

01:07:09:28 FRAISER: Daniel?

01:07:12:10 DANIEL: I have to go back, I have to go back. I have to go back, I have to go
back!

01:07:21:22 DANIEL (CONT'D SCREAMING): No!

01:07:23:04 FRAISER: Daniel.

01:07:23:17 DANIEL (SCREAMING): No!

01:07:24:18 FRAISER: Daniel...

01:07:25:07 FRAISER (CONT'D): it's okay. Don't be afraid.

01:07:28:16 FRAISER (CONT'D SHOUTING): Sergeants!

01:07:32:08 FRAISER (CONT'D O/S): It's okay.

01:07:35:00 DANIEL (AS MARTICE): Who are you? What is this place?

01:07:48:14 HAMMOND: Notify me the moment they regain consciousness.

01:07:57:24 NURSE: Yes, Sir.

01:08:01:07 DANIEL (AS MARTICE SHOUTING O/S): Who's responsible for this?

01:08:09:08 DANIEL (AS MARTICE CONT'D): I demand to know...

01:08:11:00 DANIEL (AS MARTICE CONT'D): why this has happened! Why am I a prisoner?

01:08:15:15 FRAISER: Those may be removed when you decide to calm down.

01:08:19:03 DANIEL (AS MARTICE): Calm? How do you expect me to be calm? I was made
promises that nothing like this could happen...

01:08:24:07 DANIEL (AS MARTICE CONT'D): that nothing could go wrong.

01:08:26:08 FRAISER: All right, let's start there. Can you tell me what has gone wrong?

01:08:29:07 DANIEL (AS MARTICE): What's gone wrong? What has gone wrong? Well, this is
not the Stromos, you are not a member of my staff, and that is not me.

01:08:36:15 FRAISER (O/S): All right, listen carefully. We did not do this.

01:08:39:23 FRAISER (CONT'D): In fact, we're in the dark about what has happened...

01:08:42:02 FRAISER (CONT'D): as much as you apparently are. Now, if you...

01:08:43:18 FRAISER (CONT'D): you cooperate--

01:08:44:10 DANIEL (AS MARTICE INTERRUPTING): I will undergo no more of your tests.

01:08:50:01 FRAISER: Are you in pain?

01:08:51:21 DANIEL (AS MARTICE SHOUTING): Yes! Yes, a great deal.

01:08:56:17 FRAISER: All right. I'll get something, but in the meantime, try to stay calm, or you'll be restrained further.

01:09:03:13 DANIEL (AS MARTICE): You have no idea who I am, do you?

01:09:12:17 TEAL'C: That is not Daniel Jackson.

01:09:15:22 HAMMOND: But is he a Goa'uld?

01:09:18:20 FRAISER: No, Sir, although at the moment, he's every bit as arrogant.

01:09:21:21 HAMMOND: Then is Dr. Jackson suffering from some sort of mental illness?

01:09:25:03 FRAISER: I honestly don't know yet, Sir. His preliminary E.E.G. readings are like nothing I've ever seen. On one hand, there's indication of coma, but at the same time, we're seeing readings like those of a dozen people all jumbled together.

01:09:38:01 HAMMOND: Is his condition life-threatening?

01:09:39:27 FRAISER: I couldn't even guess.

01:09:45:19 TEAL'C: He is claiming to be a passenger from the crashed alien vessel we discovered on the planet.

01:09:50:08 HAMMOND: How is that possible?

01:09:51:14 FRAISER: I have no idea, Sir, but Teal'c is right, and I think we're dealing with more than one passenger.

01:09:55:26 FRAISER (CONT'D O/S): By that, I mean Daniel's behavior...

01:09:58:12 FRAISER (CONT'D): in the gate room and throughout the preliminary testing was distinctly different than his current behavior. I'd say we've witnessed at least two, maybe even three separate personalities.

01:10:07:19 HAMMOND: Could there be more?

01:10:09:15 TEAL'C (O/S): We discovered several hundred...

01:10:10:12 TEAL'C (CONT'D): of the ship's passengers in cryogenic suspension.

01:10:23:23 TEAL'C: Colonel O'Neill had requested an enumeration of the cryogenic chambers.

01:10:27:16 TEAL'C (CONT'D O/S): While we were separated, I lost consciousness...

01:10:29:22 TEAL'C (O/S CONT'D): momentarily. For what reason...

01:10:31:26 TEAL'C (CONT'D): I am unsure. When I returned, I found Daniel Jackson, Colonel O'Neill, and Major Carter in their current states.

01:10:39:13 FRAISER: Speaking of which, Sir, I'd like to check in on the Colonel and Sam.

01:10:43:21 HAMMOND: Keep me apprised.

01:10:44:17 FRAISER: Yes, Sir.

01:10:45:12 HAMMOND: Teal'c, maybe you should head down to the infirmary yourself.

01:10:48:09 TEAL'C: I intend to remain here.

01:10:49:25 HAMMOND: Very well.

01:10:56:200 DANIEL (AS MARTICE): I'm ordinarily a very rational man.

01:11:02:15 ORDERLY: Of course you are, Dr. Jackson.

01:11:03:28 DANIEL (AS MARTICE): I am a sovereign of Talthus. My name is Martice.

01:11:07:16 ORDERLY: I beg your pardon, Sir?

01:11:09:06 DANIEL (AS MARTICE): Oh, "Sir." Well, that's a start.

01:11:16:14 FRAISER: Pupils are still a little dilated.

01:11:19:14 FRAISER (CONT'D): It's as though they were struck with some sort of powerful
Zat weapon. At least their E.E.G.s...

01:11:25:09 FRAISER (CONT'D O/S): are still normal.

01:11:27:06 O'NEILL: Oy.

01:11:27:03 NURSE: Doctor?

01:11:30:25 FRAISER: Inform General Hammond the Colonel's awake.

01:11:32:27 NURSE: Yes, Ma'am.

01:11:35:20 O'NEILL: Hey, Doc.

01:11:37:04 FRAISER: How are you feeling, Sir?

01:11:38:27 O'NEILL: Headache. Bad.

01:11:40:27 FRAISER: Well, I can take care of that, but first I need to know if you're feeling
yourself.

01:11:46:10 O'NEILL: Well, other than this nail through my head, I'm fine. Why?

01:11:52:26 FRAISER: I'll explain later. Teal'c managed to get the three of you back to the
Stargate from the ship. My team took it from there.

01:11:58:05 O'NEILL: Carter and Daniel?

01:12:00:21 FRAISER: Major Carter is suffering the same-after effects as you, Sir.

01:12:07:00 CARTER: Janet?

01:12:08:14 FRAISER: Sam.

01:12:10:26 CARTER: Hey.

01:12:11:26 FRAISER (O/S) It's going to be fine.

01:12:13:04 FRAISER (CONT'D): You've both suffered some sort of neural shock.

01:12:18:04 HAMMOND: Colonel, Major, how are you feeling?

01:12:23:28 O'NEILL: Got a nail in my head, Sir.

01:12:25:25 HAMMOND: That sounds like our Colonel O'Neill.

01:12:28:23 FRAISER: Their E.E.G.s show normal brain activity, Sir. They appear to be
unaffected.

01:12:32:21 O'NEILL: Unaffected by what?

01:12:37:00 O'NEILL (CONT'D): Where's Daniel?

01:12:42:14 FRAISER: Sir, I need you to stay right where you are...

01:12:45:04 FRAISER (CONT'D): at least until you're strong enough.

01:12:46:11 O'NEILL: I'm fine.

01:13:48:27 DANIEL (AS MARTICE CONT'D): In times of disaster, people need their sovereign to look up to. How will they recognize me now?

01:13:54:24 FRAISER: I've already told you we didn't do this.

01:13:56:19 DANIEL (AS MARTICE SHOUTING): How else could I have arrived in this situation?

01:13:59:06 FRAISER: We don't know.

01:14:05:03 DANIEL (AS MARTICE): How useful you are.

01:14:09:14 DANIEL (AS MARTICE CONT'D): What is this place?

01:14:15:04 FRAISER: It's one of our medical isolation rooms.

01:14:18:14 DANIEL (AS MARTICE): Could you be less specific?

01:14:20:25 FRAISER (O/S): In a military facility...

01:14:22:08 FRAISER (CONT'D): on a planet called Earth.

01:14:24:13 DANIEL (AS MARTICE): Earth. The ship was bound for Ardena. How far away are we from Ardena?

01:14:30:25 FRAISER (O/S): I don't know.

01:14:35:25 DANIEL (AS MARTICE): The other passengers...They will be concerned for me,
as I am for them, of course.

01:14:45:12 FRAISER: Most of them are still on board the ship...

01:14:48:11 FRAISER (CONT'D): but we think it's possible that several of them may be here
with us right now.

01:14:53:10 DANIEL (AS MARTICE): As prisoners?

01:14:54:25 FRAISER: No, we think...

01:14:55:29 FRAISER (CONT'D): they may be right here in this room.

01:14:57:25 FRAISER (CONT'D O/S): We don't know the reason, but somehow, several of the
passengers who were in cryogenic...

01:15:02:10 FRAISER (CONT'D): sleep have--

01:15:03:25 DANIEL (AS TRYAN INTERRUPTING): What's happening?

01:15:08:01 FRAISER: Martice?

01:15:09:27 DANIEL (AS TRYAN): No, Martice is a sovereign. I'm, I'm just a crew member.

01:15:20:10 DANIEL (AS TRYAN): Is that...

01:15:32:09 DANIEL (AS TRYAN): How can this be?

01:15:43:21 FRAISER: It's all right. I'm here to help you.

01:15:47:00 DANIEL (AS TRYAN): No, no. This is wrong. This is a mistake.

01:15:49:27 FRAISER: Yes, it is, one that we want to correct. I'm Dr. Fraiser.

01:15:57:05 DANIEL (AS TRYAN): I am Tryan. Engineer, second rank.

01:15:59:25 FRAISER: All right, Tryan, why don't we start again?

01:16:06:26 DANIEL (AS TRYAN): Again?

END OF ACT ONE

ACT TWO

01:16:37:12 DANIEL (AS TRYAN): I don't recognize this man...

01:16:42:21 DANIEL (AS TRYAN CONT'D): Or, rather, myself.

01:16:47:08 FRAISER: His name is Daniel Jackson. The body you're inhabiting belongs to
him.

01:16:53:00 DANIEL (AS TRYAN): He wasn't aboard the Stromos.

01:16:54:25 FRAISER: No.

01:16:56:17 DANIEL (AS TRYAN): Then how can I have ended up in his body?

01:16:59:18 FRAISER: Your ship crashed on a planet we call P2A347.

01:17:05:08 FRAISER (CONT'D): We don't know how or why the crash occurred, only that the
only survivors were those in cryogenic sleep.

01:17:10:29 FRAISER (CONT'D): When Daniel Jackson and the other members of his team
boarded your ship, this happened.

01:17:17:13 DANIEL (AS TRYAN): I have no memory of coming here.

01:17:21:05 FRAISER: What do you remember?

01:17:25:26 PHARRIN: Brace for acceleration. Tryan?

01:17:29:15 TRYAN: Compartment is secure, Sir.

01:17:31:01 PHARRIN: Very well.

01:17:41:13 DANIEL (AS TRYAN V/O): Leaving Talthus, entering my sleep chamber...

01:17:43:18 DANIEL (AS TRYAN CONT'D): then seeing your face here.

01:17:47:19 DANIEL (AS TRYAN CONT'D): Why am I restrained?

01:17:50:26 FRAISER: It wasn't you.

01:17:51:20 FRAISER (CONT'D): You're the fourth personality to emerge since being brought
back.

01:17:55:05 FRAISER (CONT'D): We believe...

01:17:57:14 FRAISER (CONT'D): that there are others from your ship in there along with you.

01:18:00:20 DANIEL (AS TRYAN): In one body?

01:18:02:10 FRAISER: Plus Dr. Jackson.

01:18:03:25 DANIEL (AS TRYAN): No, the strain on the body would be too great. It wouldn't
survive.

01:18:07:21 FRAISER: Do you know that for certain?

01:18:09:08 DANIEL (AS TRYAN): It couldn't happen. The only conceivable...

01:18:10:06 DANIEL (AS TRYAN CONT'D): result would be insanity.

01:18:11:21 FRAISER: Then we should both hope you're wrong.

01:18:13:15 DANIEL (AS TRYAN): Dr. Fraiser, you don't appreciate that what's happened is
technically impossible.

01:18:16:10 DANIEL (AS TRYAN CONT'D): This can't happen. One cannot return to any other body than one's own. There are failsafes to prevent exactly that from happening.

01:18:22:22 FRAISER: Tryan, it has happened. All you need to do is look in the mirror to prove it to yourself.

01:18:31:20 FRAISER (CONT'D): Now, we don't have a lot of time, and you're the first personality

01:18:35:19 FRAISER (CONT'D): to emerge so far that's been helpful, so I need you to think, all right? How could this happen?

01:18:40:22 DANIEL (AS TRYAN): A cryosleeper's consciousness is stored in the same memory module that maintains the sleeper's body. There is simply no way to separate them or send the consciousness to any other than its corresponding body, unless...Oh, no.

01:19:02:24 DANIEL (AS TRYAN): Unless the sleepers' bodies are dead.

01:19:15:03 TEAL'C: O'Neill, Major Carter. I am pleased to see you have recovered.

01:19:25:04 CARTER: How is he?

01:19:26:11 TEAL'C: Yet another personality has emerged.

01:19:28:08 TEAL'C (CONT'D O/S): Dr. Fraiser appears to be making progress.

01:19:30:21 O'NEILL: How did he get stuck in here?

01:19:32:14 TEAL'C: Daniel Jackson's preliminary electroencephalogram proved anomalous.

01:19:36:02 O'NEILL: I dare you to say that again.

01:19:38:22 HAMMOND: Dr. Fraiser declared a code 17.

01:19:42:29 HAMMOND (CONT'D O/S): Dr. Jackson has been under constant guard and only
she...

01:19:46:00 HAMMOND (CONT'D): and a few of her staff have had any direct contact as a
precautionary measure.

01:19:50:11 CARTER: She thought he was a Goa'uld?

01:19:51:28 HAMMOND: We've since ruled that out, but I'm not taking any chances...

01:19:54:21 HAMMOND (CONT'D O/S): until we can determine the means...

01:19:56:20 HAMMOND (CONT'D): by which these additional persons have found their way
into Dr. Jackson.

01:19:59:10 CARTER: To do that, I'd have to have another look at their cryogenic systems.

01:20:02:12 HAMMOND: Schedule a mission briefing with Dr. Fraiser as soon as possible.

01:20:05:00 O'NEILL: With your permission, Sir, I'd like to stick it out here with Daniel.

01:20:08:01 HAMMOND: You realize only medical personnel are allowed access.

01:20:11:02 O'NEILL: Yes, Sir.

01:20:12:17 HAMMOND: Very well.

01:20:26:21 FRAISER: All right, Tryan, look, let's not jump to conclusions here.

01:20:29:29 DANIEL (AS TRYAN): I'm sorry. There's simply no other way that this could have happened. Only then can the failsafes be overridden and the consciousness purged from the system. I am dead, as are the others who may reside in this body.

01:20:43:16 FRAISER: We can't be sure of that until we go back to the planet.

01:20:45:27 DANIEL: And then you will see.

01:20:48:18 FRAISER: Okay, look, just help me out with something here. Why do you separate the consciousness from the body in the cryosleep process?

01:20:55:17 DANIEL (AS TRYAN): A consciousness cannot survive the restoration process without significant loss of memory and intellect. A person undertaking such a long journey without proper storage of their consciousness would arrive at their destination as a mere fraction of themselves. The very essence of that person would be lost.

01:21:10:17 FRAISER: So the memory requirement must be enormous.

01:21:12:12 DANIEL (AS TRYAN): Each cryogenic capsule contains an active matrix memory module sufficient to sustain one single mind. Its systems are connected with those that regulate and sustain the corresponding sleeper's body.

01:21:24:02 FRAISER: Well, then, it may be possible to upload your consciousness back into that memory.

01:21:28:08 DANIEL (AS TRYAN): Each module can store only one consciousness.

01:21:30:06 FRAISER: Then do it one at a time.

01:21:31:23 DANIEL (AS TRYAN): No, that's not possible.

01:21:33:24 DANIEL (AS TRYAN CONT'D): Here.

01:21:41:18 DANIEL (AS TRYAN CONT'D): Could these same water molecules ever be returned to this glass just as they were before, no more or no less, in precisely the same configuration?

01:21:54:24 FRAISER: No.

01:21:57:14 DANIEL (AS TRYAN O/S): Our minds have been blended together...

01:22:00:13 DANIEL (AS TRYAN CONT'D): poured into one vessel, ill-equipped to sustain our volume.

01:22:03:24 FRAISER: Yeah, but if the computers on board your ship...

01:22:07:02 FRAISER (CONT'D): can separate the human consciousness...

01:22:08:25 FRAISER (CONT'D): from the body, then surely they can isolate the--

01:22:10:06 DANIEL (AS TRYAN INTERRUPTING): Can you hear that?

01:22:12:00 FRAISER: No, I can't hear anything.

01:22:13:20 DANIEL (AS TRYAN): The others, their voices, I can hear them. They're getting
 louder.

01:22:20:04 FRAISER: Tryan, look, I need you to stay with me, all right?

01:22:21:20 FRAISER (CONT'D O/S): We need to work together on this.

01:22:23:15 DANIEL (AS TRYAN): It's the most incredible feeling.

01:22:24:21 FRAISER: I doubt the others can help as much as you can.

01:22:25:29 DANIEL (AS TRYAN): No one can help.

01:22:27:02 FRAISER: Don't say that.

01:22:28:09 DANIEL (AS TRYAN): They're pulling at me now. I don't know how...

01:22:35:19 DANIEL: Janet?

01:22:41:27 FRAISER: Daniel?

01:22:43:22 DANIEL: What's going on?

01:22:46:15 FRAISER: Look, something has happened. I need you to just...

01:22:48:23 FRAISER (CONT'D O/S): stay with me, okay? Just hang in there.

01:22:55:19 FRAISER: That was it. A moment later, another person emerged, but we didn't learn anything from her, so he only surfaced for a moment, but it was definitely Daniel.

01:23:03:27 CARTER: At least we know he's still in there.

01:23:05:16 FRAISER: Mm-hmm. Dr. Mackenzie just did a detailed analysis of his E.E.G. and M.R.I. readings. We think that Daniel himself is in a sort of coma, having been suppressed by the others.

01:23:15:03 FRAISER (CONT'D O/S): It's as though his own consciousness has retreated, protecting itself.

01:23:19:03 FRAISER (CONT'D): That's why he could only surface for such a short time. The others signals are a jumbled mess.

01:23:24:07 HAMMOND: How many others are there?

01:23:25:25 FRAISER: It's only a guess, but Dr. Mackenzie believes Daniel could be carrying the minds of as many as a dozen of the ship's passengers.

01:23:32:18 CARTER (O/S): Sir, it's possible...

01:23:35:04 CARTER (CONT'D): I could reconfigure the ship's systems to separate Daniel.

01:23:37:17 HAMMOND: The last time you were on that ship, you were attacked.

01:23:39:28 CARTER: It may have been automated defenses.

01:23:42:13 TEAL'C (O/S): I think not, Major Carter.

01:23:44:05 TEAL'C (CONT'D): I discovered Daniel Jackson at the base of one of the sleep chambers. The door was open.

01:23:48:27 CARTER: There's no way Daniel would have stepped into one of those things on his own.

01:23:51:29 TEAL'C: Then someone else must have done so.

01:23:53:18 TEAL'C (CONT'D O/S): Perhaps I regained consciousness...

01:23:56:23 TEAL'C (CONT'D): before Daniel Jackson's assailant was able to do the same to us.

01:23:58:21 CARTER: The question is, why?

01:24:00:23 FRAISER: Tryan seemed absolutely sure that his physical body was dead.

01:24:06:04 HAMMOND: So?

01:24:07:14 FRAISER: So what if this was a desperate attempt to preserve these people?
What if the person who attacked you was simply trying to keep these
people alive the only way he could?

01:24:15:23 TEAL'C: The ship could not have sustained them indefinitely.

01:24:18:13 CARTER: So Daniel's a lifeboat?

01:24:20:27 FRAISER: Yeah, it's possible.

01:24:23:04 CARTER: Sir, I recommend that SG-12 accompany us back to the planet. They
can search the ship for whoever did this while I study the cryogenic
systems.

01:24:30:20 HAMMOND: You have a go.

01:24:32:08 HAMMOND (CONT'D): Dismissed.

END OF ACT TWO

ACT THREE

01:25:09:10 FRAISER (O/S): I don't think we've had a chance to meet.

01:25:11:15 DANIEL (AS KEENIN): Where's my father?

01:25:15:05 FRAISER: I'm sorry. I don't know.

01:25:16:22 FRAISER (CONT'D): Do you mind if I sit down beside you?

01:25:21:06 FRAISER (CONT'D): Okay.

01:25:23:18 FRAISER (CONT'D O/S): There.

01:25:26:11 DANIEL (AS KEENIN WHISPERING): What about them?

01:25:28:19 FRAISER (O/S): Oh, no, they won't hurt you.

01:25:36:20 FRAISER: Tell you what. Why don't I tell you everything I know, and then we'll just
take it from there, okay?

01:25:41:18 FRAISER (CONT'D): What's your name?

01:25:45:20 DANIEL (AS KEENIN): Keenin.

01:25:47:06 FRAISER: Keenin? That's a very nice name. I'm Dr. Fraiser.

01:25:55:28 HAMMOND: SG-12, move out. I know you would do anything to save Dr. Jackson, but the last thing we need is for this to happen to the both of you.

01:26:05:04 CARTER: We have every intention of avoiding that, Sir.

01:26:07:13 HAMMOND: Good luck.

01:26:15:28 FRAISER: Keenin, we're trying to figure out everything we can about how this happened. What's the last thing you remember?

01:26:22:22 DANIEL (AS KEENIN): My father.

01:26:28:19 KEENIN: Why can't I wait with you?

01:26:32:25 PHARRIN: The ship must accelerate to escape the flare's radiation.

01:26:36:26 PHARRIN (CONT'D): You'll be safer here.

01:26:39:05 PHARRIN (CONT'D): You will dream sweet dreams, and when you awaken, we'll be in orbit around Ardena, and I will be right here.

01:26:50:09 KEENIN: Talthus will be gone.

01:26:52:24 PHARRIN: Hundreds of years will have passed, Keenin, and all of this hardship will be part of our distant history. Do you understand?

01:27:11:14 PHARRIN (CONT'D): Now...

01:27:17:06 PHARRIN (CONT'D): close your eyes.

01:27:22:15 DANIEL (AS KEENIN): I, I didn't want to go. I wanted to stay on Talthus.

01:27:29:15 FRAISER: So you had to leave?

01:27:31:15 DANIEL (AS KEENIN O/S): They knew it was going to happen...

01:27:32:03 DANIEL (AS KEENIN CONT'D): since a long time before I was born. Do you know
what a dark star is?

01:27:37:04 FRAISER: Uh-huh, one that's burned out its fuel.

01:27:39:28 DANIEL (AS KEENIN): They said that it would pass close enough to our sun to
make it flare...

01:27:43:25 DANIEL (AS KEENIN CONT'D O/S): and that it would engulf Talthus.

01:27:46:10 DANIEL (AS KEENIN CONT'D): I knew my whole life that the world was going to
end.

01:27:49:03 FRAISER (O/S): So your people built the Stromos.

01:27:52:19 DANIEL (AS KEENIN): They built three ships including the Stromos...

01:27:55:10 DANIEL (AS KEENIN CONT'D): but it wasn't enough. They had a lottery, and they said that was the only fair way...

01:28:01:10 DANIEL (AS KEENIN CONT'D): but my father was an officer on the Stromos, so he was allowed...

01:28:05:12 DANIEL (AS KEENIN CONT'D): to pick one person from his family. My mother made him choose me.

01:28:13:00 FRAISER: It's all right.

01:28:15:00 DANIEL (AS KEENIN O/S): My mother said...

01:28:16:12 DANIEL (AS KEENIN CONT'D): she would take her chance with the lottery, but she wasn't chosen. The sovereigns were chosen, but she wasn't chosen.

01:28:24:06 DANIEL (AS KEENIN CONT'D O/S): No one I knew was chosen.

01:28:27:00 DANIEL (AS KEENIN CONT'D CRYING): I wanted to stay with her.

01:28:33:20 FRAISER: It's okay. Shh. It's all right.

01:28:39:03 FRAISER (CONT'D O/S): It's all right. Shh. It's okay.

01:28:44:05 DANIEL (AS MARTICE): What are you doing?

01:28:49:02 FRAISER: Martice?

01:28:57:12 DANIEL (AS MARTICE): You may address me as Sovereign, and I will ask you never to do that again.

01:29:04:11 DANIEL (AS MARTICE CONT'D): Now, what have you done to resolve this?

01:29:15:22 CARTER (INTO WALKIE TALKIE): SG-12, this is Carter. Come in.

01:29:21:14 SG-12 LEADER (V/O OVER WALKIE TALKIE): This is SG-12. We've just begun our search.

01:29:23:25 CARTER: Stay in radio contact. Carter out. These power level readings are extremely low. I don't know how it could still be working.

01:29:32:06 TEAL'C: Perhaps if we revived one of them, they may be of some assistance.

01:29:37:01 CARTER: I don't think there's even enough power to do that.

01:29:43:04 DANIEL (AS MARTICE O/S): I demand to speak to someone in authority.

01:29:46:09 FRASIER (O/S): Well, I'm sorry.

01:29:46:13 FRAISER (CONT'D): : Well, I'm sorry. You're stuck with me.

01:29:48:14 DANIEL (AS MARTICE O/S): Why have you involved the boy in this?

01:29:51:08 FRAISER: What boy?

01:29:52:18 DANIEL (AS MARTICE): The boy. You were just talking to him. Where is he?

01:30:02:22 CARTER: If we don't get these systems hooked up to another power source soon,
these people are going to die.

01:30:08:11 CARTER (CONT'D O/S): We'll need a Naquadah generator, and I'll have to build
some...

01:30:11:29 [QUIET FOOTSTEPS APPROACH]

01:30:17:16 CARTER (CONT'D O/S): One generator should be enough.

01:30:26:22 PHARRIN: Please don't hurt us.

END OF ACT THREE

ACT FOUR

01:31:07:20 DANIEL (AS MARTICE): Tell them to stop shouting. It is unendurable.

01:31:10:26 FRAISER: I can't hear them.

01:31:12:14 DANIEL (AS MARTICE SHOUTING): Be silent.

01:31:17:06 FRAISER (O/S): They're in...

01:31:17:29 FRAISER (CONT'D): your mind, Martice.

01:31:19:20 DANIEL (AS MARTICE): No, no, no, no, no, no. What you say, it cannot be so. I
have responsibilities to attend to. I cannot remain here.

01:31:28:26 FRAISER: You cannot leave.

01:31:30:11 DANIEL (AS MARTICE O/S): 3,000 of our people...

01:31:31:03 DANIEL (AS MARTICE CONT'D): depend on me to lead them. I am their
sovereign. They have sworn an oath to me.

01:31:34:03 FRAISER: I'm sorry.

01:31:35:09 DANIEL (AS MARTICE O/S): It is my destiny to rule over Ardena!

01:31:37:03 FRAISER: Now, listen, you don't understand the seriousness of your condition.

01:31:40:10 DANIEL (AS MARTICE SHOUTING): You still don't realize who you are talking to.

01:31:42:20 FRAISER (SHOUTING): I don't give a damn. You don't belong in that man's body,
and I intend to take it back.

01:31:54:27 TEAL'C (O/S): Are there other conscious people aboard this ship?

01:31:58:25 PHARRIN: No. The others still sleep. Why have you come back?

01:32:05:01 CARTER: You've done something to one of our people.

01:32:07:04 PHARRIN: Is he here with you?

01:32:08:20 TEAL'C (O/S): He is not.

01:32:09:26 CARTER: Are you the one responsible?

01:32:11:23 PHARRIN: There was no choice, no other way. You must do the same.

01:32:24:08 CARTER: I don't think so.

01:32:26:01 PHARRIN: The ship's power is failing. It is the only way we can save them.

01:32:31:29 PHARRIN (CONT'D): Pharrin figured out a way to override the failsafes. It can be
done. Don't you see? These souls are the last of an entire world.

01:32:43:27 PHARRIN (CONT'D): They cannot be allowed to end like this.

01:32:46:19 CARTER: Maybe there's another way.

01:32:48:04 PHARRIN (O/S): No, no. The power...

01:32:50:06 PHARRIN (CONT'D): is fading even now, in every compartment. If the two of you
carried but a handful of souls, we could route the remaining power back
to the others...

01:32:57:21 CARTER: That's not going to happen.

01:33:59:07 PHARRIN: We do not know how many more we can accommodate.

01:33:03:13 CARTER: We?

01:33:07:29 TEAL'C: I believe he, like Daniel Jackson, carries the consciousness of many.

01:33:11:17 PHARRIN: 13 souls now reside in Pharrin's body. I fear I can harbor no more.

01:33:18:19 TEAL'C: To what end do you attempt to preserve the life of these people? Their
bodies are dead.

01:33:22:07 PHARRIN: We are the last of an entire world. The other ships will come. We have
sent a message.

01:33:29:03 PHARRIN (CONT'D O/S): They will hear it, and they will come...

01:33:32:01 PHARRIN (CONT'D): and when they do, they will find a way to restore us.

01:33:35:00 TEAL'C: Why did you not attempt to revive the others?

01:33:40:00 [ALARM WAILS]

01:33:41:20 PHARRIN (V/O): After the ship crashed, we still don't know why it happened. He
 was revived by the computer, but the power requirement of his
 restoration caused too great a drain in the rest of the compartment.
 Power levels were dropping. Pharrin had only minutes to restore power
 to 12 of the sleeper chambers before the occupants were dead...

01:34:06:11 PHARRIN (V/O CONT'D): but there wasn't enough time. Pharrin was failing them
 one by one. There was no other choice, no other way to preserve us.

01:34:22:00 PHARRIN (CONT'D): There are over a thousand souls aboard the Stromos. If
 Pharrin had attempted to revive the others, then many more may have
 died.

01:34:33:11 CARTER: Even one person to share the burden.

01:34:35:09 PHARRIN: Pharrin walked as far as he could see. There was little more than rock.

01:34:39:16 PHARRIN (CONT'D O/S): Neither was there sufficient water or food remaining...

01:34:43:02 PHARRIN (CONT'D): aboard after the crash. Pharrin dared not revive another
 soul. We are not alone.

01:34:53:14 PHARRIN (CONT'D O/S): We live...

01:34:54:26 PHARRIN (CONT'D): in a democracy of one. It is strange...

01:34:59:12 PHARRIN (CONT'D O/S): yes, but we...

01:35:01:26 PHARRIN (CONT'D): are the chosen survivors of an entire race. How could
Pharrin have allowed even one of us to be lost?

01:35:08:19 CARTER: Still, we could have helped you.

01:35:10:12 PHARRIN: There was no time. We should have asked them. No, we could not
take the chance. You would never have consented, would you?

01:35:28:09 TEAL'C: We would not.

01:35:29:26 PHARRIN: Then we chose correctly.

01:35:34:17 PHARRIN (V/O): Our mistake was to flee when you revived so quickly...

01:35:38:19 PHARRIN (V/O CONT'D): from our stun weapon and returned for your friends...

01:35:41:02 PHARRIN (V/O CONT'D): but too many of us were afraid.

01:35:46:12 CARTER (O/S): There are other ways that we can help.

01:35:49:09 PHARRIN: How?

01:35:50:01 CARTER: Well, for starters, we could provide you with an alternate power source...

01:35:53:12 CARTER (CONT'D): one capable of bringing your energy reserves back up to where they need to be to revive your people.

01:35:58:13 CARTER (CONT'D): It's possible that I can retrieve it and have it...

01:36:01:08 CARTER (CONT'D O/S): up and running within a few hours.

01:36:02:26 PHARRIN: Pharrin, there is no other way. Listen to her! No. We must wait. The other ships will come.

01:36:07:08 CARTER (O/S): We can...

01:36:07:26 CARTER: take you anywhere you want to go, another world, like Ardena.

01:36:10:25 PHARRIN: You have a ship?

01:36:12:26 CARTER: We know of a device capable of transporting all of your people instantaneously to any number of worlds. We call it a Stargate.

01:36:21:23 PHARRIN: Such a device is not possible.

01:36:25:17 CARTER: Come back with us and I'll prove it to you.

01:36:27:27 TEAL'C: However, we will only consent to do so if you return our friend to his
former state.

01:36:31:06 PHARRIN: He is preserving life.

01:36:34:02 TEAL'C: At the expense of his own, against his will.

01:36:36:16 PHARRIN: Please do not ask us to do this.

01:36:40:16 CARTER: We're not asking.

01:36:42:19 PHARRIN: The souls that your friend carries within him are amongst the most
precious of all.

01:36:47:28 TEAL'C: Our friend is equally as important to us.

01:36:50:05 PHARRIN: There will be nowhere for them to go. They will be lost.

01:36:55:25 CARTER: But it is possible to undo this?

01:36:58:10 PHARRIN: How can I abandon them so easily? We have sworn to protect the
sovereign, but we may save the hundreds of others.

01:37:08:21 CARTER: Pharrin.

01:37:18:12 PHARRIN : There is a way.

01:37:22:18 CARTER: Do you understand that what we're offering could save everyone on this
 ship?

01:37:29:17 PHARRIN: And do you understand that one of the souls that your friend carries
 within him is my son?

END OF ACT FOUR

ACT FIVE

01:38:09:16 [DANIEL HYPERVENTILATING]

01:38:10:15 DANIEL: Please! Why does it hurt so much?

01:38:16:05 FRAISER: All right, prepare 100 micrograms of Fentanyl.

01:38:25:26 DANIEL (AS TRYAN): That won't be necessary, Dr. Fraiser.

01:38:29:02 DANIEL (AS TRYAN CONT'D): I seem to have a higher threshold for pain than
the others.

01:38:31:29 FRAISER: Tryan?

01:38:33:07 DANIEL (AS TRYAN): Yes.

01:38:34:20 FRAISER: Oh, thank God for that.

01:38:36:15 CARTER: Janet?

01:38:40:11 CARTER (CONT'D): Can I have a word?

01:38:41:21 FRAISER: I'll be back.

01:38:57:03 O'NEILL: Are you sure you trust this guy?

01:38:58:19 TEAL'C: He has much to gain by assisting us.

01:39:06:05 DANIEL (AS TRYAN): Officer Pharrin, Sir. Engineer Tryan, second rank.

01:39:13:15 PHARRIN: Tryan. Of course. Of all of our crew, you would have thought this was
not possible.

01:39:23:00 DANIEL (AS TRYAN): And of all our crew, Sir, you're the one who would find a
way to do it. How did you manage?

01:39:27:19 PHARRIN: Our training and a shared will to survive. It is a strange way of living
with others, but it is better than the alternative.

01:39:38:17 DANIEL (AS TRYAN): What of our ship and her passengers, Sir?

01:39:43:04 PHARRIN: Our ship crash-landed. We failed to reach Ardena.

01:39:55:00 PHARRIN (CONT'D): Her passengers may yet be saved...

01:39:58:08 PHARRIN (CONT'D): but not without considerable sacrifice to you and to the
others of the Stromos that reside within you.

01:40:06:21 DANIEL (AS TRYAN): I understand, Sir.

01:40:10:18 PHARRIN: These people possess a device capable of transporting all our people
to another world, perhaps even Ardena. It is very real, and it will save our
people...

01:40:30:03 PHARRIN (CONT'D): but in exchange, they ask that their friend be returned to them as he was before.

01:40:36:11 PHARRIN (CONT'D): I believe it can be done if we act quickly.

01:40:41:26 PHARRIN (CONT'D): It is a reasonable bargain.

01:40:44:03 DANIEL (AS TRYAN): I will do whatever is necessary, Sir.

01:40:47:06 DANIEL (AS TRYAN (CONT'D): Whatever you ask of me.

01:40:52:29 DANIEL (AS MARTICE SHOUTING): No. There will be no sacrifice of any kind.

01:40:56:24 DANIEL (AS MARTICE CONT'D): Officer Pharrin, as your sovereign...

01:40:59:07 DANIEL (AS MARTICE CONT'D): I demand you return me to the ship immediately.

01:41:01:22 PHARRIN: Forgive me, Sovereign.

01:41:03:18 CARTER: Pharrin.

01:41:04:19 PHARRIN: We have sworn an oath to do his will. We cannot proceed.

01:41:10:06 DANIEL (AS MARTICE): Officer Pharrin...

01:41:13:27 DANIEL (AS MARTICE): I have given you a command. Do you understand me?

01:41:19:08 O'NEILL: Oh, for crying out loud.

01:41:24:18 O'NEILL: Get up.

01:41:26:00 PHARRIN: I have sworn to protect the sovereign.

01:41:27:28 O'NEILL: Your sovereign's dead. Get up.

01:41:28:24 PHARRIN: His soul lives on.

01:41:29:24 O'NEILL (SHOUTING): Not if I cut him out.

01:41:31:06 PHARRIN: You would not.

01:41:32:29 O'NEILL: Oh, yes, I would.

01:41:35:27 DANIEL (AS MARTICE O/S): Pharrin, you...

01:41:36:09 DANIEL (AS MARTICE): will listen to me--

01:41:37:07 O'NEILL (INTERRUPTING): Don't listen. You just do what you came here to do.

01:41:48:11 PHARRIN: Forgive us, Sovereign. It is the only way to protect our people.

01:41:53:00 DANIEL (AS MARTICE): I will not surrender this body, not at any cost. It is mine.

01:41:56:16 DANIEL (AS PHARRIN): It was never ours to take.

01:41:57:13 DANIEL (AS MARTICE SHOUTING): If you save anyone, you will save me.

01:41:59:08 DANIEL (AS PHARRIN): The people of Talthus will die.

01:42:00:12 DANIEL (AS MARTICE SHOUTING): Let them.

01:42:01:14 PHARRIN: Forgive me, Sovereign.

01:42:02:14 DANIEL (AS MARTICE SHOUTING): How dare you touch me?

01:42:03:15 PHARRIN: For 12 years, we have fought to save the people of Talthus, and we
will do everything in our power...

01:42:07:07 PHARRIN (CONT'D): to do so...

01:42:08:15 PHARRIN (CONT'D): no matter how great the sacrifice.

01:42:17:25 DANIEL (AS KEENIN): Father?

01:42:23:02 PHARRIN: Keenin. I am so sorry, my son.

01:42:32:16 PHARRIN (CONT'D): You must sacrifice as well, and we will be together.

01:42:38:23 PHARRIN (CONT'D): Do you understand? The people of Talthus will be safe and they will remember us forever.

01:42:50:10 DANIEL (AS KEENIN): But we'll be together.

01:42:55:00 PHARRIN: We'll be together.

01:43:15:20 O'NEILL: Well?

01:43:19:02 FRAISER: Well, there's no way to tell yet if they all made it into Pharrin, but Daniel's readings are back to normal.

01:43:23:14 O'NEILL: How did you do that?

01:43:25:04 FRAISER: It wasn't me, Sir. It was Daniel. His consciousness protected itself, and he never emerged for more than a few seconds. That's what allowed Pharrin to separate the others from Daniel and absorb them himself.

01:43:34:28 O'NEILL: The more the merrier, I guess.

01:43:37:16 FRAISER: He'll stay in suspended animation until the other ship passengers can be revived and take care of him.

01:43:42:11 O'NEILL: You mean them.

01:43:49:20 CARTER: The Naquadah generator will sustain the power, Sir.

01:43:54:24 TEAL'C: We should be able to begin the restoration process within hours.

01:43:57:06 CARTER: And we can start relocating them shortly after that.

01:43:59:15 O'NEILL: Good. We'll leave that for SG-4. They love that kind of stuff.

01:44:03:27 CARTER: How's Daniel?

01:44:06:03 FRAISER: He'll probably be unconscious for a while.

01:44:08:19 FRAISER (CONT'D O/S): I think it's best if we get--

01:44:09:26 DANIEL (INTERRUPTING): What?

01:44:16:09 O'NEILL: Daniel?

01:44:21:12 O'NEILL (CONT'D O/S): Is that you?

01:44:24:27 DANIEL: Jack?

01:44:25:27 O'NEILL: How are you doing?

01:44:27:09 DANIEL: Bad headache.

01:44:29:10 O'NEILL: Nail-in-the-head kind of thing?

01:44:30:26 DANIEL: Yeah. Something like that.

01:44:33:13

O'NEILL: Yeah.
