ACT ONE

01:02:30:10 WARRICK: It is called the Loop of Kon Garat. Every year, the largest corporation on my planet, known as Tech Con Group, awards an extremely lucrative contract to the winner of the Loop.

01:02:41:16 DANIEL (O/S): A contract?

01:02:43:24 WARRICK: It is a time-tested method to find the most qualified pilot with the best ship for the job. The race is open to anyone. There are few rules. The winner's ship must arrive first and intact.

01:02:55:27 DANIEL: Let me just get this straight. The government of your planet is allowing you to share advanced technology with us in exchange for us helping you to win a race?

01:03:03:27 WARRICK: Not exactly. I have arranged for a small group of you to come to Hebridan...

01:03:10:28 WARRICK (CONT'D O/S): On a diplomatic visit.

01:03:12:27 WARRICK (CONT'D): There is no rule preventing you from helping me in the race, and what you learn while you're there...

01:03:18:13 DANIEL: So, unofficially.

01:03:21:08 CARTER: How can we help?

01:03:22:27 HAMMOND: Major.

01:03:23:20 CARTER: Can't hurt to ask, can it, Sir?

01:03:28:10 WARRICK: The power system you used to re-charge the Seberus when I was
stranded...

01:03:33:17 CARTER: A Naquadah generator.

01:03:35:03 WARRICK: As you know, the Seberus has been through quite a lot. However, my
diagnostic analysis of its systems showed greatly improved efficiency
when supplemented by the Naquadah generator.

01:03:44:28 CARTER: I'd like to participate.

01:03:49:05 WARRICK: Well, actually, I was not asking you to join me.

01:03:53:14 CARTER: Well, why not? I'll have to interface the generator.

01:03:57:07 WARRICK: Could you not just show me?

01:03:59:04 CARTER: Well, Naquadah generators are very valuable to us. We're not about to
let one out of our sight.

01:04:03:20 CARTER (CONT'D): Besides, you never know what issues could arise on the fly.

01:04:07:11 WARRICK: Major, I feel compelled to warn you of the danger. The Loop is not for the fainthearted.

01:04:11:21 CARTER: Look, we take risks to attain advanced technology all the time. For me, there would be no better way to learn about your ship than to see it in action.

01:04:19:05 WARRICK: A victory would mean a great deal to me. I am not above accepting your offer.

01:04:25:21 CARTER: With your approval...

01:04:29:10 CARTER (CONT'D): Sir.

01:04:30:28 HAMMOND: Major, I expect you to evaluate the risk of this mission on an ongoing basis and act accordingly.

01:04:38:24 CARTER: As always, Sir.

01:04:45:05 CARTER: Hey.

01:04:48:09 DANIEL: Hey. Are you ready?

01:04:50:00 CARTER: Yeah, just about.

01:04:52:15 DANIEL: Warrick has set us up some meetings with the highest-ranking members of the Hebridian government and business community.

01:07:10:13 WARRICK: May I introduce you all...

01:07:10:19 WARRICK (CONT'D): To Eamon? He is responsible for making the Seberus what
it is today, and he is my younger brother.

01:07:19:21 O'NEILL (O/S): Ah, yes...

01:07:19:23 O'NEILL (CONT'D): I see the family resemblance. It's uncanny, boys. It's like...

01:07:27:06 O'NEILL (CONT'D): Colonel Jack O'Neill, this is--

01:07:30:24 EAMON (INTERRUPTING O/S): You just had to do it, didn't you?

01:07:32:19 EAMON (CONT'D): There was no stopping you.

01:07:33:20 WARRICK: Eamon--

01:07:34:13 EAMON (O/S INTERRUPTING): You really think the Seberus is incapable of
winning this race...

01:07:37:08 EAMON (CONT'D): Without their help?

01:07:38:11 WARRICK: Eamon! They saved me from certain death

01:07:41:11 WARRICK (CONT'D O/S): And are responsible for my getting back home to
Hebridan.

01:07:43:22 WARRICK (O/S CONT'D): I suggest you show some respect.

01:07:45:29 EAMON: My apologies. I am honored to meet my brother's saviors.

01:07:51:21 EAMON (O/S): And you must be Major Carter.

01:07:54:05 EAMON (CONT'D): The one without whom we could not win the Loop.

01:07:57:20 O'NEILL: You know, I feel all warm and fuzzy. How about you?

01:08:01:11 WARRICK (O/S): Major...

01:08:01:14 WARRICK (O/S): Carter.

01:08:06:11 WARRICK (CONT'D): If you are to be my co-pilot, you'll need to know how the
ship works.

01:08:07:10 CARTER: What is this?

01:08:07:18 WARRICK: The complete operations manual for the Seberus. I had it translated
for you.

01:08:11:20 CARTER: Thank you.

01:08:12:23 O'NEILL: That's not our language.

01:08:15:02 CARTER: It's mine, Sir.

01:08:17:13 O'NEILL: Right.

01:08:20:15 EAMON: Warrick, the long-range scanner control unit...

01:08:23:03 EAMON (CONT'D): Didn't come in again today. When I called, they said our credit
rating--

01:08:26:18 WARRICK (INTERRUPTING): I will go myself and pick one up after I get back
from escorting Colonel O'Neill, Dr. Jackson, and Teal'c...

01:08:31:28 WARRICK (CONT'D): To the Hebridan Capitol building.

01:08:33:14 O'NEILL: T., you coming?

01:08:35:12 TEAL'C: Major Carter has requested that I remain so that I may assist her.

01:08:42:00 O'NEILL: She did?

01:08:42:00 CARTER (SIMULTANEOUSLY): I did?

01:08:45:05 TEAL'C: Indeed.

01:08:47:14 CARTER: Right. Yes, thank you.

01:08:50:15 TEAL'C: I do not wish to disappoint Major Carter.

01:08:52:25 O'NEILL: Yes, I know the feeling.

01:08:58:09 WARRICK: Shall we?

01:09:00:12 O'NEILL: Stay in touch.

01:09:02:26 TEAL'C: I am in your debt, Major Carter.

01:09:10:04 CARTER: Indeed.

01:09:15:24 CARTER: With all your science and engineering, I'm a little surprised you don't
have a power source that rivals this.

01:09:24:05 EAMON: Oh, they exist. We just couldn't afford one.

01:09:27:11 CARTER: Ah.

01:09:31:05 EAMON: Warrick is desperate, Major.

01:09:33:25 CARTER: How do you mean?

01:09:35:00 EAMON: He was gone a long time.

01:09:36:19 EAMON (CONT'D O/S): We all thought he was dead. His wife, Athea...

01:09:40:11 EAMON (CONT'D): Remarried, and has children of her own now. Since his return,
work has been scarce.

01:09:48:20 EAMON (CONT'D): He thinks this race is his chance to get his life back, Major,
and he will do anything to win it.

01:09:53:28 CARTER: What about you?

01:09:56:25 EAMON: Me? Well, I work for Tech Con. I design garbage disposal units for their
food service division.

01:10:05:14 EAMON (CONT'D): Need I say more?

01:10:07:26 CARTER: No.

01:10:08:26 WARRICK (V/O): Eamon...

01:10:09:24 WARRICK (V/O CONT'D): I'm back.

01:10:11:10 EAMON: Did you get the--

01:10:12:10 WARRICK (V/O INTERRUPTING): Not yet. They just transmitted the race data.

01:10:22:26 ANNOUNCER (V/O ON DISPLAY): Tech Con Group...progress and people...

01:10:25:15 ANNOUNCER (V/O CONT'D): Working in total harmony.

01:10:29:03 HAGAN (V/O ON DISPLAY): I'm Miles Hagan, President of Tech Con Group. I
wish...

01:10:33:02 HAGAN (V/O CONT'D): I wish to welcome you as an official contestant to the
Loop of Kon Garat.

01:10:37:08 HAGAN (V/O CONT'D): Congratulations on qualifying. As always, the Loop...

01:10:42:18 HAGAN (V/O CONT'D): Will run through...

01:10:43:29 HAGAN (V/O CONT'D): A course that consists of four distinct stages...

01:10:47:10 HAGAN (V/O CONT'D): Defense...

01:10:48:10 EAMON: We know the course. Skip to the competition.

01:10:52:14 HAGAN (V/O ON DISPLAY): Let's meet your fellow pilots, shall we?

01:11:01:02 EAMON: I don't believe it. Jarlath.

01:11:03:23 TEAL'C: Jarlath?

01:11:08:15 WARRICK (O/S): I know him...

01:11:08:28 WARRICK (CONT'D): From my days of transporting convicts. He was caught
running...

01:11:12:04 WARRICK (CONT'D): Illegal weapons to the outer mining colonies. I thought he
was in prison.

01:11:16:13 CARTER: Looks like he's been paroled.

01:11:18:03 WARRICK: He's not our biggest problem.

01:11:19:16 WARRICK (O/S): La'el Montrose, independent cargo runner from the Parallel Colonies.

01:11:25:16 WARRICK (CONT'D): Her ship is very fast, and, worse still...

01:11:33:27 EAMON: Hmph. Muirios.

01:11:35:24 WARRICK: His skill as a pilot is legendary.

01:11:38:00 CARTER: Can we beat him?

01:11:39:04 EAMON: You'll get clobbered in the navigation phase without a long-range scanning control unit.

01:11:43:15 WARRICK: I will get one.

01:11:54:28 CARTER: What's this?

01:12:06:02 WARRICK: Expensive.

01:12:09:05 TAUPEN: Hello, Warrick. Who's your friend?

01:12:13:10 CARTER: Hi. Major Samantha Carter.

01:12:16:06 TAUPEN: Ah, one of the Earthlings. I heard about you.

01:12:20:26 WARRICK: We are here to pick up the scanner control unit I ordered.

01:12:24:00 TAUPEN: Look, Warrick--

01:12:25:07 WARRICK (INTERRUPTING): Taupen...

01:12:26:11 TAUPEN: I'm running a business here, not a charity. Your credit has been over...

01:12:29:25 TAUPEN (CONT'D O/S): The maximum for months.

01:12:31:17 WARRICK: The best chance of my paying you back is for me to win the Loop.

01:12:34:28 TAUPEN: I'm sorry, Warrick, I can't give you a new one, but you're in luck. I just
picked up this re-conditioned unit this morning. It should work fine.

01:12:47:26 WARRICK: I will take it. Thank you. I promise, I will settle up things after--

01:12:53:20 JARLATH (O/S INTERRUPTING): After you lose.

01:12:57:08 JARLATH: You don't think he's good for it, do you? He doesn't stand a chance of
winning...

01:13:03:11 JARLATH (CONT'D O/S): The Loop.

01:13:05:00 WARRICK: Jarlath. Still avoiding personal hygiene, I see.

01:13:10:00 JARLATH: Who's your friend, Warrick? She looks nice.

01:13:17:24 JARLATH (CONT'D): Golon Jarlath, Captain of the Oran, very much at your
service.

01:13:24:15 WARRICK: Ignore him, Major.

01:13:28:29 JARLATH: Stay out of my way, Warrick, or I'll blow your pathetic ship to pieces.

01:13:35:06 CARTER: Warrick.

01:13:39:20 WARRICK: You're right, he is not worth it.

01:13:48:18 EAMON: That's it. We're done, she's ready.

01:13:58:11 TEAL'C: Do you believe the Seberus is capable of winning this race?

01:14:01:02 EAMON: I'd like to think we'd have won without the Naquadah generator. With it,
I'd pretty much guarantee it. Hungry?

01:14:08:14 TEAL'C: That depends.

01:14:10:20 EAMON: I'm sure we can find something that will suit you.

END OF ACT ONE

ACT TWO

01:15:06:12 HADRAIG (V/O ON TV): And with the Loop set to begin only minutes from now,
I'm joined by race expert...

01:15:11:08 HADRAIG (V/O CONT'D): And two-time champion, Coyle Boron.

01:15:14:11 HADRAIG (V/O CONT'D): Coyle, what's going through the pilots' minds right now?

01:15:17:14 BORON (V/O ON TV): Well, Ardal, by the time you're at the starting buoys...

01:15:19:19 BORON (V/O CONT'D): There's nothing else to do but run your pre-flight check
and hope all your hard work pays off. It's a tense time.

01:15:25:18 HADRAIG (V/O ON TV): Well, there's no question the stakes are high. This year's
winner receives a lucrative contract with Tech Con's deep space
exploration project, while anything else means massive debt and the
acid taste of bitter defeat.

01:15:39:12 HADRAIG (V/O CONT'D): Well, it's an interesting group of pilots this year, Coyle.
Who do you like?

01:15:43:16 BORON (V/O ON TV): Well, I think you've got to like this kid Muirios. He's got the
talent, the ship, and the experience to take it all.

01:15:49:04 HADRAIG (V/O ON TV): Now, what about Warrick and the human woman? Any
potential for an upset there?

01:16:51:10 WARRICK: Eat greeven, Jarlath.

01:16:53:07 JARLATH (V/O): You piece of--

01:16:54:25 [BEEP]

01:16:56:18 CARTER: Greeven?

01:16:57:18 WARRICK: Don't ask.

01:16:59:09 FLIGHT CONTROL (V/O): This is Tech Con flight control. Stand by for race start.

01:17:04:10 WARRICK: Ready or not, here...we...go.

01:17:15:10 EAMON: The first stage is a test of each ship's defense capabilities.

01:17:23:05 TEAL'C: Against what?

01:17:29:14 [SHIPS FIRING]

01:17:34:09 CARTER: Those things are firing at us.

01:17:37:01 WARRICK: Yes.

01:17:39:20 [SHIPS FIRING AND EXPLODING]

01:17:48:11 WARRICK: Bring aft shields to full.

01:17:51:14 WARRICK: That is auxiliary power.

01:17:53:01 CARTER: Right.

01:17:55:17 WARRICK: Shields...

01:17:59:04 WARRICK (CONT'D): Are holding.

01:18:01:06 PILOT (V/O): This is Captain Shibo of the Tritan. Losing shield power.

01:18:03:13 PILOT (V/O CONT'D): Key systems are failing.

01:18:04:25 WARRICK: Tritan, this is Warrick on the Seberus.

01:18:07:12 WARRICK (CONT'D): Siphon primary power from your regulator and boost your
shield strength.

01:18:10:19 PILOT (V/O): I can't. I've lost my interchange unit. I...

01:18:15:20 WARRICK: Tritan, hold on. We're on our way to assist.

01:18:18:10 [SHIPS FIRING]

01:18:22:11 PILOT (V/O): Too late. My engines are fried. I'm out, Warrick. Thanks anyway.

01:18:26:23 CARTER: Is he going to be okay?

01:18:28:00 WARRICK: The drones cease firing when a ship has become disabled.

01:18:40:11 WARRICK: That's it, we're clear.

01:18:42:08 CARTER: Anyone ever die in this race?

01:18:45:09 WARRICK: I told you it was dangerous.

01:18:47:11 CARTER: I know.

01:18:48:26 WARRICK: Are there no events such as this on Earth where humans risk their
lives?

01:18:52:05 CARTER: Yeah, a few.

01:18:53:26 WARRICK: Believe me, Major Carter, no matter how much winning may mean to
me, I would never intentionally endanger your life. This ship--

01:19:00:05 [BANG]

01:19:00:13 CARTER: What now? I thought we were clear.

01:19:03:28 WARRICK: Stage Two. We're entering the coronasphere of our sun.

01:19:06:19 WARRICK (CONT'D O/S): It causes intermittent...

01:19:09:03 WARRICK (CONT'D): Disturbances with the communication and navigation equipment. Eamon has designed shielding specifically for this phase.

01:19:17:18 HADRAIG (V/O ON TV): And so, after stage one, Muirios has the lead, followed closely by La'el Montrose and Golon Jarlath.

01:19:25:21 BORON (V/O ON TV): The Oran made quick work of those attack drones, let me tell you.

01:19:28:10 HADRAIG (V/O ON TV): And we've got stage two coming up fast.

01:19:30:03 BORON (V/O ON TV): That would be the coronasphere, Ardal. Because it's made up of ionized gases, you're basically flying through a thick layer of translucent plasma.

01:19:37:04 HADRAIG (V/O ON TV): Wow, sounds hot.

01:19:38:12 BORON (V/O ON TV): Well, you can say that again. At this stage of the race, it's all about the shields. Does your ship have what it takes to survive that kind of super intense heat?

01:19:45:22 HADRAIG (V/O ON TV): And if doesn't?

01:19:47:00 BORON (V/O ON TV): You'd be instantly vaporized.

01:19:48:15 HADRAIG (V/O ON TV): Interesting.

01:20:43:00 EAMON: Here.

01:20:45:13 TEAL'C: Major Carter, come in.

01:20:47:02 CARTER (V/O ON DISPLAY): We can no longer maintain engine--

01:20:49:29 [STATIC]

01:20:51:02 EAMON: They've lost all primary power.

01:20:53:27 EAMON (CONT'D O/S): They're in trouble.

01:20:58:05 WARRICK: Auxiliary power will not engage. We are on emergency storage cells.

01:21:01:25 CARTER: What are you doing?

01:21:04:02 WARRICK: The blast shields will help to block the radiation.

01:21:07:17 WARRICK: So much for not risking your life.

END OF ACT TWO

01:22:17:20 CARTER: Wait, wait, wait. Somebody did this on purpose?

01:22:19:20 EAMON: They would need detailed knowledge of the ship's systems.

01:22:21:29 WARRICK: I think they knew exactly where to hit us and how to cover their tracks.
Eamon, what can we do? We're being pulled towards the sun.

01:22:28:16 EAMON: I know. Bypass the diverter and manually regulate power to the engines
with the accelerator.

01:22:37:24 WARRICK: It's dangerous.

01:22:39:26 CARTER: More dangerous than flying into a sun?

01:22:42:20 WARRICK: We have to re-connect the Naquadah generator over here in order to
bypass the diverter and supply...

01:22:49:15 WARRICK (CONT'D O/S): Power directly to the engines.

01:22:51:28 CARTER: How much time do we have?

01:22:53:24 WARRICK: Not much.

01:22:59:11 HADRAIG (V/O ON TV): And so, out of the 10 ships that started the Loop, only six
remain, and that number may soon dwindle to five. For those of you just
joining us, all I can say is where have you been hiding?

01:23:10:14 HADRAIG (V/O CONT'D): Now, Warrick Finn and his alien co-pilot have slipped back into last place. Looks like they ran into a little trouble during stage two.

01:23:19:02 BORON (V/O ON TV): That's right, Ardal. Latest telemetry updates placed them dangerously close to the sun.

01:23:23:18 HADRAIG (V/O ON TV): Now, Warrick must be disappointed to be facing certain defeat, and death, so early in the race.

01:23:27:20 BORON (V/O ON TV): You've got that right, Ardal. This is the moment where every pilot has to dig deep in that reservoir of desire and fortitude if they want to win. It's all about how badly you want it.

01:23:36:04 HADRAIG (V/O ON TV): Well, it sounds like maybe...

01:23:37:26 HADRAIG (V/O CONT'D): They could use a couple of bottles of Radon Shield 55, new from Tech Con Cosmetics. Radon Shield 55 protects you and your whole family from the intense radiation of the sun. Day in, day out, Radon Shield 55 keeps your fun factor up and your lesion count down. Available at quality Tech Con family outlets everywhere.

01:24:04:28 EAMON: Someone must have snuck in here, got into the ship.

01:24:08:19 TEAL'C: Who would know the ship well enough?

01:25:08:00 EAMON: I can't believe it.

01:25:09:22 TEAL'C: What is it?

01:25:11:12 EAMON: Someone did access my computer.

01:25:13:03 TEAL'C: Who?

01:25:15:15 EAMON: His name is Del Tynan. He's my supervisor. I can't tell exactly what he got. If we're going to prove anything, we need to go to Tech Con. They won't let you in without clearance. You'll need a hat.

01:25:31:11 CARTER: Three more ships have pulled out of the race and we've fallen pretty far behind the others.

01:25:35:00 WARRICK (O/S): If you wish...

01:25:36:00 WARRICK (CONT'D): We can drop out now and avoid any further risk.

01:25:39:16 [BEEPING]

01:25:44:20 O'NEILL (V/O ON DISPLAY): Carter?

01:25:45:25 O'NEILL (V/O CONT'D): You there?

01:25:47:00 CARTER: Colonel, Sir.

01:25:48:08 O'NEILL (V/O ON DISPLAY): I got it to work. How's it going up there?

01:25:51:27 CARTER: We ran into a little trouble, but we're fine now.

01:25:54:09 O'NEILL (V/O ON DISPLAY): You sure?

01:25:55:18 CARTER: Yeah. How's it going down there?

01:25:57:20 DANIEL (V/O ON DISPLAY): Uh, good. We're going to help them bring a Stargate here, and in exchange, get an ion drive to study.

01:26:03:26 CARTER: Really?

01:26:05:22 O'NEILL (V/O): Yes, so no need to take any chances up there.

01:26:09:21 CARTER: I made a deal, Sir. I'm going to stick with it.

01:26:13:00 O'NEILL (V/O ON DISPLAY): Oh, having fun are we, Carter?

01:26:18:23 CARTER: Um, got to go. We're pretty far behind at this point.

01:26:22:26 O'NEILL (V/O ON DISPLAY): All right. Be careful.

01:26:25:19 CARTER: We will. Thank you.

01:26:27:02 O'NEILL (V/O ON DISPLAY): You're welcome.

01:26:33:20 CARTER: Okay. If we use the gravity of the sun to slingshot us around back onto the course, we should be able to pick up enough speed to get back into the race.

01:26:42:15 WARRICK: Brilliant.

01:26:53:12 RECEPTIONIST: Hi, Eamon.

01:27:01:00 EAMON: Hello. This is my cousin...

01:27:04:24 TEAL'C: Murray.

01:27:06:23 EAMON: Mm. Twice removed. I just forgot a data unit in my office. Won't be long.

01:27:10:29 RECEPTIONIST: You have to scan in. Company policy.

01:27:18:25 RECEPTIONIST: Sorry your brother isn't doing very well.

01:27:21:13 EAMON: Me too.

01:27:23:08 RECEPTIONIST: Nice to meet you, Murray.

01:27:30:09 EAMON: This is Tynan's office.

01:27:36:13 TEAL'C: Does he not keep his office secure?

01:27:38:04 EAMON: The company philosophy encourages mutual trust.

01:27:44:10 EAMON (CONT'D): Besides, nobody's going to steal his plants. Everything of value is in here, and the system is protected by a secret pass code.

01:27:56:08 EAMON: Fortunately, I put a program on my system that records an intruder's pass code if someone attempts to...

01:28:01:16 EAMON (CONT'D O/S): Access my personal files.

01:28:03:00 TEAL'C: Then it is good you do not subscribe to the company philosophy.

01:28:06:01 EAMON: Mm.

01:28:16:01 FEMALE COMPUTER VOICE (V/O): This is an automated distress signal. The following pilot--

01:28:19:03 JARLATH (V/O): Jarlath.

01:28:21:10 FEMALE COMPUTER VOICE (V/O): ...is in need of assistance. Current status is...

01:28:23:13 JARLATH (V/O): Die, you rotting scrap of jetsam!

01:28:28:21 EAMON (O/S): This is worse than I thought.

01:28:35:15 EAMON (CONT'D): He has schematics for every ship in the race.

01:28:38:06 TEAL'C: For the purpose of sabotaging the competition.

ACT FOUR

01:29:42:04 WARRICK: Oran, this is the Seberus responding to your distress call.

01:29:45:03 WARRICK (CONT'D): Jarlath, do you read?

01:29:47:14 JARLATH (V/O ON DISPLAY): Warrick?

01:29:49:02 WARRICK: We are closing on your position.

01:29:50:10 WARRICK (CONT'D): What is your status?

01:29:51:23 JARLATH (V/O ON DISPLAY): My status is mind your own business.

01:29:56:23 WARRICK: You sent out a distress call.

01:29:58:01 JARLATH (V/O ON DISPLAY): No, I didn't. My computer did. Everything is fine.

01:30:02:04 CARTER: Transmission indicates your life support is failing.

01:30:04:22 JARLATH (V/O ON DISPLAY): My oxygen supply vented.

01:30:07:24 WARRICK: That is what you get for not having any shields. The drones must have
caused a leak.

01:30:11:28 JARLATH (V/O ON DISPLAY): Shut up, Warrick. Go back to losing the race.

01:30:17:09 CARTER: You're going to die if you don't let us help.

01:30:19:27 JARLATH (V/O): I don't need help, least of all from you.

01:30:22:20 WARRICK: What about emergency reserves?

01:30:24:12 JARLATH (V/O ON DISPLAY): I don't have any. I needed the room for additional
weapons.

01:30:29:07 WARRICK: Imbecile.

01:30:31:08 JARLATH (V/O ON DISPLAY): Warrick, I would rather die kissing space debris
than board that barge you call a ship.

01:30:38:25 WARRICK: He does not want to be rescued.

01:30:41:10 CARTER: Jarlath, hold on. We'll be there soon.

01:31:15:00 JARLATH: I am not coming up there.

01:31:18:26 WARRICK: We tried.

01:31:21:20 CARTER: Come on.

01:31:23:09 [SIGHS]

01:31:31:06 WARRICK: Can you move any slower?

01:31:34:12 JARLATH: You don't think you can still win, do you?

01:31:38:12 WARRICK: We are only this far behind because we were sabotaged.

01:31:42:09 JARLATH: A likely excuse. So was I, by the way.

01:31:51:04 WARRICK: How so?

01:31:52:23 JARLATH (O/S): The drones didn't cause...

01:31:54:02 JARLATH (CONT'D): The leak in my life support. I was never hit.

01:31:56:19 CARTER: Somebody fixed the whole race?

01:31:58:09 WARRICK: It is not over yet.

01:31:59:16 JARLATH: Ha. What planet do you live on?

01:32:03:10 WARRICK: Told you we should have left him to die.

01:32:09:05 O'NEILL (V/O): Teal'c, do you read? Teal'c, you still at Tech Con?

01:32:15:29 TYNAN: This is really unfortunate. You were a good employee, Eamon.

01:32:21:10 EAMON: How could you do this?

01:32:22:22 TYNAN (O/S): How could I?

01:32:23:23 TYNAN (CONT'D): How could I not? There's something your new friend here doesn't want you to know. The Serrakin are not to be trusted.

01:32:32:11 TEAL'C: The Serrakin freed your ancestors from the Goa'uld.

01:32:35:11 TYNAN: For what purpose? Hmm? Sharing technology? Living in harmony? All lies. The Serrakin are seizing...

01:32:43:12 TYNAN (CONT'D O/S): Control of our world, piece by piece...

01:32:45:17 TYNAN (CONT'D): Taking power and opportunity away from pure-blood humans...

01:32:49:22 TYNAN (CONT'D O/S): Polluting our race by cross-breeding,

01:32:52:28 TYNAN (CONT'D): Weakening it, by design. Don't you see? The Serrakin are no better than the Goa'uld.

01:32:58:15 EAMON: This is insane, Tynan. Our society was built by both races, for the good of all Hebridians.

01:33:03:14 TYNAN: Is that why Serrakin hold all the highest positions and humans are treated like second-class citizens?

01:33:10:29 EAMON: That's not true. When Hagan finds out about this--

01:33:15:16 TYNAN (O/S INTERRUPTING): Hagan is one...

01:33:17:09 TYNAN (CONT'D): Of the primary architects of human oppression on this planet.
The winner of the Loop of Kon Garat will be a pure-blooded human and that is merely the first step.

01:33:26:10 EAMON: You're just mad because you've been passed over for advancement three times.

01:33:30:08 TYNAN: You think I'm the only one? There are enough of us to make a difference.

01:33:36:02 EAMON: Has it occurred to you that maybe the reason you've been passed over so many times is not because you're a human, but because you're a moron?

01:33:45:16 TYNAN: I'm doing this to save my kind from the likes of you.

01:34:00:04 EAMON: I guess not.

01:34:07:25 HADRAIG (V/O ON TV): Welcome back to TCNN's continuing exclusive coverage of the Loop of Kon Garat.

01:34:14:16 HADRAIG (V/O CONT'D): Now, we have some startling developments to relate. Apparently Warrick and the Earthling, Samantha Carter, have re-entered the race with a vengeance, and are now pulling into a close third position. Coyle, what does this mean for Muirios?

01:34:26:24 BORON (V/O ON TV): Well, he's a had a commanding lead for the bulk of the competition, but he's got to be wondering what Warrick's got on board that allowed him to make up that kind of distance so fast.

01:34:34:14 HADRAIG (V/O ON TV): Well, Coyle...

01:34:35:14 HADRAIG (V/O CONT'D): Perhaps he's using Ion Pro, a new engine additive from Tech Con Propulsion Systems.

01:34:40:20 BORON (V/O ON TV): Yes, perhaps.

01:34:41:20 HADRAIG (V/O ON TV): Ion Pro is guaranteed to improve drive performance, no matter what class ship you fly. Whether you're competing in the Loop of Kon Garat or just taking the kids to school, use Ion Pro in your power source. Ion Pro from Tech Con Propulsion Systems, your system-wide experts in ion drive technology.

01:35:00:08 RECEPTIONIST: I'm sorry, I can't let you inside the complex without clearance.

01:35:03:04 DANIEL: Yeah, we're looking for people we think are already inside the building.

01:35:05:17 RECEPTIONIST: If you give me their names, I can check and see if they're here.

01:35:08:03 DANIEL: Okay, one of them is named...

01:35:10:06 O'NEILL: Eamon.

01:35:10:25 DANIEL: Eamon.

01:35:11:24 RECEPTIONIST: And his cousin Murray?

01:35:14:07 O'NEILL: Murray! Yes, that's them.

01:35:16:08 RECEPTIONIST: Yes, they're here.

01:35:17:20 DANIEL: Good, can we come inside now?

01:35:18:28 RECEPTIONIST: No.

01:35:19:19 O'NEILL: All right, here's what I'd like you to do. Pick up...

01:35:26:02 O'NEILL (CONT'D O/S): That phone, call Mister...

01:35:27:25 O'NEILL (CONT'D): Whoever runs this place.

01:35:28:18 DANIEL: Hagan.

01:35:29:12 O'NEILL: Hagan.

01:35:29:19 RECEPTIONIST: I'm sorry, but I just can't--

01:35:31:07 O'NEILL (INTERRUPTING): We're old friends. Tell him Mr. Man-Who-Has-the-
Stargate is here to see him. He'll understand.

01:35:38:06 DANIEL: Stargate.

01:35:41:04 O'NEILL: Go ahead. Buttons...

01:35:44:12 O'NEILL (CONT'D): Phone.

01:35:46:08 RECEPTIONIST (INTO PHONE): Mr. Hagan, please.

01:35:48:29 O'NEILL: Nice.

01:35:52:27 EAMON (O/S): What are you going to do, Tynan?

01:35:56:14 EAMON (CONT'D): He's an alien from another planet. His people are going to miss him.

01:36:01:17 MUIRIOS (V/O ON DISPLAY): Tynan, respond.

01:36:03:27 TYNAN: What is it, Muirios?

01:36:05:22 MUIRIOS (V/O ON DISPLAY): It's the Seberus. Warrick is still in the race and he's gaining on my position.

01:36:20:25 WARRICK: Hard left!

01:36:27:12 JARLATH (YELLING): What was that?

01:36:31:22 JARLATH (CONT'D O/S): You said left!

01:36:33:05 WARRICK: Oh, did I? Sorry.

01:36:35:24 JARLATH: This is a waste of time. We don't have a chance. You're just going to
get us killed.

01:36:40:29 CARTER AND WARRICK (IN UNISON): Shut up!

01:36:53:26 MUIRIOS (V/O ON DISPLAY): Well, how did this happen? You said...

01:36:55:04 MUIRIOS (V/O CONT'D): The Seberus would be disabled...

01:36:56:20 MUIRIOS (V/O CONT'D): That I was guaranteed to win.

01:36:58:16 TYNAN: You will win, Muirios. Just focus on what you have to do. I'll take care of
the Seberus.

01:37:05:15 TYNAN (INTO PHONE): This is Tynan calling the Seberus.

01:37:10:08 TYNAN (V/O): I know you can hear me.

01:37:12:06 WARRICK: What do you want, Tynan?

01:37:13:26 TYNAN (INTO PHONE): I only intended to disable your ship...

01:37:16:16 TYNAN (CONT'D O/S): But your stubbornness has forced my hand.

01:37:18:19 TYNAN (CONT'D V/O): I have your brother...

01:37:20:14 TYNAN (V/O CONT'D): And one of the visitors from Earth...

01:37:22:23 TYNAN (CONT'D): So drop out of the race. Now.

END OF ACT FOUR

ACT FIVE

01:38:13:07 HAGAN: Dr. Jackson. Colonel O'Neill. I'm sorry to keep you waiting. It's so nice to see you both again. What can I do for you?

01:38:21:04 DANIEL: We think a member of our group...

01:38:23:25 DANIEL (CONT'D): Might somehow be lost inside your building with one of your employees.

01:38:28:21 HAGAN: Lost? That seems unlikely.

01:38:31:18 O'NEILL: Well...you've got to know the guy.

01:38:35:12 HAGAN: Of course. Come with me.

01:38:45:12 WARRICK: We were gaining on them. We had a chance.

01:38:49:09 JARLATH: You're going to let a little thing like you're brother's life stop you from winning the race?

01:38:54:17 CARTER AND WARRICK (IN UNISON): Shut up.

01:39:00:02 TYNAN: Muirios, La'el Montrose is gaining on you.

01:39:10:00 MUIRIOS (V/O ON DISPLAY): Yes, I know. You were supposed to take care of her.

01:39:54:10 TYNAN: I did what I had to. Your kind are a disease.

01:39:57:26 EAMON (O/S): The only disease here...

01:39:59:04 EAMON (CONT'D): Is greed. If he was protecting anything...

01:40:01:12 EAMON (CONT'D O/S): It's the deal he made with Muirios...

01:40:03:17 EAMON (CONT'D): Which I suspect was quite lucrative.

01:40:05:08 HAGAN: The reason you've been passed over for advancement is because
you've been under investigation...

01:40:09:19 HAGAN (CONT'D): For corruption for over a year.

01:40:12:13 HAGAN (CONT'D): We couldn't prove anything, until now.

01:40:15:16 TYNAN: I intend to file a protest with the employment council.

01:40:18:25 HAGAN: Employment is the least of your worries right now, Del.

01:40:25:00 EAMON: Warrick, Major Carter...

01:40:27:01 EAMON (CONT'D V/O): It's Eamon. Are you there?

01:40:28:13 WARRICK: Eamon, are you all right?

01:40:30:08 EAMON (V/O): Teal'c and I are both safe.

01:40:32:02 EAMON (CONT'D): Now, get back in the race and win. If you can.

01:40:46:25 JARLATH (YELLING): You must be out of your mind.

01:40:49:01 WARRICK: Do not say a word. Major...

01:40:51:12 WARRICK (CONT'D O/S): Give me all you've got.

01:40:53:00 CARTER: Max power.

01:40:55:18 [ENGINE REVS]

01:40:57:11 CARTER (O/S): Warrick...

01:40:58:28 CARTER: Warrick, I hate to say it, but Jarlath might be right. Muirios has too big a
lead. We'll never...

01:41:02:22 CARTER (CONT'D O/S): Catch him.

01:41:07:26 CARTER: He cheated. I can't believe they'll still let him take first prize.

01:41:11:09 WARRICK: Unless we can keep Muirios from crossing the finish line first.

01:41:14:29 CARTER: How can we do that?

01:41:16:10 JARLATH: Oh, that's easy.

01:41:20:02 JARLATH: Just get me close.

01:41:28:22 WARRICK: The closest we will get is when they double back past us...

01:41:31:19 WARRICK (CONT'D O/S): After the final turn.

01:41:32:20 JARLATH: It'll have to do.

01:41:34:04 CARTER: What are you doing?

01:41:37:07 JARLATH: Re-routing the conduit from your fancy power device and doubling it
back through the communications array.

01:41:42:27 CARTER: Why? So we can ask him to lose?

01:41:46:09 JARLATH: Humorous. More like tell him. This will allow us to send a...

01:41:52:23 JARLATH (CONT'D): Blast transmission.

01:41:56:01 JARLATH (CONT'D): If my aim is correct, it'll temporarily...

01:41:59:15 JARLATH (CONT'D): Freeze the command controls on Muirios' ship.

01:42:02:10 WARRICK: You are even crazier than I thought.

01:43:16:19 HADRAIG (V/O CONT'D): To win.

01:43:17:02 BORON (V/O ON TV): Yes, I was wrong about that.

01:43:18:17 HADRAIG (V/O ON TV): And you also said that Warrick wouldn't be in contention,
and yet he came very close to finishing this race.

01:43:24:25 BORON (V/O ON TV): Yes, I was wrong about that too.

01:43:26:17 HADRAIG (V/O ON TV): Any predictions for next year?

01:43:28:01 BORON (V/O ON TV): Well, I'd rather not say.

01:43:29:21 [LAUGHTER]

01:43:30:12 HADRAIG (V/O ON TV): All right, then. We'll be back with post-race interviews
after a word from our sponsor, Corso's Temporal Eatery, where your
whole family can eat what they want, when they want. Part of the Tech
Con Group family of restaurants.

01:43:44:09 WARRICK: Sorry we did not win.

01:43:47:08 CARTER: It was still worth it.

01:44:03:00 CARTER: Hey.

01:44:13:20 DANIEL: Hey.
