TIMECODE DIALOGUE

START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

RECAP

01:00:00:10 TEAL'C (V/O): Previously, on Stargate..

01:00:02:06 TEAL'C (V/O CONT'D): SG-1...

01:00:03:13 TEAL'C (V/O): He was unlike any warrior...

01:00:04:05 TEAL'C (CONT'D): We have previously encountered.

01:00:05:13 CARTER (O/S): We could be dealing with an...

01:00:06:19 CARTER (CONT'D): Entirely new kind of technology.

01:00:08:00 DANIEL (O/S): Who was the first Goa'uld...

01:00:11:00 DANIEL (CONT'D): To find the device?

01:00:12:05 JACOB/SELMAK: His name was Telchak.

01:00:13:25 DANIEL: Telchak.

01:00:15:04 CARTER (O/S): If the device was...

01:00:15:19 CARTER (CONT'D): Kept hidden near a water source, it could be the basis of the
"Fountain of Youth" mythology.

01:00:19:06 JACOB/SELMAK: It might be possible to engineer a weapon we can use against
these warriors.

01:00:26:26 O'NEILL (SHOUTING): C4!

01:00:29:04 (BLAST)

01:00:38:05 TEAL'C: What is your planet of origin?

01:00:43:03 JACOB: He just gave us his home world.

END OF RECAP

TEASER

01:00:53:27 HAMMOND: The State Department has received a ransom demand for Dr. Jackson and Dr. Lee.

01:00:57:15 HAMMOND (CONT'D O/S): We've been given 72 hours to pay, or they will be killed.

01:01:01:08 O'NEILL: Do they know who's behind it?

01:01:02:27 HAMMOND: The kidnapers haven't identified themselves, but Intel indicates we're dealing with Honduran anti-government revolutionaries.

01:01:09:08 HAMMOND (CONT'D O/S): They're following the book on this one.

01:01:12:00 HAMMOND (CONT'D): Officially, they have no intention of paying any ransom.

01:01:14:08 O'NEILL: Unofficially?

01:01:16:05 HAMMOND: Our ties with the Honduran government are at stake. No one's willing to risk breaking policy over this.

01:01:21:05 O'NEILL: So we send a team in to extract them. We've done it before.

01:01:28:16 HAMMOND: Obviously, the rebels are betting that our tenuous relationship with the Nicaraguan government will prevent us from taking action...

01:01:34:20 HAMMOND (CONT'D O/S): But they're wrong. I've called the President, and he's agreed to help.

01:01:38:22 HAMMOND (CONT'D): As we speak, he's requesting that the CIA gather whatever Intel they can, but whether he's willing to risk an international incident...

01:01:46:12 O'NEILL: Thank you, Sir.

01:01:48:25 HAMMOND: I'll let you know the second I hear anything.

01:01:56:28 REBEL (O/S): (SPEAKING SPANISH)

01:02:00:15 REBEL (O/S CONT'D): *Rapido!*

01:02:04:27 REBEL (O/S CONT'D): (SPEAKING SPANISH)

01:02:09:18 RAFAEL: You've not had water or food for two days.

01:02:23:19 RAFAEL (CONT'D): *Muy delicioso*. Peak of the season.

01:02:37:09 RAFAEL (CONT'D): This is very good.

01:02:40:14 RAFAEL (CONT'D O/S): Today we're going to start slow.

01:02:44:12 RAFAEL (CONT'D): I'm going to ask you again...

01:02:52:00 RAFAEL (CONT'D): What is this?

01:02:58:08 RAFAEL (CONT'D): And this is the part where you do not talk. Okay. Hmm?

01:03:12:00 RAFAEL: For you and your friend...

01:03:16:21 RAFAEL (CONT'D): If you tell me what this is.

01:03:16:21 RAFAEL (CONT'D): I don't know how long someone can go without food...

01:03:25:24 RAFAEL (CONT'D): But I believe the human body needs water every three or four
days.

01:03:31:19 DANIEL: It's an ancient artifact.

01:03:34:24 RAFAEL: An artifact?

01:03:39:23 DANIEL: Yeah. I'm an archaeologist. That's what I do, I look for...artifacts, and,
well...found one.

01:03:51:21 DANIEL (CONT'D): Seriously, I'm an archaeologist.

01:03:55:21 DANIEL (CONT'D): You guys can look me up on the Internet if you want. You
have a computer?

01:04:01:11 RAFAEL: It all makes perfect sense.

01:04:04:22 RAFAEL (CONT'D O/S): You're nothing more than an archaeologist...

01:04:08:17 RAFAEL (CONT'D): And you find and study artifacts.

01:04:11:17 DANIEL: It makes perfect sense.

01:04:13:09 RAFAEL (O/S): Hmm.

01:04:15:02 RAFAEL (CONT'D): I'm going to ask you one last time.

01:04:18:24 RAFAEL (CONT'D): What is this?

01:04:23:01 RAFAEL: And again, you're not so talkative.

01:04:30:22 RAFAEL (CONT'D): What gives you the right to come into our country and steal
valuable artifacts?

01:04:38:04 RAFAEL (CONT'D O/S): You call yourself a scientist? You're nothing but a thief...

01:04:42:15 RAFAEL (CONT'D): And you think you're better than me, but I have reasons for
what I do.

01:04:49:06 DANIEL: I don't doubt that.

01:04:51:08 RAFAEL: *Chalo.*

01:05:12:17 RAFAEL: And here's something else you should not doubt, *compadre.*

01:05:17:25

RAFAEL (CONT'D): You will tell me what I want to know.

END OF TEASER

01:07:41:17 CARTER: Sir?

01:07:44:07 O'NEILL: I'm going after Daniel.

01:07:46:07 CARTER: Good.

01:07:49:19 O'NEILL: This other mission...

01:07:52:07 CARTER: Shouldn't be a problem, Sir.

01:07:55:27 CARTER: When do you leave?

01:07:57:17 O'NEILL: Now.

01:07:59:07 CARTER: Good luck.

01:08:00:21 O'NEILL: You too.

01:08:15:13 DR. LEE (SHOUTING O/S): What? I don't know anything!

01:08:25:09 DR. LEE (CONT'D)I don't know anything!

01:08:38:01 JACOB: We've confirmed that Anubis has a base on Tartarus. A powerful sensor
array prevents anyone from approaching the planet unnoticed. The
Stargate on Tartarus is inside the structure and has a powerful force field
protecting it.

01:08:53:24 HAMMOND (O/S): We need to know why Anubis created...

01:08:55:01 HAMMOND (CONT'D): This new soldier, confirm what we believe his intentions are, and, if possible, stop him. Any ideas?

01:09:00:15 CARTER: Even if we could defeat the force field, we have to assume that the Stargate would be heavily guarded.

01:09:04:24 TEAL'C: We must gain access to the planet by somehow temporarily shutting down the sensor array.

01:09:08:29 CARTER: I agree. The question is, how?

01:09:11:01 JACOB/SELMAK: I will walk through the Stargate.

01:09:13:03 HAMMOND: Selmak?

01:09:14:05 JACOB/SELMAK: Yes.

01:09:15:11 HAMMOND: Come again?

01:09:16:10 JACOB/SELMAK: I wear the armor of Anubis' assassin. According to your account on Ramius' planet, it passed through the force field trap.

01:09:23:08 BRATAC: But at what physical cost? We have no way of knowing.

01:09:27:07 CARTER: The force field around that Stargate has got to be more powerful than
the one we used.

01:09:30:23 JACOB: I'm sorry, kid, I'm with Selmak...

01:09:32:20 JACOB (CONT'D O/S): On this one.

01:09:34:09 JACOB (CONT'D): He'll keep me alive.

01:09:38:22 JACOB: Does anyone else have a better idea?

01:09:44:19 JACOB: Once I've deactivated the sensor array, a scout ship can then approach
the planet. Radioactive isotopes taken beforehand will permit...

01:09:52:26 JACOB (CONT'D O/S): Us to move around freely without being detected...

01:09:55:12 JACOB (CONT'D): By internal sensors inside the base.

01:09:57:16 HAMMOND: What's your exit plan?

01:09:59:02 BRATAC: The scout ship. During the mission, I will conceal it in one of the
planet's many low-lying chasms, powering down to further avoid
detection.

01:10:07:04 HAMMOND: Major, you have a go.

01:10:21:24 PEDRO: *Estas bien.*

01:10:24:12 O'NEILL: *Si, bueno, gracias.*

01:10:33:05 BURKE: You don't look very happy to see me. I would have given anything to see your face when you heard my name.

01:10:41:25 BURKE: Hey, it's okay, man, it's okay--

01:10:44:13 O'NEILL (INTERRUPTING): It's not okay. I've got 48 hours to find my friend before he's killed.

01:10:51:08 O'NEILL: Just tell me what you know.

01:10:53:02 BURKE: Okay.

01:10:53:13 BURKE (CONT'D): "All business, all the time," I can dig that station. This is the last place Daniel Jackson was seen before he hired a guide, named Rogelio Duran, to take him into the Jungle.

01:11:04:05 BURKE (CONT'D): A short time after that, he was snatched by...by anti-Honduran extremists.

01:11:10:23 O'NEILL: And you know this how?

01:11:13:11 BURKE: It's how this particular splinter group does business. Last year they kidnapped an important engineer working on the Cajon River Dam. Big American contract, insurance pays off, and they finance their little war against the government...

01:11:25:07 BURKE (CONT'D O/S): With the ransom.

01:11:26:20 O'NEILL: This engineer, did he live?

01:11:28:08 BURKE: Yeah, he did. Sometimes they don't.

01:11:30:26 O'NEILL: What about weapons?

01:11:33:17 BURKE: Okay, this is colorful. Honduras and Nicaragua are in the middle of a territorial dispute. I know what you're thinking, "when are they not?" So because of this, anyone in the "I-hate-Honduras" fan club can seek shelter behind the Nicaraguan borders and buy guns. What kind of guns? AKs, AKs for days.

01:11:50:24 BURKE (CONT'D): Nicaragua gets their stuff directly from Russia now, but in the 80s, they inherited all the old stuff from Cuba. How do you like that? They let us fight Cuba from their shores, we get our asses kicked...

01:12:00:08 BURKE (CONT'D): And Cuba gives them the guns. You know we could get shot at by an AK-47 that was fired at the Bay of Pigs attack?

01:12:08:28 O'NEILL: You've been down here too long, Burke.

01:12:11:24 BURKE: Yeah, you think so? You know why I got this crappy posting in this stinkhole part--

01:12:16:19 O'NEILL (INTERRUPTING): Here comes the blame. Are you going to try and blame me now?

01:12:18:15 BURKE: Yeah, I do. You could've stood up for me. Hillary left me.

01:12:21:03 BURKE (CONT'D): What do you think happens in a friendly fire incident when one team member gets killed, and the other doesn't...

01:12:25:10 BURKE (CONT'D): Vouch for you?

01:12:29:02 O'NEILL: I didn't see what happened to Woods. I told them what I knew.

01:12:29:10 O'NEILL (CONT'D): I wasn't going to lie--

01:12:30:22 BURKE (INTERRUPTING): I'm not talking about lying. I'm talking about my head. You, me, Woods, we were buddies, man. You knew me.

01:12:39:11 O'NEILL: I told them what I knew.

01:12:42:13 BURKE: Well, you didn't tell them enough, and now you're stuck in my part of the world. You need me, and I'm calling it on this one.

01:12:51:24 O'NEILL: I don't think so.

01:12:53:22 BURKE: I know how to get over the borders. I know where these rebels operate.

01:12:56:04 BURKE (CONT'D): Oh, yeah, I'm in charge.

01:12:58:13 O'NEILL: No. You're just the guide.

01:13:01:20 BURKE: Just the guide? That's what you think of me now?

01:13:05:10 O'NEILL: That's right. You're not so gone you don't understand the need for a
clear chain of command, are you?

01:13:11:27 BURKE: You want to know how "gone" I am?

01:13:21:19 PEDRO: *Quieres algo mas, senor?*

01:13:22:14 O'NEILL: *Si. Necesita un guia.*

01:13:28:04 PEDRO: I'm a guide. This is just my day job.

01:13:51:03 DR. LEE: I never thought I would die like this.

01:13:53:26 DANIEL: Well, you're not dead yet.

01:13:56:04 DR. LEE: I'm sorry, Daniel. I couldn't take it.

01:14:04:19 DR. LEE (CONT'D): I told them.

01:14:06:23 DANIEL: What? What did you tell them?

01:14:10:23

DR. LEE: Everything.

END OF ACT ONE

ACT TWO

01:15:16:13 SILER: How's that, Sir?

01:15:17:12 JACOB: Pretty good. It reminds me of my old football days.

01:15:19:21 SILER: Did they have helmets back in those days, Sir?

01:15:21:20 JACOB: Funny.

01:15:23:00 HAMMOND: Jacob. You okay in there?

01:15:25:26 JACOB: It's surprisingly light. I guess it's time.

01:15:29:15 HAMMOND: Good luck.

01:15:31:03 JACOB: Thank you, George.

01:16:13:26 THOTH: You come with me.

01:16:30:21 THOTH: Sit.

01:16:41:09 THOTH: You seem damaged.

01:17:02:17 CARTER: Come on, Dad.

01:17:09:12 BRATAC: The array has yet to be shut down. We are helpless to act. Even if we were to attempt secure communication--

01:17:16:16 CARTER (INTERRUPTING): We would have to leave our position from the dark side of this moon, making us visible to their sensors.

01:17:37:05 ANUBIS: Thoth.

01:17:38:03 THOTH: Lord Anubis, I was not expecting you.

01:17:40:27 ANUBIS: Tell me how this one has fared.

01:17:43:10 THOTH (O/S): This one has just returned, my Lord.

01:17:45:22 THOTH (CONT'D): I need time to finish my preliminary analysis before I can make a proper...

01:17:50:12 THOTH (CONT'D O/S): Report.

01:17:55:15 ANUBIS: It can wait. There is a remote probe malfunctioning. It requires...

01:17:57:07 ANUBIS (CONT'D O/S): Your attention.

01:17:58:27 THOTH: Yes, my Lord.

01:18:10:20 CARTER: So many things could have gone wrong. He's so stubborn.

01:18:13:25 TEAL'C: Major Carter, perhaps it is time to consider--

01:18:16:16 (ALARM BEEPING)

01:18:17:17 BRATAC: The sensor array has powered down.

01:18:21:04 BRATAC (CONT'D): No doubt, your father's stubbornness.

01:18:34:07 CARTER (INTO RADIO): Dad, we're on the way.

01:18:35:27 JACOB (V/O OVER RADIO): Good. When you touch down, proceed to the
 exhaust port assemblage. I think I found a way to get you in.

01:18:42:08 CARTER (INTO RADIO): Copy.

01:18:49:21 O'NEILL: Now, hold up. This is it.

01:19:00:23 PEDRO: As I told you, there's nothing here.

01:19:03:25 BURKE (O/S): There is this...

01:19:04:27 BURKE (O/S CONT'D): Well in the middle of nowhere...

01:19:07:07 BURKE (CONT'D): Standard U.S. military boot tread all around.

01:19:11:01 BURKE (CONT'D): Make a wish.

01:19:18:17 BURKE (CONT'D): What took you so long? How hard could it be to track their
GPS locators? I'm just kidding. Only been here a couple minutes myself.

01:19:28:21 O'NEILL: Change your mind?

01:19:30:02 BURKE: In a manner of speaking.

01:19:32:28 BURKE (O/S): *Regresate a la cantina.*

01:19:36:17 PEDRO: *Cuatro mil? Muchas gracias, senior.*

01:19:38:17 O'NEILL: *Momentito.*

01:19:41:09 BURKE: This is the end of the road, man.

01:19:42:19 BURKE (CONT'D): I mean, you didn't think these guys...

01:19:44:15 BURKE (CONT'D): Were going to make it easy on you, did you? I'll take you
where you need to go.

01:19:49:25 O'NEILL: For old times sake?

01:19:51:05 BURKE: You know, I took an emotional inventory, and I realized that I have some
issues. I thought maybe we could put our petty differences aside on this
one.

01:19:59:24 BURKE (CONT'D): You're going to need me when this thing goes down, buddy.

01:20:02:24 BURKE: Come on, give me a chance. I won't let you down.

01:20:14:05 O'NEILL: *Si, vete. Gracias. Vamos.*

01:20:17:20 PEDRO: *Vaya con dios.*

01:20:18:25 BURKE: Now we're talking, sports fans!

01:20:24:03 BURKE (CONT'D): Okay, my name is Burke, and I'll be your guide. Today we'll be
looking at indigenous vegetation of Central America. Watch your step,
ladies, we're not in Minnesota.

01:20:35:26 O'NEILL: Easy.

01:20:38:19 RAFAEL: If you value the life of your friend, you will tell me what I want to know!

01:20:49:08 RAFAEL (CONT'D): Your friend told me this device may be the origin of the
"Fountain of Youth"...

01:20:53:04 RAFAEL (CONT'D): Myth.

01:20:54:10 DANIEL: It may be.

01:20:55:11 RAFAEL (O/S): How does it work?

01:20:56:25 DANIEL (O/S): I don't know.

01:20:59:08 DANIEL: Look, you grabbed...

01:20:59:12 DANIEL (CONT'D): Us five minutes after we found it!

01:21:01:06 RAFAEL: Who is this Telchak?

01:21:03:28 DANIEL: He's a mythological figure, a Mayan god that may or may not have lived
here thousands of years ago.

01:21:11:12 RAFAEL: So this device is many thousands of years old?

01:21:14:06 DANIEL: Possibly.

01:21:16:15 RAFAEL: And this Mayan god brought this device to his temple. For what
purpose?

01:21:26:08 DANIEL: To hide it, to use it!

01:21:31:14 DANIEL (CONT'D O/S): I don't know!

01:21:33:24 RAFAEL: Use it? On whom?

01:21:33:28 DANIEL: People! Mayan people!

01:21:36:10 RAFAEL: And what would it do to them?

01:21:37:22 DANIEL: Look, the research I used to find it just gave a cryptic warning the device
was dangerous, even harmful. That's all I know.

01:21:44:24 RAFAEL: I do not think it is so harmful.

01:21:51:00 RAFAEL (CONT'D): I have...

01:21:53:27 RAFAEL (CONT'D): Never in my life felt as strong as I do right now.

01:22:02:21 DANIEL: You turned it on?

01:22:05:12 RAFAEL: Yes.

01:22:06:29 DANIEL: Turn it off.

01:22:08:10 DANIEL (CONT'D): You don't know what you're dealing with.

01:22:10:22 DANIEL (CONT'D): The effects of the device may be unstable.

01:22:13:04 DANIEL (CONT'D O/S): It's very dangerous. Look...

01:22:15:27 DANIEL (O/S CONT'D): It's beyond our comprehension.

01:22:17:00 DANIEL (CONT'D): Turn it off.

01:22:17:29 RAFAEL: You're lying.

01:22:19:13 CHALO: What if he isn't?

01:22:20:23 CHALO (CONT'D O/S): The device is cursed.

01:22:22:23 CHALO (CONT'D): Rafael, we should turn it off.

01:22:24:14 RAFAEL: Turn it off? Do you not feel different as well?

01:22:29:00 CHALO: I do, and it scares me.

01:22:31:18 CHALO (CONT'D O/S): *Por favor*, Rafael.

01:22:34:25 CHALO (CONT'D): If you will not turn it off, I will.

01:22:48:01 (GUNSHOTS)

END OF ACT TWO

ACT THREE

01:23:38:23 CARTER (O/S): What happened?

01:23:42:06 JACOB: I fooled the exhaust port into thinking...

01:23:43:18 JACOB (CONT'D O/S): It needed to purge the system.

01:23:45:02 CARTER: I mean with the sensor array.

01:23:46:05 JACOB: I got held up. You weren't worried about me, were you?

01:23:52:19 JACOB: Help me get this off.

01:23:55:26 BURKE: The rebels move around a lot. The grunts are self-taught bush fighters.
It's harvest season. Most of them tend to their farms right now. Those
who don't are ex-military and are most likely holding up about 20 clicks
northwest of Ocotal.

01:24:29:04 BURKE: Well, this wasn't supposed to be on the tour. At least we know we're on
the right track.

01:24:45:03 ROGELIO: I've been shot.

01:24:48:01 ROGELIO (CONT'D); Ah! No, no, no.

01:24:49:19 ROGELIO (CONT'D O/S): No, no.

01:24:51:10 O'NEILL: You have been shot.

01:24:52:09 ROGELIO: *Si*.

01:24:56:01 BURKE: Your rescue should be here in about an hour.

01:24:57:26 ROGELIO: Well, I've been lying here for days. What's another hour?

01:25:02:18 O'NEILL: Who did this?

01:25:04:19 ROGELIO: (SPEAKING SPANISH)

01:25:08:25 O'NEILL: All right, all right. We're looking for two scientists.

01:25:12:21 ROGELIO: Dr. Jackson?

01:25:14:13 O'NEILL: Yeah.

01:25:15:24 ROGELIO: They have them. They went north across the border. Go.

01:25:20:29 BURKE: We're not just going to leave you.

01:25:22:12 ROGELIO: Sure you can, *senor*. Help will be here soon. Don't worry. This is not
the first time I've been shot.

01:25:32:20 ROGELIO (CONT'D): Save your friends.

01:26:58:20 BURKE: I know we were out of position. I wanted to cut the angle down to cover you as you approached the objective. I guess Woods was doing the same.

01:27:08:13 O'NEILL: So you both took it upon yourselves to improvise at the same time?

01:27:12:28 BURKE: That's right.

01:27:28:05 JACOB (WHISPERING): That's the third one I've seen.

01:27:30:07 CARTER: How many do you think Anubis has?

01:27:33:00 JACOB: There's no way of telling yet. I'm just guessing, but at least a handful. the lab I was in was made to service several.

01:27:54:11 JACOB: Symbiote holding tanks.

01:28:03:16 CARTER: All empty.

01:28:08:17 TEAL'C: This one is not.

01:28:28:07 DR. LEE: Shouldn't we at least wait till nighttime?

01:28:36:17 DANIEL: I don't think we have that long.

01:28:38:29 DR. LEE: We won't get a hundred yards before they kill us.

01:28:40:29

DANIEL: Yeah, if we stay, they'll definitely kill us. I saw the short-term effects of that device. I know what a sarcophagus does to a person's sanity, and this is far more powerful. I don't think I want to stick around to find out what long-term exposure does.

END OF ACT THREE

ACT FOUR

01:29:49:16 CARTER: Judging by the number of holding tanks in this room, Anubis must be planning to have the Queen spawn thousands of Goa'uld, but why?

01:29:57:01 CARTER (CONT'D O/S): A symbiote is spawned with the genetic memory of the maternal bloodline. They're...

01:30:01:11 CARTER (CONT'D): Egomaniacal and power-hungry. That's not exactly a good combination for a foot soldier.

01:30:05:19 JACOB: That's right, but look at this.

01:30:07:21 JACOB (CONT'D O/S): This Queen, whoever she is, must be in league with Anubis.

01:30:11:15 JACOB (CONT'D): She's preparing for a spawn cycle, yet her brain wave pattern is minimal. She has no intention of passing on her genetic memory. The symbiotes will be blank slates.

01:30:21:22 TEAL'C: Much like Egeria on Pangar.

01:30:23:28 JACOB: And Anubis will be free to imprint them however he sees fit. No free will. They're drones. They make the perfect soldier...

01:30:31:05 JACOB (CONT'D O/S): Deadly, fearless, unquestioning loyalty.

01:30:35:13 CARTER: But this is too similar to what happened on Pangar to be a coincidence.
How did Anubis find out about Egeria?

01:30:41:21 TEAL'C: Jonas Quinn.

01:30:46:13 TEAL'C (CONT'D): Anubis must have acquired this information when he scanned
Jonas Quinn's mind.

01:30:50:09 JACOB (O/S): If Anubis had any designs on creating...

01:30:52:04 JACOB (CONT'D): A Drone soldier, that information would have been the final
piece of the puzzle.

01:30:56:11 TEAL'C: This Queen must not be permitted to spawn again.

01:30:59:13 JACOB: Teal'c's right.

01:31:02:02 CARTER: Okay.

01:31:03:10 CARTER (CONT'D): We take what time we have remaining to try to...

01:31:06:24 CARTER (CONT'D): Find out what else Anubis is up to. Then we detonate the C4
and get out of here.

01:31:21:25 BURKE: Should be just a couple clicks now. How can you trust me?

01:31:31:13 O'NEILL: I don't.

01:31:32:29 BURKE: You think I asked you to come down here so I could shoot you, too?

01:31:36:06 O'NEILL: Why would I think that?

01:31:39:20 BURKE: Forget I said...

01:31:39:23 BURKE (CONT'D): Anything.

01:31:41:00 O'NEILL: You've had plenty of opportunity before now.

01:31:43:02 BURKE: What's worse is that you think I'm just incompetent.

01:31:45:10 O'NEILL: Oh, for crying out loud, Burke.

01:31:46:15 BURKE: So you're perfectly willing to go into a hot situation with me watching your
back?

01:31:51:03 O'NEILL: I have no choice, and I was thinking of sending you in first. Me watching
your back.

01:31:55:22 BURKE: Don't you want to know the truth? I mean, come on. You really don't want
to know?

01:32:01:20 BURKE (CONT'D): Man, it wasn't my fault.

01:32:05:26 BURKE (CONT'D): I mean, I didn't choose, I just reacted. It stinks. The whole
damn thing stinks.

01:32:10:13 BURKE (CONT'D): You want to know what really happened? Fine. I'll tell you.
Woods was ghosting us. He sold out. He was no good. He was sending
out a rogue transmission. He was giving our position away.

01:32:24:18 BURKE (CONT'D): Woods realized that I was onto him, and he turned his weapon
on me...

01:32:27:25 BURKE (CONT'D): And I just...I just reacted.

01:32:31:22 O'NEILL: Why didn't you come forward with this?

01:32:34:23 BURKE: Come on, man. You remember how close we were. The wives and the
beers and the barbecues? I couldn't do that to Cindy.

01:32:42:18 BURKE (CONT'D): It comes out Woods was a traitor, she doesn't see a penny of
that pension. A month away from his retirement?

01:32:47:25 BURKE (CONT'D): Woods wasn't going to retire, he was setting himself up as a
mercenary for that warlord. He made his choice. He's gone. That's all
that...

01:32:56:08 BURKE (CONT'D): Matters.

01:33:06:06 (MACHINE GUN FIRE)

01:33:13:29 (GUNFIRE CONTINUING)

01:33:24:11 DANIEL: That's not good.

01:33:35:08 RAFAEL (SHOUTING): *Disparan!*

01:34:05:10 RAFAEL (SHOUTING): No. No! You let them escape!

01:34:12:28 RAFAEL (CONT'D): (SHOUTING IN SPANISH)

01:34:37:24 CARTER: There must be a console somewhere that will let us access a log of recent activity. Even if it doesn't contain Anubis' long-range plans, we might be able to gather Intel on the movement of his fleet.

01:34:49:01 JACOB: Nothing but labs, corridors, and storage in this direction. I think Anubis' quarters are this way.

01:35:16:20 (GUNFIRE)

01:35:22:01 DANIEL: Bill, you've got to keep moving!

01:35:32:19 (GUNFIRE)

01:35:34:04 (GUNFIRE CONTINUING)

01:35:37:29 REBEL: (SHOUTING IN SPANISH)

01:35:39:29 (GUNFIRE)

01:35:52:05 (GUNFIRE CONTINUING)

01:36:01:21 DR. LEE: I can't. I can't breathe.

01:36:03:02 DANIEL: Yes, you can. Come on!

01:36:05:04 DR. LEE: Daniel, I can't.

01:36:07:18 DANIEL: Stay there. I'll draw them off.

01:36:33:19 (GUNFIRE)

01:36:37:16 (GUNFIRE)

01:36:44:20 (LOUD MARCHING FOOTSTEPS)

01:37:04:28 (FOOTSTEPS CONTINUING)

01:37:11:24 ANUBIS (V/O): You are all my children, Kull Warriors.

01:37:16:03 ANUBIS (V/O CONT'D): You are the instruments of my conquest.

01:37:19:25 DRONE ARMY: Hail Anubis! Hail Anubis!

01:37:25:13 DRONE ARMY (CONT'D O/S): Hail Anubis!

END OF ACT FOUR

ACT FIVE

01:37:59:12 RAFAEL: Machete.

01:38:01:10 RAFAEL (CONT'D): I'm going to skin you alive.

01:38:06:10 (MACHINE GUN FIRE)

01:38:20:05 O'NEILL (WHISPERING): How many more are there?

01:38:25:28 O'NEILL: Daniel.

01:38:27:13 DANIEL: That's it. You got them all. What're you doing here?

01:38:39:04 CARTER: There must be thousands of them.

01:38:41:03 THOTH: Fools!

01:38:43:29 (LASER FIRE)

01:38:55:16 (ALARM SOUNDING)

01:38:56:00 GOA'ULD: Kull roc.

01:38:57:16 JACOB: C4.

01:38:59:05 CARTER (INTO RADIO): Bratac, we need that ride now!

01:39:01:04 BRATAC (V/O OVER RADIO): I will be there momentarily.

01:39:04:27 (BLAST)

01:39:22:11 O'NEILL: You going to be able to walk on this?

01:39:25:26 DANIEL: Yeah.

01:39:27:02 (GUN SHOT)

01:39:32:13 DANIEL: Telchak's device reanimates dead tissue.

01:39:34:12 O'NEILL: Yeah, whatever. Come on.

01:39:36:11 (GUN SHOT)

01:39:37:20 (MACHINE GUN FIRE)

01:39:47:17 BURKE: Hey.

01:39:48:08 BURKE (CONT'D O/S): Get down!

01:39:49:14 (GUN SHOT)

01:39:59:24 BURKE: What's with the guy from Evil Dead?

01:40:04:28 O'NEILL: Um.

01:40:08:10 BURKE: Classified?

01:40:09:19 O'NEILL: Yeah.

01:40:12:16 BURKE: You guys are into some crazy crap, man.

01:40:19:01 JACOB: Got it!

01:40:39:11 CARTER: Go!

01:40:40:21 (LOUD THUD)

01:40:41:00 JACOB: What was that?

01:40:41:21 CARTER: It can't be good. Just punch it!

01:40:49:16 BRATAC: Someone has opened the rear engine access hatch.

01:40:51:14 CARTER: We're mid-flight.

01:40:55:07 (GUNFIRE)

01:41:30:05 BRATAC: Teal'c, are you hurt?

01:41:35:23 TEAL'C: Indeed.

01:41:37:01 BRATAC: Where?

01:41:38:15 TEAL'C: My pride. An old man did what I could not.

01:41:46:08 JACOB: Sam?

01:41:52:10 JACOB: Sam.

01:41:56:11 JACOB: No, don't move. Just lie still.

01:42:02:24 JACOB (CONT'D): What hurts?

01:42:04:06 CARTER: Everything.

01:42:06:15 JACOB: That's a good sign.

01:42:12:21 BURKE: Perimeter's clear. I just heard from air rescue. They've got the guide.

01:42:25:26 DANIEL: Rogelio?

01:42:26:21 BURKE: Yeah, he's going to be okay. They'll be here soon.

01:42:31:18 O'NEILL: Hey. Nice backup.

01:42:34:27 BURKE: Sure thing, buddy, anytime, anywhere.

01:42:38:12 O'NEILL: You know, I think I should recommend that you be posted to a nicer
place.

01:42:46:19 BURKE: A temperate zone? Not too hot, not too cold, with fine-looking women
that put out like broken candy machines.

01:42:54:12 O'NEILL: Whatever. I'll see what I can do.

01:42:59:03 BURKE: Thanks, buddy. Is that that thing that made that guy do that thing?

01:43:06:19 DANIEL: Yeah, it's okay, it's off now.

01:43:08:05 O'NEILL: Good. That's good.

01:43:11:12 DR. LEE: At least, we think it's off. It's not glowing anymore, so...

01:43:15:02 DANIEL: Glowing thing really gives it away, so if it's not glowing anymore, it
shouldn't be on anymore.

01:43:19:28 DR. LEE: Do you want to hold it?

01:43:21:10 DANIEL: No. No.

01:43:26:06 BURKE: That's crazy!

01:43:37:28 O'NEILL: So, miss me?

01:43:46:05 CARTER: Of course, Sir.

01:43:48:04 O'NEILL: Well, it couldn't have been that bad. You're all still alive.

01:43:52:08 TEAL'C: As are you and Daniel Jackson.

01:43:53:27 CARTER: Daniel?

01:43:54:28 DANIEL: I'm fine, and we got the device from Telchak.

01:43:57:09 JACOB: Good. Hopefully, we can engineer a weapon from it.

01:44:01:08 BRATAC: You must, or we'll be left helpless to combat these new warriors.

01:44:05:24 CARTER: We have some bad news, Sir.

01:44:06:22 CARTER (CONT'D): Anubis has an entire army of these supersoldiers.

01:44:09:29 CARTER (CONT'D): There are thousands of them. The best we were able to do
 was delay his ability to manufacture more.

01:44:15:08 HAMMOND: We'll debrief fully in one hour. Welcome home.

01:44:22:01 O'NEILL: Hey. So nice command.

01:44:29:10 CARTER: We did manage to make it out alive, Sir.

01:44:31:12 O'NEILL: There's that.

01:44:36:16

O'NEILL: Lunch?
