TIMECODE DIALOGUE

START TIMECODE 01:00:00:02 AT FIRST FRAME OF PICTURE

TEASER

01:00:27:10 BARRETT: Major Carter, Dr. Jackson, Teal'c. I'm glad you could make it.

01:00:30:17 CARTER: Agent Barrett.

01:00:31:18 BARRETT: How's Colonel O'Neill doing?

01:00:33:03 CARTER: Still recovering. He's taking some time off.

01:00:35:11 BARRETT: Well, we're still putting the details together here. If you'll follow me, I'll
explain as we go.

01:00:39:15 DANIEL: What is this place?

01:00:40:20 BARRETT: An abandoned industrial complex. Near as we can tell, it was home to
a rogue NID sleeper cell we've been trying to locate for over a year now.

01:00:47:00 CARTER: Still haven't got them all?

01:00:48:03 BARRETT: No, not by a long shot, Major. Their ties run deep. They seem to have
infinite resources at their disposal.

01:00:53:20 CARTER: What were they doing here?

01:00:55:02 BARRETT: We're not exactly sure yet.

01:00:57:07 DANIEL: What happened?

01:00:59:11 BARRETT: At approximately 0800 hours this morning, we intercepted a 911 call.
 We moved in just after local authorities arrived. We've been in lockdown
 mode ever since.

01:01:08:06 DANIEL: Wait a minute, someone from a top secret, not to mention illegal NID
 operation called 911?

01:01:13:28 BARRETT: It got real ugly. Come on.

01:01:17:26 BARRETT: We got a call from a panicked male voice. We think it was from the
 cleaning staff. The call was cut short. Thus far, we've counted 32
 casualties, and that includes a six-man security contingent.

01:01:33:06 CARTER: Who would do this?

01:01:35:00 TEAL'C: And for what reason?

01:01:37:00 BARRETT: Actually, we know who did it. As for why...

01:01:39:15 DANIEL: You know who did this?

01:01:40:28 BARRETT: Yeah.

01:01:49:27 BARRETT: Open it.

01:02:07:13 BARRETT: It was her.

ACT ONE

01:03:43:10 BARRETT (O/S): At first, we thought she was a survivor. and then...

01:03:45:07 BARRETT (CONT'D): we found this.

01:04:02:10 BARRETT: We found her cowering in a corner. She seemed to be genuinely
terrified, had no memory of what happened.

01:04:06:22 CARTER: You put her in the cell?

01:04:08:05 BARRETT: Yeah, she said that's where they kept her. We locked her up there
after we found the security tapes. We didn't want to take any chances.

01:04:13:08 DANIEL: Who is she?

01:04:14:11 BARRETT (O/S): We're not sure yet.

01:04:15:04 BARRETT (CONT'D): She's been printed. I'm just running her through the system.

01:04:17:26 CARTER: Any other survivors?

01:04:13:03 BARRETT (O/S): Yeah, one...

01:04:19:25 BARRETT (CONT'D): a scientist named Keffler. We're holding him upstairs. So
far, he hasn't been very talkative. Come on, let me show you why I called
you guys down here.

01:04:45:15 DANIEL: Wow.

01:04:48:00 BARRETT (O/S): Recognize anything?

01:04:50:24 DANIEL: Nothing I've cataloged as coming through the SGC.

01:04:56:07 TEAL'C: This indicates it belonged to Sekhmet.

01:04:58:21 BARRETT (O/S): Who was that?

01:05:00:06 TEAL'C: A Goa'uld...

01:05:00:16 TEAL'C (CONT'D O/S): who at one time...

01:05:01:17 TEAL'C (CONT'D) was loyal to Ra.

01:05:03:01 DANIEL (O/S): From what we know, she was a powerful...

01:05:04:04 DANIEL (CONT'D): ally of his. He would routinely dispatch her to rule planets in
his stead-- quell rebellions, oversee mass executions, you know, all the
fun stuff.

01:05:12:01 BARRETT: Sounds like a real sweetheart. What happened to her?

01:05:13:26 TEAL'C: It is believed she was exiled for plotting against Ra.

01:05:16:20 DANIEL: We also believe that she lived here for most of his dynasty. I didn't realize this stuff had been recovered.

01:05:22:08 BARRETT: From what I can gather, it may have come from the Germans.

01:05:24:22 DANIEL (O/S): The Germans?

01:05:26:04 BARRETT: The background that I have on Keffler says that he's the son of a convicted Nazi war criminal.

01:05:32:11 DANIEL: I guess we really shouldn't be that surprised.

01:05:34:21 CARTER: Rogue NID really have no limits, do they?

01:05:37:02 BARRETT (O/S): See if there's anything else you can tell me...

01:05:38:27 BARRETT (CONT'D): about this stuff.

01:05:43:02 BARRETT (CONT'D): I'm going to go back...

01:05:43:18 BARRETT (CONT'D): at Keffler again. You want to join me?

01:05:45:02 CARTER: Sure.

01:05:51:18 BARRETT: I just thought you might want to watch a master of interrogation at work.

01:05:55:07 CARTER: You're calling someone special?

01:06:00:10 BARRETT (O/S): Dr. Keffler.

01:06:02:05 BARRETT (CONT'D): This is Major Samantha Carter.

01:06:04:27 KEFFLER: Of the Stargate program.

01:06:08:01 BARRETT: That's right.

01:06:12:25 BARRETT (CONT'D): Are you ready to tell us about the girl?

01:06:17:22 BARRETT (CONT'D): Look, Doctor, do I really need to explain the nature of your
situation?

01:06:21:12 KEFFLER: Oh, please do. It amuses me.

01:06:25:03 BARRETT: This was an off-the-books NID operation, which means you technically
don't exist...

01:06:30:02 BARRETT (CONT'D O/S): which means no phone calls, no lawyers. Hell, I don't
even have to read you your rights. To make matters worse for you...

01:06:36:08 BARRETT (CONT'D): the people behind this operation are all in jail. Nobody to
bail you out.

01:06:44:26 CARTER: What kind of work was being done here, Doctor?

01:06:47:03 KEFFLER: You're a smart girl. You'll figure it out.

01:06:53:00 BARRETT (O/S): Look, do you really think...

01:06:53:21 BARRETT (CONT'D): that we are going to let you walk away from this? 32 people
 are dead.

01:06:56:15 KEFFLER: Believe it or not, I do feel bad about that. Some of them were not quite
 as incompetent as the others. Unfortunately, the bad ones always ruin it
 for everyone, don't they?

01:07:15:20 BARRETT: What is this?

01:07:17:28 KEFFLER: That unlocks my car.

01:07:25:18 BARRETT: Don't think you're safe.

01:07:29:20 KEFFLER: Read the papers, Agent Barrett. No one is safe these days.

01:07:37:01 KEFFLER (CONT'D): My pills.

01:07:50:29 KEFFLER (CONT'D): Now, now... you wouldn't wan your only witness to die on
 you, would you?

01:08:07:04 BARRETT: It's nitro. Says he has a bad heart. I'd say an x-ray would confirm a
 total absence.

01:08:11:22 CARTER: I don't know. I think he's starting to crack.

01:08:14:00 BARRETT: Come on. The guy was colder than Hannibal Lecter in there.

01:08:16:03 CARTER: Still, obviously no match for a master interrogator.

01:08:19:03 BARRETT: I didn't see you get all Clarice Starling on his ass.

01:08:21:20 CARTER: I didn't want to step on you toes.

01:08:22:25 BARRETT: All right. Come on. I've got one more thing to show you.

01:08:25:02 CARTER: There's more?

01:08:26:09 BARRETT: Trust me, I'm saving the best for last.

01:08:42:10 CARTER: This isn't at all creepy.

01:08:44:05 BARRETT: Oh, it gets better.

01:09:00:10 CARTER: They look like partially-developed fetuses.

01:09:04:00 BARRETT: They don't look human to me.

01:09:06:14 CARTER: Failed experiments of some kind?

01:09:08:24 BARRETT: What kind, is the question.

01:09:10:21 CARTER: Well... There's one way to find out.

01:09:15:09 BARRETT: No, forget it. Major, we've already tried that. All the files are encrypted.
 I've requested a data retrieval team.

01:09:23:07 CARTER: Present and accounted for.

01:09:25:00 BARRETT: Right. Of course.

01:09:30:10 BARRETT: So, how've you been?

01:09:32:00 CARTER: Busy. You?

01:09:33:00 BARRETT: Busy.

01:09:34:04 CARTER: You know, I never properly thanked you for that memo on Woolsey.

01:09:37:18 BARRETT: Well, maybe we could go out for dinner sometime.

01:09:45:09 CARTER: It's just that I'm seeing someone right now.

01:09:48:02 BARRETT: Really? You?

01:09:49:25 BARRETT (CONT'D): Hmm.

01:09:51:05 CARTER: Well, you asked me out.

01:09:54:00 BARRETT: Yeah. Right. Sorry...I'm going to go check in with Dr. Lee and Teal'c.

01:10:06:21 DANIEL: Most of the artifacts are related in some way to Sekhmet. I'm guessing
 they were found here on Earth, possibly in an Egyptian tomb or crypt of
 some kind.

01:10:14:08 BARRETT (O/S): Nothing of note?

01:10:15:13 DANIEL: Well, it's interesting stuff, but, uh... no, not... not really.

01:10:20:24 BARRETT: Well, what's this?

01:10:22:23 TEAL'C (O/S): It would appear to be an ark.

01:10:24:00 DANIEL (O/S): Ordained in the...

01:10:25:03 DANIEL (CONT'D): golden motif of Ra, the sun god. Possibly a gift to Sekhmet.

01:10:29:03 BARRETT: Yeah? Well, what's in it?

01:10:30:03 DANIEL (O/S): I don't know. We haven't been able to open it...

01:10:31:20 DANIEL (CONT'D): but, um...these turn.

01:10:35:22 BARRETT: Some sort of combination lock?

01:12:00:24 DANIEL (CONT'D): Look, I know you don't know me and you have no reason to trust me, but... I want to help you.

01:12:08:13 DANIEL (CONT'D O/S): Before I do that, I need to know a few things first.

01:12:13:15 DANIEL (CONT'D): I need to know who you are. What's happened to you. Why...why you're here, in a cell, like this.

01:12:23:04 DANIEL (CONT'D): Do you even understand me?

01:12:26:25 ANNA: I didn't kill those people.

01:12:28:14 DANIEL: Well, there's some pretty overwhelming evidence.

01:12:31:25 ANNA: It wasn't me.

01:12:37:15 ANNA (CONT'D): Please, you have to believe me. It wasn't me.

END OF ACT ONE

ACT TWO

01:13:17:00 ANNA (O/S): Turn it off. Turn it off!

01:13:22:25 DANIEL: Sorry.

01:13:26:05 ANNA: I couldn't do those things.

01:13:30:00 DANIEL: Well, it looks like you did.

01:13:32:00 ANNA: It's not me.

01:13:33:14 DANIEL: Then who is it?

01:13:35:02 ANNA: I don't know.

01:13:39:16 DANIEL: Okay, where were you when this was happening?

01:13:43:20 DANIEL (CONT'D): If the person on the tape isn't you, where were you, what were
you doing?

01:13:47:15 ANNA: I don't remember.

01:13:59:19 DANIEL: Who is Dr. Keffler?

01:14:06:18 ANNA: He's the one who made me.

01:14:12:28 DANIEL (O/S): She says that Keffler made her.

01:14:14:25 BARRETT (O/S): What the hell does that mean?

01:14:16:01 CARTER (O/S): Some sort of genetic research?

01:14:17:22 BARRETT: But she's over 20 years old. This operation hasn't been going on that
long.

01:14:20:10 DANIEL: Well, we know the Asgard can rapidly grow a human clone but...

01:14:23:01 CARTER (INTERRUPTING): Area 51 has a sample...

01:14:24:12 CARTER (CONT'D): of Goa'uld nanite technology from the planet Argos.

01:14:27:03 CARTER (CONT'D O/S): It can also rapidly grow a human with the ability...

01:14:29:21 CARTER (CONT'D): to learn very quickly and the rogue NID would have had
access to that.

01:14:32:26 DANIEL (O/S): She also says that...

01:14:34:10 DANIEL (CONT'D): Keffler is responsible for everything that happened.

01:14:36:25 BARRETT: How?

01:14:38:03 DANIEL: I don't know.

01:14:39:14 CARTER: Do you think she's telling the truth?

01:14:41:02 DANIEL: To be honest, I don't know what to think. She certainly believes she
 didn't do it. Says the girl on the video tape isn't her.

01:14:46:29 BARRETT: How could that be possible?

01:14:48:19 CARTER: The NID have cloned...

01:14:49:23 CARTER (CONT'D O/S): a Goa'uld symbiote before.

01:14:51:09 BARRETT: Right, of course. She could be a clone.

01:14:53:00 DANIEL: So there could be more than one of her. How well have you searched
 this facility?

01:14:55:28 BARRETT: Top to bottom. I better put an APB out to local authorities.

01:15:10:00 DANIEL: Anna, how long have you lived here?

01:15:15:20 ANNA: Since I remember.

01:15:17:20 DANIEL: Yeah? How long is that, exactly?

01:15:21:05 ANNA (O/S): I don't know.

01:15:24:08 DANIEL (O/S): Have you ever had a birthday?

01:15:29:00 DANIEL (CONT'D): You know, a birthday-- a cake with candles on it, funny hats,
pin the tail on the donkey, that kind of thing?

01:15:37:11 ANNA: He gave me this paper and some new charcoal.

01:15:40:25 DANIEL: Who, Dr. Keffler?

01:15:45:00 ANNA: He always gave me paper, but once, once he said it was my birthday.

01:15:50:08 DANIEL: Just once?

01:15:53:18 DANIEL (CONT'D): Have you ever seen anything outside of this room?

01:15:57:13 ANNA: Just pictures. I've read a lot of books which describe the world outside...
the mountains, oceans... the sun.

01:16:11:00 DANIEL: But you've never experienced them firsthand?

01:16:19:18 DANIEL (CONT'D): What about these?

01:16:25:16 ANNA (O/S): Those are the things I see in my dreams.

01:16:30:02 ANNA (CONT'D): Flashes... they just come to me.

01:16:36:25 DANIEL: Do they mean anything to you?

01:16:38:26 ANNA: Just that they scare me.

01:16:40:29 DANIEL: If they scare you so much, why do you hang them up everywhere?

01:16:46:03 ANNA: I don't want them there. He hurts me if I take them down. They are
important to him.

01:17:02:21 DANIEL: Do you have any more with one of those on it?

01:17:04:26 DANIEL (CONT'D): Maybe...on an ark?

01:17:17:29 DANIEL (O/S): I've got it. It's one of Anna's sketches.

01:17:21:12 DANIEL (CONT'D): I think it's the combination to open the ark.

01:17:48:25 DANIEL: Did we just do that?

01:17:51:00 TEAL'C: I do not believe so. It was activated some time ago.

01:18:00:10 BARRETT (V/O): I've got a picture out...

01:18:01:24 BARRETT (CONT'D O/S): to local authorities.

01:18:03:00 BARRETT (CONT'D): If there is a second girl out there that looks like her, we'll
find her.

01:18:05:22 CARTER: I'm in. I have complete access.

01:18:07:19 BARRETT: Nice work.

01:18:08:20 CARTER (O/S): The files seem...

01:18:11:00 CARTER (CONT'D): to document recent work going back over three years.

01:18:13:27 BARRETT: Recent work?

01:18:15:07 CARTER: The artifacts go all the way back to Napoleon. The Nazis eventually recovered them.

01:18:19:29 BARRETT: And they ended up in Keffler's father's hands

01:18:24:24 CARTER: They found a canopic jar.

01:18:28:24 CARTER (CONT'D): It's a vessel containing a preserved symbiote. Keffler spliced human ovum with DNA taken from a Goa'uld.

01:18:37:02 BARRETT: The girl is a human-Goa'uld hybrid?

01:18:38:16 CARTER (O/S): The Goa'uld pass on their knowledge genetically.

01:18:40:27 CARTER (CONT'D): They were trying to create a human who could tell them everything a Goa'uld would know, and they didn't want to wait, either.

01:18:46:04 BARRETT: They got the nanite technology from Area 51.

01:18:48:07 CARTER (O/S): So they could make...

01:18:48:18 CARTER (CONT'D): her grow up quickly. It took them 45 failures before they finally got it right.

01:18:54:12 CARTER (CONT'D): You can call off that APB.

01:18:55:23 BARRETT: There's only one of her.

01:18:57:05 CARTER (O/S): According to this...

01:18:58:15 CARTER (CONT'D): the previous attempts either didn't blend properly or they grew too fast and died.

01:19:04:07 CARTER (CONT'D O/S): The technology had to be modified so that...

01:19:06:25 CARTER (CONT'D): the human could slowly learn to gain access to the genetic knowledge buried in her DNA. My God, they tortured the poor girl.

01:19:16:17 CARTER (CONT'D O/S): Sensory deprivation, electrocution.

01:19:19:03 TEAL'C (O/S): Major Carter...

01:19:21:06 TEAL'C (CONT'D): Agent Barrett.

01:19:22:15 CARTER: She's not a clone. There's only one of her and she's got...

01:19:25:23 CARTER (CONT'D): Goa'uld DNA blended with her own. That could explain her
behavior...

01:19:29:02 CARTER (CONT'D): and why she doesn't know what she's done.

01:19:30:15 DANIEL: The ark is a bomb.

01:19:31:27 BARRETT AND CARTER (SIMULTANEOUSLY): What?

01:19:33:00 TEAL'C (O/S): The ark is, in fact...

01:19:34:12 TEAL'C (CONT'D): a Goa'uld explosive device.

01:19:35:26 DANIEL: And it's been activated.

01:19:37:02 BARRETT: How much time do we have?

01:19:38:11 TEAL'C: Approximately 16 hours.

END OF ACT TWO

ACT THREE

01:20:14:22 KEFFLER: How interesting.

01:20:19:20 BARRETT: Wipe that smarmy smile off you face and tell me what's going on here.

01:20:23:12 KEFFLER: You're hurting me.

01:20:24:14 BARRETT: Nothing I do to you could make up for what you've done here.

01:20:26:08 CARTER: Agent Barrett.

01:20:27:07 KEFFLER: Listen to her, Agent Barrett.

01:20:29:03 BARRETT: You are going to tell me everything I want to know...

01:20:31:10 BARRETT (CONT'D): or she's not going to be able to stop me from beating you senseless.

01:20:34:01 KEFFLER: What do you want to know?

01:20:42:23 CARTER (O/S): For starters...

01:20:43:18 CARTER (CONT'D): do you know how to deactivate the bomb?

01:20:45:19 KEFFLER: I didn't know it was a bomb.

01:20:48:00 BARRETT (O/S): So, this girl...

01:20:49:09 BARRETT (CONT'D): breaks out of her cell, kills 32 people, sets a bomb to go off
 a day from now, and then sticks around? How does that make sense?

01:20:54:26 KEFFLER: Your problem, Agent Barrett-- one among many, I must point out-- is
 that you see her as a girl.

01:21:01:14 CARTER: Look, if you're going to try to give us some moral justification for what's
 gone on here--

01:21:04:01 KEFFLER (O/S) (INTERRUPTING): Please, Major...

01:21:05:05 KEFFLER (CONT'D): I know you have helped to orchestrate the death of
 Goa'ulds before. Assassinated them in cold blood, in fact, without
 regard...

01:21:11:19 KEFFLER (CONT'D O/S): for the life of the human host.

01:21:13:00 CARTER: I didn't create the problem.

01:21:14:14 KEFFLER: Neither did I. I am merely trying to help solve it.

01:21:17:26 KEFFLER (CONT'D O/S): The Goa'uld are a terrible threat...

01:22:28:07 KEFFLER (CONT'D O/S): I only know that it emerges and speaks...

01:22:31:16 KEFFLER (CONT'D): as a unique entity. We have witnessed it with a growing frequency. Anna has no awareness. To her, it is as if she has blacked out.

01:22:41:12 BARRETT: Okay, so the Goa'uld personality comes out, goes on a rampage, sets the bomb--

01:22:45:20 CARTER: But can't stay in control of the body long enough to finish what she was doing.

01:22:48:26 KEFFLER: Her breakthroughs are sporadic and seem somewhat uncontrolled.

01:22:53:08 BARRETT: Still, why set the bomb?

01:22:54:23 CARTER: Leverage.

01:22:56:09 BARRETT (O/S): Against what?

01:22:58:08 CARTER: Sekhmet only has conscious control of the body for short periods of time.

01:23:00:26 CARTER (CONT'D O/S): She wants more.

01:23:03:00 CARTER (CONT'D): She was going to blackmail you with the bomb.

01:23:06:28 KEFFLER: Oh, the psyche is so simple, isn't it? So single-minded. It is truly fascinating to behold.

01:23:18:29 CARTER: She thinks you can give her that full control.

01:23:24:02 BARRETT: Can you?

01:23:26:25 KEFFLER: She is the experiment. I am the observer.

01:23:31:03 CARTER: Still, the Goa'uld's personality didn't go do something like this on a whim.

01:23:35:06 CARTER (CONT'D O/S): You led her to believe that you have the power to give...

01:23:38:07 CARTER (CONT'D): her control of her life, and I'll bet you did it so that she would tell you what you want to know.

01:23:42:22 KEFFLER: How to save us all, Major. I'm not the only one who wants to know.

01:23:55:01 ANNA: I don't remember anything.

01:23:57:11 DANIEL: I know this must be hard for you.

01:24:01:01 ANNA: How can you know what this is like for me?

01:24:03:21 DANIEL: 'Cause I knew a boy once, and he was like you.

01:24:08:11 ANNA: There are more like me?

01:24:10:28 DANIEL: Not exactly. He was... he was born of two Goa'uld hosts. They call a child like that a Harsesis.

01:24:19:12 ANNA: What happened to him?

01:24:22:05 DANIEL: He was saved by a very powerful being.

01:24:24:22 DANIEL (CONT'D): He ascended to a higher plane of existence...

01:24:29:04 DANIEL (CONT'D): and when he did, he gained great power himself.

01:24:32:03 DANIEL (CONT'D): He used that power to show me that all the knowledge and memories passed on to him...

01:24:36:11 DANIEL (CONT'D): by the Goa'uld, genetically, came with a terrible burden...

01:24:40:04 DANIEL (CONT'D): and how it was wrong to seek it

01:24:42:07 DANIEL (CONT'D): for any reason.

01:24:45:00 ANNA: Can I be saved like him?

01:24:48:28 DANIEL: Maybe.

01:24:51:22 DANIEL (CONT'D O/S): Honestly, I don't know.

01:24:57:27 DANIEL (CONT'D): Will you help us shut this bomb off?

01:25:00:15 ANNA: I don't know how.

01:25:02:16 DANIEL: You do. You knew how to open the ark. It was in your drawings.

01:25:08:20 ANNA: I don't remember turning it on.

01:25:12:21 DANIEL: I know, but somewhere inside your mind is the answer, and I can help
you find it.

01:25:28:00 DR. LEE: According to these readings, there's a ten-pound block of Naquadah in
this thing.

01:25:33:25 BARRETT: What's that supposed to mean?

01:25:35:25 DR. LEE: It would be very bad if it went off.

01:25:37:25 BARRETT: Well, it's a bomb, right? I mean, usually it's not a good thing

01:25:40:21 BARRETT (CONT'D O/S): when they go off.

01:25:41:21 DR. LEE: True.

01:25:42:03 BARRETT: Can we move this?

01:25:43:10 TEAL'C (O/S): From what I know of Goa'uld weaponry...

01:25:45:10 TEAL'C (CONT'D): that would be unwise. It may have a sensor that would detect
 such an action.

01:25:49:26 DR. LEE: Yeah, I don't even want to go there. Let's... Let's see if we can disarm it
 here, first.

01:25:56:12 BARRETT: I'm going to get the local authorities to start evacuating the area.

01:25:59:06 DR. LEE: Thanks for the vote of confidence.

01:25:01:16 BARRETT (O/S): How many miles...

01:26:01:24 BARRETT (CONT'D): are we talking about here?

01:26:03:19 DR. LEE: I don't know. How big is Orange County?

01:26:08:26 BARRETT: You're kidding, right?

01:26:11:19 DR. LEE: Do I...do I look like a practical joker to you?

01:26:21:05 ANNA: The images just come to me. I draw them. I don't know what they mean.

01:26:27:25 DANIEL: Just relax and think about it. When you look at this, what comes to
 mind?

01:26:34:17 ANNA: The blackouts... they're happening...

01:26:38:20 ANNA (CONT'D): more and more.

01:26:40:25 DANIEL: Do you trust me? Do you trust me? I want to help you. I don't want to hurt you.

01:26:49:29 ANNA: After I help you.

01:26:54:05 DANIEL: It's not like that. We have to shut this bomb off.

01:27:00:02 ANNA: How many birthdays have you had?

01:27:03:17 DANIEL: That's not important right now.

01:27:08:15 ANNA: You sound just like him.

01:27:17:20 BARRETT: I heard you were in here. What are you doing?

01:27:22:04 DANIEL: I noticed that most of these tapes were labeled "Anna."

01:27:24:25 DANIEL (CONT'D): It's not just security video footage. It's actual documentation of the research.

01:27:28:13 BARRETT: Anything useful?

01:27:30:01 DANIEL: No. Just something she said when we were talking, that I reminded her of Keffler. Figured I needed to learn more about how he dealt with her before I pressed her too much.

01:27:38:27 BARRETT: What are the chances you'll find out how to deactivate the bomb

01:27:41:17 BARRETT (CONT'D O/S): from her in time?

01:27:42:29 DANIEL: I don't know.

01:27:45:09 BARRETT: We're just trying to get as much of the area evacuated as we can. We just don't know how big the blast is going to be.

01:27:52:17 BARRETT (CONT'D): No pressure. I'll leave now.

01:28:02:22 BARRETT (O/S): You know, I'd feel better if you were down there working on the bomb.

01:28:05:20 CARTER: Dr. Lee is the best we've got for this and Teal'c knows more than I do about Goa'uld weapons.

01:28:10:09 CARTER (CONT'D): Besides, I wanted to see if there was anything more in the research notes that might help.

01:28:14:26 BARRETT: Like what?

01:28:16:04 CARTER: Well, if we can offer Anna a cure for her condition, she might be more willing to help us.

01:28:22:07 CARTER (CONT'D): She's been horribly mistreated, and without intervention, she'd have very little hope of survival.

01:28:27:09 CARTER (CONT'D): Now, at the time they made her, they had no idea what her lifespan was going to be. Based on her current rate of growth, I estimate it can't be more than three years.

01:28:35:16 BARRETT: Can you help her?

01:28:38:05 CARTER: Possibly. We should at least be able to halt the rapid growth effects of the nanites.

01:28:43:25 CARTER (CONT'D O/S): I doubt we can unmarry the Goa'uld DNA from hers,

01:28:47:21 CARTER (CONT'D): but we may be able to block the knowledge from her conscious mind. Stop it from possessing her. We've had some luck with certain drugs in similar situations before.

01:28:56:20 BARRETT: I suppose the fact that you've had similar situations to this shouldn't come as a total shock.

01:29:02:15 CARTER: Anything on your end?

01:29:04:15 BARRETT: Keffler. He wants to chat.

01:29:29:16 KEFFLER (FILTERED THROUGH TV): There is a cure, Anna. You can be a normal girl. Live a normal life. You can be free, or you can continue to suffer.

01:29:39:21 ANNA: Ow!

01:29:40:15 ANNA (O/S WHIMPERING FILTERED THROUGH TV)

01:29:43:06 ANNA (FILTERED THROUGH TV): Please, stop.

01:29:47:05 ANNA/SEKHMET: (FILTERED THROUGH TV): Stop this at once, I command you.

01:29:50:02 KEFFLER (O/S FILTERED THROUGH TV): Now we're getting somewhere.

01:29:51:18 ANNA/SEKHMET (O/S FILTERED THROUGH TV): Let me out of here.

01:29:52:26 KEFFLER (FILTERED THROUGH TV): In due time, freedom can be yours.

01:29:56:01 ANNA/SEKHMET (O/S FILTERED THROUGH TV): Do you think I will just tell you the secrets of the Goa'uld?

01:30:00:00 KEFFLER (FILTERED THROUGH TV): If you want to live.

01:30:02:19 ANNA/SEKHMET (O/S FILTERED THROUGH TV): You will not kill me.

01:30:03:23 KEFFLER (O/S FILTERED THROUGH TV): I can make another as easily as I made you.

01:30:06:18 ANNA/SEKHMET (O/S FILTERED THROUGH TV): If it were up to me, given the chance, I would rip the beating heart from your chest...

01:30:13:00 ANNA/SEKHMET (CONT'D O/S FILTERED THROUGH TV): and feed it to you.

01:30:14:19 KEFFLER (O/S FILTERED THROUGH TV): Such colorful language. Let's focus on the issue at hand...

01:30:19:07 KEFFLER (FILTERED THROUGH TV): shall we?

01:30:22:10 DANIEL: You son of a bitch.

01:30:25:20 KEFFLER: We have the same goal. I do not wish to see my work go to waste.

01:30:33:25 KEFFLER (CONT'D): Look...

01:30:35:07 KEFFLER (CONT'D): I know her. I know how her mind works. I can get what you need.

01:30:41:01 CARTER: Yeah, I've read about your methods.

01:30:45:05 KEFFLER: I will only talk to her. You are welcome to be present the entire time.

01:30:50:28 BARRETT: And what do you want in return? I can't believe that you'd be doing
this solely for the greater good.

01:30:55:05 KEFFLER: My freedom.

01:30:57:14 BARRETT: Not a chance.

01:30:59:11 KEFFLER: I am guilty of nothing more than trying to save this world. Just like you.
We are at war.

01:31:08:20 CARTER (O/S): Desperate times call for desperate measures.

01:31:11:09 CARTER (CONT'D): I've heard that defense.

01:31:14:18 KEFFLER: What choice do you have?

01:31:17:13 KEFFLER (CONT'D): How many people will die if that bomb goes off?

01:31:21:03 CARTER: Let's just say we're considering this. Do you have the authority to offer
him immunity?

01:31:25:17 BARRETT: Trust me, no matter what we decide to do, no court is ever going to
hear about this.

01:31:30:12 CARTER: Daniel?

01:31:35:18 DANIEL: You let her out, didn't you?

01:31:38:07 KEFFLER: You must be Daniel Jackson.

01:31:40:01 CARTER: Daniel, what's going on?

01:31:41:20 DANIEL: He can control when the Goa'uld comes out. It's not just random. He's
got himself a little remote control.

01:31:49:00 BARRETT: This?

01:31:50:24 DANIEL: Yeah. He uses it to shock her.

01:31:53:27 DANIEL (CONT'D O/S): He can either make the Goa'uld personality appear...

01:31:55:23 DANIEL (CONT'D): or he can kill her with it. Why?

01:31:58:15 DANIEL (CONT'D): Were the other scientists going to shut down your research?
Maybe report your little science experiment?

01:32:02:03 KEFFLER: You have no proof of that.

01:32:03:14 DANIEL: You used that device...

01:32:04:17 DANIEL (CONT'D): to bring out the Goa'uld personality, and then you let her out
of her cage. You murdered 32 people.

01:32:07:28 KEFFLER: Speculation.

01:32:10:08

DANIEL: You can control her with that. If you didn't want the other scientists dead,
why didn't you stop her?

END OF ACT THREE

ACT FOUR

01:32:58:25 DR. LEE: Careful. Okay... Now, just because the cover wasn't booby-trapped, doesn't mean the crystals themselves are safe to touch.

01:33:10:25 TEAL'C: That is correct.

01:33:14:15 DR. LEE: There's no energy signatures. I don't think there's any force fields or sensors protecting the compartment.

01:33:21:03 TEAL'C: I am unsure...

01:33:23:10 TEAL'C (CONT'D): which of these crystals would control the detonation of this device.

01:33:26:02 DR. LEE: Well, blue is typically for power regulation.

01:33:29:01 TEAL'C: Indeed.

01:33:30:17 DR. LEE: So, if we...

01:33:31:09 DR. LEE (CONT'D): remove the power regulation for the entire control board--

01:33:33:20 TEAL'C (INTERRUPTING): The device could explode.

01:33:38:21 DR. LEE: Yeah, yeah. I suppose. I mean, it's not like I was going to pull the yellow
one.

01:33:45:19 BARRETT: So, obviously, letting Keffler anywhere near the girl is out.

01:33:48:23 CARTER: Yeah, and if we going to get the bomb deactivation code from Anna...
You're going to have to do it.

01:33:56:06 DANIEL: Right.

01:34:05:08 DR. LEE: Okay, so this red crystal seems to control the timer. Now, I should be
able to interface with it and hopefully reprogram it.

01:34:23:01 DR. LEE (CONT'D): Anything happening?

01:34:24:14 TEAL'C: The countdown has begun increasing in speed.

01:34:26:11 DR. LEE: What? Did that stop it?

01:34:32:00 TEAL'C: Yes, however--

01:34:34:05 BARRETT (O/S): Hey, how's it coming?

01:34:36:01 BARRETT (CONT'D): Not well, I take it?

01:34:38:15 DR. LEE: Well, no, we just had a little set-back.

01:34:41:10 BARRETT: What?

01:34:42:21 DR. LEE: Well, I was trying to interface with one of the control crystals, and--

01:34:46:09 TEAL'C (INTERRUPTING): The time until detonation is now less than two hours.

01:34:51:05 BARRETT: Okay. Well, let's hope that Dr. Jackson is having better luck.

01:35:00:21 DANIEL: They're trying to evacuate as many people as possible, but if that bomb goes off, people are still going to die.

01:35:08:15 ANNA: Including us?

01:35:10:09 DANIEL: We have a helicopter standing by that will get us to a safe distance if it comes to that. I'm hoping it doesn't, because a lot of others won't have that luxury.

01:35:19:27 ANNA: I've been trying. I can't see anything.

01:35:28:10 DANIEL: You know, not so long ago, I had my memories erased.

01:35:33:10 ANNA: How?

01:35:34:21 DANIEL: It's a long story, but the point is, I was able to access certain lost memories by meditating. A friend of mine showed me how to do it. Now, I think that can help you.

01:35:44:14 ANNA: What I see ... scares me so much.

01:35:49:24 DANIEL: I know. And for good reason.

01:35:53:19 DANIEL (CONT'D): Ultimately, it's up to you. I can't force you to do this, and I
won't.

01:35:59:06 DANIEL (CONT'D): And, I promise, either way, we're going to try and help you,
make it so you can live a normal life.

01:36:08:00 ANNA: He always said he could do that.

01:36:12:12 DANIEL: Well, the truth is, I'm not sure if we can, but we're going to try anything
and everything in our power.

01:36:21:07 BARRETT: Okay, good. Yeah. 42 minutes, 15 seconds, and counting. Right, I'll
check back. Thanks. We've got 10 city blocks in each direction fully
evacuated.

01:36:28:25 CARTER: That's nowhere near enough.

01:36:29:27 BARRETT: I know.

01:36:31:14 CARTER: I just finished going through the files on the computer.

01:36:34:26 CARTER: Even if we halt the rapid growth effect of the nanites, you didn't isolate
the gene that carries the Goa'uld genetic knowledge.

01:36:40:17 KEFFLER: We didn't have time to sequence the entire strand. The goal was to get the intelligence, Major, not to create a viable living organism.

01:36:49:02 BARRETT: I don't understand.

01:36:50:10 CARTER: The way he blended the DNA. There's nothing we can do to stop the Goa'uld DNA from eventually taking over.

01:36:56:15 CARTER (CONT'D O/S): It will physically overwrite the human, and nothing I know of...

01:36:59:18 CARTER (CONT'D): will stop it.

01:37:00:24 BARRETT: What's going to happen to her?

01:37:02:00 CARTER: She'll die a horrible, painful death. There's no cure. There's no way to save her. That was just another lie.

01:37:07:28 KEFFLER: I placed a capsule of biotoxin at the base of her brain. The remote device will activate it. I did this to prevent any undue suffering when the time came.

01:37:21:16 CARTER: How humane of you.

01:37:27:01 ANNA: What do I do?

01:37:28:13 DANIEL: Um, just relax, and try thinking of nothing.

01:37:32:28 ANNA: Nothing?

01:37:35:15 DANIEL: Try an empty room.

01:37:43:14 DANIEL (CONT'D): You see a doorway. Go to that door and open it. Go through.
You're inside of a stone room. The floor is made of polished marble.
You're inside of a great pyramid.

01:38:04:08 DANIEL (CONT'D): Ornate carvings of giant snakes flank a beautiful golden
throne.

01:38:08:10 DANIEL (CONT'D O/S): You see a window, and you walk towards it. Outside,
there are thousands of people. Slaves who worship you as a God. You
have great power over them. The power to decide...

01:38:22:11 DANIEL (CONT'D): who lives and who dies.

01:38:24:08 ANNA: No!

01:38:28:23 ANNA/SEKHMET: I will tell you nothing.

01:38:32:04 DANIEL: Anna.

01:38:45:03 DANIEL (CONT'D): Anna, stop!

01:39:00:05 DANIEL: No!

01:39:06:01 DANIEL (CONT'D): Fire!

01:39:08:03 DANIEL (CONT'D): Fire!

01:39:09:05 DANIEL (CONT'D): : Hurry! Come on.

01:39:13:24 DANIEL (CONT'D): Hurry!

END OF ACT FOUR

ACT FIVE

01:39:53:20 CARTER: Daniel.

01:39:55:17 CARTER (CONT'D): You okay?

01:39:56:12 DANIEL: Where is she?

01:39:57:14 BARRETT (O/S): She won't get far.

01:39:58:19 BARRETT (CONT'D): All units, this is Agent Barrett. The female prisoner is currently unaccounted for. Secure all exits.

01:40:05:20 BARRETT (V/O FILTERED THROUGH WALKIE-TALKIE): Repeat. Secure entire perimeter and begin a full sweep. Target is armed and dangerous. Use extreme caution.

01:40:31:11 BARRETT: Oh!

01:40:49:20 DANIEL: I don't think she's acting as the Goa'uld.

01:40:54:00 CARTER: Daniel!

01:41:10:00 KEFFLER: I--I just, uh... need a drink of water. Please, I'm... I'm not feeling 100%.

01:41:24:10 KEFFLER (CONT'D): Ah...my pills.

01:41:35:28 DANIEL: I think it's the deactivation code.

01:41:45:28 CARTER: Agent Barrett, this is Major Carter. Come in, what's your location?
Agent Barrett?

01:42:09:11 CARTER: This is Major Carter. Agent Barrett needs medical attention. We are in
the North East corridor, level one.

01:42:21:00 DR. LEE: That's it. It's off. I mean, I mean, the lights turned off. That means it's off,
right?

01:42:27:11 TEAL'C: Indeed.

01:42:31:06 DR. LEE: Well, hey...

01:42:57:11 ANNA: Drop the gun.

01:43:01:10 KEFFLER: Anna...

01:43:02:20 ANNA: Drop it.

01:43:12:27 KEFFLER: Come with me... now... to the lab. I will help you.

01:43:22:00 ANNA: You can't help me.

01:43:24:05 KEFFLER: Whatever they've told you--

01:43:26:11 ANNA (INTERRUPTING): Doesn't matter. I never believed you.

01:43:32:09 KEFFLER: Anna, I did it to help people.

01:43:36:28 ANNA: All the evil I have seen in my mind, nothing you put inside me compares to
what I see in you.

01:43:51:08 [MACHINEGUN FIRE]

01:43:53:13 DANIEL (O/S): Anna!

01:44:07:20 DANIEL: What did you do?

01:44:12:11 ANNA: You couldn't help me.

01:44:15:02 DANIEL: I'm so sorry.
