01:00:48:05 O'NEILL: Well, it sounds like we should stay away then.

01:00:51:02 DANIEL (V/O FILTERED THROUGH PHONE): Well, I mean, considering what we know now...

01:00:53:08 DANIEL (CONT'D): we should be able to find another way to access the information. I mean...

01:00:55:14 DANIEL (CONT'D V/O FILTERED THROUGH PHONE): Sam's been able to use Tok'ra crystals to find a way to transfer all kinds of different energy. I mean, if that process...in our computers... The point is we should go there as soon as possible.

01:01:07:04 O'NEILL: Yeah?

01:01:08:00 DANIEL (V/O FILTERED THROUGH PHONE): So?

01:01:09:24 O'NEILL: I'll be there in half an hour.

01:01:11:15 DANIEL (V/O FILTERED THROUGH PHONE): Okay, bye.

01:01:12:23 O'NEILL: No, no, no, wait, don't hang up. I need a seven-letter word.

01:01:16:25 DANIEL: I told Sam I wouldn't help you.

01:01:19:08 O'NEILL: Well, then, this'll be the one thing she doesn't know. Up, down, charmed, blank.

01:01:26:13 DANIEL: Strange.

01:01:29:19 O'NEILL: Yeah. Well, thanks anyway.

01:01:32:09 DANIEL (V/O FILTERED THROUGH PHONE): No, the word you're looking for--

01:01:43:12 ELIZABETH (SPEAKING INTO CELLPHONE): I know, I know. I couldn't get her off the phone. Well, I should be done by noon. Whatever it is, believe me, I'm sure it won't take long to say no, and then I'll be at Georgetown by 2:00 for my Poli-Sci class, and I'm speaking at the Women in Washington--

01:01:57:20 MAN (O/S): Taxi! Taxi!

01:02:00:09 ELIZABETH (SPEAKING INTO CELLPHONE): I'm sorry, Michelle, I've got to call you back. This guy's going to try to steal my cab. Sorry, sorry, this is my cab.

01:02:03:10 ELIZABETH: I called for a taxi ten minutes ago.

01:02:05:18 MAN: (SPEAKING RUSSIAN)

01:02:08:15 ELIZABETH: (SPEAKING RUSSIAN)

01:02:10:05 MAN: As do I.

01:02:12:10 ELIZABETH: I--I cannot be late. I'm going to the White House. I have to be there
in 15 minutes. I'm meeting with the President...

01:02:18:02 ELIZABETH: of the United States. Really, I am.

01:02:20:03 CAB DRIVER: Hey!

01:02:21:04 CAB DRIVER (CONT'D): Is one of you going to get in or what?

01:02:23:08 ELIZABETH: Oh, wait! Can offer you cab fare...

01:02:25:02 ELIZABETH (CONT'D): wherever you need to go? Please.

01:02:26:22 ELIZABETH (CONT'D): Can you call this man another taxi?

01:02:28:05 SECRET SERVICE MAN: Excuse me, Dr. Weir?

01:02:31:10 SECRET SERVICE MAN (CONT'D): Please get in, ma'am.

01:02:33:21 ELIZABETH: Uh... (SPEAKING RUSSIAN)

01:02:45:04 ELIZABETH: Mr. Vice President...

01:02:47:04 KINSEY: Dr. Weir.

END OF TEASER

ACT ONE

01:04:16:17 ELIZABETH (V/O): It wasn't necessary for you to pick me up, Sir.

01:04:19:02 KINSEY: I was on my way from the athletic club. Besides, there are very few
people who could properly brief you for this interview.

01:04:27:28 ELIZABETH: Uh, interview? I agreed to have just a meeting--

01:04:31:15 KINSEY (O/S): How would you respond if I told...

01:04:32:25 KINSEY (CONT'D): you the Air Force is currently conducting top-secret operations
with an alien transportation device...

01:04:39:04 KINSEY (CONT'D O/S): called the Stargate.

01:04:41:18 KINSEY (CONT'D): It was discovered in the early 1900s at Giza not too far from
the great pyramids.

01:04:49:14 ELIZABETH: Is this is a joke?

01:04:55:07 ELIZABETH: What is it?

01:04:56:20 KINSEY: A note from the President.

01:05:02:11 KINSEY (CONT'D O/S): And you might...

01:05:02:25 KINSEY (CONT'D): want to read this, too.

01:05:12:27 ELIZABETH: Oh, my God.

01:05:34:13 O'NEILL: How long have you been waiting there?

01:05:35:24 DANIEL: You said half an hour an hour ago.

01:05:37:26 CARTER: General Hammond's waiting.

01:05:43:26 O'NEILL: Excuse me.

01:05:45:12 CARTER: The fate of the world is hanging in the balance, and you've been sitting
in your truck finishing this?

01:05:49:18 O'NEILL: Well, I believe it was double or nothing.

01:05:52:09 CARTER: Okay, 23 across, the atomic weight of boron. The answer is 10.

01:05:57:11 O'NEILL: Yes?

01:05:58:13 CARTER: You wrote the word "fat."

01:06:00:09 O'NEILL: Your point?

01:06:06:03 REYNOLDS: Should be out of here.

01:06:09:25 O'NEILL: Harper, Reynolds.

01:06:11:12 HARPER (O/S): Sir.

01:06:12:12 REYNOLDS: Jack.

01:06:13:27 CARTER: SG-2 spotted a Goa'uld reconnaissance drone while on the planet
where they found the colonnade. Since that obviously means the Goa'uld
were aware of its existence, SGs 3 and 5 will be providing back-up...if
General Hammond approves the mission.

01:06:28:10 O'NEILL: What mission?

01:06:29:11 GENERAL HAMMOND: Good morning, SG-1. Nice of you to join us.

01:06:33:27 O'NEILL: Good morning, Sir.

01:06:40:07 GENERAL HAMMOND: I've read Dr. Jackson's report on his translation.

01:06:43:06 GENERAL HAMMOND (CONT'D O/S): Given what happened the last time you
encountered something like this...

01:06:46:15 GENERAL HAMMOND (CONT'D): I'm surprised you're so willing to take on this
mission.

01:06:49:09 O'NEILL: So am I, Sir.

01:06:51:24 DANIEL: Jack?

01:06:54:02 O'NEILL: Daniel?

01:06:55:23 DANIEL: Why wouldn't we want to gain access to the greatest repository of knowledge in the known universe, once and for all find the Lost City of the Ancients, and use their advanced technology to save the entire galaxy from the evil oppression of the Goa'uld?

01:07:09:20 O'NEILL: Well, there's that.

01:07:12:09 REYNOLDS (O/S): From the mission file I've read...

01:07:13:09 REYNOLDS (CONT'D): this is one of those things that whips out from the wall, grabs your head and rearranges...

01:07:17:23 REYNOLDS (CONT'D O/S): your brain, right?

01:07:18:22 DANIEL: Sort of.

01:07:19:20 REYNOLDS: Sort of?

01:07:21:07 CARTER (O/S): It basically downloads the entire...

01:07:22:16 CARTER (CONT'D): library of Ancient knowledge into a person's mind. That massive amount of data then slowly unspools into your brain, eventually taking over your consciousness completely.

01:07:31:09 DANIEL: Except for it wasn't meant for a physiology as primitive as ours.

01:07:33:16 O'NEILL: Easy, fella.

01:07:35:21 HARPER (O/S): I thought the report said...

01:07:37:12 HARPER (CONT'D): you almost died last time, Sir.

01:07:39:04 TEAL'C (O/S): The Asgard were able to remove the information...

01:07:41:14 TEAL'C (CONT'D): from O'Neill's mind before he was lost to us.

01:07:45:21 O'NEILL: So why don't we just shoot Thor a call, get him standing by as backup.

01:07:49:13 CARTER: We tried, Sir. He's not responding.

01:07:51:27 GENERAL HAMMOND: None of our alien allies have been particularly reliable of
late. Should something...

01:07:56:10 GENERAL HAMMOND: happen again--

01:07:57:15 DANIEL: General, no one is saying that anyone should directly interface with the
device. We're suggesting it be extracted and brought home for study.

01:08:02:06 GENERAL HAMMOND: The engineering team that studied the last one of these
devices you found, determined nothing after six months of research.

01:08:08:28 CARTER: We believe that that device's power source was depleted when Colonel O'Neill activated it.

01:08:13:24 GENERAL HAMMOND: Recent intel suggests that Anubis has become a serious threat to dominate the rest of the Goa'uld in a very short time. We have to consider Earth is at risk now more than ever.

01:08:26:01 GENERAL HAMMOND (CONT'D O/S): If the knowledge contained within this device can lead us...

01:08:29:07 GENERAL HAMMOND (CONT'D): to technologies we can use to defend ourselves, we must pursue it.

01:08:35:26 O'NEILL: Why didn't you just say that?

01:08:38:12 DANIEL: Sorry.

01:08:39:12 GENERAL HAMMOND: You have a go, and be careful, people.

01:08:51:11 KINSEY: The file you read in the car is just the beginning. You might want to familiarize yourself with some more of this before you take the job.

01:09:00:13 ELIZABETH: Take the job? I mean, I just found out that science fiction isn't fiction, and, I mean, I've known there were secrets, big secrets, but this is...

01:09:10:15 ELIZABETH (CONT'D): I--I don't know what's scarier, the fact that this is all true, or the fact that you're telling me. I can't imagine what kind of job you're offering me, Sir, but, at this point, I really don't care anymore.

01:09:22:16 KINSEY: I realize you haven't met the President yet.

01:09:26:01 KINSEY (CONT'D): Just try and say no.

01:09:36:10 DAVIS (O/S): Chevron seven locked!

01:09:44:02 GENERAL HAMMOND: SG teams one, three, and five, good luck, and Godspeed.

01:09:48:15 O'NEILL: Thank you, Sir. Let's move out.

01:10:16:04 O'NEILL (O/S): Reynolds...

01:10:17:04 O'NEILL (CONT'D): set up a defense perimeter as you see fit. Hold the gate till we get back.

01:10:21:27 REYNOLDS: You got it.

01:10:22:29 SOLDIER 1: Sir?

01:10:24:20 O'NEILL: SG-1, move out.

01:10:39:04 O'NEILL: You know, we've searched this place up and down.

01:10:43:10 DANIEL: I know.

01:10:47:12 O'NEILL: We could have Goa'uld on our collective asses any minute now.

01:10:52:03 DANIEL: I know. According to the text on this column, it's inside.

01:11:02:18 O'NEILL: Inside, you say? Well, let me tell you, my friend, there is no inside.
There's just a whole lot of outside.

01:11:18:03 DANIEL: I know.

01:11:20:04 CARTER: I'm getting some strange readings coming from here.

01:11:22:24 DANIEL: If I'm right...

01:11:30:19 O'NEILL: Look out.

01:11:40:03 O'NEILL (V/O FILTERED THROUGH WALKIE-TALKIE): Reynolds, come in.

01:11:41:23 REYNOLDS: Go ahead.

01:11:43:03 O'NEILL (V/O FILTERED THROUGH WALKIE-TALKIE): Yeah, we got something,
here. Stand by.

01:11:45:25 REYNOLDS: All clear for the moment.

END OF ACT ONE

ACT TWO

01:12:22:24 CARTER: Now we just have to figure out how to get this thing out of the wall.

01:12:32:11 O'NEILL: Damn.

01:12:33:10 CARTER: Careful.

01:12:35:14 O'NEILL: All right, one more time. Why are we doing this? Why?

01:12:41:25 REYNOLDS: You hear something, Harper?

01:12:43:24 SG-3 AIRMAN: Sir, we've got multiple bogeys...

01:12:46:02 SG-3 AIRMAN (CONT'D): coming in fast.

01:12:47:20 REYNOLDS: Dial the gate!

01:12:48:20 AIRMAN: Here we go!

01:12:49:23 REYNOLDS: Send a constant radio signal! We have to keep that door open!

01:12:52:22 REYNOLDS (V/O FILTERED THROUGH WALKIE-TALKIE): SG-1, we have
incoming.

01:13:11:17 O'NEILL: All right, let's go!

01:13:12:20 DANIEL: Jack, we can't just leave.

01:13:13:27 O'NEILL: Daniel!

01:12:15:02 TEAL'C: We must not allow this device to fall into the hands of Anubis.

01:13:21:12 O'NEILL: Fine.

01:13:24:20 DANIEL: Jack!

01:13:25:10 CARTER (O/S): Sir, he's right.

01:13:25:24 CARTER (CONT'D): If we destroy it, we lose our only chance...

01:13:27:26 CARTER (CONT'D O/S): to find the location of the Lost City.

01:13:29:22 TEAL'C: O'Neill...

01:13:35:28 O'NEILL: Aw, crap.

01:13:37:26 O'NEILL (CONT'D): All right, then, what? No! No, no, no, no!

01:13:45:10 DANIEL: Jack, somebody has to do it!

01:13:47:03 DANIEL (CONT'D): The answer is in there. If we don't find the Lost City, we're as good as dead. Let me do it--

01:13:52:08 O'NEILL: And who does the translating when you go Ancient?

01:14:09:08 O'NEILL: In fact, you're the one person who can't do it!

01:14:14:04 DANIEL: Jack!

01:14:16:22 CARTER (O/S): Sir!

01:14:27:18 TEAL'C: O'Neill...

01:14:33:25 REYNOLDS (TALKING INTO WALKIE-TALKIE): SG-1, where the hell are you
guys? We can't hold out for long!

01:14:41:13 CARTER: Colonel Reynolds, we are headed back to the gate!

01:14:52:18 REYNOLDS: Hold positions! You're with me!

01:15:11:09 DANIEL: Take cover!

01:15:19:17 DANIEL: Jack...Jack, are you okay?

01:15:22:27 O'NEILL: What's going on?

01:15:24:04 DANIEL: Come on, let's get him up.

01:15:41:11 REYNOLDS: General Hammond, we're coming through the gate!

01:15:42:25 HARPER: We're right behind you, Sir. Go! Go!

01:15:51:17 GENERAL HAMMOND: What happened?

01:15:52:21 O'NEILL: Didn't quite go according to plan, Sir.

01:15:55:05 DANIEL: We have to get him to the infirmary.

01:15:56:25 O'NEILL: I did it again.

01:16:20:10 PRESIDENT HAYES: Dr. Weir. Sorry to have kept you so late.

01:16:26:23 ELIZABETH: Well, that's all right, I've been, uh, doing a little reading. Mr.
President, I--I mean, this is truly so outrageous. I feel compelled on
behalf of everyone who has no idea that, that--

01:16:37:22 PRESIDENT HAYES (SPEAKING INTO TELEPHONE): Megan, could get a car
ready for Dr. Weir?

01:16:41:03 PRESIDENT HAYES (CONT'D) (SPEAKING INTO TELEPHONE): Five minutes.
Thanks.

01:16:46:17 PRESIDENT HAYES: Sit down. Would you like something?

01:16:51:28 ELIZABETH: No, thank you.

01:16:58:17 PRESIDENT HAYES: You're reaction was very similar to mine when I found out.

01:17:02:24 ELIZABETH: I'm sorry, five minutes, Sir?

01:17:04:14 PRESIDENT HAYES: The negotiation you mediated in North Africa...

01:17:07:16 ELIZABETH: Yes? What does that have to do with this?

01:17:11:12 PRESIDENT HAYES: Well, just that the Stargate probably makes that seem like
child's play.

01:17:18:16 ELIZABETH: Well, frankly, Sir, I have absolutely no idea what you want from me.

01:17:23:04 PRESIDENT HAYES: You've brokered a dozen of the most sensitive international
treaties in modern times. You speak God knows how many languages--

01:17:31:17 ELIZABETH: Just five.

01:17:33:09 PRESIDENT HAYES: Five. I suppose your aversion to the military will be an
issue?

01:17:41:01 ELIZABETH: What are we talking about, exactly?

01:17:43:18 PRESIDENT HAYES: You running the Stargate program.

01:17:48:14 ELIZABETH: Oh.

END OF ACT TWO

ACT THREE

01:18:17:20 GENERAL HAMMOND: How in the hell did this happen?

01:18:19:23 CARTER: It wasn't an accident, Sir.

01:18:20:24 DANIEL (O/S): He did it deliberately.

01:18:22:07 TEAL'C (O/S): In order to access the knowledge of the Ancients.

01:18:24:00 DANIEL: He, uh...or we, figured we'd never get another shot at it.

01:18:28:15 CARTER: We know from experience that the Ancient knowledge will essentially
 over-write the Colonel's brain. We're hoping that during the
 transformation process, he'll become aware of the information we're
 looking for.

01:18:36:24 GENERAL HAMMOND: And then?

01:18:38:12 CARTER: And then, it will overwhelm his nervous system, and the Colonel will--

01:18:42:08 O'NEILL: What? Meet my maker? Pay the piper? Breach the pearly gates? Start
 pushing up daisies here and there?

01:18:53:14 GENERAL HAMMOND: You should be in the infirmary.

01:18:56:00 O'NEILL: Why? We all know exactly what's going to happen. In a few days I start speaking some strange language, a few days after that, I start doing things beyond my control, and a few days after that, it's good night, my someone, good night.

01:19:15:27 O'NEILL: So, with your permission, Sir, I'd like to take the weekend, get a few personal things together.

01:19:22:09 CARTER: The last time, it did take a couple of days before we noticed any change in the Colonel's behavior.

01:19:26:10 O'NEILL: I'll be back Monday, ready to work.

01:19:29:23 GENERAL HAMMOND: Permission granted.

01:19:30:23 O'NEILL: Thank you, Sir. Now, if you'll excuse me, my favorite television show starts in half an hour.

01:19:47:28 PRESIDENT HAYES: We've already done an initial review, and we've decided to suspend current operations until a new government division can be...

01:19:58:06 PRESIDENT HAYES (CONT'D O/S): established. There's no question the Stargate...

01:20:00:22 PRESIDENT HAYES (CONT'D): is a dangerous thing, but given what we know is going on out there, it's something we can't ignore.

01:20:06:16 ELIZABETH: No. Obviously not. I don't want this to sound like a terribly self-centered question--

01:20:13:05 PRESIDENT HAYES: Why you?

01:20:14:12 ELIZABETH: Why me?

01:20:15:25 PRESIDENT HAYES: What do you think?

01:20:17:13 ELIZABETH: Well, I'm betting other world leaders are pressuring you for control.

01:20:23:11 PRESIDENT HAYES: See, I knew you were a quick study.

01:20:25:25 ELIZABETH (O/S): And I can advise you, there...

01:20:26:25 ELIZABETH (CONT'D): but I am not qualified to negotiate with aliens.

01:20:31:10 PRESIDENT HAYES (O/S): No one is, Doctor.

01:20:32:10 PRESIDENT HAYES (CONT'D): Not you, not me, but someone has to do it.

01:20:38:05 PRESIDENT HAYES (CONT'D O/S): The fact is...

01:20:41:02 PRESIDENT HAYES (CONT'D): we can't keep this thing a secret forever.

01:20:43:29 ELIZABETH: And you want to put a friendly face on this thing when it goes public.
Someone a little less threatening than a U.S. military general.

01:20:51:23 PRESIDENT HAYES: People will panic.

01:20:54:03 PRESIDENT HAYES (CONT'D): It's going to take anything and everything we
 have to keep our civilization from turning upside down, but make no
 mistake...

01:21:04:21 PRESIDENT HAYES (CONT'D O/S): you're not just a figurehead for the sake of
 publicity.

01:21:07:10 PRESIDENT HAYES (CONT'D): I chose you for a damn good reason.

01:21:15:17 ELIZABETH: I take it my five minutes are up.

01:21:16:19 PRESIDENT HAYES: Actually, it was seven.

01:21:20:12 PRESIDENT HAYES (CONT'D O/S): Don't worry...

01:21:21:23 PRESIDENT HAYES (CONT'D): this is just the beginning.

01:21:30:06 ELIZABETH: What if I say no, Sir?

01:21:32:09 PRESIDENT HAYES: Never going to happen. Bonnie! Come on in here. Thank
 you. Good seeing you again.

01:21:46:07 KINSEY: So...things aren't quite as simple as they seemed.

01:21:50:19 ELIZABETH: Well, they never seemed simple, Sir.

01:21:53:02 KINSEY: Be careful who you trust, Doctor.

01:21:55:27 ELIZABETH: Does that include you, Sir?

01:21:59:01 KINSEY: He may be the President, but I am the one person on this fair planet you
want on your side, and the one person you don't want to cross.

01:22:21:01 CARTER: Hi, Sir.

01:22:22:20 O'NEILL: Carter?

01:22:25:02 CARTER: Did I wake you?

01:22:26:03 O'NEILL: Sort of.

01:22:29:26 CARTER: I couldn't sleep at all last night.

01:22:31:25 O'NEILL: You should've called.

01:22:32:28 CARTER: I didn't want to bother you. I...

01:22:38:04 O'NEILL: Um...

01:22:40:19 O'NEILL: I was just looking at the sky trying to figure out how many stars we'd
actually been to.

01:22:48:19 CARTER: Actually...

01:22:49:21 CARTER (CONT'D): only a few of the stars visible from Earth have stargates on them, so...

01:22:54:09 O'NEILL: I knew that. Hammond send you by to check up on me?

01:22:58:04 CARTER: No. It's...It's funny, really, I, uh...I was out driving...

01:23:04:13 CARTER (CONT'D): you know, in my car, and I, uh...

01:23:08:02 CARTER (CONT'D): I--I drove...here.

01:23:16:09 O'NEILL: Funny.

01:23:17:17 CARTER: Yeah.

01:23:19:29 O'NEILL: There's coffee around here. I think.

01:23:29:18 O'NEILL (CONT'D O/S): Maybe not. How about a beer?

01:23:33:14 CARTER: Sure, why not.

01:23:54:06 O'NEILL: Do you want a glass? I can wash one.

01:23:55:18 CARTER: No, I'm fine, thank you, Sir.

01:24:00:19 CARTER: So do you ever talk to her?

01:24:03:13 O'NEILL: Can we not talk about that?

01:24:05:02 CARTER: Sorry. How you feeling?

01:24:09:11 O'NEILL: Can we not talk about that either?

01:24:13:20 CARTER: Okay. What do you want to talk about? You want to be alone. This was
a bad. I should go.

01:24:27:26 O'NEILL: Finish your beer...

01:24:31:08 O'NEILL (CONT'D): And then you have to wait at least an hour before you drive.

01:24:40:18 CARTER: Sir...

01:24:50:00 O'NEILL: What?

01:24:53:12 CARTER: I should have done it.

01:24:54:12 O'NEILL: What? Stick your head in that thing? Are you nuts?

01:25:03:25 O'NEILL (CONT'D): Carter, you're one of this country's natural resources, if not
national treasures.

01:25:12:10 O'NEILL (CONT'D): It couldn't have gone down any other way.

01:25:18:00 O'NEILL (CONT'D): I just...hope it's worth it.

01:25:25:10 CARTER: Even if we do find the Lost City. Even if we get there, and find exactly
what we're looking for to defend the planet--

01:25:31:06 O'NEILL: That...would be worth it.

01:25:46:08 DANIEL: Hello?

01:25:52:07 O'NEILL: In here!

01:26:03:26 DANIEL: Oh, sorry, are we interrupting anything?

01:26:05:16 CARTER AND O'NEILL (SIMULTANEOUSLY): No.

01:26:07:28 O'NEILL: What are you doing here?

01:26:08:27 DANIEL: Oh, well, it's a funny story, actually. Um, we were driving by, and we saw
Sam's car in the driveway...

01:26:14:13 DANIEL (CONT'D O/S): and, and, and, and, um...

01:26:16:10 O'NEILL: Funny.

01:26:17:10 DANIEL (O/S): Teal'c said to me...well, he didn't really say anything...

01:26:19:11 DANIEL (CONT'D): he just kind of, you know, looked at me and did that eyebrow
raise thing that he kind of does, and I said to him, I said, "Hey, why don't
we stop by--"

01:26:25:09 O'NEILL: Is that donuts?

01:26:27:05 TEAL'C: Indeed.

01:26:29:09 O'NEILL: Excellent.

01:26:37:07 ANUBIS: Rise.

01:26:41:08 JAFFA COMMANDER: My Lord, I believe the humans of the Tauri destroyed the
device you sought.

01:26:45:19 ANUBIS: You failed to stop them.

01:26:47:23 JAFFA COMMANDER: They anticipated...

01:26:49:03 JAFFA COMMANDER (CONT'D O/S): our arrival, my Lord.

END OF ACT THREE

ACT FOUR

01:27:33:00 O'NEILL (O/S): You're so wrong. It's the perfect analogy!

01:27:39:07 O'NEILL (CONT'D): Burns as Goa'uld.

01:27:42:08 TEAL'C: They are merely animated characters, O'Neill.

01:27:44:21 O'NEILL: You're so shallow.

01:27:46:23 DANIEL: Oh, please. Teal'c's, like, one of the deepest people I know. He's so deep. Go on, tell him how deep you are. You'll be lucky if you understand this.

01:27:58:09 TEAL'C: My depth is immaterial to this conversation.

01:28:00:07 DANIEL: Oh! You see?

01:28:02:23 O'NEILL: No more beer for you.

01:28:04:21 CARTER (O/S): I'm sorry, Sir, but I have to agree.

01:28:08:14 CARTER (CONT'D): I don't see the connection.

01:28:10:01 O'NEILL: All right, that does it. You know, the entire VHS collection was going to one of you.

01:28:16:23 O'NEILL (CONT'D): It's going to Siler. He gets it.

01:28:22:07 O'NEILL: Thank God, pizza.

01:28:31:22 O'NEILL: Well, you're not the usual delivery boy.

01:28:34:26 GENERAL HAMMOND: Is this a good time?

01:28:36:04 O'NEILL: It's always a good time for you, Sir. Come on in. Let me get you a chair.

01:28:42:22 CARTER: General?

01:28:44:28 GENERAL HAMMOND: At ease, Major, please.

01:28:48:00 O'NEILL: There you go, Sir.

01:28:51:00 GENERAL HAMMOND: I'm glad to find you all here. You wouldn't happen to have
another one of those?

01:28:57:19 O'NEILL: I would.

01:29:00:17 O'NEILL: I hope you like Guinness, Sir. I find it a refreshing substitute for food.

01:29:13:25 GENERAL HAMMOND: I've been relieved of command.

01:29:19:20 O'NEILL: What?

01:29:21:07 GENERAL HAMMOND: The President has effectively shut down the SGC for a
three month review process.

01:29:27:18 DANIEL: Three months?

01:29:29:08 GENERAL HAMMOND (O/S): During which time a newly formed...

01:29:30:24 GENERAL HAMMOND (CONT'D): Government department will take the place of
Stargate Command.

01:29:34:15 CARTER: But, Sir, the Colonel. We don't have much time.

01:29:38:00 TEAL'C: How could this happen?

01:29:41:09 DANIEL: Kinsey.

01:29:42:23 O'NEILL: Does anyone know anyone who voted for those two shrubs?

01:29:46:07 GENERAL HAMMOND: I've known President Hayes for a long time. He's a good
man.

01:29:49:06 O'NEILL: Despite his taste in running mates, maybe.

01:29:52:12 GENERAL HAMMOND (O/S): Robert Kinsey brought in a lot...

01:29:53:18 GENERAL HAMMOND (CONT'D): of campaign financing, and for all we know, he
may have used his knowledge of the Stargate as leverage to get himself
a place on the ticket. It doesn't matter now.

01:30:04:02 DANIEL: What, we're just going to lie down for this?

01:30:06:01 O'NEILL: Now, we've been in this situation before.

01:30:08:10 GENERAL HAMMOND: No. This time it's different.

01:30:13:12 CARTER: Who's replacing you, Sir?

01:30:14:22 GENERAL HAMMOND: Her name is Dr. Elizabeth Weir.

01:30:17:21 O'NEILL: A civilian?

01:30:19:09 DANIEL (O/S): I've heard of her.

01:30:20:09 DANIEL (CONT'D): She's an expert on international politics. She mediated some
high-level negotiations for the UN. I actually referenced some of her work
when I drafted our first treaty for the Tok'ra.

01:30:29:21 GENERAL HAMMOND: All I know is I've been ordered to Washington to discuss
reassignment. I leave tomorrow.

01:30:34:18 O'NEILL: Uh, General, we do have a little unfinished business here.

01:30:41:16 GENERAL HAMMOND: As far as I know, you're all to report to work as scheduled on Monday.

01:30:44:24 TEAL'C: Something must be done.

01:30:47:02 GENERAL HAMMOND (O/S): I have my orders. Besides...

01:30:48:20 GENERAL HAMMOND (CONT'D): I have a feeling I may be able to do more about this from Washington than I can here.

01:30:52:23 CARTER: And in the meantime?

01:30:54:13 GENERAL HAMMOND: You'll just have to plead your case to the new administration. I have every confidence in you people.

01:31:28:13 DANIEL: Amazing, isn't it?

01:31:30:19 ELIZABETH: I don't really care.

01:31:33:07 DANIEL: Okay.

01:31:34:28 ELIZABETH (SPEAKING INTO HEADSET): Wait-- Well, there'd going to be a lot of changes...

01:31:38:15 ELIZABETH (SPEAKING INTO HEADSET CONT'D): and not everyone's going to be happy about them.

01:31:41:11 ELIZABETH (SPEAKING INTO HEADSET CONT'D): Yes. I'm just about to step into one myself.

01:31:45:01 ELIZABETH (CONT'D): Okay, bye. Sorry. I walk around with this thing, I look like a crazy person, talking to myself. Elizabeth Weir.

01:31:52:17 DANIEL: Daniel Jackson.

01:31:55:08 ELIZABETH: I can't get used to being this far underground. I'm looking around for a window.

01:31:59:20 DANIEL: I see you found the one with the best view. I remember when we were first trying to get the Stargate to work, I would come here and just stare at it for hours.

01:32:08:13 ELIZABETH: Is that a gentle reminder that you've been an important part of this since the very beginning?

01:32:13:27 DANIEL: Subtle, huh?

01:32:14:28 ELIZABETH: Mm-hm.

01:32:20:20 DANIEL: So, a little light reading?

01:32:22:22 ELIZABETH: Uh...I been awake all weekend. I--I...

01:32:28:23 ELIZABETH (CONT'D): The reality of this is--is--it's an adrenaline rush.

01:32:32:19 DANIEL: Hey, at least I know you have a beating heart.

01:32:37:22 ELIZABETH: I don't expect the warmest welcome from the military personnel.

01:31:40:01 DANIEL: You're replacing a great man, uniform notwithstanding.

01:32:43:29 ELIZABETH: Okay, but I'm hoping you of all people won't jump to conclusions.

01:32:51:13 DANIEL: Like, why someone like you is here?

01:32:53:25 ELIZABETH: Someone like me?

01:32:55:29 DANIEL: Yeah, someone who started their career as a political activist lobbying
against the government's...

01:33:00:02 DANIEL (CONT'D O/S): spending on the military.

01:33:01:10 ELIZABETH: And how I end up working for those I was criticizing. I know, but I've
decided that the best way to stop the proliferation of weapons is to try
and end the need for them.

01:33:11:11 ELIZABETH (CONT'D O/S): So I'm going to be the voice of reason...

01:33:14:14 ELIZABETH (CONT'D): to whoever will would listen.

01:33:16:16 DANIEL: And you think that's why the President chose you to take over the SGC?

01:33:25:20 ELIZABETH: I don't know why I've been given this job. I really don't, but I'm going to do it to the best of my ability as long as I'm here. I'm going to start by examining the mandate for this program--

01:33:35:00 DANIEL: Don't underestimate the immediate threat.

01:33:36:20 ELIZABETH: No, I'm not, but this country's history of manifest destiny cannot continue out to the rest of the galaxy. Especially when this is all being done behind the back of the entire planet.

01:33:45:07 DANIEL: Hey, I'm not saying everything that's been going on around here is right. I mean, we have no right to play God, but neither do the Goa'uld.

01:33:50:12 DANIEL (CONT'D): Now, I know none of this may seem real to you on paper...

01:33:53:15 DANIEL (CONT'D): but trust me, they're pure evil. Now, if they had the chance, they would either destroy us or enslave us all.

01:34:02:05 DANIEL (CONT'D): Now, you can read as many mission reports as you want, but before you decide what should or shouldn't be done around here...

01:34:07:23 DANIEL (CONT'D): why don't you go through that gate, and see what's going on for yourself.

01:34:12:13 ELIZABETH: In good time.

01:34:13:13 DANIEL: Well, we may not have good time, and Jack O'Neill certainly doesn't.

01:34:17:19 ELIZABETH: I want you to know that Colonel O'Neill's current condition is of
serious concern to me--

01:34:21:27 DANIEL: Then realize Jack only did what he did, because it was our only way to
find the location...

01:34:25:27 DANIEL (CONT'D): of the Lost City.

01:34:26:28 TECHNICIAN (V/O FILTERED THROUGH INTERCOM): Unscheduled incoming
traveler.

01:34:31:07 ELIZABETH: All the off-world teams...

01:34:31:29 ELIZABETH (CONT'D): are back already.

01:34:37:25 COLONEL PEARSON: Dr. Weir, we're receiving Master Bra'tac's personal
identification code.

01:34:41:12 ELIZABETH: I know what an IDC is...

01:34:42:12 ELIZABETH (CONT'D): thank you, Colonel Pearson.

01:34:43:13 DANIEL: Well, he's an ally, and if we don't open the Iris--

01:34:45:13 ELIZABETH (INTERRUPTING): I understand that. Thank you. Go ahead, please.

01:35:09:09 DANIEL: Bra'tac.

01:35:14:27 DANIEL: This is Dr. Elizabeth Weir. She's the new leader of this facility.

01:35:19:13 ELIZABETH: Hello.

01:35:20:13 BRA'TAC: Has Hammond of Texas fallen in battle?

01:35:23:09 ELIZABETH: No, Sir, he's...he's fine.

01:35:26:15 DANIEL: We've had some recent changes in our political leaders.

01:35:29:17 BRA'TAC: I see.

01:35:36:12 DANIEL: Bra'tac, what's wrong?

01:35:40:14 BRA'TAC: I am afraid I am not the bearer of good news.

01:35:42:21 BRA'TAC (CONT'D O/S): We've word from Jaffa loyal to our cause.

01:35:46:01 BRA'TAC (CONT'D): Anubis is gathering the full force of his fleet. He will be here
within three days.

END OF ACT FOUR

ACT FIVE

01:36:23:29 PRESIDENT HAYES (SPEAKING INTO TELEPHONE): Bob, could we stop complaining and start figuring out what we're going to do?

01:36:29:07 AIDE: Mr. President...

01:36:29:29 AIDE (CONT'D): General Hammond.

01:36:31:10 PRESIDENT HAYES: Show him in.

01:36:32:07 PRESIDENT HAYES (SPEAKING INTO TELEPHONE): We can't ignore a threat of this magnitude. Hear the man out.

01:36:37:17 PRESIDENT HAYES (CONT'D O/S INTO TELEPHONE): Well, whatever he is, and get back to me.

01:36:45:13 PRESIDENT HAYES: General George Hammond.

01:36:47:27 GENERAL HAMMOND: Mr. President.

01:36:50:24 PRESIDENT HAYES: I think it was Lieutenant, last time we spoke, wasn't it?

01:36:53:17 GENERAL HAMMOND: For both of us. That was a lot of hair ago, Sir.

01:36:58:16 PRESIDENT HAYES: Sit down.

01:37:04:19 PRESIDENT HAYES: You know, when I first took this job, I thought I had the weight of the world on my shoulders, but then I found out what you do for a living.

01:37:11:15 GENERAL HAMMOND: Yes, Sir.

01:37:14:03 PRESIDENT HAYES: George, this had nothing to do with your record. If the American people had any idea what your contribution was.

01:37:20:12 GENERAL HAMMOND: Thank you, Sir, that's kind of you to say. One day, maybe they will.

01:37:28:23 PRESIDENT HAYES: Dr. Weir, she's as smart as they come.

01:37:30:17 GENERAL HAMMOND: I hope so.

01:37:31:29 PRESIDENT HAYES (O/S): Poor thing, she has no idea what she's gotten herself into...

01:37:34:12 PRESIDENT HAYES (CONT'D): but I had no choice, George, I had to do something.

01:37:37:29 PRESIDENT HAYES (CONT'D O/S): I want you to know that I'm aware of your...

01:37:40:17 PRESIDENT HAYES (CONT'D): history with the Vice President.

01:37:43:16 GENERAL HAMMOND: Yes, Sir.

01:37:44:16 PRESIDENT HAYES: Hell, we both know why I picked Kinsey. More than the money, he delivered Florida all by himself.

01:37:49:19 PRESIDENT HAYES (CONT'D O/S): Trust me, if I knew then--

01:37:52:01 GENERAL HAMMOND (INTERRUPTING): Of course.

01:37:55:16 PRESIDENT HAYES: So, let's talk about your reassignment.

01:38:00:19 GENERAL HAMMOND: I was thinking more along the lines of retirement, Sir.

01:38:02:22 PRESIDENT HAYES: I don't think so, George, not just yet.

01:38:05:06 PRESIDENT HAYES (CONT'D O/S): I want to keep you around Washington.

01:38:07:28 PRESIDENT HAYES (CONT'D): We're going to need you and your expertise.

01:38:13:16 O'NEILL: Three days from now's a Thursday. Thursday's not good for us.

01:38:18:03 CARTER: Why now?

01:38:19:20 TEAL'C: Anubis believes that we know the location of the Lost City.

01:38:23:08 CARTER: We don't.

01:38:24:12 O'NEILL: Not yet.

01:38:25:12 DANIEL: Yes, but he doesn't know that we don't know.

01:38:27:12 KINSEY (O/S): Well, well...

01:38:28:12 KINSEY (OCNT'D): some people just don't know when to leave.

01:38:32:00 ELIZABETH: Colonel O'Neill, Major Carter, Teal'c...

01:38:36:29 ELIZABETH (CONT'D O/S): I know these are...

01:38:37:18 ELIZABETH (CONT'D): strange circumstances to be meeting for the first time.

01:38:40:01 O'NEILL: And you are...

01:38:42:22 ELIZABETH: I am Dr. Elizabeth Weir, Colonel.

01:38:46:17 KINSEY: You can just call her "your one hope of-ever stepping through the
Stargate again."

01:38:51:20 O'NEILL: Bit of a mouthful.

01:38:53:02 ELIZABETH: I know I'm playing catch up, but I understand time is short.

01:38:57:11 O'NEILL: Actually, it's all relative, ma'am. Carter could explain it better if we had
more time.

01:39:04:10 ELIZABETH: Shall we have a seat then?

01:39:10:12 ELIZABETH: Obviously, this is a situation of grave importance.

01:39:13:22 O'NEILL: She's quick.

01:39:14:22 KINSEY: Which is why I've taken it upon myself to come on down and hear what
Mr. Bra'tac has to say personally.

01:39:20:03 O'NEILL: Master...Bra'tac. Master.

01:39:23:08 KINSEY: I beg your pardon.

01:39:26:25 KINSEY (CONT'D): So you believe the Goa'uld Anubis is planning to attack.

01:39:35:23 BRA'TAC: You may be certain of it.

01:39:39:21 KINSEY: I'll say this, the timing is impeccable.

01:39:42:14 KINSEY (CONT'D O/S): The moment we suspend Stargate operations...

01:39:45:23 KINSEY (CONT'D): you pull this out of your hat.

01:39:47:12 O'NEILL: Mr. Vice President, if you're suggesting that we'd make something like
this up--

01:39:53:15 KINSEY: Yes, Colonel, that's exactly what I'm suggesting.

01:39:55:18 O'NEILL: Yes, well, that is exactly what we do. We sit around on our fat asses and
create scenarios that put the planet at risk. That's exactly what we do.

01:40:04:14 KINSEY: Oh, I think you'd do just about anything--

01:40:06:05 ELIZABETH (O/S): Gentlemen...

01:40:08:00 ELIZABETH (CONT'D): for the purposes of this discussion, let's assume that
Master Bra'tac is in earnest, and that the threat is real.

01:40:13:24 DANIEL (O/S): Do you even know what the threat is?

01:40:15:21 DANIEL (CONT'D): Anubis is a half Goa'uld, half ascended Ancient with the
knowledge and technology at his disposal to wipe us all from the face of
the Earth.

01:40:23:08 ELIZABETH: What about negotiating?

01:40:24:09 O'NEILL: Oh, for crying out loud. That's derentis!

01:40:33:18 O'NEILL: What?

01:40:34:18 DANIEL: You just said "derentis."

01:40:36:23 O'NEILL: Did not.

01:40:37:23 DANIEL: Did too.

01:40:40:28 O'NEILL: "Derentis?" What is that?

01:40:41:28 KINSEY: Latin?

01:40:43:16 ELIZABETH: No, it's not.

01:40:44:16 DANIEL (O/S): I think what Colonel O'Neill is trying to say...

01:40:45:16 DANIEL (CONT'D):is that based on our past experiences, negotiating would be insane. Crazy.

01:40:50:09 ELIZABETH: Yeah, I got that.

01:40:51:29 CARTER: However, we believe that there may be alien technology within our reach that could defeat Anubis.

01:40:58:00 KINSEY: So now you're pulling a ray gun out of your hat.

01:41:00:11 TEAL'C: Weapons capable of defending this planet.

01:41:04:12 KINSEY: I can't believe we're sitting here listening to this.

01:41:07:11 ELIZABETH: Mr. Vice President, on his last mission--

01:41:09:17 KINSEY (INTERRUPTING): Oh, I am aware of the events that have once again compromised Colonel O'Neill's invaluable judgment...

01:41:17:16 KINSEY (CONT'D O/S): and the fact that on his last official mission...

01:41:20:23 KINSEY (CONT'D): he has incurred the wrath of humanity's worst enemy on
behalf of us all--

01:41:25:10 O'NEILL: Wait a minute. I thought you didn't buy in to the whole invasion thing?

01:41:31:22 ELIZABETH (O/S): That fact is...

01:41:32:23 ELIZABETH (CONT'D): until we know the location of the Lost City--

01:41:35:00 O'NEILL: I know where it is.

01:41:38:15 ELIZABETH: You know where it is...now?

01:41:42:03 O'NEILL: I will... It's in there somewhere.

01:41:49:06 O'NEILL: Look, let me make this simple. I come up with the Lost City, we go find
it. Yes or no?

01:41:56:16 KINSEY: No.

01:42:03:00 O'NEILL: Who are you? Really? And why are you here?

01:42:09:05 ELIZABETH: I will consider it.

01:42:13:23 O'NEILL: Thank-you.

01:42:15:20 ELIZABETH: You're welcome.

01:42:20:05 BRA'TAC: I must return to Chulak.

01:42:23:13 TEAL'C: I, too, will go...

01:42:25:23 TEAL'C (CONT'D): In the hope of procuring ships and warriors to defend this
world.

01:42:29:22 ELIZABETH: Good luck.

01:42:54:00 KINSEY: What the hell was that?

01:42:56:16 ELIZABETH: I'm sorry?

01:42:57:16 KINSEY (O/S): You don't know...

01:42:58:05 KINSEY (CONT'D): O'Neill like I do.

01:43:02:04 ELIZABETH: This is my call. Colonel O'Neill--

01:43:04:23 KINSEY (O/S): Is the one that got...

01:43:05:07 KINSEY (CONT'D): us into this mess in the first place!

01:43:07:07 ELIZABETH: I don't see--

01:43:08:11 KINSEY (O/S): I want him gone...

01:43:09:06 KINSEY (CONT'D): Doctor. I want them all gone. You haven't figured that out yet?

01:43:12:14 ELIZABETH: Oh, I've figured out quite a bit.

01:43:14:07 KINSEY: Well hallelujah for that!

01:43:18:22 ELIZABETH: This is my office. This is my chair. Until someone tells me otherwise,
I'm going to make decisions as I see fit, not as they fit into your agenda!

01:43:28:02 KINSEY: You have no idea what my agenda is.

01:43:29:29 ELIZABETH: Whatever your agenda is!

01:43:34:13 KINSEY: You don't know anything, Doctor, and if you think you do, you're not as
smart as I thought.

01:43:52:10 O'NEILL: So, T...if I don't see you again--

01:43:57:09 TEAL'C: I will see you soon, O'Neill.

01:43:59:10 O'NEILL: You know something I don't?

01:44:01:24 TEAL'C: In fact, it is you that knows something that I do not.

01:44:06:23 O'NEILL: I hope you're right.

01:44:22:05

TEAL'C: I wish you all well.
