|-------------|--|
| 01:00:00:10 | TEAL'C (V/O): Previously on Stargate: SG-1...  |
| 01:00:01:22 | PRIOR (O/S): What say you...   |
| 01:00:02:22 | PRIOR (CONT'D): to the promise of the Ori?   |
| 01:00:05:00 | LATAL: We will hear no more of false gods.   |
| 01:00:07:02 | TASS'AN (V/O): They told us we had to make a choice-- follow the Ori or be<br>destroyed. In moments, our city was leveled. If a prior visits your world... |
| 01:00:17:16 | TASS'AN (CONT'D): leave.   |
| 01:00:19:08 | DOCI (V/O): Is great knowledge...  |
| 01:00:20:08 | DOCI (CONT'D): power, understanding... not enough for you to revere the Ori?   |
| 01:00:25:27 | DANIEL: That doesn't mean I would murder innocent people in their name.  |
| 01:00:28:21 | LANDRY (V/O): If we don't continue to work together...   |

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:00:29:25            LANDRY (CONT'D O/S): the victory that we worked so long and hard for...

01:00:32:28            LANDRY (CONT'D): could result in chaos.

01:00:35:00            ORLIN: My name is Orlin.

01:00:36:21            ORLIN (CONT'D V/O): I'm from the planet you just visited. Actually, the truth is... I  
                                 love you.

01:00:42:25            CARTER: Oh, my God.

## TEASER

01:00:47:20 MITCHELL (V/O): I'm just saying it's pure ego.

01:00:50:02 DANIEL: Pure ego? I don't know. At that level of enlightenment? I mean, arrogance is about pleasure, right? Wallowing in the pride of one's achievement.

01:00:56:26 MITCHELL: Well, you don't think that getting a whole galaxy to bow down and worship you is something to write home about?

01:01:02:00 DANIEL: No, I'm just saying the ascended beings I've met have pretty much all the satisfaction anyone could need. They don't need to lord it over us. They kind of look at us the way we look at bugs-- insignificant, amusing at best.

01:01:11:20 MITCHELL: Yeah, no, look, I get what you're saying, but-- Damn. That smell... Is that you?

01:01:18:19 DANIEL: No. Uh-uh. Don't think so.

01:01:20:00 MITCHELL: Oh, Barnes. Right. Of course. I should have known that stench was  
you.

01:01:23:20 BARNES: Very funny, Mitchell. We've been undercover on P2X-885. 10,000 poverty-stricken peasants. Only one freshwater well.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:01:30:19 FISHER: Not to mention 130 degrees in the shade.

01:01:33:22 MITCHELL: Well, you might want to think about taking a shower before you  
debrief Landry.

01:01:36:05 BARNES: Right after Lam clears us.

01:01:37:13 MITCHELL (O/S): Yeah, lucky her.

01:01:38:15 FISHER: Maybe if we're lucky, she'll give us all a sponge bath.

01:01:42:03 BARNES: I wouldn't repeat that around the General, Lieutenant.

01:01:44:07 MITCHELL: I wouldn't repeat that around me.

01:01:46:16 FISHER: Sorry, sir.

01:01:52:10 BARNES: Let's go.

01:01:56:20 FISHER: Okay, seriously... what's his problem?

01:01:58:23 BARNES: Aside from the fact that it's a completely inappropriate comment, Lam is  
Landry's daughter.

01:02:03:02 FISHER: Sir, I'm sorry--

01:02:04:24 BARNES: Know when to shut up, Lieutenant.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:02:06:15            MITCHELL: Hey, Colonel! How did it go, by the way?

01:02:09:22            BARNES: Not good. 885's gone Ori.

01:02:16:24            MITCHELL: Third planet this month.

01:02:27:12            GERAk: I asked not to be disturbed.

01:02:29:20            YAT'YIR: Forgive me... but he is here.

01:02:40:27            GERAk: Greetings.

01:02:46:00            PRIOR #1: Have you contemplated your destiny?

01:02:49:00            GERAk (O/S): I have read from the Book...

01:02:50:11            GERAk (CONT'D): and I find it to be most illuminating.

01:02:53:20            PRIOR #1 (O/S): Antaris and the river.

01:02:55:22            PRIOR (CONT'D): How the people of the low valley were freed from the yoke of  
   an iron serpent who ruled over them without mercy. Do you see this as  
   more than mere coincidence?

01:03:07:26            GERAk: You suggest it is prophecy.

01:03:09:26            PRIOR #1 (O/S): Such is the wisdom...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:03:11:08 PRIOR #1 (CONT'D): granted by true enlightenment and the road we all must  
take.

01:03:15:14               GERAK: Many Jaffa are without faith and direction, hurt by the lies and betrayal of  
those who have enslaved us.

01:03:24:07 PRIOR #1 (O/S): You have been burned by evil, but do not let that keep you...

01:03:27:26 PRIOR #1 (CONT'D): from the warmth and light of the eternal flame. Let Origin  
show you the way.

01:03:33:15                   GERAK (O/S): I'm merely saying...

01:03:34:24           GERAK (CONT'D): that... it may still take some time for other Jaffa to see Origin  
as I have come to see it. But I vow to spread the word of the Ori to all  
Jaffa.

01:03:53:22 PRIOR #1: Hallowed are the Ori.

01:03:56:07                   GERAK: Hallowed are the Ori.

**END OF TEASER**

**ACT ONE**

01:04:33:24           LANDRY: Colonel Carter. I've read your proposal.

01:04:36:19           CARTER (O/S): And?

01:04:38:10           LANDRY: And I'm not exactly sure what an aneurysm feels like, but I suspect I'm  
pretty close.

01:04:43:19           MITCHELL: Boy, I'm glad I'm not the only one.

01:04:45:14           LANDRY: Can you put this in layman's terms?

01:04:47:01           CARTER: Well, simply speaking, sir, based on the research that was done on  
Anubis' genetic experiment, Khalek, we believe we may be close to  
developing a technology that could inhibit a prior's special abilities.

01:04:56:28           MITCHELL (O/S): Are we talking about an anti-...

01:04:58:08           MITCHELL (CONT'D): prior gun here? Because I don't remember seeing the word  
"gun" anywhere in here.

01:05:03:00           CARTER (O/S): Well, it wouldn't be a gun...

01:05:04:00           CARTER (CONT'D): exactly, but that is kind of what made us think it was  
possible.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:05:06:10 DANIEL (O/S): Because I was able to shoot...

01:05:07:11 DANIEL (CONT'D): Khalek while he was focused on defending himself from you.

01:05:09:20 CARTER (O/S): Which meant he wasn't omnipotent.

01:05:12:00 LANDRY (O/S): You think the priors...

01:05:13:00 LANDRY (CONT'D): are the same?

01:05:14:05 CARTER (O/S): We've identified specific portions of the brain...

01:05:16:12 CARTER (CONT'D): that were active when Khalek was using his unique abilities.

01:05:19:00 DANIEL: Now, he had those abilities because he was at a much more evolved state, very close to ascension. Now, we're hoping that the Ori are affecting the priors...

01:05:24:18 DANIEL (CONT'D O/S): in much the same way.

01:05:25:23 CARTER (O/S): Dr. Lee and I are working on a way of targeting and neutralizing...

01:05:28:02 CARTER (CONT'D): those higher brain functions using a field generator emitting  
fluctuating ultrasonic frequencies.

01:05:32:22 LANDRY: And my headache was just going away.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:05:35:01 CARTER: I don't want to sound overly optimistic, sir, but I think we may be close to testing within a couple of days.

01:05:40:20 LANDRY: I would like to report that something positive came out of that whole Khalek situation.

01:05:44:14 CARTER (O/S): Yes, sir.

01:05:45:15 LANDRY: Keep me posted.

01:05:52:00 CARTER: He didn't look too impressed.

01:05:53:14 MITCHELL (O/S): Oh, trust me...

01:05:54:25 MITCHELL (CONT'D): "Anti-prior gun" would have gone down better.

01:06:03:15 GERAk (V/O): If the Jaffa at Kallana...

01:06:05:07 GERAk (CONT'D): had heeded the wisdom of the priors, they'd all still be alive today.

01:06:08:20 BRA'TAC: The Jaffa at Kallana were defending themselves against a military incursion. The Ori were attempting to construct a means by which to invade our galaxy and attack us.

01:06:19:22 GERAk: They offered us the wisdom of the ages and everlasting life...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:06:23:03           GERAK (CONT'D O/S): and we met that with force. Were their actions not justified?

01:06:27:28           BRA'TAC: Thousands of lives were lost.

01:06:31:00           GERAK: All the more reason why we should respect their power.

01:06:33:14           BRA'TAC (O/S): If you are suggesting we have no other choice...

01:06:35:02           BRA'TAC (CONT'D): but to acquiesce, that would be cowardice.

01:06:38:23           TEAL'C: Gerak.

01:06:46:05           GERAK: I believe their intentions are pure.

01:06:49:07           GERAK (CONT'D O/S): They offer us enlightenment, knowledge...

01:06:52:13           GERAK (CONT'D): salvation... All of these things can be ours, if we have the courage to embrace our destiny.

01:07:06:03           KA'LEL: I believe a recess is in order. The Council will deliberate on Gerak's proposal.

01:07:30:09           TEAL'C: I came as soon I heard.

01:07:36:02           BRA'TAC: Gerak has proposed that the religion of the Ori should be adopted by all Jaffa.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:07:41:00            TEAL'C: As law?

01:07:43:01            BRA'TAC: To be taught to our children, its benedictions and traditions followed to the letter. Should it be ratified by the Council, all Jaffa would have no choice but to accept the Ori as gods.

01:07:55:05            TEAL'C: True belief cannot be legislated. Surely the Council must know this is beyond their purview.

01:07:59:29            BRA'TAC: Gerak seems to have swayed many. He is convinced that the Ori represent the true gods we have all sought for generations, and that only by worshipping them can we finally find peace and enlightenment.

01:08:12:11            TEAL'C: Then he is a fool and must be revealed as such.

01:08:15:17            BRA'TAC: Gerak is many things, but he is no fool, Teal'c. Because of us, too many Jaffa now know that the Ancients of this galaxy will never offer us a quick path to ascension.

01:08:28:28            TEAL'C: Still, the Ori are not the answer.

01:08:32:02            BRA'TAC: No... but Gerak is old, as are many of the Council. For them, the Ori represent hope for life beyond that which we now know. For that reason alone, this proposal will carry weight.

01:08:54:12            LEE: A couple of days?

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:08:55:18           CARTER: Well, we'll just have to roll up our sleeves and burn some midnight oil if we have to.

01:09:00:07           LEE: Midnight oil? Why didn't you just tell him we'd come up with a viable means of creating cold fusion while you were at it?

01:09:05:15           CARTER: Sure, if you've got something.

01:09:08:18           LEE: Look, I mean, all we have is a bunch of uncorrelated data and a theory. I mean, I admit it's a pretty...pretty sound theory... if you'll pardon the pun... (LAUGHS) Ultrasonic waves... (LAUGHS) Oh, that's good. Anyway, I mean, it's going to be a matter of months before we get it-- Oh. I see. I understand. This is your first project back from Area 51, and you just, uh... you just want to impress everybody, right—

01:09:42:25           LEE (CONT'D): Can you hear me?

01:09:45:29           CARTER: What?

01:09:49:00           LEE: I... No, I... Right. Sleeves up... and working.

01:10:04:18           LAM (O/S): It's Colonel Barnes. About three hours ago, he came in complaining of fatigue. About an hour after that, he could barely stand.

01:10:11:25           LAM (CONT'D): High fever, chest pain, respiratory distress. Sound familiar?

01:10:15:25           LANDRY: You're certain it's the same.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:10:17:06            LAM: He's displaying identical symptoms as the people who were infected on 412.  
                                 It's a prior plague.

01:10:26:09            LAM (CONT'D): We have to find Lieutenant Fisher...

01:10:28:05            LAM (CONT'D V/O): and fast.

01:10:30:14            HAMMOND (O/S): In my many years of service, I've met with our men and women  
                                 in uniform around the world-- active, guard, and reserve, those on the  
                                 front lines and those here at home, and then, as now...

01:10:42:28            HAMMOND (CONT'D): I am continually amazed by your courage, dedication, and  
                                 patriotism. Our airmen, soldiers, sailors, and marines are symbols of the  
                                 pride and strength of this nation.

01:11:00:06            HAMMOND (CONT'D O/S): Be proud of what you do.

01:11:03:13            HAMMOND (CONT'D): You make our nation stronger and our world safer. Thank  
                                 you.

01:11:09:10            (APPLAUSE)

01:11:44:21            (TIRES SCREECHING)

01:11:46:27            WOMAN (O/S): What's going on?

01:11:55:18            HAZMAT OFFICER: Back away. Back away. Lieutenant Fisher?

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:11:58:02            FISHER: Yes, sir.

01:11:59:02            HAZMAT OFFICER (O/S): You're going to have to come with me immediately, sir.

01:12:01:12            HAZMAT OFFICER (CONT'D): Come on, back away. In here, please.

01:12:11:29            LANDRY: You cleared SG-6 when they returned from 885.

01:12:14:01            LAM: I approved their clearance, yes. We've been taking extra precautions since  
the outbreak on 412, but you can't test for a virus that you don't know  
exists. This strain has a completely different genetic make-up, and what's  
worse, it seems to be mutating right before our eyes.

01:12:27:03            MITCHELL: Sir! They found Fisher. They're bringing him in, and everyone at the  
speech has been quarantined.

01:12:31:25            LANDRY: Barnes says he thinks Fisher was the one who made direct contact with  
the prior.

01:12:35:28            LAM (O/S): Airman Ryan...

01:12:36:28            LAM (CONT'D): is showing early symptoms. Lieutenant Brooks has been  
quarantined as well. Sir, we have no way of knowing who Fisher may  
have come in contact with prior to leaving this base...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:12:44:07            LAM (CONT'D O/S): or how far this thing has spread.

**END OF ACT ONE**

**ACT TWO**

01:13:08:00 FISHER (V/O): It was a couple of days before we left the planet.

01:13:10:15 FISHER (CONT'D): Airman Ryan and I went to morning prostration. The prior was there, preaching.

01:13:15:26 MITCHELL (V/O): You had no idea your cover had been blown?

01:13:18:04 FISHER: No, sir. There was no way anybody from that planet could have known we were from Earth. The prior walked among us, touching people on the head.

01:13:25:24 FISHER (CONT'D V/O): Some sort of benediction.

01:13:27:09 MITCHELL: Wait-- He touched-- Sorry, he touched you on your head?

01:13:33:08 FISHER (V/O): I'm sorry, sir. If I had realized it was so important, I would have put it in my report.

01:13:37:05 MITCHELL: That's all right, Lieutenant. Thank you. So how come isn't he sick?

01:13:41:25 LAM: I'm guessing it's because he's just a carrier. If he got sick...

01:13:45:20 LAM (CONT'D O/S): and died from the virus, it wouldn't spread very far, would it?

01:13:49:20 LANDRY: Colonel, Dr. Lam. A word.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:13:56:00            LANDRY (CONT'D O/S): What have you got?

01:13:57:02            LAM: He's definitely patient zero.

01:14:00:14            LANDRY: The team on site at Peterson just reported that two of the people in the crowd at General Hammond's speech are displaying symptoms and have tested positive. The General himself is fine.

01:14:09:24            MITCHELL: That's good, sir. What about the restaurant and gas station Fisher stopped at on his way into town?

01:14:14:04            LANDRY: The CDC has mobilized units to try and contain the situation. They've sent out bulletins to every hospital and medical facility...

01:14:21:02            LANDRY (CONT'D O/S): in the state. Anyone showing plague symptoms will be referred to us.

01:14:24:21            MITCHELL: Do we have a cover story?

01:14:26:08            LANDRY (O/S): A new influenza...

01:14:27:19            LANDRY (CONT'D): that first appeared at St. Francis Medical Center two days ago. We're issuing a press release in an hour. Colonel, I'd like you in the field following up on Lieutenant Fisher's activities, just to be sure.

01:14:39:07            MITCHELL: Yes, sir.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:14:40:10 LAM: You'll have to get scrubbed and stay in Hazmat on the outside.

01:14:43:02 MITCHELL: Yes, ma'am.

01:14:44:14 LAM (O/S): 12 infected base personnel...

01:14:45:22 LAM (CONT'D): have been quarantined. Four of them are showing early  
symptoms. Now, half of those people came in direct physical contact with  
SG-6 after they came back. However, the rest of them didn't, which  
means we should assume...

01:14:55:06 LAM (CONT'D O/S): the worst-case scenario.

01:14:56:08 LANDRY: Which is?

01:14:57:13 LAM: The virus may be airborne and persistent.

01:15:00:08 LANDRY: So we have no idea how many people this will ultimately affect.

01:15:03:24 LAM: No.

01:15:05:24 HARRIMAN (V/O): Unauthorized off-world activation.

01:15:08:00 LANDRY: What now?

01:15:09:10 LAM: Hey, you wanted to be a General.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:15:11:12            HARRIMAN (V/O): General Landry to the control room.

01:15:16:13            LANDRY: Chief?

01:15:17:25            HARRIMAN: It's Teal'c, sir. I've established a video link with him on Dakara.

01:15:22:13            TEAL'C (V/O): General Landry. Chief Harriman has informed me of the situation.  
                              May I be of any assistance?

01:15:28:02            LANDRY: Not at the moment. We've restricted gate travel in and out of the base  
                              for the time being.

01:15:32:20            TEAL'C (V/O): Understood.

01:15:33:28            LANDRY: How'd it go with the Council? Have they made a decision?

01:15:36:26            TEAL'C (V/O): They have not, but I have been told that they are leaning towards  
                              accepting Gerak's proposal, despite our warnings.

01:15:43:08            LANDRY: Doesn't sound good.

01:15:44:17            TEAL'C (V/O): Bra'tac and I no longer believe this battle can be won through  
                              diplomacy alone. The Council must know of our resolve by other means.

01:15:51:00            LANDRY: Such as?

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:15:52:09           TEAL'C (V/O): We will travel to Chulak to meet with other Jaffa leaders who feel  
as we do. No matter what the Council decides, we will resist any alliance  
with the Ori.

01:16:00:11 LANDRY: So your fight for freedom may end up in an all-out civil war.

01:16:03:28 TEAL'C (V/O): Indeed.

01:16:06:21 LANDRY: Let's hope it doesn't come to that.

01:16:19:11 MITCHELL: It's a self-serve station, sir. According to receipts, 22 people have used the pump that Fisher used.

01:16:26:27 MITCHELL (CONT'D V/O): We're tracking down the folks who used credit cards,  
but six used cash.

01:16:31:01 LANDRY: We've called in the National Guard. I'm staying in touch with the Governor, but it looks like we may need to close down the state, Colonel.

01:16:37:19 MITCHELL (V/O): Yes, sir. It's pretty bad.

01:16:39:16 MITCHELL (CONT'D): The attendant's been put into quarantine, and it looks like he's got it.

01:16:44:02 LANDRY (V/O): That's not the news I wanted to hear.

01:16:54:00 (HEAVY METAL MUSIC V/O)

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:16:56:13 (HEAVY METAL MUSIC CONT'D)

01:17:04:09 CARTER: Hey! Hey!

01:17:10:20 LEE: What are you doing?

01:17:12:00 CARTER: What are you doing?

01:17:13:07 LEE: I'm testing frequencies.

01:17:14:21 CARTER: With *Dark Pariah*?

01:17:17:04 LEE: I can't hear a thing. Noise-canceling technology.

01:17:23:15 CARTER: How's it coming?

01:17:24:15 LEE: Oh, well... I mean, we all know our auditory senses are a direct line...

01:17:27:28 LEE (CONT'D O/S): to certain brain functions, and we know that they respond  
differently to different...

01:17:31:15 LEE (CONT'D): sonic frequencies, but trying to achieve something as specific as  
isolating one small part of the brain... that's like... I mean, it's like, uh...

01:17:41:15 LEE (CONT'D O/S): It's like trying to do... something,,,

01:17:45:23 LEE (CONT'D): that's... impossible.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:17:51:00            CARTER: Good analogy.

01:17:53:08            LEE (O/S): Come on. I haven't slept.

01:17:57:27            LEE (O/S CONT'D): What?

01:18:00:17            CARTER: What?

01:18:01:29            LEE (O/S): No, I said it first. What are you looking at?

01:18:04:21            CARTER: Nothing. I think I'm just tired too.

01:18:13:13            MITCHELL: The waitress who served him, the cook, the manager, they're all  
                                 testing positive. We have 14 customers unaccounted for. Bulletins are  
                                 being issued on local and national radio and television.

01:18:24:17            LANDRY (V/O): The media's having a field day.

01:18:26:11            MITCHELL (V/O): Have you closed the state borders, sir?

01:18:27:28            LANDRY: Too late for that, Colonel. We already have reported cases in Utah,  
                                 Kansas, and New Mexico.

01:18:33:14            LANDRY: Damn, that was fast.

01:18:34:23            LANDRY (V/O): Faster than we can move.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:18:36:10 LANDRY (CONT'D): Airports, bus stations, train stations are all secure at this point, but more than one person seems to have gotten out. Track them down, Colonel.

01:18:44:27 MITCHELL (V/O): Will do, sir.

01:18:46:10 NEWSCASTER (V/O): Panicked citizens are demanding answers from authorities who have been clearly overwhelmed by the speed and scope of the virus. Despite their best efforts, the contagion continues to spread at an alarming rate. Of course, keep it right here. We'll have the latest in breaking news on the hour every hour. We'll see you then.

01:19:04:28 LEE: This is going nowhere, and my sleeves are up as high as they can go.

01:19:10:24 CARTER: Perhaps if we tried a different kind of spread spectrum, a combination of waves...

01:19:14:27 LEE: Yeah, but... Look, I... I'm sorry. The only thing I can confirm with any kind of certainty is that sleep deprivation definitely has an adverse affect on all brain function. Um, I'm going to go get some coffee. Do you want anything?

01:19:29:25 CARTER: No, I'm good.

01:19:37:14 ORLIN (O/S): You're so close.

01:19:38:16 CARTER: I know.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:19:44:04            ORLIN: Hello, Sam. It's good to see you again. I've missed you.

01:19:48:14            CARTER: Who are you?

01:19:50:16            ORLIN: I had no choice but to take this form. It's me, Orlin.

**END OF ACT TWO**

## ACT THREE

01:20:28:22 LAM: As far as I can tell, he's a normal human adolescent.

01:20:30:26 LANDRY: Who claims he's an Ancient who has descended and taken human form.

01:20:35:00 CARTER: There really is no other explanation, sir, for how he could have gotten into the base or know the things he knows. I'm pretty sure...

01:20:40:26 CARTER (CONT'D O/S): he's given us the key to finishing the anti-prior  
technology Dr. Lee and I were working on.

01:20:45:26 LANDRY: According to the mission report on your first encounter with Orlin, you two had an... intimate relationship?

01:20:54:07 CARTER: Uh, well... we did, but, uh, he didn't look like that. He was...

01:21:01:01 LAM: Taller?

01:21:03:29 CARTER: He was a grown man.

01:21:05:10 LANDRY: Ah. So why come back as a boy this time?

01:21:09:10 CARTER (O/S): He said he had no choice, sir.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:21:11:10 CARTER (CONT'D): He had to take a younger form in order to preserve as many of the Ancient memories as possible.

01:21:15:10 DANIEL: The knowledge he possessed as an ascended being was too massive for a normal human brain to handle. We're guessing that having a younger brain gave him a slightly better chance of retaining the knowledge a little longer.

01:21:23:19 LAM: That makes sense, actually. The neural make-up of a still-developing mind has the potential for better memory retention than that of an adult.

01:21:29:20 CARTER (O/S): Ultimately, sir, he says he will lose most of the...

01:21:31:24 CARTER (CONT'D): knowledge. Sir, I think he's taken a huge risk just to be here. We should at least hear him out.

01:21:38:00 LANDRY: Mm-hmm.

01:21:43:01 DANIEL: I'm sorry-- Aren't you breaking some major cosmic rules here? I mean, why did the others let you go without wiping your memory clean?

01:21:51:22 ORLIN (O/S): Honestly, I don't really know. I guess enough of them felt it was necessary...

01:21:56:15 ORLIN (CONT'D): for someone to step out of line and warn you.

01:21:59:00 LANDRY (O/S): I'm assuming you're talking about the Ori.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:22:00:06 LANDRY (CONT'D): We're already aware of the threat they pose.

01:22:03:26 ORLIN: Believe me, you don't know everything.

01:22:07:06 ORLIN (CONT'D O/S): A long time ago, the Ori and the Alterans were one society, human...

01:22:12:08 ORLIN (CONT'D): on an evolutionary path to ascension, but a philosophical division grew.

01:22:16:28 ORLIN (CONT'D O/S): The Ori grew more and more fervent in their religious belief. The Alterans...

01:22:22:03 ORLIN (CONT'D): for lack of a better way of putting it, believed in science. The Ori tried to wipe them out.

01:22:28:12 DANIEL (O/S): So instead of going to war, the Alterans built a ship, left their galaxy...

01:22:31:18 DANIEL (CONT'D): and came here. We know that both the Alterans and the Ori eventually ascended, and that the Ori passed down a religion called "Origin" to the next evolution of humans they created.

01:22:39:03 ORLIN: Yes, but the central promise of the religion, everything Origin's followers devote themselves to, is a lie.

01:22:49:25 DANIEL: Are you saying that the Ori don't offer their followers ascension?

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:22:53:17 ORLIN: No. Most certainly not. Then they'd have to share.

01:22:56:15 LANDRY: Share what?

01:22:58:00 ORLIN: The power they sap from those who worship them.

01:23:00:20 CARTER: How is that possible? I mean, are you saying there's a real, physical  
transfer of energy to the Ori that occurs simply through a human being's  
belief in them?

01:23:09:12 ORLIN: "Simply" is not how I would put it. It's quite complicated, but possible...

01:23:13:12 ORLIN (CONT'D O/S): and for it to have a measurable effect, it requires massive  
numbers of humans relinquishing...

01:23:17:24 ORLIN (CONT'D): their will. Nevertheless, it is one of the main reasons the  
Ancients have so strongly believed in strict non-interference in the lower  
planes.

01:23:27:22 DANIEL (O/S): Because the temptation to manipulate and align...

01:23:29:00 DANIEL (CONT'D): lower life forms in some order for your own purposes could  
result in exactly this type of abusive corruption.

01:23:33:22 ORLIN: The Ori empower themselves by sapping the life force of those willing to  
surrender themselves to them.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:23:39:04            DANIEL (O/S): Unknowingly...

01:23:40:25            DANIEL (CONT'D): and this promise of salvation in return...

01:23:42:10            ORLIN (O/S): Leads to nothing...

01:23:43:22            ORLIN (CONT'D): but death of the most meaningless kind.

01:23:46:06            DANIEL (O/S): Because there's no conscious effort...

01:23:47:20            DANIEL (CONT'D): to achieve enlightenment without being spoon-fed by the Ori.

01:23:51:03            CARTER: Do the priors know this? I mean, are they complicit?

01:23:54:00            ORLIN: No. They are merely pawns.

01:23:56:10            ORLIN (CONT'D O/S): The more worlds the priors convert...

01:23:58:24            ORLIN (CONT'D): the more powerful the Ori become. They must be stopped.

01:24:03:27            LANDRY: Why don't the Ancients-- Alterans, whatever you call yourselves now...  
   Why don't you stop them?

01:24:10:06            ORLIN: I'm one of them no longer, and even if I was...

01:24:14:01            ORLIN (CONT'D O/S): it is unclear whether such action would result in victory...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:24:17:26 ORLIN (CONT'D): nor is such an endeavor at that level necessarily the next best step to further enlightenment.

01:24:23:04 ORLIN (CONT'D O/S): All I can say for sure is that if this galaxy were to succumb...

01:24:26:27 ORLIN (CONT'D): and bow to the Ori, it would be very bad for everyone.

01:24:41:04 PRIOR #1: You have spread the word of the Ori well, Gerak.

01:24:46:21 GERAK: I believe that their wisdom was worthy of my efforts.

01:24:49:12 PRIOR #1 (O/S): And yet such wisdom still falls...

01:24:52:09 PRIOR #1 (CONT'D): upon deaf ears. A group of unbelievers, Jaffa who would stand against your leadership, and the Ori are meeting as we speak on Chulak.

01:25:05:26 GERAK: True belief cannot be forced upon others.

01:25:08:18 GERAK (CONT'D): The offering of Origin speaks for itself. I believe that, in time, they will come to believe that this is true.

01:25:20:17 PRIOR #1 (O/S): As you have said...

01:25:22:04 PRIOR #1 (CONT'D): the Jaffa are strong-willed. You are a people that understands the nobility of bloodshed, the necessity of sacrifice.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:25:33:26 GERAK: What would you have me do?

01:25:36:21 PRIOR #1: Go to Chulak, mark it as the last place a Jaffa will ever defy the power  
of the Ori...

01:25:43:12 PRIOR #1 (CONT'D O/S): and destroy all those who will not walk the path to  
enlightenment.

01:25:51:02 LANDRY: We're hoping that as long as you're here, you may be able to help us.

01:25:56:00 ORLIN: I no longer possess the power to simply cure this plague as I could have  
as an ascended being. However, with the knowledge I still retain, I  
believe I can...

01:26:05:10 ORLIN (CONT'D): synthesize a cure using your medical technology.

01:26:08:20 CARTER: You built a stargate...

01:26:10:05 CARTER (CONT'D O/S): in my basement

01:26:11:05 CARTER (CONT'D): with spare parts from a toaster.

01:26:12:26 ORLIN: Actually, this'll be a little harder than that.

01:26:31:12 YAT'YIR: Gerak... the battle at Kallana... I lost a cousin there.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:26:38:08           GERAK: Their deaths still haunt me today, but it does not cause me to doubt my decision.

01:26:47:00           YAT'YIR: I have read from the Book of Origin...

01:26:48:23           YAT'YIR (CONT'D O/S): searched for the wisdom you speak so highly of...

01:26:52:05           YAT'YIR (CONT'D): and I do see fables meant to fill a soul bereft of hope with purpose, stories of morality...

01:26:58:25           YAT'YIR (CONT'D O/S): and righteousness.

01:27:00:04           GERAK: And this is not worthy of your respect?

01:27:01:12           YAT'YIR: So are the traditions of the Jaffa. Are we just supposed to abandon all that we are?

01:27:06:05           GERAK: No. But if you are to look real close, you'll find that everything that we want is in here. Everything that we've ever desired is in here.

01:27:39:06           CARTER: How's it going?

01:27:41:01           ORLIN: Basically, I know what I need to make. I just don't have any of the right materials or tools.

01:27:46:22           CARTER: This is the best we have.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:27:49:27 CARTER (CONT'D): I can get you a toaster if you need it.

01:27:52:06 ORLIN: Not unless you're hungry for toast.

01:27:55:18 CARTER: Waffle iron?

01:27:58:12 CARTER (CONT'D O/S): Look, I hate to be pushy...

01:27:59:20 CARTER (CONT'D): but do you have any kind of time frame on this?

01:28:00:22 ORLIN (O/S): Honestly...

01:28:02:03 ORLIN (CONT'D): time from your perspective is not something I'm all that used to dealing with.

01:28:07:00 CARTER: Is there anything I can do?

01:28:08:09 ORLIN: You can keep me company.

01:28:09:20 CARTER: Right.

01:28:12:07 NEWSCASTER (V/O): Hospitals are struggling to cope with an influx...

01:28:16:01 HARRIMAN: Sir, I have Colonel Mitchell on the line for you.

01:28:17:16 NEWSCASTER (V/O): ...may have contracted the virus. As a result, crowded waiting rooms are now serving only to exacerbate an already difficult--

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:28:24:08            LANDRY: Put him on speaker. What've you got, Colonel?

01:28:29:21            MITCHELL: Sir, we have a problem. Looks like one of the people who used the  
                                 gas pump Fisher touched got onto a plane before the quarantine went  
                                 into effect.

01:28:36:28            LANDRY (V/O): To where?

01:28:39:16            MITCHELL: It's bad. He caught a flight to Denver, with connections to Chicago  
                                 and New York.

01:28:45:28            MITCHELL (CONT'D V/O): Sir, I'm afraid we've lost control of the situation.

**END OF ACT THREE**

**ACT FOUR**

01:29:13:27            ORLIN: I have to admit, it's nice being out of that uncomfortable suit for a while. I  
   know I'm vulnerable now as a human, yet I still can't quite get my head  
   around my own frailty.

01:29:24:03            CARTER: Well, you've been at it nearly nine hours straight. You need something  
   to eat.

01:29:28:20            ORLIN (O/S): I am hungry. Maybe it's just me-- it has been a while...

01:29:33:26            ORLIN (CONT'D): since I experienced human senses-- but this food doesn't smell  
   very good.

01:29:39:09            CARTER: That's because it's not very good.

01:29:45:14            ORLIN: I remember eating pretty well the last time I did this.

01:29:49:22            CARTER: This is a one-way trip for you this time, isn't it?

01:29:52:14            CARTER (CONT'D O/S): The others, they're not going to help you ascend again,  
   are they?

01:29:56:00            ORLIN: I don't think so.

01:30:00:20            ORLIN (CONT'D): I know it must be kind of weird, my appearing this young.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:30:04:09           CARTER: A little... but I understand.

01:30:07:23           ORLIN (O/S): My only regret in all this is that human social conventions...

01:30:11:10           ORLIN (CONT'D): preclude us from showing affection the way I wish I could.

01:30:16:26           CARTER: Excuse me?

01:30:18:07           ORLIN: My feelings haven't changed for you since we last saw each other, Sam.  
                              Maybe in a few years--

01:30:23:22           CARTER: Uh...

01:30:24:22           ORLIN (O/S): It's okay. We don't need to talk about it any further. I just wanted  
                              you...

01:30:28:14           ORLIN (CONT'D): to know that taking human form at this age, while necessary,  
                              didn't come easy because of how I knew I would feel being here with you  
                              again.

01:30:44:00           ORLIN (CONT'D): Is it me, or is this food not very good?

01:30:47:20           CARTER: Are you making a joke?

01:30:48:25           ORLIN (O/S): No. It has been a while since I tasted food...

01:30:52:06           ORLIN (CONT'D): but this seems terrible.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:30:55:06            CARTER: We just talked about that.

01:30:56:24            ORLIN (O/S): Oh, right.

01:30:58:00            ORLIN (CONT'D): I'm sorry. I'm used to hearing my own thoughts in my mind, and  
                                 sometimes it's hard to distinguish which ones I say out loud.

01:31:07:28            ORLIN (CONT'D): Did I tell you I still have feelings for you?

01:31:09:22            CARTER: Yes. Thank you. Yeah, we don't need to go into that again.

01:31:23:06            DANIEL: 5,000 confirmed cases of infection. Now, the bulk of those are from the  
                                 Colorado Springs and Denver areas.

01:31:27:07            LANDRY: What about New York and Chicago?

01:31:28:29            DANIEL: 45 new cases have been reported in Utah, 36 in New York, 20 in  
                                 Chicago, and now 20 in San Diego.

01:31:33:22            LAM: The country's in a panic.

01:31:35:07            LANDRY: The President's preparing an address. What the hell happened to JFK  
                                 and Salt Lake? The CDC had the manifests and the names of the flight  
                                 crew.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:31:42:15            DANIEL: And because we moved fast, most of the passengers were quarantined.  
                                 A few still remain unaccounted for. They're doing the best they can to  
                                 track them down now.

01:31:49:05            LAM: We're now hearing about cases in new locations every hour now, as  
                                 opposed to three or four a day.

01:31:55:23            LANDRY: What about casualties?

01:31:56:25            LAM: There are only eight people dead so far. Five of them are SGC personnel.

01:32:00:10            LANDRY: "So far"?

01:32:01:10            LAM: I say "so far" because of the reasonably long incubation period. Again, this  
                                 virus was designed to avoid detection and for maximum spreading  
                                 capability, and we know it's deadly, so with over 5,000...

01:32:11:04            LAM (CONT'D O/S): people infected, and no effective treatment as of yet,

01:32:14:13            LAM (CONT'D): that number of casualties will climb very quickly very soon.

01:32:21:13            LANDRY: Colonels, please tell me something good is happening somewhere.

01:32:25:01            CARTER: Dr. Lee has finished the anti-prior prototype.

01:32:29:18            DANIEL: Of course, without a prior on hand...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:32:31:05            CARTER: It does need to be field-tested, but we think we have a good reason to try it.

01:32:34:10            LANDRY: How's that?

01:32:35:12            CARTER (O/S): Orlin seems to have hit a dead end...

01:32:36:16            CARTER (CONT'D): with his work on a cure. He says there's a vital component missing.

01:32:40:09            LANDRY: I told you, anything he needs...

01:32:42:05            MITCHELL (O/S): What he needs is a...

01:32:43:24            MITCHELL (CONT'D): blood sample from the prior who infected Lieutenant Fisher.

01:32:46:11            CARTER (O/S): Orlin thinks the prior essentially manipulated his own DNA to create the virus.

01:32:52:00            CARTER (CONT'D): It's mutated several times since then, but he still thinks having the root DNA that it was based on may help.

01:32:57:11            LANDRY: You're talking about using an untested technology to try and capture a prior.

01:33:01:12            MITCHELL (O/S): No, not just any prior.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:33:04:20            MITCHELL (CONT'D): The prior who infected Fisher. It was our intel from our friends on the Sodan planet who led us to 885...

01:33:10:03            MITCHELL (CONT'D O/S): in the first place. Apparently, they're expecting the same prior...

01:33:13:00            MITCHELL (CONT'D): back there tomorrow.

01:33:13:28            LANDRY (O/S): And you're sure...

01:33:14:23            LANDRY (CONT'D): they can be trusted? As far as we know, the Sodan are the ones who blew SG-6's cover.

01:33:20:01            MITCHELL: I don't believe that, sir.

01:33:21:21            LANDRY: Seems awful risky, given that Orlin doesn't even sound positive this will help him.

01:33:27:09            DANIEL (O/S): Orlin's attempt to find a cure...

01:33:28:15            DANIEL (CONT'D): might not be the only reason to do this.

01:33:30:13            CARTER: He thinks the priors don't know the truth about the Ori.

01:33:33:09            DANIEL: Maybe if we enlighten them for a change...

01:33:37:07            LANDRY: You want to try and turn this prior?

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:33:39:05            DANIEL: Well, maybe not a complete 180, but he might give us something,  
   especially once he finds out his gods aren't going to ascend him.

01:33:44:21            LANDRY: If he believes you.

01:33:46:11            DANIEL (O/S): We won't know until we try, sir.

01:33:47:26            CARTER: In the meantime, we can at least get a blood sample.

01:33:52:28            MITCHELL: So how does it work? Assuming it actually does...work.

01:33:57:12            LEE: You know, I keep telling myself that one of these days I'm going to do  
   something that actually gets me a little respect--

01:34:02:17            DANIEL: We're all waiting for that day, Bill.

01:34:05:10            CARTER: Theoretically, once activated, the device will emit an omni-directional  
   ultrasonic field.

01:34:09:24            LEE (O/S): And that will prevent a prior from accessing the highly evolved area of  
   his brain...

01:34:14:10            LEE (CONT'D): that gives him the superhuman ability.

01:34:16:07            CARTER (O/S): Of course, we're presuming that the staff weapons the priors...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:34:18:23 CARTER (CONT'D): carry are also mentally activated, and will also be  
neutralized.

01:34:22:20 MITCHELL: And while we're at it, why don't we just assume that I can fly?

01:34:26:07 LEE: Oh, actually, I've been working on a theory--

01:34:27:17 CARTER (O/S): You said yourself it would be risky.

01:34:29:20 MITCHELL: Yeah, yeah, I know. I know I said that, but the more I'm hearing, the  
more it's crossing over into crazy.

01:34:34:28 MITCHELL (CONT'D O/S): Don't get me wrong. I like crazy.

01:34:37:00 MITCHELL (CONT'D): That's why I asked for this job.

01:34:39:00 CARTER: One more thing. There's a range of frequencies programmed into the  
emitter. If one doesn't work at first, try the others.

01:34:57:05 ARON: Even if the Kal'Jok region commits to our cause, we will still be  
outnumbered in ships and armies... nearly six to one.

01:35:04:16 BRA'TAC: Hopefully no shots will ever be fired.

01:35:06:15 ARON: You believe our mere willingness to battle our brothers will force the  
Council to hear us.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:35:10:26 TEAL'C (O/S): The Council...

01:35:11:26 TEAL'C (CONT'D): is lost. It is the hearts and minds of our brothers and sisters  
that will take notice. They must be made aware of the threat the Ori  
pose.

01:35:21:23 BRA'TAC: If he is unarmed, let him enter.

01:35:35:02 TEAL'C: You are not welcome here.

01:35:38:08 GERAk: The powers of the Ori cannot be denied. I have come to beg you to  
cease this madness...

01:35:44:20 GERAk (CONT'D O/S): or be destroyed.

01:35:45:29 TEAL'C: By whose hand?

01:35:47:10 GERAk: My Ha'tak is in orbit above this planet.

01:35:50:04 BRA'TAC: You would murder your brothers and sisters, innocent children, for  
choosing the life of a Free Jaffa?

01:35:55:17 GERAk: You leave me no alternative. You have been warned.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:37:11:13 ORLIN: I think she has enough to deal with right now.

01:37:15:04 CARTER: Orlin, you are our best hope for finding a cure.

01:37:18:03 CARTER (CONT'D O/S): We need you to be okay.

01:37:29:15 YAT'YIR: I have them targeted. Shall I open fire?

01:37:40:01 PRIOR #1: The only true darkness lives in the hearts of those who will not follow  
the path. Otherwise, there is always some measure of light, and where  
there is light, the Ori see all.

01:37:57:24 GERAK: I spared their lives because I believe they will soon see.

01:38:00:18 PRIOR #1: You defied...

01:38:01:20 PRIOR #1 (CONT'D O/S): me! We do not serve the...

01:38:04:02 PRIOR #1 (CONT'D): Ori at our whim.

01:38:05:27 GERAK (O/S): You cannot win...

01:38:07:02 GERAK (CONT'D): the hearts of the Jaffa by needlessly spilling the blood of the  
innocent.

01:38:11:25 PRIOR #1: We are mere mortals. We cannot begin to question those with the  
knowledge and understanding...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:38:17:25 PRIOR #1 (CONT'D O/S): of the infinite universe. If a few Jaffa must give their  
lives so that all Jaffa...

01:38:23:01 PRIOR #1 (CONT'D): from now until the end of time can find true enlightenment,  
then who are you to stand in the way?

01:38:33:02           GERAK: Would you forgive me?

01:38:34:15 PRIOR #1: Ask me not for forgiveness.

01:38:41:02 PRIOR #1 (CONT'D O/S): I sense your doubt, Gerak. But fear not. The Ori...

01:38:47:10 PRIOR #1 (CONT'D): do not require blind obedience. They will show you their power.

01:39:03:08           GERAK: Where are we?

01:39:04:22 PRIOR #1: Your physical form remains on Dakara. The power of the Ori has brought your mind here, to Celestis, City of the Gods.

01:39:16:00 PRIOR #1 (CONT'D): Come.

01:39:48:02 DOCI: Hallowed are the Ori.

01:39:59:04 MITCHELL: Relax, Jackson. I spent two weeks with these guys. You've got nothing to worry about.

01:40:46:23 CARTER (O/S): He said he would...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:40:47:23            CARTER (CONT'D): lose the memories eventually. The human brain isn't meant to hold that much information.

01:40:51:23            LAM: This looks worse than that. It's like the cells are literally dying because they can't handle all the synaptic activity.

01:40:59:02            CARTER: What?

01:41:00:01            LAM (O/S): Hey, this is way...

01:41:01:00            LAM (CONT'D): beyond my experience.

01:41:02:01            CARTER: Still.

01:41:04:00            LAM: As you said, the human brain wasn't supposed to be used this way.

01:41:10:06            LAM (CONT'D)I don't know if it's conscious or not, but it's possible he's trying to hold on to the knowledge.

01:41:14:27            CARTER: And holding on to that much knowledge is causing brain damage.

01:41:30:09            LANDRY: That's right. Have him contact me as soon as he lands. We're tracking a new outbreak in Florida.

01:41:38:04            LANDRY (CONT'D): Walter.

01:41:39:06            HARRIMAN: Sir, we just received a communiqué from the White House.

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:41:44:09 LANDRY: Can I have your attention, please? At last count, we have reports of over 8,000 people infected in 13 states. As a result of these numbers, as of 0800 this morning, the President has ordered that all borders in the United States be closed until further notice. All inbound planes and ships and other traffic will be ordered to divert to alternate destinations. Our country is now entirely under quarantine.

01:42:19:00 TEAL'C: You cannot ratify this proposal until all members of this Council have been heard from. So far, six regional--

01:42:25:24 YAT'YIR: You merely seek to delay the inevitable.

01:42:27:15 KA'LEL: If and when all Jaffa wish to embrace the Ori, then we shall act accordingly.

01:42:33:02 YAT'YIR (O/S): If our brothers refuse to accept...

01:42:35:03 YAT'YIR (CONT'D): Origin into their hearts, then they seal their own fate.

01:42:38:02 YAT'YIR (CONT'D O/S): We cannot turn our backs...

01:42:40:02 YAT'YIR (CONT'D): on our own salvation because of indecisiveness.

01:42:42:11 PRIOR GERAK (O/S): And they will see...

01:42:44:00 PRIOR GERAK (CONT'D): their way to the Path...

**STARGATE SG-1– "The 4<sup>th</sup> Horseman Part 1" – Episode #0909A**

01:42:58:00            PRIOR GERAk (CONT'D): for it is the destiny of all Jaffa to follow Origin.
