STARGATE SG-1 - "Ethon" - Episode #0915

TIMECODE DIALOGUE

START TIMECODE 01:00:00:00 AT FIRST FRAME OF PICTURE

RECAP

01:00:00:10 TEAL'C (V/O): Previously on *Stargate SG-1*...

01:00:02:21 DANIEL: The Rand Protectorate and the Caledonian Federation have been locked
 in a state of cold war for decades.

01:00:10:16 DANIEL: This is insane.

01:00:11:24 JARED: Soren's forces are moving in on this facility. I can get you to the stargate,
 but we have to go now.

01:00:16:10 JARED: I'm not blind, Leda. I know that you and Daniel have grown close during
 his convalescence.

01:00:20:02 LEDA: Jared, it's not what you think.

01:00:20:29 MITCHELL: I've seen entire planets wiped out...

01:00:22:21 MITCHELL (CONT'D): because they refused to follow the Ori.

STARGATE SG-1 - "Ethon" - Episode #0915

01:00:24:16 TASS'AN: If a prior visits your world... leave.

END OF RECAP

STARGATE SG-1 - "Ethon" - Episode #0915

TEASER

01:00:36:05 (ALARM SOUNDING)

01:00:40:01 DANIEL: What's up?

01:00:41:05 HARRIMAN: Incoming wormhole from Tegalus.

01:00:42:16 MITCHELL: A Jared Kane is requesting to be let through. Says he needs to speak to you, and it's urgent.

01:00:47:13 HARRIMAN: On radio.

01:00:49:12 DANIEL (INTO RADIO): Jared, this is Daniel. What's wrong?

01:00:51:09 JARED (V/O OVER RADIO): Dr. Jackson, I have very little time. I've gained access to the stargate without my government's authorization. Please allow me to come through. I am alone and unarmed.

01:01:01:20 MITCHELL: Open the iris.

01:01:06:13 DANIEL: Okay, Jared, it's safe to come through.

01:01:12:07 MITCHELL: Stand down.

01:01:14:28 JARED: Dr. Jackson...

STARGATE SG-1 - "Ethon" - Episode #0915

01:01:16:07 DANIEL: Jared, this is Lt. Col. Cameron Mitchell.

01:01:19:08 MITCHELL: Tegalus... Post-apocalyptic warring superpowers with deep-seated political differences-- that Jared Kane. It's nice to meet you.

01:01:26:05 DANIEL: Your government stopped responding to our communiqués months ago. We'd assumed that you...

01:01:29:23 JARED: Completely destroyed each other? Not quite yet.

01:01:32:10 DANIEL: I was going to say no longer wanted our help, but that'll do.

01:01:35:22 JARED: No, the Rand Protectorate is still struggling to rebuild and defend itself from the Caledonian Federation.

01:01:41:11 DANIEL: Okay, what's so urgent?

01:01:43:00 JARED: Five months ago, a man came through the stargate. He called himself a prior of the Ori.

01:01:47:00 MITCHELL: Here we go.

01:01:49:05 DANIEL: Yes, we're aware of the priors and what they're preaching.

01:01:51:28 JARED (O/S): The prior wasn't just offering us religion. He offered us...

STARGATE SG-1 - "Ethon" - Episode #0915

01:01:53:28 JARED (CONT'D): power. In exchange for our embracing the Ori, he gave our government designs for a weapon that could be launched into orbit...

01:01:59:14 JARED (CONT'D O/S): a satellite capable of giving us total domination over the Caledonians.

01:02:06:15 DANIEL: Okay, assuming your people intend on building this weapon, how long before it's completed?

01:02:10:19 JARED: 24 hours ago, a Caledonian military outpost was completely vaporized in a demonstration. The weapon is already operational.

END OF TEASER

ACT ONE

01:03:43:11 MITCHELL (O/S): How long until your government makes its next move?

01:03:45:28 JARED: Our president has given their leader, Minister Chaska, a deadline of five days. After that, if the Caledonians don't surrender to Rand occupation, they'll be destroyed.

01:03:52:24 DANIEL (O/S): And the prior...

01:03:53:24 DANIEL (CONT'D): instructed you to do this?

01:03:55:10 JARED (O/S): Rand has been in disarray...

01:03:56:18 JARED (CONT'D): since the missile attacks last year. Intelligence reports were filtering in that said the Caledonians were preparing a full-scale ground assault. They were going to invade and attempt to topple what was left of Rand once and for all.

01:04:07:06 MITCHELL: Caledonia wasn't interested in hearing from this prior?

01:04:09:24 JARED: The prior asked our leaders if he could spread his word to the Caledonians as well.

01:04:13:29 DANIEL (O/S): Of course they would never accept anything that Rand...

STARGATE SG-1 - "Ethon" - Episode #0915

01:04:15:19 DANIEL (CONT'D): was already embracing.

01:04:16:29 JARED (O/S): President Nadal explained that to the prior.

01:04:19:20 JARED (CONT'D): He said anyone who didn't accept Origin must be destroyed.

01:04:22:24 MITCHELL: Man, these guys got a bottomless bag of tricks, don't they?

01:04:25:24 DANIEL (O/S): I'm guessing it was also the prior that convinced your people...

01:04:27:21 DANIEL (CONT'D): that having a relationship with us was no longer necessary.

01:04:30:18 JARED (O/S): It was already clear your government...

01:04:32:05 JARED (CONT'D): wasn't going to offer us the type of weapons and technology
this prior was offering us.

01:04:36:13 JARED (CONT'D O/S): You see, we weren't just on the verge of suffering defeat
at the hands of the Caledonians.

01:04:41:26 JARED (CONT'D): We were on the verge of collapsing as a nation, but now, after
what you've told me of these Ori and the priors, I fear that may have
been a better way to go.

01:04:50:14 CARTER: We appreciate your situation, but what exactly do you want from us?

STARGATE SG-1 - "Ethon" - Episode #0915

01:04:54:23 JARED: These are the earliest schematics for the weapon. Unfortunately, they're not complete. The prior gave us step-by-step instructions in stages.

01:05:03:18 MITCHELL: Making sure he kept you under his thumb.

01:05:05:24 JARED (O/S): He said it was so he could make sure each stage was completed properly...

01:05:08:21 JARED (CONT'D): before we moved on to the next. It's the best I could do under the circumstances. Access became restricted soon after some of us in government voiced our disapproval about building the weapon.

01:05:18:13 TEAL'C: You wish us to destroy the weapon.

01:05:20:20 JARED: It's the only chance we have to stop things before they go too far.

01:05:26:20 MITCHELL: Just to be clear...

01:05:28:16 MITCHELL (CONT'D O/S): You're doing this...

01:05:29:16 MITCHELL (CONT'D): to save Caledonians? You don't hate them for bombing your country and killing so many of your people?

01:05:35:08 JARED: I do...

01:05:36:22 JARED (CONT'D O/S): but I refuse to see any more lives...

STARGATE SG-1 - "Ethon" - Episode #0915

01:05:39:18 JARED (CONT'D): be they Rand or Caledonian, senselessly lost...

01:05:43:03 JARED (CONT'D): due to archaic prejudices or religious extremism.

01:05:47:16 JARED (CONT'D): This has to stop.

01:05:49:12 MITCHELL: Would you excuse us for a moment?

01:06:05:17 CARTER: What are we doing?

01:06:06:29 MITCHELL: Talking privately. I'm sure General Landry won't mind. You want the
big chair?

01:06:12:10 CARTER: Not me. I'll sit here.

01:06:14:15 MITCHELL: Sam, he's in Washington.

01:06:15:24 CARTER: Yeah.

01:06:25:08 MITCHELL: Right.

01:06:28:25 DANIEL (O/S): Let me just start this by saying a lot of this is actually our fault.

01:06:32:15 DANIEL (CONT'D): There wouldn't have been a war on Tegalus if we hadn't gone
there in the first place.

STARGATE SG-1 - "Ethon" - Episode #0915

01:06:35:17 MITCHELL (O/S): General O'Neill probably...

01:06:36:17 MITCHELL (CONT'D): said it best-- "The minute we step through the gates, we're sticking our collective noses where they don't belong."

01:06:40:23 CARTER: We did offer to help them rebuild.

01:06:43:28 TEAL'C: An offer they eventually declined.

01:06:46:05 DANIEL: Because they were being influenced by a prior.

01:06:48:20 MITCHELL (O/S): Yeah, and this satellite thing...

01:06:49:24 MITCHELL (CONT'D): takes it to a whole new level. The Ori are now arming their followers.

01:06:53:04 CARTER (O/S): Who says they won't eventually...

01:06:54:04 CARTER (CONT'D): help them build ships capable of attacking other planets?

01:06:57:02 MITCHELL: We need to nip this trend squarely in the bud.

01:06:59:03 DANIEL: So, what, we just fly in there and blow it up?

01:07:02:24 MITCHELL: Yeah.

STARGATE SG-1 - "Ethon" - Episode #0915

01:07:05:17 MITCHELL (CONT'D O/S): Unless...

01:07:06:17 MITCHELL (CONT'D): you have a better idea.

01:07:08:00 DANIEL (O/S): All Tegalans, both Rand and Caledonian alike, deserve...

01:07:10:04 DANIEL (CONT'D): to know the truth. If we tell them what we know, who the Ori
really are, they might be convinced to dismantle this weapon

01:07:16:11 DANIEL (CONT'D O/S): themselves.

01:07:18:24 MITCHELL: You think they'll listen?

01:07:20:00 DANIEL: Let's just propose it to Kane, and see if Rand will hear us out.

01:07:27:20 MITCHELL (V/O): So can we can use these plans to build ourselves...

01:07:31:04 MITCHELL (CONT'D): a satellite weapon? Hey, you've got to ask.

01:07:35:08 CARTER: These plans are incomplete. I mean, it's not even clear what's powering
the weapon.

01:07:38:18 TEAL'C: Kane did say they were early schematics.

01:07:41:02 MITCHELL: So, not useful?

01:07:42:02 CARTER: Well, enough to see...

01:07:43:02 CARTER (CONT'D O/S): that it's not very efficient. For example, these capacitors
take several minutes to store enough power to fire the weapon, and
then...

01:07:51:10 CARTER (CONT'D): again before it can repeat.

01:07:53:24 MITCHELL: Wow, you'd think an Ori weapon would be more advanced.

01:07:56:19 CARTER (O/S): The Ori may have designed it for them...

01:07:57:22 CARTER (CONT'D): but Rand still had to build it using the resources and
technology at their disposal. Now, remember that it wouldn't take much
by our standards to give Rand vast military superiority over Caledonia.

01:08:08:07 TEAL'C: Then it can be easily destroyed.

01:08:10:16 CARTER: If these plans are an accurate indication.

01:08:12:21 MITCHELL (O/S): Right.

01:08:14:02 MITCHELL (CONT'D): So we'll take Prometheus for this.

STARGATE SG-1 - "Ethon" - Episode #0915

01:08:15:18 CARTER: Shouldn't be a problem. The satellite appears to be a predominantly offensive weapon.

01:08:20:22 MITCHELL: No defenses?

01:08:21:27 CARTER: Well, it stands to reason.

01:08:23:16 CARTER (CONT'D O/S): Rand knows...

01:08:25:07 CARTER (CONT'D): that Caledonia has nothing even close to capable of reaching orbit. Although, there do appear to be sensors built into the targeting system, so our approach may be detected.

01:08:34:19 TEAL'C: The Prometheus is protected by Asgard shield technology.

01:08:37:28 CARTER (O/S): Exactly.

01:08:39:01 CARTER (CONT'D): Now, as I said, even if they do see us coming, the weapon will take a few minutes to charge up. We should be able to emerge from hyperspace and take a shot at it before it can respond. If, for any reason, it doesn't go well, we jump back into hyperspace.

01:08:57:15 JARED: Anything yet?

01:08:58:24 DANIEL: Give them some time. They seemed shocked that you were here.

STARGATE SG-1 - "Ethon" - Episode #0915

01:09:04:00 JARED: I'm sure they were.

01:09:11:20 DANIEL: You don't think they'll listen to us?

01:09:15:26 JARED: Our people suffered greatly after the war. They needed to believe there
was a reason for what was happening to them.

01:09:24:06 DANIEL: And the prior provided that.

01:09:25:19 JARED (O/S): He said our suffering...

01:09:26:24 JARED (CONT'D): was a test to see who was worthy.

01:09:31:14 DANIEL: Well, if it makes you feel any better, your planet's not alone.

01:09:39:00 DANIEL (CONT'D): Kane, I-I have to ask. Leda?

01:09:49:05 JARED: Five months ago, while Rand was deciding whether to accept Origin or
not, a disease swept through the country.

01:09:58:08 JARED (CONT'D): Thousands became deathly ill. The prior said those who
believed and embraced the Ori would be cured.

01:10:08:25 JARED (CONT'D O/S): That's when people everywhere began accepting them as
gods.

STARGATE SG-1 - "Ethon" - Episode #0915

01:10:13:08 JARED (CONT'D): We watched...so many barter away their beliefs in exchange for their lives.

01:10:25:00 JARED (CONT'D): But, Leda-- she... she refused to accept it.

01:10:32:24 DANIEL: I am sorry.

01:10:39:15 HARRIMAN: Dr. Jackson. We just received a communiqué from the Rand government.

01:10:47:25 DANIEL: They want to talk.

01:10:55:10 DANIEL: This isn't exactly what I had in mind.

01:10:58:08 JARED: What happens if your people don't hear from us?

01:11:01:20 DANIEL (O/S): I told them to proceed...

01:11:03:06 DANIEL (CONT'D): with destroying the weapon.

01:11:05:15 (CORRIDOR DOOR CREAKS OPEN)

01:11:19:05 JARED: President Nadal.

01:11:21:00 NADAL: Senator Kane.

STARGATE SG-1 - "Ethon" - Episode #0915

01:11:23:01 JARED: This is Dr. Daniel Jackson.

01:11:25:02 NADAL: I know who he is.

01:11:26:22 DANIEL (O/S): I'm here representing Earth...

01:11:27:25 DANIEL (CONT'D): on a diplomatic mission.

01:11:29:15 NADAL: I am here to officially inform you, Jared Kane, you are under arrest for
treason.

01:11:34:13 DANIEL (O/S): Excuse me?

01:11:36:11 DANIEL (CONT'D): You allowed us to come here under false pretenses?

01:11:38:05 NADAL (O/S): Dr. Daniel Jackson...

01:11:39:15 NADAL (CONT'D): your government has knowingly harbored a felon. As well, it
seems they are in possession of top-secret...

01:11:44:18 NADAL (CONT'D O/S): documents vital to the security of this country.

01:11:47:08 NADAL (CONT'D): As of now, you are both considered enemies of the state and
will be detained until trial...

STARGATE SG-1 - "Ethon" - Episode #0915

01:11:52:21 NADAL (CONT'D O/S): can be set.

END OF ACT ONE

ACT TWO

01:12:26:04 MARKS: Approaching the planet, sir.

01:12:27:25 PENDERGAST: Prepare to lock on Dr. Jackson's locator beacon the moment we
 drop out of hyperspace.

01:12:31:24 COM OFFICER: Yes, sir.

01:12:33:08 DANIEL: I guess I can assume that any kind of trial...

01:12:36:25 DANIEL (CONT'D O/S): will be rigged?

01:12:39:20 JARED: Honestly, we'll be lucky to get that far.

01:12:42:18 JARED (CONT'D O/S): President Nadal has been paranoid about Caledonian
 spies...

01:12:45:15 JARED (CONT'D): for some time now. Because I betrayed him this way, he may
 assume I'm also part of that network.

01:12:52:28 DANIEL: Great. I don't suppose your country has any laws against torture?

01:12:56:15 JARED: No.

01:12:58:09 (DOOR OPENING)

STARGATE SG-1 - "Ethon" - Episode #0915

01:13:05:00 PERNAUX: I applaud your courage, Kane.

01:13:07:05 JARED (O/S): Commander Pernaux...

01:13:08:10 JARED (CONT'D): Dr. Jackson. Dr. Jackson--

01:13:09:12 DANIEL: Yeah, I got it.

01:13:10:19 PERNAUX: What I don't understand is why you came back.

01:13:13:10 JARED: Dr. Jackson and I thought there were some things the Rand people
needed to know.

01:13:18:06 PERNAUX: The only thing I need to know are the names of those among us who
are working for the Caledonians.

01:13:22:22 JARED (O/S): Just because I went to Earth for help...

01:13:24:11 JARED (CONT'D): doesn't mean I've also given information to the Caledonians or
know who might have.

01:13:28:01 PERNAUX: Earth is responsible for our current state of affairs. Turning to them is
an act of a desperate man.

STARGATE SG-1 - "Ethon" - Episode #0915

01:13:33:10 DANIEL: Kane turned to us in the hopes of preventing you from making a catastrophic mistake. The priors are not telling you everything about the Ori.

01:13:39:29 DANIEL (CONT'D O/S): You need to hear me out before you use...

01:13:41:18 DANIEL (CONT'D): that weapon to wipe out the Caledonians.

01:13:43:14 PERNAUX: So you admit, you sympathize with Caledonia?

01:13:46:13 JARED: That's not what he's saying.

01:13:48:21 PERNAUX (O/S): How the next few days unfold is entirely up to you.

01:13:51:26 PERNAUX (CONT'D): But until I find out who else is working with you, I guarantee neither of you will know a moment's peace.

01:14:15:19 COM OFFICER: I have a signal from Dr. Jackson's locator beacon.

01:14:17:26 PENDERGAST: Beam him directly onto the bridge.

01:14:27:00 MITCHELL: I take it this means things aren't going so well.

01:14:29:23 CARTER: Coupled with the fact that we haven't heard from him since he left two days ago...

STARGATE SG-1 - "Ethon" - Episode #0915

01:14:34:21 MARKS: We have located the satellite.

01:14:35:22 PENDERGAST (O/S): Lock on target.

01:14:37:02 TEAL'C (O/S): This will be perceived as an act...

01:14:38:16 TEAL'C (CONT'D): of aggression against Rand.

01:14:39:23 CARTER (O/S): We could be risking any chance...

01:14:41:29 CARTER (CONT'D): of negotiating for Daniel's safe return.

01:14:46:20 (ALARM SOUNDING)

01:14:49:10 NADAL: Commander.

01:14:51:11 PERNAUX: Mr. President. The satellite's sensors have detected a ship closing on
its position.

01:14:57:11 COM OFFICER: Target has been acquired, sir.

01:14:59:01 PENDERGAST (O/S): We've got the satellite dead to rights.

01:15:00:29 PENDERGAST (CONT'D): We can hail them and ask for Dr. Jackson in
exchange.

STARGATE SG-1 - "Ethon" - Episode #0915

01:15:33:21 (ALARM SOUNDING)

01:15:39:26 MITCHELL: Do it.

01:15:41:15 PENDERGAST: Fire.

01:15:42:23 COM OFFICER: Firing missiles.

01:15:51:00 COM OFFICER: Missiles detonated prior to impact. Target remains intact, sir.

01:15:54:18 CARTER (O/S): It looks like it's being protected by a shield.

01:15:57:03 CARTER (CONT'D): Defensive capabilities must have been added.

01:16:01:05 PENDERGAST: Okay, now what?

01:16:07:07 RAND TECH: Shields are holding.

01:16:08:22 PERNAUX: Recommend firing a warning shot.

01:16:10:24 NADAL: We have been attacked, Commander. We must respond in kind. Target
the ship.

01:16:19:26 RAND TECH: The Earth vessel has been targeted. Weapon's primed and ready.

01:16:23:10 PERNAUX: Fire.

STARGATE SG-1 - "Ethon" - Episode #0915

01:16:31:00 (EXPLOSION)

01:16:31:07 PENDERGAST (O/S): Evasive maneuvers, full military thrust. Return fire with forward rail guns.

01:16:35:26 COM OFFICER: Sublight engines aren't responding!

01:16:37:05 MARKS: Weapons are down! We've lost hull integrity and life support...

01:16:39:20 MARKS (CONT'D O/S): on decks three through seven.

01:16:40:22 PENDERGAST (O/S): Seal them off!

01:16:42:05 MITCHELL: That blast cut through our shields at full strength.

01:16:44:14 CARTER: I know. I don't understand how.

01:16:46:00 COM OFFICER: Sensors detect that the weapon is recharging.

01:16:48:17 MITCHELL: We've only got minutes.

01:16:49:24 PENDERGAST: Hyperdrive status?

01:16:51:02 COM OFFICER: Hyperdrive is offline.

STARGATE SG-1 - "Ethon" - Episode #0915

01:16:52:05 CARTER: Hull integrity is too unstable.

01:16:54:00 MARKS: Medical teams reporting four casualties, eight crew members still unaccounted for.

01:16:57:05 MITCHELL: That thing can only fire at one target at a time.

01:16:59:10 PENDERGAST: Go. Scramble Blue Squadron.

01:17:01:13 MITCHELL: We'll see if we can do some damage in close.

01:17:05:15 MAN (O/S): Go, go!

01:17:15:17 PERNAUX (O/S): Tracking multiple smaller ships attacking the satellite.

01:17:19:08 PERNAUX (CONT'D): The shield is holding.

01:17:20:13 NADAL: By the grace of the gods.

01:17:22:28 RAND TECH: 30 seconds till weapon is primed and ready.

01:17:24:24 NADAL: Target the large vessel again.

01:17:38:00 F302 PILOT (V/O OVER RADIO): It's no use, Blue Leader. We're not getting through.

STARGATE SG-1 - "Ethon" - Episode #0915

01:17:41:21 MITCHELL (INTO RADIO): Keep at it, boys.

01:17:51:20 PENDERGAST: Lieutenant, I need sublight engines now.

01:17:54:08 COM OFFICER: I'm trying, sir. Auxiliary systems aren't kicking in.

01:17:57:12 CARTER: They can't. The two main power relays have been damaged.

01:18:00:22 PENDERGAST: Can it be repaired?

01:18:02:06 CARTER: We need to re-route power through the bypass conduits. Here. We
should get limited sublight capability back.

01:18:09:05 PENDERGAST: Marks, you're with Colonel Carter. Go.

01:18:16:05 CARTER: We need to get up two levels.

01:18:21:16 CARTER (CONT'D): Captain! The elevator's not safe!

01:18:24:20 MARKS: Right... Sorry. I don't know what I was thinking.

01:18:30:06 PENDERGAST: Shields?

01:18:31:28 COM OFFICER: Forward shields at 40%.

01:18:33:05 PENDERGAST: Divert all shield power to forward generators.

01:18:34:28 COM OFFICER: Sir, sensors indicate that the weapon is reaching maximum power.

01:18:38:13 PENDERGAST (INTO RADIO): All hands, brace for impact!

01:18:41:11 MITCHELL (INTO RADIO): This damn thing's shield is not weakening.

01:18:47:20 (EXPLOSION)

01:19:02:12 CARTER (O/S): I've got you.

01:19:09:14 CARTER (CONT'D): Are you all right?

01:19:11:10 MARKS: My arm...

01:19:13:28 CARTER (INTO RADIO): Bridge, this is Carter. Can you beam us up to Auxiliary Control Room Two?

01:19:18:13 COM OFFICER (INTO RADIO): Negative, Colonel. Control room no longer has life support.

01:19:22:29 PERNAUX: The large vessel appears to be disabled. Shall I broadcast a call for surrender?

01:19:28:17 NADAL (O/S): The Book of Origin tells us...

STARGATE SG-1 - "Ethon" - Episode #0915

01:19:29:23 NADAL (CONT'D): that enemies of the Ori show no mercy in their attempts to
 draw us away from the Path. We must face this attack with all the
 strength we have been given. Finish them.

END OF ACT TWO

ACT THREE

01:20:00:15 MITCHELL (INTO RADIO): Prometheus, this is Blue Leader. Request status report.

01:20:03:28 PENDERGAST (INTO RADIO): Not too good right now, Blue Leader.

01:20:05:25 MITCHELL (V/O OVER RADIO): Can we assist?

01:20:07:16 PENDERGAST (INTO RADIO): Negative, Blue Leader, negative. Docking bays are too unstable for safe return.

01:20:11:16 PENDERGAST (CONT'D V/O OVER RADIO): Stand by for orders.

01:20:12:28 MITCHELL (INTO RADIO): Roger that.

01:20:14:08 CARTER (V/O OVER RADIO): Bridge, this is Carter. We need deck 15 unsealed.

01:20:17:17 PENDERGAST: Unseal it if you can.

01:20:23:05 CARTER (CONT'D): If the aft power control panel is still intact, we should be able to rig the Naquadah generator and re-route power to sublight propulsion.

01:20:29:20 PENDERGAST (V/O OVER RADIO): You've got about two minutes, Colonel.

01:20:31:04 CARTER (INTO RADIO): It's not enough time, sir.

STARGATE SG-1 - "Ethon" - Episode #0915

01:20:34:18 PENDERGAST: Open a channel, broadcast on all frequencies.

01:20:37:07 COM OFFICER: Yes, sir.

01:20:39:13 PENDERGAST (INTO RADIO): This is Colonel Lionel Pendergast of the Earth vessel Prometheus calling the Rand Protectorate. Your attack on our vessel has severely damaged our engines and rendered our weapons systems inoperable. We are willing negotiate the terms of our surrender.

01:20:54:02 PENDERGAST (CONT'D V/O OVER RADIO): Rand Protectorate, this is the Earth vessel Prometheus. We wish to negotiate our surrender. Repeat, we wish to negotiate our surrender.

01:21:05:05 CARTER: Okay, fire it up.

01:21:06:16 MARKS: Don't we need to test the power flow?

01:21:07:28 CARTER: No time.

01:21:08:28 MARKS: But...

01:21:09:18 CARTER: I know! Do it.

STARGATE SG-1 - "Ethon" - Episode #0915

- 01:21:15:10 MITCHELL (INTO RADIO): All right, this is useless. Blue Squadron, this is Blue Leader. Break off the attack and scramble formation between the Prometheus and the weapon. Maybe one of us will get lucky and take a portion of the next shot.
- 01:21:27:16 TEAL'C (INTO RADIO): I would not consider that lucky, Colonel Mitchell.
- 01:21:29:26 MITCHELL (INTO RADIO): Well, it could be for anybody aboard Prometheus.
- 01:21:34:13 NADAL (V/O OVER RADIO): This is President Nadal of the Rand Protectorate addressing the Earth Vessel. Please explain your brazen act of aggression against our nation.
- 01:21:44:08 PENDERGAST (V/O OVER RADIO): Our actions have been misconstrued as hostile. We are here to investigate why an emissary we sent to your planet, Dr. Daniel Jackson, has ceased all communications with us.
- 01:21:54:25 NADAL (INTO RADIO): And yet your first act upon entering our planet's space was to fire on our defense satellite.
- 01:22:00:13 PENDERGAST (INTO RADIO): But we detected that your satellite was powering up and aiming at us, which we took to be the first act of aggression.
- 01:22:06:05 PENDERGAST (CONT'D V/O OVER RADIO): We merely responded in kind. Now... we are no longer a threat to you. I have people aboard this vessel who are in need of medical attention, and I am venting atmosphere.

STARGATE SG-1 - "Ethon" - Episode #0915

01:22:19:06 PENDERGAST (CONT'D INTO RADIO): Please, consider our request for
surrender.

01:22:27:15 PENDERGAST (CONT'D): Keep your fingers crossed.

01:22:29:27 NADAL: Your planet sent this ship to attack us.

01:22:33:11 NADAL (CONT'D O/S): I have no desire to take more lives.

01:22:36:07 NADAL (CONT'D): You tell us what we want to know, I will accept their surrender.

01:22:40:26 PERNAUX (O/S): Who else was involved in this attack?

01:22:43:06 PERNAUX (CONT'D): What other actions are the Caledonians planning?

01:22:45:17 DANIEL (O/S): We're not spies. I came here to convince your people...

01:22:48:21 DANIEL (CONT'D): to dismantle this weapon yourselves before any of this
became necessary.

01:22:51:08 NADAL (O/S): Why would we do that?

01:22:53:10 DANIEL: I have tried to explain.

01:22:55:17 PERNAUX: Who helped you gain access to the stargate?

STARGATE SG-1 - "Ethon" - Episode #0915

01:22:57:02 JARED: I acted alone.

01:22:58:12 NADAL: You are lying. You are part of a spy network helping to supply the
Caledonians with classified information.

01:23:05:26 DANIEL: Did you ever think that maybe the Caledonians are being leaked
information because not everyone in your country agrees with what
you're doing?

01:23:11:13 RAND TECH (O/S): The weapon is charged.

01:23:12:27 DANIEL (O/S): Wait! Please. Just...

01:23:13:20 DANIEL (CONT'D): listen to me before you go murdering defenseless people.

01:23:16:14 NADAL: We are the ones defending ourselves. Your ship attacked us.

01:23:23:05 COM OFFICER: Sensors detect the weapon is fully charged.

01:23:25:26 PENDERGAST (INTO RADIO): Colonel Carter, I need good news now.

01:23:28:01 CARTER (V/O OVER RADIO): A couple of more minutes.

STARGATE SG-1 - "Ethon" - Episode #0915

01:23:29:01 PENDERGAST (INTO RADIO): We don't have it, Sam. I'm sorry. It's over. Give me as much power as you can. Re-route it from the shields, and get me all functioning internal Asgard beam sensors back online.

01:23:37:02 CARTER (V/O OVER RADIO): Sir?

01:23:38:02 PENDERGAST (INTO RADIO): We're abandoning ship.

01:23:39:12 PENDERGAST: Begin the evacuation orders. I want all personnel to beam down to the planet's surface. Find me a nice open field anywhere in Caledonia.

01:23:46:02 COM OFFICER: Yes, sir.

01:23:47:09 PENDERGAST (INTO RADIO): And broadcast the locations of all the active sensor sites. This is the Prometheus to all F302s. We have begun our evacuation.

01:23:54:07 PENDERGAST (CONT'D V/O OVER RADIO): I advise you to get clear of the ship and meet us at the rendezvous coordinates on the planet.

01:23:58:08 MITCHELL (INTO RADIO): Affirmative, Prometheus.

01:24:04:15 PENDERGAST (O/S): I'll handle all the final...

01:24:06:16 PENDERGAST (CONT'D): transport commands. Everyone else is to report to the nearest beam-out site.

STARGATE SG-1 - "Ethon" - Episode #0915

01:24:11:20 PENDERGAST (CONT'D): Let's go, people! That's an order. Move!

01:24:13:25 COM OFFICER: Sir--

01:24:14:25 PENDERGAST: Get out of here. Get out of here.

01:24:24:00 CARTER: Go. If I don't finish tying this in, we'll run out of power before everyone
can...

01:24:28:12 CARTER (CONT'D O/S): be beamed off.

01:24:30:17 CARTER (CONT'D): Go.

01:24:43:29 NADAL: We must not fail the gods. We must embrace our destiny. Fire the
weapon.

01:24:48:26 DANIEL: Wait!

01:24:49:11 JARED: No!

01:24:58:00 (EXPLOSION)

01:25:23:20 MITCHELL: Aw, hell.

STARGATE SG-1 - "Ethon" - Episode #0915

01:25:35:19 RAND TECH: The Earth vessel has been destroyed.

END OF ACT THREE

ACT FOUR

01:26:14:28 PERNAUX: The loss of your people is regrettable,

01:26:17:29 PERNAUX (CONT'D O/S): but your planet and the Caledonians must know our
resolve.

01:26:21:18 JARED: You know full well the Caledonians...

01:26:23:01 JARED (CONT'D O/S): would rather sacrifice themselves than submit. You'll be
forced...

01:26:28:23 JARED (CONT'D): to commit genocide and destroy them.

01:26:30:18 PERNAUX (O/S): A year ago, they launched a first strike...

01:26:32:21 PERNAUX (CONT'D): against us. They obviously had no problem with doing the
same.

01:26:36:10 JARED: When does it stop? When do we stop killing each other over wars started
by our fathers and their fathers before them?

01:26:43:18 PERNAUX (O/S): This is no longer...

01:26:44:28 PERNAUX (CONT'D) about Rand or Caledonia.

STARGATE SG-1 - "Ethon" - Episode #0915

01:26:46:27 JARED (O/S): It is.

01:26:48:01 JARED (CONT'D): We need to set aside our differences and fight the threat of the Ori together. Goran, how long have we known each other?

01:26:57:18 JARED (CONT'D): Please... believe what Dr. Jackson has told you about them.

01:27:03:15 PERNAUX: With my own eyes, I saw the prior bring the satellite to life merely by touching it with his staff.

01:27:10:16 PERNAUX (CONT'D O/S): Neither Rand nor Caledonia have the technology...

01:27:13:25 PERNAUX (CONT'D): capable of resisting such power.

01:27:16:15 PERNAUX (CONT'D O/S): What choice do we have?

01:27:18:25 DANIEL: Uh, look... I can't make you any promises, but we have already developed a machine that neutralizes the priors' powers.

01:27:26:05 DANIEL (CONT'D O/S): Now, as far as we know, they've only been able to travel within our galaxy by use of the stargate, and you can either bury your gate...

01:27:31:23 DANIEL (CONT'D): or we can teach you to build an iris system like ours.

01:27:34:01 JARED (O/S): Nadal has lost...

01:27:35:01 JARED (CONT'D): all sense of reason. The Book of Origin is just one big lie meant to seduce us into meaningless worship.

01:27:42:10 JARED (CONT'D O/S): The Ori just want to use us...

01:27:46:02 JARED (CONT'D): and killing in their name is not self-defense. It's murder.

01:27:59:05 CHASKA: We were monitoring the entire exchange. To our knowledge, 76 crew were recovered in Caledonian territory.

01:28:06:15 MITCHELL: There were over 115 people aboard that ship.

01:28:09:02 CHASKA: Do you have any sort of a manifest, a list of names we can compare to those recovered?

01:28:14:13 MITCHELL: Not on me, no. So where are our people?

01:28:18:07 CHASKA: The transport arrived moments ago.

01:28:22:04 CARTER: Teal'c, Cameron.

01:28:23:22 MITCHELL (O/S): Sam! You are a sight

01:28:25:25 MITCHELL (CONT'D): for sore eyes.

STARGATE SG-1 - "Ethon" - Episode #0915

01:28:29:23 TEAL'C: It is good to see you alive, Colonel Carter. We feared the worst.

01:28:34:27 MITCHELL (O/S): Where's Pendergast?

01:28:37:10 CARTER: He wasn't with us.

01:28:38:22 CHASKA (O/S): Our security forces did extensive sweeps of the area where you appeared.

01:28:44:08 CHASKA (CONT'D): No other survivors were found.

01:28:49:10 MITCHELL: This is Minister Chaska, leader of the Caledonian Federation.

01:28:53:24 CHASKA: I am thankful you survived such a tragic event, Colonel. I hope we can offer you and your crew some comfort here.

01:28:59:12 MITCHELL: She's pretty much up to speed on what's going on.

01:29:02:08 CHASKA (O/S): We were, of course, praying for...

01:29:04:21 CHASKA (CONT'D): your success, but with the destruction of your vessel, I fear that any hope for a peaceful solution to this crisis has been lost.

01:29:11:19 TEAL'C (O/S): And you will not...

01:29:12:19 TEAL'C (CONT'D): surrender?

STARGATE SG-1 - "Ethon" - Episode #0915

01:29:14:02 CHASKA: Our people would rather die than live under Rand rule.

01:29:16:29 CHASKA (CONT'D O/S): We will retaliate against any attack with the full forces...

01:29:21:20 CHASKA (CONT'D): at our disposal.

01:29:29:00 CARTER: Any word?

01:29:29:11 MITCHELL: Nothing.

01:29:30:15 TEAL'C: The Rand government continues to deny any knowledge of Daniel Jackson's existence.

01:29:34:17 CHASKA: Our contacts tell us he was seen alive in the Rand command bunker during the exchange with your ship. He has not been seen since.

01:29:40:01 MITCHELL: Any progress here?

01:29:42:06 CARTER (O/S): Well, these satellite schematics are far more detailed than...

01:29:45:14 CARTER (CONT'D): the ones Kane provided. As we saw firsthand, shields were added...

01:29:49:00 CARTER (CONT'D O/S): late in the design process. I'm still...

STARGATE SG-1 - "Ethon" - Episode #0915

01:29:51:19 CARTER (CONT'D): not sure what's powering it or how it was able to penetrate our Asgard-designed shields, but there is one bit of good news. According to this, all commands for the satellite originate): from Rand's main...

01:30:03:08 CARTER (CONT'D O/S): control facility, and maintaining a shield around the satellite...

01:30:05:21 CARTER (CONT'D): is a huge power drain, so it's only activated when a threat is detected.

01:30:09:29 MITCHELL: Are you saying the Prometheus was destroyed because we hesitated to fire when we dropped out of hyperspace?

01:30:15:06 TEAL'C (O/S): We hesitated out of concern...

01:30:16:15 TEAL'C (CONT'D): for the safe return of Daniel Jackson.

01:30:18:02 CARTER (O/S): We also hesitated to leave...

01:30:19:12 CARTER (CONT'D): once our weapons were ineffective.

01:30:21:15 TEAL'C (O/S): However, it seems that you are saying...

01:30:22:25 TEAL'C (CONT'D): if we were to destroy the Rand control facility, the weapon itself would become vulnerable to attack.

STARGATE SG-1 - "Ethon" - Episode #0915

01:30:27:19 MITCHELL (O/S): Then we could take a 302 back up there...

01:30:29:09 MITCHELL (CONT'D): and finish the job.

01:30:30:28 CHASKA (O/S): No, the Rand facility...

01:30:32:04 CHASKA (CONT'D): is part of an underground bunker complex that was strong enough to survive our last missile attack. Since then, Rand has developed an early-warning radar system and anti-missile defenses.

01:30:42:21 MITCHELL: Wait up. What about sabotage? You said you had people on the inside.

01:30:46:22 CHASKA: Our agents have already made several attempts, but security is too tight for them to mount any sort of effective strike.

01:30:52:25 CARTER (O/S): Actually, we don't have to hit the bunker itself to knock out...

01:30:55:24 CARTER (CONT'D): satellite control. If we can sever the link between the facility and the weapon, even temporarily...

01:31:01:22 MITCHELL: You're talking about an E.M. pulse.

01:31:04:05 CARTER (O/S): Even a small one detonated in the atmosphere above the facility...

STARGATE SG-1 - "Ethon" - Episode #0915

01:31:07:11 CARTER (CONT'D): should interfere with their ability to control the satellite.

01:31:09:26 CHASKA: E.M. pulse?

01:31:11:10 MITCHELL (O/S): It would disable...

01:31:12:17 MITCHELL (CONT'D): their electronic devices. They'd be totally blind.

01:31:14:19 CARTER: For a short time.

01:31:15:22 CHASKA: You possess such technology?

01:31:19:14 MITCHELL: You wouldn't have suggested it if you didn't have something in mind.

01:31:22:14 CARTER: Well, like most discoveries, it was a bit of an accident. After the battle with Anubis' fleet over Antarctica, small random E.M. fields were detected by Prometheus during the cleanup. It took us a while to figure out.

01:31:34:03 MITCHELL: Are you going to tell me that an F302 gives off an E.M. pulse when it blows up?

01:31:40:01 CARTER: It was one of the things I was working on at Area 51.

STARGATE SG-1 - "Ethon" - Episode #0915

01:31:42:18 CARTER (CONT'D O/S): We think it has something to do with a concussive force interfering with the artificial...

01:31:46:26 CARTER (CONT'D): gravity field generated by the inertial dampeners.

01:31:49:08 MITCHELL: So how do we remote-fly a 302 over there and blow it up?

01:31:53:07 CARTER (O/S): We don't have to.

01:31:54:19 CARTER (CONT'D): All we have to do is harvest the inertial dampener and rig it to one of the Caledonian missiles.

01:31:58:23 CHASKA: What about their anti-missile defenses?

01:32:01:00 CARTER: We can use that same 302's radar-jamming technology to make your missile invisible to Rand.

01:32:06:06 CHASKA (O/S): Still, if this does not work as you are planning, it will be...

01:32:09:16 CHASKA (CONT'D): seen as an offensive against Rand. President Nadal will surely respond by stepping up the deadline for our surrender, and he'll use the satellite weapon against us.

01:32:21:05 CARTER: This will work.

STARGATE SG-1 - "Ethon" - Episode #0915

01:32:32:13 JARED: I don't know what to say... how to take it all back. I shouldn't have come to you.

01:32:40:21 DANIEL: Look, right now, I just have to believe there are survivors.

01:32:43:01 JARED: You think that's really possible?

01:32:44:16 DANIEL: The Prometheus has beaming technology.

01:32:47:16 JARED: Had beaming technology, whatever that is.

01:32:50:16 DANIEL: The bottom line is, we can't lose focus of why we came back here in the first place. There has to be a way out of this, and I got the feeling Pernaux was listening to us.

01:32:58:17 JARED: Daniel...

01:33:00:06 DANIEL: I know the history between Caledonia and Rand makes things seem impossible, but sometimes, an outside perspective helps. In the past, I've found the key to these types of disputes is to get both parties on equal footing, just to get the process...

01:33:12:08 DANIEL (CONT'D O/S): of talking with each other going again.

01:33:13:28 JARED: Do you ever give up?

STARGATE SG-1 - "Ethon" - Episode #0915

01:33:15:02 DANIEL: Not until I'm dead. And sometimes, not even then.

01:33:22:25 NADAL: Intelligence is reporting visual confirmation of a missile launch from
Caledonia.

01:33:27:09 RAND TECH (O/S): Early-warning systems...

01:33:29:00 RAND TECH (CONT'D): detect no missile entering our airspace.

01:33:31:05 PERNAUX: One missile?

01:33:32:09 NADAL: So it seems.

01:33:33:15 PERNAUX: Possibly a test, then?

01:33:34:18 NADAL: They are not going to surrender.

01:33:37:12 NADAL (CONT'D O/S): They are preparing...

01:33:39:22 NADAL (CONT'D): to launch a preemptive first strike given the Earth attack on the
satellite has failed.

01:33:43:13 PERNAUX: You don't know that. They still have two days until the deadline.

01:33:46:20 NADAL: Get me Minister Chaska.

STARGATE SG-1 - "Ethon" - Episode #0915

01:33:52:25 MINISTER'S AIDE: President Nadal is on line for you, ma'am.

01:33:57:10 CARTER: Doesn't look like they've employed countermeasures.

01:33:59:23 CARTER (CONT'D O/S): The radar jamming is working.

01:34:02:02 CHASKA (O/S): The timing is too coincidental.

01:34:03:28 CHASKA (CONT'D): I suspect he has spies who witnessed the launch.

01:34:06:17 CARTER: You need to stall, or else they'll activate the satellite shield out of sheer
paranoia.

01:34:12:19 CHASKA: Patch him through.

01:34:17:10 CHASKA (CONT'D INTO RADIO): President Nadal, this is Minister Chaska. Mr.
President, if you are calling about the recent missile launch, please
forgive me. I should have called you immediately.

01:34:26:08 CHASKA (CONT'D V/O OVER RADIO): The launch was entirely accidental. It
seems there was some confusion when new launch protocol codes were
distributed recently. Obviously, the payload was detonated as soon as
we realized what had happened.

01:34:38:15 CHASKA (CONT'D INTO RADIO): Needless to say, everyone here is a little on
edge as of late, but, thankfully, we have...

STARGATE SG-1 - "Ethon" - Episode #0915

01:34:44:16 CHASKA (CONT'D O/S INTO RADIO): ample precautions in place to prevent such an occurrence...

01:34:47:03 CHASKA (CONT'D INTO RADIO): from being a serious threat.

01:34:48:21 NADAL (V/O OVER RADIO): Indeed. Minister Chaska, while your military's incompetence does concern me, the reason I am calling is to discuss the impending deadline.

01:35:00:19 CHASKA (INTO RADIO): I see. Our government is still in the process of debating its options.

01:35:06:29 CHASKA (CONT'D V/O OVER RADIO): As promised, we will give you an answer by the designated deadline.

01:35:11:12 NADAL (INTO RADIO): I am sorry the decision has not been easier for you. We shall talk again soon.

01:35:19:29 MITCHELL (INTO RADIO): Air Command, this is Blue Leader. We are wheels up.

01:35:24:02 CARTER (V/O OVER RADIO): Roger that. Package is on its way.

01:35:26:12 CARTER (CONT'D INTO RADIO): We are 30 seconds from detonation over target.

STARGATE SG-1 - "Ethon" - Episode #0915

01:35:30:00 CARTER (CONT'D): Nice job.

01:35:33:00 CHASKA: He didn't believe a word of it.

01:35:37:19 PERNAUX: We're getting a report from coastal monitoring base four. May be
visual of an incoming missile.

01:35:43:22 NADAL: Why isn't it showing up on our radar?

01:35:45:22 RAND TECH: Sir, satellite sensors are detecting...

01:35:47:15 RAND TECH (CONT'D O/S): a single small ship on approach. Possibly one of the
Earth fighters...

01:35:50:07 RAND TECH (CONT'D): that landed in Caledonia.

01:35:51:11 NADAL: Activate the shields.

01:36:02:25 PERNAUX (O/S): What just happened?

01:36:03:28 RAND TECH: I don't know. We've lost power. All systems are down.

01:36:06:18 PERNAUX: Backup power is supposed to be isolated.

01:36:08:13 RAND TECH: The systems that activate it are down.

STARGATE SG-1 - "Ethon" - Episode #0915

01:36:10:01 PERNAUX: We can't control the satellite.

01:36:12:10 NADAL: Get it back!

01:36:13:24 PERNAUX: Get me a radio and a phone in here that works.

01:36:22:26 CARTER (INTO RADIO): Blue Leader, this is base. The package has been
delivered. Window of opportunity is now open.

01:36:27:16 MITCHELL (V/O OVER RADIO): Roger that. We have cleared the atmosphere.
Two minutes from weapons range.

01:36:31:26 MAN (V/O OVER SPEAKER): The blast did no apparent damage beyond the
power outage, which seems to be limited to the area immediately around
the command facility.

01:36:40:28 NADAL: To our knowledge, the Caledonians do not possess the level of
technology required to do this. Such a weapon could only have been
given to them by your people.

01:36:50:05 DANIEL: I hope so.

01:36:51:05 NADAL (O/S): How do we undo this?

01:36:52:29 NADAL (CONT'D): You tell me now, or I'll have you executed!

STARGATE SG-1 - "Ethon" - Episode #0915

01:36:55:09 RAND TECH: Based on its speed and trajectory, the Earth ship will reach the satellite in less than one minute.

01:36:59:12 JARED: Do you think if the Ori were true gods, they would allow the Caledonians to do this?

01:37:03:02 DANIEL: Look, I understand your fear of the prior and why you feel you have no choice, but there is another way out of this.

01:37:08:14 NADAL: What would you have me do?

01:37:10:21 DANIEL: Let me use the radio. I can contact the ship that's about to destroy the satellite and get them to call it off.

01:37:15:06 PERNAUX: Why would you do this?

01:37:16:16 DANIEL: Because I still believe a peaceful compromise can be reached out of all this.

01:37:20:16 NADAL: I'm listening.

01:37:24:11 DANIEL (V/O OVER RADIO): This is Daniel Jackson. Come in, please. Whoever's flying the 302, if you can hear me, please respond. This is Daniel Jackson. Come in, please.

01:37:32:20 MITCHELL (INTO RADIO): Jackson, go ahead.

STARGATE SG-1 - "Ethon" - Episode #0915

01:37:33:20 DANIEL (INTO RADIO): Mitchell?

01:37:35:26 MITCHELL (V/O OVER RADIO): Yeah. You okay?

01:37:37:02 DANIEL (O/S INTO RADIO): For the moment. You?

01:37:39:08 MITCHELL (V/O OVER RADIO): All things considered. Listen, me and Teal'c are getting ready to bag ourselves an evil Ori satellite.

01:37:46:05 DANIEL (O/S INTO RADIO): Yeah, so glad I caught you. Listen...

01:37:49:03 DANIEL (CONT'D INTO RADIO): the Rand want to offer the Caledonians a deal.

01:37:51:15 MITCHELL (V/O OVER RADIO): Really?

01:37:53:14 CARTER: May I?

01:37:54:08 CHASKA: Please.

01:37:55:10 CARTER (INTO RADIO): Daniel, this is Sam.

01:37:57:10 DANIEL (INTO RADIO): Hey, Sam, good to hear your voice.

01:37:59:01 CARTER (V/O OVER RADIO): Yours too.

STARGATE SG-1 - "Ethon" - Episode #0915

01:38:00:22 CARTER (CONT'D INTO RADIO): I'm here with Minister Chaska of the
Caledonian Federation. We'd like to know what Rand is offering.

01:38:05:28 DANIEL (V/O OVER RADIO): In exchange for leaving the satellite intact, Rand is
offering Caledonia the stargate.

END OF ACT FOUR

ACT FIVE

- 01:38:31:20 DANIEL (INTO RADIO): Rand is offering the gate and a limited cease-fire, so all those from Caledonia...
- 01:38:35:00 DANIEL (CONT'D V/O OVER RADIO): who do not want to follow Origin and wish to seek refuge on another planet may do so.
- 01:38:39:18 CHASKA: They want us to leave our home? Our planet?
- 01:38:42:00 MITCHELL (V/O OVER RADIO): Jackson, are you sure about this? I've got a clean shot at this thing, and I am in favor of taking it.
- 01:38:47:06 DANIEL (V/O OVER RADIO): Listen, the Rand built the satellite in less than a year...
- 01:38:49:23 DANIEL (CONT'D INTO RADIO): and I can tell you their resolve is pretty steady.
- 01:38:53:11 DANIEL (CONT'D O/S INTO RADIO): If we blow this one up, they're just going to build another, and as far as the Caledonians go, well...
- 01:38:58:08 DANIEL (CONT'D V/O OVER RADIO): Sam, you'll just have to explain to them that the priors may not give them much choice, regardless of what Rand decides to do.
- 01:39:03:14 CARTER: I've seen the priors wipe out entire planets for refusing to follow the Ori.

01:39:07:13 CHASKA: You will not fight them with us?

01:39:08:19 CARTER: Well, we would try, but, honestly, there's only so much we can do.

01:39:11:28 CHASKA: Will the prior not follow us wherever we go?

01:39:14:20 CARTER: Maybe, but for now...

01:39:16:07 DANIEL (V/O OVER RADIO): Look, this offer's not going to be on the table long,
and...

01:39:18:00 DANIEL (CONT'D INTO RADIO): I realize there's a lot to be worked out, but at
least it's a start.

01:39:21:04 CARTER: At the very least, the Rand now believe that you have the ability to
disable the satellite whenever you want.

01:39:27:07 CHASKA: Which they will surely counter in time.

01:39:45:05 CHASKA: Tell Colonel Mitchell to call it off.

01:39:49:17 CARTER (INTO RADIO): Blue Leader, this is Carter. Minister Chaska is
requesting that you stand down.

STARGATE SG-1 - "Ethon" - Episode #0915

01:39:55:08 MITCHELL (INTO RADIO): All right, Jackson, but you folks had better be damn sure about this.

01:40:13:13 RAND TECH (O/S): Backup power...

01:40:17:07 RAND TECH (CONT'D): is online. Satellite control has been re-established.
Sensors detect the Earth ship...

01:40:21:00 RAND TECH (CONT'D O/S): is veering away from the target.

01:40:24:11 NADAL: Activate the shields.

01:40:26:16 PERNAUX: The ship is no longer a threat.

01:40:28:10 NADAL: Power the weapon.

01:40:29:15 DANIEL: What?

01:40:30:20 NADAL (O/S): Target the Caledonian capital building.

01:40:33:17 PERNAUX (O/S): Sir, perhaps we should take a moment--

01:40:36:10 NADAL: You will abide by my authority.

01:40:37:29 NADAL (CONT'D O/S): Power the weapon now!

STARGATE SG-1 - "Ethon" - Episode #0915

01:40:39:00 RAND TECH: Powering the weapon.

01:40:40:04 TEAL'C: Our sensors detect the weapon's shields have become active.

01:40:44:18 MITCHELL (INTO RADIO): Jackson, what's going on down there? The satellite is
powering up its weapon and targeting the planet.

01:40:51:22 CARTER: We had a deal.

01:40:54:06 CHASKA (INTO RADIO): President Nadal, explain your actions immediately.
President Nadal!

01:40:59:19 JARED: You gave your word!

01:41:02:05 NADAL: I gave my soul to the Ori who offered us all salvation. Anyone who rejects
that...

01:41:06:21 NADAL (CONT'D O/S): is a fool!

01:41:07:25 NADAL (CONT'D): They are all Caledonians, for God's sake! They all deserved to
die long before the prior showed us the path to enlightenment.

01:41:13:20 PERNAUX: Shut down the satellite.

01:41:14:22 NADAL (O/S): Don't listen to him.

STARGATE SG-1 - "Ethon" - Episode #0915

01:41:15:17 PERNAUX: Now!

01:41:16:07 NADAL: Arrest the Commander.

01:41:17:15 PERNAUX: Stand down! I won't let you do this...

01:41:20:02 PERNAUX (CONT'D O/S): Nadal.

01:41:21:04 NADAL: Do as I say!

01:41:22:20 (GUNFIRE)

01:41:33:11 JARED (O/S): Put your weapons...

01:41:34:11 JARED (CONT'D): down! Now! Get a medical unit in here. Go! Go!

01:41:47:04 PERNAUX: Shut down the satellite.

01:41:49:10 DANIEL: He's dead.

01:41:51:22 JARED: You heard him--the President is dead. Commander Pernaux is next in
command.

01:41:55:01 RAND TECH: He's also the one who killed the President.

STARGATE SG-1 - "Ethon" - Episode #0915

01:41:57:05 JARED: The President violated an international treaty. You want to be the one responsible...

01:42:01:02 JARED (CONT'D O/S): for destroying a city full of people when this goes to tribunal?

01:42:03:26 JARED (CONT'D): Shut it down now! Hang on. Help is coming.

01:42:09:26 PERNAUX: The deal... will stand.

01:42:32:11 DANIEL: Hey. Haven't seen you since the memorial service.

01:42:35:22 MITCHELL: Yeah. It was a rough day.

01:42:44:15 DANIEL: So, where have you been?

01:42:47:00 MITCHELL: I, um... hand-delivered Landry's letter to Colonel Pendergast's wife and kids. They needed to know that he died saving his crew... that his death mattered.

01:43:01:15 DANIEL: Well, 76 people survived. That's a testament to his leadership.

01:43:06:29 MITCHELL (O/S): And yours.

01:43:09:06 MITCHELL (CONT'D): We never would've got off that planet if you hadn't brokered the deal.

01:43:16:24 DANIEL: So, I take it, then, you haven't heard.

01:43:20:03 MITCHELL: Heard what?

01:43:21:16 DANIEL: Soon after we left, the talks broke down.

01:43:28:25 MITCHELL: And?

01:43:30:05 DANIEL (O/S): And we've been unable to make contact with them. General Landry had the Daedalus re-route on its way back from Atlantis.

01:43:35:18 DANIEL (CONT'D): It seems the Caledonians weren't content to just leave their fair planet.

01:43:40:26 MITCHELL: They launched an attack.

01:43:43:01 DANIEL (O/S): And Rand responded.

01:43:45:06 DANIEL (CONT'D): The stargate is presumed buried in the rubble.

01:43:54:01 MITCHELL: Rough day.

STARGATE SG-1 - "Ethon" - Episode #0915

01:43:58:28 DANIEL: Rough day.

END OF ACT FIVE

FADE TO BLACK
