STARGATE SG-1 "UNENDING" Episode #1020

01:00:39:00 (HORNS TOOTING AND PEOPLE CHEERING)

01:00:40:19 DANIEL: It's not my birthday.

01:00:44:10 (VALA LAUGHING AWKWARDLY)

01:00:47:25 VALA: Hey, we made a weird cat-pinata thingie.

01:00:50:25 DANIEL (O/S): I told you to bring something to amuse yourself.

01:00:52:18 DANIEL (CONT'D): I didn't mean me or the crew.

01:00:54:23 VALA: Well, they won't believe that it's my birthday... again.

01:00:57:26 DANIEL: Not my problem.

01:01:00:05 VALA: Being stuck on this ship is worse than being stuck at the SGC! I-I-I tell you,
the last time I was this bored...

01:01:05:28 VALA (CONT'D O/S): I took hostages!

01:01:07:09 DANIEL (O/S): I was there.

01:01:11:10 LANDRY: Major?

01:01:11:24 MARKS: We're approaching the co-ordinates, sir.

STARGATE SG-1 "UNENDING" Episode #1020

01:01:47:02 THOR (O/S): Greetings.

01:01:48:07 DANIEL (O/S): So, Thor, how you been?

01:01:50:06 DANIEL (CONT'D): Haven't heard from you in a while.

01:01:51:29 THOR (O/S): I am sorry.

01:01:53:11 THOR (CONT'D): I have been otherwise occupied.

01:01:55:23 THOR (CONT'D O/S): As mentioned in our communication, the high council
wishes to meet with you...

01:02:00:18 THOR (CONT'D): ...to explain in greater detail, but there is not much time.
General...

01:02:05:28 THOR (CONT'D O/S): ...with your permission, a number of Asgard are prepared
to beam aboard...

01:02:10:12 THOR (CONT'D): ...immediately to begin installing various technological
upgrades...

01:02:13:23 THOR (CONT'D O/S): ...to this ship.

01:02:14:26 MITCHELL: I hope it's ray guns. I got ray guns in the pool.

01:02:18:02 LANDRY (O/S): What is it...

STARGATE SG-1 "UNENDING" Episode #1020**ACT ONE**

01:04:22:20 THOR (CONT'D O/S): The Asgard computer core is equipped with its own power source that will not infringe on your ship's ZPM. However, when the upgrades...

01:04:31:01 THOR (CONT'D): ...are complete, the core will be fully integrated into all the ship's systems.

01:04:34:24 CARTER: There must be something more you can do.

01:04:36:28 THOR: I assure you, we are providing you with all the latest Asgard...

01:04:40:01 THOR (CONT'D O/S): ...technology as well as a knowledge base including our entire recorded history.

01:04:44:18 CARTER: That's not what I was talking about.

01:04:46:11 THOR: Everything that can be done has been done.

01:04:50:24 THOR (CONT'D O/S): The final attempt to solve our physiological...

01:04:53:08 THOR (CONT'D): ...degeneration has left each of us with a rapidly progressing disease.

01:04:57:12 DANIEL (V/O): It really wasn't an option for them.

STARGATE SG-1 "UNENDING" Episode #1020

01:04:59:23 DANIEL (CONT'D): They made the choice to extend their lives through science generations ago. It took any natural physiological evolution necessary for ascension out of...

01:05:06:29 DANIEL (CONT'D O/S): ...the equation.

01:05:06:29 LANDRY: They are planning on ending their lives before the degeneration they're suffering from...

01:05:11:24 LANDRY (CONT'D O/S): ...goes too far.

01:05:12:27 MITCHELL: Mass suicide?

01:05:13:29 DANIEL (O/S): They don't want any of their knowledge...

01:05:14:29 DANIEL (CONT'D): ...or technology falling into the wrong hands.

01:05:17:07 LANDRY: And they wanted us to witness the event.

01:05:19:04 TEAL'C: So everything they've installed on this ship...

01:05:21:23 DANIEL: Is going to be their legacy.

01:05:27:00 (SHIP POWERING)

STARGATE SG-1 "UNENDING" Episode #1020

01:05:29:05 THOR (O/S): If you like, you will be able to interface with the core using a holographic representation of me or any other Asgard on record in the knowledge base.

01:05:37:05 CARTER: I'm sorry, but that just won't be the same.

01:05:38:26 THOR: I have been working on this for the better part of a year...

01:05:41:16 THOR (CONT'D O/S): ...Colonel Carter.

01:05:43:00 CARTER: And we appreciate it, really.

01:05:44:03 THOR (O/S): Many on the council...

01:05:45:09 THOR (CONT'D): ...did not believe we should be imparting such advancements.

01:05:48:00 CARTER (O/S): Well, I promise we...

01:05:49:11 CARTER (CONT'D): ...will do our very best not to let you down.

01:05:51:10 THOR: You are the fifth race.

01:05:54:20 THOR (CONT'D O/S): Your role is clear.

01:05:57:00 THOR (CONT'D): If there is any hope in preserving the future, it lies with you and your people.

STARGATE SG-1 "UNENDING" Episode #1020

01:06:04:07 CARTER: No pressure, huh?

01:06:05:27 THOR (O/S): You have earned my respect.

01:06:08:21 THOR (CONT'D): And my friendship.

01:06:11:24 CARTER: Well, the feeling's mutual.

01:06:15:05 THOR: Please, do not be sad.

01:06:17:12 THOR (CONT'D O/S): The end of my people has been a long time coming.

01:06:20:10 THOR (CONT'D): We have made too many irreversible mistakes in our
development. Hopefully, you can learn something from it.

01:06:27:06 THOR (CONT'D O/S): My only regret...

01:06:28:22 THOR (CONT'D): ...is that our physical weakness has left us incapable of helping
you further.

01:06:39:10 (SIREN BLARING)

01:06:39:05 MARKS: Sir. Three Ori motherships just dropped out of hyperspace and are
approaching the planet.

01:06:46:00 (BLAST RUMBLING)

STARGATE SG-1 "UNENDING" Episode #1020

01:07:27:17 MITCHELL: Some reason we're not jumping to hyperspace?

01:07:29:04 LANDRY: Carter's working on it.

01:07:30:15 MARKS (O/S): Sir, sensors are...

01:07:32:12 MARK (CONT'D): ...detecting a massive build-up of energy coming from the
planet.

01:07:34:28 LANDRY: Everyone hold on tight!

01:07:40:20 (PLANET EXPLODING)

01:07:47:10 (SHIP RUMBLING)

01:07:51:02 MARKS: Shields are down to 50%.

01:07:52:29 MITCHELL: Colonel!

01:07:54:05 CARTER (V/O OVER RADIO): Sir, the hyperdrive is now online, but we have to
get clear of the...

01:07:56:24 CARTER (CONT'D): ...radiation caused by the explosion before we can make the
jump safely.

01:08:00:04 LANDRY (O/S): How about the Asgard...

STARGATE SG-1 "UNENDING" Episode #1020

01:08:36:14 MARKS (CONT'D O/S): ...enemy shields are fluctuating.

01:08:37:25 LANDRY: Keep firing!

01:08:39:02 (SHIP FIRING, SHIP EXPLODING)

01:08:46:29 LANDRY (CONT'D): I'll be damned.

01:08:47:25 MITCHELL: We got them.

01:08:51:26 LANDRY: Get us into hyperspace.

01:08:53:12 MARKS: Yes, sir.

01:09:02:18 CARTER: Run another diagnostic.

01:09:04:21 LANDRY: Colonel. How's that report coming? I want to be able to brief the
 president as soon as we get back. He's going to want to know how
 quickly we can duplicate this new Asgard weaponry.

01:09:13:28 CARTER: I'm working on it, sir, but something else has come up.

01:09:17:00 LANDRY: Mm?

01:09:17:15 CARTER: The hyperdrive diagnostic is spitting out some data that's concerning
 me.

STARGATE SG-1 "UNENDING" Episode #1020

01:10:34:08 DANIEL (CONT'D): ...with the Ori using their ascended powers right under their noses.

01:10:37:04 CARTER: As far as we know.

01:10:38:07 MITCHELL: At least we now have weapons we know will destroy an Ori ship.

01:10:40:20 CARTER (O/S): Well, that's not going to do...

01:10:41:22 CARTER (CONT'D): ...us any good if they can track us wherever we go.

01:10:44:01 CARTER (CONT'D O/S): I mean, eventually, the Odyssey's going to come up against more than she can handle.

01:10:47:13 TEAL'C (O/S): Is it possible the Priors can...

01:10:48:26 TEAL'C (CONT'D): ...detect the new technology given to us by the Asgard without the help of the Ori?

01:10:52:24 CARTER: I suppose the new power source could be giving off some sort of unique energy...

01:10:55:20 CARTER (CONT'D O/S): ...signature that's detectable from subspace.

01:10:58:04 CARTER (CONT'D): However, without further experimentation, the only way to find out is to shut it off and see if that stops the Ori from following...

STARGATE SG-1 "UNENDING" Episode #1020

01:11:04:00 CARTER (CONT'D O/S): ...us.

01:11:04:15 LANDRY: Do it.

01:11:05:28 CARTER: The problem with that, sir, is that the new Asgard core is currently tied
into every systems on this ship.

01:11:10:11 CARTER (CONT'D O/S): We would have to drop out of hyperspace and isolate
the core...

01:11:13:24 CARTER (CONT'D): ...from the hyperdrive controls, and that could take some
time.

01:11:24:00 MARKS: Sir, two contacts just appeared on sensors.

01:11:26:27 LANDRY: Son of a bitch.

01:11:29:19 (SHIP RUMBLING)

01:11:30:25 MARKS (O/S): Shields are down to 53%.

01:11:32:24 MARKS (CONT'D): Reports of damage front and rear, levels two...

01:11:36:00 MARKS (CONT'D O/S): ...six, and ten.

01:11:35:25 LANDRY: Evasive maneuvers. Fire at will!

STARGATE SG-1 "UNENDING" Episode #1020

01:12:23:16 CARTER (CONT'D): We might make it before the hyperdrive fails.

01:12:26:02 DANIEL: And what?

01:12:27:09 MITCHELL: Beam to the surface and gate home.

01:12:29:04 CARTER: We can't let this ship fall into enemy hands.

01:12:31:17 LANDRY: That what the self-destruct is for.

01:12:33:26 DANIEL: Whoa, wait a minute, sir. If you're talking about destroying the ship... Uh,
we can't sacrifice the knowledge base of the Asgard. Th-they trusted us
with their legacy.

01:12:42:00 LANDRY (O/S): Dr. Jackson...

01:12:43:13 LANDRY (CONT'D): ...this is not something I'm considering lightly. I'm assuming
we can't take any of it with us.

01:12:48:15 CARTER: No, sir. The core is too big to fit through the gate.

01:12:51:00 MITCHELL: Well, I for one, am willing to stay and put up a fight. I think it's worth it.

01:12:53:28 LANDRY: Get us to 474.

01:12:55:27 LANDRY (CONT'D O/S): We'll beam the crew down to the surface.

STARGATE SG-1 "UNENDING" Episode #1020

01:13:49:20 DANIEL (O/S): Shields are down to...

01:13:50:08 DANIEL (CONT'D): ...23%.

01:13:51:20 MITCHELL: We're hitting them with everything we've got.

01:14:53:25 (SHIPS FIRING)

01:14:03:28 (SHIP EXPLODING, SHIP FIRING)

01:14:06:29 (SHIP RUMBLING)

01:14:17:21 (EXTINGUISHER WHOOSHING)

01:14:18:22 DANIEL: Shields are offline!

01:14:20:07 MITCHELL: One more hit will take us out.

01:14:21:27 LANDRY (INTO RADIO): Colonel Carter!

01:14:29:10 (SHIP FIRING)

01:14:53:15 CARTER (V/O): Thanks...

01:14:53:25 CARTER (CONT'D): ...to Asgard technology, we are in a time-dilation bubble.

STARGATE SG-1 "UNENDING" Episode #1020

01:14:57:14 CARTER (CONT'D O/S): While time may appear to be passing at a normal rate for us, in fact, years will pass...

01:15:01:16 CARTER (CONT'D): ...inside the bubble while mere fractions of a second pass outside the field.

01:15:05:16 LANDRY: You won't need that much time, though?

01:15:07:10 CARTER (O/S): Hopefully not.

01:15:08:04 CARTER (CONT'D): My plan is to try to make the necessary modifications to the Odyssey so that we can take it out of phase. Then, when we shut down the time-dilation field, the blast won't hit us.

01:15:15:20 DANIEL (O/S): That would be good.

01:15:16:21 CARTER (O/S): You're probably wondering why I didn't just do that...

01:15:18:11 CARTER (CONT'D): ...in the first place...

01:15:19:20 MITCHELL: I'm still back on the time thing.

01:15:21:26 CARTER (O/S): The Asgard core has time-dilation field technology built...

01:15:25:26 CARTER (CONT'D): ...right into it. It was a quick and easy option. I'm actually going to have to recreate some of Merlin's...

STARGATE SG-1 "UNENDING" Episode #1020

01:15:31:22 CARTER (CONT'D O/S): ...out-of-phase technology from scratch with what we have onboard...

01:15:35:14 CARTER (CONT'D): ...and it could take a while.

01:15:37:17 DANIEL (O/S): Just to be sure--

01:15:38:21 DANIEL (CONT'D): ...how long is "a while" in our time?

01:15:41:03 CARTER: I'm not exactly sure. But we have enough food and water for three months.

01:15:47:25 VALA: Three months?

01:15:48:26 LANDRY: We can ration supplies.

01:15:52:10 VALA: I'm going to go crazy, and I'm taking you with me.

01:15:55:21 CARTER (O/S): Of course...

01:15:56:29 CARTER (CONT'D): ...if it takes a little longer...

01:15:58:12 MITCHELL (O/S): Oh, whoa.

01:15:59:28 MITCHELL (CONT'D): Longer than three months?

01:16:02:15 LANDRY (O/S): Bottom line is, none of you...

STARGATE SG-1 "UNENDING" Episode #1020

01:17:28:05 TEAL'C: No.

01:17:32:01 CARTER: Before I tried to build Merlin's out-of-phase technology, I decided to run
 a simulation...

01:17:40:07 MITCHELL (O/S): Are you saying it took...

01:17:41:15 MITCHELL (CONT'D): ...two weeks to figure out this idea wouldn't work?

01:17:43:28 CARTER (O/S): I'm sorry, I've been trying to adjust the parameters, Now, the
 problem is, according to Thor, I can't seem...

01:17:48:27 CARTER (CONT'D): ...to take the ship out of phase before I shut down the field.
 And, once we deactivate the time-dilation field, we have .86 seconds
 before the blast hits us...

01:17:57:25 CARTER (CONT'D O/S): ...and that just isn't enough time to take the ship out of
 phase.

01:18:00:18 MITCHELL: Okay, time for plan B.

01:18:01:22 CARTER (O/S): Actually...

01:18:02:24 CARTER (CONT'D): ...I ran that simulation, too. If we beam ourselves into the
 buffer ready to transport down to the planet and set the time-dilation field
 to deactivate on a timer...

STARGATE SG-1 "UNENDING" Episode #1020

01:18:13:15 CARTER (CONT'D O/S): The matter stream still doesn't have enough time to fully exit the buffer and get clear of the explosion.

01:18:19:05 MITCHELL: Fine, plan C. We go to the 302s. That's how I got off the Korelev.

01:18:22:14 CARTER: Ran that, too. Based on the way the Odyssey is going to be hit compared to the Korelev, it won't work.

01:18:29:12 MITCHELL: The computer's wrong.

01:18:30:14 DANIEL (O/S): Both of the last two scenarios...

01:18:32:24 DANIEL (CONT'D): ...don't preserve the ship or the Asgard knowledge.

01:18:35:10 CARTER: I know.

01:18:35:28 LANDRY (O/S): Okay, it's only been a couple...

01:18:37:18 LANDRY (CONT'D): ...of weeks.

01:18:38:10 VALA (O/S): I have a problem...

01:18:38:26 VALA (CONT'D): ...with the word "only".

01:18:40:07 CARTER (O/S): The good news is, the Asgard have provided us with...

01:18:42:25 CARTER (CONT'D): ...some truly amazing technology.

ACT THREE

01:20:00:15 (MEN GRUNTING, STICKS CLACKING)

01:20:15:00 (TRANSPORTER BEAMING)

01:20:32:07 DANIEL: I mean, all they wanted to do was live a little longer. We're no different.
We've sequenced DNA, cured diseases. And one fatal mistake, and they
doomed their entire race.

01:20:45:10 DANIEL (CONT'D O/S): I guess no matter what you do, at the end of...

01:20:46:24 DANIEL (CONT'D): ...the day... life is too short.

01:20:52:16 VALA: I agree.

01:21:05:15 DANIEL: What are you doing?

01:21:07:13 VALA: Something we should have done a long time ago.

01:21:11:11 DANIEL: Don't do that.

01:21:12:00 VALA: Why not?

01:21:21:25 VALA (CONT'D): We've been here three months, Daniel.

01:21:23:26 VALA (CONT'D O/S): Three months.

STARGATE SG-1 "UNENDING" Episode #1020

01:21:28:10 VALA (CONT'D): You, you do like girls?

01:21:30:02 DANIEL: Yes!

01:21:32:01 VALA: Well, I don't see many other options around here. Do you? Unless... you
really don't find me attractive?

01:21:44:28 DANIEL: You want an honest answer to that question?

01:21:47:02 VALA: No.

01:21:47:26 DANIEL (O/S): No, seriously.

01:21:48:26 DANIEL (CONT'D): You started this. Do you want an honest answer to the
question?

01:21:51:10 VALA (O/S): No, don't...

01:21:51:24 VALA (CONT'D): ...worry about it.

01:21:53:01 DANIEL: Do you believe I could have any kind of serious feelings for you?

01:22:00:05 VALA: I wasn't suggesting you have serious feelings...

01:22:04:09 VALA (CONT'D O/S): ...Daniel.

STARGATE SG-1 "UNENDING" Episode #1020

01:22:04:20 DANIEL: Oh. Oh, what? So, what? We-we sleep together once, then what? We work together.

01:22:09:08 DANIEL (CONT'D O/S): You know, even saying that part out loud sounds unbelievable.

01:22:13:00 DANIEL (CONT'D): I mean... Come on! I can't even imagine what a, what a relationship with you would be like. I mean, yes. Yes, you've proven yourself to be trustworthy on a professional level, and for that, I am very proud of you, but on a, on a personal level? Vala, come on, give me a break!

01:22:31:10 DANIEL (CONT'D O/S): I mean, at best, you're an emotional, unstable wreck. I'm not saying I'm much better.

01:22:37:06 DANIEL (CONT'D): I'm not saying I'm much better. There was a time when I thought I would, I would never get over my wife. I mean, the idea of... Being hurt that way again... But I have finally gotten to the place-- I finally, for the first time in a long time, I have gotten to the place where I actually feel I could get close to somebody again. But not in a million years-- a million, million years-- would I ever possibly consider that person being you. I mean, we are so completely opposite and wrong for each other, it's not even funny. And the worst part-- the worst part about that-- is you know that. And this whole flirty, sexual thing that you do, that's just your way of having a laugh at my expense. So, I'm so sorry if I'm not more appreciative of that, and I'm so sorry that you're bored, but don't you pretend it's anything else. Don't act like you're hurt.

STARGATE SG-1 "UNENDING" Episode #1020

01:23:58:00 DANIEL (CONT'D): Hey.

01:23:58:00 VALA (OVERLAPPING): Just give me a minute.

01:24:01:26 DANIEL: Look at me.

01:24:34:00 DANIEL (CONT'D): You'd better not be messing with me.

01:25:03:20 MITCHELL: General. We need to take our chances with the F-302s.

01:25:09:03 LANDRY: What I need is a sun lamp. This matter- converted oxygen just isn't the same.

01:25:16:20 MITCHELL: Why is the grand irony of this lost on everyone...

01:25:19:18 MITCHELL (CONT'D O/S): ...but me?

01:25:20:02 LANDRY: It's not.

01:25:21:13 MITCHELL (O/S): Sir, at this point, we know it's the damn Asgard upgrades that allows the Ori to track us.

01:25:27:19 MITCHELL (CONT'D): So even if we manage to save the ship, we won't be able to use the technology, because the Ori will come down on us like a bag of hammers.

STARGATE SG-1 "UNENDING" Episode #1020

01:25:34:17 LANDRY (O/S): For now.

01:25:36:25 MITCHELL: Oh, come on, sir. It's like a bad joke. We have stranded ourselves
here...

01:25:41:11 MITCHELL (CONT'D O/S): ...trying to save something we can't use.

01:25:43:19 LANDRY: I'm not having this conversation again.

END OF ACT THREE

STARGATE SG-1 "UNENDING" Episode #1020**ACT FOUR**

01:26:24:16 VALA: I want to help you.

01:26:29:20 (MEN GRUNTING, STAFFS CLACKING)

01:26:33:27 VALA (CONT'D): The problem is that there isn't enough time to shut off the time-dilation field and start a new process.

01:26:38:13 CARTER (O/S): I know.

01:26:39:13 VALA: I-I'm just thinking out loud here.

01:26:40:22 CARTER (O/S): I know.

01:26:41:22 VALA: What is that thing?

01:26:43:11 CARTER: Uh, it's a cello. I've always wanted to learn how to play.

01:26:50:02 VALA: Is it possible to use the time-dilation technology...

01:26:52:09 VALA (CONT'D O/S): ...to solve our problem?

01:26:53:20 CARTER: How?

01:26:54:15 VALA (O/S): Well...

STARGATE SG-1 "UNENDING" Episode #1020

01:26:55:07 VALA (CONT'D): ...obviously, it would—

01:26:56:02 CARTER (INTERRUPTING): Uh-uh!

01:26:58:02 VALA (CONT'D): Sorry.

01:27:00:03 VALA (CONT'D O/S): Obviously...

01:27:00:20 VALA (CONT'D): ...it would be great if we could go back in time and not get into
this situation in the first place.

01:27:05:16 CARTER: Well, slowing down time within a localized...

01:27:08:01 CARTER (CONT'D O/S): ...field is not even close to the same thing as reversing
time altogether.

01:27:13:10 CARTER (CONT'D): It's a good thought, though.

01:27:14:29 MITCHELL: See, what we need is we need Superman to fly around the ship
really, really fast.

01:27:20:27 CARTER: Oh, if you only knew how ridiculous that was.

01:27:24:09 MITCHELL: No, it only sounds ridiculous till you hear yourself say, "I am trapped
on a spaceship stuck in a time-dilation field."

STARGATE SG-1 "UNENDING" Episode #1020

01:27:32:15 SONG "HAVE YOU EVER SEEN THE RAIN?" (V/O) Someone told me

Long ago

There's a calm

Before the storm

I know

It's been coming

For some time

When it's over

So they say

It'll rain a sunny day

I know

Shinin' down like water

I want to know

Have you ever

Seen the rain?

I want to know

Have you ever

Seen the rain

Comin' down

On a sunny day?

01:28:37:05 THOR: That function is not possible.

01:28:42:07 MITCHELL (O/S): I hate this ship.

01:28:43:20 LANDRY: You're a pilot. You love flying.

STARGATE SG-1 "UNENDING" Episode #1020

01:28:46:14 MITCHELL: In fighters. This is not flying. This is literally standing still. This is the Love Boat, without the buffet and the band. Besides, I only liked flying so much because I didn't know about the Stargate.

01:28:59:15 SONG "HAVE YOU EVER SEEN THE RAIN" (V/O): Till forever
On it goes
Through the circle
Fast and slow
I know
It can't stop I wonder
I want to know

01:29:27:00 (MITCHELL YELLING)

01:29:27:05 SONG "HAVE YOU EVER SEEN THE RAIN" (V/O): Have you ever
Seen the rain?
I want to know
Have you ever
Seen the rain
Comin' down
On a sunny day?
Yeah
I want to know
Have you ever
Seen the rain?

01:29:47:17 THOR: That function is not possible.

STARGATE SG-1 "UNENDING" Episode #1020

01:29:49:24 SONG "HAVE YOU EVER SEEN THE RAIN (V/O): I want to know
Have you ever
Seen the rain
Comin' down
On a sunny day?

01:30:09:06 (CELLO PLAYING, CONTINUES)

01:30:22:25 (LANDRY COUGHING)

01:30:40:00 DANIEL: 20 years today.

01:30:45:12 VALA: Still think life is too short?

01:31:02:00 (LANDRY COUGHING)

01:31:35:20 CARTER: Hey.

01:31:36:25 DANIEL: Hey.

01:31:47:12 CARTER: Why do you do it? Knowing everything you learn is going to die with
you?

01:31:55:10 DANIEL: I know you guys all think I'm crazy, but the truth is, if I stop, I'll go crazy.
Besides, you haven't given up.

STARGATE SG-1 "UNENDING" Episode #1020

01:32:07:05 CARTER: Yes, I have.

01:32:18:15 (LANDRY RASPING AND GURGLING)

01:32:20:14 LANDRY: Stop it.

01:32:22:05 CARTER: I can't. I'm sorry.

01:32:23:20 LANDRY: It wasn't your fault. We all would have died long ago if you hadn't done
what you did. Don't give up.

01:32:48:10 (CARTER SOBBING)

01:32:49:22 LANDRY (CONT'D O/S): Hmm?

01:32:53:28 (LANDRY GROANING)

END OF ACT FOUR

ACT FIVE

01:33:49:10 (MITCHELL HUMMING)

01:34:06:11 MITCHELL: When I said that I wanted to get the team back together, work with you guys, learn from you... I did not mean every waking moment for the next 50 years.

01:34:20:21 DANIEL: You said that yesterday.

01:34:23:23 MITCHELL: I did?

01:34:24:27 TEAL'C (O/S): And the day...

01:34:26:05 TEAL'C (CONT'D): ...before.

01:34:27:08 VALA: And the day before that.

01:34:30:03 MITCHELL: Oh. Sorry. I'll just shut up now.

01:34:35:16 DANIEL (O/S): No, I'm sorry. I shouldn't have said anything.

01:34:43:10 CARTER: I did it.

01:34:47:15 MITCHELL: You did what?

01:34:49:02 CARTER: I figured out how to reverse time in a localized field.

STARGATE SG-1 "UNENDING" Episode #1020

01:34:58:20 DANIEL: What?

01:35:02:05 VALA: What's the matter?

01:35:03:12 CARTER: Maintaining the time-dilation field for all this...

01:35:07:04 CARTER (CONT'D O/S): ...time has almost completely depleted the ZPM, and
the power source in the Asgard core.

01:35:12:22 MITCHELL: We don't have enough power to make it work?

01:35:14:18 CARTER: Mm. There's irony for you, huh? I create the field to buy us more time. I
finally figure out how to undo it all, and that extra time is what makes it
impossible.

01:35:26:15 DANIEL (O/S): Are you sure?

01:35:28:10 DANIEL (CONT'D): I mean, if you had some more time...

01:35:29:20 DANIEL (CONT'D O/S): ...could you--

01:35:31:22 CARTER (INTERRUPTING): I'm sure.

01:35:33:08 MITCHELL (O/S): Hey, Sam.

STARGATE SG-1 "UNENDING" Episode #1020

01:35:36:07 MITCHELL (CONT'D): Do you, do you remember when we were stuck out of phase?

01:35:39:10 CARTER: Which time?

01:35:41:15 MITCHELL: When you got shot and you thought you were going to die and the Ori were going to destroy that village.

01:35:46:02 CARTER: Vaguely.

01:35:47:05 MITCHELL (O/S): You had me...

01:35:48:05 MITCHELL (CONT'D): ...use the power source from an Ori...

01:35:50:09 MITCHELL (CONT'D O/S): ...staff weapon to power Merlin's device.

01:35:54:02 CARTER: We don't have anything even close to a power source that would be required to keep a reverse time field working for long enough.

01:36:03:25 MITCHELL: Really?

01:36:09:05 MITCHELL (CONT'D O/S): Come with me.

01:36:17:16 MITCHELL (CONT'D): What about that?

01:36:26:24 CARTER: That... There's no way we... There's no way to absorb the blast and channel the energy into the Asgard core...

STARGATE SG-1 "UNENDING" Episode #1020

01:37:17:11 MITCHELL (CONT'D): ...and I say we take it.

01:37:19:25 VALA: How far back can we go?

01:37:22:08 CARTER (O/S): Only to the point when the time-dilation field was created. We, we can't reverse time for the entire universe.

01:37:28:17 CARTER (CONT'D): If we go back any further than that, we are outside of normal time/space again, and we'd create a paradox...

01:37:34:22 CARTER (CONT'D O/S): ...that the technology couldn't handle.

01:37:36:21 DANIEL: Is that going to be good enough?

01:37:38:07 CARTER: I might be able to buy us a little more time, maybe a minute.

01:37:42:09 CARTER (CONT'D O/S): But...

01:37:45:11 CARTER (CONT'D): ...one of us is going to have to stay old.

01:37:48:07 DANIEL: Oh.

01:37:49:05 MITCHELL: Mm.

01:37:50:02 CARTER (O/S): We're talking about reversing time within the field. Everything--

01:37:54:06 CARTER (CONT'D): ...our age, our memories--

STARGATE SG-1 "UNENDING" Episode #1020

01:37:57:10 CARTER (CONT'D O/S): ...will be undone.

01:37:58:11 DANIEL: If this works, we'll be doomed to repeat history.

01:38:01:07 CARTER (O/S): Unless we can exclude someone...

01:38:02:16 CARTER (CONT'D): ...from the field who can steer events in another direction.

01:38:05:19 MITCHELL: You created the time-dilation field to prevent us from being hit...

01:38:10:26 MITCHELL (CONT'D O/S): ...by that blast in the first place.

01:38:12:25 MITCHELL (CONT'D): You had no choice.

01:38:14:00 CARTER (O/S): Right.

01:38:15:14 CARTER (CONT'D): We have to sever the Asgard core from the hyperdrive controls, or else the Ori...

01:38:20:26 CARTER (CONT'D O/S): ...will be able to follow us when we make the jump into hyperspace. A long time ago, in the...

01:38:26:15 CARTER (CONT'D): ...event that I ever did solve the time issue, I created a program that would achieve that very quickly.

01:38:32:10 CARTER (CONT'D O/S): I'll load it onto a crystal.

STARGATE SG-1 "UNENDING" Episode #1020

01:39:02:13 CARTER: Teal'c.

01:39:03:15 TEAL'C (O/S): I have but one question.

01:39:06:03 TEAL'C (CONT'D): If this should not work...

01:39:09:15 CARTER: Then the shields will fail and you will die along with the rest of us.

01:39:18:10 TEAL'C: Then it is settled.

01:39:22:25 DANIEL: I want you to know... even if you are going to forget... that I wasn't with
you all these years because we were trapped on this god-awful ship. I
was with you because...

01:39:38:17 VALA: I know. And I want you to know--

01:39:43:02 DANIEL (INTERRUPTING): I know. I know.

01:39:51:14 CARTER (V/O OVER RADIO): I'm ready.

01:39:52:18 MITCHELL (INTO RADIO): Do it, Sam.

01:40:00:00 (ENERGY BEAMING)

01:40:09:15 (ENERGY CHARGING, BEAM STRIKING)

STARGATE SG-1 "UNENDING" Episode #1020

01:40:11:20 (SHIP EXPLODING)

01:40:23:10 (EXPLOSION RETRACTING)

01:40:34:15 (SHIP RUMBLING, DANIEL YELLING)

01:40:41:29 DANIEL: Shields are offline!

01:40:43:20 MITCHELL (O/S): One more...

01:40:44:00 MITCHELL (CONT'D): ...hit will take us out.

01:40:45:06 LANDRY: Colonel Carter!

01:40:51:00 CARTER: Teal'c, what are you doing?

01:40:55:10 (SHIP FIRING)

01:40:59:20 (SHIP ENTERING HYPERSPACE)

01:41:09:21 VALA: Oh, come on! It's driving me insane. You know, technically, there would be
no danger of creating a time paradox, because we've already changed
future events.

01:41:19:06 VALA (CONT'D O/S): You would not be altering the future by telling us about
something that's not going to happen anymore.

STARGATE SG-1 "UNENDING" Episode #1020

01:42:16:17 HARRIMAN (CONT'D): ...two encoded.

01:42:20:05 MITCHELL: You know, I'd like to think that I handled myself well, but I imagine
that I went a bit crazy, cooped up on that ship for so long.

01:42:27:25 HARRIMAN: Chevron three encoded.

01:42:29:12 DANIEL: You know, Teal'c did tell me some things I learned from the Asgard
knowledge base.

01:42:32:15 VALA: He did?

01:42:34:17 VALA (CONT'D): Like what?

01:42:35:25 DANIEL: Oh, boy.

01:42:37:02 DANIEL (CONT'D O/S): What were they again?

01:42:38:15 HARRIMAN (V/O OVER SPEAKERS): Chevron four encoded.

01:42:40:25 DANIEL: Beggars can't be choosers.

01:42:41:25 DANIEL (CONT'D O/S): Better late than never. Look...

01:42:44:06 DANIEL (CONT'D): ...before you leap.

STARGATE SG-1 "UNENDING" Episode #1020

01:42:45:06 MITCHELL (O/S): The best...

01:42:46:06 MITCHELL (CONT'D): ...things in life are free.

01:42:48:16 VALA: And let me guess-- beauty is only skin deep?

01:42:51:17 DANIEL: Silence is golden.

01:42:54:10 HARRIMAN (V/O OVER SPEAKERS): Chevron five...

01:42:54:25 HARRIMAN (CONT'D O/S): ...encoded.

01:42:54:26 MITCHELL (O/S): Jack of all trades...

01:42:56:20 MITCHELL (CONT'D): ...master of none.

01:42:58:01 CARTER: Nothing ventured, nothing gained.

01:43:00:08 VALA: Life is too short.

01:43:05:01 HARRIMAN: Chevron six encoded.

01:43:09:02 TEAL'C: Good things come to those who wait.

01:43:12:25 CARTER: You know, as hard as it is for us not knowing...

01:43:15:29 CARTER (CONT'D O/S): ...it must be torture for you not to tell us.

STARGATE SG-1 "UNENDING" Episode #1020

01:43:24:10 TEAL'C: Indeed.

01:43:27:22 (STARGATE ACTIVATING)

01:43:30:20 HARRIMAN (O/S): Chevron seven...

01:43:31:09 HARRIMAN (CONT'D): ...is locked.

01:43:34:10 (STARGATE WHOOSHING)

01:43:38:04 LANDRY (V/O OVER SPEAKERS): Good luck, SG-1.

01:43:41:12 MITCHELL: Just another everyday mission to save the galaxy, sir.

01:43:45:11 ALL: Indeed.

01:43:51:20 LANDRY (V/O OVER SPEAKERS): Godspeed.

END OF ACT FIVE

FADE TO BLACK
